PROPOSAL NO. 1: ELECTION OF DIRECTORS

Our Board of Directors currently consists of seven members and is divided into three classes: two classes comprising two directors each, and one class comprising three directors. One class is elected each year to hold office for a three-year term and until successors of such class are duly elected and qualified, except in the event of death, resignation, or removal of a director. Our Board of Directors, in accordance with the Pennsylvania Business Corporation Law, has determined that, effective at our 2004 Annual Meeting of Shareholders, the number of directors constituting our Board will be increased from seven persons to nine persons by increasing the number of directors in the classes subject to

Edgar Filing: SEI CORP - Form DEF 14A

election at our 2004 Annual Meeting of Shareholders whose term will expire at our 2007 Annual Meeting of Shareholders, and the directors whose term will expire at our 2006 Annual Meeting of Shareholders from two to three persons in each case. Consequently, our Board of Directors will consist of three classes of three directors each.

Alfred P. West, Jr. and William M. Doran, each of whom is a current member of our Board of Directors, and Howard D. Ross, have been nominated by our Board of Directors for election as directors in the class of directors subject to election at our 2004 Annual Meeting of Shareholders and whose term will expire at our 2007 Annual Meeting of Shareholders. Thomas W. Smith has been nominated by our Board of Directors for election as an additional director in the class of directors whose term will expire at our 2006 Annual Meeting of Shareholders. The initial source of the recommendation to nominate Mr. Ross as a director was our outside legal counsel, Morgan, Lewis & Bockius LLP. The initial source of the recommendation to nominate Mr. Smith was several members of our Board of Directors, including our Chief Executive Officer.

The election of the four nominees will be made by a plurality of votes cast at our 2004 Annual Meeting of Shareholders. Shares represented by properly executed proxy cards in the accompanying form will be voted for such nominees in the absence of instructions to the contrary. All four nominees have consented to be named and to serve if elected. SEI does not know of anything that would preclude these nominees from serving if elected. If, for any reason, a nominee should become unable or unwilling to stand for election as a director, either the Shares represented by all proxies authorizing votes for such nominee will be voted for the election of such other person as our Board of Directors may recommend or the number of directors to be elected at our 2004 Annual Meeting of Shareholders will be reduced accordingly.

Our Board of Directors unanimously recommends that at our 2004 Annual Meeting of Shareholders the shareholders vote FOR the election of Messrs. West, Doran and Ross to the class of directors whose term expires at our 2007 Annual Meeting of Shareholders, and Mr. Smith to the class of directors whose term expires at our 2006 Annual Meeting of Shareholders.

In accordance with SEI's past practices, this selection will be presented to the shareholders for ratification at our 2004 Annual Meeting of Shareholders; however, consistent with the requirements of the Sarbanes-Oxley Act of 2002, our Audit Committee has ultimate authority with respect to the selection of SEI's independent public accountants. If the shareholders do not ratify the appointment of PwC, the selection of independent public accountants may be reconsidered by our Audit Committee. Representatives of PwC are expected to be available at our 2004 Annual Meeting of Shareholders to respond to appropriate questions and to make a statement if they so desire.

POLICY ON AUDIT COMMITTEE PRE-APPROVAL OF AUDIT AND PERMISSIBLE NON-AUDIT SERVICES OF INDEPENDENT AUDITORS

The Audit Committee is responsible for appointing, setting compensation for and overseeing the work of the independent auditors. The Audit Committee has established a policy regarding pre-approval of the retention of the independent auditors for the performance of all audit and lawfully permitted non-audit services and regarding pre-approval of the fees for such services. On an ongoing basis, management communicates specific projects and categories of service for which the advance approval of the Audit Committee is requested. The Audit Committee reviews these requests and advises management if the Audit Committee approves the engagement of the independent auditors to provide these services, as well as certain fee levels for these services. On a periodic basis, management reports to the Audit Committee regarding the actual spending for such projects and services as compared to the pre-approved fee levels.

The affirmative vote of a majority of the votes cast at our 2004 Annual Meeting of Shareholders by the holders of the outstanding Shares is required for the ratification of this appointment.

5

Our Board of Directors unanimously recommends that the shareholders vote FOR approval of this proposal.

