PROXY STATEMENT

ANNUAL MEETING OF STOCKHOLDERS
Thursday, October 27, 2005

Our Annual Meeting of Stockholders will be held on Thursday, October 27, 2005, at the Flatotel, 135 West 52nd Street, New York, New York 10019 at 10:00 a.m. This proxy statement contains information about the matters to be considered at the meeting or any adjournments or postponements of the meeting.

ABOUT THE MEETING

What is being considered at the meeting?

You will be voting on the following:

- election of four directors in Class I;
- ratification of the appointment of our independent registered public accounting firm.

Who is entitled to vote at the meeting?

You may vote if you owned stock as of the close of business on September 16, 2005. Each share of stock is entitled to one vote.

How do I vote?

You can vote in three ways:

- by attending the meeting
- by telephone or internet as described on the enclosed proxy card, or
- by completing, signing and returning the enclosed proxy card.

Can I change my mind after I vote?

Yes, you may change your mind at any time before the vote is taken at the meeting. You can do this by (1) signing another proxy with a later date and returning it to us prior to the meeting or filing with our corporate secretary a written notice revoking your proxy, or (2) voting again at the meeting.

What if I return my proxy card but do not include voting instructions?

Proxies that are signed and returned but do not include voting instructions will be voted FOR the election of the nominee directors and FOR the appointment of our independent registered public accounting firm.

1

What does it mean if I receive more than one proxy card?

It means that you have multiple accounts with brokers and/or our transfer agent. Please vote all of these shares. We recommend that you contact your broker and/or our transfer agent to consolidate as many accounts as possible under the same name and address. Our transfer agent is American Stock Transfer & Trust Co., (718) 921-8200.

Edgar Filing: VASOMEDICAL INC - Form DEF 14A

Will my shares be voted if I do not provide my proxy?

If you hold your shares directly in your own name, they will not be voted if you do not provide a proxy. Your shares may be voted under certain circumstances if they are held in the name of a brokerage firm. Brokerage firms generally have the authority to vote customers' unvoted shares on certain "routine" matters, including the election of directors. When a brokerage firm votes its customer's unvoted shares, these shares are counted for purposes of establishing a quorum. At our meeting, these shares will be counted as voted by the brokerage firm in the election of directors, and appointment of our independent registered public accounting firm, but will not be counted for any other matter to be voted on because these other matters are not considered "routine" under the applicable rules.

How many votes must be present to hold the meeting?

Your shares are counted as present at the meeting if you attend the meeting and vote in person or if you properly return a proxy by mail. In order for us to conduct our meeting, a majority of our outstanding shares as of September 16, 2005, must be present at the meeting. This is referred to as a quorum. On September 16, 2005, there were 58,752,688 shares outstanding and entitled to vote.

What vote is required to approve each item?

The affirmative vote of a majority of the votes cast at the Annual Meeting on the proposal is required for approval of the election of directors and the appointment of our independent registered public accounting firm. A properly executed proxy marked "ABSTAIN" with respect to any such matter will not be voted, although it will be counted for purposes of determining whether there is a quorum.

The 2004 Stock Plan is administered by a committee of our Board of Directors, which has full authority to determine the identity of the recipients of the options and the number of shares subject to each option. The 2004 Stock Plan is divided into two separate equity programs: an option grant program and a stock issuance program. Options granted under the 2004 Stock Plan shall be non-qualified or incentive stock options and the exercise price is the fair market value of the common stock on the date of grant except that for incentive stock options it shall be 110% of the fair market value if the participant owns 10% or more of our common stock. Under the stock issuance program, the purchase price per share shall be fixed by the Board of Directors or committee but cannot be less than the fair market value of the common stock on the issuance date. Payment for the shares may be made in cash or check payable to us, or for past services rendered to us and all shares of common stock issued thereunder shall vest upon issuance unless otherwise directed by the board or committee. The number of shares issuable is also subject to adjustments upon the occurrence of certain events, including stock dividends, stock splits, mergers, consolidations, reorganizations, recapitalizations, or other capital adjustments. As of May 31, 2005, no options or shares have been granted under the 2004 Stock Plan.

