EMERSON RADIO CORP. AND SUBSIDIARIES

NOTES TO INTERIM CONSOLIDATED FINANCIAL STATEMENTS

(Unaudited)

NOTE 1 — BACKGROUND AND BASIS OF PRESENTATION

The consolidated financial statements include the accounts of Emerson Radio Corp. (“Emerson”, consolidated — the “Company”), and its subsidiaries. The Company designs, sources, imports and markets certain houseware and consumer electronic products, and licenses the Company’s trademarks for a variety of products domestically and internationally.

The unaudited interim consolidated financial statements reflect all normal and recurring adjustments that are, in the opinion of management, necessary to present a fair statement of the Company’s consolidated financial position as of December 31, 2015 and the results of operations for the three and nine month periods ended December 31, 2015 and December 31, 2014. In the opinion of management, all adjustments (consisting of normal recurring accruals) considered necessary in order to make the financial statements not misleading have been included. All significant intercompany accounts and transactions have been eliminated in consolidation. The preparation of the unaudited interim consolidated financial statements requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes; actual results could materially differ from those estimates. The unaudited interim consolidated financial statements have been prepared pursuant to the rules and regulations of the Securities and Exchange Commission and accordingly do not include all of the disclosures normally made in the Company’s annual consolidated financial statements. Accordingly, these unaudited interim consolidated financial statements should be read in conjunction with the consolidated financial statements and notes thereto for the fiscal year ended March 31, 2015 (“fiscal 2015”), included in the Company’s annual report on Form 10-K, as amended, for fiscal 2015.

The results of operations for the three and nine month periods ended December 31, 2015 are not necessarily indicative of the results of operations that may be expected for any other interim periods or for the full year ended March 31, 2016 (“fiscal 2016”).

Whenever necessary, reclassifications are made to conform the prior year’s financial statements to the current year’s presentation.

Unless otherwise disclosed in the notes to these financial statements, the estimated fair value of the financial assets and liabilities approximates the carrying value.

Sales Allowance and Marketing Support Expenses

Sales allowances, marketing support programs, promotions and other volume-based incentives which are provided to retailers and distributors are accounted for on an accrual basis as a reduction to net revenues in the period in which the related sales are recognized in accordance with ASC topic 605, “Revenue Recognition”, subtopic 50 “Customer Payments and Incentives” and Securities and Exchange Commission Staff Accounting Bulletins 101 “Revenue Recognition in Financial Statements,” and 104 “Revenue Recognition, corrected copy” (“SAB’s 101 and 104”).

At the time of sale, the Company reduces recognized gross revenue by allowances to cover, in addition to estimated sales returns as required by ASC topic 605, "Revenue Recognition", subtopic 15 "Products", (i) sales incentives offered to customers that meet the criteria for accrual under ASC topic 605, subtopic 50 and (ii) under SAB's 101 and 104, an estimated amount to recognize additional non-offered deductions it anticipates and can reasonably estimate will be taken by customers which it does not expect to recover. Accruals for the estimated amount of future non-offered deductions are required to be made as contra-revenue items because that percentage of shipped revenue fails to meet the collectability criteria within SAB 104's and 101's four revenue recognition criteria, all of which are required to be met in order to recognize revenue.

If additional marketing support programs, promotions and other volume-based incentives are required to promote the Company's products subsequent to the initial sale, then additional reserves may be required and are accrued for when such support is offered.

NOTE 2 — NET EARNINGS PER SHARE

The following table sets forth the computation of basic and diluted earnings per share (in thousands, except per share amounts):

	Three months ended		Nine months ended	
	December 31,		December 31,	
	2015	2014	2015	2014
Numerator:				
Net (loss) income	\$(66)	\$2,854	\$(655)	\$3,552
Denominator:				
Denominator for basic earnings per share — weighted				
average shares	27,130	27,130	27,130	27,130
Effect of dilutive securities on denominator:				
Options (computed using the treasury stock method)	-	-	-	-
Denominator for diluted earnings per share — weighted				
average shares and assumed conversions	27,130	27,130	27,130	27,130
Basic and diluted (loss) earnings per share	\$(0.00)	\$0.11	\$(0.02)	\$0.13

NOTE 3 — SHAREHOLDERS' EQUITY

Outstanding capital stock at December 31, 2015 consisted of common stock and Series A preferred stock. The Series A preferred stock is non-voting, has no dividend preferences and has not been convertible since March 31, 2002; however, it retains a liquidation preference.

At December 31, 2015, the Company had no options, warrants or other potentially dilutive securities outstanding.

