The Notice contains instructions about how to access the proxy materials via the Internet, how to vote your shares, and how to request a paper or electronic copy of our proxy materials, if you so desire. We believe electronic delivery should expedite the receipt of materials, significantly lower costs and help to conserve natural resources.

Whether you received the Notice or paper copies of our proxy materials, the proxy statement, our annual report to shareholders, and any amendments to the foregoing that are required to be furnished to shareholders, will be available for review online by following the instructions contained in the Notice and proxy card. You also may view our proxy materials at <https://materials.proxyvote.com/19247A>.

If you vote via the Internet, you may incur costs associated with Internet access, such as usage charges from Internet service providers and telephone companies.

OR

• By telephone: Shareholders may vote by telephone by calling 1-800-690-6903. You will need the 12-digit Control Number included on the Notice and proxy card in order to vote by telephone.

If your shares are held indirectly through an account with a bank or broker, you will receive an instruction card and information about how to give voting instructions to your bank or broker.

Voting at Our Annual Meeting

All proxies that have been properly signed and returned and not revoked will be voted in accordance with the instructions provided. If you sign and return your proxy but do not provide voting instructions, the shares represented by such proxy will be voted as recommended by the Board.

If your shares are held in the name of a bank, broker or other holder of record, you must obtain a proxy, executed in your favor, from the holder of record to be able to vote at our Annual Meeting.

Voting on Other Matters

If you sign and return your proxy, and if any other matters are properly presented at our Annual Meeting for consideration, the persons named in the proxy will have the discretion to vote on those matters for you. As of the date that we filed this proxy statement, we were not aware of any other matter to be raised at our Annual Meeting.

Revocation of Proxies

You may revoke your proxy any time before voting is declared closed at our Annual Meeting. You may revoke your proxy by sending a signed proxy card with a later date before voting is declared closed, or by voting in person at our Annual Meeting. You may also revoke your proxy by telephone or the Internet as explained in the Notice and proxy card.

If your proxy is not properly revoked, we will vote your shares as indicated by your most recent valid proxy.

Required Vote

The presence, in person or by proxy, of the holders of a majority in voting power of our issued and outstanding common stock and entitled to vote at our Annual Meeting is necessary to constitute a quorum. Abstentions and “broker non-votes” are counted as present for purposes of determining a quorum. A broker non-vote occurs when a nominee holding shares for a beneficial owner does not have discretionary voting power for a proposal and has not received instructions from the beneficial owner. Under current New York Stock Exchange (“NYSE”) rules, if you do not instruct your broker how to vote with respect to Items 1 and 3, your broker may not vote your shares with respect to such proposals. There cannot be any broker non-votes with respect to Item 2 because brokers have discretion under the NYSE rules to vote uninstructed shares on such proposals.

With respect to Item 1, in an uncontested election of directors, to be elected, a director nominee must receive a majority of the votes cast by holders of our common stock present in person or represented by proxy at our Annual Meeting and entitled to vote on the election of directors (a “majority vote”). Abstentions and broker non-votes are not counted as votes “for” or “against” a director nominee and will have no effect on the outcome of the election. In a contested election of directors, to be elected, a director nominee must receive a plurality of the votes cast by holders of our common stock present in person or represented by proxy at our Annual Meeting and entitled to vote on the election of directors. Under our bylaws, a “contested election” is an election in which, as of the tenth day preceding the date we first transmit our notice of meeting for such annual meeting to our shareholders or at any time thereafter, the number of nominees for director is greater than the number to be elected.

Each incumbent director standing for re-election at our Annual Meeting has agreed to resign, upon acceptance of such resignation by the Board, if such director does not receive a majority vote. The Board must accept or reject such resignation within 90 days following certification of the shareholder vote.

If a director’s resignation is not accepted by the Board, such director will continue to serve until our next annual meeting of shareholders and until his successor is duly elected and qualified or until such director’s earlier death, resignation, or removal. The Board, in its sole discretion, may either (i) fill a vacancy resulting from a failure to receive a majority vote pursuant to the bylaws or (ii) decrease the size of the Board to eliminate the vacancy.

The affirmative vote of holders of a majority in voting power of our outstanding common stock present in person or represented by proxy and entitled to vote on such matter is required to approve Item 2 (ratification of our independent registered public accounting firm) and Item 3 (approval of the compensation of our named executive officers). If you abstain from voting on Items 2 and 3, it will have the same effect as a vote against the proposal. Broker non-votes will have no effect on the outcome of Item 3. Items 2 and 3 are advisory in nature and are non-binding.

Cost of Proxy Solicitation

We will pay the expenses of soliciting proxies. Proxies may be solicited in person or by mail, telephone, facsimile, or other electronic transmission by our directors, officers and employees, without additional compensation. We will reimburse brokers and other custodians, nominees and fiduciaries that are requested to forward soliciting materials to the beneficial owners of the stock held of record by such persons.

List of Shareholders

A list of shareholders entitled to vote at our Annual Meeting will be available at our Annual Meeting and ten days prior to our Annual Meeting at our corporate headquarters, between the hours of 8:45 a.m. and 4:30 p.m. local time, by written request to the Corporate Secretary, Cohen & Steers, Inc., 280 Park Avenue, New York, New York 10017. Requests may also be directed to the Corporate Secretary at (212) 832-3232.

Householding

In order to reduce printing and postage costs, we have undertaken an effort to deliver only one copy of our proxy materials to multiple shareholders of record sharing an address. This delivery method, called “householding,” will not be used if we receive contrary instructions from one or more of the shareholders sharing

an address. If your household has received only one copy of our proxy materials, we will promptly deliver a separate copy of these materials to any shareholder who sends a written request to the Corporate Secretary, Cohen & Steers, Inc., at 280 Park Avenue, New York, New York 10017. Requests may also be directed to the Corporate Secretary at (212) 832-3232. If your household is receiving multiple copies of our proxy materials, and you wish to request delivery of a single copy, you may contact our Corporate Secretary as set forth above. Even if householding is used, a separate proxy card will be provided for each shareholder of record. Each proxy card should be signed, dated, and returned to us.

Voting Results

Broadridge Financial Solutions, Inc. (“Broadridge”) will act as our inspector of election and independent tabulating agent. We will publish the voting results in a current report on Form 8-K, which will be filed with the SEC within four business days of the Annual Meeting.

Confidentiality of Voting

We keep all proxies, ballots, and voting tabulations confidential. However, we permit Broadridge to examine these documents. We have instructed Broadridge to forward us any written comments included on a proxy card.

Annual Report

We make available free of charge through our website at www.cohenandsteers.com, under the heading “Company—SEC Filings,” our annual reports on Form 10-K, quarterly reports on Form 10-Q, current reports on Form 8-K, and any amendments thereto as soon as reasonably practicable after such material is electronically filed with or furnished to the SEC. Further, we will provide without charge to each shareholder upon written request a copy of our annual reports on Form 10-K (including our consolidated financial statements, schedules and list of exhibits), quarterly reports on Form 10-Q, current reports on Form 8-K, and any amendments thereto. Requests for copies should be addressed to the Corporate Secretary, Cohen & Steers, Inc., 280 Park Avenue, New York, New York 10017. Requests may also be directed to the Corporate Secretary at (212) 832-3232. Copies may also be accessed electronically via the SEC’s website at www.sec.gov. Our annual report on Form 10-K for the year ended December 31, 2014 and our 2014 annual report to shareholders shall not constitute a part of the proxy solicitation materials.

PRINCIPAL SHAREHOLDERS

As of March 13, 2015, our chief executive officer, Robert H. Steers, and our executive chairman, Martin Cohen, each directly and indirectly owned approximately 26.3% and 25.2%, respectively, of our outstanding common stock. As long as Mr. Steers and Mr. Cohen together continue to own a majority of the voting power of our common stock, together they will be able to elect our entire Board and to generally determine the outcome of all corporate actions requiring shareholder approval.

ITEM 1:

ELECTION OF DIRECTORS

Our amended and restated certificate of incorporation and bylaws provide that the Board will consist of that number of directors determined from time to time by resolution of the Board. The number of directors is currently fixed at six. Acting upon the recommendation of the Nominating and Corporate Governance Committee (the “Nominating Committee”), the Board has nominated the six individuals named below for election as directors, to hold office until the next annual meeting of shareholders and the election and qualification of their successors. All nominees are standing for re-election.

The proxies solicited hereby, unless directed to the contrary therein, will be voted “FOR” the six director nominees. All such nominees are currently directors of the company. All nominees have consented to being named in this proxy statement and to serve if elected. The Board has no reason to believe that any nominee will be unavailable or unable to serve as a director, but if for any reason any nominee should not be available or able to serve, the shares represented by all valid proxies will be voted by the person or persons acting under said proxy in accordance with the recommendation of the Board.

The Board recommends a vote “FOR” each of the six director nominees.

Information Concerning the Director Nominees

When considering director nominees, the Board and the Nominating Committee consider each nominee’s experience, qualifications, attributes and skills. CORPORATE GOVERNANCE AT COHEN & STEERS

We regularly monitor legal and regulatory developments and review our corporate governance policies, processes and procedures to respond to any such developments. As part of those efforts, we review federal laws affecting corporate governance as well as rules adopted by the SEC and the NYSE.

