Forward-Looking Statements

This report contains forward-looking statements within the meaning of the federal securities laws. Ashford Trust cautions investors that any forward-looking statements presented herein, or which management may express orally or in writing from time to time, are based on management's beliefs and assumptions at that time. Throughout this report, words such as "anticipate," "believe," "expect," "intend," "may," "might," "plan," "estimate," "project," "should," "will," "res" similar expressions, which do not relate solely to historical matters, are intended to identify forward-looking statements. Such statements are subject to risks, uncertainties, and assumptions and are not guarantees of future performance, which may be affected by known and unknown risks, trends, uncertainties, and factors beyond Ashford Trust's control. Should one or more of these risks or uncertainties materialize, or should underlying assumptions prove incorrect, actual results may vary materially from those anticipated, estimated, or projected. Ashford Trust cautions investors that while forward-looking statements reflect management's good-faith beliefs at the time such statements are made, said statements are not guarantees of future performance and are affected by actual events that occur after such statements are made. Ashford Trust expressly disclaims any responsibility to update forward-looking statements, whether as a result of new information, future events, or otherwise. Accordingly, investors should use caution in relying on past forward-looking statements, which were based on results and trends at the time those statements were made, to anticipate future results or trends.

Some risks and uncertainties that may cause Ashford Trust's actual results, performance, or achievements to differ materially from those expressed or implied by forward-looking statements include, among others, Ashford Trust's

ability to complete the acquisition of the joint venture partner's interest in PIM Highland Holding LLC or the ability to launch the Ashford Select platform on the terms described above or at all, and those discussed in Ashford Trust's Annual Report on Form 10-K for the year ended December 31, 2013, as updated in its subsequent Quarterly Reports on Form 10-Q. These risks and uncertainties continue to be relevant to Ashford Trust's performance and financial condition. Moreover, Ashford Trust operates in a very competitive and rapidly changing environment where new risk factors emerge from time to time. It is not possible for management to predict all such risk factors, nor can management assess the impact of all such risk factors on Ashford Trust's business or the extent to which any factor, or combination of factors, may cause actual results to differ materially from those contained in any forward-looking statements. Given these risks and uncertainties, investors should not place undue reliance on forward-looking statements as indicators of actual results.
