REPORT ON REVIEW OF INTERIM FINANCIAL INFORMATION

To the Shareholders, Board of Directors and Management of

Companhia Brasileira de Distribuição

São Paulo - SP

Introduction

We have reviewed the accompanying individual and consolidated interim financial information of Companhia Brasileira de Distribuição (the “Company”), identified as Company and Consolidated, respectively, included in the Interim Financial Information Form (ITR), for the quarter ended September 30, 2013, which comprises the balance sheet as of September 30, 2013 and the related statements of income and comprehensive income for the three- and nine-month periods then ended, and changes in equity and cash flows for the nine-month period then ended, including the explanatory notes.

The Company’s Management is responsible for the preparation of the individual interim financial information in accordance with technical pronouncement CPC 21 (R1) - Interim Financial Information and the consolidated interim financial information in accordance with technical pronouncement CPC 21 (R1) and the international standard IAS 34 - Interim Financial Reporting, issued by the International Accounting Standards Board - IASB, as well as for the presentation of such information in accordance with the standards established by the Brazilian Securities and Exchange Commission (CVM), applicable to the preparation of the Interim Financial Information (ITR). Our responsibility is to express a conclusion on this interim financial information based on our review.

Scope of review

We conducted our review in accordance with Brazilian and international standards on review of interim financial information (NBC TR 2410 and ISRE 2410 - Review of Interim Financial Information Performed by the Independent Auditor of the Entity, respectively). A review of interim financial information consists of making inquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with standards on auditing and, consequently, does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.

Conclusion on individual interim financial information

Based on our review, nothing has come to our attention that causes us to believe that the accompanying individual interim financial information included in the Interim Financial Information (ITR) referred to above was not prepared, in all material respects, in accordance with technical pronouncement CPC 21 (R1), applicable to the preparation of the Interim Financial Information (ITR), and presented in accordance with the standards established by CVM.

Conclusion on consolidated interim financial information

Based on our review, nothing has come to our attention that causes us to believe that the accompanying consolidated interim financial information included in the Interim Financial Information (ITR) referred to above was not prepared, in all material respects, in accordance with technical pronouncement CPC 21 (R1) and international standard IAS 34, applicable to the preparation of Interim Financial Information (ITR), and presented in accordance with the standards established by CVM.

Other matters

Statements of value added

We have also reviewed the individual and consolidated statements of value added for the nine-month period ended September 30, 2013, prepared under the responsibility of the Company's Management, the presentation of which is required by the standards issued by CVM applicable to the preparation of Interim Financial Information (ITR) and considered as supplemental information for International Financial Reporting Standards - IFRS, which do not require the presentation of these statements. These statements were subject to the same review procedures described above and, based on our review, nothing has come to our attention that causes us to believe that they were not prepared, in all material respects, in relation to the individual and consolidated interim financial information taken as a whole.

Consolidated gross revenue was R\$15.720 billion, up 15.0%, driven by the opening of 132 stores in the last 12 months, **20 of them in the last quarter**, as well as by the 10.8% growth in same-store sales, as detailed below:

ü**Food Category: growth of 7.9%**, driven mainly by perishables: meat, fruits, legumes and vegetables. This growth, which surpassed the IPCA inflation index in 200 basis points, represents an upturn on the 1st half of the year.

ü**Non-food: growth of 13.1%**, driven by sales of technology products: cell phones, tablets and TV sets, with growth across all formats operated by the Group. Specialty stores (Pontofrio and Casas Bahia) and e-commerce accelerated the pace of sales in comparison with previous periods, while Hypermarkets continued to register the sales recovery in this category.

Page 22

In the last 9 months, gross sales increased 12.0% compared to the same period last year, to R\$45.624 billion. Growth in the same-store basis was 8.3%.

GPA Food Highlights

Gross revenue reached R\$8.448 billion, up 12.9%, driven by the performance of the Assaí banner, which continued to post double-digit growth (37.4%). On a same-store basis, growth was 7.1%. A total of 15 stores were delivered in the period, of which 12 Minimercado, two Assaí and one Pão de Açúcar.

Assaí's focus in the 2nd half of the year has been on expanding in states where it is already present. Over the last nine months, a total of eight stores were opened, five of them in new states, whose sales exceeded our expectations. At least five stores should be delivered by the year-end.

The Company has been investing in price competitiveness to increase store traffic and gain market share in the retail segment. The strategy should last through the coming periods. The non-food category

in the Hypermarket format continued the sales recovery trend, driven by the successful marketing campaigns in the electronics category.

Viavarejo Highlights

Gross revenue totaled R\$7.272 billion, increasing by 17.6% over 3Q12. Sales growth accelerated during one more quarter across all businesses: brick-and-mortar stores and e-commerce, with a gain in market share during the period. Five new stores were opened. Same-store sales growth reached 15.4%. Additionally, 31 new stores were opened in the last 12 months.

Brick and mortar stores posted same-store sales growth of 10.8%, driven mainly by technology products, especially cell phones, tablets and TV sets.

Nova Pontocom posted gross revenue growth of 43.9%, mainly due to higher customer traffic, better conversion rate and Father's Day strong sales, celebrated in August. The results of Nova Pontocom in 3T13 were close to the break-even point and the investments in price competitiveness were sustained by the savings generated in process review and expenses reductions.

(1) As of 4Q12, the result of Equity Income and Other Operating Income (Expenses) were included along with Total Operating Expenses in the calculation of EBITDA. Thus, the calculation of EBITDA complies with Instruction 527 dated October 4, 2012, issued by the Securities and Exchange Commission of Brazil (CVM).

(2) As of 1Q13, the depreciation recognized as cost of goods sold, essentially consisting of the depreciation of distribution centers, began to be specified in the calculation of EBITDA.

(3) As of 2Q13, the Company adjusted EBITDA by excluding the Other Operating Revenue (Expenses).

The Company's gross margin increased 10 basis points, due to the increased margin at Viavarejo, which was practically offset by investments in price competitiveness in food retail and the opening of Assaí stores.

Selling, general and administrative expenses increased at a slower pace than revenue growth, mainly due to the simplification of processes at GPA Food and synergy gains at Viavarejo. The ratio of selling, general and administrative expenses to net revenue decreased from 19.8% in 3Q12 to 19.2% in 3Q13.

EBITDA totaled R\$1.036 billion, **up 30.4% over the same period last year. EBITDA margin was 7.4%, expanding by 90 basis points over 3Q12.**

In 9M13, EBITDA stood at R\$2.507 billion, with margin of 6.1%. Note that in 2Q13 the Company recorded other operating income and expenses of R\$350 million, as mentioned in the Earnings Release. **Adjusted EBITDA, excluding other operating income and expenses, came to R\$2.882 billion, with margin of 7.1%.**

Gross margin decreased 110 basis points, backed by a similar decrease in **selling, general and administrative expenses as a percentage of net revenue, from 20.3% in 3Q12 to 19.2% in 3Q13, a result of discipline in expenses control. These expenses increased at a slower pace than net revenue growth in the quarter, at 3.5% and 7.9%, respectively.**

The Management reaffirms the strategy of simplifying processes and increasing operational efficiency, adopted since the beginning of the year, which have been reverted to investments in price competitiveness to increase store traffic and market share. This strategy should continue through the coming periods.

EBITDA amounted to R\$494 million, for margin of 8.0%, up 20 basis points year over year.

In 9M13, EBITDA reached R\$1.179 billion, with margin of 6.5%. **Adjusted EBITDA, excluding other operating income and expenses, came to R\$1.481 billion, with margin of 8.2%, up 20 basis points year over 9M12..**

GPA Malls added 18,500 square meters of gross leasable area (GLA) in 3T13, from the extension of existing spaces or creation of new commercial centers. Among the projects delivered in the period, highlight to the new 4,900 square meters of GLA from the 1st phase of the Company's second neighborhood mall, reinforcing its unique positioning in this segment. Over the past nine months, a total of 32,600 square meters of GLA have been delivered. **The Company expects to add at least 35,000 square meters of GLA in 2013.**

of new stores in the period as well as pre-operating expenses of units that will be opened next quarter.

During the first half of the year, the Company focused its store openings in new states, which resulted in a natural compression of margins in the initial months of operation of the recently opened stores in such locations.

In the second half, **the focus has been on expansion in states where the Company already operates, which requires fewer investments in margin and lower level of expenses in these units.** Two stores were opened in 3Q13 and another five should be delivered at least, by the year-end.

In 9M13, EBITDA reached R\$137 million, increasing 12.3%, with EBITDA margin of 3.2%.

The Company registered accelerated growth during yet another quarter, which was the result of the sharp growth registered by Casas Bahia, Pontofrio and e-commerce stores and signalization of market share gains in the period.

