Tamir shall timely notify USPI (but in no event less than 30 days prior to the expiration of any priority rights period) if it intends not to seek patent protection on the Drug Technology in any country, and USPI shall have the right, at its expense and in Tamir's name, to file, prosecute, maintain, and enforce in such country patents relating to the Drug Technology.

Assistance.

Tamir shall provide to USPI or USPI's authorized attorneys, agents, or representative's reasonable assistance as necessary for USPI to exploit its right under Section 5.2 to file, prosecute, maintain and enforce patent applications and patents. Tamir shall use its best efforts to have signed all legal documents necessary to file, prosecute, maintain, and enforce patent applications or patents at no charge to USPI.

Infringement:

(a) Each Party shall promptly report in writing to each other Party during the term of any: (i) known infringement or suspected infringement of any of Tamir's Patent Rights in the Field; or (ii) unauthorized use or misappropriation of the Tamir's Technology Rights in the Field by a third party of which it becomes aware, and shall provide each other Party with all available evidence supporting said infringement, suspected infringement or unauthorized use or misappropriation. Within 30 days after Tamir becomes, or is made, aware of any of the foregoing, it shall decide whether or not to initiate an infringement or other appropriate suit and shall advise USPI of its decision in writing. The inability of Tamir to decide on a course of action within such 30 day period shall for all purposes be deemed a decision not to initiate an infringement or other appropriate suit.

(b) Within sixty (60) days after Tamir becomes, or is made, aware of any infringement, suspected infringement or unauthorized use or misappropriation by a third party in the Field, as provided in paragraph (a) above, and provided that Tamir shall have advised USPI of its decision to file suit within the 30 day period provided in paragraph (a) above, Tamir shall have the right to initiate an infringement or other appropriate suit anywhere in the world against such third party. Tamir shall provide USPI with an opportunity to make suggestions and comments regarding such suit and shall promptly notify USPI of the commencement of such suit. Tamir shall keep USPI promptly informed of, and shall from time to time consult with USPI regarding, the status of any such suit and shall provide USPI with copies of all documents filed in, and all written communications relating to, such suit.

(c) Tamir shall select counsel for any suit referred to in paragraph (b) above who shall be reasonably acceptable to USPI. Tamir shall, except as provided below, pay all expenses of the suit, including, without limitation, attorneys' fees and court costs. USPI, in its sole discretion, may elect, within 60 days after the receipt by USPI from Tamir of notice of the commencement of such litigation, to contribute to the costs incurred by Tamir in connection with such litigation in an amount not to exceed 50 percent of such costs. Any damages, settlement fees or other consideration for past infringement received as a result of such litigation shall be shared by Tamir and USPI pro rata based on their respective sharing of the costs of such litigation. If necessary USPI shall join as a party to the suit but shall be under no obligation to participate except to the extent that such participation is required as the result of being a named party to the suit. USPI shall have the right to participate and be represented in any suit by its own counsel at its own expense. Tamir shall not settle any such suit involving rights of USPI without obtaining the prior written consent of USPI, which consent shall not be unreasonably withheld.

(d) In the event that Tamir does not inform USPI of its intent to initiate an infringement or other appropriate suit within the 30-day period provided in paragraph (a) above, or does not initiate such an infringement or other appropriate action within the 60-day period provided in paragraph (b) above, USPI shall have the right, at its expense, to initiate an infringement or other appropriate suit. In exercising its rights pursuant to this paragraph (d), USPI shall have the sole and exclusive right to select counsel and shall pay all expenses of the suit including without limitation attorneys' fees and court costs. If necessary, Tamir shall join as a party to the suit and shall participate only to the extent that such participation is required as a result of its being a named party to the suit or being the holder of any patent at issue or being the owner of any Tamir Technology Rights at issue. At USPI's request, Tamir shall offer reasonable assistance to USPI in connection therewith at no charge to USPI except for reimbursement of reasonable out-of-pocket expenses incurred in rendering such assistance. Without limiting the generality of the preceding sentence, USPI shall cooperate fully in order to enable USPI to institute any action hereunder. Tamir shall have the right to be represented in any such suit by its own counsel at its own expense.

Claimed Infringement:

(a) In the event that a third party at any time provides written notice of a claim to, or brings an action, suit or proceeding against, any Party or any of their respective affiliates or sub licensees, claiming infringement of its patent rights or copyrights or unauthorized use or misappropriation of its technology, based upon an assertion or claim arising out of the development, manufacture, use or sale of Licensed Products, such Party shall promptly notify each other Party of the claim or the commencement of such action, suit or proceeding, enclosing a copy of the claim and/or all papers served. At the request of USPI, Tamir shall provide to USPI advice regarding the technical merits of any such claim.

(b) Tamir shall defend USPI at Tamir's cost and expense, and will indemnify and hold harmless USPI, from and against any and all claims, losses, costs, damages, fees and expenses arising out of or in connection with the infringement or alleged infringement by a Licensed Product of any United States or foreign patent, copyright, trade secret or other intellectual property right of any third party and any settlements relating thereto, provided that Tamir shall have sole control and authority with respect to the defense or settlement of any such claim or action and USPI shall cooperate fully with Tamir in the defense or settlement of any such claim or action. In the event that any Licensed Product becomes, or in Tamir's opinion is likely to become, the subject of a claim of infringement of any United States or foreign patent, copyright, trade secret or other intellectual property right of any third party, Tamir may at its option either secure for USPI the right to continue using the Licensed Product, replace or modify the Licensed Product to make it non-infringing without impairment of function or if neither of the foregoing alternatives is reasonably available to Tamir, terminate USPI's rights and licenses to the Licensed Product under this Agreement and refund to USPI all amounts paid by USPI to Tamir depreciated on a five year straight line basis.

(c) The provisions of Section (b) notwithstanding, Tamir shall not have any liability under Section (b) to the extent that any infringement or claim results from: (i) use of the Licensed Product in combination with some other product or pharmaceutical formulation not supplied by Tamir where the Licensed Product itself would not be infringing; or (ii) modifications of the Licensed Product where the Licensed Product, if not modified by or for USPI, would not be infringing.

(d) Except as otherwise provided in this paragraph (d), if USPI or any of its sub licensees, in order to operate under or exploit the license granted under Article II of in any country, must, in USPI's or its sublicense's reasonable judgment, make payments to one or more third parties to obtain a license or similar right under a patent or other technology in the absence of which Licensed Products could not legally be developed, manufactured, used, marketed or sold in such country, such third party payments shall reduce and be set off against the royalty payments or sublicense fees otherwise due to Tamir in such country. Any payments by USPI or any of its sub licensees to one or more third parties to obtain a license or similar right under a patent or other technology pertaining to a pharmaceutical formulation being delivered by Licensed Products shall not reduce or be set off against the royalty payments or sublicense fees due to Tamir. During the course of negotiations between USPI or any of its sub licensees and such third party, Tamir shall render to USPI and Agent's sub licensees reasonable assistance as necessary for USPI or any of its sub licensees to secure such license or similar right. The negotiation and final terms of such license or similar right shall be in the sole discretion of USPI and its sub licensees.
