VOTING SECURITIES

April 27, 2004 has been fixed as the record date for determination of shareholders entitled to notice of, and to vote at, the Annual Meeting or any adjournment thereof. As of **March 31, 2004** there were **20,925,096** and 898,892 shares, respectively, of Class A Common Stock (Common Stock) and Class B Stock (Class B Stock), par value \$.01 per share, issued and outstanding, referred to collectively as the Capital Stock.

Berry's Certificate of Incorporation provides that, except for proposed amendments to Berry's Certificate of Incorporation adversely affecting the rights of a particular class (which must be approved by the affected class voting separately), the Common Stock and the Class B Stock will vote as a single class on all matters upon which the Capital Stock is entitled to vote. Each share of Common Stock is entitled to one vote and each share of Class B Stock is entitled to 95% of one vote. The Certificate of Incorporation also provides for certain adjustments to the Capital Stock in the event a separate class vote is imposed by applicable law. Holders of the Capital Stock are entitled to cumulative voting rights for election of directors. Cumulative voting rights entitle a shareholder to cast as many votes as is equal to the number of directors to be elected multiplied by the number of shares owned by such shareholder. A shareholder may cast all of such shareholder's votes as calculated above for one candidate or may distribute the votes among two or more candidates. Unless otherwise instructed, the shares represented by proxies will be voted in the discretion of the proxy holders so as to elect the maximum number of management nominees which may be elected by cumulative voting.

The Committee is responsible for reviewing and selecting the Company's independent accountants, the scope of the annual audit, the nature of non-audit services, the fees to be paid to the independent accountants, the performance of the Company's independent accountants and the accounting practices of the Company.

We have reviewed and discussed with management the Company's audited financial statements as of, and for the year ended December 31, 2003.

We have discussed with the independent auditors, PricewaterhouseCoopers LLP (PWC), the matters required to be discussed by Statement on Auditing Standards No. 61, Communication with Audit Committees, as amended, by the Auditing Standards Board of the American Institute of Certified Public Accountants.

We have received and reviewed the written disclosures and the letter from PWC required by Independence Standard No. 1, Independence Discussions with Audit Committees, as amended, by the Independence Standards Board, and have discussed with the auditors the auditors independence. The Audit Committee has reviewed the services provided by the independent auditors and has specifically pre-approved all services performed by the auditor and determined that all fees billed by PWC for non-audit services are compatible with maintaining the auditor's independence.

Based on the reviews and discussions referred to above, we recommend to the Board of Directors that the financial statements referred to above be included in the Company's Annual Report on Form 10-K for the fiscal year ended December 31, 2003 for filing with the Securities and Exchange Commission.

Executive Compensation

Report of Compensation Committee

The following Report of the Compensation Committee and the performance graph included elsewhere in this proxy statement do not constitute soliciting material and should not be deemed filed or incorporated by reference into any other Company filing under the Securities Act of 1933 or the Securities Exchange Act of 1934, except to the extent the Company specifically incorporates this Report or the performance graphs by reference therein.

The Compensation Committee of the Board has furnished the following report on executive compensation for 2003.

The Compensation Committee of the Board of Directors consists of Messrs. Busch, Hagg and Jamieson. Mr. Jamieson serves as Chairman of the Committee. All members of the Committee have been determined to be independent by the Board of Directors. The Committee is committed to a strong, positive link between business performance and the attainment of strategic goals and the overall compensation and benefit programs. The specific duties and responsibilities of the Committee are described in the charter of the Committee which is available on the Company's website at <http://www.bry.com/>.

In carrying out its responsibilities, the Committee is authorized to engage outside advisors to consult with as the Committee deems appropriate.

The Company's compensation policy is designed to support the overall objective of maximizing the return to Berry's shareholders by:

Attracting, developing, rewarding, and retaining highly qualified and productive individuals.

Directly aligning compensation to both Company and individual performance.

Ensuring compensation levels that are externally competitive and internally equitable.

Encouraging executive stock ownership to enhance a mutuality of interest with the Company's shareholders.

