**FOR IMMEDIATE RELEASE**

**SEASPAN CORPORATION SIGNS CONTRACTS TO BUILD  
FOUR NEW 4250 TEU VESSELS**

***- Six-Year Charters Arranged with CSAV -***

Hong Kong, China, April 12, 2007 - Seaspan Corporation (“Seaspan”) (NYSE: SSW) today announced that it has signed contracts to build four 4250 TEU vessels at Jiangsu New Yangzi Shipbuilding Co., Ltd. (“Jiangsu”) in China. These new orders are in addition to the ten 2500 TEU vessels Seaspan previously ordered from Jiangsu Yangzijiang Shipbuilding Co., Ltd., a shipyard affiliated with Jiangsu. The four newbuilding vessels are scheduled to be delivered between March and September, 2009. The total delivered cost is expected to be approximately \$66.1 million per vessel, subject to certain pre-delivery expenses remaining at budgeted levels.

Seaspan also announced that it has arranged simultaneous six-year charter agreements for these four vessels with Compañía SudAmerica de Vapores SA (“CSAV”) of Chile at a rate of \$25,925 per day. CSAV is the largest liner shipping company in South America and is ranked 16<sup>th</sup> in the world by TEU capacity.

Each new vessel is expected to contribute between \$7.5 million and \$7.9 million in incremental EBITDA per annum upon delivery. For this purpose, EBITDA shall mean net earnings before interest, undrawn credit facility fees, taxes, depreciation and amortization of deferred financing fees. This should result in an increase in distributable cash when the vessels are delivered and operating.

“Adding the premier South American shipping line to our customer portfolio is another significant step in the geographic diversification of our customer portfolio,” said Gerry Wang, Chief Executive Officer of Seaspan. “While these time charters are shorter in duration than our typical charter parties for new vessels, the expiry dates in 2015 fit well into the balanced charter maturity profile of our fleet.”

Seaspan Management Services Limited will supervise the construction of the new vessels and operate the ships for Seaspan at an estimated fixed rate of \$4,725 per day through 2011.

The company will use an existing credit facility to fund the down payments for these vessels. Permanent financing will be arranged in the coming months.
