Options Granted in 2001

The following table provides information related to options granted to the named executive officers during 2001. We do not have any outstanding stock appreciation rights.

All stockholders (4)	N/A	N/A	N/A	N/A	1,

(1) These options were granted at the closing price on the date of grant and vest in three annual installments beginning one year after the date of grant.

(2) The potential realizable value of the options granted in 2001 was calculated by multiplying those options by the excess of (a) the assumed market value of our underlying common stock five years from grant date of the options if the market value of our common stock were to increase 5% or 10%, as applicable, in each year of the option's 5-year term over (b) the exercise price noted above. This calculation does not take into account any taxes or other expenses which might be owed. The 5% and 10% appreciation rates are set forth in the Securities and Exchange Commission rules and we make no representation that our common stock will appreciate at these assumed rates or at all.

(3) Options were granted to our employees throughout 2001 with various expiration dates through the year 2006. The weighted average exercise price of all options granted to employees in 2001 is \$2.28.

(4) Based on a closing price of \$2.60 per share on April 30, 2001, and a total of 2,359,231 shares of our common stock outstanding as of April 30, 2001.

Aggregated Option Exercises During 2001 and Option Values at December 31, 2001

The following table provides information related to options exercised by the named executive officers during 2001 and the number and value of unexercised options held at December 31, 2001. We do not have any outstanding stock appreciation rights.

William H. Hayes	--	--	45,500	19,500
Maury L. Magids	--	--	21,000	19,000

(1) The Value Realized is calculated by subtracting the per share exercise price of the option from the closing price of our common stock on the date of exercise and multiplying the difference by the number of shares of our common stock acquired upon exercise.

(2) The Value of Unexercised In-the-Money Options is before any income taxes and is determined by aggregating for each option outstanding as of December 31, 2001 the amount calculated by multiplying the number of shares underlying such option by an amount equal to the closing price of our common stock on December 31, 2001, which was \$3.70, less the exercise price of such option.

COMPENSATION OF DIRECTORS

Nonemployee directors receive a fee of \$1,000 for each board meeting that they attend. Mr. Myer has requested that we contribute his fees to a charity of his choice. Mr. Shifrin does not receive separate compensation for his services as a director.

INDEMNITY AGREEMENTS

We have entered into indemnity agreements with our directors and certain of our officers. The agreements generally provide that, to the extent permitted by law, we must indemnify each such person for judgements, expenses, fines, penalties and amounts paid in settlement of claims that result from the fact that such person was our officer, director or employee. In addition, our articles of incorporation and certain of our subsidiaries' articles of incorporation provide for certain indemnifications and limitations on director liability.

REPORT OF THE COMPENSATION COMMITTEE OF THE BOARD OF DIRECTORS

The Company is engaged in several highly competitive industries. For the Company to succeed, the Company believes that it must be able to attract and retain qualified executives. To achieve this objective, we have structured an executive compensation policy tied to operating performance that we believe has enabled the Company to attract and retain key executives.

During 2001, the Compensation Committee was comprised of two nonemployee directors, Robert L. Myer and William A. Searles.

During 2001, the Compensation Committee had primary responsibility for determining executive compensation levels. The Board as a whole maintains a

Edgar Filing: AMERICAN PHYSICIANS SERVICE GROUP INC - Form DEF 14A

philosophy that compensation of executive officers, specifically including that of the Chief Executive Officer, should generally be linked to both operating and stock price performance. A portion of the management compensation has been comprised of bonuses, based on operating and stock price performance, with a particular emphasis on the attainment of planned objectives. Accordingly, in years in which performance goals are achieved or exceeded, executive compensation tends to be higher than in years in which performance is below expectations. Stock options are granted from time to time to members of management, based primarily on such person's potential contribution to the Company's growth and profitability. The Committee feels that options are an effective incentive to create value for shareholders since the value of an option bears a direct relationship to our stock price.

For 2001, our executive compensation program consisted of base salary and a bonus based upon the achievement of specific performance measurements. Executives of our subsidiaries were paid a bonus based upon such subsidiaries achieving, among other things, a targeted pretax income. The Chief Executive Officer was paid a bonus for 2001 based upon implementing short and long term initiatives for improving the Company's return on investment.

One of the Company's primary objectives is financial performance that achieves several long-term goals, including earnings-per-share growth, revenue growth, stock price growth and a proper diversification of business risks. The Committee believes that its compensation policy promotes those objectives and that compensation levels during 2001 adequately reflect the Company's compensation goals and policies.

CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS

UNCOMMON CARE

On January 1, 1998 we invested in the preferred stock of Uncommon Care, Inc., a developer and operator of specialized care facilities for those with Alzheimer's disease. Certain of our officers, directors and employees also invested in the common stock of Uncommon Care, paying the same price per share for their investment as we did.

At the same time, these officers, directors and employees also participated in a \$2.4 million secured line of credit to Uncommon Care, funding their pro rata portion. We have subsequently extended two unsecured lines of credit totaling an additional \$2.45 million to Uncommon Care. Beginning July 1, 2001, we agreed to take payments on the lines of credit in-kind, receiving Uncommon Care common stock in place of cash. The officers, directors and employees who participated in the line of credit did not participate in the in-kind program. At March 31, 2002, our preferred shares, assuming conversions, plus our common shares earned in-kind, amounted to approximately 40% of the total voting power of Uncommon Care.

The investments by our officers, directors and employees were as follows:

Name	Title	Initial Ownership %

Mr. Searles is a member of Uncommon Care's board of directors.

ASSET MANAGEMENT

In May 1998, we formed APS Asset Management, Inc., or Asset Management, of which we initially owned 95%. Asset Management was organized to manage fixed income and equity assets for institutional and individual clients on a fee basis. Certain of our officers, directors and employees also invested in Asset Management, paying the same price per share as we did. Their investments are as follows:

Name ----	Title -----	Initial Ownership % -----
George S. Conwill	President of APS Investment Services, Inc., a wholly-owned subsidiary of ours	1
William A. Searles	Director and Chairman of APS Investment Services, Inc.	1

8

PRIME MEDICAL

As of April 24, 2002, we owned 773,803 shares of the common stock of Prime Medical Services, Inc., or Prime, or less than 5%. During 2001, Prime purchased our ownership in a condominium office project for approximately \$6 million, based on an MAI appraisal. We lease approximately 26,000 square feet of the office space from Prime and pay Prime rent of approximately \$45,000 per month.

FEMPARTNERS

On October 1, 1997, we formed Syntera Healthcare Corporation, or Syntera, with an initial ownership of 85%. Syntera specialized in the management of OB/GYN and related medical practices. On June 30, 1999 we merged Syntera with another unaffiliated practice management company, FemPartners, Inc., or FemPartners. We presently own approximately 2.2% of the total voting power of FemPartners, the surviving company. Certain of our officers, directors and employees also invested in Syntera, paying the same price per share for their investment as we did. These interests have now been converted to ownership in FemPartners.

In 2001, following our inability to find a buyer for our shares of FemPartners common stock, we sold approximately 60% of them to a former officer of ours, Duane Boyd, for a de minimus amount. We engaged a valuation consultant to provide an independent valuation of our holdings in FemPartners at December 31, 2000 and 2001. That valuation indicated that our sales price in December 2001 approximated fair market value and that this fair market value had not changed substantially from December 31, 2000.

Edgar Filing: AMERICAN PHYSICIANS SERVICE GROUP INC - Form DEF 14A

At March 31, 2002 our directors, officers and employees' ownership in FemPartners was as follows:

Name ----	Title -----	Ownership % -----
Maury L. Magids	Senior Vice President	.01
William H. Hayes	Senior Vice President	.01
Robert L. Myer	Director	.09
Kenneth S. Shifrin	Chairman and CEO	.07
All other employees		3.67

OTHER

During 2001, Mr. Searles, a director of ours, also served as a director and Chairman of the Board of APS Investment Services, Inc., a wholly-owned subsidiary of ours. For his additional director services, Mr. Searles was paid monthly director fees of \$6,000, plus a non-discretionary incentive amount based on APS Investment Services, Inc. achieving certain levels of return on capital. His total compensation for these additional director duties was \$295,000 in 2001.

SECTION 16(a) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE

Section 16(a) of the Securities Exchange Act of 1934, as amended, requires our directors and officers, and persons who own more than 10% of a registered class of our equity securities, to file initial reports of ownership and reports of changes in ownership with the Securities and Exchange Commission, or the SEC, and the NASDAQ Smallcap Market. Such persons are required by SEC regulation to furnish us with copies of all Section 16(a) forms they file.

