Beneficial Owners: Shares Registered in the Name of a Broker or Bank

If you are a beneficial owner of shares registered in the name of your broker, bank or other agent, you should have received a proxy card and voting instructions with these proxy materials from that organization rather than directly from us. Simply complete and mail the proxy card to ensure that your vote is counted. You may be eligible to vote your shares electronically over the Internet or by telephone. A large number of banks and brokerage firms offer Internet and telephone voting. If your bank or brokerage firm does not offer Internet or telephone voting information, please complete and return your proxy card in the self-addressed, postage-paid envelope provided. To vote in person at the annual meeting, you must obtain a valid proxy from your broker, bank or other agent. Follow the instructions from your broker or bank included with these proxy materials, or contact your broker or bank to request a proxy form.

May I revoke my proxy?

If you give us your proxy, you may revoke it at any time before it is exercised. You may revoke your proxy in any one of the three following ways:

- you may send in another signed proxy with a later date,
- you may notify our corporate secretary, Matthew J. D’Onofrio, in writing before the annual meeting that you have revoked your proxy, or

What constitutes a quorum?

The presence at the annual meeting, in person or by proxy, of holders representing a majority of our outstanding common stock as of February 23, 2015, or approximately 3,068,546 shares, constitutes a quorum at the meeting, permitting us to conduct our business.

What vote is required to approve each proposal?

Proposal 1: Election of Directors. The two nominees who receive the most “For” votes (among votes properly cast in person or by proxy) will be elected. Only votes “For” or “Withheld” will affect the outcome.

Proposal 2: Ratification of Independent Registered Public Accounting Firm. The ratification of the appointment of BDO USA, LLP must receive “For” votes from the holders of a majority of the shares of common stock present or represented by proxy and entitled to vote at the annual meeting.

Voting results will be tabulated and certified by Mediant Communications LLC.

Table of Contents

What is the effect of abstentions and broker non-votes?

Shares of common stock held by persons attending the annual meeting but not voting, and shares represented by proxies that reflect abstentions as to a particular proposal, will be counted as present for purposes of determining the presence of a quorum. Abstentions are treated as shares present in person or by proxy and entitled to vote, so abstaining has the same effect as a negative vote for purposes of determining whether our stockholders have ratified the appointment of BDO USA, LLP as our independent registered public accounting firm. However, because the election of directors is determined by a plurality of votes cast, abstentions will not be counted in determining the outcome of such a proposal.

Shares represented by proxies that reflect a “broker non-vote” will be counted for purposes of determining whether a quorum exists. A “broker non-vote” occurs when a nominee holding shares for a beneficial owner has not received instructions from the beneficial owner and does not have discretionary authority to vote the shares for certain non-routine matters. With regard to the election of directors, broker non-votes, if any, will not be counted as votes cast and will have no effect on the result of the vote. However, ratification of the appointment of BDO USA, LLP is considered a routine matter on which a broker or other nominee has discretionary authority to vote. As a result, broker non-votes will be counted for purposes of this proposal.

Who is paying the costs of soliciting these proxies?

We will pay all of the costs of soliciting these proxies. Our directors, officers and other employees may solicit proxies in person or by telephone, fax or email. We will not pay our directors, officers or other employees any additional compensation for these services. We will ask banks, brokers and other institutions, nominees and fiduciaries to forward these proxy materials to their principals and to obtain authority to execute proxies. We will then reimburse them for their expenses. Our costs for forwarding proxy materials will not be significant.

How do I obtain an Annual Report on Form 10-K?

If you would like a copy of our annual report on Form 10-K for the fiscal year ended December 31, 2014 that we filed with the Securities and Exchange Commission, or SEC, we will send you one without charge. Please write to:

Evoke Pharma, Inc.

Solana Beach, CA 92075

Attn: Corporate Secretary

All of our SEC filings are also available free of charge in the investor relations section of our website at www.evokepharma.com.

How can I find out the results of the voting at the annual meeting?

Final voting results will be published in our current report on Form 8-K to be filed with the SEC within four business days after the annual meeting. If final voting results are not available to us in time to file a Form 8-K within four business days after the meeting, we intend to file a Form 8-K to publish preliminary results and, within four business days after the final results are known to us, file an additional Form 8-K to publish the final results.

**PROPOSAL 1:

Board Independence

Our board of directors has determined that all of our directors are independent directors within the meaning of the applicable Nasdaq Stock Market LLC, or Nasdaq, listing standards, except for David A. Gonyer, our President and Chief Executive Officer.

Board Leadership Structure

Our board of directors is currently led by its chairman, Cam L. Garner. Our board of directors recognizes that it is important to determine an optimal board leadership structure to ensure the independent oversight of management as the company continues to grow. We separate the roles of chief executive officer and chairman of the board in recognition of the differences between the two roles. The chief executive officer is responsible for setting the strategic direction for the company and the day-to-day leadership and performance of the company, while the chairman of the board of directors provides guidance to the chief executive officer and presides over meetings of the full board of directors. We believe that this separation of responsibilities provides a balanced approach to managing the board of directors and overseeing the company.

