PROXY STATEMENT

GENERAL INFORMATION

We are mailing you this Proxy Statement and the accompanying proxy for the first time on or about November 5, 2010. Our Board of Directors is soliciting your proxy for use at the 2010 Annual Meeting of Stockholders to be held at 9:30 a.m., local time, on Tuesday, December 14, 2010, at The Standard Club, located at 320 South Plymouth Court, Chicago, Illinois 60604-3802, notice of which accompanies this Proxy Statement, and at any adjournment of the meeting. Whenever we refer in this Proxy Statement to the "Annual Meeting," we are also referring to any meeting that results from an adjournment of the 2010 Annual Meeting.

Commonly Asked Questions and Answers

1. Why am I receiving these materials?

This Proxy Statement is being delivered to all stockholders of record as of the close of business on October 18, 2010, in connection with the solicitation of proxies on behalf of our Board of Directors for use at the Annual Meeting on December 14, 2010. Although our Annual Report on Form 10-K and Proxy Statement are being delivered together, our Form 10-K should not be deemed to be part of this Proxy Statement.

2. Who is entitled to vote at the 2010 Annual Meeting?

Our Board of Directors has established the close of business on Monday, October 18, 2010, as the record date for the 2010 Annual Meeting. Only stockholders of record at the close of business on the record date are entitled to receive notice of, and to vote at, the 2010 Annual Meeting.

Holders of Common Stock are entitled to one vote per share and holders of Class B Stock are entitled to 10 votes per share (on a non-cumulative basis for each director to be elected when voting for the election of directors) and vote together without regard to class (except that any amendment to our Certificate of Incorporation changing the number of authorized shares or adversely affecting the rights of Common Stock or Class B Stock requires the separate approval of the affected class as well as the approval of both classes voting together). Holders of Class B Stock are entitled to convert any and all of their shares into Common Stock on a share-for-share basis at any time. Shares of Class B Stock are also subject to mandatory conversion under certain circumstances. As of the record date, 5,084,395 shares of Common Stock and 2,049,409 shares of Class B Stock were outstanding.

3. What proposals are being voted on at the 2010 Annual Meeting?

Stockholders are being asked to vote upon the following items of business at the 2010 Annual Meeting:

1. the election of eight directors, each to hold office for a one-year term ending at our 2011 Annual Meeting;
2. the ratification of the appointment of PricewaterhouseCoopers LLP as our independent auditor for the fiscal year ending July 31, 2011;

and to transact such other business as may properly come before the 2010 Annual Meeting. Our Board of Directors knows of no other items of business that will be presented for consideration at the Annual Meeting other than those described in this Proxy Statement. In addition, no stockholder proposal or nomination was received prior to the deadline specified in our Amended and Restated By-Laws, so no such matters may be brought to a vote at the Annual Meeting.

4. What are the voting recommendations of the Company's Board of Directors?

Our Board of Directors recommends that you vote your shares as follows:

- "FOR" the election of each of the eight nominees to the Board;
- "FOR" the ratification of the appointment of PricewaterhouseCoopers LLP as the Company's independent auditor for the fiscal year ending July 31, 2011.

5. How do I cast my vote?

If you are a stockholder of record, you may vote in several different ways:

In person at the 2010 Annual Meeting

You may vote in person at the 2010 Annual Meeting. You may also be represented by another person at the meeting by executing a proxy properly designating that person.

By mail

You may vote by completing, signing, dating and returning the enclosed proxy card(s) in the postage-paid envelope we have provided.

By telephone

You may vote by calling the telephone number on your proxy card. Please have your proxy card in hand when you call and use any touch-tone phone to transmit your voting instructions. Telephone voting for stockholders of record will be available until 11:59 p.m., Eastern Time, on December 13, 2010.

By Internet

You may vote using the Internet by submitting your voting instructions at www.proxyvote.com. You should have your proxy card available when you go online. If you vote on the Internet, you may also request electronic delivery of future proxy materials. Internet voting for stockholders of record will be available until 11:59 p.m., Eastern Time, on December 13, 2010.

If you are the beneficial owner of shares held in "street name" (through a brokerage account or in another nominee form), you must provide instructions to your bank, broker or other nominee as to how your shares should be voted. Your bank, broker or other nominee will usually provide you with the appropriate voting instruction form at the time you receive this Proxy Statement. The availability of telephone and Internet voting for beneficial owners of shares held in "street name" will depend on your bank, broker or other nominee. We recommend that you follow the voting instructions on the materials you receive from that entity. To vote in person at the Annual Meeting, you must obtain a legal proxy from your bank, broker or other nominee and present it to the Inspector of Election with your ballot. Your shares may be voted even if you do not provide your bank, broker or other nominee with voting instructions. Banks, brokers and nominees generally have the authority under New York Stock Exchange rules to vote on "routine matters."

The proposal to ratify the appointment of our independent auditor is considered a routine matter, while the election of directors is considered a non-routine matter.

Unless you decide to change your vote, use only one method to send us your vote. If you vote by telephone or by Internet, you do not have to return your proxy card or voting instruction form; however, even if you plan to attend the Annual Meeting, we recommend that you vote your shares in advance so that your vote will be counted if you later decide not to attend the meeting.

If no contrary instruction is indicated in the proxy, each proxy will be voted "FOR" the election of the eight nominees to our Board of Directors named below and "FOR" the ratification of the appointment of PricewaterhouseCoopers LLP as our independent auditor for the fiscal year ending July 31, 2011. In their discretion, the named proxy holders are authorized to vote on any other matters that may properly come before the Annual Meeting.

6. Can I change my vote?

Yes, if you vote by proxy, you may revoke that proxy at any time before it is voted at the meeting.

If you are the stockholder of record, you may do this by:

- voting again on the Internet or by telephone prior to 11:59 p.m., Eastern Time, on December 13, 2010;
- signing another proxy card with a later date and delivering it to Broadridge Financial Solutions, Inc., 51 Mercedes Way, Edgewood, New York 11717, prior to the meeting; or
- attending the meeting in person and delivering your proxy or casting a ballot.

If your shares are held in "street name" and you have instructed your bank, broker or other nominee to vote your shares, you may revoke those instructions by following the directions received from your bank, broker or other nominee to change those instructions.

7. What constitutes a quorum at the 2010 Annual Meeting?

A majority of all outstanding shares of Common Stock and Class B Stock entitled to vote at the Annual Meeting constitutes a quorum, which is the minimum number of shares that must be present or represented by proxy at the 2010 Annual Meeting to transact business. Abstentions and broker non-votes will be counted for purposes of determining whether a quorum is present as long as one routine matter is being voted on at the 2010 Annual Meeting. The proposal to ratify the appointment of our independent auditor is considered a routine matter. Generally, broker non-votes occur when brokerage firms return proxies for which no voting instructions have been received from beneficial owners and the broker does not have discretionary authority to vote on the proposal. Once a share is represented for any purpose at the Annual Meeting, it will be deemed present for quorum purposes for the remainder of the meeting (including any meeting resulting from an adjournment of the 2010 Annual Meeting, unless a new record date is set).

8. How many votes are needed to approve the proposals?

A director may only be elected by a plurality of votes cast. Accordingly, we count proxies and ballots marked for all nominees listed (including executed proxies not marked regarding the election of directors, which will be voted for all listed nominees), or those voting for some but not all nominees that specify votes withheld for one or more designated nominees, to determine the total number of votes cast for each nominee. The eight nominees who receive the largest number of votes will be elected. Abstentions and broker non-votes have no effect on the outcome of the election of directors. An affirmative majority of the votes present at the meeting or represented by proxy is necessary for ratification of the appointment of PricewaterhouseCoopers LLP as our independent auditor. Any abstention by those present or represented by proxy has the same legal effect as

a vote against ratification. Broker non-votes regarding the ratification of the appointment of our independent auditor are deemed not to have been entitled to vote at the meeting and therefore will have no effect on the outcome.

9. Who will count the vote?

We have retained Broadridge Financial Solutions, Inc. to tabulate the vote and act as Inspector of Election. Information about Broadridge is available at www.broadridge.com. Proxies and ballots that identify the votes of individual stockholders are kept confidential from the Company's management and directors. Only Broadridge, as the proxy tabulator and Inspector of Election, has access to the ballots, proxy cards and voting instruction forms. Broadridge will disclose information taken from the ballots, proxy cards and voting instruction forms only in the event of a proxy contest or as otherwise required by law.

