Proposals of the Board of Directors to be submitted to resolution of Banco Bradesco S.A. s Shareholders at the Special Shareholders Meeting to be held on December 17, 2010, at 5 p.m.

Dear Shareholders,

The Board of Directors of Banco Bradesco S.A. hereby submits the following proposals for examination and resolution:

1) Capital Stock Increase: to increase the capital stock by R\$1,500,000,000.00, increasing it from R\$28,500,000,000.00 to R\$30,000,000,000.00, upon issue of 62,344,140 new book-entry, registered shares, with no par value, of which 31,172,072 are common shares and 31,172,068 are preferred shares.

1.1. Objective: the capital stock increase is in line with Bradesco s strategy of constantly pursuing opportunities for strengthening its business, either through internal growth or through investments and acquisitions that add value to the Bank. Accordingly, the capital stock increase aims to:

(i) continue and strengthen the investments in expanding and modernizing our facilities, mainly regarding information technology, maintaining the Bank s structure at levels that are adequate to efficient service rendering and optimization of processes;

(ii) reinforce the Bank s capitalization vis-à-vis the growth expectation of the credit operations volume for the next years and the constant evolution of its activities; and

(iii) maintain high levels of liquidity and a conservative policy regarding leverage ratios, thereby creating flexibility for strategic positioning in face of market opportunities.

1.2. Issue Price: R\$24.06 per share.

1.3. Criterion for Calculating the Issue Price: it was determined based on Paragraph One of Article 170 of Law #6,404/76, prevailing the weighted average of the market quotation of the shares, in view of their high tradability index. The purpose of establishing the price at levels below the market price is to allow leeway for the regular course of the operation, at the same time that it provides conditions for the formation of the subscription price.

1.4. Subscription Type: private.

Regardless of the date of delivery of the Subscription Report, the payment of 100% of the amount of the subscribed shares will take place on February 18, 2011, the same date proposed for the payment of Complementary Interest on Own Capital, and the shareholder must choose between one of the methods provided for in the Subscription Report.

1.6. Possibility of Payment:

- compensation with credits from the Complementary Interest on Own Capital mentioned above. In this case, the exercise of the share subscription right will not result in any disbursement of new funds by the shareholders registered in the Bank's records on December 6, 2010, which is the date proposed for the declaration of the aforementioned Complementary Interest on Own Capital;
- debit from checking account held in Banco Bradesco S.A.;
- check to the order of the aforementioned Banco Bradesco.

1.7. Proportion of the Subscription: 1.657008936% on the shareholding position held by each one on the date of the Special Shareholders Meeting (December 17, 2010).

1.8. Form and Date of the Payment: in cash on February 18, 2011, in the amount of 100% of the subscribed shares.

1.9. Record Date for the Subscription Right: December 17, 2010, date in which the Special Shareholders Meeting will be held.

1.10. Right of the Subscribed Shares These will be entitled to monthly, and possibly complementary, dividends and/or interest on own capital to be declared as from the date of their registration as shareholders. Shares will be also fully entitled to eventual advantages given to other shares as of said date.

1.11. Unsubscribed Shares: In the event of unsubscribed share, after the term for the exercise of the preemptive right has elapsed, these will be sold by means of an Auction to be held at BM&FBOVESPA S.A. Bolsa de Valores, Mercadorias e Futuros (Securities, Commodities and Futures Exchange), pursuant to the provision in letter a of Paragraph Seven of Article 171 of Law #6,404/76, at the minimum unitary price corresponding to 90% of the weighted average of the quotations at BM&FBOVESPA, of common and preferred shares, prevailing the lowest quotation between the two types, in the last 10 (ten) trading floors immediately prior to the date of the official announcement of the final unsubscribed shares by this Bank, in compliance, observing the minimum subscription price to be approved at the Shareholders Meeting. The entire amount determined by the operation that exceeds the subscription amount will be fully recorded as credit to the Capital Reserve Goodwill of Shares account, benefiting all shareholders, indistinctly.

For those with updated address in the Company's records, a copy of the Report will be sent by mail. The shareholders who want to exercise their rights must hand in the filled Report at Bradesco's Branches by January 31, 2011.

Banco Bradesco S.A.

Proposals of the Board of Directors to be submitted to resolution of Banco Bradesco S.A.'s Shareholders at the Special Shareholders Meeting to be held on December 17, 2010, at 5 p.m.

.6.

The statutory amendment proposed herein:

§ in relation to the administrative changes, they will not have the following effects:

ü **legal effects**, considering that it only aims at adapting the Company's Management to the expansion that it has been seeing in all areas in which it operates and the need for better support to the administrative tasks in face of the structural dimension of the Organization.