The Board's Role in Risk Oversight

Our board of directors has responsibility for the oversight of the company's risk management processes and, either as a whole or through its committees, regularly discusses with management our major risk exposures, their potential impact on our business and the steps we take to manage them. The risk oversight process includes receiving regular reports from board committees and members of senior management to enable our board to understand the company's risk identification, risk management and risk mitigation strategies with respect to areas of potential material risk,

including operations, finance, legal, regulatory, strategic and reputational risk.

The audit committee reviews information regarding liquidity and operations, and oversees our management of financial risks. Periodically, the audit committee reviews our policies with respect to risk assessment, risk management, loss prevention and regulatory compliance. Oversight by the audit committee includes direct communication with our external auditors, and discussions with management regarding significant risk exposures and the actions management has taken to limit, monitor or control such exposures. The compensation committee is responsible for assessing whether any of our compensation policies or programs has the potential to encourage excessive risk-taking. The nominating and corporate governance committee manages risks associated with the independence of the board, corporate disclosure practices, and potential conflicts of interest. While each committee is responsible for evaluating certain risks and overseeing the management of such risks, the entire board is regularly informed through committee reports about such risks. Matters of significant strategic risk are considered by our board as a whole.

Board of Directors Meetings

During the fiscal year 2014, our board of directors met five times, including telephonic meetings. In that year, each director attended at least 78% of the aggregate of the meetings held by the board of directors and the committee on which they served, during the periods in which they served.

Table of Contents

Committees of the Board of Directors

We have three standing committees: the audit committee, the compensation committee and the nominating and corporate governance committee. Each of these committees has a written charter approved by our board of directors. A copy of each charter can be found under the Corporate Governance section of our website at www.evokepharma.com.

Audit Committee

The audit committee's main function is to oversee our accounting and financial reporting processes, internal systems of control, independent registered public accounting firm relationships and the audits of our financial statements. This committee's responsibilities include, among other things:

- selecting and engaging our independent registered public accounting firm;
- evaluating the qualifications, independence and performance of our independent registered public accounting firm;
- approving the audit and non-audit services to be performed by our independent registered public accounting firm;
- reviewing the design, implementation, adequacy and effectiveness of our internal controls and our critical accounting policies;
- discussing with management and the independent registered public accounting firm the results of our annual audit and the review of our quarterly unaudited financial statements;
- reviewing, overseeing and monitoring the integrity of our financial statements and our compliance with legal and regulatory requirements as they relate to financial statements or accounting matters;
- reviewing with management and our auditors any earnings announcements and other public announcements regarding our results of operations;
- preparing the report that the SEC requires in our annual proxy statement;
- reviewing and approving any related party transactions and reviewing and monitoring compliance with our code of conduct and ethics; and
- reviewing and evaluating, at least annually, the performance of the audit committee and its members including compliance of the audit committee with its charter.

The members of our audit committee are Ms. Rhoads, Mr. Glenn and Dr. Widder. Ms. Rhoads serves as the chairperson of the committee. All members of our audit committee meet the requirements for financial literacy under the applicable rules and regulations of the SEC and The NASDAQ Capital Market. Our board of directors has determined that Ms. Rhoads is an "audit committee financial expert" as defined by applicable SEC rules and has the requisite financial sophistication as defined under the applicable NASDAQ rules and regulations. Our board of directors has determined each of Ms. Rhoads, Mr. Glenn and Dr. Widder is independent under the applicable rules of the SEC and The NASDAQ Capital Market. The audit committee met four times during 2014, including telephonic meetings. The audit committee is governed by a written charter that satisfies the applicable standards of the SEC and The NASDAQ Capital Market. The charter is available to stockholders on our website at www.evokepharma.com.

Director Nomination Process

Director Qualifications

In evaluating director nominees, the nominating and corporate governance committee will consider, among other things, the following factors:

- personal and professional integrity, ethics and values;
- experience in corporate management, such as serving as an officer or former officer of a publicly-held company;
- development or commercialization experience in large pharmaceutical companies;
- experience as a board member or executive officer of another publicly-held company;
- strong finance experience;
- diversity of expertise and experience in substantive matters pertaining to our business relative to other board members;
- diversity of background and perspective, including with respect to age, gender, race, place of residence and specialized experience;
- conflicts of interest; and
- practical and mature business judgment.

The nominating and corporate governance committee's goal is to assemble a board of directors that brings to the company a variety of perspectives and skills derived from high quality business and professional experience. Moreover, the nominating and corporate governance committee believes that the background and qualifications of the board of directors, considered as a group, should provide a significant mix of experience, knowledge and abilities that will allow the board of directors to fulfill its responsibilities. Nominees are not discriminated against on the basis of race, religion, national origin, sexual orientation, disability or any other basis proscribed by law.