10. Where can I find the voting results of the 2010 Annual Meeting?

We intend to announce preliminary voting results at the 2010 Annual Meeting. Within four days following the adjournment of the 2010 Annual Meeting, we intend to disclose the final voting results of each proposal being voted on at the 2010 Annual Meeting in a Current Report on Form 8-K.

11. How does a stockholder propose actions for consideration at next year's annual meeting of stockholders?

For your proposal to be considered for inclusion in our proxy statement for next year's annual meeting, we must receive your written proposal no later than July 8, 2011. Your proposal should be addressed to the Corporate Secretary, Oil-Dri Corporation of America, 410 North Michigan Avenue, Suite 400, Chicago, Illinois 60611-4213. In addition, be aware that your proposal must comply with Securities and Exchange Commission ("SEC") regulations regarding inclusion of stockholder proposals in company-sponsored proxy materials and other applicable laws. Although our Board of Directors will consider all proposals, it has the right to omit any proposals it is not required to include. For you to raise a proposal (including director nominations) at next year's annual meeting that will not be included in our proxy statement, we must receive written notice of the proposal between July 8, 2011, and August 7, 2011 (assuming the meeting is held not more than 30 days from December 14, 2011). All such proposals should be addressed to the Corporate Secretary, Oil-Dri Corporation of America, 410 North Michigan Avenue, Suite 400, Chicago, Illinois 60611-4213. In addition, the notice must satisfy all of the other requirements set forth in our Amended and Restated By-Laws and all applicable laws.

12. Can I receive future proxy solicitations on-line?

Yes, you can consent to receiving all future proxy statements, proxy cards and annual reports via e-mail or the Internet. If you choose this option, you will not receive paper copies of these stockholder communications in the mail. To sign up for electronic delivery, follow the instructions on the enclosed proxy card under the heading "ELECTRONIC DELIVERY OF FUTURE PROXY MATERIALS" to indicate that you agree to receive or access stockholder communications electronically in future years. If you hold your shares through a bank, broker or other nominee, contact that entity for information as to whether and how you can elect electronic delivery.

13. How is the Company complying with the SEC's e-proxy rules?

Pursuant to "e-proxy" rules adopted by the SEC, we are providing access to this Proxy Statement and our Annual Report on Form 10-K (collectively, "proxy materials") by sending you this full set of proxy materials as well as a proxy card and by notifying you of the availability of our proxy materials on the Internet. SEC rules allow companies to avoid sending to their stockholders paper copies of their proxy materials if, instead, they furnish the proxy materials over the Internet and mail to their stockholders a Notice of Internet

Availability of Proxy Materials. Companies, however, are not required to use a Notice of Internet Availability of Proxy Materials under e-proxy rules and, in lieu of doing so, may continue to send stockholders a full set of their proxy materials. In connection with the 2010 Annual Meeting, we have elected to use the full-set delivery option; however, any stockholder who has previously consented to receive electronic delivery of proxy materials will continue to receive the materials electronically. We plan to continue to monitor cost, stockholder participation and similar considerations as we assess the available options for distribution of our proxy materials in connection with future stockholder meetings.

14. Who may solicit proxies?

Our directors, officers and employees may solicit proxies on behalf of our Board of Directors via mail, telephone, facsimile, electronic communications and personal contact. Our directors, officers and employees will receive no additional compensation for soliciting proxies.

15. Who pays for the cost of this proxy solicitation?

We will bear the cost of this proxy solicitation, including reimbursing banks, brokers and other nominees for reasonable expenses of sending out proxy materials to beneficial stockholders.

16. Why did I receive more than one package of proxy materials?

This means that you have multiple accounts holding shares of Common Stock or Class B Stock. These may include accounts with our transfer agent, Computershare Investor Services, and accounts with a bank, broker or other nominee. Please complete, sign, date and return (or vote via the Internet or telephone with respect to) each proxy card and voting instruction form that you receive with each package of proxy materials to ensure that all of your shares are voted.

17. What if I have additional questions not addressed here?

You may call Investor Relations at (312) 321-1515 or e-mail Investor Relations at info@oldri.com.

In addition, Mr. Suckow has served on the advisory boards of many corporations.

2. Ratification of Appointment of Independent Auditor

The Audit Committee of the Board of Directors has appointed PricewaterhouseCoopers LLP as the Company's independent auditor for the fiscal year ending July 31, 2011, and has further directed that we submit the appointment of the independent auditor for ratification by the stockholders at the 2010 Annual Meeting. PricewaterhouseCoopers LLP audited the Company's consolidated financial statements for the fiscal year ended July 31, 2010. A representative of PricewaterhouseCoopers LLP is expected to be present at the 2010 Annual Meeting and will have an opportunity to make a statement if he or she so desires and will be available to respond to appropriate questions.

Stockholder ratification of the appointment of PricewaterhouseCoopers LLP as the Company's independent auditor is not required by the Company's Amended and Restated By-Laws or otherwise; however, our Board of Directors is submitting the appointment of PricewaterhouseCoopers LLP to stockholders for ratification as a matter of responsible corporate practice. If the stockholders fail to ratify the appointment, the Audit Committee will reconsider whether to retain that firm. Even if the appointment is ratified, the Audit Committee in its discretion may direct the appointment of a different independent auditor at any time during the year if the Audit Committee determines that such a change would be in the best interests of the Company and its stockholders.

THE BOARD OF DIRECTORS RECOMMENDS A VOTE "FOR" RATIFICATION OF THE APPOINTMENT OF PRICEWATERHOUSECOOPERS LLP AS INDEPENDENT AUDITOR.

Auditor Fees

The aggregate fees (including reimbursed expenses) for professional services billed by PricewaterhouseCoopers LLP to us in the fiscal years ended July 31, 2010 ("fiscal 2010") and 2009 ("fiscal 2009"), were:

Type of Fees	2010	2009
Audit fees (1)	\$ 576,842	\$ 601,678
Audit-related fees (2)	30,240	8,250
Tax fees (3)		
Tax compliance	246,097	235,294
Tax planning	9,400	35,100
All other fees	--	--
Total	\$ 862,579	\$ 880,322

- (1) Audit fees consist of fees for professional services provided in connection with the audit of our annual financial statements and review of our quarterly financial statements and audit services provided in connection with other statutory or regulatory filings.
- (2) Audit-related fees (a) in fiscal 2010 were fees for advice in connection with an overstatement of supplies inventory at one of our manufacturing facilities and (b) in fiscal 2009 were fees for advice in connection with our responses to an SEC staff comment letter.
- (3) Tax fees consist of fees for tax compliance and statutory filing preparation ("tax compliance") and fees for tax planning and advice, both international and domestic ("tax planning"). The tax compliance services consisted primarily of the preparation of original and amended tax returns, claims for refunds and support during any income tax audit or inquiry. The tax planning services consisted primarily of research and advice regarding the effect of new tax laws and regulations.

Pre-Approval of Independent Auditor Services

No services specifically prohibited by the Sarbanes-Oxley Act of 2002 will be provided to the Company by the independent auditor. Permitted services must be pre-approved by the Audit Committee of our Board of Directors. PricewaterhouseCoopers LLP did not render any services relating to financial information systems design and implementation for fiscal 2010. None of the services described above were approved pursuant to the de minimus exception provided by Rule 2-01(c)(7)(i)(C) of SEC Regulation S-X.

3. Other Matters

At this time, our Board of Directors is not aware of any matters not referred to herein that might be presented for action at the 2010 Annual Meeting; however, if any other business should properly come before the meeting, votes may be cast in respect to such matters in accordance with the best judgment of the person or persons acting under the proxies.

CORPORATE GOVERNANCE MATTERS

Controlled Company Status

Our Board of Directors has determined that the Company is a “controlled company” within the meaning of the NYSE Corporate Governance Standards. This determination is based on the fact that Class B Stock having more than 50% of the aggregate voting power of our Common Stock and Class B Stock is owned by the Jaffee Investment Partnership, L.P., a Delaware limited partnership of which Richard M. Jaffee, his spouse Shirley H. Jaffee and Daniel S. Jaffee are general partners. The remaining three general partners are all children of Richard M. and Shirley H. Jaffee. Richard M. Jaffee has eight of the 20 total votes of the general partners and his spouse also has eight votes.

As a controlled company, we are entitled to rely on exemptions from the NYSE Corporate Governance Standards that would otherwise require the Company (a) to maintain a board of directors having a majority of independent directors, (b) to maintain a nominating/corporate governance committee composed entirely of independent directors and (c) to maintain a compensation committee composed entirely of independent directors. We have elected to rely on all three of these exemptions.