EBITDA margin increased 180 basis points, due to the increase in gross margin, in turn driven by the regionalization of product deliveries by suppliers at the Distribution Centers (DC), optimization of the furniture assembling team, partial outsourcing of the fleet and improvement of processes at the DCs, coupled with an improved sales mix and higher penetration of service sales. Gross margin increased despite the higher share of sales by Nova Pontocom, whose gross margin is lower than that of brick-and-mortar stores.

As reported in the 3Q12 earnings release, revenues of R\$26 million were booked in the **operating expenses**, relating to the reimbursement of legal expenses to related parties. For better comparison, the following changes on operating expenses will do not consider this effect.

There was an improve of 40 basis points in the operating expenses as a percentage of net revenue in 3Q13 (21.3%) compared to 3Q12 (21.7%), positively influenced by the outsourcing of contracts and administrative expenses optimization and reduced IT expenses.

In 9M13, EBITDA totaled R\$1.191 billion, with margin of 6.5%. **Adjusted EBITDA, excluding operating income and expenses, totaled R\$1.264 billion, with margin of 6.9%, an increase of 190 basis points over 9M12.**

The ratio of net financial result to net revenue was stable in relation to the previous quarter (2.2%), despite the increase in the Selic base interest rate between the periods.

The net financial result was basically composed of the following items:

§ **Charges on net debt of R\$60 million**, down 4.7%, mainly due to the cash flow at Viavarejo;

§ **Cost of sale of receivables of payment book of R\$68 million**, practically stable in relation to 3Q12, with the average sales term remaining unchanged;

§ **Cost of sale of receivables of cards of R\$157 million**, up 50.5% over 3Q12. This increase is mainly due to the larger amount of receivables sold, aligned with the revenue growth, added to the basic interest rate increase (measured by the average overnight rate – CDI), which grew approximately 25% between 3Q12 and 3Q13.

Total discount of receivables (cards and payment books) increased 14.5%, from R\$7.6 billion in 3Q12 to R\$8.7 billion in 3Q13, in line with revenue growth and basic interest rate increase, as mentioned above.

Consolidated investments totaled R\$446 million in 3Q13, up 10.1% over 3Q12, mainly due to the opening of new stores and land acquisition, which received 37.9% of the investments made in the period. Compared to the same period in 2012, the amount was 32.8% higher. As explained in the previous sections, 20 new stores were opened in 3Q13: 12 Minimercado Extra, three Ponto Frio, two Assaí, two Casas Bahia and one Pão de Açúcar. As a result, a total of 20,000 square meters of sales area were added to GPA Consolidated in the period. In the last 9 months, sales area expanded by 2.8%.

Investments in GPA Food totaled R\$328 million in 3Q13, up 3.9% over 3Q12. Of the total capex, 47.3% went towards opening new stores and acquiring land, reflecting the Company's strategy of spurring organic growth for this operation.

The Company reaffirms its commitment to the area expansion guidance of over 6% for GPA Food and from 2% to 3% for Viavarejo for 2013, which does not include the Settlement (*Termo de Compromisso de Desempenho* - TCD) with Brazil's antitrust agency CADE (*Conselho Administrativo de Defesa Econômica*)

For 2013, the Company plans to invest up to R\$2 billion, as approved at General Shareholders Meeting.

Dividends

In a meeting held on October 16, 2013, the Board of Directors approved the distribution of interim dividends based on the net income recorded in the balance sheet of September 30, 2013, amounting to R\$33.2 million, equivalent to R\$0.13 per preferred share and R\$0.118182 per common share. Shareholders of record at the close of October 25, 2013 were entitled to the dividends. As of October 28, 2013, shares will be traded ex-dividends. Dividends will be paid on November 7, 2013.

Subsequent Events

Approval from CADE for the swap of shareholding interest between Casino Guichard-Perrachon and Península Participações S.A.

On September 6, the Company disclosed the letter received from Casino Guichard-Perrachon (“Casino Group”) and Mr. Abilio dos Santos Diniz (“Group AD”) informing of the execution of a Private Instrument of Transaction and Waiver of Rights, by which the parties agreed to transact all and any dispute, claim or litigation related to their company in Brazil, particularly as the shareholders of Wilkes Participações S.A. (“Wilkes”) and CBD.

Among other matters, the agreement established the swap of 19,375,000 preferred shares issued by CBD and held by the Casino Group in consideration for 19,375,000 common shares issued by Wilkes and held by the Group AD. For further information, see the Material Fact notice disclosed on September 6, 2013.

On October 2, Brazil's antitrust agency CADE approved the transfer of 11,229,075 shares without restriction.

Appendix I - Definitions used in this document

Company’s Business: The Company’s business is divided into four segments - food retail, cash and carry, electronics and home appliances retail (brick-and-mortar) and e-commerce – grouped as follows:

Same-store sales: The basis for calculating same-store sales is defined by sales registered in stores open for at least 12 consecutive months. Acquisitions are not included in the same-store basis in the first 12 months of operation.

Growth and changes: The growth and changes shown in this document refer to the variation compared to the same period in the previous year, except when indicated otherwise.

EBITDA: As of 4Q12, the results of Equity Income and Other Operating Income (Expenses) were included along with Total Operating Expenses in the calculation of EBITDA. Thus, the calculation of EBITDA complies with Instruction 527 dated October 4, 2012, issued by the Securities and Exchange Commission of Brazil (CVM). As from 1Q13, the depreciation recognized in the cost of goods sold, essentially consisting of the depreciation of distribution centers, began to be excluded from the calculation of EBITDA.

Adjusted EBITDA: Profitability measure calculated by EBITDA excluding Other Operating Income and Expenses. Management uses this measure because it reflects more faithfully the result of the Company's normal operations, eliminating, thus, extraordinary expenses and revenues and other extraordinary entries that may compromise the comparability and analysis of results.

Adjusted net income: Profitability measure calculated as net income excluding Other Operating Income and Expenses, discounting the effects of Income and Social Contribution Taxes. Management uses this measure because it reflects more faithfully the result of the Company's normal operations, eliminating, thus, extraordinary expenses and revenues and other extraordinary entries that may compromise the comparability and analysis of results.

The financial information contained in the financial statements is presented in accordance with the accounting practices adopted in Brazil and refers to the third quarter of 2013 (3Q13), except where otherwise noted, with comparisons made over the same period last year.

Any and all information derived from non-accounting or not accounting numbers has not been reviewed by independent auditors.

Calculation of EBITDA (Earnings Before Interest, Taxes, Depreciation and Amortization) is according to the table on page 6. The basis for calculating same-store sales is defined by the sales registered in stores open for at least 12 consecutive months and which were not closed for seven consecutive days or more in this period. Acquisitions are not included in the same-store calculation base in the first 12 months of operation.

GPA adopts the IPCA consumer price index as its benchmark inflation index, which is also used by the Brazilian Supermarkets Association (ABRAS), since it more accurately reflects the mix of products and brands sold by the Company. The IPCA in the 12 months ended September 2013 was 5.86%.

Disclaimer: Statements contained in this release relating to the business outlook of the Company, projections of operating/financial results, the growth potential of the Company and the market and macroeconomic estimates are mere forecasts and were based on the expectations of Management in relation to the Company's future. These expectations are highly dependent on changes in the market, Brazil's general economic performance, the industry and international markets, and are thus subject to change.

About GPA and Viavarejo: GPA is Brazil's largest retailer, with a distribution network comprising approximately 1,810 points of sale and electronic channels. The Group's multiformat structure consists of GPA Food and Viavarejo. **GPA Food's** operations comprise supermarkets (Pão de Açúcar and Extra Supermercado), hypermarkets (Extra), neighborhood stores (Minimercado Extra), cash-and-carry stores (Assaí), gas stations and drugstores. GPA Food's business is classified as Food and Non-Food (electronics/home appliances, clothing, general merchandise, drugstore and gas stations). **Viavarejo's** operations consist of brick-and-mortar stores selling electronics/home appliances and furniture (Ponto Frio and Casas Bahia) and online stores (Nova Pontocom: Extra.com.br, PontoFrio.com.br, Casasbahia.com.br, Barateiro.com.br, Partiu Viagens and e-Hub). Founded in 1948 in São Paulo, the Group is present in 20 of the 27 Brazilian states, which jointly account for 94.1% of the country's GDP.

1. Corporate information

Companhia Brasileira de Distribuição ("Company" or "GPA"), directly or by its subsidiaries ("Group") operates in the food retailer, clothing, home appliances, electronics and other products segment through its chain of hypermarkets, supermarkets, specialized and department stores principally under the trade names "Pão de Açúcar", "Extra Hiper", "Extra Supermercado", "Minimercado Extra", "Assai", "Pontofrio" and "Casas Bahia", in addition to the e-commerce platforms "CasasBahia.com", "Extra.com", "Pontofrio.com", "Barateiro.com" and "Partiuviagens.com". Its headquarters are located at São Paulo, SP, Brazil.