Other than the foregoing criteria for director nominees, the nominating and corporate governance committee has not adopted a formal policy with respect to a fixed set of specific minimum qualifications for its candidates for

membership on the board of directors. The nominating and corporate governance committee may consider such other facts, including, without limitation, diversity, as it may deem are in the best interests of the company and its stockholders. The nominating and corporate governance committee does, however, believe it is appropriate for at least one, and, preferably, several, members of our board of directors to meet the criteria for an “audit committee financial expert” as defined by SEC rules, and that a majority of the members of our board of directors be independent as required under the Nasdaq qualification standards. The nominating and corporate governance committee also believes it is appropriate for our President and Chief Executive Officer to serve as a member of our board of directors. Our directors’ performance and qualification criteria are reviewed annually by the nominating and corporate governance committee.

Identification and Evaluation of Nominees for Directors

The nominating and corporate governance committee identifies nominees for director by first evaluating the current members of our board of directors willing to continue in service. Current members with qualifications and skills that are consistent with the nominating and corporate governance committee’s criteria for board of directors service and who are willing to continue in service are considered for re-nomination, balancing the value of continuity of service by existing members of our board of directors with that of obtaining a new perspective or expertise.

If any member of our board of directors does not wish to continue in service or if our board of directors decides not to re-nominate a member for re-election, the nominating and corporate governance committee may identify the desired skills and experience of a new nominee in light of the criteria above, in which case, the nominating and corporate governance committee would generally poll our board of directors and members of management for their recommendations. The nominating and corporate governance committee may also review the composition and qualification of the boards of directors of our competitors, and may seek input from industry experts or analysts. The nominating and corporate governance committee reviews the qualifications, experience and background of the candidates. Final candidates are interviewed by the members of the nominating and corporate governance committee and by certain of our other independent directors and executive management. In making its determinations, the nominating and corporate governance committee evaluates each individual in the context of our board of directors as a whole, with the objective of assembling a group that can best contribute to the success of our company and represent stockholder interests through the exercise of sound judgment. After review and deliberation of all feedback and data, the

nominating and corporate governance committee makes its recommendation to our board of directors. To date, the nominating and corporate governance committee has not utilized third-party search firms to identify director candidates. The nominating and corporate governance committee may in the future choose to do so in those situations where particular qualifications are required or where existing contacts are not sufficient to identify an appropriate candidate.

The nominating and corporate governance committee evaluates nominees recommended by stockholders in the same manner as it evaluates other nominees. We have not received director candidate recommendations from our stockholders and do not have a formal policy regarding consideration of such recommendations. However, any recommendations received from stockholders will be evaluated in the same manner that potential nominees suggested by board members, management or other parties are evaluated. We do not intend to treat stockholder recommendations in any manner different from other recommendations.

Under our amended and restated bylaws, stockholders wishing to suggest a candidate for director should write to our corporate secretary and provide such information about the stockholder and the proposed candidate as is set forth in our amended and restated bylaws and as would be required by SEC rules to be included in a proxy statement. In addition, the stockholder must include the consent of the candidate and describe any arrangements or undertakings between the stockholder and the candidate regarding the nomination. In order to give the nominating and corporate governance committee sufficient time to evaluate a recommended candidate and/or include the candidate in our proxy statement for the 2015 annual meeting, the recommendation should be received by our corporate secretary at our principal executive offices in accordance with our procedures detailed in the section below entitled "Stockholder Proposals."

Director Attendance at Annual Meetings

PROPOSAL 2:

RATIFICATION OF SELECTION OF INDEPENDENT REGISTERED PUBLIC ACCOUNTANTS

The audit committee has selected BDO USA, LLP as the company's independent registered public accountants for the year ending December 31, 2014 and has further directed that management submit the selection of independent registered public accountants for ratification by the stockholders at the annual meeting. BDO USA, LLP has audited the company's financial statements for the years ended December 31, 2013 and 2014. Representatives of BDO USA, LLP are expected to be present at the annual meeting, will have an opportunity to make a statement if they so desire, and will be available to respond to appropriate questions.

Stockholder ratification of the selection of BDO USA, LLP as the company's independent registered public accountants is not required by Delaware law, the company's amended and restated certificate of incorporation, or the company's amended and restated bylaws. However, the audit committee is submitting the selection of BDO USA, LLP to the stockholders for ratification as a matter of good corporate practice. If the stockholders fail to ratify the selection, the audit committee will reconsider whether to retain the firm. Even if the selection is ratified, the audit committee in its discretion may direct the appointment of different independent registered public accountants at any time during the year if the audit committee determines that such a change would be in the best interests of the company and its stockholders.

