## Report of Independent Registered Public Accounting Firm

To the Board of Directors and Stockholders of  
American Capital Holdings, Inc.  
Jupiter, Florida

We have reviewed the accompanying consolidated balance sheet of American Capital Holdings, Inc. as of February 29, 2008 and May 31, 2007 and the related consolidated statements of operations for the nine-month periods ended February 29, 2008 and February 28, 2007, the consolidated statement of cash flows for the nine-month period ending February 29, 2008 and the consolidated statement of changes in shareholders' equity from May 31, 2005 through February 29, 2008. These financial statements are the responsibility of the company's management.

We conducted our review in accordance with the standards of the Public Company Accounting Oversight Board (United States). A review of interim financial information consists principally of applying analytical procedures and making inquiries of persons responsible for financial and accounting matters. It is substantially less in scope than an audit conducted in accordance with standards of the U.S. generally accepted auditing standards of the Public Company Accounting Oversight Board (United States), the objective of which is the expression of an opinion regarding the financial statements taken as a whole. Accordingly, we do not express such an opinion.

Based on our review, we are not aware of any material modifications that should be made to the accompanying interim financial statements for them to be in conformity with accounting principles generally accepted in the United States of America.

AMERICAN CAPITAL HOLDINGS, INC.  
NOTES TO CONSOLIDATED FINANCIAL STATEMENTS  
NINE MONTHS ENDED FEBRUARY 29, 2008

NOTE A - DESCRIPTION OF BUSINESS

American Capital Holdings, Inc. (American Capital Holdings) is a Florida Corporation whose primary business consists of insurance and proprietary financial products designed to utilize tax incentives, and mitigate the impact of balance sheet liabilities. The Company's main office is located at 1016 Clemmons Street, Suite 302, Jupiter, Florida 33477, and the telephone number is (561) 745-6789.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Presentation, Use of Estimates

The Company maintains its accounts on the accrual basis of accounting. The preparation of financial statements in conformity with U.S. generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Revenue Recognition

Revenue and dividends from investments are recognized at the time the investment dividends are declared payable by the underlying investment. Capital gains and losses are recorded on the date of sale of the investment.

Cash

Cash consists of deposits in banks and other financial institutions having original maturities of less than ninety days.

Allowance for Doubtful Accounts

It is the policy of management to review the outstanding accounts receivable at year end, as well as the bad debt write-offs experienced in the past, and establish an allowance for doubtful accounts for uncollectible amounts.

Depreciation

Property and equipment are recorded at cost and depreciated over the estimated useful lives of the related assets. Depreciation is computed using the straight-

Edgar Filing: AMERICAN CAPITAL HOLDINGS INC - Form 10QSB

line method.

Amortization

The accounting for a recognized intangible asset acquired after June 30, 2001 is based on its useful life to the Company. If an intangible asset has a finite life, but the precise length of that life is not known, that intangible asset shall be amortized over management's best estimate of its useful life. An intangible asset with a indefinite useful life is not amortized. The useful life to an entity is the period over which the asset is expected to contribute directly or indirectly to the future cash flows of that entity.

Investments

Investments are stated at the lower of cost or market value.

On March 31, 2008 Joint Plan Proponent American Capital Holdings, Inc. and Debtor, eCom eCom.com, Inc. Hyman, Jr. which closed eCom's successful Plan of Reorganization in re: Case No. 04-35435-BKC-PGH.

Pursuant to the Plan, the shares were issued by eCom at .026 per share. The shares are subject to forward or reverse splits and are currently being held in escrow. As previously mentioned in the aforementioned August 22, 2006 8-K filing, the proposed record date for this proposed stock dividend was set five (5) business days subsequent to the Plan of Reorganization's final decree confirmation by the Bankruptcy Court. Due to the ten (10) day United States Bankruptcy Code notice requirements, the record date is set for 5:00 p.m. EST on April 14, 2008. This dividend is classified as a final eCom Plan of Reorganization disbursement property dividend, which will require the following instructions for each American Capital Holdings, Inc. shareholder.