As allowed under Section 401(k) of the Internal Revenue Code, the plan provides tax-deferred salary deductions for eligible employees. It has been our policy to grant fees of \$1,500 per meeting to each outside director who attends a regularly scheduled or special meeting of its Board of Directors. Fees for committee meetings are \$1,000 per meeting if the meeting is held on a different day than the Board meeting. In addition, we reimburse out-of-state directors for their cost of travel and lodging to attend such meetings.

Our compensation structure for outside directors also includes:

- a one-time grant of 50,000 non-qualified stock options to outside directors issued on the date of their initial appointment to our Board of Directors at the closing price on the issue date and vesting in three equal annual increments commencing on the first anniversary of the grant and contingent upon their continued service on our Board; and
- an automatic annual grant of 25,000 non-qualified stock options to outside directors issued on the date of our Annual Meeting of Stockholders at the closing price on the issue date and vesting in three equal annual increments commencing on the first anniversary of the grant and contingent upon their continued service on our Board.

Limitation on Liability of Officers and Directors

We have entered into indemnification agreements with each of our current officers and directors pursuant to which we have agreed, among other things, to indemnify these officers and directors to the fullest extent permitted by Delaware law.

Compensation Committee Interlocks and Insider Participation

During fiscal 2005, our Compensation Committee consisted of Messrs. Bearn, Blumenthal, Shapiro, Viscusi, and Whittaker. None of these persons were our officers or employees during fiscal 2005 or, except as otherwise disclosed, had any relationship requiring disclosure in this Proxy Statement.

In accordance with rules promulgated by the Securities and Exchange Commission, the information included under the caption "Compensation Committee Report on Executive Compensation" will not be deemed to be filed or to be proxy-soliciting material or incorporated by reference in any prior or future filings by the Company under the Securities Act of 1933 or the Securities Exchange Act.

COMPENSATION COMMITTEE REPORT ON EXECUTIVE COMPENSATION

The compensation of our executive officers is generally determined by the Compensation Committee of our Board of Directors, subject to applicable employment agreements. Each member of the Compensation Committee is a director who is not our employee or an employee of any of our affiliates. The following report with respect to certain compensation paid or awarded to our executive officers during fiscal 2005 is furnished by the directors who comprised the Compensation Committee during fiscal 2005.

Edgar Filing: VASOMEDICAL INC - Form DEF 14A

Our compensation programs are intended to enable us to attract, motivate, reward and retain the management talent required to achieve corporate objectives and thereby increase shareholder value. It is our policy to provide incentives to its senior management to achieve both short-term and long-term objectives and to reward exceptional performance and contributions to the development of our business. To attain these objectives, our executive compensation program includes a competitive base salary, cash incentive bonuses and stock-based compensation.

Stock options are granted to employees, including our executive officers, by the Compensation Committee under our stock option plans. The Committee believes that stock options provide an incentive that focuses the executive's attention on managing us from the perspective of an owner with an equity stake in the business. Options are awarded with an exercise price equal to the market value of common stock on the date of grant, have a maximum term of ten years and generally become exercisable, in whole or in part, starting one year from the date of grant. Among our executive officers, the number of shares subject to options granted to each individual generally depends upon the level of that officer's responsibility. The largest grants are awarded to the most senior officers who, in the view of the Compensation Committee, have the greatest potential impact on our profitability and growth. Previous grants of stock options are reviewed but are not considered the most important factor in determining the size of any executive's stock option award in a particular year.

From time to time, the Compensation Committee intends to utilize the services of independent consultants to perform analyses and to make recommendations to the Committee relative to executive compensation matters. No compensation consultant has so far been retained.

Relationship of Compensation to Performance and Compensation of Chief Executive Officer and Chief Financial Officer

The Compensation Committee annually establishes, subject to the approval of the Board of Directors and any applicable employment agreements, the salaries that will be paid to our executive officers during the coming year. In setting salaries, the Compensation Committee takes into account several factors, including competitive compensation data, the extent to which an individual may participate in the stock plans maintained by us, and qualitative factors bearing on an individual's experience, responsibilities, management and leadership abilities, and job performance.