CORPORATE GOVERNANCE

AFFIRMATIVE DETERMINATIONS REGARDING DIRECTOR INDEPENDENCE AND OTHER MATTERS

Our Board of Directors has determined that each of Ms. Blumenstein, Ms. McCarthy and Mr. Porter, as well as each of our two additional director-nominees, Messrs. Ross and Smith, is an independent director as such term is defined in Marketplace Rule 4200(a)(15) of the National Association of Securities Dealers. In this Proxy Statement, these five directors are referred to individually as an independent director and collectively as the independent directors.

MEETINGS OF INDEPENDENT DIRECTORS

Our independent directors meet in regularly scheduled executive sessions without management present.

GOVERNANCE PRINCIPLES

The governance principles of our Board of Directors include the charter of our Audit Committee, our Code of Conduct, our Complaint Procedures and Non-Retaliation Policy, and our Code of Ethics for our Senior Financial Officers. Our Audit Committee Charter was amended during 2004 and the current text of our Audit Committee Charter is attached to this Proxy Statement. Various other documents embodying our governance principles, including our Code of Conduct, are published on the Corporate Governance and Integrity section of our website at www.seic.com. Amendments and waivers of our Code of Ethics for our Senior Financial Officers will either be posted on our website or filed

with the Securities and Exchange Commission on Form 8-K.

BOARD AND COMMITTEE MEETINGS

Our Board of Directors held seven meetings in 2003. During the year, each director attended at least 75% of the meetings of our Board of Directors and of the committees on which he or she served. While we do not have a specific written policy with regard to attendance of directors at our annual meetings of shareholders, we encourage, but do not mandate, board member attendance at our annual meetings of shareholders, particularly with respect to board members who are up for election at that annual meeting. Six of our seven directors attended our 2003 Annual Meeting of Shareholders. The standing committees of our Board of Directors are the Audit Committee, the Compensation Committee and the Stock Option Committee.

Our Audit Committee held 14 meetings in 2003. The principal functions of the Audit Committee are to assist our Board of Directors in its oversight of the quality and integrity of our financial reporting process, and to retain, set compensation and retention terms for, terminate, oversee, and evaluate the activities of the Company's independent auditors. The current members of the Audit Committee are Mr. Porter, Ms. McCarthy and Ms. Blumenstein, each of whom is an independent director. Effective upon his election as a member of our Board of Directors, Mr. Ross, an independent director, will become a member of the Audit Committee. Our Board of Directors has determined that Mr. Ross, upon becoming a member of the Audit Committee, will be an audit committee financial expert as such term is defined in Item 401(h) of Regulation S-K promulgated by the Securities and Exchange Commission.

Our Compensation Committee held five meetings in 2003. The principal function of the Compensation Committee is to administer our compensation programs, including certain stock plans and bonus and incentive plans, as well as the salaries of senior corporate officers and employment agreements between SEI and senior corporate officers. The current members of the Compensation Committee are Messrs. West, Doran and Porter. Beginning with our 2004 Annual Meeting of Shareholders, it is expected that the Compensation Committee will consist solely of independent directors.

Our Stock Option Committee held four meetings in 2003. The principal function of the Stock Option Committee is to administer our stock option program. The members of the Stock Option

6

Committee are Mr. Porter, Ms. McCarthy and Ms. Blumenstein, each of whom is an independent director.

NOMINATING PROCESS

Our Board of Directors does not have a nominating committee and, accordingly, has not adopted a nominating committee charter. As established by resolution of our Board of Directors in its approval of our nominating process, nominees for election to our Board of Directors are either selected by a majority of our independent directors or recommended by a majority of our independent directors for selection by our Board of Directors. It is the view of our Board of Directors that this function has been performed effectively by our Board of Directors, and that it is not necessary for us to have a separate nominating committee or charter for this purpose.

Board candidates are considered based on various criteria, such as their broad-based business and professional skills and experiences, a global business and social perspective, concern for the long-term interests of our shareholders, and personal integrity and judgment. Directors are also considered based on their diverse backgrounds and on contributions that they can make to SEI, as well as their ability to fill a current board need. In addition, directors must have time available to devote to activities of our Board of Directors and to enhance their knowledge of SEI's industry. Accordingly, while there is no exact formula, we seek to attract and retain highly qualified directors who have sufficient time to attend to their substantial duties and responsibilities to SEI.

