**EXHIBIT 1**

**STAR BULK ACQUIRES SUPRAMAX VESSEL EXPANDING ITS FLEET TO NINE VESSELS**

**New York, New York, December 5, 2007** Star Bulk Carriers Corp. (NASDAQ:SBLK), announced today that it has agreed to acquire the vessel E Duckling (to be renamed Star Kappa), for USD 72 million from a company affiliated with our Co-Chairman, Nobu Su. The Star Kappa, a Supramax vessel of 52,055 dwt built in 2001 in Japan, will have a three-year Time Charter employment contract attached at a gross daily rate of USD 47,800 with earliest and latest redelivery of September 23, 2010 and November 23, 2010, respectively.

**Akis Tsirigakis, President and CEO of Star Maritime commented:** We are pleased to announce our first vessel acquisition since the completion of the redomiciliation merger which will expand the fleet to nine vessels. Our low leverage affords us the flexibility to continue to seek growth opportunities in the dry bulk sector as they may arise.

The following table sets forth summary information regarding Star Bulk's fleet. Star Bulk expects to complete the delivery of the vessels in its fleet by January 2008.

### **Forward-Looking Statements**

The information in this press release may contain forward-looking statements within the meaning of the Private Securities Litigation Reform Act of 1995. Forward-looking statements include, but are not limited to, statements regarding: (1) the delivery and operation of assets of Star Bulk; (2) Star Bulk's future operating or financial results; (3) future, pending or recent acquisitions, business strategy, areas of possible expansion, and expected capital spending or operating expenses; (4) drybulk market trends, including charter rates and factors affecting vessel supply and demand; and (5) other statements identified by words such as "anticipate," "believe," "plan," "estimate," "expect," "intend," "will," "should," "may," or words of similar meaning.

Such forward looking statements are based upon various assumptions, many of which are based, in turn, upon further assumptions, including without limitation, Star Bulk's examination of historical operating trends, data contained in their records and other data available from third parties. Although Star Bulk believes that these assumptions were reasonable when made, because these assumptions are inherently subject to significant uncertainties and contingencies which are difficult or impossible to predict and are beyond their control, Star Bulk cannot assure you that Star Bulk

will achieve or accomplish these expectations, beliefs or projections. Important factors that could cause actual results to differ materially from those discussed in the forward-looking statements include the failure of a seller to deliver one or more vessels, the strength of world economies and currencies, general market conditions, including changes in charterhire rates and vessel values, changes in demand that may affect attitudes of time charterers to scheduled and unscheduled drydocking, changes in Star Bulk's operating expenses, including bunker prices, dry-docking and insurance costs, or actions taken by regulatory authorities, potential liability from pending or future litigation, domestic and international political conditions, potential disruption of shipping routes due to accidents and political events or acts by terrorists. Additional factors that could cause Star Bulk's results to differ materially from those described in the forward-looking statements can be found in Star Bulk's Registration Statement on Form F-1/F-4 and reports on Form 6-K filed with the Securities and Exchange Commission (the "SEC") and available at the SEC's Internet site (<http://www.sec.gov>). The information set forth herein speaks only as of the date hereof, and Star Bulk disclaims any intention or obligation to update any forward looking statements as a result of developments occurring after the date of this communication.
