## ITEM 2.02 RESULTS OF OPERATIONS AND FINANCIAL CONDITION

The information set forth in Item 7.01 is incorporated by reference into this Item 2.02.

## ITEM 4.02 NON-RELIANCE ON PREVIOUSLY ISSUED FINANCIAL STATEMENTS OR A RELATED AUDIT REPORT OR COMPLETED INTERIM REVIEW

(a)

On November 4, 2015, the audit committee of the board of directors of each of Hertz Global Holdings, Inc. (“Hertz Global”) and The Hertz Corporation (together with Hertz Global, “Hertz” or the “Company”), in consultation with management and after discussion with PricewaterhouseCoopers LLP, the Company's independent registered accounting firm, determined that the Company's previously issued condensed consolidated financial statements for the three months ended June 30, 2015 should no longer be relied upon because of errors related to the depreciation of vehicles sold through our retail locations and other immaterial adjustments. As a result of these errors, the Company's income (loss) before income taxes and net income (loss) were understated by \$21 million and \$13 million, respectively, for the three and six months ended June 30, 2015. The Company has determined it must restate the condensed financial statements for the three and six months ended June 30, 2015 and has filed an amendment to the Company's Form 10-Q for the three months ended June 30, 2015 filed on August 10, 2015.

## ITEM 7.01 REGULATION FD DISCLOSURE

On November 9, 2015, the Company issued a press release with respect to the Company's third quarter 2015 financial results. A copy of the press release is attached as Exhibit 99.1 to this current report and incorporated by reference herein. The Company utilized certain non-GAAP financial measures in the press release that are detailed in the document attached as Exhibit 99.1 to this current report and incorporated by reference herein.

Hertz Global is providing additional financial information with respect to the fiscal years ending December 31, 2014 and 2013 and the periods ending June 30, 2015 (Restated) and March 31, 2015 in the document attached as Exhibit 99.2 to this current report. This financial information includes certain non-GAAP financial measures that are detailed in Exhibit 99.2.

On November 9, 2015, the Company will conduct an earnings webcast relating to the Company's financial results for the three months ended September 30, 2015. The earnings webcast will be made available to the public via a link on the Investor Relations section of the Hertz website, IR.Hertz.com and the slides that accompanied the presentation will be available to the public at the time of the earnings webcast through the Company's website. ## CAUTIONARY NOTE CONCERNING FORWARD-LOOKING STATEMENTS

Certain statements contained in this report, and in related comments by the Company's management, include “forward-looking statements.” Forward-looking statements include information concerning the Company's liquidity and

its possible or assumed future results of operations, including descriptions of its business strategies. These statements often include words such as “believe,” “expect,” “project,” “potential,” “anticipate,” “intend,” “plan,” “estimate,” “seek,” “will,” “would,” “should,” “could,” “forecasts” or similar expressions. These statements are based on certain assumptions that the Company has made in light of its experience in the industry as well as its perceptions of historical trends, current conditions, expected future developments and other factors it believes are appropriate in these circumstances. The Company believes these judgments are reasonable, but you should understand that these statements are not guarantees of performance or results, and the Company’s actual results could differ materially from those expressed in the forward-looking statements due to a variety of important factors, both positive and negative, that may be revised or supplemented in subsequent reports on Forms 10-K, 10-Q and 8-K. Among other items, such factors could include: any claims, investigations or proceedings arising as a result of the restatement of our previously issued financial results; our ability to remediate the material weaknesses in our internal controls over financial reporting; levels of travel demand, particularly with respect to airline passenger traffic in the United States and in global markets; the effect of our proposed separation of our equipment rental business and ability to obtain the expected benefits of any related transaction; significant changes in the competitive environment, including as a result of industry consolidation, and the effect of competition in our markets on rental volume and pricing, including on our pricing policies or use of incentives; occurrences that disrupt rental activity during our peak periods; our ability to achieve and maintain cost savings and efficiencies and realize opportunities to increase productivity and profitability; an increase in our fleet costs as a result of an increase in the cost of new vehicles and/or a decrease in the price at which we dispose of used vehicles either in the used vehicle market or under repurchase or guaranteed depreciation programs; our ability to accurately estimate future

levels of rental activity and adjust the size and mix of our fleet accordingly; our ability to maintain sufficient liquidity and the availability to us of additional or continued sources of financing for our revenue earning equipment and to refinance our existing indebtedness; our ability to integrate the car rental operations of Dollar Thrifty and realize operational efficiencies from the acquisition; our ability to maintain access to third-party distribution channels, including current or favorable prices, commission structures and transaction volumes; the operational and profitability impact of the divestitures that we agreed to undertake in order to secure regulatory approval for the acquisition of Dollar Thrifty; an increase in our fleet costs or disruption to our rental activity, particularly during our peak periods, due to safety recalls by the manufacturers of our vehicles and equipment; a major disruption in our communication or centralized information networks; financial instability of the manufacturers of our vehicles and equipment, which could impact their ability to perform under agreements with us and/or their willingness or ability to make cars available to us or the car rental industry on commercially reasonable terms; any impact on us from the actions of our franchisees, dealers and independent contractors; our ability to maintain profitability during adverse economic cycles and unfavorable external events (including war, terrorist acts, natural disasters and epidemic disease); shortages of fuel and increases or volatility in fuel costs; our ability to successfully integrate acquisitions and complete dispositions; our ability to maintain favorable brand recognition; costs and risks associated with litigation and investigations; risks related to our indebtedness, including our substantial amount of debt, our ability to incur substantially more debt and increases in interest rates or in our borrowing margins; our ability to meet the financial and other covenants contained in our Senior Credit Facilities, our outstanding unsecured Senior Notes and certain asset-backed and asset-based arrangements; changes in accounting principles, or their application or interpretation, and our ability to make accurate estimates and the assumptions underlying the estimates, which could have an effect on earnings; changes in the existing, or the adoption of new laws, regulations, policies or other activities of governments, agencies and similar organizations where such actions may affect our operations, the cost thereof or applicable tax rates; changes to our senior management team; the effect of tangible and intangible asset impairment charges; our exposure to uninsured claims in excess of historical levels; fluctuations in interest rates and commodity prices; and our exposure to fluctuations in foreign exchange rates.

Additional information concerning these and other factors can be found in our filings with the Securities and Exchange Commission, including our most recent Annual Report on Form 10-K, Quarterly Reports on Form 10-Q and Current Reports on Form 8-K.

You should not place undue reliance on forward-looking statements. All forward-looking statements attributable to the Company or persons acting on its behalf are expressly qualified in their entirety by the foregoing cautionary statements. All such statements speak only as of the date made, and the Company undertakes no obligation to update or revise publicly any forward-looking statements, whether as a result of new information, future events or otherwise.