Our Board of Directors considers recommendations for nominations from a wide variety of sources, including members of our Board of Directors, business contacts, our legal counsel, community leaders and members of our management. Our Board of Directors will also consider shareholder recommendations for director nominees that are received in a timely manner. Subject to compliance with statutory or regulatory requirements, our Board of Directors does not expect that candidates recommended by shareholders will be evaluated in a different manner than other candidates. All such recommendations should be submitted in writing to our Secretary at our principal offices (Oaks, PA 19456-1100) no later than December 25, 2004.

SHAREHOLDER COMMUNICATIONS TO OUR BOARD OF DIRECTORS

Shareholders may send communications to our Board of Directors in writing, addressed to the full Board of Directors, individual directors or a specific committee of our Board of Directors, care of our Secretary, to our principal offices (Oaks, PA 19456-1100). Our Board of Directors

Edgar Filing: SEI CORP - Form DEF 14A

relies on our Secretary to forward written questions or comments to the full Board of Directors, named directors or specific committees of our Board of Directors, as appropriate. General comments or inquiries from shareholders are forwarded to the appropriate individual within SEI, as appropriate.

DIRECTOR COMPENSATION

Each director who is not an employee of SEI receives \$1,800 per meeting attended and an annual retainer of \$10,800. The chairman of our Audit Committee receives an additional annual fee of \$2,400.

On December 16, 2003, our non-employee directors, Mr. Doran, Mr. Porter, Mr. Lieb, Ms. McCarthy and Ms. Blumenstein, each were granted options under the 1998 Equity Compensation Plan (the "1998 Plan") to purchase 4,000 Shares at an exercise price of \$29.56. These options have a ten-year term. Fifty percent of these options vest on December 31 of the year in which SEI attains a diluted earnings per share of \$2.10 or more, and the remaining fifty percent of these options vest on December 31 of the year in which SEI attains diluted earnings per share of \$3.25 or more (based upon audited financial statements); provided that all of these options fully vest on the seventh anniversary of the date of grant. Upon his election to our Board of Directors, each of Messrs. Ross and Smith will be granted options under the 1998 Plan to purchase 8,000 Shares at an exercise price equal to the fair market value per Share on the date of grant, with the same vesting provisions described above for our other non-employee directors.

During 2003, Mr. Romeo was an employee of SEI and received compensation of \$250,000 for his services as an employee.

Notwithstanding anything to the contrary, the following reports of the compensation committee and the audit committee and the performance graph on page 16 shall not be deemed incorporated by reference by any general statement incorporating by reference this proxy statement into any filing under the Securities Act of 1933, as amended, or under the Securities Exchange Act of 1934, as amended, except to the extent that SEI specifically incorporates this information by reference, and shall not otherwise be deemed filed under such acts.

COMPENSATION COMMITTEE REPORT ON EXECUTIVE COMPENSATION

The Compensation Committee, currently consisting of Mr. West, SEI's Chairman, Chief Executive Officer and largest shareholder, and Messrs. Doran and Porter, both of whom are non-employee

12

directors, in past years has approved the policies and plans under which compensation is paid or awarded to management employees. Included in this group are management-level employees of all of its business units other than sales employees who are under sales commission compensation plans. Beginning with SEI's 2004 Annual Meeting of Shareholders, it is expected that the Compensation Committee will consist solely of independent directors.

SEI's compensation philosophy (which is intended to apply to all members of management, including SEI's Chairman and Chief Executive Officer), as implemented by the Compensation Committee, is to provide a compensation program for management that results in competitive levels of compensation and that emphasizes incentive plans aligned with attaining SEI's annual goals and longer-term objectives. SEI believes that this approach enables SEI to attract, retain and reward highly qualified personnel and helps SEI achieve its goals.

The compensation program consists of base salary, bonuses pursuant to an annual incentive plan and grants of stock options (in addition to benefits afforded to all employees, such as healthcare insurance and stock purchase and defined contribution plans).