Director Independence

Our Board of Directors has determined that the directors listed below are independent from our management within the meaning of the SEC’s rules and the NYSE Corporate Governance Standards:

J. Steven Cole	Allan H. Selig
Arnold W. Donald	Paul E. Suckow.

While our Board of Directors has not adopted any categorical standards for independence, in making these determinations the Board of Directors noted that none of Messrs. Cole, Donald, Selig and Suckow:

- (a) receives direct compensation from the Company other than director annual retainers and meeting fees paid to current directors;
- (b) has any relationship with the Company or a third party that would preclude independence under the NYSE Corporate Governance Standards; or
- (c) has any other material relationship with the Company and its management.

In the last three years, we have not made any contributions in excess of \$1 million or 2% of our consolidated gross revenues to any tax-exempt organization in which an independent director serves as an executive officer.

Executive Sessions of Non-Management Directors

Non-management directors meet in executive sessions of our Board of Directors in which management directors (Messrs. Richard M. and Daniel S. Jaffee) and other members of management do not participate. These sessions are scheduled for non-management directors at all regular meetings of our Board of Directors. Under our Corporate Governance Guidelines, the chairman of our Audit Committee (currently Mr. Cole) presides at all executive sessions of non-management and independent directors unless otherwise determined by the directors attending any given executive session.

The following table sets forth the current membership of the committees of our Board of Directors.

During fiscal 2010, our Board of Directors held four meetings. Each director attended 100% of the aggregate number of meetings of our Board of Directors and of committees on which he served.

Audit Committee

The Audit Committee Charter sets out the duties and responsibilities of our Audit Committee. Those duties include:

- selection and appointment of the independent auditor, review of its independence and of other services provided by it, and of the fees and other arrangements regarding its services;
- review with the independent auditor and management of the scope of the audit, and of significant financial reporting issues and judgments;
- review with the independent auditor and management of the annual audited financial statements and of the quarterly financial statements and press releases;
- review with the independent auditor and management of the quality and adequacy of internal controls; and
- preparation of the report required by SEC rules to be included in this Proxy Statement.

A copy of our Audit Committee Charter is available on our website at www.oildri.com and will be provided without charge to any person upon request.

Our Board of Directors has determined that each member of our Audit Committee meets the independence and experience requirements of the NYSE. The Board also has determined that Mr. Cole is an “audit committee financial expert” within the meaning of SEC rules and that he meets the accounting or related financial management expertise standard required by NYSE rules.

Compensation Committee

Our Compensation Committee is responsible for review and general oversight of our compensation programs, including all programs in which our executive officers participate. Specifically, our Compensation Committee is responsible for:

- determining the compensation, including benefits, of our Chief Executive Officer (“CEO”) after reviewing the recommendation of the Chairman of the Board;
- determining the reasonableness of and approving the compensation of our other executive officers as recommended by our CEO (subject to our CEO’s authority to make changes in compensation under certain circumstances during the course of a fiscal year);
- reviewing and approving the reasonableness of performance measures and payout ranges under our annual incentive plan as these relate to our executive officers and setting payout ranges for our CEO;
- administration of our equity incentive plans with assistance from our human resources staff and granting awards under those plans to employees, including our executive officers, and to non-employee directors; and
- making recommendations to our Board of Directors or stockholders on compensation-related matters.

In carrying out these responsibilities, our Compensation Committee acts on recommendations from and consults with the Chairman of the Board, our CEO and at times our Chief Financial Officer. During fiscal 2010, our Compensation Committee did not retain an executive compensation consultant. Additional details of our processes and procedures for considering and determining executive compensation are in the Compensation Discussion and Analysis that is a part of the Executive Compensation section of this Proxy Statement.

In conjunction with the Company’s management, our Compensation Committee has also assessed the Company’s compensation policies and practices for its employees as they relate to the Company’s risk management and risk-taking incentives. Our Compensation Committee has concluded that the Company’s compensation policies and practices for its employees do not create risks or risk-taking incentives that are reasonably likely to have a material adverse effect on the Company.

Two members of our Compensation Committee, Messrs. Selig and Miller, are non-employee directors within the meaning of Rule 16b-3 under the Securities Exchange Act of 1934, as amended, and are authorized to act independently with respect to awards made under our equity incentive plans to individuals subject to Section 16 of that act, including our executive officers and directors.

As allowed by a controlled company exemption from the NYSE Corporate Governance Standards, our Compensation Committee is not composed entirely of independent directors; two members, Messrs. Miller and Nemeroff, have not been determined by our Board of Directors to be independent directors. As also allowed by this controlled company exemption, our Compensation Committee does not have a written charter.

Compensation Committee Interlocks and Insider Participation

None of the members of our Compensation Committee is or ever has been an executive officer or employee of the Company, except that Mr. Miller served as an officer of the Company from 1989 to 2000. Mr. Nemeroff, a member of our Compensation Committee, is President and Chief Executive Officer of Vedder Price, a law firm that regularly provides services to the Company. There are no Compensation Committee interlocks as defined by SEC rules.

Executive Committee

Our Executive Committee has all of the powers and authority of our Board of Directors in the management of our business and other affairs, subject only to any limitations provided for in our Certificate of Incorporation and Amended and Restated By-Laws (each as amended from time to time) or imposed by applicable law or the NYSE Corporate Governance Standards. Our Executive Committee does not have a written charter. Our Executive Committee did not hold any meetings during fiscal 2010 and historically has only exercised its authority to act on behalf of the Board in limited circumstances.

Director Nominations

As allowed by a controlled company exemption from the NYSE Corporate Governance Standards, we do not have a standing nominating committee or other committee of our Board of Directors performing a similar function. As a controlled company, and with six of our eight current directors having served on our Board of Directors for at least 10 years, the Board believes it is appropriate for the Company not to have a nominating committee. It has been our practice, as reflected in our Corporate Governance Guidelines, that our Chairman, Richard M. Jaffee, recommends to the entire Board candidates for nomination to the Board. Directors Richard M. Jaffee, Daniel S. Jaffee, Joseph C. Miller and Michael A. Nemeroff, who have not been determined by the Board to be independent, participate along with the independent directors in the nominating process. Our Board of Directors may also solicit ideas for possible candidates from a number of sources, including our executives, individuals personally known to members of the Board and executive search firms.

Our Corporate Governance Guidelines provide that a director who would be 75 years of age or older at the time of election may not stand for re-election unless our Board postpones or otherwise waives the age 75 service limit as to that director. At its October 14, 2010 meeting, our Board granted such a waiver with respect to J. Steven Cole, chairman of our Audit Committee, and Allan H. Selig, chairman of our Compensation Committee. Our Board of Directors considered a waiver of the age 75 service limit in these cases appropriate and in the best interests of the Company in light of Mr. Cole's and Mr. Selig's valuable expertise and experience.

We will consider recommendations from stockholders of potential candidates for service on our Board of Directors. Stockholder recommendations of candidates for possible nomination to our Board of Directors must be in writing and must be given either by personal delivery or by United States mail, postage prepaid, to our Corporate Secretary no later than 90 days prior to the anniversary of the date we first mailed our proxy materials for the preceding year's annual meeting. The recommendation must set forth the candidate's name, age, business address and residence address; the candidate's principal occupation or employment; the number of shares of our Common Stock that are beneficially owned by the candidate; a description of all arrangements or understandings between the stockholder making such recommendation and the candidate and any other person or persons (naming such person or persons) pursuant to which the recommendation is being made by the stockholder; detailed biographical data and qualifications and information regarding any potential conflicts of interest that might prevent or otherwise limit the candidate from serving as an effective Board member; and any other information relating to such candidate that would be required to be disclosed in solicitations of proxies for elections of directors, or would otherwise be required, pursuant to SEC rules. The recommendation must also include the name and address, as they appear in our stock records, of the stockholder making the recommendation; the class and number of shares of our stock beneficially owned by the stockholder and the date such shares were acquired by the stockholder; any material interest of the stockholder in such nomination; any other information that would be required to be provided by a proponent of a stockholder proposal pursuant to SEC rules; and a statement from the recommending stockholder in support of the candidate, references for the candidate and an indication of the candidate's willingness to serve, if elected.

These director candidate recommendation materials must be sent to the Corporate Secretary at Oil-Dri Corporation of America, 410 North Michigan Avenue, Suite 400, Chicago, Illinois 60611-4213. Properly submitted stockholder recommendations will be given the same consideration and evaluated with the same criteria as internal recommendations.