NOTE 4 — INVENTORY

Inventories are stated at the lower of cost or market. Cost is determined using the first-in, first-out method. As of December 31, 2015 and March 31, 2015, inventories consisted of the following (in thousands):

	December 31, 2015	March 31, 2015
Finished goods	\$ 4,674	\$ 4,519

NOTE 5 — INCOME TAXES

Income Tax Issues Concerning Overseas Income

On April 15, 2013 and June 5, 2013, the Company received correspondence from the Internal Revenue Service (“IRS”) pertaining to the Company’s fiscal 2010 and fiscal 2011 periods, including a (i) Form 5701 and Form 886-A regarding Adjusted Sales Income (collectively referred to as “NOPA 1”) and (ii) Form 5701 and Form 886-A regarding Adjusted Subpart F-Foreign Base Company Sales Income (“FBCSI”) (collectively referred to as “NOPA 2”), which challenged certain tax positions of the Company with respect to the Company’s controlled foreign corporation in Macao (the “Macao CFC”).

Although the Company continues to dispute the assessments made by the IRS as set forth in each of NOPA 1 and NOPA 2, in June 2015, following a formal IRS Appeal, the Company and the IRS agreed to settle on the following terms: (1) that the IRS would not pursue the aforementioned NOPA 1 and NOPA 2 income assessments pertaining to fiscal 2010 and fiscal 2011 provided that the Company agreed to treat 30% of the Macao CFC’s income as taxable Subpart F income in the U.S. for fiscal 2010 and fiscal 2011, and (2) that the IRS would impose no penalties for fiscal 2010 and fiscal 2011 (collectively, the “Settlement Agreement”). Based on discussions between the Company, its advisors and the IRS, the Company believes that the IRS intends to apply the Settlement Agreement’s calculation reached for the Company’s fiscal 2010 and fiscal 2011 periods to the Company’s fiscal 2012 and fiscal 2013 periods.

Based on the foregoing, the Company estimates that it is subject to additional federal and state income taxes for fiscal 2010 through fiscal 2013 of approximately \$3.0 million. Of this amount, approximately \$1.6 million was recorded as income tax expense in the fourth quarter of fiscal 2015, \$0.5 million was recorded as income tax expense in the fourth quarter of fiscal 2014 and \$0.9 million was recorded as income tax expense in the fourth quarter of fiscal 2013.

With respect to fiscal 2014, fiscal 2015 and the first nine months of fiscal 2016, there is some uncertainty as to what the ultimate tax treatment will be of a service fee regularly paid by the Company to the Macao CFC (the “Service Fee”). Therefore, an uncertain tax position under the requirements of ASC 740-10 “Income Tax Accounting” exists, and the Company has recorded an income tax liability of approximately \$0.6 million to its December 31, 2015 financial statements, approximately \$0.1 million of which was recorded as income tax expense during the first nine months of fiscal 2016, approximately \$0.1 million of which was recorded as income tax expense in the fourth quarter of fiscal 2015 and approximately \$0.4 million of which was recorded income tax expense in the third quarter of fiscal 2015, representing the maximum amount of income taxes, penalties and interest that the Company estimates it could owe for fiscal 2014, fiscal 2015 and the first nine months of fiscal 2016 if the Service Fee is determined to be taxable to the Company as FBCSI under the Internal Revenue Code.

Other

At December 31, 2015, the Company had approximately \$0.4 million of U.S. federal net operating loss carry forwards and approximately \$0.3 million of U.S. state net operating loss carry forwards included in net deferred tax assets that are available to offset future taxable income and can be carried forward for 20 years. Although realization is not assured, management believes it is more likely than not that all of the net deferred tax assets will be realized through tax planning strategies available in future periods and through future profitable operating results. The amount of the deferred tax asset considered realizable could be reduced or eliminated if certain tax planning strategies are not successfully executed or estimates of future taxable income during the carry forward period are reduced. If management determines that the Company would not be able to realize all or part of the net deferred tax asset in the future, an adjustment to the deferred tax asset would be charged to income in the period such determination was made.

The Company’s effective tax rate differs from the federal statutory rate primarily due to expenses that are not deductible for federal income tax purposes, income and losses incurred in foreign jurisdictions and taxed at locally applicable tax rates, and state income taxes.