The following is a description of the elements of executive compensation and how each relates to the objectives and policy outlined above.

Base Salary

The Committee reviews each executive officer and certain other management employees' salaries annually. In determining appropriate salary levels, we consider the level and scope of responsibility, experience, Company and individual performance, internal equity, as well as pay practices of other companies relating to executives of similar responsibility. By design, we strive to set executives' salaries at competitive market levels.

Short-Term Incentive Plan Compensation

The Short-Term Incentive Plan (Bonus Plan) awards cash bonuses to executives and other employees to recognize and reward Company and individual performance. Subject to the Board's discretion to vary the targets, the Bonus Plan was restructured in early 2001 to focus on three specific Company targets, these being: production volume, reserve replacement and non-steam operating costs. Based on the Company's net income, the Bonus Plan provides an annual incentive fund for eligible employees involved in decision-making roles which effect the Company's business performance and the attainment of established strategic goals. Bonuses may also be awarded for discretionary performance by the Chief Executive Officer for other employees whose efforts and performance are judged to be exceptional. The Company anticipates that future annual bonuses, if any, will be determined in December of each year. Cash bonuses paid in 2003, 2002 and 2001 were \$465,000, \$669,000 and \$1,033,000, respectively. Cash bonuses of \$996,000 were determined and declared in December 2003 based on 2003 performance and paid in January 2004.

The amount an individual may earn is directly dependent upon the individual's position, responsibility, and ability to impact the Company's operating and/or financial success. External market data is reviewed periodically to determine the competitiveness of the Company's incentive programs for eligible individuals.

Long-Term Incentive Plan Compensation

Non-Statutory Stock Option Plan (Stock Option Plan)

The purpose of this plan is to provide additional incentives to employees to stay focused on the long-term goal of maximizing shareholder value and to encourage management to own and hold the Company's stock and tie their long-term economic interests directly to those of the Company's shareholders. While the Compensation Committee

maintains substantial flexibility in the operation of the Stock Option Plan, it was restructured in early 2001 to consider the link of the quantity of options allowable for grant with the Company's stock performance measured in comparison to a select peer group of other U.S. based exploration and production companies. The Stock Option Plan utilizes vesting periods to encourage key employees to continue in the employ of the Company and grants options which have an exercise price at market value on the date of grant. The Compensation Committee is charged with the responsibility for administering and granting non-statutory stock options. At December 31, 2003, an aggregate of 615,600 options were available for issuance from the 1994 Stock Option Plan. Options granted in 2003, 2002 and 2001 to employees were 366,500, 191,200 and 199,500, respectively.

Chief Executive Officer

The Committee believes Mr. Hoffman has done a solid job of leading and managing the Company during a volatile and rapidly-changing period for the energy industry as witnessed over the last several years. Additionally, Mr. Hoffman was successful in recruiting talented individuals to assist the Company in meeting its strategic goals and in completing the purchase of the Brundage Canyon property in Utah, hiring Mr. Magruder to direct the Company's expansion into the Rocky Mountain Region and opening up the Company's Denver office. Mr. Hoffman's compensation incentives are primarily derived from the Bonus Plan and the Stock Option Plan. The ultimate value of the stock options received are directly related to the Company's current and future stock performance.

CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS

Eagle Creek Mining & Drilling, Inc.

Eagle Creek Mining & Drilling, Inc. (Eagle Creek), a California corporation, was a wholly-owned subsidiary of the Company's predecessor, Berry Holding Company, until it was spun off to the majority shareholders of the predecessor in 1984. On November 30, 1989, Eagle Creek purchased the assets of S&D Supply Company (S&D), a California partnership. S&D, a retail distributor of oilfield parts and supplies, is now a division of Eagle Creek. The five-year contract whereby the Company purchased oilfield parts and supplies from S&D at competitive prices expired November 30, 1999 and was not renewed. Even though the contract expired, based on competitive pricing, the Company continues to purchase oilfield parts and supplies from S&D. The amounts paid to S&D in 2003, 2002 and 2001 were \$352,873, \$396,067 and \$332,000, respectively. Mr. Bush is a director of Eagle Creek and collectively Mr. Bush and his immediate family, Mr. Busch and his immediate family and Mr. Berry and his immediate family own more than 10% but less than 30% of the stock of Eagle Creek.