Effective September 8, 2003, the Board of Directors appointed Thomas W. Fry as Chief Financial Officer and entered into a two-year employment agreement with him at a base annual salary of \$150,000. On October 4, 2004, the Board of Directors appointed Thomas Glover as its President and Chief Executive Officer at a base annual salary of \$260,000. The Compensation Committee determined that the compensation payable to Messrs. Fry and Glover was appropriate in light of their positions with the Company and based on the compensation level of executives in similar positions.

AUDIT COMMITTEE REPORT

The Board of Directors has appointed an Audit Committee consisting of three non-employee directors. The current members of the Audit Committee satisfy the independence requirements and other established criteria by the Nasdaq Stock Market, Inc. and the Securities and Exchange Commission. We intend to comply with future Audit Committee requirements as they become applicable to us.

As required by its written charter, which sets forth its responsibilities and duties, the Audit Committee has reviewed and discussed with the Company's independent public accountants, the matters required to be discussed by Statement on Auditing Standards No. 61, Communication with Audit Committees, as amended.

The Audit Committee has also received and reviewed the written disclosures and the letter from the independent public accountants required by Independence Standard No. 1, Independence Discussions with Audit Committees, as amended, by the Independence Standards Board, and has discussed with the independent registered public accounting firm their independence.

Based on the reviews and discussions referred to above, the Audit Committee recommended to the Board of Directors that the financial statements referred to above be included in the Company's Annual Report on Form 10-K for the year ended May 31, 2005 for filing with the Securities and Exchange Commission.

The Audit Committee has also received and reviewed the fees paid to Grant Thornton LLP during the last fiscal year for audit and non-audit services, which are set forth below and has considered whether the provision of the non-audit services is compatible with maintaining Grant Thornton LLP's independence and concluded that it is.

Our Audit Committee:

Forrest R. Whittaker, Chairman
Anthony Viscusi
Martin Zeiger

Audit Committee Financial Expert

The members of the Audit Committee have substantial experience in assessing the performance of companies, gained as members of our Board of Directors and Audit Committee, as well as by serving in various capacities in other companies or governmental agencies. As a result, they each have an understanding of financial statements. However, none of them keep current on all aspects of generally accepted accounting principles. Accordingly, the Board of Directors does not consider any of them to be a financial expert as that term is defined in applicable regulations. Nevertheless, the Board of Directors believes that they competently perform the functions required of them as members of the Audit Committee and, given their backgrounds, it would not be in our best interests to replace any of them with another person to qualify a member of the Audit Committee as a financial expert.

Audit Fees

For fiscal 2005 and 2004, Grant Thornton LLP's audit and accounting fees were approximately \$257,000 and \$179,000, respectively.

Tax Service Fees

Edgar Filing: VASOMEDICAL INC - Form DEF 14A

Aggregate fees incurred in connection with tax services rendered by Grant Thornton LLP for fiscal 2005 and 2004 were approximately \$35,000 and \$47,000, respectively, incurred primarily for the preparation of federal and state tax returns.

All Other Fees

Aggregate fees for all other services rendered by Grant Thornton LLP for fiscal 2005 and 2004 were approximately \$22,000 and \$9,000, respectively, incurred in connection with SEC and other related consulting services. Grant Thornton had no financial information systems design and implementation fees during fiscal 2005.

COMPLIANCE WITH SECTION 16(a) OF THE SECURITIES EXCHANGE ACT

Section 16(a) of the Exchange Act requires our executive officers, directors and persons who own more than ten percent of a registered class of our equity securities ("Reporting Persons") to file reports of ownership and changes in ownership on Forms 3, 4 and 5 with the Securities and Exchange Commission (the "SEC") and the National Association of Securities Dealers, Inc. (the "NASD"). These Reporting Persons are required by SEC regulation to furnish us with copies of all Forms 3, 4 and 5 they file with the SEC and the NASD. Based solely upon our review of the copies of the forms it has received, we believe that all Reporting Persons complied on a timely basis with all filing requirements applicable to them with respect to transactions during fiscal 2005.