The Company is subject to examination and assessment by tax authorities in numerous jurisdictions. A summary of the Company’s open tax years is as follows as of December 31, 2015:

Open

Jurisdiction	tax years
U.S. federal	2011-2015
States	2011-2015

Based on the outcome of tax examinations or due to the expiration of statutes of limitations, it is reasonably possible that the unrecognized tax benefits related to uncertain tax positions taken in previously filed returns may be different from the liabilities that have been recorded for these unrecognized tax benefits. As a result, the Company may be subject to additional tax expense.

NOTE 6 — RELATED PARTY TRANSACTIONS

From time to time, Emerson has engaged in business transactions with its controlling shareholder, The Grande Holdings Limited (In Liquidation) (“Grande”), and one or more of Grande’s direct and indirect subsidiaries. Set forth below is a summary of such transactions.

Controlling Shareholder

The Grande Holdings Limited (In Liquidation) (“Grande”) has, together with S&T International Distribution Limited (“S&T”), a subsidiary of Grande, and Grande N.A.K.S. Ltd., a subsidiary of Grande (together with Grande, the “Reporting Persons”), filed, on July 9, 2014, a Schedule 13D/A with the Securities and Exchange Commission (“SEC”) stating that, as of the filing date, the Reporting Persons had the shared power to vote and direct the disposition of 15,243,283 shares, or approximately 56.2%, of the outstanding common stock of Emerson. As the Reporting Persons, and by extension Grande (as their ultimate parent) have control of a majority of the outstanding shares of common stock of Emerson, Emerson is a Controlled company, as defined in Section 801(a) of the NYSE MKT Rules.

On May 31, 2011, upon application of a major creditor, the High Court of Hong Kong appointed Fok Hei Yu (who is also known by the anglicized name Vincent Fok), formerly a director and Chairman of the Board of the Company, and Roderick John Sutton, both of FTI Consulting (Hong Kong) Limited (“FTI”), as Joint and Several Provisional Liquidators over Grande. Accordingly, as of May 31, 2011, the directors of Grande no longer have the ability to exercise control over Grande or the power to direct the voting and disposition of the 15,243,283 shares beneficially owned by Grande. Instead, Mr. Fok and Mr. Sutton, as Provisional Liquidators

over Grande, currently have such power. In addition, on March 20, 2013, the Provisional Liquidators provided to Emerson a written statement that they are obligated to liquidate the 15,243,283 shares in the Company beneficially owned by Grande. However, in February 2014, the Provisional Liquidators for and on behalf of Grande issued a public announcement that Grande, among other things, had been in discussions with different investors to pursue a restructuring plan and the resumption of trading of Grande's shares on the Hong Kong Stock Exchange ("HKSE"). In addition, in May 2014, the Provisional Liquidators for and on behalf of Grande issued a public announcement disclosing that on May 2, 2014, Grande, the Provisional Liquidators and a creditor of Grande entered into an agreement to implement the "Grande Restructuring Proposal" submitted by a creditor of Grande. Based on information contained within the public announcement issued for Grande in May 2014, if the Grande Restructuring Proposal is implemented, Mr. Christopher Ho, who served as the Company's Chairman of the Board until November 2013 and is currently the sole director of Grande, and his associates would continue to have a majority interest in Grande and would regain the power to direct the voting and disposition of the 15,243,283 shares beneficially owned by Grande. As disclosed in the Schedule 13D/A filed by the Reporting Persons on May 22, 2014, the Grande Restructuring Proposal includes a plan to re-list Grande on the HKSE and provides that many assets of Grande, including its shares of Emerson, would remain part of Grande. According to the public announcement issued for Grande in May 2014, the Grande Restructuring Plan will require approvals, consents and sanctions of the HKSE, courts in Hong Kong and Bermuda, and the creditors and shareholders of Grande. In addition, on June 11, 2014, Grande announced that it had received a summons issued by a creditor of Grande seeking the removal of the Provisional Liquidators. On June 1, 2015 the Provisional Liquidators for and on behalf of Grande issued a public announcement disclosing that by letter dated May 29, 2015, the HKSE decided to allow Grande to proceed with Grande's "Updated Resumption Proposal", subject to the satisfaction of certain conditions by December 21, 2015. On December 22, 2015 the Provisional Liquidators for and on behalf of Grande issued a public announcement disclosing that by letter dated December 22, 2015, the HKSE decided to extend the deadline for Grande to fully satisfy these conditions to May 11, 2016.