In evaluating candidates for director, our Board of Directors seeks directors who will best represent the long-term interests of our stockholders. The Board's view is that all directors should possess the highest personal and professional ethics, integrity and values. In evaluating the suitability of the candidates, the Board takes into consideration such factors as it deems appropriate. These factors may include, among other things, issues of character, judgment, independence, age, expertise, diversity of experience, absence of conflicts of interest, length of service and other commitments. Our Board of Directors evaluates these factors, among others, and considers each individual candidate in the context of the current perceived needs of our Board of Directors as a whole and of committees of the Board. Although we do not have a formal diversity policy, our Board of Directors does consider diversity in evaluating candidates for Board membership. As outlined in our Corporate Governance Guidelines, the Board's objective in choosing candidates is to assemble membership for each committee of the Board and our Board of Directors as a whole that represents diverse viewpoints that will guide the Company effectively in pursuit of its strategic goals.

Board Leadership Structure and Role in Risk Oversight

Our Board of Directors does not have a policy regarding the separation of the roles of Chairman of the Board and Chief Executive Officer. Currently the roles are separate, but have been combined in the past. Under our Corporate Governance Guidelines, we believe that this issue is simply a part of the larger succession planning process and that it is in the best interests of the Company for the Board to make a specific determination whenever either office becomes vacant. Our Board receives regular reports from our CEO, CFO and other members of our senior management regarding areas of significant risk to the Company, including operational, strategic, legal, regulatory and financial risks. Certain risks that are under the purview of a committee are monitored by that committee, which then reports to the full Board as appropriate. For example, our internal audit function, which identifies and manages a wide area of risk company-wide, reports to the Audit Committee and senior management, who in turn report significant developments to the full Board of Directors. In addition, under its charter, the Audit Committee discusses with management and our independent auditor our risk assessment and risk management policies, as well as our major financial risk exposures and the steps taken to monitor and control such exposures. Similarly, our human resources staff, which identifies and manages compensation risk company-wide, reports to the Compensation Committee and senior management, who in turn report significant developments to the full Board of Directors.

Communication with the Board of Directors

Our annual meeting of stockholders provides an opportunity each year for stockholders to ask questions of, or otherwise communicate directly with, members of our Board of Directors. It has been our practice, as reflected in our Corporate Governance Guidelines, that all directors attend in person each annual meeting of stockholders. Seven of the eight incumbent members of the Board attended the 2009 annual meeting in person.

In addition, any stockholder or other interested party may communicate in writing with our Board of Directors, our Audit Committee, our non-management directors, or a particular director by sending a letter addressed to: Board of Directors, Audit Committee, Non-Management Directors, or a particular director at Oil-Dri Corporation of America, c/o Corporate Secretary, 410 North Michigan Avenue, Suite 400, Chicago, Illinois 60611-4213. Stockholders may also report concerns anonymously in this manner.

Director Compensation

We seek to provide a competitive compensation program to attract and retain quality non-employee directors. The compensation received by our non-employee directors, other than Richard M. Jaffee (whose consulting agreement is described in the following paragraph), consists of an annual cash retainer of \$15,000 and a \$2,500 fee for each Board or committee meeting attended in person (\$1,500 for attendance by phone). In addition, Mr. Cole received a \$10,000 cash retainer as chairman of our Audit Committee and Mr. Selig received a \$5,000 cash retainer as chairman of our Compensation Committee. Employee directors do not receive additional compensation for their service on our Board of Directors.

We have a consulting agreement with Richard M. Jaffee, Chairman of our Board of Directors, that was originally entered into in October 1989 and has since been amended four times. The agreement expires on January 31, 2011, but will automatically renew for additional one-year periods unless either party gives the other at least 90 days' prior written notice of termination. Under the terms of the agreement, Mr. Jaffee performs all assignments given him from time to time by our Board of Directors or our President and CEO. Prior to August 1, 2010, he was receiving an annual consulting fee of \$185,000; as of August 1, 2010, that fee was increased to \$240,000. He does not receive a retainer or any meeting fees as director. We also provide him with an office and administrative support. In addition, we provide lifetime coverage to Mr. Jaffee and his spouse under our medical plan at no cost to them. This coverage is secondary to the coverage provided to them by Medicare. Because we have a self-insured medical plan, our cost for this coverage is the amount of any actual medical claims we pay. We also pay Mr. Jaffee an annuity of \$45,725 annually that he earned during an earlier five years (2001 to 2006) of his consulting agreement. All directors are eligible to defer cash compensation that they receive from the Company into our executive deferred compensation plan. Mr. Jaffee chose to defer the full amount of his consulting fees and his annuity into our executive deferred compensation plan in fiscal 2010. Mr. Jaffee also receives a pension benefit under our pension plan earned during his years of service as an employee.

The following table sets forth information about compensation paid to our directors for their service in fiscal 2010.

Corporate Governance Guidelines and Code of Ethics

We have adopted Corporate Governance Guidelines and a Code of Ethics and Business Conduct. The Code of Ethics and Business Conduct applies to all our employees, officers and directors. The Corporate Governance Guidelines and the Code of Ethics and Business Conduct are available on our website at www.oildri.com. We will also provide without charge a copy of either or both documents to any person upon request submitted to Investor Relations, Oil-Dri Corporation of America, 410 North Michigan Avenue, Suite 400, Chicago, Illinois 60611-4213, telephone (312) 321-1515. As allowed by a controlled company exemption from the NYSE Corporate Governance Standards, we do not have a corporate governance committee.

Certain Relationships and Related Party Transactions

Our policy concerning related party transactions is a part of our Code of Ethics and Business Conduct. It provides that every employee, officer and director has an obligation to conduct business in a manner that avoids actual or potential conflicts of interest with the Company. Our Code of Ethics and Business Conduct explains what may constitute a conflict of interest, including transactions in which an employee, officer, director or a member of his family receives personal benefits as a result of his position with the Company; transactions between the Company and an employee, officer, director or family member or a firm in which an employee, director or family member has a significant ownership interest; loans to, or guarantees of obligations of, employees, directors or family members; or the acceptance of gifts or special consideration related to our business. All employees or directors who have any influence on transactions involving purchases, sales, contracts or leases are required by our Code of Ethics and Business Conduct to disclose to a senior officer of the Company or to our general counsel the existence of any actual or potential conflict of interest. Each transaction is then evaluated at an appropriate management level to determine if it is in the best interest (or not contrary to the best interest) of the Company, taking into account factors such as whether the transaction is on terms no less favorable than terms generally available to an unaffiliated third party under the same or similar circumstances and the extent of the related person's interest in the transaction. In addition, under our contract approval policy, all contracts obligating the Company to make an individual payment or aggregate payments greater than \$100,000 must be reviewed and approved by our CEO.

From time to time, we use private aircraft to transport employees for business purposes. The aircraft are available to us as a result of a fractional interest in the aircraft owned by a limited liability company of which Richard M. Jaffee, the Chairman of our Board of Directors, is a co-owner. Each proposed use of the aircraft is evaluated at the appropriate management level to determine if it is in the best interest (or not contrary to the best interest) of the Company, taking into account available commercial airfares, available commercial airline schedules and the business need for the travel in question. For each use of the aircraft by us, we reimburse the limited liability company for its actual costs, including a portion of the management fee charged by the fractional ownership program operator. During fiscal 2010, we paid \$52,731 to the limited liability company as a result of our use of the aircraft.

As a company controlled by the family of its founder, we from time to time employ family members of current and former employees or directors, but only if they are at least as qualified as other applicants. All offers of employment made to family members of current employees must be approved by our CEO.

We employ Karen Jaffee Cofsky on a part-time basis as Vice President of Compensation and Benefits. She is the daughter of Richard M. Jaffee, the Chairman of our Board of Directors. She is also the spouse of Thomas F. Cofsky and the sister of Daniel S. Jaffee, both of whom are named executive officers of the Company. Mrs. Cofsky's compensation is based on her education, experience and the responsibilities of her position. For fiscal 2010, Mrs. Cofsky received a salary of \$77,500 and a cash award of \$25,381 under our annual incentive plan. Mrs. Cofsky also received an executive deferred bonus award of \$7,614 under our annual incentive plan.

Michael A. Nemeroff, a member of our Board of Directors and of its Compensation Committee, is the President and Chief Executive Officer as well as a director of Vedder Price, a law firm that regularly provides services to the Company. During fiscal 2010, we paid Vedder Price \$63,334 for services provided to the Company.