The discussion below describes the Compensation Committee's compensation process for 2003 and its plan for 2004.

Base Salaries

The Compensation Committee seeks to recommend base salaries for management employees at levels that are competitive with salaries paid to management with comparable qualifications, experience and responsibilities at companies of comparable size engaged in the same or similar businesses as SEI. Since 1992, the Compensation Committee has minimized base salary increases. The Compensation Committee expects to recommend some base salary increases in 2004, but intends that incentive compensation will continue to be a substantial portion of overall compensation. Base salaries may also be adjusted for individuals to reflect competitive job market conditions or if an employee is promoted or given increased responsibilities.

Incentive Bonuses

During the first quarter of each year, the Compensation Committee reviews target performance goals that are developed by SEI's Chief Executive Officer and senior management of each business unit of SEI. The Compensation Committee uses these to set threshold and target performance goals for purposes of the incentive compensation plan. Goals are established at the corporate level and also at the business-unit levels. Bonus pools for achieving targets are established for business units and for senior management (including SEI's Chief Executive Officer). Each individual then is assigned a target compensation award. For 2003, this award was based on two indices: a corporate goal index and a unit goal index. There is an accelerator for performance that exceeds either the corporate or unit goals, as well as a decelerator for performance that falls short of goals. Although sales compensation continues to be based in part on a standard revenue payout, also incorporated in the computation of sales compensation are a corporate-goal index and a unit-goal index, with dampened accelerators and decelerators.

During December of each year, the Compensation Committee reviews SEI's actual performance as compared to the threshold and target goals and determines the total amount of bonuses for the year, including the bonus to be paid to SEI's Chief Executive Officer. In addition, the size of the final bonus pools may be adjusted for nonfinancial achievements, changes in the business units or other organizational changes during the year. The amount of the bonus to be paid to each member of senior management (other than SEI's Chief Executive Officer) reflects, in addition to SEI's overall performance, the performance of the individual's business unit and any individual achievements during the year, as well as internal and client evaluations. The amount of the bonus to be paid to SEI's Chief Executive Officer is determined by the non-employee members of the Compensation Committee based on SEI's achievement of profitability and revenue growth goals and strategic organizational goals. In each case, the incentive compensation plan determines the starting point for these bonuses and, in most cases, reflects the amount of bonus ultimately awarded.

SEI achieved approximately 90% of its corporate earnings per share goal for 2002 but because of decelerators tied to corporate goals and the fact that not all business units achieved their targets, the incentive compensation payments for 2002 were 55% of the 2002 target amounts for most business units with the exception of four small business units in the Global segment which received higher percentages and the senior management team which received bonuses at the rate of 45%. In 2003, SEI achieved in excess of 94% of its corporate earnings per share goal. Because of corporate decelerators tied to corporate goals for 2003, the Compensation Committee recommended incentive compensation payments at 60% of target amounts for most business units with the exception of three smaller business units that fully achieved their unit goals and were given percentages of 70% to 87%, and the senior management team (which includes Mr. West) that received bonuses at the rate of 55% of target amounts. These recommendations were approved by the full Board of Directors, including all of the independent directors. The total of incentive compensation paid for 2003 was approximately \$3.3 million higher than in 2002; and the total of both incentive and sales compensation paid for 2003 was approximately \$5.2 million higher than in 2002.

For 2004, the Compensation Committee again recommended an incentive compensation plan based on assigning each employee an individual target compensation award. The actual award is then based on the achievement of (1) the corporate goal and (2) the employee's business unit goals. The Compensation Committee believes that the establishment of individual target awards and objective measurement standards gives employees more predictability as to the incentive compensation to be achieved.

Stock Options

Prior to 1992, SEI's philosophy was to grant stock options to senior management as an additional form of compensation for services rendered. In accordance with this philosophy, senior management normally would receive option grants each year, except for Mr. West, who has never received stock option grants from SEI. The Compensation Committee makes general recommendations regarding the use of stock options in compensating employees. However, SEI's Board of Directors has a Stock Option Committee whose principal function is to administer SEI's equity compensation plans. The Stock Option Committee met four times in 2003.