ü **economic effects**, considering that:

ü the amounts set out at the Annual Shareholders Meeting held on March 10, 2010 for the remuneration of the Management and the costing of Management's Open Complementary Private Pension Plans, within the Pension Plan targeted at the Employees and the Management of the Bradesco Organization, considered a margin to meet contingencies of that nature;

ü according to the provisions of the Statute of the Risks and Capital Allocation Integrated Management Committee, the position of its members is not remunerated.

§ in relation to the reduction of the time limit from 30 to 15 days for the Ombudsman to respond to complainants, the Management not identify any legal or economic effects, since the change has the purpose of being in compliance with Item III of Article 2 of National Monetary Council Resolution #3,849, as of March 25, 2010.

./.

Pursuant to Article 14 and the Attachment 14 of CVM Instruction # 481, as of December 17, 2009, regarding the Capital Stock Increase before the shares subscription to be submitted to the resolution of Banco Bradesco S.A. s Shareholders at the Special Shareholders Meeting to be held on December 17, 2010, we highlight:

.1.

1. Inform the amount of the increase and the new capital stock

Increase the capital stock by R\$1,500,000,000.00, increasing it from R\$28,500,000,000.00 to R\$30,000,000,000.00.

2. Inform whether the capital stock increase will be made by means of: (a) conversion of debentures into shares; (b) exercise of subscription rights or subscription warrants; (c) capitalization of profits or reserves; or (d) subscription of new shares

The increase will become effective upon issue of new shares for private subscription.

3. Explain, in detail, the reasons for the increase and its legal and economic consequences

The capital stock increase is in line with Bradesco s strategy of constantly pursuing opportunities for strengthening its business, either through internal growth or through investments and acquisitions that add value to the Bank.

Accordingly, the capital stock increase aims to:

(i) continue and strengthen the investments in expanding and modernizing our facilities, mainly regarding information technology, maintaining the Bank s structure at levels that are adequate to efficient service rendering and optimization of processes;

(ii) reinforce the Bank s capitalization vis-à-vis the growth expectation of the credit operations volume for the next years and the constant evolution of its activities; and

(iii) maintain high levels of liquidity and a conservative policy regarding leverage ratios, thereby creating flexibility for strategic positioning in face of market opportunities.

The consequent statutory amendment will only become effective after the capital stock increase process is completed, which will take place at the ratifying Shareholders Meeting:

Except for the normal legal consequences arising from the capital stock increase (such as capital changes, amendment to the Bylaws, etc), the Management does not see any other legal consequences. From an economic perspective, the Company's Management does not see any other economical consequences for the Company other than those related to a normal capital stock increase (such as, for example, the inflow of funds from the Company, due to the subscription and payment of new shares). For the shareholders who subscribe the shares they are entitled to there is the possibility of getting an economic gain, resulting from the difference between the market price and the subscription price.

Bolsa de Valores, Mercadorias e Futuros. The amount obtained in the operation that exceeds the value of the subscription will be fully credited to the Capital Reserve Goodwill of Shares .

h. Provide the management s opinion on the capital stock increase effects, especially with regard to the dilution caused by the increase

As it is a private subscription, guaranteed equally to all shareholders, at the ratio of 1.657008936% on the shareholding position that each one holds on the date of the Shareholders Meeting (December 17, 2010), there will not be dilution of the share interest of the shareholders who subscribe the totality of shares they are entitled to in the capital stock increase. The only shareholders that will have its position diluted is the one who does not exercise his/her preemptive right or who partially exercises it.

As it is appropriate, we demonstrate in the table below, the percentage of subscriptions carried out during the preemptive period of the last 3 Bradesco s capital stock increases by subscription:

the operation, at the same time it provides conditions to establish the subscription price.

j. If the issue price has been determined with premium or discount in relation to market value, identify the reason for the premium or discount and explain how it was determined

The issue price was determined with discount of approximately 20% in relation to the weighted average quotation of common shares (R\$26.36 per share) and preferred shares (R\$33.79 per share), in the period between August 23 and November 18, 2010, resulting in the weighted average amount of R\$24.06. The aforementioned discount is based on the Brazilian stock market volatility and aimed to stimulate the adherence of all shareholders in the subscription of their rights.

k. Provide copies of all reports and studies that supported the determination of the issue price

The following table shows the weighted average quotation of the Company s common and preferred shares traded at BM&FBOVESPA in the last 60 trade floors prior to November 19, 2010.

As mentioned in Item j above, considering the volatility of the Brazilian stock market with the possibility of fluctuations in share prices during the period for preference to subscription, and, in order to stimulate the adhesion of the shareholders in the subscription of their rights, Bradesco determined the issue price with discount of approximately 20% on the weighted average quotation price of the common and preferred shares in the last 60 trade floors prior to November 19, 2010.