Report of the Audit Committee of the Board of Directors

The Audit Committee is a standing committee of the Board of Directors composed solely of independent directors in compliance with the NYSE Corporate Governance Standards. In accordance with its written charter (which is available on our website at www.oildri.com), the Audit Committee assists the Board in fulfilling its responsibility for monitoring the integrity of our accounting, auditing, financial reporting and internal controls practices, and our compliance with legal and regulatory requirements.

Our management is primarily responsible for our financial statements and reporting process, including our accounting and financial reporting principles, internal control over financial reporting and disclosure controls and procedures. PricewaterhouseCoopers LLP, our independent registered public accounting firm, is responsible for auditing our consolidated financial statements in accordance with the auditing standards of the Public Company Accounting Oversight Board (United States) and for issuing a report on those statements. PricewaterhouseCoopers LLP is also responsible for expressing an opinion on the effectiveness of our internal control over financial reporting. The Audit Committee oversees the financial reporting process on behalf of the Board. The Audit Committee relies on the expertise and knowledge of our management, internal auditors and independent auditor in carrying out its oversight responsibilities.

The Audit Committee reviewed and discussed our audited consolidated financial statements and related footnotes for fiscal 2010 and our independent auditor's report on those financial statements with our management and internal audit manager.

The Audit Committee discussed with PricewaterhouseCoopers LLP the matters required to be discussed by Statement on Auditing Standards No. 61, as amended (AICPA, Professional Standards, Vol. 1. AU Section 380), as adopted by the Public Company Accounting Oversight Board in Rule 3200T.

The Audit Committee has received the written disclosures and the letter from PricewaterhouseCoopers LLP required by the applicable requirements of the Public Company Accounting Oversight Board regarding the independent auditor's communications with the Audit Committee concerning independence and has discussed with PricewaterhouseCoopers LLP its independence.

Based on the foregoing, the Audit Committee recommended to the Board of Directors that our audited consolidated financial statements for fiscal 2010 be included in our Annual Report on Form 10-K for fiscal 2010 filed with the SEC.

EXECUTIVE COMPENSATION

Report of the Compensation Committee of the Board of Directors

The Compensation Committee reviewed and discussed with our management the following Compensation Discussion and Analysis. Based on that review and discussion, the Compensation Committee recommended to the Board of Directors that the Compensation Discussion and Analysis be included in this Proxy Statement.

COMPENSATION COMMITTEE

Allan H. Selig, Chairman

Joseph C. Miller

Michael A. Nemeroff

Compensation Discussion and Analysis

This compensation discussion and analysis presents an overview of our compensation program, focusing on the elements of compensation awarded or paid to our executive officers, including our CEO, Chief Financial Officer and the other executive officers named in the Summary Compensation Table (collectively, “named executive officers”).

Compensation Philosophy and Objectives

Our compensation philosophy is to provide total compensation opportunities, which include base salary, bonus and a full benefits package, that allow us to attract, retain and incentivize the people we need to carry out our strategic plan, mission, goals and values. Our Compensation Committee oversees our philosophies and practices in the area of compensation and benefits (generally with regard to all employees and specifically with regard to our executive officers). Our Compensation Committee ensures that the total compensation paid to our executive officers is fair and reasonable.

Compensation Policy

Our compensation policy is to provide our executive officers and other salaried employees with compensation opportunities that:

- Are competitive with companies of comparable size;
- Align compensation with the Company’s overall performance by including annual incentive opportunities based on Company performance or other pre-determined performance goals and employees’ levels of responsibility; and
- Provide longer-term incentives to executive officers and other senior managers to remain with the Company and contribute to our growth.

When comparing our executive compensation with pertinent market data, we refer to publicly available salary surveys prepared and published by several large consulting firms and other information reflecting a broad range of entities. The surveys we review provide broad-based compensation data for a vast range of positions. We review these surveys and information to obtain a general understanding of current compensation practices for specific positions. On occasion, we also consult with our outside legal counsel whose expertise is in the area of executive compensation. We do not, however, target our executive officers’ compensation at a certain level or

percentage based on other companies' compensation arrangements. Based on our review of these sources, we believe that our compensation policy approximates the median of the marketplace in base salary and the 70th percentile in total cash compensation, if full target bonus is paid under our annual incentive plan.

Overview of Executive Compensation Program and Components

Our compensation program generally provides equivalent benefits for all U.S.-based salaried employees and similar benefits for hourly-paid manufacturing employees. For our senior managers, including our executive officers, we provide additional compensation designed to reward performance and provide retirement benefits commensurate with the executives' earnings during their working lives. For fiscal 2010, the principal components of compensation for our executive officers were:

- Base salary;
- Annual performance-based cash incentive compensation;
- Deferred performance-based cash incentive compensation;
- Retirement benefits; and
- Health and welfare benefits and perquisites.

Base Salary: Prior to the beginning of each fiscal year, our human resources staff presents to our Compensation Committee, for its review and approval, proposed merit increase guidelines and proposed shifts in the mid-points of all salary ranges and any proposed change in salary ranges for the upcoming fiscal year.

Our Compensation Committee determines the base salary and other compensation to be paid to our CEO for the upcoming year and reviews and approves our CEO's goals and objectives for that year. In connection with its review and determination, our Compensation Committee considers the input of the Chairman of our Board of Directors, who conducts a detailed review of the performance of our CEO at the end of each fiscal year and presents that review to our Compensation Committee at its first regular meeting of each fiscal year. At that time, our Chairman also presents his recommendation for any change in base salary or other compensation components for our CEO and his recommendation for our CEO's goals and objectives for the upcoming year.

Our Compensation Committee determines the reasonableness of and approves the compensation of our other executive officers as recommended by our CEO. In connection with such determinations, our CEO reviews the performance of, and proposes salary increases for, all managers who report to him, including executive officers other than himself. Any increases are generally based upon the individual's performance during the previous year and/or any significant change in responsibilities for the upcoming year. Our Compensation Committee reviews the reasonableness of any proposed changes in base salary and the total compensation package provided to our executive officers. In conducting its review and making its determinations, our Compensation Committee reviews a three-year history of base salary, cash incentive bonus targets and payouts, and gains on equity awards, prepared by our human resources staff. During the fiscal year, our CEO may change the base salary of the managers who report to him, including our executive officers, without prior approval of our Compensation Committee, due to significant changes in the individual's responsibilities, to be competitive in the market or for other business reasons. Our CEO did not exercise this authority during fiscal 2010.

On July 1, 2009, prior to the beginning of fiscal 2010, we implemented a one-year salary and wage freeze for all of our employees, including our executive officers. As a result, increases in base salary for the named executive officers were as follows:

Name	Type of Increase	\$ of Increase (1)
Daniel S. Jaffee	None	\$ 0
Andrew N. Peterson	None	\$ 0
Thomas F. Cofsky	None	\$ 0
Charles P. Brissman	None	\$ 0
Jeffrey M. Libert	None	\$ 0

- (1) The “\$ of Increase” is the difference in dollars between the base salary in effect at July 31, 2009 (the end of fiscal 2009) and the base salary in effect at the end of fiscal 2010.

At its October 6, 2010 meeting, our Compensation Committee conducted its annual review of our CEO’s performance and reviewed a report by the Chairman on our CEO’s performance in fiscal 2010. Our Compensation Committee also reviewed the total direct compensation the CEO received in fiscal 2010 (base salary, cash incentive and stock awards). Our Compensation Committee determined that even if full target bonus is paid under our annual incentive plan, additional compensation would be appropriate to ensure that our CEO’s total compensation continues to be fair and reasonable. Our Compensation Committee set our CEO’s base salary for fiscal 2011 at \$425,000, an increase of 6.25%, and granted an additional long-term equity incentive award. This award is described under “Long-Term Equity Incentives” below.

Annual and Deferred Incentive Compensation: Our annual incentive plan provides an opportunity for essentially all salaried employees (including our executive officers) to earn a performance-based cash incentive award. The annual incentive plan involves communication to employees of expectations for the Company’s performance and links Company performance and annual compensation. It provides for broad-based participation, so that each salaried employee recognizes that he or she can contribute to our success.

Our annual incentive plan provides for a target bonus equal to a percentage of each eligible employee’s annual base salary. This percentage is generally determined by salary grade, which reflects the level of responsibility and expected contribution of the employee’s position to our financial results. For employees in the higher salary grades (including our executive officers), a larger proportion of their compensation takes the form of at-risk incentive compensation than is the case for employees in the lower salary grades. For some of these employees, there is also an opportunity to earn an executive deferred bonus award. As part of its annual review of executive compensation, our Compensation Committee sets the bonus opportunity as a percent of base salary for our CEO and determines the reasonableness of the bonus opportunity proposed by our CEO for our other executive officers.

