Core Portfolio - \$81.2 Million of Acquisitions Completed During the Quarter

The Company's core portfolio is comprised of properties that are owned in whole or in part by the Company outside of its three opportunity funds (the "Funds").

Asset Recycling and Acquisition Activity - Additional Investment in Urban/Street Retail

Year-to-date, the Company has acquired a total of ten properties for \$122.7 million. During and subsequent to the second quarter, the Company acquired four properties aggregating \$81.2 million as follows:

Chicago - As previously announced, during April 2012, the Company acquired a single-tenant property at 930 North Rush Street, occupied by Lululemon and located in the Gold Coast neighborhood of Chicago, for \$20.7 million.

New York (Long Island) - The Company purchased a 96,000 square foot single-tenant (Kohl's), net-leased property located in Westbury, New York for \$27.3 million during May 2012.

Washington D.C. - During June 2012, the Company closed on a 57,000 square foot shopping center located on Rhode Island Avenue NE for \$21.7 million. The property is anchored by a 25,000 square foot TJ Maxx and is adjacent to a Giant supermarket. The transaction, which was part of the Company's previously announced 2011 Core acquisition pipeline, included the assumption of \$16.5 million of existing debt.

New York (SoHo) - The Company acquired a 4,800 square foot single-tenant, net-leased property (Paper Source) located at 83 Spring Street in the heart of SoHo for \$11.5 million during July 2012.

Core Portfolio Anchor Recycling

As previously announced during 2011, the Company commenced the re-anchoring of the Bloomfield Town Square, located in Bloomfield Hills, Michigan, and two former A&P supermarket locations located in the New York City metropolitan area (collectively, the "Re-anchoring Activities"). During the second quarter, the Company completed the Bloomfield Hills re-anchoring with Dick's Sporting Goods, Ulta and Five Below now open and operating. Rent for a portion of the former A&P space that is leased at one location is expected to commence during the fourth quarter of 2012.

Occupancy and Same-Store NOI

At June 30, 2012, the Company's core portfolio occupancy was 92.6%, up 230 basis points from first quarter 2012, primarily as a result of the completion of the Bloomfield Hills re-anchoring. Including the former A&P square footage which is currently leased but not yet occupied as discussed above, the core portfolio is 94.6% leased. The remaining space anticipated to be leased in connection with the Re-anchoring Activities represents an additional 90 basis points of portfolio occupancy.

Core portfolio same-store NOI increased 4.9% for the second quarter 2012 over second quarter 2011. Excluding the impact of the Re-anchoring Activities, core portfolio same-store NOI increased 3.8% within the balance of the portfolio for second quarter 2012 compared to 2011.

Rent Spreads on New and Renewal Leases

Through June 30, 2012, the Company realized an increase in average rents of 7.4% in its core portfolio on 182,000 square feet of executed new and renewal leases. Excluding the effect of the straight-lining of rents, the Company experienced a decrease of 1.7% in average rents in its core portfolio.

Opportunity Funds - Fund IV Commences

Fund IV

To date, the Company has closed on a total of \$465.1 million of equity commitments for Fund IV which is expected to ultimately range between \$500.0 million to \$550.0 million of total equity. The Company, which will co-invest 20% to

25% of the total equity, expects to complete the closings on the remaining equity during the third quarter 2012.

Fund III Acquisitions

As previously announced, during April 2012, Fund III closed on the Lincoln Park Centre for \$31.5 million, which completed the previously announced \$171.3 million of acquisitions under the 2011 Fund acquisition pipeline. The property is a 62,700 square foot re-anchoring project (former Border Books store) located in Lincoln Park's Clybourn Corridor in Chicago, Illinois adjacent to the newly developed Apple store (not owned by Fund III). Current tenants include Bank of America, Carter's, Mitchell Gold + Bob Williams and Sur La Table. The transaction included the assumption of \$19.8 million of debt which bears interest at 5.85% and matures on December 31, 2013.

Dispositions

Fund III sold the ShopRite at Orchard Center ("White Oak Shopping Center") during the second quarter for \$13.8 million. Fund III had purchased this former A&P location during February 2011 for \$9.8 million and subsequently re-anchored it with a ShopRite supermarket.

During the quarter, Fund I sold the Tarrytown Shopping Center for \$12.8 million. Fund I had purchased this former Grand Union anchored center in 2004. The Company earned \$620,000 of Promote income in connection with this transaction.

Other Fund Activity

During the quarter, Fund II received a \$2.3 million distribution from its Retailer Controlled Property Venture ("RCP") investment in Albertson's resulting in income of \$0.3 million net of noncontrolling interests and income taxes.

Balance Sheet - Match-Funding Core and Fund Acquisitions

During January 2012, the Company established an ATM equity program with an aggregate offering amount of up to \$75.0 million of its Common Shares. The Company has used the net proceeds of these offerings primarily to fund the core and its share of the Fund acquisition activities as discussed above. To date, the Company has issued 2.9 million Common Shares, which generated net proceeds of \$64.6 million.

Notes:

¹ Reflects the potential dilution that could occur if securities or other contracts to issue Common Shares were exercised or converted into Common Shares. The effect of the conversion of Common OP Units is not reflected in the above table as they are exchangeable for Common Shares on a one-for-one basis. The income allocable to such units is allocated on this same basis and reflected as noncontrolling interests in the consolidated financial statements. As such, the assumed conversion of these units would have no net impact on the determination of diluted earnings per share.

² The Company considers funds from operations (“FFO”) as defined by the National Association of Real Estate Investment Trusts (“NAREIT”) and net property operating income (“NOI”) to be appropriate supplemental disclosures of operating performance for an equity REIT due to its widespread acceptance and use within the REIT and analyst communities. FFO and NOI are presented to assist investors in analyzing the performance of the Company. They are helpful as they exclude various items included in net income that are not indicative of the operating performance, such as gains (losses) from sales of depreciated property, depreciation and amortization, and impairment of depreciable real estate. In addition, NOI excludes interest expense. The Company's method of calculating FFO and NOI may be different from methods used by other REITs and, accordingly, may not be comparable to such other REITs. FFO does not represent cash generated from operations as defined by generally accepted accounting principles (“GAAP”) and is not indicative of cash available to fund all cash needs, including distributions. It should not be considered as an alternative to net income for the purpose of evaluating the Company's performance or to cash flows as a measure of liquidity. Consistent with the NAREIT definition, the Company defines FFO as net income (computed in accordance with GAAP), excluding gains (losses) from sales of depreciated property, plus depreciation and amortization, and after adjustments for unconsolidated partnerships and joint ventures.

³ In addition to the weighted average Common Shares outstanding, basic and diluted FFO also assumes full conversion of a weighted average 618 and 471 OP Units into Common Shares for the quarters ended June 30, 2012 and 2011, respectively and 620 and 469 OP Units into Common Shares for the six months ended June 30, 2012 and 2011, respectively. Diluted FFO also includes the assumed conversion of Preferred OP Units into 25 Common Shares for each of the quarters and six months ended June 30, 2012 and 2011. In addition, diluted FFO also includes the effect of 428 and 275 employee share options, restricted share units and LTIP units for the quarters ended June 30, 2012 and 2011, respectively and 419 and 256 employee share options, restricted share units and LTIP units for the six months ended June 30, 2012 and 2011, respectively.

⁴ Reflects the exclusion of an impairment of depreciable real estate that was previously included in FFO for the quarter and six months ended June 30, 2011.