Corporate Governance Guidelines

The Board has adopted Corporate Governance Guidelines that address the following: (i) director qualification standards, including guidelines for determining independence; (ii) director responsibilities; (iii) director access to management and, as appropriate, independent advisors; (iv) director compensation; (v) director orientation and continuing education; (vi) management succession; and (vii) annual performance evaluations of the Board. Our Corporate Governance Guidelines are available on our corporate website at www.cohenandsteers.com under the heading “Company—Corporate Governance.”

Code of Business Conduct and Ethics

The Board has adopted a Code of Business Conduct and Ethics that applies to our directors, officers, and employees and addresses: (i) conflicts of interest; (ii) corporate opportunities; (iii) confidentiality of information; (iv) fair dealing; (v) protection and proper use of our assets; (vi) compliance with laws, rules and regulations, including insider trading laws; and (vii) reporting illegal or unethical behavior. The Board has also adopted a Code of Ethics for Senior Financial Officers, which is designed to promote honest and ethical conduct and compliance with applicable laws, particularly as related to the maintenance of our financial books and records and the preparation of our financial statements. Our Code of Business Conduct and Ethics and Code of Ethics for Senior Financial Officers are available on our corporate website at www.cohenandsteers.com under the heading “Company—Corporate Governance.” As required by applicable SEC rules and the NYSE listing standards, we will promptly disclose any substantive changes in or waivers of the Code of Business Conduct and Ethics or Code of Ethics for Senior Financial Officers granted to our executive officers, including our principal executive officer, principal financial officer, principal accounting officer or controller, or persons performing similar functions, and our directors by posting such information on our corporate website at www.cohenandsteers.com under the heading “Company—Corporate Governance.”

Shareholders are encouraged to visit the “Corporate Governance” section of the “Company” page of our corporate website at www.cohenandsteers.com for additional information about our Board and its committees and corporate governance at our company.

Director Independence Determination

Under the NYSE listing standards, a director is not considered independent unless our Board affirmatively determines that such director does not have a “material relationship” with the company, either directly or as a partner, shareholder, or officer of an organization that has a relationship with us. In addition, the NYSE has adopted five bright-line independence tests. Each of these tests describes a specific set of circumstances that prohibit a director from being considered independent from our management. For example, a director who is an employee of the company, or whose immediate family member is an executive officer of the company, is not considered to be independent until three years following the end of the employment relationship. The other bright-line independence tests address circumstances involving: (i) the receipt of more than \$120,000 per year in direct compensation from us, except for certain permitted payments such as director fees; (ii) employment by or affiliations with our current or former internal or external auditors; (iii) interlocking directorates; and (iv) certain business relationships involving companies that make payments to, or receive payments from, us above specified annual thresholds. For more information about the NYSE’s bright-line director independence tests, including the NYSE commentary explaining the application of the tests, please go to the NYSE’s website at www.nyse.com.

The NYSE’s director independence requirements are designed to increase the quality of board oversight at listed companies and to lessen the possibility of damaging conflicts of interest. The NYSE listing standards do not define every relationship that will be considered material for purposes of determining a director’s independence from our management. Material relationships may include commercial, industrial, banking, consulting, legal, accounting, charitable, and familial relationships, among others. As the concern is a director’s independence from our management, however, the NYSE does not view the ownership of even a significant amount of our stock, by itself, as a bar to an independence finding. At its meeting on February 26, 2015, the Board made a determination as to the independence of each director nominee. The Board determined that each of Messrs. Rhein, Simon, Villani and Connor do not have a material relationship with us (either directly or as a partner, shareholder or officer of an organization that has a relationship with us) and are independent in accordance with the NYSE listing standards

and the applicable SEC rules. The Board considered, but did not believe to be material, the fact that we, through our advisory clients, have in the past owned shares of common stock of HCP, Inc., a company for which Mr. Rhein serves on the board of directors. Further, the Board considered, but did not believe to be material, the fact that certain members of the Board are investors in certain mutual funds that we manage. Finally, the Board determined that each of Mr. Steers and Mr. Cohen are not independent. None of the directors participated in the determination of his own independence.

Director Nomination Process and Board Diversity

Our Corporate Governance Guidelines contain director selection criteria that apply to director nominees. The Nominating Committee ensures that each director nominee satisfies at least the criteria set forth in the Corporate Governance Guidelines. The minimum qualifications for serving as a director are that a candidate must possess strength of character and demonstrate mature judgment, independence of thought, and an ability to work collegially. Each director must be qualified and able to represent the interests of all of our shareholders.

When identifying director nominees, the Nominating Committee seeks qualified and experienced candidates with backgrounds that support a balance of knowledge, experience, skills, expertise, and diversity appropriate for the Board as a whole. Prior to nominating a new director candidate, the Nominating Committee will consider the collective experience of the existing Board members and consider and evaluate the individual background and qualifications of each director nominee and the extent to which such background and qualifications may benefit the company based on the size and composition of the Board at the time. Based on this evaluation, the Nominating Committee will nominate individuals who it believes will strengthen the Board's ability to serve our shareholders because of their experience and expertise.

The Board believes that diversity is an important component of a board of directors, including diversity of background, skills, experience, gender, race, and ethnicity. Although the company does not have a formal policy regarding director diversity, the Nominating Committee, guided by its charter and the Corporate Governance Guidelines, assesses and considers the diversity of the Board prior to nominating director candidates and seeks to identify and include director candidates who will enhance the Board's diversity. The Board selects candidates on the basis of qualifications and experience without discriminating on the basis of race, color, national origin, gender, sex, sexual preference or religion. We believe our current Board members collectively possess diverse knowledge, expertise and experience in the disciplines that impact our business.

When vacancies on the Board exist or are expected, or a need for a particular expertise has been identified, the Nominating Committee may seek recommendations for director candidates from current directors and management and may also engage a search firm to assist in identifying director candidates. The Nominating Committee will also consider properly submitted shareholder recommendations for director candidates under the same procedure used for considering director candidates recommended by current directors and management. Shareholder recommendations for director candidates should include the candidate's name and specific qualifications to serve on the Board, and the recommending shareholder should also submit evidence of such shareholder's ownership of shares of our common stock, including the number of shares owned and the length of time of such ownership. Recommendations should be addressed to the Corporate Secretary, Cohen & Steers, Inc., 280 Park Avenue, New York, New York 10017.

When a potential director candidate has been identified, the Nominating Committee will review publicly available information about such candidate to assess whether the candidate should be considered further. If the Nominating Committee determines that a candidate warrants further consideration, the chairman of the Nominating Committee, or the chairman's designee, will contact the potential candidate. In general, if a potential candidate expresses a willingness to be considered and to serve on the Board, the Nominating Committee will request information from the candidate and review such candidate's experience and qualifications.

Board Oversight of Risk Management

The Board's role in managing the company's risk is one of informed oversight. The Board assists management in shaping the company's overall risk philosophy and risk tolerance and works with management to set the "tone at the top" such that prudent mitigation of risk is incorporated into business decision-making at the

company. The Board is regularly informed about the most significant risks affecting the company and assesses the appropriateness of management's responses to such risks. As part of this assessment, the Board reviews the company's insurance coverage, including the type and level of insurance coverage, material gaps, if any, and how the company's insurance coverage compares to its industry peers.

Each committee is responsible for evaluating and providing oversight of certain risks. The Audit Committee plays a key role in the oversight of the company's financial risk management function. Management and the company's internal auditors meet with the Audit Committee quarterly to discuss the financial risks facing the company, highlighting any new risks that may have arisen since they last met. The Compensation Committee is responsible for overseeing the management of risks relating to the company's compensation practices and programs. The Nominating Committee manages risks associated with the independence and compensation of members of the Board as well as executive succession planning. While each committee is responsible for evaluating and providing oversight of certain risks, the entire Board is regularly informed of the company's overall risk structure through active participation in such committee meetings and committee reports to the entire Board.

The company operates in a highly regulated industry. In the U.S., we are regulated by the SEC, the Financial Industry Regulatory Authority and the NYSE. Outside the U.S., we are regulated by the Hong Kong Securities and Futures Commission and the United Kingdom Financial Conduct Authority. We have developed compliance programs that are designed to address the company's risk profile and to detect and prevent any wrongdoing by employees. At least quarterly, and more frequently if necessary, we review with the Audit Committee any regulatory or legal matters as well as any related party transactions and material breaches of the company's codes of conduct.

The company, along with its internal auditors, conducts a risk assessment at least annually to identify and evaluate the company's key risks. The results of such assessment are reported to the Audit Committee and the Board. Whenever the company encounters any new risks, such as when the company enters a new or related line of business or develops a new product or service, such initiative is reviewed with the Board and any unique risks associated therewith are reviewed with the Board prior to implementation.

The company has established a global risk management committee composed of senior members of relevant departments of the company as well as other operating committees that regularly assess and evaluate risks related to the company's business and develop plans to manage these risks effectively. Any significant findings or modifications to the risk management profile of the company are reported to the Board.

Board Leadership Structure

Mr. Cohen, co-founder of the company along with Mr. Steers, currently serves as our executive chairman, and Mr. Steers serves as our chief executive officer. Separation of the roles of chairman and chief executive officer has been in place since January 1, 2014. We believe this leadership structure is appropriate for the company and is in the best interests of its shareholders because it allows Mr. Cohen to focus on leading the Board while allowing Mr. Steers to focus on the day-to-day management of the company and execution of the company's strategic initiatives and business plan.

