and Independent Auditors' Report Review

Report of Independent Registered Public Accounting Firm

To the Board of Directors and Shareholders

Braskem S.A.

We have reviewed the accompanying condensed consolidated balance sheet of Braskem S.A. and its subsidiaries as of March 31, 2014, and the related condensed consolidated statements of operations and comprehensive income, and changes in shareholders' equity for the three month periods ended March 31, 2014, and March 31, 2013 and the condensed consolidated statement of cash flows for the three month periods ended March 31, 2014 and March 31, 2013. These interim financial statements are the responsibility of the Company's management.

We conducted our review in accordance with the standards of the Public Company Accounting Oversight Board (United States). A review of interim financial information consists principally of applying analytical procedures and making inquiries of persons responsible for financial and accounting matters. It is substantially less in scope than an audit conducted in accordance with the standards of the Public Company Accounting Oversight Board (United States), the objective of which is the expression of an opinion regarding the financial statements taken as a whole. Accordingly, we do not express such an opinion.

Based on our review, we are not aware of any material modifications that should be made to the accompanying condensed consolidated interim financial statements for them to be in conformity with IAS 34 — Interim Financial Reporting issued by the International Accounting Standard Board (IASB).

We previously audited, in accordance with the standards of the Public Company Accounting Oversight Board (United States), the consolidated balance sheet as of December 31, 2013, and the related consolidated statements of operations, comprehensive income, and changes in equity, and of cash flows for the year then ended (not presented herein), and in our report dated February 13, 2014, we expressed an unqualified opinion on those consolidated financial statements. In our opinion, the information set forth in the accompanying consolidated balance sheet as of December 31, 2013, is fairly stated in all material respects in relation to the consolidated balance sheet from which it

has been derived.

2. Summary of significant accounting policies

2.1. Basis of preparation

This Quarterly Information should be read together with the financial statements of Braskem as of December 31, 2013, which were prepared and presented in accordance with the International Financial Reporting Standards (IFRS) issued by the International Accounting Standards Board (IASB).

The preparation of the quarterly information requires the use of certain critical accounting estimates. It also requires the Management of the Company to exercise its judgment in the process of applying its accounting policies. There were no significant changes in the assumptions and judgments made by the Company's management in the use of estimates for the preparation of the Quarterly Information in relation to those used in the December 31, 2013 financial statements.

On March 31, 2014, the Company started to include in its balance sheet the net value, per legal entity, of the amounts related to deferred income and social contribution tax assets and liabilities on its profit as the Company has the legally enforceable right to offset these amounts. The balance sheet at December 31, 2013 was revised to reflect such adjustment, as shown in Note 2.1.1(a).