Change of Independent Registered Public Accounting Firm

On November 25, 2014, the company dismissed Ernst & Young LLP as the company's independent registered public accounting firm. During the Company's two most recent fiscal years and through December 2, 2014, (i) there were no disagreements with Ernst & Young LLP on any matter of accounting principles or practices, financial statement disclosure, or auditing scope or procedure which disagreements, if not resolved to Ernst & Young LLP's satisfaction, would have caused Ernst & Young LLP to make reference to the subject matter of the disagreements in connection with their reports on the company's financial statements for such years; and (ii) there were no reportable events, within the meaning set forth in Item 304(a)(1)(v) of Regulation S-K.

Ernst & Young LLP's audit report on the company's financial statements as of and for the year ended December 31, 2013 did not contain an adverse opinion or disclaimer of opinion, nor were they qualified or modified as to uncertainty, audit scope or accounting principles. Ernst & Young LLP's audit report on the company's financial statements as of and for the year ended December 31, 2012, dated April 19, 2013, did not contain an adverse opinion or disclaimer of opinion, nor were they qualified or modified as to uncertainty, audit scope or accounting principles, except for the uncertainty that was discussed in Note 1 to the financial statements regarding the company's recurring

losses from operations and insufficient working capital that raised substantial doubt about its ability to continue as a going concern.

The company has provided Ernst & Young LLP with a copy of the above disclosures and, per our request, Ernst & Young LLP furnished a letter addressed to the SEC stating whether or not it agreed with the above company statements. A copy of that letter, dated December 1, 2014, is filed as Exhibit 16.1 to the company's Current Report on Form 8-K filed with the SEC on December 2, 2014.

On December 2, 2014, the audit committee engaged BDO USA, LLP as the company's independent registered public accounting firm. During the company's two most recent fiscal years and through December 2, 2014, neither the company, nor any party on the company's behalf, consulted BDO USA, LLP with respect to (i) the application of accounting principles to a specified transaction, either completed or proposed, or the type of the audit opinion that might be rendered on the company's financial statements, and no written report or oral advice was provided to the company that BDO USA, LLP concluded was an important factor considered by the company in reaching a decision as to any accounting, auditing or financial reporting issue, or (ii) any matter that was either the subject of any disagreement, as defined in Item 304(a)(1)(iv) of Regulation S-K and the related instructions thereto.

Employment Agreement with Dr. Carlson

In connection with her commencement of employment in December 2013, we entered into an employment agreement with Dr. Carlson.

Pursuant to the employment agreement, Dr. Carlson agrees to devote 80% of her productive time and efforts to the performance of her duties as Chief Medical Officer. Pursuant to the employment agreement, Dr. Carlson's base salary will be \$285,000 per year initiating in December 2013 through the year ending 2014, which amount will be subject to review each year at the sole discretion of the compensation committee. Dr. Carlson will also be eligible to earn, commencing with the fiscal year ending December 31, 2014, an annual cash performance bonus under the Company's bonus plan or plans applicable to senior executives. Dr. Carlson's target annual bonus under any such plan will be 30% of her base salary actually paid for such year. The annual cash performance bonus payable will be based on the achievement of individual and/or Company performance goals to be determined in good faith by the compensation committee. The Company will also pay Dr. Carlson a taxable monthly payment equal to the monthly premium Dr. Carlson pays for healthcare coverage under Medicare, in an amount not to exceed \$2,000 per month.

Pursuant to the employment agreement, if we terminate Dr. Carlson's employment without cause (as defined below) or Dr. Carlson resigns for good reason (as defined below), Dr. Carlson is entitled to the following payments and benefits: (1) fully earned but unpaid base salary through the date of termination at the rate then in effect, plus all other amounts under any compensation plan or practice to which she is entitled; (2) a lump sum cash payment in an amount equal to her monthly base salary as in effect immediately prior to the date of termination for a period of 9 months; (3) a lump sum cash payment in an amount equal to her bonus for the year in which the termination of her employment occurs, prorated for the period of her service during such year, provided that Dr. Carlson shall not be entitled to receive such amount in the event that her termination results from her discharge by the Company without cause prior to a change in control (as defined below); and (4) a taxable monthly payment in an amount equal to her monthly healthcare coverage costs under Medicare as in effect immediately prior to the date of termination, in an amount not to exceed \$2,000 per month, for a period of nine months.

In the event Dr. Carlson's termination without cause or resignation for good reason occurs within three months prior to the occurrence of a change in control or within 12 months following a change in control, all of her outstanding unvested stock awards will accelerate and become fully vested on the later of (1) the date of termination or (2) the date of such change in control.

The Employment Agreement also contains standard confidentiality, non-competition and non-solicitation covenants.