The Board does not currently have a lead independent director. Given the size of the Board, the Board and the Nominating Committee do not believe that there is currently a need for a lead independent director because of the majority independent composition of the Board, the strong leadership and contributions of our independent directors, and the effectiveness of our current corporate governance structures and processes. In addition, the Board and the Nominating Committee do not believe that Mr. Cohen's ability to provide effective oversight is impaired by his relationship to the company.

Executive Sessions

Executive sessions of the non-management directors are held before each regularly scheduled Board meeting. In 2014, the non-management directors held four executive sessions. Any non-management director may request that additional executive sessions be scheduled. Each executive session is chaired by one of the non-management directors on a rotating basis.

Communications with the Board

Individuals may contact the Board, its committees, or any individual director or group of directors by regular mail or e-mail. Correspondence should be sent by regular mail to c/o Cohen & Steers, Inc., 280 Park Avenue, New York, New York 10017 or by e-mail to boardcommunications@cohenandsteers.com.

A member of the Legal department will open all correspondence addressed to directors for the purpose of ensuring correspondence is appropriately directed. All correspondence that is not an advertisement, promotion of a product or service, or patently offensive will be promptly directed to the addressee. If a complaint or concern involves accounting, internal accounting controls, or auditing matters, the correspondence will be directed to the chairman of the Audit Committee and handled in accordance with procedures established by the Audit Committee with respect to such matters.

INFORMATION ABOUT THE BOARD AND ITS COMMITTEES

The Board has three standing committees: the Audit Committee, the Compensation Committee and the Nominating Committee. The current charters for each committee are available on our corporate website at www.cohenandsteers.com under the heading “Company—Corporate Governance.”

The Audit Committee

The Audit Committee is currently composed of Messrs. Rhein (chair), Simon, Villani and Connor, each of whom is independent, and satisfies the requirements of Rule 10A-3 under the Securities Exchange Act of 1934, as amended (the “Exchange Act”). Rule 10A-3 establishes listing standards relating to audit committees with respect to: (i) the independence of audit committee members; (ii) the audit committee’s responsibility to select and oversee our independent registered public accounting firm; (iii) procedures for handling complaints regarding our accounting practices; (iv) the authority of the audit committee to engage advisors; and (v) funding for the independent registered public accounting firm and any outside advisors engaged by the audit committee. The Board has determined that each of Messrs. Rhein and Connor qualifies as an “audit committee financial expert” as defined in the SEC rules and that each of Messrs. Rhein, Simon, Villani and Connor has accounting and related financial management expertise in accordance with the NYSE listing standards.

The Audit Committee’s primary purpose is to assist the Board with its oversight of: (i) the integrity of our financial statements; (ii) the independent registered public accounting firm’s qualifications and independence; (iii) the performance of our internal audit function and independent registered public accounting firm; and (iv) our compliance with applicable legal and regulatory requirements. The Audit Committee also prepares the audit committee report as required by the SEC’s rules for inclusion in our annual proxy statement.

The Audit Committee regularly holds separate sessions with our management, internal auditors, and independent registered public accounting firm.

The Compensation Committee

The Compensation Committee is currently composed of Messrs. Villani (chair), Rhein, Simon and Connor, each of whom is independent under the NYSE listing standards and a “non-employee director” as defined in the applicable SEC rules.

The Compensation Committee is responsible for overseeing our compensation plans and programs and setting the compensation for certain of our executive officers. The Compensation Committee has delegated to Mr. Steers and Mr. Cohen the authority (with certain limitations) to grant awards under our Amended and Restated Stock Incentive Plan (the “Stock Incentive Plan”) to employees who are not Section 16 officers. For additional information on the Compensation Committee’s responsibilities, see “Compensation of Executive Officers—Compensation Discussion and Analysis.”

Compensation Committee Interlocks and Insider Participation

None of the Compensation Committee's members is or has been an officer or employee of the company. None of our executive officers served as a director or a member of a compensation committee (or other committee serving an equivalent function) of any other entity, the executive officers of which served on our Board or as a member of the Compensation Committee during 2014.

The Nominating Committee

The Nominating Committee is currently composed of Messrs. Simon (chair), Rhein, Villani and Connor, each of who is independent. The Nominating Committee is responsible for: (i) assisting the Board in identifying individuals qualified director candidates; (ii) recommending to the Board the director nominees to be elected at annual meetings of shareholders; (iii) recommending to the Board corporate governance guidelines applicable to the company; (iv) leading the Board in its annual evaluation and management's performance; and (v) recommending to the Board nominees for each committee of the Board.

Meetings of the Board and its Committees

The Board met four times during 2014. During 2014, the committees of the Board held the following number of meetings: Audit Committee—nine meetings; Compensation Committee—four meetings; and Nominating Committee—three meetings. During 2014, each director attended at least 75% of the meetings of the Board and each committee on which such director served.

The Board believes that it is important for shareholders to have the opportunity to meet and talk to the independent directors. Therefore, the Board generally schedules a board meeting in conjunction with our annual meetings of shareholders and expects directors, absent valid reasons, to attend the annual meeting of shareholders. All of the members of the Board attended the 2014 annual meeting of shareholders.

Compensation of Directors

The Nominating Committee reviews and recommends to the Board the compensation of our non-management directors. The Nominating Committee generally reviews director compensation every two years to ensure that director compensation remains competitive. As part of this review, the Nominating Committee consults with McLagan Partners ("McLagan") to determine the reasonableness and adequacy of our non-management director compensation. We do not pay additional compensation to our chief executive officer and our executive chairman (who is an executive officer other than one of our named executive officers) for serving as directors.

Each non-management director receives an annual retainer. At its August 7, 2014 meeting, based on the advice of McLagan, the Nominating Committee determined that it was appropriate to increase the annual retainer paid to the non-management directors by \$25,000 from \$145,000 (\$70,000 of which was payable quarterly in cash and \$75,000 of which was payable quarterly in restricted stock units) to \$170,000 (\$70,000 of which is payable quarterly in cash and \$100,000 which is payable quarterly in restricted stock units). The increase was effective beginning with the third quarter of 2014.

The restricted stock units are granted under our Stock Incentive Plan and are 100% vested on the grant date and delivered on the third anniversary of grant date. Dividends on these restricted stock units are paid in cash as and when dividends are paid by us on our common stock. Any fractional shares are paid in cash.

The chair of the Audit Committee receives an additional annual cash retainer of \$15,000, the chair of the Compensation Committee receives an additional annual cash retainer of \$7,500, and the chair of the Nominating Committee receives an additional annual cash retainer of \$5,000. Each member of the Audit Committee (including the chair) receives an additional annual cash retainer of \$15,000, each member of the Compensation Committee (including the chair) receives an additional annual cash retainer of \$7,500, and each member of the Nominating Committee (including the chair) receives an additional annual cash retainer of \$5,000.

Non-management directors are reimbursed for reasonable travel and related expenses associated with attendance at Board or committee meetings as well as reasonable expenses for continuing education programs related to their role as members of the Board.

Non-management directors do not earn separate and additional fees for attending, either in person or telephonically, individual meetings of the Board or its committees. Compensation for participation in such meetings is included in the directors' annual retainers as described above. In addition, non-management directors do not receive any fees or compensation from us other than compensation for serving as a director.

The following table sets forth the compensation paid by us to our non-management directors in 2014.

REPORT OF THE AUDIT COMMITTEE

In accordance with and to the extent permitted by SEC rules, the information contained in the following Report of the Audit Committee shall not be incorporated by reference into any of our future filings made under the Exchange Act, or under the Securities Act of 1933, as amended (the “Securities Act”), and shall not be deemed to be soliciting material or to be filed under the Exchange Act or the Securities Act.

Report of the Audit Committee

The Board has appointed an Audit Committee composed of four directors, each of whom is independent under the NYSE listing standards. The Board has determined that each of Messrs. Rhein and Connor is an “audit committee financial expert,” as that term is defined in the SEC rules.

The Board has adopted a written charter for the Audit Committee. A copy of that charter is available on our corporate website at www.cohenandsteers.com under the heading “Company—Corporate Governance.” The Audit Committee’s job is one of oversight as set forth in its charter. It is not the Audit Committee’s responsibility to prepare our financial statements, to plan or conduct audits, or to determine that our financial statements are complete and accurate and prepared in accordance with generally accepted accounting principles in the United States of America. Management is responsible for preparing our financial statements and for maintaining internal control over financial reporting and disclosure controls and procedures. Our independent registered public accounting firm is responsible for auditing our financial statements and expressing an opinion as to whether those audited financial statements fairly present our financial position, results of operations, and cash flows in conformity with generally accepted accounting principles in the United States of America.

The Audit Committee has reviewed and discussed our audited financial statements for the fiscal year ended December 31, 2014 with management and with Deloitte & Touche LLP, our independent registered public accounting firm.

The Audit Committee has discussed with Deloitte & Touche LLP the matters required to be discussed by Public Company Accounting Oversight Board Auditing Standard No. 16 “Communications with Audit Committees.”

The Audit Committee has received from Deloitte & Touche LLP the written statements required by the applicable requirements of the Public Company Accounting Oversight Board regarding the independent auditor’s communications with the Audit Committee concerning independence, and the Audit Committee has discussed with Deloitte & Touche LLP that firm’s independence. The Audit Committee has concluded that Deloitte & Touche LLP’s provision of audit and non-audit services to the company and its affiliates did not impair Deloitte & Touche LLP’s independence.