Founded in 1948, the Company has 155 thousand employees, 1,951 stores in 19 Brazilian states and in the Federal District and a logistics infrastructure comprised of 54 distribution centers located in 13 states and Federal District at September 30, 2013. The Company's shares are listed in the Level 1 Corporate Governance trading segment of the São Paulo Stock Exchange ("BM&FBovespa"), code "PCAR4" and its shares are also listed on the New York Stock Exchange (ADR level III), code "CBD". The Company is also listed on the Luxembourg Stock Exchange, however, with no shares traded.

The Company is controlled by Wilkes Participações S.A. ("Wilkes"), that on July 2, 2012 became a subsidiary of Casino Guichard Perrachon ("Casino").

a) *Casino Arbitration*

On May 30, 2011, Casino filed two arbitration requests in accordance with the rules set forth by the International Arbitration Court of the International Chamber of Commerce against Mr. Abilio dos Santos Diniz, Mrs. Ana Maria Falleiros dos Santos Diniz D'Avila, Mrs. Adriana Falleiros dos Santos Diniz, Mr. João Paulo Falleiros dos Santos Diniz, Mr. Pedro Paulo Falleiros dos Santos Diniz and Península Participações S.A. ("Península").

On July 1, 2011, Casino filed another arbitration request in accordance with the rules set forth by the International Arbitration Court of the International Chamber of Commerce, with the abovementioned parties and the Company as the defendants.

On October 5, 2011, Mr. Abilio dos Santos Diniz, Mrs. Ana Maria Falleiros dos Santos Diniz D'Avila, Mrs. Adriana Falleiros dos Santos Diniz, Mr. João Paulo Falleiros dos Santos Diniz, Mr. Pedro Paulo Falleiros dos Santos Diniz and Península presented their responses to both arbitration requests and filed counterclaims.

The arbitrations were unified into one single proceeding and an arbitration court composed of three members, was established to settle the dispute. This first hearing of the aforementioned arbitration proceeding, was held in São Paulo on May 9, 2012. The arbitration process the Counter Claims is subject to a confidentiality clause and aims to ensure the observation of the Wilkes shareholders' agreement and the law. On June 21, 2012 the Company raised an objection claiming that the Company there is no reason for the Company to be part in this arbitration, as it is not a part of Wilkes's Shareholders' Agreement.

On April 5, 2013, the arbitration court accepted the exclusion of the Company from arbitration.

On 6 September 2013, the Casino Group and Mr. Abilio dos Santos Diniz, together with its related parties entered into a Private Instrument of Transaction and Waiver of Rights. As a result of the transaction mutually agreed, the parties filed front of International Chamber of Commerce ("ICC") a petition seeking the closure of all arbitration procedures required by the parties that were going on at that moment. The parties also agreed to terminate any and all litigation against the other party and against any third party (related to the controversies of the parties), nor take any action or bring any action based on any rights under the agreements previously signed between the parties or based on understandings of the parties prior to September 6, 2013.

b) Transaction between Casino Guichard-Perrachon and Mr. Abilio dos Santos Diniz

Pursuant to Material Fact disclosed by the Company on September 6, 2013, we were informed jointly by Casino Guichard-Perrachon, our controlling shareholder, and Mr. Abilio dos Santos Diniz, who, on that date, the parties entered into a Private Instrument of Transaction and Waiver of Rights ("Transaction Agreement") whereby both agreed to transact any and all disputes, claims or disputes relating to their society in Brazil, especially as shareholders of our parent company, Wilkes, and Company. The Transaction Agreement, among other rules, established the following:

a) Barter of Share Ownership: The Casino and its affiliates ("Casino Group") exchanged 19,375,000 million of preferred shares issued by the Company that it holds in consideration for 19,375,000 million common shares issued by Wilkes, currently held by the group led by Mr Abilio Diniz ("AD Group"). The transfer of 11,229,075 shares is subject to the prior approval of the Anti-Trust Agency ("CADE");

b) Termination of Agreements: on the same date were terminated agreements initially entered into between the Casino Group and the AD Group, as Wilkes` s Shareholders Agreement, the Shareholders Agreement and the Company's Option Agreement Conditional Share Sale;

c) Rights Group as shareholders of our Company: As a result of the exchange of equity mentioned above, neither the AD Group, neither Mr. Abilio Diniz, has any right to partner other than those granted to shareholders by the Corporation Law;

d) Arbitration Procedures and other ongoing disputes: As a result of the transaction mutually agreed, the parties filed a petition front of ICC seeking the closure of all ICC Arbitration Procedures No. 17977/CA (C-18055/CA) and 19165 / CA;

e) Non-Competition: In relation to the obligation of non-competition originally specified in Sections 14.3. and 14.3.1. the Shareholders' Agreement Wilkes, Group AD was released from any obligation to that effect, and;

f) Real estate: The real estate contract structure, in which the AD Group acquired and subsequently leased to our Company's 60 stores since 2005, will not be affected by the Transaction Agreement and continue in full force.

c) Corporate reorganization

At December 28, 2012, the Annual General Meeting approved a corporate reorganization with the purpose of obtaining administrative, economic and financial benefits for the Group, the base date of the restructuring were the balance sheets of subsidiaries at December 31, 2012. The reorganization consists of the merger by the Company of the operations of 44 stores of the subsidiary Sé Supermercados Ltda. (“Sé”), with net assets of R\$515, and 6 stores of the subsidiary Sendas Distribuidora S.A. (“Sendas”), with net assets of R\$504.

Additionally, there was a swap of equivalent amounts of shares between the Company and the subsidiary Novasoc Comercial Ltda. (“Novasoc”), in which the Company assigned 17.25% of Barcelona Comércio Varejista e Atacadista S.A. (“Barcelona”), in exchange for 6.9% of Sé Supermercados. The same meeting also approved an increase of R\$557,534 in the Company’s interest in Barcelona, without the issue of new shares, using the Company’s credits against this subsidiary.

The reorganization had a R\$7,491 impact on the result for the year ended December 31, 2012, mainly related to the loss of deferred social contribution tax credits in its subsidiaries.

The effects on the balance sheet of December 31, 2012 of the parent company as a result of the merger of subsidiaries Sé and Sendas, describe above, were the following:

Assets	12.31.2012

On January 2, 2013, the Extraordinary General Meeting also approved an increase in the Company's interest in Sendas Distribuidora amounting to R\$1,100,000, without the issue of new shares, using the Company's credits against this subsidiary.

d) *Arbitration request by Morzan*

Pursuant to the Material Fact released on June 15, 2012, the Company announced that it received a letter from the International Chamber of Commerce -ICC notifying about the request for the filing of an arbitration proceedings ("Proceedings") submitted by Morzan Empreendimentos e Participações Ltda. ("Morzan"), former controlling shareholders of Globex Utilidades S.A. (Pontofrio banner), currently denominated Via Varejo S.A. ("Via Varejo").

The Proceedings are associated with issues originating from the Share Purchase Agreement executed between the subsidiary Mandala Empreendimentos e Participações S.A. on June 8, 2009 ("Agreement") for acquisition of 86,962,965 registered common shares with no par value, which then represented 70.2421% of the total and voting capital of Globex Utilidades S.A., previous corporate name of Via Varejo S.A. ("Via Varejo"), subject matter of the Material Fact disclosed by the Company on June 8, 2009. The arbitration terms are subject to confidentiality requirements.

On July 11, 2012, the Company exercised its right to appoint an arbitrator to compose the arbitration court responsible for conducting the Proceedings.

The Company understands that the request is unfounded, given that the agreement was fully complied with, as it will be demonstrated during the Proceedings.

Until the present date there were no developments in this arbitration, thus not causing any impact on these interim financial information. The Company will maintain its shareholders and the market informed of any material developments regarding the Proceedings.

e) *Valuation of net assets merged of the association between Companhia Brasileira de Distribuição and Casas Bahia*

In relation to the work performed by external consultants informed to the market by Company on October 16, 2012 and Via Varejo on May 23, 2013, there was already a conclusion of an important portion of the work during the second quarter of 2013, with the required accounting adjustments recorded in the quarterly financial information at June 30, 2013. The results are being analyzed, and the work will be completed at the earliest. f) Performance Commitment Agreement

As Material Fact released on April 17, 2013, the Via Varejo, the Company, CB (“Casas Bahia”) and the Anti-Trust Agency (“CADE”) entered into the Performance Commitment Agreement (“TCD”), for the approval of the Association Agreement concluded between the Company and CB on December 4, 2009 and amended on July 1, 2010, which aims to establish measures that:

- (i) prevent the unification of operations involving substantial elimination of competition;
- (ii) ensure conditions for the existence of effective competition in the markets affected by the transaction;
- (iii) ensure conditions for fast and efficient entry of competitors in these markets;
- (iv) ensure that the benefits of the association are distributed fairly among the participants on the one hand, and final consumers, on the other, those specific markets.