Annual Incentive Compensation: Our annual incentive plan provides for the possibility of awards based on corporate financial performance, special performance (including individual, departmental or divisional performance), or a combination of the two. A corporate financial performance measure has been the performance measure used under our annual incentive plan since fiscal 2001. This measure serves to unite all salaried employees to work together to improve the Company’s performance. Generally, if we meet our corporate financial performance target, full target bonus is paid to each salaried employee. If we fail to meet our corporate financial performance target but meet certain financial performance thresholds, a bonus of less than 100% of target bonus may be paid. If we exceed our corporate financial performance target, bonuses above 100% of target

may be paid; however, no employee can receive a bonus greater than 200% of target under this plan. Employees not exempt from the overtime provisions (“non-exempt employees”) of the Fair Labor Standards Act (the “FLSA”) would earn 100% of target bonus at the threshold level listed below.

Deferred Incentive Compensation: Our annual incentive plan also provides the opportunity for our senior managers, including our executive officers, to earn an executive deferred bonus award. This award is designed to reward and retain talented executives. The annual incentive plan also provides for payout of executive deferred bonus awards upon death, retirement, disability or a change in control of the Company. We have established bookkeeping accounts for all executive deferred bonus awards, which earn interest at a rate equal to our long-term cost of borrowing plus 1%. At our CEO’s request, he was not eligible for an executive deferred bonus award for fiscal 2010. All of our other executive officers were eligible. Executive deferred bonuses awarded for fiscal 2010 performance will be deferred and paid in full at the end of three years (July 31, 2013) if the executive is still employed by us at that time. Although our CEO was not a participant in that portion of our annual incentive plan, our Compensation Committee considered the dollar value of an executive deferred bonus award our CEO would have received had he been a participant in that portion of our annual incentive plan as a reference in awarding him restricted stock under our 2006 Long Term Incentive Plan in October 2010 (as described under “Long-Term Equity Incentives” below).

Operation of the Annual Incentive Plan: At the beginning of each fiscal year, our CEO presents to our Compensation Committee his proposal for the performance measures that will determine calculation of the incentive bonus for that year, along with specific performance targets and payout ranges. Our Chief Financial Officer may participate in this presentation as well. Our Compensation Committee reviews these performance measures, targets and payout ranges and determines their reasonableness as they relate to the total compensation of our executive officers.

For fiscal 2010, the performance measure under the annual incentive plan was our adjusted pre-tax, pre-bonus income as compared with pre-tax, pre-bonus income specified in our fiscal 2010 annual incentive plan. Our adjusted pre-tax, pre-bonus income for fiscal 2010 was determined by adjusting pre-tax income as shown in our fiscal 2010 audited consolidated financial statements as follows: (i) adding the entire amount of annual incentive plan bonus, both cash and executive deferred, awarded for fiscal 2010; and (ii) subtracting the amortization for prior years’ executive deferred bonus awards. As a result of these adjustments, the financial performance measure under the annual incentive plan takes into consideration the full amount of any executive deferred bonus in the fiscal year for which it is awarded, rather than amortizing that bonus over its vesting period.

Under that performance measure and after the effect of the adjustments described above, employees exempt from the overtime provisions of the FLSA (“exempt employees”), including our executive officers, would earn bonuses as shown below:

	Adjusted Pre-Tax Pre-Bonus Income	% of Target Bonus Earned
Threshold	\$ 9,179,000	25%
Target	\$ 13,149,000	100%
Maximum	\$ 23,978,000	200%

Additional targets were also specified. If performance fell between two of the specified targets, the target bonus payment percentage would be prorated. No executive deferred bonus was to be awarded unless 75% of target bonus was earned. Non-exempt employees would earn 100% of target bonus if payout were made at any of the levels listed above.

The bonus opportunity for fiscal 2010 as a percent of base salary for the named executive officers is shown below:

	Bonus Opportunity as a % of Base Salary

- (1) The threshold for payment of a cash bonus was adjusted pre-tax, pre-bonus income corresponding to the achievement of 84% of our fiscal 2010 annual incentive plan. That achievement level would result in payment of 25% of target cash bonus. No executive deferred bonus would be awarded at that level of performance.
- (2) The threshold for payment of an executive deferred bonus award was adjusted pre-tax, pre-bonus income corresponding to the achievement of 95% of our fiscal 2010 annual incentive plan. That achievement level would result in an award of 75% of target bonus for both cash and executive deferred bonuses.

Our CEO may exercise discretion in determining the incentive bonus to be paid under the annual incentive plan to any employee, including our executive officers (except himself), by:

- Increasing or decreasing any participant's percent of corporate financial performance bonus earned by up to 25 percentage points, subject to limitations specified in the annual incentive plan. For example, if according to the corporate financial performance measure, 75% of the corporate financial performance bonus has been earned, our CEO may adjust an individual participant's percent of corporate financial performance bonus earned to as little as 50% or as much as 100%.
- Adjusting individual executive deferred bonus awards downward or upward, based on the participant's individual performance and/or the performance of the participant's department or division.
- Awarding a bonus under the annual incentive plan of up to 25% of target bonus (and up to 100% of target bonus for non-exempt employees) if the Company fails to achieve the minimum performance otherwise required for payment of an award, such discretion having been granted by our Compensation Committee for fiscal 2010.

At its October 6, 2010 meeting, our Compensation Committee also approved an additional adjustment, recommended by our CEO, that reduced the aggregate fiscal 2010 cash bonus payouts to exempt employees under the annual incentive plan (including payouts to our CEO and our other executive officers) by an aggregate amount approximating the amount of a special bonus we paid to our hourly manufacturing employees in early fiscal 2011 in recognition of their sacrifices during the one-year salary and wage freeze described above. Our CEO recommended the additional adjustment to make tangible our exempt employees' appreciation for the sacrifices of their hourly colleagues during the freeze. As a result, our adjusted, pre-tax, pre-bonus income of \$17,104,000 resulted in cash incentive bonuses being paid to exempt employees at 131% of target bonus. Annual cash and executive deferred bonus awards are shown in the Summary Compensation Table in the column captioned "Non-Equity Incentive Plan Compensation."

At its October 6, 2010 meeting, our Compensation Committee also reviewed the annual incentive plan performance measure and targets suggested by our CEO for the fiscal year beginning August 1, 2010 (“fiscal 2011”). The performance measure continues to be corporate financial performance as measured by achievement of target pre-tax, pre-bonus income as specified in the fiscal 2011 annual incentive plan. Annual incentive plan target pre-tax, pre-bonus income for fiscal 2011 will be determined by adjusting pre-tax income as shown in our fiscal 2011 audited consolidated financial statements in the same manner as described above for fiscal 2010.

Retirement Benefits: We seek to retain highly qualified executives, including our executive officers, and reward them for their service, by providing the following retirement benefit plans:

- Defined benefit pension plan;
- Supplemental executive retirement plan (“SERP”);
- Defined contribution retirement plan; and
- Executive deferred compensation plan.

Retirement benefits under these plans are funded by a combination of employer and employee contributions as described below, thus encouraging employees to take an active part in saving for their own retirement years.

- Defined benefit pension plan: All U.S.-based employees participate in our Company-funded defined benefit pension plan. For salaried employees, the pension plan provides for pension benefits based on credited years of service and certain cash compensation (principally, base salary and commissions) earned during the highest paid consecutive five years during the last 10 years of employment. Our hourly-paid manufacturing employees also participate, but with a different pension benefit formula.
- SERP: Our SERP provides benefits that would have been provided under our pension plan absent the Internal Revenue Code of 1986, as amended (the “Code”), limitations on benefits and compensation for purposes of calculating benefits, offset by the actual pension benefits. Benefits under the SERP will be paid from our general assets. All employees whose pension plan benefits are limited by the Code will participate in the SERP. Currently, our CEO and our Chief Financial Officer are the only two participants.
- Defined contribution retirement plan: All U.S.-based employees are eligible to participate in our 401(k) retirement savings plan. Employees may contribute from 2% to 25% of eligible compensation on a tax-deferred basis, subject to Code limits. We make a matching contribution of \$0.50 for each \$1.00 of the first 4% of compensation that employees contribute.
- Executive deferred compensation plan: We provide an executive deferred compensation plan to assist executives and non-employee directors in saving for retirement or other financial needs. All executive officers are eligible to participate in this plan. Participating executives may defer up to 50% of base salary and 100% of annual incentive bonus into the plan. We make no contributions. Executives’ deferrals earn a return equal to our long-term cost of borrowing plus 1%.