Based on the review and discussions referred to above, the Audit Committee has recommended to the Board that the audited financial statements be included in our annual report on Form 10-K for the year ended December 31, 2014 for filing with the SEC.

Section 16(a) of the Exchange Act requires our directors, executive officers and persons who own more than ten percent of a registered class of our equity securities to file reports of holdings of, and transactions in, our common stock with the SEC. EXECUTIVE COMPENSATION

Compensation Discussion and Analysis

Executive Summary

We are committed to creating and maintaining a growing company that is profitable and delivers long-term value for our shareholders. We rely on a highly qualified and experienced management team that is focused on achieving profitable and sustainable financial results, delivering strong investment performance, and expanding investment capabilities to ensure a portfolio of high-quality, attractive products.

We emphasize specific performance measures that are intended to create long-term shareholder value, including profitability, net flows, and assets under management. Our compensation programs, which are designed to reinforce the importance of delivering results that contribute to building long-term value, reward executives for the achievement of these goals.

This section of the proxy statement explains how our named executive officers are compensated. For fiscal 2014, our named executive officers were our chief executive officer, Robert H. Steers, our president, Joseph M. Harvey, our chief financial officer, Matthew S. Stadler, our chief operating officer, Adam M. Derechin and our general counsel, Francis C. Poli.

Compensation Objectives and Philosophy

Our compensation programs are structured to promote our business objectives by:

- Attracting and retaining high-caliber leadership;
- Linking compensation to company, functional, and individual achievements; and
- Aligning our executives' interests with those of our shareholders.

Our executive compensation philosophy recognizes the following:

Compensation should be linked to performance. Compensation levels should reflect the executive's role in achieving our financial and strategic objectives. They should also reflect the executive's leadership skills and overall experience. Other factors to be considered are the executive's retention risk in the highly competitive asset management industry and individual and functional performance. Our weighting toward performance-based variable "at risk" compensation creates opportunity for higher incentive compensation if superior performance is achieved, and lower compensation incentive compensation if our performance goals are not met. For a discussion of the specific performance measures considered by the Compensation Committee in setting the 2014 compensation of our named executive officers, see "2014 Executive Compensation" below.

Compensation levels should be competitive. Our Compensation Committee reviews on an annual basis compensation survey data provided by McLagan, our compensation consultant, to ensure that our compensation programs are competitive in the context of company performance, individual performance and experience, and job responsibilities. The survey data provides a comparison of our compensation levels relative to our industry peers with whom we compete for leadership talent. The Compensation Committee uses this information as a "market check" and as only one factor for evaluating compensation levels.

Equity awards should constitute a significant percentage of total compensation. Restricted stock units constitute a significant percentage of our named executive officers' total compensation. By awarding restricted stock units, we seek to provide our named executive officers with long-term incentive award opportunities that are consistent with awards made by our industry peers and reflect their individual performance. In addition, we believe that awards of restricted stock units further align our executives' interests with those of our shareholders, encourage our executives to develop and lead our business, and promote a commitment to the company's long-term success.

The restricted stock units generally vest ratably over four years, subject to continued employment. There is no required holding period following vesting.

Compensation opportunity in general may change when specific factors warrant such changes. Factors considered in making adjustments to compensation include changes in job responsibilities, the competitive market, the Company's relative positioning as compared to its industry competitors, and other factors that may occur from time to time.

Say-on-Pay and Say-on-Frequency

The Compensation Committee considered the voting results of our most recent shareholder "say-on-pay" vote in determining executive compensation for 2014. A substantial majority of our shareholders (90.04% of the votes cast) approved the compensation of our named executive officers as described in our 2014 proxy statement. Based on this level of support, the Compensation Committee determined that shareholders generally support our compensation practices. Accordingly, our approach to executive compensation for 2014 remained consistent with past practice. The Compensation Committee intends to continue to consider the views of shareholders when establishing, reviewing, and administering the company's compensation programs and practices.

At our 2011 Annual Meeting of Shareholders, a substantial majority of our shareholders (91.3% of the votes cast) voted for "say-on-pay" proposals to occur once every year. In light of this vote, and consistent with our recommendation, the Board determined that it currently intends to include a say-on-pay vote once every year until the next required vote on the frequency of shareholder votes on named executive officer compensation. Accordingly, we are holding the next annual "say-on-pay" vote at this Annual Meeting. We currently expect the next advisory vote on the frequency of shareholder votes on named executive officer compensation to occur at our 2017 Annual Meeting of Shareholders.

Compensation Setting Process

Compensation consultant. The Compensation Committee has sole discretion to retain and terminate compensation consultant(s) to assist in the evaluation of the compensation of our executive officers. In 2014, the Compensation Committee retained McLagan, a leading compensation consulting and research firm, to advise it on matters related to the compensation of our named executive officers and our compensation programs in general. Specifically, McLagan advised the Compensation Committee in determining individual base salaries, incentive performance bonuses, and restricted stock unit award amounts for our named executive officers. McLagan also assisted the Compensation Committee by providing market data on the compensation practices and programs of our peer competitors and guidance on industry trends and best practices. In addition, McLagan assisted the Nominating Committee in setting director compensation.

Under SEC and NYSE rules, the Compensation Committee is required to perform an independence assessment prior to selecting any compensation consultant and must evaluate, at least annually, whether any work provided by such consultant raised any conflict of interest. The Compensation Committee assessed McLagan's independence at its meeting on February 26, 2015. In assessing McLagan's independence, the Compensation Committee examined the services that McLagan provided during fiscal 2014 and determined that neither McLagan nor its affiliates provided any services to the company or any of the company's affiliates other than as set forth herein. Accordingly, the Compensation Committee determined that McLagan is independent and that McLagan's work did not raise any conflict of interest.

The use of market data. The Compensation Committee uses survey data from McLagan as a market reference for its executive compensation programs. Our executive positions are compared against survey data based on what we determine to be positions and responsibilities of similar size, scope, and complexity. In addition, the Compensation Committee reviews compensation data from public and private asset management companies. As the company must compete with other asset management companies for executive talent and must attract and retain critical executive talent with industry-specific skills and experience, the Compensation Committee believes that this comparative data is useful and appropriate in establishing competitive compensation levels for the named executive officers. The Compensation Committee uses this information as a "market check" and as only one factor for evaluating compensation levels.

For fiscal 2014, the Compensation Committee, with advice from McLagan, assessed market pay levels from two comparator groups: (i) 15 public asset management companies; and (ii) 35 asset management companies which, from a size and financial perspective, are more similar to the company.

The 15 public asset management companies included: Affiliated Managers Group, Inc.; AllianceBernstein L.P.; Artisan Partners; BlackRock, Inc.; Calamos Asset Management, Inc.; Eaton Vance Corp.; Federated Investors, Inc.; Franklin Resources, Inc.; GAMCO Investors, Inc.; Invesco Ltd.; Janus Capital Group, Inc.; Lazard Asset Management; Legg Mason, Inc.; T. Rowe Price Group, Inc.; and Waddell & Reed. Role of management. Our senior management, under the leadership of our chief executive officer, plays an important role in establishing and maintaining our compensation programs. Senior management's role includes recommending compensation plans and programs to the Compensation Committee, implementing the Compensation Committee's decisions regarding the plans and programs, and assisting and supporting the Compensation Committee in carrying out its duties.

Our chief executive officer attends selected portions of the Compensation Committee meetings and provides information regarding the individual performance of the other named executive officers, and makes recommendations to the Compensation Committee regarding appropriate compensation levels for all named executive officers other than himself.

Risk considerations. The Compensation Committee has discussed risk as it relates to our compensation programs with management and McLagan, and the Compensation Committee does not believe that our compensation programs encourage excessive or inappropriate risk taking. By utilizing a balanced approach to total compensation, whereby a significant percentage of each named executive officer's total compensation is awarded in restricted stock units and is based on company and individual performance, we seek to align the interests of our named executive officers with the interests of our shareholders.

Elements of Executive Compensation

Our named executive officers' compensation consists of base salary and annual incentive performance bonuses.

Base salary. Annual base salaries are set at levels that are competitive with similar positions at comparable asset management companies. Consistent with industry practice and our pay for performance philosophy, the Compensation Committee sets base salaries for our named executive officers at levels that constitute a low percentage of their total compensation.

While we review base salaries annually, base salaries for our executives are generally increased less frequently. Increases, if any, in our named executive officers' base salaries are made to recognize significant expansion of an individual's responsibilities, outstanding and sustained individual performance, or when industry market data indicates that an individual's salary significantly deviates from market levels. During the six-year period, 2008 through 2013, we did not increase any of the named executive officers' base salaries.

Annual incentive compensation. We award annual incentive performance bonuses to our named executive officers under our Amended and Restated Annual Incentive Plan (the “Annual Incentive Plan”). Annual incentive performance bonuses are designed to link bonuses to individual performance, company performance and long-term increases in shareholder value. Consistent with the company’s pay-for-performance philosophy, incentive performance bonuses represent the largest portion of each named executive officer’s total compensation.