Defined Terms for Purposes of Employment Agreements

For purposes of the employment agreements with the named executive officers, "cause" generally means an executive officer's (1) commission of an act of fraud, embezzlement or dishonesty that has a material adverse impact on us or any successor or affiliate of ours; (2) conviction of, or entry into a plea of "guilty" or "no contest" to, a felony; (3) unauthorized use or disclosure of our confidential information or trade secrets or any successor or affiliate of ours that has a material adverse impact on any such entity; (4) gross negligence, insubordination or material violation of any duty of loyalty, or any other material misconduct on the part of the executive officer; (5) ongoing and repeated failure or refusal to perform or neglect of his or her duties as required by his or her employment agreement, which failure, refusal or neglect continues for 15 days following his or her receipt of written notice from our board of directors stating with specificity the nature of such failure, refusal or neglect; or (6) breach of any material provision of his or her employment agreement.

Table of Contents

For purposes of the employment agreements with the named executive officers, “good reason” generally means (1) other than for Dr. Carlson, a change in the executive officer’s status, position or responsibilities that, in the executive officer’s reasonable judgment, represents a substantial and material reduction in the status, position or responsibilities as in effect immediately prior thereto; the assignment to the executive officer of any duties or responsibilities that, in the executive officer’s reasonable judgment, are materially inconsistent with such status, position or responsibilities; or any removal of the executive officer from or failure to reappoint or reelect the executive officer to any of such positions, except in connection with the termination of the executive officer’s employment for cause (as defined above), as a result of his or her permanent disability or death, or by the executive officer other than for good reason; (2) with respect to Dr. Carlson, a material diminution in her authority, duties or responsibilities; (3) a material reduction in the executive officer’s annual base salary, except in connection with a general reduction in the compensation of our or any successor’s or affiliate’s personnel with similar status and responsibilities; (4) our or any successor’s or affiliate’s requirement the executive officer (without the executive officer’s consent) be based at any place outside a 50-mile radius of his or her placement of employment as of the effective date of the employment agreement, except for reasonably required travel for our or any successor’s or affiliate’s business that is not materially greater than such travel requirements prior to the effective date of the employment agreement; (5) any material breach by us or any successor or affiliate of obligations to the executive officer under the employment agreement; (6) other than for Dr. Carlson, any purported termination of the executive officer’s employment or service relationship for cause (as defined above) by us or any successor or affiliate that is not in accordance with the definition of cause; or (7) other than for Dr. Carlson, a change in control (as defined below).

For purposes of the employment agreements with the named executive officers, “bonus” generally means an amount equal to the greater of (1) the executive officer’s target bonus for the fiscal year in which the date of termination occurs; or (2) the bonus awarded to the executive officer for the fiscal year prior to the date of termination (which bonus shall be annualized to the extent the executive officer was not employed for the entire fiscal year prior to the date of termination). If any portion of the bonus awarded to the executive officer consisted of securities or other property, the fair market value thereof shall be determined in good faith by our board of directors.

For purposes of the employment agreements with the named executive officers, “change in control” has the same meaning as such term is given under the terms of our 2007 Equity Incentive Plan, except that for purposes of the employment agreements a change in control will not be triggered pursuant to a change in the composition of our board of directors, as more fully described below.

Retention Letters

In March 2012 we entered into retention agreements with each of Messrs. Gonyer and D’Onofrio, which agreements were amended in May 2013. Pursuant to such agreements, and notwithstanding anything contained in the employment agreements, provided that each of Messrs. Gonyer and D’Onofrio continued employment with us through the applicable payment dates, they were entitled to receive \$225,000 and \$130,000, respectively, in connection with certain retention events. For purposes of the retention agreements, “retention event” generally meant (1) a change in control (as defined in the employment agreements described above) or (2) the consummation of a public or private equity financing in which investors purchase shares of our common or preferred stock. As the Company completed its initial public offering, and Messrs. Gonyer and D’Onofrio remained employed through such date, the retention payments were made to Messrs. Gonyer and D’Onofrio in 2013.

2014 Peer Group

During 2014, our compensation committee retained Barney & Barney LLC as its independent compensation consultant. - Market capitalization less than \$500 million.
- Revenues less than \$50 million.
- Employee size less than 100 employees.
- Peer group companies were located nationally.

While our compensation committee reviewed the foregoing comparable company data in connection with its determinations of the 2015 base salaries, target bonuses and equity awards for our named executive officers, our committee did not attempt to set those compensation levels or awards at a certain target percentile with respect to the comparable company data or otherwise rely entirely on that data to determine named executive officer compensation. Instead, as described above and consistent with past practice, the compensation committee members relied on their judgment and experience in setting those compensation levels and making those awards.

We expect that the compensation committee will continue to review comparable company data in connection with setting the compensation we offer our named executive officers to help ensure that our compensation programs are competitive and fair.