It is not possible at this time to predict whether Grande can satisfy the conditions established by the HKSE for the resumption or relisting of Grande on HKSE, or whether the Grande Restructuring Proposal will receive all necessary approvals, nor can there be any assurances regarding the timing, terms or effects of implementing the Grande Restructuring Proposal or if the Provisional Liquidators will be removed. However, even though the Provisional Liquidators continue to maintain the ability to exercise the power to direct the voting and disposition of shares, as long as the Provisional Liquidators are pursuing this restructuring proposal that would result in Grande retaining beneficial ownership of the 15,243,283 shares of Emerson common stock, the Provisional Liquidators may not be actively seeking to liquidate those shares. If the Grande Restructuring Proposal is completed as described within the public announcement issued for Grande in May 2014, it is expected that the 15,243,283 shares of Emerson common stock held of record by Grande's subsidiary, S&T, would remain with S&T and that Grande would once again have the power to direct the voting and disposition of this 56.2% controlling interest in Emerson common stock. It is not possible at this time to predict what impact the removal of the Provisional Liquidators would have on the Grande Restructuring Proposal or Emerson and Emerson cannot predict nor provide any assurances regarding the possible effects on the Company, its shareholders, the trading price of its common stock or any other consequences that could result if the Grande Restructuring Proposal is approved and Grande again has the power to control Emerson.

Related Party Transactions

Dividend-Related Issues with S&T

On March 2, 2010, the Board declared an extraordinary dividend of \$1.10 per common share which was paid on March 24, 2010. In connection with the Company's determination as to the taxability of the dividend, the Board relied upon information and research provided to it by the Company's tax advisors and, in reliance on the "stock-for-debt" exception in the Internal Revenue Code Sections 108(e)(8) and (e)(10), concluded that 4.9% of such dividend paid was taxable to the recipients.

In August 2012, the Company received a Form 886-A from the IRS which challenges the Company's conclusions and determines that the Company does not qualify for the above-referenced exception. Accordingly, the IRS has concluded that 100% of the dividend paid was taxable to the recipients. The Company is defending its position and calculations and is contesting the position asserted by the IRS. The Company prepared and, on October 25, 2012, delivered its rebuttal to the IRS contesting the IRS determination. There can be no assurance that the Company will be successful in defending its position.

In the event that the Company is not successful in establishing with the IRS that the Company's calculations were correct, then the shareholders who received the dividend likely will be subject to and liable for an assessment of additional taxes due. Moreover, the Company may be contingently liable for taxes due by certain of its shareholders resulting from the dividend paid by the Company.

Initially, the Company withheld from the dividend paid to foreign shareholders an amount equal to the tax liability associated with such dividend. On April 7, 2010, upon a request made to the Company by its foreign controlling shareholder, S&T, the Company entered into an agreement with S&T (the "Agreement"), whereby the Company returned to S&T on April 7, 2010 that portion of the

funds withheld for taxes from the dividend paid on March 24, 2010 to S&T, which the Company believed was not subject to U.S. tax based on the Company's good-faith estimate of its accumulated earnings and profits at that time. The Agreement includes provisions pursuant to which S&T agreed to indemnify the Company for any liability imposed on it as a result of the Company's agreement not to withhold such funds for S&T's possible tax liability and a pledge of stock as collateral. The Company continues to assert that such dividend is largely not subject to U.S. tax based on the Company's good-faith estimate of its accumulated earnings and profits. In addition, the Company also continues to assert that this transaction results in an off-balance sheet arrangement and a possible contingent tax liability of the Company, which, if recognized, would be offset by the calling by the Company on S&T of the indemnification provisions of the Agreement.

In February 2011, upon the request of S&T to the Company, the Company and S&T agreed that the collateral pledged as a part of the Agreement would no longer be required and such collateral was returned by the Company to S&T in March 2011 and the Agreement was amended and restated to remove the collateral requirement but retain the indemnification provisions. The Agreement, as amended (the "Amended Agreement"), remains in effect as of today.

In September 2014, the Company, with S&T's consent, withheld \$0.5 million in cash, to be pledged as collateral against the Amended Agreement, from the dividend paid to S&T on September 30, 2014 along with such dividend paid on that date to all common stockholders. The Company holds, as of December 31, 2015, \$0.5 million in cash collateral from S&T against the Amended Agreement. In the event that (i) the Company is not successful in establishing with the IRS that the Company's calculations were correct and (ii) S&T is unable or unwilling to pay the additional taxes due or indemnify the Company under the terms of the Amended Agreement, the Company may be liable to pay such additional taxes, which, together with penalties and interest, are currently estimated by the Company to be approximately \$4.9 million as of December 31, 2015, \$0.5 million of which is collateralized in cash held by the Company as of December 31, 2015 as described above and which is classified by the Company as restricted cash on its balance sheet. Any such liability, should it be required to be recognized by the Company, would likely have a material adverse effect on the Company's results of operations in the period recognized. S&T is a subsidiary of Grande, which is currently in liquidation (as described above under "Controlling Shareholder"). Therefore, the ability of the Company to enforce its rights to indemnification under the Amended Agreement and to collect from S&T any additional taxes, interest and penalties due may be severely impaired.