In order to fulfill the objectives of the TCD, the Via Varejo and its shareholders have a primary obligation to sell 74 stores, located in 54 municipal regions distributed in six States and the Federal District, which

together accounted for approximately 3% of consolidated gross sales of Via Varejo on September 30, 2013 (3% on December 31, 2012).

CADE has supervised the obligations of the TCD, being Via Varejo subject to present data and information that the authority considers necessary.

The Via Varejo has not identified the necessity of recognizing, in the interim financial information for the nine-month period ended September 30, 2013, the impairment assets related to the stores.

2. Basis of preparation

All interest were calculated considering the percentages held by the GPA or its subsidiaries. The consolidation not necessarily reflects these percentages, as some companies have shareholders' agreement in which the Company has control and therefore allows the full consolidation.

b) Subsidiaries

The consolidated quarterly financial information includes the financial information of all subsidiaries over which the Company exercises control directly or indirectly.

Subsidiaries are all entities over which the Company has the control. The Company controls an entity when it is exposed, or has rights to variable returns as a result of its involvement with the investee and when the returns of the investor due to their involvement has the potential to vary as a result of the performance of the investee. Subsidiaries are fully consolidated from the date of acquisition, being the date on which the Company obtains control and they are excluded from consolidated, when applicable, considering the date in which control ceases.

The quarterly financial information of the subsidiaries is prepared on the same closing date as those of the Company, using consistent accounting policies. All intragroup balances, including income and expenses, unrealized gains and losses and dividends resulting from intragroup transactions are eliminated in full.

b) Subsidiaries -- Continued

Gains or losses resulting from changes in equity interest in subsidiaries, not resulting in loss of control are directly recorded in shareholders' equity.

Losses are attributed to the noncontrolling interest, even if it results in a deficit balance.

The main direct or indirect subsidiaries, included in the consolidation and the percentage of the Company's interest comprise:

i. Novasoc

Although the Company's interest in Novasoc represents 10% of its shares, Novasoc is included in the consolidated quarterly financial information, as the Company controls 99.98% of the Novasoc's voting

rights, pursuant to the shareholders' agreement. Moreover, under the Novasoc shareholders' agreement, the appropriation of its net income does not require to be proportional to the shares of interest held in the partnership.

ii. Via Varejo

The Company holds 52.41% of Via Varejo's capital, giving it control of this subsidiary by consolidating their full financial information. The Via Varejo concentrates activities of trade electronic products, operating under the brands "Pontofrio" and "Casas Bahia". The Company also operates by its subsidiary Nova Pontocom, in e-commerce of any product for the consumer by the websites: www.extra.com.br, www.pontofrio.com.br, www.casabahia.com.br, www.barateiro.com.br and www.partiuviagens.com.br.

On January 2, 2013 at the Extraordinary General Meeting, the incorporation of the subsidiary NCB by its parent company Via Varejo was approved. With the merger, there will be no impact on the consolidated quarterly financial information, in the capital or in equity. The net assets of incorporation were the subject of the appraisal report at book value on the date of incorporation.

The merger of NCB by Via Varejo aims to simplify the organizational structure and corporate companies, thus providing a reduction of administrative and operational costs.

iii. Sendas

The Company directly or indirectly holds 100.00% of Sendas' capital, which operates in the retail trade segment, mainly in the State of Rio de Janeiro.

iv. GPA M&P

The GPA M&P aims to manage and operate the Company's real estate assets.

c) Associates - BINV and FIC

The Company's investments in its associates Financeira Itaú CBD S.A. – Crédito, Financiamento e Investimento ("FIC") and Banco Investcred Unibanco S.A. ("BINV"), both entities that finance sales directly to GPA and Via Varejo customers are result of an association between Banco Itaú Unibanco S.A. ("Itaú Unibanco") with GPA and Via Varejo. Such investments are accounted for using the equity method. An associate is an entity in which the Company has significant influence, but not the control, prevailing decisions related to the operational and financial management of BINV and FIC belongs to Itaú Unibanco.

The statement of income for the period reflects the share of the results of operations of the associate. Where there has been a change recognized directly in the shareholders' equity of the associate, the Company recognizes its share of any changes and discloses this, when applicable, in the statement of changes in shareholders' equity. Unrealized gains and losses resulting from transactions between the Company and the associate are eliminated to the extent of the interest in the associate.

The profit sharing of associates is shown in the statement of income for the period as equity method results. The quarterly financial information of the associates are prepared for the same closing date as the Parent Company, and when necessary, adjustments are made to bring the accounting policies in line with

those of the Company.

The Company has significant involvement in operational decisions by the FIC Board of Directors of this entity.

After application of the equity method, the Company determines whether it is necessary to recognize an additional loss due to non-recoverability on the Company's investment in its associates. The Company determines at each balance date whether there is any evidence that the investment in the associate will not be recoverable. If applicable, the Company calculates the impairment amount as the difference between the investment recoverable value of the associate and its carrying amount and recognizes the loss in the statement of income for the period.

FIC's summarized interim financial information are as follows:

	Consolidated	
	09.30.2013	12.31.2012
Current assets	3,400,876	3,384,723

5. Adoption of new standards, amendments and interpretations to existing standards issued by the IASB and CPC and standards issued but not yet effective

Adoption of new standards, amendments and interpretations to existing standards issued by the IASB and CPC

The following new standards, amendments and interpretations of pronouncements applicable to the Company, were issued by the IASB and CPC with effect from January 1st 2013.

- IFRS 10 / CPC 36 (R3): Consolidated financial statements – IFRS 10 replaced the IAS 27 and SIC 12 and includes a new definition of control that applies to the financial statements when an entity controls one or more entities. The Company assessed the conclusion on the consolidation of its subsidiaries under IFRS 10 is different from that adopted by the Company on January 1st, 2012 and December 31, 2012, according to IAS 27 and SIC 12. If the completion of the consolidation of its subsidiaries is different, the comparative period immediately preceding is adjusted to be consistent with the treatment adopted September 30, 2013, unless it is impracticable. The Company has concluded that the adoption of IFRS 10 does not change the consolidation of its subsidiaries, and therefore there is no impact on the interim financial information for the nine month period ended September 30, 2013.

- IFRS 11 / CPC 19(R2): Joint arrangements – IFRS 11 replaced the SIC 13 and IAS 31 and applies to business contracts and controlled in conjunction. According to this standard, business and contracts controlled in conjunction with other shareholders are classified as joint arrangements. The accounting treatment will depend on the classification of the joint arrangement signed and can be recognized by the equity method (joint ventures), or the consolidation of its interests in assets, liabilities, revenues and expenses contributed to the operation (joint operation). The Company assessed the conclusion about the accounting treatment for joint arrangement participating in IFRS 11 is different from that adopted by the Company on January 1st, 2012 and December 31, 2012, according to IAS 31 and SIC 13. If the completion of the consolidation of their joint arrangement is different, the comparative period immediately preceding is adjusted to be consistent with the treatment adopted September 30, 2013, unless it is impracticable. The accounting recognition for joint operations under IFRS 11 is the same accounting treatment adopted for the consolidated financial statements for the year ended December 31, 2012. There is no impact on the interim financial information for the nine month period ended September 30, 2013 by adoption IFRS 11.
- IFRS 12 / CPC 45: Disclosure of interest in other entities - IFRS 12 deals with the disclosure of interests in other entities, whose purpose is to enable users to know the risks, the nature and the effects on the financial statements of such participations. The disclosures included in the interim financial information for the nine month period ended September 30, 2013 are in accordance with IFRS 12.
- IFRS 13 / CPC 46: Fair value measurement - IFRS 13 applies when other standards require or permit IFRS measurements or disclosures of fair value (and measurements, such as fair value less costs to sell, based on fair value or disclosures about those measurements). The disclosures included in the interim financial information for the nine month period ended September 30, 2013 are in accordance with IFRS 13.

There are no other standards and interpretations issued that significantly effect the result of the period or equity issued by the Company.