Based solely on review of the copies of such forms received by us with respect to 2001, or written representations from certain reporting persons, we believe that all filing requirements applicable to our directors and officers and persons who own more than 10% of a registered class of our equity securities have been complied with, except for a late filing of a Form 3 by Mr. Magids.

QUORUM; VOTING

The presence, in person or by proxy, of the holders of a majority of the outstanding shares of our common stock is necessary to constitute a quorum at the meeting. Abstentions and "broker non-votes" (shares held by brokers or nominees as to which they have no discretionary power to vote on a particular matter and have received no instructions from the beneficial owners thereof or persons entitled to vote thereon) will be counted in determining whether a quorum is present at the meeting. If a quorum is not present or represented at the meeting, the shareholders entitled to vote thereat, present in person or represented by proxy, have the power to adjourn the meeting from time to time, without notice other than an announcement at the meeting, until a quorum is present or represented. At any such adjourned meeting at which a quorum is present or represented, any business may be transacted that might have been transacted at the meeting as originally notified.

Cumulative voting is not permitted in the election of our directors. On all matters (including election of directors) submitted to a vote of the shareholders at the meeting or any adjournment(s) thereof, each holder of our common stock will be entitled to one vote for each share of our common stock owned of record by such shareholder at the close of business on April 24, 2002.

Proxies in the accompanying form which are properly executed and returned and that are not revoked will be voted at the meeting and any adjournment(s) thereof and will be voted in accordance with the instructions thereon. Any proxy upon which no instructions have been indicated with respect to a specified matter will be voted according to the recommendations of our board of directors, which are contained in this proxy statement. Our board of directors knows of no matters, other than those presented in this proxy statement, to be presented for consideration at the meeting. If, however, other matters properly come before the meeting or any adjournment(s) thereof, the persons named in the accompanying proxy will vote such proxy in accordance with their judgment on any such matters. The persons named in the accompanying proxy may also, if they believe it advisable, vote such proxy to adjourn the meeting from time to time.

Each matter submitted to the shareholders requires the affirmative vote of a majority of the shares entitled to vote and present in person or by proxy. If you abstain from voting on a proposal, your abstention will have the effect

Edgar Filing: AMERICAN PHYSICIANS SERVICE GROUP INC - Form DEF 14A

of a negative vote on such proposal. Broker non-votes will have the effect of a negative vote on any proposal.

PROPOSAL NO. 1 ELECTION OF DIRECTORS

Pursuant to our bylaws, our board of directors has, by resolution, fixed the number of directors at four, and four directors will be elected. All nominees will be elected to hold office until our next annual meeting of shareholders and until his successor is duly elected and qualified, or until his earlier death, resignation or removal. Each nominee is presently a director and has served continuously since first becoming a director. Our board of directors held five meetings during 2001, and each director attended at least 75% of (a) the total number of our board meetings held during 2001 (or, if shorter, during the period he served as a director) and (b) the total number of meetings held by all committees of the board on which he served during 2001 (or, if shorter, during the period he served as a director).

Robert L. Myer	53	1996

We have no reason to believe that any nominee named above will be unwilling or unable to serve.

The Board recommends that you vote FOR each nominee for director.

PROPOSAL NO. 2
APPROVAL OF AMENDMENT TO THE
1995 INCENTIVE AND NON-QUALIFIED STOCK OPTION PLAN

Our 1995 incentive and non-qualified stock option plan currently provides that the aggregate number of shares of our common stock that may be issued upon exercise of all options under the plan shall not exceed 1,400,000. As of March 31, 2002, no shares had been issued pursuant to the plan and 1,040,500 shares were subject to outstanding options. Accordingly, there are 359,500 shares remaining available for issuance under the plan. Our board of directors, on April 22, 2002, subject to stockholder approval at the meeting, approved an amendment to the plan to increase the aggregate number of shares that may be issued thereunder by 200,000, from 1,400,000 to 1,600,000. We have in the past utilized stock options as a significant element of compensation to officers, key employees and directors and intend to continue to do so. Our board of directors believes that the effect of this amendment will be to preserve the benefits of the plan by ensuring that officers, directors and other key employees continue to be eligible to receive options.

The Board recommends that you vote FOR the approval of the amendment to our 1995 incentive and non-qualified stock option plan.

Mr. Myer was unable to attend one meeting. The audit committee meets with our independent auditors, reviews our financial statements, and recommends to our board of directors the selection of our independent auditors for each fiscal year.