Victory Settlement Trust

In connection with the reorganization of the Company in 1985, a shareholder of Berry Holding Company (BHC), Victory Oil Company (Victory), a California partnership, brought suit against Berry Holding Company (one of Berry's predecessor companies prior to the reorganization in 1985) and all of its directors and officers and certain significant shareholders seeking to enjoin the reorganization. As a result of the reorganization, Victory's shares of BHC stock were converted into shares of Berry Common Stock representing approximately 9.7% of the shares of Berry Common Stock outstanding immediately subsequent to the reorganization. In 1986, Berry and Victory, together with certain of its affiliates, entered into the Instrument for Settlement of Claims and Mutual Release (the Settlement Agreement).

The Settlement Agreement provided for the exchange (and retirement) of all shares of Common Stock of Berry held by Victory and certain of its affiliates for certain assets (the Settlement Assets) conveyed by Berry to Victory. The Settlement Assets consisted of (i) a 5% overriding royalty interest in the production removed or sold from certain real property situated in the Midway-Sunset field which is referred to as the Maxwell property (Maxwell Royalty) and (ii) a parcel of real property in Napa, California.

The shares of BHC originally acquired by Victory and the shares of Berry Common Stock issued to Victory in exchange for the BHC Stock in the reorganization (the Victory Shares) were acquired subject to a legend provision designed to carry out certain provisions of the Will of Clarence J. Berry, the founder of Berry's predecessor companies. The legend enforces an Equitable Charge (the Equitable Charge) which requires that 37.5% of the dividends declared and paid on such shares from time to time be distributed to a group of lifetime income beneficiaries (the B Group).

Victory Settlement Trust (cont d)

As a result of the Settlement Agreement, the B Group was deprived of the distributions related to the stock that they would have received on the Victory Shares under the Equitable Charge. In order to adequately protect the interests of the B Group, Berry executed a Declaration of Trust (the Victory Settlement Trust). In recognition of the obligations of Berry and Victory with respect to the Equitable Charge, Victory agreed in the Settlement Agreement to pay to Berry in its capacity as trustee under the Victory Settlement Trust, 20% of the 5% Maxwell Royalty (Maxwell B Group Payments). The Maxwell B Group Payments will continue until the death of the last surviving member of the B Group, at which time the payments will cease and the Victory Settlement Trust will terminate. There is one surviving member of the B Group.

Under the Settlement Agreement, Berry agreed to guarantee that the B Group will receive the same distributions under the Equitable Charge that they would have received had the Victory shares remained as issued and outstanding shares. Accordingly, when Berry declares and pays dividends on its capital stock, it is obligated to calculate separately the applicable distribution (the Trust Payment). Berry will make payments from the Victory Settlement Trust to the surviving member of the B Group, which payments may constitute all or a part of the Trust Payment in March and September of each year. Such payments will be made to the surviving member of the B Group for the remainder of his life. Typically, the Maxwell B Group Payments have contributed to a portion or all of the Trust Payment. Pursuant to the Settlement Agreement, Berry paid \$ 107,725 to the Victory Settlement Trust in 2003.

Wholesale Fuels Inc.

The Company bid out its lubrication business in 2001 to various vendors. The bid was awarded to Wholesale Fuels Inc., as it was the low bidder, for a period of two years beginning July 15, 2001 and ending July 15, 2003. When the bid was awarded in July 2003, it went to another company not affiliated with Mr. Jamieson. The Company paid \$ 82,077 to Wholesale Fuels Inc. in 2003 under the terms of the bid. Mr. Thomas J. Jamieson, a director of Berry Petroleum Company, is the majority owner and founder of Wholesale Fuels Inc.