5. Adoption of new standards, amendments and interpretations to existing standards issued by the IASB and CPC and standards issued but not yet effective – Continued

Standards issued but not yet effective

Standards issued but not yet effective up to the date of the issuance of the Company's quarterly financial information include the following standards and interpretations issued which the Company reasonably expects to have an impact on the disclosures, financial position or performance to be applicable at a future date. The Company intends to adopt those standards when they become effective:

- IFRS 9 – Financial instruments - classification and measurement (CPC 38, 39 and 40) - IFRS 9 concludes the first part of the replacement project of "IAS 39 Financial Instruments: Recognition and Measurement". IFRS 9 uses a simple approach to determine if a financial asset is measured at the amortized cost or fair value, based on the way how an entity administers its financial instruments (its business model) and the contractual cash flow, which is a characteristic of the financial assets. The standard also requires the adoption of only one method to determinate asset impairment. The standard will be effective for annual periods beginning on January 1st. 2015, and the Company does not expect any significant impact as a result of the adoption.

IASB issued clarifications on the IFRS rules and amendments. The main amendment as follow:

- IAS 32 – Financial instrument: Presentation (CPC 39) - adds guidance on offsetting financial assets and financial liabilities whose amendment is effective for annual periods beginning on or after January 1, 2014, and the Company does not expect any significant impact as a result of the adoption.
- IAS 36 – Impairment of assets (CPC 01) - adds guidance on the disclosure of recoverable amounts of non-financial assets, whose amendment is effective for annual periods beginning on or after January 1, 2014, and the Company is evaluating the impact of disclosure upon its adoption.
- IAS 39 – Financial instruments: Recognition and measurement – adds guidance clarifying that there is no need to discontinue hedge accounting if the derivative instruments is renewed, provided that certain criteria are met. This amendment is effective for annual periods beginning on or after January 1, 2014, and the Company does not anticipate significant effect as result of its adoption.
- IFRS 21 – The effect of changes in foreign exchange rates – provides guidance on when to recognize a liability for a tax imposed by the government and became effective from January 1, 2014, and the Company is evaluating the impact of disclosure upon its adoption.

There are no other rules or interpretations issued that have not been adopted yet that according to the Management's opinion, may adversely affect the Company's income (loss) or shareholders' equity.

6. Significant accounting judgements, estimates and assumptions

Judgements, estimates and assumptions

The preparation of the Company's individual and consolidated quarterly financial information requires Management to make judgements, estimates and assumptions that impact the reported amounts of revenues, expenses, assets and liabilities, and the disclosure of contingent liabilities, at the end of the period, however, uncertainty about these assumptions and estimates could result in outcomes that require a material adjustment to the carrying amount of the asset or liability impacted in future periods.

The significant assumptions and estimates for interim financial information for the nine-month period ended September 30, 2013 were the same as those adopted in the consolidated and individual financial statements for the year ended December 31, 2012, originally presented on February 19, 2013, and therefore, should be read together.

a) Credit card companies

In the subsidiaries Via Varejo, NCB and Nova Pontocom, credit card payments related to the sale of goods and services are receivable in installments of up to 24 months. The Company and subsidiaries sell these receivables to banks or credit card companies without recourse or obligation related to obtaining working capital.

In view of the restructuring of receivables funds previously used for credit assignment of accounts receivable with credit cards, which are described in note 10, in the nine-months period ended September 30, 2013, the Company and its subsidiaries sold its receivables from credit card issuers in the amount of R\$21,067,913 to operators or banks directly, without any right of recourse or obligation related.

b) Consumer finance– CDCI – Via Varejo

Refers to direct consumer credit through an intervening party (CDCI), which can be paid in up to 24 installments, however, are substantially less than 12 months.

The Company maintains agreements with financial institutions where it is referred to as the intervening party of these operations, (see Note 19).

c) Adjustment to present value

The discount rate used by the subsidiary Via Varejo, operations banner "Casas Bahia" considers current market valuations of the time value of money and the asset's specific risks. Credit sales with the same cash value were carried to their present value on the transaction date, in view of their terms, adopting the monthly average rate of receivables anticipation with credit card companies. In the nine-month period ended September 30, 2013 these rates averaged 0.75% per month (0.72% per month at December 31, 2012).

a) Accounts receivable – Paes Mendonça

Accounts receivable from Paes Mendonça relate to amounts deriving from the payment of third-party liabilities by the subsidiaries Xantocarpa, Novasoc and Sendas. Pursuant to contractual provisions, these accounts receivable are monetarily restated (General Market Price Index – IGP-M) and guaranteed by commercial lease rights (“Commercial rights”) of certain stores currently operated by the Company, Novasoc and Sendas. The maturity of the accounts receivable is linked to the lease agreements, which expire in 2014.

10. Receivables securitization fund

In order to change its policy of sales of receivables, the Company negotiated changes to its receivables funds, as follows:

a) PAFIDC: There was a change in the bylaw of PAFIDC approved at the General Meeting of Shareholders of December 21, 2012, in which the Company no longer has interest or obligation to the Fund. The Fund had its name changed to denominate Multicredit FIDC and no longer holds, exclusively, GPA receivables.

Therefore, as GPA no longer has any interest in the current FIDC and has no obligation to absorb any of the expected risks of the fund's assets, the Fund ceased to be consolidated on December 26, 2012.

b) Globex FIDC: The operations of discounted receivables by credit card through the Globex FIDC were closed on December 14, 2012, in mutual agreement with the senior quotaholders.

Thus, the senior quotas were paid to quotaholders by the fund and on December 31, 2012, remained in the fund balance of cash and obligations in counterpart to subordinated quotas that had been completely

Edgar Filing: BRAZILIAN DISTRIBUTION CO COMPANHIA BRASILEIRA DE DISTR CBD - Form 6-K
redeemed, thus completing the process of liquidation of the Fund during the first quarter of 2013.

With this restructuring the Company and Via Varejo began carrying out the operation of discount of the receivables, as described in note 8 a).

c) Present value adjustment – Nova Pontocom

The adjustment to present value of inventories refers to the corresponding entry of the adjustment to present value of the trade accounts payable of the subsidiary Nova Pontocom. For the Company and other subsidiaries, Management did not record the present value adjustment since the operations are short term and it considers the effect of said adjustments to be irrelevant when compared to the interim financial information taken as a whole.

d) Inventories of real estate units under construction

The amount of inventories of real estate units under construction refers to the fair value of the barter of land for real estate units.

12. Recoverable taxes -- Continued

(a) The full ICMS realization of this value over the next five years will occur as follows:

	Parent Company	Consolidated
Up to one year	165,155	747,917
2014	54,415	257,507
2015	65,674	414,807

2017	15,010	86,548
	352,793	1,757,390

Management expects to hold these loans in their normal operations, based on a technical feasibility study on the future realization of the ICMS tax, considering the expected future offset of debits arising from the operations, in using the main variables of their business. This study was prepared based on information extracted from the strategic planning approved by the Board of Directors of the Company.

14. Investments -- Continued

a) Breakdown of investments -- Continued

(i) Surplus value of investment held in Bartira

It refers to the measurement of the investment currently held by Via Varejo of 25% of Bartira's capital stock at fair value by the income approach, considering the present value of directly or indirectly generated future benefits assessed and quantified in the form of cash flow. The asset was recognized at the time of the business combination between CB and Casa Bahia.

On December 31, 2012, this asset was subject to impairment testing under the same calculation criteria of goodwill on investments; therefore, it is not necessary to record a provision for impairment.

15. Business combinations

Acquisition of Rede Duque

Context of the operation

In 2009, the Company signed an Agreement for Outsourcing Management (“Management Agreement”) with Rede Duque for a 20-year term, whereby the Company would conduct the operational and financial management of 39 Rede Duque gas stations through its subsidiary Vancouver, in exchange for payment based on these gas stations’ results.

On May 28, 2012, the Management Agreement was terminated and, as part of the termination, pursuant to the Agreement for Share Purchase and Other Covenants, Vancouver acquired all the shares of five gas stations (“Acquired Gas Stations”) and established a partnership with Rede Duque in three other gas stations through the acquisition of shares representing 95% of their capital stock (“Partnership Gas Stations”), with a subsequent call option to be exercised by Rede Duque (“Call and Put Option Agreement”).

i) Acquisition of the five gas stations

Through the Agreement for Share Purchase, the Company acquired all the shares of six companies that were part of Rede Duque and operated five gas stations (one of the companies operates a convenience store in one of the acquired gas stations), with monthly net revenue since the acquisition of R\$25,686 and loss of R\$1,299.

Determination of the consideration transferred for the acquisition of five Rede Duque gas stations

Under the Management Agreement, the Company and Vancouver had prepaid R\$30,000 for the use of GPA brands in the gas stations and exclusive management of the gas stations. The release of this amount was subject to certain events. This amount was used as part of the payment for the acquisition of the Acquired Gas Stations, plus an additional payment of R\$10,000, for a total purchase price of R\$40,000.