At the beginning of each fiscal year, the Compensation Committee, with input from management, sets the performance criteria, which may be based on the company’s net revenues, income, assets under management, net flows, investment performance and other factors as determined by the Compensation Committee. The Compensation Committee also determines the maximum annual incentive performance bonus for each named executive officer. The maximum annual incentive performance bonuses are expressed as a percentage of our adjusted pre-tax profit. Adjusted pre-tax profit is our pre-incentive and pre-tax income, excluding extraordinary items. The maximum annual incentive performance bonus set for each named executive officer is a cap on the range of compensation that may be paid while maintaining the tax deductibility of the bonus as “performance-based” compensation for purposes of Section 162(m) of the Internal Revenue Code. The actual annual incentive performance bonuses paid to our named executive officers is typically less than the maximum percentages set by the Compensation Committee. The Compensation Committee believes that the company’s bonus structure is in our shareholders’ best interests because it provides for the deductibility of performance-based compensation while allowing the Compensation Committee to appropriately compensate the named executive officers based on the performance of the company and the executive.

After the end of each fiscal year, the Compensation Committee determines the actual annual incentive performance bonus for each named executive officer. In determining actual annual incentive performance bonuses, the Compensation Committee does not rely on predetermined formulas, weighted factors, specific benchmark percentiles or other specific and potentially limiting criteria. Rather, the Compensation Committee considers the overall performance of the company and the individual; industry market data provided by McLagan, our compensation consultant, for our public and private peer competitors; historical compensation levels for each named executive officer; and other factors that the Compensation Committee deems relevant. In addition, the Compensation Committee considers recommendations from our chief executive officer in determining annual incentive performance bonuses for the other named executive officers.

Annual incentive performance bonuses are generally paid in January of the year following the fiscal year performance period and are generally composed of cash and restricted stock units. The Compensation Committee retains the discretion to adjust the cash and equity components of annual incentive performance bonuses from year to year as it deems appropriate.

Mandatory Stock Bonus Program. To retain our named executive officers and promote stock ownership, we mandatorily defer a significant portion of their annual incentive performance bonuses into restricted stock units as required by our Mandatory Stock Bonus Program. Prior to performance year 2012, the company matched 25% of the mandatorily deferred amount in additional restricted stock units. However, at its May 8, 2012 meeting, the Compensation Committee, upon advice from McLagan and management, discontinued the company match commencing with performance year 2012. All historical awards made pursuant to the company match will continue to vest and be delivered in accordance with their terms. Any dividends paid by us on our common stock will be reflected in additional restricted stock units on such deferred amounts and company match. The restricted stock units vest ratably over four years and all accrued dividends vest in a single installment on the fourth anniversary of the grant date. For the amounts mandatorily deferred for each named executive officer, see the tables contained on pages 23 and 24.

Optional Stock Purchase Program. From 2004 through 2012, our named executive officers could voluntarily defer up to 25% of their annual incentive performance bonus into restricted stock units as permitted by our Optional Stock Purchase Program. This voluntary deferral was in addition to the amount that was mandatorily deferred under the Mandatory Stock Bonus Program. Under the terms of our Optional Stock Purchase Program, we matched 25% of the voluntarily deferred amount in additional restricted stock units. Any dividends paid by us on our common stock were reflected in additional restricted stock units on such deferred amounts and company match. The restricted stock units acquired from voluntarily deferred amounts were 100% vested on the grant date

and delivered on the third anniversary of the grant date. The restricted stock units granted as part of the company match, and all accrued dividends, vested and were delivered in a single installment on the third anniversary of the grant date.

At its May 8, 2012 meeting, the Compensation Committee, upon advice from McLagan and management, discontinued the Optional Stock Purchase Program, commencing with performance year 2013. All historical grants made pursuant to the Optional Stock Purchase Program, as well as the company match on such grants, will continue to vest and/or be delivered in accordance with the previous schedule. All of the named executive officers who made an election to voluntarily defer a portion of their 2012 annual incentive performance bonus were permitted to defer such amount, and received a matching contribution from the company on such optional deferred amount. For the amounts deferred under the Optional Stock Purchase Program by certain of our named executive officers with respect to performance year 2012, see the table contained on page 24.

RSU awards. In addition to the mandatorily deferred restricted stock units, as part of their annual incentive performance bonuses, our named executive officers receive additional restricted stock units awarded under our Stock Incentive Plan. The restricted stock units generally vest ratably over four years and, effective August 7, 2014, any dividends paid by us on our common stock are reflected in additional restricted stock units. Prior to August 7, 2014, dividends were paid only when the company paid an extraordinary dividend, as determined in the sole discretion of the Compensation Committee. All accrued dividends vest and will be delivered in a single installment on the fourth anniversary of the grant date.

Other compensation. Our named executive officers are generally eligible to participate, on an elective basis, in two other compensation plans that are generally available to all employees.

The ESPP. We encourage our employees to own stock in the company. Under our Amended and Restated Employee Stock Purchase Plan (“ESPP”), all named executive officers other than Mr. Steers may participate in this plan on the same basis as all other eligible employees. Eligible employees may elect to contribute on an after-tax basis between 1% and 10% of their annual salary and incentive performance bonus to purchase our common stock, subject to a \$25,000 annual Internal Revenue Service maximum. Shares are purchased at a 15% discount from the fair market value of our common stock as determined on the last day of each of the quarterly offering periods.

401(k) Savings Plan. We offer a tax-qualified 401(k) plan to all eligible employees. Employees may elect to contribute on a pre-tax basis between 1% and 100% of their annual base salary to the 401(k) plan, subject to the annual Internal Revenue Service maximum. We match 50% of employee contributions in order to encourage employee participation, with such matching contribution vesting over a five-year period.

2014 Executive Compensation

Chief executive officer. For 2014, the Compensation Committee set Mr. Steers’ base salary at \$750,000, an amount that has remained unchanged since 2008. The Compensation Committee believes that Mr. Steers’ base salary is reasonable and competitive in light of his responsibilities, performance and experience.

On March 14, 2014, the Compensation Committee met and set the 2014 performance criteria for the company and for Mr. Steers. At that meeting, the Compensation Committee also determined that the maximum annual incentive performance bonus for Mr. Steers would be no more than 4.5% of the company’s 2014 adjusted pre-tax profit, subject to the \$10 million individual maximum payment amount set forth in the Annual Incentive Plan. In establishing this percentage, the Compensation Committee expected that the actual annual incentive performance bonus amount awarded to Mr. Steers for the fiscal year would be less than the maximum percentage.

On January 9, 2015, the Compensation Committee met to determine Mr. Steers’ actual 2014 annual incentive performance bonus. As part of this process, the Compensation Committee considered the following factors:

The company’s overall performance during 2014 as measured from a strategic, investment and financial perspective. In particular, the Compensation Committee concluded that in 2014 the company’s financial performance, average assets under management, revenue, and operating income increased from 2013.

Mr. Steers' impact on the company's strategic, investment and financial performance.

Mr. Steers' increased responsibilities as sole chief executive officer.

Mr. Steers' actual compensation during 2013.

Competitive pay levels as measured against the two comparator groups set forth above.

Advice from McLagan.

Based on its overall evaluation of these factors, the Compensation Committee determined that Mr. Steers' annual incentive performance bonus for performance year 2014 should be increased by approximately 11% compared to the amount awarded for performance year 2013, recognizing the company's performance and Mr. Steers' increased responsibilities as sole chief executive officer, and that approximately 62% of such bonus should be mandatorily deferred and paid in restricted stock units.

The table below sets forth total compensation considered and approved by the Compensation Committee for Mr. Steers for the 2014 performance period, but is presented in a format that differs from the amounts required to be disclosed by SEC regulations in the Summary Compensation Table. Total compensation with respect to the 2013 and 2012 performance periods are included for comparative purposes.

Name	Performance Year	Annual Base Salary (\$)	Annual Incentive Performance Bonus				Total Compensation (\$)	
			Cash (\$)	Mandatory RSU Deferral (\$)	Voluntary RSU Deferral (\$)	Voluntary RSU Match (\$)		
Robert H. Steers	2014	750,000	461,250	1,383,750	—	—	405,000	3,000,000
	2013	750,000	365,294	1,254,706	—	—	405,000	2,775,000
	2012	750,000	450,000	1,350,000	—	—	450,000	3,000,000

The restricted stock unit amounts included in the table above for the 2014 performance period were actually granted in January 2015, and therefore, are not reflected in the Summary Compensation Table or the 2014 Grants of Plan-Based Awards table because they were not granted in 2014.

Other named executive officers. Based on the recommendations of Mr. Steers and advice from McLagan, the Compensation Committee decided to increase Mr. Harvey's 2014 base salary from \$500,000 to \$600,000 reflecting an increase in his responsibilities. The Compensation Committee decided not to adjust the base salaries of Messrs. Stadler, Derechin and Poli for 2014 because it determined that their salaries continued to be reasonable and competitive.

On March 14, 2014, the Compensation Committee met and set the 2014 performance criteria for the company and each of Messrs. Harvey, Stadler, Derechin and Poli. At that meeting, the Compensation Committee also determined that the maximum annual incentive performance bonus for each of Messrs. Harvey, Stadler, Derechin and Poli would be no more than 4.0%, 2.5%, 2.5% and 2.5% respectively, of our 2014 adjusted pre-tax profit, each subject to the \$10 million individual maximum payment amount set forth in the Annual Incentive Plan. In establishing these percentages, the Compensation Committee expected that the actual annual incentive performance bonus amounts awarded to each of Messrs. Harvey, Stadler, Derechin and Poli for 2014 would be less than their respective maximum percentages.