Stock option grants are viewed by the Compensation Committee as an important means of aligning the interests of management and employees with the interests of shareholders. At the end of 1997, SEI implemented changes in its stock option plans and related plans for the purpose of encouraging long-term stock ownership by employees and to tie the vesting of stock options to SEI's financial performance. Beginning with stock options granted at the end of 1997, the stock options vest at a rate of 50% when a specified earnings per share target is achieved, and the remaining 50% when a second, higher specified earnings per share target is achieved. In any event, the options fully vest after seven years. For 2003, the Compensation Committee recommended increasing the number of employees eligible for year-end stock options. Options were granted to 593 employees in December 2003, compared to 572 employees in 2002.

Application of Section 162(m)

Section 162(m) of the Internal Revenue Code of 1986, as amended (the Code) limits the tax deductibility by a public company of compensation in excess of \$1 million paid to certain of its executive officers, except to the extent that any excess compensation is performance-based compensation within the meaning of the Code and the regulations promulgated thereunder. In connection with the above-discussed awards and payments, the Compensation Committee considered the deductibility of compensation under Section 162(m) of the Code and it is the Compensation Committee's intention to structure executive compensation to minimize the application of the deduction limitations of Section 162(m) insofar as consistent with the Compensation Committee's overall compensation objectives.

COMPENSATION COMMITTEE INTERLOCKS AND INSIDER PARTICIPATION

The members of our Compensation Committee are Mr. West, Mr. Doran and Mr. Porter. Mr. West is our Chairman, Chief Executive Officer and largest shareholder.

Mr. Doran is a trustee of approximately eleven mutual funds or trusts administered or sponsored by SEI. During 2003, he received trustee fees of \$157,000 for serving as a trustee on the boards of those trusts. Beginning in January 2004, Mr. Doran will also receive a \$10,000 monthly consulting fee from SEI for serving as a director of certain of SEI's subsidiaries and providing various other legal and strategic consulting services. Mr. Doran was a partner in the law firm of Morgan, Lewis & Bockius LLP, which performs services for SEI, until he retired from the firm in October 2003. SEI intends to retain the services of this firm in 2004.

Audit Committee Report

The Audit Committee of SEI's Board of Directors currently is composed of three independent directors and operates under a written charter adopted by SEI's Board of Directors that complies with the rules adopted by the Nasdaq National Market. The Audit Committee reviews and reassesses the adequacy of its charter on an annual basis. The members of the Audit Committee are Mr. Porter (Chair), Ms. McCarthy and Ms. Blumenstein.

The role of the Audit Committee is to assist our Board of Directors in its oversight of the quality and integrity of SEI's financial reporting process. The Audit Committee also has sole authority, among other things, to retain, set compensation and retention terms for, terminate, oversee, and evaluate the activities of the SEI's independent auditors. Management has the primary responsibility for the financial reporting process, including the system of internal controls, and for preparation of consolidated financial statements in accordance with generally accepted accounting principles. SEI's independent auditors are responsible for auditing those financial statements and expressing an opinion as to their conformity with generally accepted accounting principles.

The Audit Committee met 14 times in 2003 and held discussions with management and the independent auditors. Management represented to the Audit Committee that SEI's consolidated financial statements were prepared in accordance with generally accepted accounting principles, and the Audit Committee has reviewed and discussed the consolidated financial statements with management and the independent auditors. The Audit Committee discussed with the independent auditors the matters required to be discussed by Statement on Auditing Standards No. 61 (Communication with Audit Committees). These discussions have included a review as to the quality, not just the acceptability, of SEI's accounting principles.

SEI's independent auditors also provided to the Audit Committee the written disclosures required by Independence Standards Board Standard No. 1 (Independence Discussions with Audit Committees), and the Audit Committee discussed with the independent auditing firm that firm's independence.

Based upon the Audit Committee's discussions with management and the independent auditors and the Audit Committee's review of the representation of management and the report of the independent auditors to the Audit Committee, the Audit Committee recommended that SEI's Board of Directors include the audited consolidated financial statements in SEI's Annual Report on Form 10-K for the year ended December 31, 2003 filed with the Securities and Exchange Commission.