Acquisition of Rede Duque -- Continued

Provisional identification of the fair value of identifiable acquired assets and liabilities

The Company provisionally identified the fair value of identifiable assets and liabilities acquired from Rede Duque on the business combination date and the acquired entities' net assets total R\$3,129.

Goodwill resulting from the acquisition

In the six-month period ended June 30, 2013, the Company completed the allocation of the purchase price and measurement of goodwill, being permanently recorded by the Company.

As a result of: (i) measurement of total consideration transferred for the acquisition of control of the gas stations; and (ii) measurement of the identifiable assets and liabilities at fair value, the Company recorded

Edgar Filing: BRAZILIAN DISTRIBUTION CO COMPANHIA BRASILEIRA DE DISTR CBD - Form 6-K
goodwill in the amount of R\$38,702. The goodwill is allocated to the retail segment.

ii) Partnership of the three gas stations

Through the Debt Assumption Agreement, entered into on the same date between the Company, Vancouver and Rede Duque, Vancouver assumed Rede Duque's bank debts in the amount of R\$50,000. On the same date, the parties entered into an Agreement for Share Purchase, whereby Vancouver acquired approximately 95% of the shares of the Partnership Gas Stations, which operated three gas stations with net revenue of approximately R\$3,500, upon assignment of part of Vancouver's receivables from Rede Duque, acquired as a result of said debt assumption. The acquired gas stations will continue to be managed by Rede Duque, and the Company will have protective vetoes.

Also through the agreement, a Call and Put Option Agreement was executed whereby Vancouver granted Rede Duque an option to purchase its shares of the capital of the Partnership Gas Stations, exercisable in one year, for R\$50,000, restated at 110% of CDI and payable in 240 monthly installments. The Company also has a put option, whereby it may demand that Rede Duque purchase its shares under the same terms above if the call option is not exercised.

If the call and put options expire, Vancouver will be able to acquire the shares of the Partnership Gas Stations' capital owned by Rede Duque for one Real (R\$1) plus dividends for the one-year partnership period.

The amount of R\$55,540 is recorded as a financial instrument at its realization amount, which is the fair value of the interest in the partnership gas stations, see note 20 f).

c) Impairment testing of goodwill and intangible assets

The goodwill and intangible assets are annually tested for impairment as of December 31, 2012 according to the method described in note 4 - Significant accounting policies, in the financial statements of December 31, 2012, released on February 19, 2013.

As a result of the impairment tests conducted in 2011, and because no evidence of nonrecovery in September 30, 2013, the Company did not recognize losses for impairment. For the year ending December 31, 2013, Company's Management will perform impairment tests for all goodwill and intangible assets recognized until this date.

d) Tradenames

The cash and carry tradename refers to "ASSAI" and the home appliances tradenames refer to "PONTO FRIO" and "CASAS BAHIA". These tradenames were recorded during the business combinations made with the companies that owned the rights over the tradenames.

The value was subject to impairment tests through the income approach – Relief from Royalty, which consists of determining the value of an asset by measuring the present value of future benefits. Given the indefinite useful life of the tradename, we consider a perpetual growth of 2.5% in the preparation of the discounted cash flow. The royalty rate used was 0.9%.

e) Commercial rights

The funds were allocated to the Cash Generating Units - CGUs. The CGUs were tested with assets recoverability through the discounted cash flow as of December 31, 2012 and adjustments have not been identified.

The resources for financing working capital are raised from local financial institutions denominated in foreign or local currency.

d) Direct consumer credit - CDCI

The operations of the consumer finance intervention correspond to the financing activities of installment sales to customers by means of a financial institution. Sales can be paid in up to 24 months, however, are substantially less than 12 months. The average financial charges are charged 110.1% of the CDI (111.40% in December 31, 2013). In these contracts, the Company retains substantially all the risks and benefits related to loans financed, guaranteed by assignment of receivables.

The credit line agreements denominated in Brazilian local currency with the Brazilian Development Bank (BNDES) are subject to the indexation based on the long-term interest rate - TJLP, plus remuneration rates and the funding cost, to reflect the BNDES' funding portfolio. Financing is paid in monthly installments after a grace period, as mentioned in the table above.

The Company cannot offer any assets as collateral for loans to other parties without the BNDES' prior consent and it must comply with certain financial debt covenants, calculated based on the consolidated balance sheet, as follows: (i) maintenance of a capitalization ratio (equity/total assets) equal to or greater than 0.30 and (ii) EBITDA/net debt equal to or greater than 0.35. The Company controls and monitors these ratios.

At September 30, 2013, the Company was in compliance with the aforementioned clauses.

f) Guarantees

The Company signed promissory notes and letters of guarantee as collateral to the loans and financings obtained from BNDES and IBM at the amount of R\$115.000.

g) Swap contracts

The Company uses swap operations to exchange liabilities denominated in U.S. dollars and fixed interest rates for Real pegged to CDI floating interest rates. The Company contracts swap operations with the same counterparty, currency and interest rate. All these transactions are classified as hedge accounting, as disclosed in note 20. The CDI annual benchmark rate at September 30, 2013 was 7.41% (8.40% at December 31, 2012). On September 30, 2013, GPA was compliant in relation to these indices.

GPA uses the issue of debentures to strengthen its working capital, maintain its cash strategy, lengthen its debt profile and make investments. The debentures issued are unsecured and not convertible into shares, except for the debentures issued by the subsidiaries, which are guaranteed by the Company.

These debentures are amortized according to the issue. The methods of amortization are as follows: (i) payment only at maturity (including all series of Nova Pontocom and the 9th issue of CBD), (ii) payment only at maturity with annual remuneration (10th issue of CBD), (iii) payment only at maturity with semiannual remuneration (11th issue of GPA, 3rd issue of Via Varejo and 1st issue of NCB) incorporated by Via Varejo, (iv) annual installments (6th series of CBD) and semiannual payments as of the 4th anniversary of the issue, and (v) semiannual payments and remuneration as of the third anniversary of the issue (8th issue of CBD).

The 8th, 9th, 10th and 11th issues are entitled to early redemption, at any time, in accordance with the conditions established in the issue. The 6th and 3rd issues of Via Varejo can only be redeemed after 18 months. NCB, incorporated by Via Varejo, and Nova Pontocom issues are not eligible for early redemption.

GPA is required to maintain certain debt financial covenants in connection with the issues made, except in the case of Nova Pontocom. These ratios are calculated based on consolidated interim financial information of the Company prepared in accordance with accounting practices adopted in Brazil, in the respective issuing of Company as follows: (i) net debt (debt minus cash and cash equivalents and trade accounts receivable) not greater than equity, and (ii) consolidated net debt / EBITDA ratio lower than or equal to 3.25 (effective on September 30, 2013 was 0.53). At September 30, 2013, GPA was in compliance with these ratios.

20. Financial instruments –Continued

The fair value of other financial instruments described in note 20 (b) allows an approximation of the carrying amount based on the existing payment conditions. The hierarchy classification of assets and liabilities at fair value is described in note 20 (c).

a) Considerations on risk factors that may affect the business of the Company and its subsidiaries

The Company adopts risk control policies and procedures, as outlined below:

(i) *Credit risk*

- Cash and cash equivalents: in order to minimize credit risk of these investments, the Company adopts policies restricting the marketable securities to be allocated to a single financial institution, also taking into consideration monetary limits and financial institution evaluations, which are frequently updated (see note 7).

- Accounts receivable: the Company sells directly to individual customers through post-dated checks, in a very small portion of sales, 0.05% in the nine-month period ended of September 30, 2013 (0.10% at December 31, 2012).
- The Company also has counterparty risk related to the derivative instruments; such risk is mitigated by the Company's policy of carrying out transactions with major financial institutions.
- Financed sales (CDCI): sales are made through operating agreements (credit lines) with banks Bradesco, Safra and Banco do Brasil for granting loans to their customers, through intervention with their financial institutions, with the aim of enabling and encouraging the sale of goods in their commercial establishments. In this modality of sale, the subsidiary has ultimate responsibility for the settlement of the loans and the credit risk of the operation.

(ii) *Interest rate risk*

The Company and its subsidiaries raise loans and financing with major financial institutions for cash needs for investments and growth. As a result, the Company and its subsidiaries are exposed to relevant interest rates fluctuation risk, especially in view of derivatives liabilities (foreign currency exposure hedge) and CDI-pegged debt. The balance of cash and cash equivalents, indexed to CDI, partially offsets this effect.