Base Salaries

In general, base salaries for our named executive officers are initially established through arm's length negotiation at the time the executive is hired, taking into account such executive's qualifications, experience and prior salary. Base salaries of our named executive officers are approved and reviewed annually by our compensation committee and adjustments to base salaries are based on the scope of an executive's responsibilities, individual contribution, prior experience and sustained performance. Decisions regarding salary increases may take into account an executive officer's current salary, equity ownership, and the amounts paid to an executive officer's peers inside our company by conducting an internal analysis, which compares the pay of an executive officer to other members of the management team. Base salaries are also reviewed in the case of promotions or other significant changes in responsibility. Base salaries are not automatically increased if the board of directors and compensation committee believe that other elements of the named executive officer's compensation are more appropriate in light of our stated objectives. This strategy is consistent with our intent of offering compensation that is both cost-effective, competitive and contingent on the achievement of performance objectives.

The actual base salaries paid to all of our named executive officers for 2014 are set forth in the "Summary Compensation Table" below.

In February 2014, our compensation committee approved base salary increases for 2014 for Messrs. Gonyer and D'Onofrio to \$362,250 and \$313,875, respectively. These base salary increases represented adjustments of approximately 14% above 2013 levels, and were intended to bring the base salaries for these executives closer to the median of similarly-situated executives for our peer group of companies.

In January 2015, our compensation committee approved base salary increases for 2015 for Messrs. Gonyer and D'Onofrio and Dr. Carlson to \$380,000, \$323,291 and \$293,550, respectively. These base salary increases represented adjustments of approximately 5%, 3% and 3%, respectively, and were ordinary course cost of living adjustments to the executives' base salaries.

The base salaries of our named executive officers continue to be below the median level of similarly-situated executives for our peer group of companies.

Annual Cash Performance Bonuses

Each named executive officer is also eligible for a performance bonus based upon the achievement of certain corporate performance goals and objectives approved by our board of directors and our compensation committee.

Bonuses are set based on the executive's base salary as of the end of the bonus year, and are expected to be paid out in the first quarter of the following year. The target levels for executive bonuses are currently as follows: 50% of base salary for the Chief Executive Officer, 40% of base salary for our Executive Vice President and Chief Business Officer, and 30% of base salary

Table of Contents

for our Chief Medical Officer. The executive bonuses are 100% based on the achievement of corporate objectives that are set each year by the board of directors and the compensation committee. All final bonus payments to our named executive officers are determined by our compensation committee. The actual bonuses awarded in any year, if any, may be more or less than the target, depending on individual performance and the achievement of corporate objectives and may also vary based on other factors at the discretion of the compensation committee.

For 2014, the corporate performance objectives for our Chief Executive Officer and our Executive Vice President and Chief Business Officer were related to clinical development and corporate financial objectives. These performance objectives and areas of emphasis were used as a guide by the compensation committee and board of directors in determining overall corporate performance for these executives as they represented those areas in which they were expected to focus their efforts during the year. Both qualitative and quantitative guidelines were established for purposes of evaluating performance relating to these corporate objectives during 2014. In coming to its final determination regarding the overall corporate achievement for 2014, our compensation committee noted our clinical development milestones related to EVK-001, the successful completion of our financing, and our ability to manage cash expenditures within budgeted levels. As a result of these achievements, the compensation committee determined to award a corporate achievement level of 84% for our Chief Executive Officer and Executive Vice President and Chief Business Officer.

For 2014, the corporate performance objectives for our Chief Medical Officer were related to the continued clinical development of EVK-001. These performance objectives and area of emphasis was used as a guide by the compensation committee and board of directors in determining overall corporate performance for purposes of our Chief Medical Officer's annual bonus as it represented the area in which she was expected to focus her efforts during the year. Both qualitative and quantitative guidelines were established for purposes of evaluating her performance relating to these corporate objectives during 2014. As a result of the clinical development milestones related to EVK-001 that were attained, the compensation committee determined to award a corporate achievement level of 84% for our Chief Medical Officer.

The overall achievement level was then used to determine each named executive officer's bonus. The bonuses paid to our named executive officers for 2014 are set forth in the "Summary Compensation Table" above.

Equity Compensation

The goals of our long-term, equity-based incentive awards are to align the interests of our named executive officers and other employees, non-employee directors and consultants with the interests of our stockholders. Because vesting is based on continued employment, our equity-based incentives also encourage the retention of our named executive officers through the vesting period of the awards. In determining the size of the long-term equity incentives to be awarded to our named executive officers, we take into account a number of internal factors, such as the relative job scope, the value of existing long-term incentive awards, individual performance history, prior contributions to us and the size of prior grants. Our compensation committee reviews competitive market data prepared by Barney & Barney in connection with its grant of long-term equity incentive awards to the named executive officers, but such awards are not determined by reference to any specific target level of compensation or benchmarking. Based upon these factors, the compensation committee determines the size of the long-term equity incentives at levels it considers appropriate to create a meaningful opportunity for reward predicated on the creation of long-term stockholder value. We have not granted any equity awards other than stock options to date.