Retirement Benefits for the Named Executive Officers shown in the Tables:

- **Summary Compensation Table:** The actuarial change in pension and SERP benefits and earnings in excess of 120% of the applicable federal rate on deferred compensation plan balances are included in the “Change in Pension Value and Nonqualified Deferred Compensation Earnings” column of the Summary Compensation Table. Our contribution to the 401(k) retirement savings plan is included in the “All Other Compensation” column of that table.
- **Pension Benefits Table:** The present value of the accumulated benefits under the pension plan and the SERP is shown in the “Present Value of Accumulated Benefits” column of the Pension Benefits Table.
- **Nonqualified Deferred Compensation Table:** Contributions by the named executive officers to our executive deferred compensation plan are shown in the “Executive Contributions in Last Fiscal Year” column of the Nonqualified Deferred Compensation Table. Earnings on balances in that plan are included in the “Aggregate Earnings in Last Fiscal Year” column of that table.

Other Benefits: We provide health and welfare benefits, including medical and dental coverage and life and long-term disability insurance, which are available to our executive officers on the same terms as they are available to other employees. These benefits help us attract and retain talented employees and provide assistance to current employees and their families.

We provide limited perquisites to our named executive officers to assist them in carrying out their duties. These perquisites may include a car allowance and paid parking. The value of these benefits is included in the “All Other Compensation” column of the Summary Compensation Table.

Employment and Severance Arrangements: We do not generally enter into written employment or severance agreements with our executive officers, nor do we have a severance plan that covers any of our executive officers. We did, however, agree with Charles P. Brissman at the time of his employment that he would receive a minimum of six months severance pay consisting of base salary and medical benefits if he were terminated without cause after two years or more of employment. Our only other provisions for benefits upon termination of employment or change in control are in existing compensation plans and apply to all participants in those plans. For example, our equity incentive plans contain provisions for immediate vesting of benefits upon change in control, retirement, disability or death. The Benefits Upon Termination or Change in Control Table contains additional information concerning benefits upon the termination of employment of the named executive officers.

Long-Term Equity Incentives: We favor performance-based cash incentives under our annual incentive plan over the use of equity incentive compensation. We continue to recognize, however, that long-term equity incentive compensation can be important in attracting and retaining key employees and outside directors. Generally, we limit long-term equity incentive compensation awards to newly hired or promoted employees and to our CEO. Grants to our CEO have historically consisted of annual equity awards associated with his wish to be excluded from the executive deferred bonus portion of our annual incentive plan and periodic, multi-year equity awards intended to provide additional incentive. Our CEO last received a multi-year equity award in 2006. During fiscal 2010, we granted an award of 5,182 restricted shares of Class B Stock to our CEO, representing the dollar value of the executive deferred bonus award he would have received under our annual incentive plan had he been a participant in that portion of the annual incentive plan in fiscal 2009. Those shares will “cliff” vest in full on July 31, 2012. No other equity awards were made during fiscal 2010.

At its October 6, 2010 meeting, our Compensation Committee made two equity incentive awards to our CEO. The first award was a multi-year award of 125,000 restricted shares of Class B Stock under the terms of our 2006 Long Term Incentive Plan. The shares will vest in 20% increments beginning on October 6, 2011, and

on each of the four subsequent anniversaries of that date, provided Mr. Jaffee is employed by us on those dates. In determining the number of shares, our Compensation Committee intended that Mr. Jaffee would not receive a similar multi-year award for five years. Our Compensation Committee also reviewed broad-based surveys of chief executive officer compensation for companies of varying industries and sizes and concluded that when spread over a five-year period, the 125,000 share award would move his total direct compensation closer to the market median. The second award was an award of 4,933 restricted shares of Class B Stock under the terms of our 2006 Long Term Incentive Plan. The second award fulfills the intention of the Compensation Committee stated at its October 15, 2009, meeting to grant our CEO an award equal to the executive deferred bonus award he would have received had he not chosen to be excluded from that portion of our annual incentive plan. The dollar value of the second restricted shares award was calculated to equal the dollar amount of the executive deferred bonus award our CEO would have received under our annual incentive plan as a result of our corporate financial performance in fiscal 2010. That dollar value was then divided by the average closing sale price of the Company's Common Stock for the 30 trading days preceding the date of the grant (approximately \$21.25) to determine the number of restricted shares to be granted. Those shares will "cliff" vest in full on July 31, 2013.

At its October 6, 2010 meeting, our Compensation Committee also stated its current intention to grant to our CEO and our Vice President of Manufacturing and Logistics, at a meeting following the end of fiscal 2011, awards of restricted shares of Class B Stock under the terms of our 2006 Long Term Incentive Plan, if each executive would have received an executive deferred bonus award as a result of our corporate financial performance in fiscal 2011 had they each been participants in that portion of our annual incentive plan. (As was the case in fiscal years 2008 through 2010, our CEO has requested that he not be eligible for an executive deferred bonus award in fiscal 2011. Our Vice President of Manufacturing and Logistics has also made this request for fiscal 2011.) If granted, we anticipate that the number of restricted shares awarded would be determined by dividing the amount, if any, of an executive deferred bonus award each executive would have received under our annual incentive plan for fiscal 2011, had they each been participants in that portion of our annual incentive plan, divided by the average closing sale price of our Common Stock for the 30 trading days preceding the date of the grant (or other similar measure determined to be appropriate by our Compensation Committee).

Equity Grant Practices: We have a formal equity grant policy, adopted by our Board of Directors in 2007, which provides that equity awards generally should be made by our Compensation Committee at a regularly scheduled meeting or by our CEO under limited authority granted to him. Our CEO may make grants of either stock options or restricted stock, but the total number of either stock options or shares of restricted stock that our CEO may grant is limited, and the maximum employee award is designated by the employee's salary grade. Our CEO may generally make awards only four times each year, during the two-week period beginning the third business day following our quarterly earnings release. If the grant date is not a NYSE trading day, then the grant date will be the immediately preceding NYSE trading day. Only our Compensation Committee, however, may make grants to our executive officers or directors or eligible members of their immediate families.

Prior to the adoption of our formal policy, in the case of grants made by our Compensation Committee, the grant date has either been the date our Compensation Committee met and approved grants or signed a unanimous written consent, or a future date specified in our Compensation Committee's resolution, such as the date of hire of a new employee. In the case of grants made by our CEO, the grant date has been the date a formal grant authorization was signed by our CEO. The exercise price has always been the closing sale price of our Common Stock on the date of grant.

Stock Ownership Guidelines: We do not have guidelines or requirements for stock ownership by our executive officers or our directors.

Tax and Accounting Implications

Limitation on Tax Deductibility: Section 162(m) of the Code limits to \$1 million the tax deduction we may take for compensation paid to our CEO and the other named executive officers unless the compensation is “performance-based” and paid under a formal compensation plan that meets the Code’s requirements. Currently, awards made by our Compensation Committee do not qualify for the “performance-based” exception to the limitation on deductibility. Historically, Section 162(m) has not had a material effect on our compensation philosophy, tax planning or financial reporting. To maintain flexibility, however, we have no policy requiring that all compensation paid to the named executive officers be fully deductible.

Nonqualified Deferred Compensation: We intend that all of our benefit plans comply with Section 409A of the Code. We amended and restated all of our benefit plans that include deferred compensation elements in compliance with Section 409A. We believe we have been operating in good faith with Section 409A since its January 1, 2005 effective date.

Accounting for Stock-Based Compensation: We account for stock-based payments under our equity incentive plans in accordance with the requirements of Financial Accounting Standards Board Accounting Standards Codification Topic 718 (“ASC 718”)

- (1) The amounts reported reflect the grant date fair value of awards computed in accordance with ASC 718. For stock awards, the grant date fair value is the number of shares granted multiplied by the closing price of our Common Stock on the award date. For option awards, the grant date fair value is the number of shares granted multiplied by the Black Scholes value. The assumptions used in the Black Scholes calculation are disclosed in Note 8 of the notes to our audited consolidated financial statements included in our Annual Report on Form 10-K for fiscal 2010. The grant date fair value of an award reflects the accounting expense and may not represent the actual value that will be realized. There were no new option awards to our named executive officers during fiscal 2010. The calculation used for this disclosure represents a change from prior proxy statements, where the amounts in these columns reflected the compensation expense recognized in each fiscal year related to all outstanding equity awards regardless of grant date. The calculation has changed in compliance with an SEC rule amendment that requires computation under ASC 718. Also in accordance with this SEC rule, the amounts for fiscal years 2009 and 2008 have been recalculated under ASC 718. As there were no equity awards to any of our named executive officers in fiscal 2009 and fiscal 2008, the amounts recalculated under ASC 718 are zero.