1. In order to perfect delivery of your property dividend shares, if your shares are held in a brokerage account, you must have your broker forward to our offices verification of the amount of shares held in your account, your current mailing and e-mail addresses. The mailing address is required for proof of delivery of the dividend shares whereby we can file a final report with the United States Bankruptcy Court. ### NOTE S - RECENT ACCOUNTING PRONOUNCEMENTS

The FASB issued SFAS No. 143, Accounting for Asset Retirement Obligations with an effective date for financial statements issued for fiscal years beginning after June 15, 2002. The statement addresses financial accounting and reporting for obligations related with the retirement of tangible long-lived assets and the costs associated with asset retirement. The statement requires The recognition of retirement obligations which will, therefore, generally increase liabilities; retirement costs will be added to the carrying value of long-lived assets, therefore, assets will be increased; and depreciation and accretion expense will be higher in the later years of an assets life than in earlier years. The Company adopted SFAS No. 143 at January 1, 2002. The adoption of SFAS No. 143 had no impact on the Company's operating results or financial positions.

The FASB also issued SFAS No. 144, Accounting for the Impairment or Disposal of Long-Lived Assets and is effective for financial statements issued for fiscal years beginning January 1, 2002. This statement addresses financial accounting and reporting for the impairment or the disposal of long-lived asset. indicate that its carrying amount may not be recoverable. This statement does not apply to goodwill and intangible assets that are not amortized. The Company adapted SFAS No. 144 in the first quarter of 2002, and there was no impact on the Company's operating results or financial position.

In April 2002, the FASB issued SFAS No. 145, "Rescission of the FASB Statements No. 4, 44 and 64, Amendment of FASB Statement No. 13, and Technical Corrections ("SFAS No. 145"). SFAS No. 145 eliminates the requirement to classify gains and losses from the extinguishment of indebtedness as extraordinary, requires certain lease modifications to be treated the same as a sale-leaseback transaction, and makes other non-substantive technical corrections to existing pronouncements. SFAS No. 145 is effective for fiscal years beginning after May 15, 2002. SFAS No. 145 was adopted on June 1, 2003 and did not have a material effect on the Company's financial position or results of operations.

The FASB issued SFAS No. 150, "Accounting for Certain Financial Instruments with Characteristics of both Liabilities and Equity" and is effective for financial instruments entered into after May 31, 2003. This Statement establishes standards for how an issuer classifies and measures in its statement of financial position certain financial instruments with

## Edgar Filing: AMERICAN CAPITAL HOLDINGS INC - Form 10QSB

characteristics of both liabilities and equity. It requires that an issuer classify a financial instrument that is within its scope as a liability because that financial instrument embodies an obligation of the issuer. The Company has adopted SFAS No. 150, and there has been no impact on the Company's operating results or financial position.

Goodwill and intangible assets acquired prior to July 1, 2001 will continue to be amortized and tested for impairment in accordance with pre- SFAS No. 142 requirements until adoption of SFAS No. 142. Under the provision of SFAS No.142, intangible assets with definite useful lives will be amortized to their estimated residual values over those estimated useful lives in proportion to the economic benefits consumed. Such intangible assets remain subject to the impairment provisions of SFAS No. 121. Intangible assets with indefinite useful lives will be tested for impairment annually in lieu of being amortized. The impact of adopting SFAS Nos. 141 and 142 will not cause a material change in the Company's consolidated financial statements as of the date of this report.

AMERICAN CAPITAL HOLDINGS, INC.