To reward and retain our named executive officers in a manner that best aligns employees' interests with stockholders' interests, we use stock options as the primary incentive vehicles for long-term compensation. We believe that stock

options are an effective tool for meeting our compensation goal of increasing long-term stockholder value by tying the value of the stock options to our future performance. Because employees are able to profit from stock options only if our stock price increases relative to the stock option's exercise price, we believe stock options provide meaningful incentives to employees to achieve increases in the value of our stock over time.

The exercise price of each stock option grant is the fair market value of our common stock on the grant date, as determined by our board of directors from time to time. Stock option awards granted to our named executive officers generally vest on a monthly basis over a four-year period. From time to time, our compensation committee may, however, determine that a different vesting schedule is appropriate. Prior to our initial public offering we also generally offered our employees the opportunity to "early exercise" their unvested stock options by purchasing shares underlying the unvested portion of an option subject to our right to repurchase any unvested shares for the lesser of the exercise price paid for the shares and the fair market value of the shares on the date of the holder's termination of service if the employee's service with us terminates prior to the date on which the options are fully vested.

None of our named executive officers were granted stock awards during 2014.

Effective March 6, 2015, our named executive officers were granted stock options to purchase shares of our common stock, which stock options vest on a monthly basis over a four-year period. Specifically, Messrs. Gonyer and D'Onofrio and Dr. Carlson were granted options to purchase 80,000, 70,000 and 45,000 shares of our common stock, respectively.

Table of Contents

We have had no program, plan or practice pertaining to the timing of stock option grants to named executive officers coinciding with the release of material non-public information. Stock options granted to our named executive officers may be subject to accelerated vesting in certain circumstance. For additional discussion, please see “Employment Agreements” above and “Change in Control Benefits” below.

Other Elements of Compensation

Retirement Plans

We currently maintain a 401(k) retirement savings plan that allows eligible employees to contribute a portion of their compensation, within limits prescribed by the Internal Revenue Code, on a pre-tax basis through contributions to the plan. Our named executive officers are eligible to participate in the 401(k) plan. We believe that providing a vehicle for tax-deferred retirement savings through our 401(k) plan adds to the overall desirability of our executive compensation package and further incentivizes our named executive officers in accordance with our compensation policies.

Employee Benefits and Perquisites

Our named executive officers are eligible to participate in our health and welfare plans. We do not provide our named executive officers with significant perquisites or other personal benefits. We do, however, reimburse Dr. Carlson for her health care premiums and pay for the health and welfare benefits for our other named executive officers and our other four employees.

Employee Stock Purchase Plan

We maintain an employee stock purchase plan, or ESPP, that allows eligible employees to purchase our common stock at a discount, subject to applicable limits as set forth in the ESPP, through payroll deductions of up to 20% of their eligible compensation. During 2014, Dr. Carlson purchased 1,256 shares of our common stock pursuant to the ESPP.

No Tax Gross-Ups

We do not make gross-up payments to cover our named executive officers’ personal income taxes that may pertain to any of the compensation paid or provided by our company.

Termination and Change in Control Benefits

Our named executive officers may become entitled to certain benefits or enhanced benefits in connection with certain qualifying terminations of employment and/or a change in control of our company. Each of our named executive officers’ employment agreements entitles them to severance in the event of their termination without cause or their resignation for good reason (and, for Mr. Gonyer and Mr. D’Onofrio, upon termination by reason of death or disability). In addition, each named executive officer is entitled to accelerated vesting of all outstanding equity awards upon his or her termination without cause or their resignation for good reason within three months prior to the occurrence of a change in control or within 12 months following a change in control of our company. In addition, the occurrence of a change in control constitutes “good reason” for Mr. Gonyer’s and Mr. D’Onofrio’s resignation under their employment agreements. For additional discussion, please see “Employment Agreements” above.

CERTAIN RELATIONSHIPS AND RELATED PARTY TRANSACTIONS

The following includes a summary of transactions since January 1, 2014 to which we have been a party in which the amount involved exceeded or will exceed \$120,000, and in which any of our directors, executive officers or, to our knowledge, beneficial owners of more than 5% of our capital stock or any member of the immediate family of any of the foregoing persons had or will have a direct or indirect material interest. We also describe below certain other transactions with our directors, executive officers and stockholders. We believe the terms obtained or consideration that we paid or received, as applicable, in connection with the transactions described below were comparable to terms available or the amounts that would be paid or received, as applicable, from unaffiliated third parties.

Investor Rights Agreement

We entered into an investor rights agreement in June 2007 with the holders of our convertible preferred stock, including entities with which certain of our directors are affiliated. This agreement provides for certain rights relating to the registration of their shares of common stock issuable upon conversion of their convertible preferred stock, a right of first refusal to purchase future securities sold by us and certain additional covenants made by us. Except for the best effort registration rights (including the related provisions pursuant to which we have agreed to indemnify the parties to the investor rights agreement), all rights under this agreement terminated upon the completion of our IPO. The registration rights will terminate in 2020, or for any particular holder with registration rights, at such time when all securities held by that stockholder subject to registration rights may be sold pursuant to Rule 144 under the Securities Act.