- (2) The 2010 amounts reflect award of 131% of target cash and executive deferred bonuses under our annual incentive plan for fiscal 2010. Cash bonuses earned are paid following completion of the specified fiscal year. Executive deferred bonuses are awarded based on performance during the specified fiscal year and generally vest (become payable) according to a vesting schedule established by our Compensation Committee for each fiscal year's award as described above under "Compensation Discussion and Analysis – Annual and Deferred Incentive Compensation." Executive deferred bonuses awarded for fiscal 2010 vest on July 31, 2013.

The cash and executive deferred bonuses awarded to the named executive officers for fiscal 2010 are shown below. At his request, Mr. Jaffee was not a participant in the executive deferred bonus portion of our annual incentive plan for fiscal 2010.

Pension Benefits for Fiscal 2010

Defined benefit pension plan: All U.S.-based employees participate in our non-contributory, tax-qualified, defined benefit pension plan once they reach age 21 and complete one year of service. For salaried employees, including the named executive officers, the pension plan provides for pensions based on credited years of service (capped at 30 years) and Final Average Compensation.

The normal form of benefit is a life annuity with five years certain, payable at normal retirement age. The standard form of payment for a participant who is married is a 50% joint and survivor annuity. Other forms of benefit are available. Each form of benefit has approximately the same relative value. The formula for computation of the normal form of benefit is:

$$\begin{aligned} & 0.55\% \text{ of Final Average Compensation} \\ + & 0.55\% \text{ of Final Average Compensation which exceeds} \\ & \quad \text{Social Security Covered Compensation} \\ & \text{Multiplied by years of credited service} \end{aligned}$$

Final Average Compensation is the monthly average of the participant's compensation paid during the highest paid consecutive five years during the last 10 years of employment. Compensation for pension plan purposes consists of certain cash compensation, principally base salary and commissions. Social Security Covered Compensation is the average of the taxable wage bases in effect for each calendar year in the 35-year period ending with the year the participant attains Social Security retirement age.

A participant's right to an accrued benefit becomes non-forfeitable after five years of vesting service. Normal retirement age under the plan is age 65, or the date a participant completes five years of vesting service, if later. Salaried participants who have 10 years of service can receive actuarially reduced early retirement benefits as early as age 55. The present value of the accumulated benefit is the same regardless of whether a participant begins to receive benefits at age 65 or at an earlier age. We do not subsidize early retirement benefits.

If a married participant with a non-forfeitable benefit dies prior to commencement of benefit payments, the participant's spouse will be entitled to a survivor annuity equal to the amount the spouse would have been entitled to receive under a 50% joint and survivor annuity.

SERP: Our SERP provides benefits that would have been provided under our pension plan absent Code limitations on benefits and on compensation for purposes of calculating benefits, offset by the actual pension benefits. All employees whose pension plan benefits are limited by those Code limitations may participate in the SERP. Currently, Daniel S. Jaffee and Andrew N. Peterson are the only two participants. Benefits provided under the SERP are paid in five equal annual installments beginning six months after the participant's separation from service; however, if upon termination of employment the present value of the participant's accumulated benefits does not exceed \$50,000, payment will be made in a lump sum, six months after separation from service.

The following table shows the present value of the accumulated benefits under the pension plan and under the SERP for each of the named executive officers. No payments were made to any named executive officer under the pension plan or the SERP during fiscal 2010.

Name	Plan Name	Number of Years of Credited Service (#) (1)	Present Value of Accumulated Benefits (\$) (2)
Daniel S. Jaffee	Pension Plan	22.75	\$ 181,670
	SERP	22.75	\$ 159,541
Andrew N. Peterson	Pension Plan	5.81	\$ 89,110
	SERP	5.81	\$ 507
Thomas F. Cofsky	Pension Plan	23.33	\$ 176,560
Charles P. Brissman	Pension Plan	7.78	\$ 63,073
Jeffrey M. Libert	Pension Plan	20.65	\$ 92,772

- (1) Credited service is actual years of employment with the Company.
- (2) The assumed retirement age used to calculate the actuarial present value for each named executive officer's accumulated benefits is age 65, the age at which each named executive officer would be eligible to receive unreduced benefits. The other assumptions used are the same as those used to prepare the pension disclosures in Note 9 of the notes to our audited consolidated financial statements included in our Annual Report on Form 10-K for fiscal 2010.

Nonqualified Deferred Compensation for Fiscal 2010

We provide an executive deferred compensation plan in which all executive officers and other senior managers are eligible to participate. Participating executives may defer up to 50% of base salary and 100% of annual cash incentive bonus into the plan. The Company makes no contributions. Executives' deferrals earn a return equal to our long-term cost of borrowing plus 1%. Participants are entitled to receive a distribution from their account balances at the earlier of the end of their elected deferral period or upon death or termination of employment prior to age 55. Accounts are distributed in a single lump sum, or in certain circumstances, annual installments over a period of up to 15 years as elected by the participant. In the event of an unforeseen emergency, a participant may apply to the administrative committee of the plan for payment of an amount from the participant's account balance sufficient to satisfy the emergency need. The plan will terminate upon a change in control of the Company. Immediately prior to such a change in control, or as soon as possible following a change in control, each participant will be paid his account balance. Our executive deferred compensation plan is unfunded and subject to the claims of our creditors.

- (1) These plans are our 1995 Long-Term Incentive Plan and 2006 Long Term Incentive Plan.
- (2) Under these plans, awards made to members of the Jaffee family are for shares of Class B Stock. Awards made to other employees or non-employee directors are for shares of Common Stock.
- (3) Prior to issuance of awards under these plans, it is not possible to determine whether awards will be for shares of Common Stock or shares of Class B Stock. Awards made to members of the Jaffee family will be for shares of Class B Stock. Awards made to other employees or non-employee directors will be for shares of Common Stock.
- (4) This plan is our Outside Director Stock Plan that was adopted by our Board of Directors in 1998. The Outside Director Stock Plan provides for grants of stock options to non-employee directors at an option price per share of 100% of the fair market value of Common Stock on the date of grant. Stock options have been granted to our directors for a 10-year term with a one-year vesting period. All stock issued under the plan is issued from shares held in our treasury.

Benefits upon Termination or Change in Control

The following summaries and table set forth potential payments to the named executive officers upon termination of their employment or a change in control of the Company. None of the named executive officers meet the qualifications for normal or early retirement benefits, so those termination scenarios are not shown.

We do not have a severance plan that covers any of the named executive officers and generally have no employment or severance agreements with the named executive officers, except we agreed with Charles P. Brissman at the time of his employment that he would receive a minimum of six months severance pay consisting of base salary and medical benefits if he were terminated without cause after two years or more of employment.

Our only other provisions for benefits upon termination of employment or change in control are in existing compensation plans and apply to all participants in those plans.

- Our annual incentive plan provides for immediate vesting and payment, as allowed by law, of a participant's executive deferred bonus award account upon the participant's death, disability, retirement with age plus years of service equal to 80, or change in control of the Company.
- Our equity incentive plans (the 1995 Long-Term Incentive Plan and the 2006 Long Term Incentive Plan) and the agreements issued under those plans provide for immediate vesting of restricted stock and immediate vesting and exercisability of stock options upon a participant's death, disability or a change in control of the Company. Upon retirement with age plus years of service equal to 80, all stock options become immediately vested and exercisable. Upon any of these termination events, the participant, or his beneficiary in the case of the participant's death, may exercise any outstanding stock options for a period of three years or until their expiration dates, whichever occurs first.

The table below does not include amounts payable to the named executive officers under plans that are generally available on the same basis to all of our salaried employees, such as payments under the pension plan, the 401(k) plan, the life insurance plan, the disability insurance plan and payment of prorated annual incentive compensation. For information regarding pension plan benefits see "Pension Benefits for Fiscal 2010" above.

The table also does not include balances under our executive deferred compensation plan. Those balances and the circumstances under which the named executive officers may receive distributions from that plan are disclosed in the Nonqualified Deferred Compensation Table and the introduction to that table.

The amounts shown assume that each named executive officer's employment terminated on July 31, 2010, the last day of our most recently completed fiscal year, and when applicable, the closing sale price of our Common Stock on July 30, 2010, the last trading day of fiscal 2010, which was \$21.88.
