DIRECTORS' MEETINGS AND COMMITTEES

Board Committees

The standing committees of the Board of Directors are comprised of the Audit Committee, Compensation Committee and the Corporate Governance & Nominating Committee.

The Audit Committee is comprised of Mr. DiGiandomenico and oversees our financial reporting processes, including (i) reviewing with management and the outside auditors the audited financial statements included in our Annual Report, (ii) reviewing with the outside auditors the interim financial results included in our quarterly reports filed with the SEC, (iii) discussing with management and the outside auditors the quality and adequacy of internal controls, and (iv) reviewing the independence of the outside auditors. During 2011, the Audit Committee met four times telephonically.

During the fiscal year ended December 31, 2011, the Company's Compensation Committee was comprised of Messrs. DiGiandomenico and Makris. At the direction of the full Board, the Compensation Committee reviews and makes recommendations with respect to compensation of the Company's directors, executive officers and senior management. No member of the Compensation Committee at any time during the last fiscal year, or prior to the last fiscal year, was an officer or employee of the Company. Additionally, no member of the Compensation Committee had any relationship with the Company that would be required to be disclosed as a related person transaction except as set forth herein. During the fiscal year ended December 31, 2011, none of our executive officers or employees except Deborah Wildrick, Kevin Sherman and Daniel Rumsey participated in deliberations of our Board concerning executive officer compensation. The Compensation committee reviews and approves the goals, compensation level, perquisites and other benefits for the executive officers of the Company.

The Corporate Governance & Nominating Committee is comprised of Messrs. Rumsey and Makris. At the direction of the full Board, the Committee reviews and investigates qualified nominees for election to the Board when vacancies occur and makes recommendations with respect to the nomination of directors. The Committee met once during 2011.

The Corporate Governance & Nominating Committee strives to identify and attract director nominees with a variety of experience who have the business background and personal integrity to represent the interests of all shareholders. Although the Board has not established any specific minimum qualifications that must be met by a director nominee, factors considered in evaluating potential candidates include educational achievement, managerial experience, business acumen, financial sophistication, direct selling industry expertise and strategic planning and policy-making skills. Depending upon the current needs of the Board, some factors may be weighed more or less heavily than others in the Board's deliberations. The Board evaluates the suitability of a potential director nominee on the basis of written information concerning the candidate, discussions with persons familiar with the background and character of the candidate and personal interviews with the candidate. The Corporate Governance & Nominating Committee also assists the Board in developing and monitoring the Company's corporate governance guidelines.

Attendance at Meetings

The Board held three meetings during 2011. Various matters were also approved by the unanimous written consent of the directors during the last fiscal year. Each director attended at least 85% of the aggregate of (i) the total number of meetings of the Board and (ii) the total number of meetings held by all committees of the Board on which such director served. We have no formal policy with respect to the attendance of Board members at annual meetings of shareholders but encourage all incumbent directors and director nominees to attend each annual meeting of shareholders.

Board Charters

The Board has adopted a charter with respect to its governance, which includes consideration of director nominees. Additionally, the Compensation, Audit and Corporate Governance & Nominating Committees have adopted Charters with respect to their governance and operation. Copies of the Charters are filed as Exhibits with Form 10-K on March 31, 2011 and may be obtained from the SEC's website at <http://www.sec.gov>.

Board Independence

Our securities are not currently listed on a national securities exchange or on any inter-dealer quotation system which has a requirement that directors be independent. We evaluate independence by the standards for director independence established by applicable laws, rules, and listing standards, including, without limitation, the standards for independent directors established by the New York Stock Exchange, Inc., the Nasdaq National Market, and the SEC.

Subject to some exceptions, these standards generally provide that a director will not be independent if (a) the director is, or in the past three years has been, an employee of ours; (b) a member of the director's immediate family is, or in the past three years has been, an executive officer of ours; (c) the director or a member of the director's immediate family has received more than \$120,000 per year in direct compensation from us other than for service as a director (or for a family member, as a non-executive employee); (d) the director or a member of the director's immediate family is, or in the past three years has been, employed in a professional capacity by our independent public accountants, or has worked for such firm in any capacity on our audit; (e) the director or a member of the director's immediate family is, or in the past three years has been, employed as an executive officer of a company where one of our executive officers serves on the compensation committee; or (f) the director or a member of the director's immediate family is an executive officer of a company that makes payments to, or receives payments from, us in an amount which, in any twelve-month period during the past three years, exceeds the greater of \$1,000,000 or two percent of that other company's consolidated gross revenues.

The Board has determined that all of its members, other than Messrs. Rumsey and Sherman, and Ms. Wildrick, who serve as the Company's Chairman, President, and Chief Executive Officer, respectively, are independent. In addition, each of the Incoming Directors, other than Lance Leonard, who shall replace Ms. Wildrick as Chief Executive Officer upon closing of the Merger, will be considered independent.

(1) The Company uses a Black-Scholes option-pricing model (Black-Scholes model) to estimate the fair value of the stock option grant. The use of a valuation model requires the company to make certain assumptions with respect to selected model inputs. Expected volatility was calculated based on the historical volatility of the company's stock price. In the future the average expected life will be based on the contractual term of the option and expected employee exercise and post-vesting employment termination behavior. Currently it is based on the simplified approach provided by SAB 107. The risk-free interest rate is based on U.S. Treasury zero-coupon issues with a remaining term equal to the expected life assumed at the date of the grant. The following were the factors used in the Black Scholes model to calculate the compensation expense:

	For the year ended December 31, 2011
Stock price volatility	123.6-209.9%
Risk-free rate of return	0.15 – 2.02%
Annual dividend yield	0