(iii) *Exchange rate risk*

The Company and its subsidiaries are exposed to exchange rate fluctuations, which may increase outstanding balances of foreign currency-denominated loans. The Company and its subsidiaries use derivatives, such as swaps, with a view to mitigating the exchange exposure risk, transforming the cost of debt into currency and domestic interest rates.

(iv) *Capital risk management*

The main objective of the Company's capital management is to ensure that the Company sustains its credit rating and a well-defined equity ratio, so that to support businesses and maximize shareholder value. The Company manages the capital structure and makes adjustments taking into account changes in the economic conditions.

There were no changes as to objectives, policies or processes during the nine-month period ended at September 30, 2013.

Shareholders' equity and net debt	13,173,434	11,926,582	16,362,571	14,473,954

(v) *Liquidity management risk*

The Company manages liquidity risk through the daily follow-up of cash flows, control of financial assets and liabilities maturities and a close relationship with main financial institutions.

The table below summarizes the aging profile of financial liabilities of the Company on September 30, 2013 and December 31, 2012:

(vi) *Derivative financial instruments*

Certain operations are classified as fair value hedge, whose objective is to hedge against foreign exchange exposure (U.S. dollars) and fixed interest rates, converting the debt into domestic interest rates and currency.

On September 30, 2013 the reference value of these contracts were R\$640,000 (R\$1,144,050 on December 31, 2012). These operations are usually contracted under the same terms of amounts, maturities and fees, and preferably carried out with the same financial institution, observing the limits set by Management.

a) Considerations on risk factors that may affect the business of the Company and its subsidiaries - Continued

(vi) *Derivative financial instruments* – Continued

The Company's derivatives contracted before December 31, 2008 are measured at fair value through profit or loss, including: (i) "swap" agreements of foreign currency-denominated debts (U.S. dollars), to convert from fixed interest rates and foreign currencies to Brazilian Reais and domestic variable interest rates (CDI). There is no balance at September 30, 2013 (R\$259,883 at December 31, 2012) and (ii) are primarily related to debentures, swapping variable domestic interest rates plus fixed interest rates with variable interest rates (CDI).

According to the Company's treasury policies, swaps cannot be contracted with restrictions ("caps"), margins, as well as return clauses, double index, flexible options or any other types of transactions different from traditional "swap" operations to hedge against debts, including for speculative purposes.

The Company's internal controls were designed so that to ensure that transactions are conducted in compliance with this treasury policy.

The Company calculates the effectiveness of operations and hedge accounting is applied on inception date and on continuing basis. Hedges designated transactions contracted in the nine-month period ended of September 30, 2013 were effective in relation to the covered risk. For derivative transactions qualified as hedge accounting, according to technical pronouncement CPC 38 (IAS 39), the debt is also adjusted at fair value.

Fair value "hedge" effects through profit or loss for the nine-month period ended September 30, 2013 were a gain of R\$33,271 (and loss of R\$26,739 at September 30, 2012).

(vii) *Fair values of derivative financial instruments*

Fair value is the amount for which an asset could be exchanged, or a liability settled, between knowledgeable, willing parties in an arm's length transaction.

Fair values are calculated by projecting the future cash flows of operations, using the curves of CDI and discounting them to present value, using CDI market rates for swaps both disclosed by BM&FBovespa.

The market value of exchange coupon swaps versus CDI rate was obtained applying market exchange rates effective on the date the interim financial information are drawn up and rates are projected by the market calculated based on currency coupon curves. In order to calculate the coupon of foreign currency indexed-positions, the straight-line convention - 360 consecutive days was adopted and to calculate the coupon of CDI indexed-positions, the exponential convention - 252 business days was adopted.

b) Sensitivity analysis of financial instruments

The sensitivity analysis, was developed for each type of market risk deemed as relevant by Management, to which the entity is exposed at the closing date of each period.

According to the Management's assessment, the most probable scenario is what the market has been estimating through market curves (currency and interest rates) of BM&FBovespa, on the maturity dates of each operation. Therefore, in the probable scenario (I), there is no impact on the fair value of financial instruments already mentioned in item (vi) above. For scenarios (II) and (III), for the sensitivity analysis effect, a deterioration of 25% and 50% was taken into account, respectively, on risk variables, up to the maturity date of the financial instruments.

In order to calculate the fair value, debts and "swaps" are measured through rates disclosed in the financial market and projected up to their maturity date. The discount rate calculated through the interpolation method of foreign currency-denominated loans is developed through DDI curves, Clean Coupon and DI x Yen, indexes disclosed by BM&FBovespa (Securities, Commodities and Futures Exchange), and DI curve is used in domestic currency-denominated loans, an index published by CETIP and calculated through the exponential interpolation method.

In case of derivative financial instruments (aiming at hedging the financial debt), changes in scenarios are accompanied by respective hedges, indicating effects are not significant, see item b (ii).

The Company disclosed the net exposure of the derivatives financial instruments, corresponding financial instruments and certain financial instruments in the sensitivity analysis chart below, for each of the scenarios mentioned:

(i) *Fair value “hedge” (at maturity dates)*

24. Provision for contingencies – Continued

c) Taxes

Tax claims are indexed, by law, by monthly restatement, which refers to an adjustment in the amount of provisions for contingencies in accordance with the indexed rates used by each tax jurisdiction. In all cases, both the interest charges as fines, when applicable, were computed and fully provisioned with respect to unpaid amounts.

The main provisioned tax claims are as follows:

COFINS and PIS

With the non-cumulativeness treatment when calculating PIS and COFINS, the Company and its subsidiaries are discussing at court the right to exclude the ICMS from the calculation basis of these two contributions.

In addition, a subsidiary of the Company offset tax debts from PIS and COFINS with excise tax - IPI credits – inputs credits subject to a zero rate or exempted - acquired from third parties (transferred based on final and unappeasable court decision). The claims amounts of PIS and COFINS at September 30, 2013 is R\$92,112 (R\$86,557 at December 31, 2012).

In addition, in 2013 there were progresses in the claims related to the offset of Finsocial, COFINS and PIS, which lead our legal counsel to change their estimation of losses from possible to probable in the amount of R\$193,402.

Taxes and other

Taxes

The Company and its subsidiaries have other tax claims, which after analysis of its legal counsels, were deemed as probable losses and accrued by the Company. These are: (i) tax assessment notices related to purchase, industrialization and sale of soybean and byproducts exports (PIS, COFINS and IRPJ); (ii) disagreement on the non-application of Accident Prevention Factor - FAP for 2011; (iii) disagreement on the “Fundo de Combate à Pobreza” (State Government Fund Against Poverty), enacted by the Rio de Janeiro State government; (iv) disagreement on tax losses carryforward, as well as suppliers contracted considered disqualified before the registration of the State Internal Revenue Service, error when applying rate, ancillary obligations by State tax authorities; and (v) other less relevant issues.

During the second quarter of 2013, procedural events occurred that led to change in the likelihood of loss from probable to possible of a claim related to income taxes of R\$43,139.

The amount recorded at September 30, 2013 is R\$130,325 (R\$173,687 on December 31, 2012).

In addition, the Company discusses in court the eligibility to not pay the contributions provided for by Supplementary Law 110/01, referring to the FGTS (Government Severance Indemnity Fund for Employees) costs. The accrued amount at September 30, 2013 is R\$36,954 (R\$31,529 at December 31, 2012).

Others

Provisions for tax contingent liabilities were recorded in Via Varejo subsidiary, which upon business combinations are recorded, under technical pronouncement CPC 15 (IFRS 3). At September 30, 2013, the amount recorded was R\$163,410 (R\$158,866 at December 31, 2012) in tax contingent liabilities.

Main tax contingent liabilities recorded refer to administrative proceedings related to the offset of PIS contribution, under the protection of Decrees 2445/88 and 2449/88, generated in view of credits deriving from legal proceedings and the offset of tax debts with contribution credits levied on coffee exports.

d) Labor

The Company is party to numerous lawsuits involving disputes with its employees, primarily arising from layoffs in the ordinary course of business. At September 30, 2013, the Company recorded a provision of R\$308,451 (R\$177,698 at December 31, 2012) referring to lawsuits whose risk of loss was considered probable. Management, assisted by its legal counsels, evaluates these claims recording provision for

losses when reasonably estimable, bearing in mind previous experiences in relation to the amounts claimed. Labor claims are indexed to the benchmark interest rate ("TR") 0.04% accrued at September 30, 2013 (0.29% at December 31, 2012) plus 1% monthly interest rates.

Labor provisions were recorded in Via Varejo subsidiary referring to contingent liabilities recognized upon business combination amounting to R\$13,180 at September 30, 2013 (R\$13,138 at December 31, 2012).

e) Civil and other

The Company is defendant in civil actions, at several court levels (indemnifications and collections, among others) and at different courthouses. The Company's Management sets up provisions in amounts considered sufficient to cover unfavorable court decisions when its internal and external legal advisors consider losses to be probable.