### ITEM 2. Management's Discussion and Analysis or Plan of Operation

American Capital Holdings, Inc., ("ACH") is a holding company which owns five (5) proprietary financial products. These products are known as Guaranteed Principle Insured Convertible Securities ("GPICS (TM)"), Energy Tax Incentive Preferred Securities ("ETIPS(TM)"), Equipment Tax Incentive Convertible Securities ("ETICS(TM)"), Guaranteed Pension Accounting Contract Solutions ("GPACS (TM)") and Government Pension Accounting Contract Solutions ("GPACS(TM)"). The GPACS(TM) products are designed to provide solutions for unfunded government and private sector pension plan liability. The GPICS(TM), ETIPS(TM) and ETICS(TM) products are investment structures designed to facilitate the use of energy and depreciation tax incentives while insuring the capital investment through guarantees of principal. Our Chairman, Barney A. Richmond, has applied for a patent for one of these products, known as Government Pension Accounting Contract Solutions (GPACS(TM)). If and when the patent is granted, Mr. Richmond will assign the patent to ACH.

The GPACS(TM) and some of our other products use insurance as a part of their structures. The insurance contracts will be written through several licensed insurance carriers.

IS Direct is a wholly-owned subsidiary of ACH, and is a licensed insurance agency through which we will sell our products. On May 1, 2006 Vince Cherrix became President of IS Direct. Mr. Cherrix is currently licensed for property and casualty insurance, and life and health insurance and annuities in Florida, South Carolina, Pennsylvania and Maryland. With the hiring of Mr. Cherrix, the business plan of IS Direct has changed. IS Direct had expected to obtain the necessary licenses for it to operate in all 50 states, it will now focus on

## Edgar Filing: AMERICAN CAPITAL HOLDINGS INC - Form 10QSB

selling its GPAC's products through agents of licensed insurance carriers. Due to the fact that the company will no longer incur the cost of maintaining licenses in all 50 states, the company wrote down the value of its goodwill associated with the insurance licenses. The company also wrote down the value of the company's website during the current fiscal year.

On October 30, 2004, we entered into an agreement to purchase 80% of Cosmopolitan Life Insurance Company. On July 8, 2005 management withdrew its application to acquire Cosmopolitan Life Insurance due to financial issues uncovered during our due diligence investigation. Management is currently looking at recovering the surplus note which requires Arkansas Department of Insurance approval.

ACH's principal executive offices are currently located at 1016 Clemmons St., Suite 302, Jupiter, FL 33477, and our telephone number is (561) 745-6789. The Company's fiscal year ends May 31, 2007.

### Business Strategy

We intend to use the financial products of our subsidiaries as solutions, addressing the needs of governmental and private sector businesses regarding unfunded pension liabilities and other post-employment benefit ("OPEB") liabilities. We also plan to sell annuities and other insurance products, through our subsidiaries, to both the public and private sectors. We also intend to invest and/or sell our proprietary ETIPS(TM) and ETICS(TM) products in the public marketplace.

20

### AMERICAN CAPITAL HOLDINGS, INC.

Our GPACS(TM) products, which refers to both the Guaranteed Pension Accounting Contract Solutions product and the Government Pension Accounting Contract Solutions product, relate to a business method of adjusting the balance sheet of a business or governmental organization, and particularly to a system for organizing the unfunded obligations of the organization so that the liability on the balance sheet becomes offset by an asset. The product also provides a systematic investing capability to enhance the profitability of the organization and the improved treatment of tax obligations.

GPACS was created in response to the General Accounting Standards Board ("GASB") Statement 45, which generally requires state and local governmental employers to account for and report the annual cost of OPEB and the outstanding obligations and commitments related to OPEB in essentially the same manner as currently required pension obligations. Annual OPEB costs for most employers will be based on actuarially determined amounts that, if paid on an ongoing basis, generally would provide sufficient resources to pay benefits as they come due. The provisions of Statement 45 do not require governments to fund their OPEB plans.

An employer may establish its OPEB liability at zero as of the beginning of the initial year of implementation. However, the unfunded actuarial liability is required to be amortized over future periods. Statement 45 is effective for periods beginning after December 15, 2006, 2007, or 2008, depending on the size of the government entity based on annual revenues used for GASB 34 implementation requirements.

