NOTES TO CONSOLIDATED CONDENSED FINANCIAL STATEMENTS

(Unaudited) (In millions, except per share amounts)

1. Interim Financial Statements

Business Overview

Unless the context otherwise requires, the use of the terms "PAG," "we," "us," and "our" in these Notes to the Consolidated Condensed Financial Statements refers to Penske Automotive Group, Inc. and its consolidated subsidiaries.

We are an international transportation services company that operates automotive and commercial truck dealerships principally in the United States, Canada and Western Europe, and distributes commercial vehicles, diesel engines, gas engines, power systems and related parts and services principally in Australia and New Zealand.

Retail Automotive Dealership. We believe we are the second largest automotive retailer headquartered in the U.S. as measured by the \$18.7 billion in total retail automotive dealership revenue we generated in 2016. As of June 30, 2017, we operated 354 retail automotive franchises, of which 162 franchises are located in the U.S. and 192 franchises are located outside of the U.S. The franchises outside the U.S. are located primarily in the U.K. In the six months ended June 30, 2017, we retailed and wholesaled more than 315,200 vehicles. We are diversified geographically, with 58% of our total retail automotive dealership revenues in the six months ended June 30, 2017 generated in the U.S. and Puerto Rico and 42% generated outside the U.S. We offer over 40 vehicle brands, with 70% of our retail automotive dealership revenue in the six months ended June 30, 2017 generated from premium brands, such as Audi, BMW, Mercedes-Benz and Porsche. Each of our dealerships offer a wide selection of new and used vehicles for sale. In addition to selling new and used vehicles, we generate higher-margin revenue at each of our dealerships through maintenance and repair services and the sale and placement of third-party finance and insurance products, third-party extended service and maintenance contracts and replacement and aftermarket automotive products. We operate these dealerships under franchise agreements with a number of automotive manufacturers and distributors that are subject to certain rights and restrictions typical of the industry.

In the first quarter of 2017, we acquired CarSense in the U.S. and CarShop in the U.K., both businesses representing stand-alone used vehicle dealerships which we believe complement our existing franchised retail automotive

dealership operations, providing us with synergies in our used vehicle operations at our existing dealerships in the U.S. and the U.K., as well as scalable opportunities across our market areas. Our CarSense operations consist of five locations operating in the Philadelphia and Pittsburgh, Pennsylvania market areas, including southern New Jersey. Our CarShop operations consist of five retail locations throughout the United Kingdom and a vehicle preparation center in Leighton Buzzard.

During the six months ended June 30, 2017, we also acquired six retail automotive franchises, were awarded two retail automotive franchises, and disposed of nine retail automotive franchises. Of the retail automotive franchises acquired, two are located in New Jersey and represent the Jaguar and Land Rover brands, two are located in Arizona and represent the Mercedes-Benz and Sprinter brands, and two are located in Germany as part of the Jacobs Group and represent the Audi and Volkswagen brands. Of the franchises disposed of, five represented smart franchises.

Retail Commercial Truck Dealership. We operate a heavy and medium duty truck dealership group known as Premier Truck Group ("PTG") with locations in Texas, Oklahoma, Tennessee, Georgia, and Canada. As of June 30, 2017, PTG operated twenty locations, including fourteen full-service dealerships offering primarily Freightliner and Western Star branded trucks. Four of these locations were acquired in April 2016 in the greater Toronto, Canada market area, and two of these locations were acquired in December 2016 in the Niagara Falls, Canada market area, also representing Freightliner and Western Star branded trucks. PTG also offers a full range of used trucks available for sale as well as service and parts departments, many of which are open 24 hours a day, seven days a week.

Table of Contents

Commercial Vehicle Distribution. We are the exclusive importer and distributor of Western Star heavy-duty trucks (a Daimler brand), MAN heavy and medium duty trucks and buses (a VW Group brand), and Dennis Eagle refuse collection vehicles, together with associated parts, across Australia, New Zealand and portions of the Pacific. This business, known as Penske Commercial Vehicles Australia ("PCV Australia"), distributes commercial vehicles and parts to a network of more than 70 dealership locations, including ten company-owned retail commercial vehicle dealerships.

We are also a leading distributor of diesel and gas engines and power systems, principally representing MTU, Detroit Diesel, Mercedes-Benz Industrial, Allison Transmission and MTU Onsite Energy. This business, known as Penske Power Systems ("PPS"), offers products across the on- and off-highway markets in Australia, New Zealand and portions of the Pacific and supports full parts and aftersales service through a network of branches, field locations and dealers across the region. The on-highway portion of this business complements our PCV Australia distribution business, including integrated operations at retail locations shared with PCV.

Penske Truck Leasing. We currently hold a 23.4% ownership interest in Penske Truck Leasing Co., L.P. ("PTL"), a leading provider of transportation services and supply chain management. PTL is capable of meeting customers' needs across the supply chain with a broad product offering that includes full-service truck leasing, truck rental and contract maintenance, along with logistic services such as dedicated contract carriage, distribution center management, transportation management and lead logistics provider. On July 27, 2016, we acquired an additional 14.4% ownership interest in PTL from subsidiaries of GE Capital Global Holdings, LLC (collectively, "GE Capital") for approximately \$498.5 million in cash to bring our total ownership interest to 23.4%. Prior to this acquisition, we held a 9.0% ownership interest in PTL. PTL is currently owned 41.1% by Penske Corporation, 23.4% by us, 20.0% by affiliates of Mitsui & Co., Ltd. ("Mitsui"), and 15.5% by GE Capital. We account for our investment in PTL under the equity method, and we therefore record our share of PTL's earnings on our statements of income under the caption "Equity in earnings of affiliates," which also includes the results of our other equity method investments.

Recent Accounting Pronouncements

In May 2014, the Financial Accounting Standards Board ("FASB") issued Accounting Standards Update ("ASU") No. 2014-09, "Revenue from Contracts with Customers (Topic 606)." This ASU supersedes the revenue recognition requirements in ASC 605, Revenue Recognition. ASU No. 2014-09 will require an entity to recognize revenue when it transfers promised goods or services to customers using a five-step model that requires entities to exercise judgment when considering the terms of contracts with customers. In August 2015, the FASB issued ASU 2015-14 "Revenue from Contracts with Customers (Topic 606) — Deferral of the Effective Date" providing for a one-year deferral of the effective date of ASU 2014-09 and allowing for early adoption as of the original effective date. For public companies, this ASU is effective for financial statements issued for annual periods beginning after December 15, 2017, and interim periods within those annual periods. The FASB has since also issued additio