Among these lawsuits, we point out the following:

- The Company files and answers various lawsuits in which it requests the renewals of lease agreements and the review of the lease paid. The Company recognizes a provision for the difference between the amount originally paid by the stores and the amounts pleaded by the adverse party (owner of the property) in the lawsuit, when internal and external legal advisors agree on the likelihood of changing the lease paid by the entity. At September 30, 2013, the amount accrued for these lawsuits is R\$43,372 (R\$36,112 at December 31, 2012), to which there are no escrow deposits;
- The subsidiary Via Varejo is party to lawsuits involving the consumer relations rights (civil actions and assessments from PROCON) and few lawsuits involving contracts terminated with suppliers and the amount referred to in these lawsuits totals R\$55,460 at September 30, 2013 (R\$43,769 at December 31, 2012);

e) Civil and other -- Continued

- Provisions for civil actions were recorded in Via Varejo subsidiary referring to contingent liabilities recognized upon business combinations totaling R\$2,280 at September 30, 2013 (R\$2,685 at December 31, 2012).

Total civil actions and other at September 30, 2013 is R\$163,487 (R\$132,886 at December 31, 2012).

f) Other non-accrued contingent liabilities

The Company has other litigations which have been analyzed by the legal counsels and deemed as possible but not probable; therefore, they have not been accrued, amounting to R\$7,544,409 at September 30, 2013 (R\$7,151,112 at December 31, 2012), and are mainly related to:

- INSS (Social Security Tax) – the Company was assessed regarding the non-levy of payroll charges on benefits granted to its employees, and the loss, considered possible, corresponds to R\$296,267 at September 30, 2013 (R\$283,245 at December 31, 2012). The proceedings are under administrative and court discussion;
- IRPJ, individual income tax - IRRF, CSLL, tax on financial transactions - IOF, tax at source on net income ILL, IPI – the Company has several assessment notices regarding offsetting proceedings, rules on the deductibility of provisions and payment discrepancies and overpayments; fine due to failure to comply with ancillary obligation, amongst other less significant taxes. These proceedings await decision in the administrative and court level;

In the 4th quarter of 2012, the Company became aware of delinquency notice drawn up by Internal Revenue Agency to the collection of differences in the payment of income tax, allegedly due in respect of the calendar years 2007 to 2009, under the allegation that there was improper deduction of goodwill amortization duly payable and arising from transactions between shareholders Casino and Abilio Diniz. The Company filed defense at the administrative level and is awaiting a decision. In the second quarter of 2013, the Company became aware of delinquency in relation to the calendar years 2010 and 2011. No provision was made for this case, since the evaluation of the Company's legal advisors, the chances of loss are classified partly as possible is R\$628,755 at September 30, 2013 (R\$300,800 at December 31, 2012) and partly as a remote.

(i) *Stock option plan for preferred shares* - Continued

The exercise price for the Silver-type option will correspond to the average of closing price of the Company preferred shares occurred over the last 20 trading sessions of BM&FBOVESPA, prior to the date on which the Committee resolves on the granting of option, with a 20% discount. The price for the Gold-type option will correspond to R\$0.01 and the granting of these options are additional to the Silver options, the granting or the exercise of "Gold" options is not possible separately. In both cases, the prices will not be restated.

The Silver and Gold options shall be effective as of the date of the respective agreement. The number of shares resulting from the Silver option is fixed (established in the agreement). The number of shares resulting from the Gold option is variable, establishing on the granting date a number of shares that may be increased or decreased, according to the Return on Invested Capital - ROIC verified at the end of the 36th month as of the granting date. In accordance with item 3.3 of the Plan, the Committee decided that, from the Series A6, including the reducing or increasing the amount of options such as "Gold" will be determined based on the compliance with the Return on Capital Employed - ROCE of CBD, which may increase or reduce granting at -6% and 6%, depending on the accomplishment of goals..

The options granted under the Stock Option Plan may be exercised in whole or in part. It is worth noting that "Gold" options are additional to "Silver" and thus the "Gold" options may only be exercised jointly with "Silver" options.

The price on the exercise of options granted under the Stock Option Plan shall be fully paid in local currency by employee, and the exercise price must be paid in one installment, due after 30 days after the date of subscription of their shares.

At the Board of Directors' Meeting held at February 19, 2013, the increase of the global limit of shares allocated to the Company's General Stock Option Plan was approved, from 11,618 thousand preferred shares to 15,500 thousand preferred shares, an increase of 3,882 thousand new preferred shares.

32. Earnings per share

The Company computes earnings per share by dividing the net income pertaining to each class of share by the weighted average of the respective class of shares outstanding during the year.

Equity instruments that will or may be settled in Company's shares are included in the calculation only when their settlement has a dilutive impact on earnings per share.

The Company granted a share-based compensation plan to its employees (see note 27), whose dilutive effects are reflected in diluted earnings per share by applying the "treasury share" method.

When the stock option exercise price is greater than the average market price of the preferred shares, diluted earnings per share are not affected by the stock options.

As of 2003, preferred shares are entitled to a dividend 10% greater than that distributed to the common shares. As such earnings may be capitalized or otherwise appropriated, there can be no assurance that preferred shareholders will receive the 10% premium referred to above, unless earnings are fully distributed.

The earnings per share are calculated as if options were exercised at the beginning of the period, or at time of issuance, if later, and as if the funds received were used to purchase the Company's own shares.

The following table presents the determination of net income available to common and preferred shareholders and weighted average of common and preferred shares outstanding used to calculate basic and diluted earnings per share for each of the periods reported:

	09.30.2013			09.30.2012

Reports and Statements/Officers Statement on the Independent Auditors' Report

(Convenience Translation into English from the Original Previously Issued in Portuguese)

REPORT ON REVIEW OF INTERIM FINANCIAL INFORMATION

To the Shareholders, Board of Directors and Management of

Companhia Brasileira de Distribuição

São Paulo - SP

Introduction

We have reviewed the accompanying individual and consolidated interim financial information of Companhia Brasileira de Distribuição (the "Company"), identified as Company and Consolidated, respectively, included in the Interim Financial Information Form (ITR), for the quarter ended September 30, 2013, which comprises the balance sheet as of September 30, 2013 and the related statements of income and comprehensive income for the three- and nine-month periods then ended, and changes in equity and cash flows for the nine-month period then ended, including the explanatory notes.

The Company's Management is responsible for the preparation of the individual interim financial information in accordance with technical pronouncement CPC 21 (R1) - Interim Financial Information and the consolidated interim financial information in accordance with technical pronouncement CPC 21 (R1) and the international standard IAS 34 - Interim Financial Reporting, issued by the International Accounting Standards Board - IASB, as well as for the presentation of such information in accordance with the standards established by the Brazilian Securities and Exchange Commission (CVM), applicable to the preparation of the Interim Financial Information (ITR). Our responsibility is to express a conclusion on this interim financial information based on our review.

Scope of review

We conducted our review in accordance with Brazilian and international standards on review of interim financial information (NBC TR 2410 and ISRE 2410 - Review of Interim Financial Information Performed by the Independent Auditor of the Entity, respectively). A review of interim financial information consists of making inquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with standards on auditing and, consequently, does not enable us to obtain assurance that we

would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.

Conclusion on individual interim financial information

Based on our review, nothing has come to our attention that causes us to believe that the accompanying individual interim financial information included in the Interim Financial Information (ITR) referred to above was not prepared, in all material respects, in accordance with technical pronouncement CPC 21 (R1), applicable to the preparation of the Interim Financial Information (ITR), and presented in accordance with the standards established by CVM. **Conclusion on consolidated interim financial information**

Reports and Statements/Officers Statement on the Independent Auditors' Report

Based on our review, nothing has come to our attention that causes us to believe that the accompanying consolidated interim financial information included in the Interim Financial Information (ITR) referred to above was not prepared, in all material respects, in accordance with technical pronouncement CPC 21 (R1) and international standard IAS 34, applicable to the preparation of Interim Financial Information (ITR), and presented in accordance with the standards established by CVM.

Other matters

Statements of value added

We have also reviewed the individual and consolidated statements of value added for the nine-month period ended September 30, 2013, prepared under the responsibility of the Company's Management, the presentation of which is required by the standards issued by CVM applicable to the preparation of Interim Financial Information (ITR) and considered as supplemental information for International Financial Reporting Standards - IFRS, which do not require the presentation of these statements. These statements were subject to the same review procedures described above and, based on our review, nothing has come to our attention that causes us to believe that they were not prepared, in all material respects, in relation to the individual and consolidated interim financial information taken as a whole.