On January 9, 2015, the Compensation Committee met and determined the actual 2014 annual incentive performance bonuses for each of Messrs. Harvey, Stadler, Derechin and Poli. In determining these awards, the Compensation Committee considered the following:

Mr. Steers' recommendations and assessments of individual performance.

The company's revenue, average assets under management and operating income for 2014.

Historical annual incentive performance bonuses.

Individual responsibilities.

Competitive pay levels as measured against the two comparator groups set forth above.

▲Advice from McLagan.

As was the case with Mr. Steers, the Compensation Committee determined that the 2014 annual incentive performance bonuses for each of Messrs. Harvey, Stadler, Derechin and Poli should be increased by approximately 17%, 8%, 6% and 7%, respectively, compared to the amounts awarded for performance year 2013, recognizing increases in the company's revenue, operating income, and average assets under management, and with respect to Mr. Harvey, an increase in his responsibilities, and that approximately 34%, 36%, 37% and 38%, respectively, of such bonus amounts should be mandatorily deferred and paid in restricted stock units.

The table below sets forth total compensation considered and approved by the Compensation Committee for each of Messrs. Harvey, Stadler, Derechin and Poli for the 2014 performance period, but this table is presented in a format that differs from the amounts required to be disclosed by SEC regulations in the Summary Compensation Table. Total compensation with respect to the 2013 and 2012 performance periods are included for comparative purposes.

(1) At its May 8, 2012 meeting, the Compensation Committee discontinued the Optional Stock Purchase Program, commencing with performance year 2013. All historical grants made under the Optional Stock Purchase Program, as well as the company match on such grants, will continue to vest and be delivered in accordance with the terms of the awards. Further, all employees who made an election to voluntarily defer a portion of their 2012 annual incentive performance bonus were permitted to defer such optional deferred amount, and received a matching contribution from the company on such optional deferred amount.

The restricted stock unit amounts included in the table above for the 2014 performance period were actually granted in January 2015, and therefore, are not reflected in the Summary Compensation Table or the 2014 Grants of Plan-Based Awards table because they were not granted in 2014.

Benefits and Perquisites

Our named executive officers are eligible to receive the same benefits and perquisites that are offered to all of our other employees.

Pension Benefits

Other than our broad-based 401(k) plan, we do not sponsor any pension plans.

Hedges of the Company's Stock

Our employees including our named executive officers are prohibited from engaging in any transaction intended to hedge or minimize losses in our securities, including engaging in transactions in puts, calls or other derivatives on our securities, or short-selling our securities or "selling against the box" (i.e., failing to deliver sold securities).

Forfeiture/Clawback

At the discretion of the Compensation Committee, awards made under the Annual Incentive Plan and Stock Incentive Plan may be subject to reduction, cancellation, forfeiture or recovery upon the occurrence of certain specified events, in addition to any other applicable vesting or performance conditions of an award. Such events may include, but are not be limited to, termination of employment for cause, termination of the executive's provision of services to the company, breach of noncompetition, confidentiality, or other restrictive covenants that may apply to the executive, or restatement of the company's financial statements to reflect adverse results from previously released financial statements, as a consequence of errors, omissions, fraud, or misconduct.

Stock Ownership Guidelines

The company believes that its named executive officers should own a meaningful number of shares in the company to more closely align their interests with our shareholders. The company has not adopted stock ownership guidelines requiring its named executive officers and directors to own a certain amount of company stock because our executive officers continue to own a substantial percentage of our stock. Our chief executive officer, together with our executive chairman, owns a majority of our outstanding stock, aligning their interests with our other shareholders. In addition, the other named executive officers currently own shares with a value exceeding their current base salaries.

Termination and Change in Control Arrangements

Under the terms of the restricted stock unit award agreements between the company and each of the named executive officers, upon a change in control (as such term is defined in the Amended and Restated Stock Incentive Plan) of the company, all unvested restricted stock units held by any named executive officer will immediately vest in full if such executive's employment is terminated by the company without cause or by the executive for good reason (as such terms are defined in the restricted stock unit award agreements) within the two-year period following a change in control of the company. This "double trigger" provision is designed to ensure that our named executive officers are able to make objective business decisions that are in the best interests of our shareholders in connection with a potential change in control by addressing the personal uncertainties created by a change in the majority ownership of our company from Mr. Steers and Mr. Cohen. For additional information on the accelerated vesting of restricted stock units upon a change in control of the company, see "Accelerated Vesting of Restricted Stock Units" below.

In addition, pursuant to the terms of his employment agreement, Mr. Steers is entitled to certain payments and benefits upon the occurrence of specified events, including termination of employment (with and without cause). The specific terms of his respective employment agreement is described below under "Employment Agreement with Robert H. Steers" below. The terms his employment agreement were determined through arms-length negotiations at the time of our initial public offering in 2004. As part of these negotiations, the company analyzed the terms of the same or similar arrangements for comparable executives employed by comparable companies in determining the amounts payable and the triggering events upon termination of employment or a change in control.

An estimate of the compensation that would have been payable to our named executive officers upon a change in control or termination of employment, as if each termination event occurred as of December 31, 2014, is described below under "Potential Payments upon Termination or Change in Control."

Section 162(m) Compliance

Section 162(m) of the Internal Revenue Code prohibits a federal income tax deduction for compensation exceeding \$1,000,000 paid to the named executive officers unless such compensation qualifies as “performance based.” Performance-based compensation means any compensation that is paid pursuant to pre-established objective performance goals that are based on criteria approved by the shareholders and that is determined and administered by the Compensation Committee. Performance-based compensation is excluded from the \$1,000,000 limitation and should be tax deductible.

Our compensation plans are structured so that all amounts paid under those plans to our named executive officers should generally be fully deductible. On an annual basis, the Compensation Committee establishes performance criteria in an effort to ensure the tax deductibility of performance-based awards made to our named executive officers under the Annual Incentive Plan and our Stock Incentive Plan. Accordingly, all such compensation paid in 2014 should be deductible by us. However, based on the complexity of our business, the rapidly changing nature of the industry, as well as the continued competitive market for outstanding leadership talent, we believe it may be appropriate and competitive from time to time to consider certain compensation even though it may not be fully tax deductible.

REPORT OF THE COMPENSATION COMMITTEE

In accordance with SEC rules, the following Compensation Committee Report shall not be incorporated by reference into any of our future filings made under the Exchange Act or under the Securities Act and shall not be deemed to be soliciting material or to be filed under the Exchange Act or the Securities Act.

The Compensation Committee has reviewed and discussed the Compensation Discussion and Analysis required by Item 402(b) of Regulation S-K with management and, based on such review and discussions, the Compensation Committee recommended to the Board that the Compensation Discussion and Analysis be included in this proxy statement and in our annual report on Form 10-K for the year ended December 31, 2014, as incorporated by reference to this proxy statement.

- (1) The annual incentive performance bonus for each of the named executive officers is reported in this Summary Compensation Table in the columns entitled “Non-Equity Incentive Plan Compensation” and “Stock Awards.” The amounts in this column reflect the aggregate grant date fair value of restricted stock units granted in the fiscal year noted for each of the named executive officers (but not necessarily the performance year in which they were earned because the company typically grants stock awards in January of the year following the performance year) in accordance with ASC Topic 718. The grant date fair value was determined using the average of the high and low stock price for the shares of the company’s common stock on the date of grant. The 2014 Grants of Plan-Based Awards table contained in this proxy statement discloses the number and grant date fair value of restricted stock units granted in fiscal year 2014 to each of the named executive officers for fiscal 2013 performance.
- (2) The named executive officers received no perquisites or other personal benefits that were not otherwise offered to all of our other employees.

Also includes the value realized on 2,323 dividend equivalent restricted stock units that were delivered in 2014 for Mr. Harvey. No portion of any earnings would be considered above-market or preferential, and accordingly, no earnings are reflected in the Summary Compensation Table.

(2) Represents the value realized on 11,099 vested restricted stock units for Mr. Harvey that were delivered in fiscal 2014, plus the value realized on 2,323 dividend equivalent restricted stock units thereon for Mr. Harvey.

Represents the value of 18,728 and 5,992 vested and undelivered restricted stock units for each of Messrs. Harvey and Derechin as of December 31, 2014. With respect to these restricted stock units, \$625,000 and \$200,000, respectively, has been previously reported in the "Non-Equity Incentive Plan Compensation" column of the Summary Compensation Table. The values set forth in this column are based on the closing price of our common stock of \$42.08 on December 31, 2014. Upon executive's termination for any reason prior to the delivery date, the underlying shares of common stock will not be delivered and the executive will instead be paid the original deferral amount (\$625,000 and \$200,000 for Messrs. Harvey and Derechin, respectively) in cash six months following the date of termination.

Assumptions. Below is a description of the assumptions that were used in determining the potential payments set forth in the tables above. Unless otherwise noted, the following descriptions are applicable to all of our named executive officers.