In May of 2004, the GASB issued a corresponding "plan" statement, Statement 43 - Financial Reporting for Postemployment Benefit Plans Other than Pension Plans. Statement 43 is effective one year prior to Statement 45. This statement requires a statement of plan net assets, statement of changes in plan net assets, schedule of funding progress, and schedule of employer contributions in the stand-alone financial reports of OPEB plans, as well as in the financial statements of governments having OPEB trust funds.

## Edgar Filing: AMERICAN CAPITAL HOLDINGS INC - Form 10QSB

Actuarial services will be required one year earlier if the "plan" Statement 43 is applicable, unless an alternative measurement method is utilized. However, the alternative measurement method is only an option for plans with a total membership of fewer than one hundred. Many OPEB plans are currently paying benefits on a pay-as-you-go basis. If a government does not have an acceptable trust or equivalent arrangement established, actuarial valuations will not be necessary until Statement 45 is effective. Establishing a trust may be an option for funding OPEB benefits; employers should consider the impact of required actuarial services.

Our GPICS(TM), ETIPS(TM) and ETICS(TM) products are each investment structures designed to maximize the benefit of energy and equipment tax incentives, in order to facilitate investment in energy related and other business enterprises. An essential feature of these products is a guarantee of the principal invested, as a result of the structuring of the investment.

Upon the completion of our pending proposed acquisition of an insurance carrier, the carrier will be used to underwrite the insurance policies required by our GPACS products. IS Direct will be the agency used to write the policies.

### ITEM 3. CONTROLS AND PROCEDURES

Evaluation of the Company's Disclosure Controls and Internal Controls:  
Within the 90 days prior to the date of this Quarterly Report on Form 10-QSB, the Company evaluated the effectiveness of the design and operation of its 'disclosure controls and procedures' ("Disclosure Controls"). This 'evaluation' ("Controls Evaluation") was done under the supervision and with the participation of management, including the Chief Executive Officer/Chairman ("CEO") and Chief Financial Officer ("CFO"). As a result of this review, the Company adopted guidelines concerning disclosure controls and the establishment of a disclosure control committee made up of senior management.

#### Limitations on the Effectiveness of Controls:

The Company's management, including the CEO/CHAIRMAN and CFO, does not expect that its Disclosure Controls or its 'internal controls and procedures for financial reporting' ("Internal Controls") will prevent all error and all fraud. control system, no matter how well conceived and managed, can provide only reasonable assurance that the objectives of the control system are met. The design of a control system must reflect the fact that there are resource constraints, and the benefits of controls must be considered relative to their costs. Because of the inherent limitations in all control systems, no evaluation of controls can provide absolute assurance that all control issues and instances of fraud, if any, within the Company have been detected. These inherent limitations include the realities that judgments in decision-making can be faulty, and that breakdowns can occur because of simple error or mistake. Additionally, controls can be circumvented by the individual acts of some persons, by collusion of two or more people, or by management override of the control. The design of any system of controls also is based in part upon certain assumptions about the likelihood of future events, and there can be no assurance that any design will succeed in achieving its stated goals under all potential future conditions; over time, control may become inadequate because of changes in conditions, or the degree of compliance with the policies or procedures may deteriorate. Because of the inherent limitations in a cost-effective control system, misstatements due to error or fraud may occur and not be detected.

#### Conclusions:

Based upon the Controls Evaluation, the CEO/CHAIRMAN and CFO have concluded that, subject to the limitations noted above, the Disclosure Controls are effective to timely alert management to material information relating to the Company during the period when its periodic reports are being prepared.

In accordance with SEC requirements, the CEO/CHAIRMAN and CFO note that, since

## Edgar Filing: AMERICAN CAPITAL HOLDINGS INC - Form 10QSB

the date of the Controls Evaluation to the date of this Quarterly Report, there have been no significant changes in Internal Controls or in other factors that could significantly affect Internal Controls, including any corrective actions with regard to significant deficiencies and material weaknesses.