Employment Agreements

We have entered into employment agreements with the following executive officers: David A. Gonyer, R.Ph., our President and Chief Executive Officer; Matthew J. D’Onofrio, our Executive Vice President, Chief Business Officer, Secretary and Treasurer and Marilyn R. Carlson, D.M.D., M.D., our Chief Medical Officer. For more information regarding these agreements, see “Executive Compensation and Other Information—Employment Agreements” above.

Indemnification Agreements

Our amended and restated certificate of incorporation and our amended and restated bylaws provide that we will indemnify each of our directors and officers to the fullest extent permitted by the Delaware General Corporation Law. Further, we have entered into indemnification agreements with each of our directors and officers, and we have purchased a policy of directors’ and officers’ liability insurance that insures our directors and officers against the cost of defense, settlement or payment of a judgment under certain circumstances.

Stock Option Grants to Executive Officers and Directors

We have granted stock options to our executive officers and certain of our directors as more fully described in the section “Executive Compensation and Other Information—Executive Compensation Components—Long-Term Equity Incentives” above.

Other Transactions with Related Parties

Our Chief Medical Officer, Marilyn Carlson, serves on the executive management team of a clinical research organization that provides clinical trial services to us. For the year ended December 31, 2014, we incurred an

aggregate of approximately \$255,000 in fees for these services.

Policies and Procedures for Related Person Transactions

Pursuant to our audit committee charter, our audit committee is responsible for reviewing and approving all transactions with related parties which are required to be reported under applicable SEC regulations, other than compensation-related matters. We have not adopted written procedures for review of, or standards for approval of, these transactions, but instead our audit committee intends to review such transactions on a case by case basis.

SECTION 16(a) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE

Section 16(a) of the Exchange Act requires our directors and executive officers, and persons who own more than ten percent of a registered class of our equity securities, to file with the SEC initial reports of ownership and reports of changes in ownership of our common stock and other equity securities. To our knowledge, based solely on our review of copies of such forms that we have received, or written representations from reporting persons, we believe that during the fiscal year ended December 31, 2014, all executive officers, directors and greater than 10% stockholders complied with all applicable filing requirements.

STOCKHOLDER PROPOSALS

Proposals from stockholders intended to be presented at our annual meeting of stockholders to be held in 2016 must be received by us no later than November 11, 2015, which is 120 days prior to the first anniversary of the mailing date of this proxy, in order to be included in our proxy statement and form of proxy relating to that meeting. These proposals must comply with the requirements as to form and substance established by the SEC for such proposals in order to be included in the proxy statement. In addition, our amended and restated bylaws establish an advance notice procedure with regard to certain matters, including stockholder proposals not included in our proxy statement, to be brought before an annual meeting of stockholders. In general, notice must be received at our principal executive offices not less than 90 calendar days before nor more than 120 calendar days before the one year anniversary of the date of the previous year's annual meeting of stockholders. Therefore, to be presented at our 2016 annual meeting of stockholders, such a proposal must be received by us no earlier than December 24, 2015 and no later than January 23, 2016. However, if the date of the annual meeting is more than 30 days earlier or more than 60 days later than such anniversary date, notice must be received not less than 90 calendar days before nor more than 120 calendar days in advance of such annual meeting, or if later, ten calendar days following the date on which public announcement of the date of the meeting is first made. If the stockholder fails to give notice by these dates, then the persons named as proxies in the proxies solicited by the board of directors for the 2016 annual meeting may exercise discretionary voting power regarding any such proposal. Stockholders are advised to review our amended and restated bylaws which also specify requirements as to the form and content of a stockholder's notice.

ANNUAL REPORT

Our annual report for the fiscal year ended December 31, 2014 will be mailed to stockholders of record on or about March 10, 2015. Our annual report does not constitute, and should not be considered, a part of this proxy solicitation material.

Any person who was a beneficial owner of our common stock on the record date may request a copy of our annual report, and it will be furnished without charge upon receipt of a written request identifying the person so requesting a report as a stockholder of our company at such date. Requests should be directed to Evoke Pharma, Inc., 505 Lomas Santa Fe Drive, Suite 270, Solana Beach, California, Attention: Corporate Secretary.

OTHER MATTERS

We do not know of any business other than that described in this proxy statement that will be presented for consideration or action by the stockholders at the annual meeting. If, however, any other business is properly brought before the meeting, shares represented by proxies will be voted in accordance with the best judgment of the persons named in the proxies or their substitutes. All stockholders are urged to complete, sign and return the accompanying proxy card in the enclosed envelope.