Excise Tax Gross-Up. Upon the termination of employment of Mr. Steers by the company without cause (as such term is defined in his employment agreement) or by Mr. Steers for good reason (as such term is defined in his employment

agreement), each within the two- year period following a change in control (as such term is defined in his employment agreement) of our company, we have agreed to reimburse Mr. Steers for all excise taxes that are imposed on him under Section 4999 of the Internal Revenue Code and any income, employment and excise taxes that are payable by him as a result of reimbursements for Section 4999 excise taxes. The Section 4999 gross-up amount set forth in the table above assumes that Mr. Steers is entitled to a full reimbursement by us of (i) any excise taxes that are imposed upon him as a result of a change in control, (ii) any income, employment and excise

38

taxes imposed upon him as a result of our reimbursement of the excise tax amount, and (iii) any additional income, employment and excise taxes that are imposed upon him as a result of our reimbursement of any excise, employment or income taxes. The calculation of the Section 4999 gross-up amount set forth in the table above is based upon a Section 4999 excise tax rate of 20%, a 39.6% federal income tax rate, a 1.45% Medicare tax rate, a 0.9% Medicare surcharge and the applicable state and local income tax rates. The discount rates used to compute the present value of accelerated payouts or accelerated vesting are determined by the Internal Revenue Service (120% of the applicable federal rates compounded semi-annually for December 2014 as referenced in Table 1 of Revenue Ruling 2014-31). For purposes of the Section 4999 calculation, we have assumed that no amounts will be discounted as attributable to reasonable compensation and no value will be attributed to Mr. Steers executing a non-competition agreement.

Accelerated Vesting of Restricted Stock Units. Under the terms of the restricted stock unit award agreements between the company and each of the named executive officers, all unvested restricted stock units held by the named executive officers will immediately vest in full if such executive's employment is terminated (i) by us without cause (as defined below) or by the executive for good reason (as defined below), each within the two year period following a change in control (as defined below) of our company or (ii) at any time due to the executive's death or disability (as defined below).

With respect to vested restricted stock units granted under the Optional Stock Purchase Program, if the executive's employment is terminated for any reason, the underlying shares of common stock will not be delivered, and the executive will instead be paid the original deferral amount(s) in cash six months following the date of termination. A termination is for "cause" if it is for any of the following reasons: (i) the executive's continued failure substantially to perform the executive's duties to us (other than as a result of total or partial incapacity due to physical or mental illness) for a period of 10 days following written notice by us to the executive of such failure, (ii) the executive's engagement in conduct inimical to our interests, including without limitation, fraud, embezzlement, theft or dishonesty in the course of the executive's employment, (iii) the executive's commission of, or plea of guilty or nolo contendere to, (A) a felony or (B) a crime other than a felony, which involves a breach of trust or fiduciary duty owed to us or an affiliate, (iv) the executive's disclosure of our or our affiliates' trade secrets or confidential information, or (v) the executive's breach of any agreement with us or an affiliate, including, without limitation, any agreement with respect to confidentiality, nondisclosure, non-competition or otherwise.

A termination is for "good reason" if it is for any of the following reasons: (i) the failure by us or one of our affiliates to pay or cause to be paid the executive's base salary or annual bonus (to the extent earned in accordance with the terms of any applicable annual bonus or annual incentive arrangement), if any, when due or (ii) any substantial and sustained diminution in the executive's authority or responsibilities; provided that either of the events described in clauses (i) and (ii) of this sentence shall constitute "good reason" only if we and our affiliates fail to cure such event within 30 days after receipt from the executive of written notice of the event which constitutes good reason; provided, further, that "good reason" shall cease to exist for an event on the 60th day following the later of its occurrence or the executive's knowledge thereof, unless the executive has given us written notice thereof prior to such date.

A "change in control" means the occurrence of any of the following events: (i) the complete liquidation of our company or the sale or disposition, in one or a series of related transactions, of all or substantially all, of our assets to any "person" or "group" other than certain permitted holders; (ii) any person or group, other than the permitted holders, is or becomes the beneficial owner of our securities representing both (A) 20% or more of the combined voting power of the then outstanding securities of our company and (B) more of the combined voting power of the then outstanding securities of our company than Mr. Steers and Mr. Cohen in the aggregate; (iii) during any period of twenty-four consecutive months, individuals who at the beginning of such period constituted the board cease for any reason to constitute a majority of the board, then in office; or (iv) the consummation of any transaction or series of transactions resulting in a merger, consolidation or amalgamation, in which we are involved, other than a merger, consolidation or amalgamation which would result in our shareholders immediately prior thereto continuing to own, in the same proportion as immediately prior to the transaction(s),

more than 50% of the combined voting power of our voting securities or such surviving entity outstanding immediately after such merger, consolidation or amalgamation.

“Disability” means the inability of the employee to perform in all material respects his or her duties and responsibilities to the company by reason of a physical or mental disability or infirmity which inability is reasonably expected to be permanent and has continued (i) for a period of six consecutive months or (ii) such shorter period as the Compensation Committee may reasonably determine in good faith. The disability determination is made in the sole discretion of the Compensation Committee.

Employment Agreement with Robert H. Steers

We have entered into an employment agreement with Mr. Steers. The employment agreement sets forth the terms of Mr. Steers’ employment with the company. The employment agreement provides for an initial three-year employment term, which term automatically extends for additional one-year periods unless either party gives the other party 60 days’ prior written notice of such party’s intention not to extend the employment term.

The employment agreement provided for an initial annual base salary of \$500,000 or such other amount that may be determined in the sole discretion of the Board (which amount was adjusted to \$750,000 effective January 1, 2008), and an annual incentive performance bonus as approved in the discretion of the Compensation Committee.

During the term, Mr. Steers will be entitled to:

- employee benefits that are no less favorable than those employee benefits provided to him before the company’s initial public offering; and
- participate in all of our employee benefit programs on a basis which is no less favorable than is provided to any of our other executives.

Termination of employment

Death or disability. Pursuant to the employment agreement, if Mr. Steers’ employment terminates prior to the expiration of the term due to his death or disability (as such term is defined in the employment agreement), then he (or his estate, as the case may be) is entitled to receive the following “Accrued Rights”:

a lump sum payment equal to his target annual incentive performance bonus (\$1,000,000) for the fiscal year in which termination occurs, payable when the annual incentive performance bonus would have otherwise been payable had his employment not terminated;

any accrued, but unpaid, base salary through the date of termination;

any accrued and earned, but unpaid, annual incentive performance bonus for any previously completed fiscal year;

reimbursement for any unreimbursed business expenses properly incurred prior to the date of termination; and

such employee benefits, if any, as to which Mr. Steers may be entitled under any employee benefit plan of the company and its affiliates.

Without cause or resignation for good reason. Pursuant to the employment agreement, if Mr. Steers’ employment is terminated prior to the expiration of the term by us without cause (as such term is defined in the employment agreement) or by Mr. Steers for good reason (as such term is defined in the employment agreement) or if we elect not to extend the term of the employment agreement (each a “qualifying termination”), then Mr. Steers is entitled to receive, subject to his compliance with certain restrictive covenants:

a lump sum payment equal to two times (three times in the case of a qualifying termination that occurs on or following a change in control (as such term is defined in our Stock Incentive Plan)) the sum of Mr. Steers’ annual base salary and target annual incentive performance bonus for the fiscal year in which termination occurs. Any termination by us without cause within six months

prior to a change in control will be deemed to be a termination of employment on the date of such change in control. Any amounts paid by the company pursuant to this clause will be reduced by the present value of any other cash severance or termination benefits payable to Mr. Steers under any other plan, programs or arrangements of the company or its affiliates; and

the Accrued Rights.

For cause or resignation without good reason. Pursuant to the employment agreement, if Mr. Steers' employment is terminated prior to the expiration of the term by us for cause or by Mr. Steers without good reason, then Mr. Steers is entitled to receive only the Accrued Rights. The employment agreement generally provides that, if Mr. Steers' employment terminates for any reason other than by us for cause, Mr. Steers and his spouse and dependents are entitled to continued coverage under our medical plans in which he was participating at the time of such termination for the remainder of his life, subject to payment by him of the same premiums he would have paid during such period of coverage if he were an active employee. In addition, the employment agreement provides that, in the event payments under an employment agreement or otherwise result in an excise tax to Mr. Steers, he is entitled to receive a gross-up payment equal to the amount of the excise tax, as well as the excise tax and income tax on the gross-up payment.

The employment agreement also provides that upon a termination of Mr. Steers' employment for any reason, Mr. Steers generally retains the right to use his name in connection with future business ventures.

Restrictive covenants

Non-competition and non-solicitation. Pursuant to the employment agreement, if Mr. Steers' employment is terminated by us for cause or by him without good reason or Mr. Steers elects not to extend the term of the employment agreement, for one year following such termination of employment, Mr. Steers is generally prohibited from: initiating contact with or seeking to provide investment advisory services to certain persons to whom we or any of our affiliates render such services;

soliciting or seeking to induce or actually inducing certain of our employees or employees of our affiliates to discontinue such employment or hiring or employing such employees;

directly or indirectly engaging in any business that competes with our business or the business of our affiliates within the United States or any other country in which we or our affiliates are conducting business at the time of determination;

acquiring a financial interest in, or otherwise becoming actively involved with, any competitive business; and interfering with, or attempting to interfere with, business relationships between us or any of our affiliates and our customers, clients, suppliers, partners, members or investors.

Confidentiality, Intellectual Property and Non-Disclosure. Mr. Steers is subject to customary confidentiality, intellectual property and non-disclosure provisions, including provisions which, in general, prohibit him from disclosing, retaining or using for his or any other person's benefit confidential or proprietary information of the company and provisions which, in general, require him to assign, transfer and convey to us all rights to, including intellectual property rights, any works of authorship, inventions, intellectual property, materials, documents or other work product created by him during his employment with the company.

If Mr. Steers breaches any of the restrictive covenants, in addition to any remedies at law, he agreed that we will be entitled to cease making any payments or providing any benefit otherwise required by the employment agreement and obtain equitable relief in the form of specific performance, temporary restraining order, temporary or permanent injunction or any other equitable remedy which may then be available.

General provisions

In the event of a dispute between us and Mr. Steers arising under or related to his employment agreement, we have agreed to pay any legal fees and expenses reasonably incurred by him in connection with such dispute if he prevails in substantially all material respects on the issues presented for resolution.

CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS

Approval or Ratification of Related Party Transactions

We have adopted a written policy whereby all employees, directors and certain other related parties (as defined in paragraph (a) of Item 404 of Regulation S-K) who have a direct or indirect interest in a transaction or agreement in which we are a participant (regardless of the dollar amount involved in the transaction or whether the transaction must be disclosed publicly by us, but excluding all typical employee/employer transactions such as compensation or participation in any of the benefit plans we sponsor) must promptly disclose the facts and circumstances of that transaction or agreement to our general counsel. The general counsel will promptly communicate all such information to management and the Audit Committee. Management, in consultation with the Audit Committee, will then determine whether the transaction may be consummated or permitted to continue.

If such transaction or agreement is a “related party transaction” as defined under Item 404(a) of Regulation S-K, then such transaction may not be consummated or continue without the approval or ratification of the Audit Committee. Members of the Audit Committee interested in a related party transaction must recuse themselves from any such vote. For these purposes, a “related party transaction” is any transaction (i) that is reportable by us under paragraph (a) of Item 404 of Regulation S-K, (ii) in which we were or are to be a participant, (iii) in which the amount involved exceeds \$120,000 and (iv) in which any related party had or will have a direct or indirect material interest.

Transactions or other arrangements between us and our clients, including registered investment companies for which we serve as an investment advisor, need not be approved or ratified. In addition, asset management or other financial service relationships (such as those involving investments in our various funds, investment vehicles or accounts) provided either by or to us and involving a director or employee (or his or her immediate family members, or a company or charitable organization of which the director or employee or an immediate family member is (or, at the time of the transaction, was) a partner, shareholder, officer, employee or director) need not be approved or ratified so long as the products and services are being provided in the ordinary course of business and on substantially the same terms and conditions, including price, as would be available to similarly situated customers.

Company-sponsored Funds

Mr. Steers, our chief executive officer, serves as chairman of each of the company’s open-end and closed-end funds. Mr. Harvey, our president, serves as a vice-president of each of the company’s open-end and closed-end funds and as director of each of the company’s closed-end funds and certain of the company’s open-end mutual funds. Mr. Derechin, our chief operating officer, serves as chief executive officer and president of each of the company’s open-end and closed-end funds. Messrs. Steers, Harvey and Derechin do not receive additional compensation for their services from any of company-sponsored mutual fund. Certain members of the Board are investors in certain mutual funds that we manage.

S-corporation Distributions and Tax Indemnification Agreement

Prior to our initial public offering in 2004, we were treated for federal and certain state income tax purposes as an S-corporation under Subchapter S of the Internal Revenue Code. As a result, our earnings were taxed, with certain exceptions, directly to our shareholders, Mr. Steers and Mr. Cohen, rather than to us, leaving our shareholders responsible for paying income taxes on these earnings. We historically paid distributions to our shareholders to enable them to pay their income tax liabilities resulting from our status as an S-corporation and, from time to time, to distribute previously undistributed S-corporation earnings and profits.

In connection with the termination of our S-corporation status, we entered into a tax indemnification agreement with Mr. Steers and Mr. Cohen. Although we believe that we met the requirements to be taxed as an S-corporation for the applicable years, the agreement provides that, among other things, each of Mr. Steers and Mr. Cohen will indemnify us for any additional U.S. federal and state income taxes, including interest and penalties,

incurred by us if for any reason we are deemed to have been a C-corporation during any period in which we reported our taxable income as an S-corporation. The tax indemnification obligations of Mr. Steers and Mr. Cohen is limited to the aggregate amount of all distributions we made to them to pay taxes for the taxable years for which we reported our taxable income as an S-corporation but are deemed to have been a C-corporation.

The agreement also provides for payment by Mr. Steers and Mr. Cohen to us and by us to Mr. Steers and Mr. Cohen to adjust for any increases or decreases in tax liability arising from a tax audit that affects our tax liability and results in a corresponding adjustment to the tax liability of Mr. Steers and Mr. Cohen. We have agreed to increase, or gross up, our indemnification payments to Mr. Steers and Mr. Cohen to the extent necessary to take into account the increase in current tax liability incurred by Mr. Steers and Mr. Cohen on account of the indemnification payments. The amount of any payment may not exceed the amount of benefit received by us or Mr. Steers and Mr. Cohen, as the case may be, attributable to such adjustment in tax liability.

Registration Rights Agreement

In connection with our initial public offering in 2004, Mr. Steers and Mr. Cohen entered into a registration rights agreement with us pursuant to which we granted Mr. Steers and Mr. Cohen and certain of their affiliates and transferees the right, as described below, to require us to register under the Securities Act shares of our common stock (and other securities convertible into or exchangeable or exercisable for shares of our common stock) held by them. Such registration rights are generally available to the rights holders until registration under the Securities Act is no longer required to enable the rights holders to resell the registrable securities owned by them.

The registration rights agreement provides, among other things, that we will pay all expenses in connection with the first ten demand registrations requested by the rights holders and in connection with any registration commenced by us in which the rights holders participate through “piggyback” registration rights granted under such agreement. We have the right to postpone any demand registration (i) if registration would require an audit of us other than our regular audit of the company conducted at our fiscal year end, (ii) if another registration statement which was not effected on Form S-3 has been declared effective under the Securities Act within 180 days or (iii) for a period of 90 days, if our Board determines that it is in our best interests to do so. The rights of the rights holders to exercise their “piggyback” registration rights are subject to our right to reduce on a pro rata basis among all requesting holders the number of requested shares of common stock to be registered if in the opinion of the managing underwriter the total number of shares to be so registered exceeds that number which may be sold without having an adverse effect on the price, timing or distribution of the offering of the shares.

(4) "All Other Fees" consisted of the procurement of an on-line accounting research tool offered by Deloitte & Touche LLP to its clients.

Audit Committee Pre-Approval Policy

In accordance with our Audit Committee Pre-Approval Policy (the "Pre-Approval Policy"), all audit and permitted non-audit services during fiscal 2014 and 2013 performed for us by Deloitte & Touche LLP were pre-approved by the Audit Committee, which concluded that the provision of such services by Deloitte & Touche was compatible with the maintenance of Deloitte's independence in the conduct of its auditing functions.

The responsibility for pre-approval of audit and permitted non-audit services includes pre-approval of the fees for such services (even though pre-approval of fees is not specifically required by the SEC rules) and the other terms of the engagement.

At the first meeting of each fiscal year, and periodically as it deems necessary, the Audit Committee reviews and pre-approves all audit, audit-related, tax and all other services that we expect to be performed by our independent registered public accounting firm for such fiscal year. The term of any pre-approval is 12 months from the date of pre-approval, unless the Audit Committee specifically provides for a different period.

Pursuant to its charter, the Audit Committee has delegated to its chairman the authority to pre-approve any services under the Pre-Approval Policy. The chairman must report any pre-approvals granted under the Pre-Approval Policy to the Audit Committee at its next scheduled meeting. In the event that fees for any one service exceed \$50,000, or if fees for multiple services exceed \$100,000 in the aggregate, during any one quarter, pre-approval by the chairman of the additional services should be communicated to the Audit Committee prior to the next scheduled meeting.

ITEM 3:

NON-BINDING ADVISORY VOTE ON EXECUTIVE COMPENSATION

Pursuant to Section 14A of the Exchange Act, we are including a separate proposal to shareholders, for a non-binding advisory vote to approve the compensation of our named executive officers as disclosed under “Compensation of Executive Officers.” The text of the resolution in respect of Item 3 is as follows:

“RESOLVED, that the compensation paid to the company’s named executive officers as disclosed in the 2015 proxy statement pursuant to SEC rules, including the Compensation Discussion and Analysis, compensation tables, and any related narrative discussion set forth in such proxy statement, is hereby APPROVED.”

In considering their vote, shareholders should review with care the information on our compensation policies and decisions regarding the named executive officers presented in the Compensation Discussion and Analysis set forth above.

In particular, shareholders should note that the Compensation Committee bases its executive compensation decisions on the following:

• Compensation should be linked to individual and company performance;

• Compensation should be competitive; and

• Equity awards, in the form of forfeitable restricted stock units that vest over several years, should be a significant part of total compensation.

While the results of the vote are non-binding and advisory in nature, the Board intends to carefully consider the results of the vote.

At our 2014 Annual Meeting of Shareholders, 90.04% of the votes cast by our shareholders approved the compensation of our named executive officers described in our 2014 proxy statement. The Compensation Committee believes this affirms our shareholders’ support of our approach to executive compensation.

Recommendation of the Board

The Board recommends a vote “FOR” the approval of the compensation of our named executive officers.