NOTE 7 — BORROWINGS

Short-term Borrowings

Letters of Credit – The Company has used Hang Seng Bank in the past to issue letters of credit on behalf of the Company, as needed, on a 100% cash collateralized basis, although no letter of credit agreement is in place between the Company and Hang Seng Bank or any financial institution. The last letter of credit placed with Hang Seng Bank on this basis was in May 2014. At December 31, 2015, the Company had no outstanding letters of credit. In the event that the Company does have outstanding letters of credit with Hang Seng Bank, a like amount of cash is posted by the Company as collateral against such outstanding letters of credit and is classified as Restricted Cash on the balance sheet.

NOTE 8 — LEGAL PROCEEDINGS

The Company is not currently a party to any legal proceedings other than litigation matters, in most cases involving ordinary and routine claims incidental to its business. Management cannot estimate with certainty the Company's ultimate legal and financial liability with respect to such pending litigation matters. However, management believes, based on its examination of such matters, that the Company's ultimate liability will not have a material adverse effect on the Company's financial position, results of operations or cash flows.

NOTE 9 — SHORT TERM INVESTMENTS

At December 31, 2015 and March 31, 2015, the Company held short term investments totaling \$20.1 million and nil, respectively. These investments were comprised of bank certificates of deposit which matured in January 2016.

Item 2. Management's Discussion and Analysis of Results of Operations and Financial Condition.

The following discussion of the Company's operations and financial condition should be read in conjunction with the Financial Statements and notes thereto included elsewhere in this Quarterly Report.

In the following discussions, most percentages and dollar amounts have been rounded to aid presentation. Accordingly, all amounts are approximations.

Forward-Looking Information

This report contains forward looking statements within the meaning of Section 27A of the Securities Act of 1933, as amended, and Section 21E of the Securities Exchange Act of 1934, as amended.

Forward-looking statements include statements with respect to the Company's beliefs, plans, objectives, goals, expectations, anticipations, assumptions, estimates, intentions, and future performance, and involve known and unknown risks, uncertainties and other factors, which may be beyond the Company's control, and which may cause the Company's actual results, performance or achievements to be materially different from future results, performance or achievements expressed or implied by such forward-looking statements.

All statements other than statements of historical fact are statements that could be forward-looking statements. The reader can identify these forward-looking statements through the Company's use of words such as "may," "can," "anticipate," "assume," "should," "indicate," "would," "believe," "contemplate," "expect," "seek," "estimate," "continue," "plan," "project," "intend," "target," "potential," and other similar words and expressions of the future. These forward-looking statements may not be realized due to a variety of factors, including, without limitation:

- the impact, if any, on the Company's business, financial condition and results of operation arising from the appointment of the Provisional Liquidators over Grande;
- the impact, if any, on the Company's business, financial condition and results of operation arising if there is a successful completion of the resumption plan by Grande;
- the impact on the Company's business, financial condition and results of operations of the discontinuation of retail sales of Emerson branded microwave oven and compact refrigerator products by one of the Company's key customers in the Spring of 2016;
- the loss of any of the Company's other key customers or reduction in the purchase of the Company's products by any such customers;
- the Company's inability to maintain its relationships with its licensees and distributors or the failure to obtain new licensees or distribution relationships on favorable terms or at all, including the Company's inability to obtain a new licensee to replace its relationship with Funai, which terminates on December 31, 2016;
- the Company's inability to resist price increases from its suppliers or pass through such increases to its customers;
 - conflicts of interest that exist based on the Company's relationship with Grande;
- the decline in, and any further deterioration of, consumer spending for retail products, such as the Company's products;
- the Company's inability to maintain effective internal controls or the failure by its personnel to comply with such internal controls;
- cash generated by operating activities represents the Company's principal source of funding and therefore the Company depends on its ability to successfully manage its operating cash flows to fund its operations;
- the Company's inability to anticipate market trends, enhance existing products or achieve market acceptance of new products;
- the Company's dependence on a limited number of suppliers for its components and raw materials;

- the Company's dependence on third party manufacturers to manufacture and deliver its products;
- the Company's dependence on a third party logistics provider for the storage and distribution of products in the United States;
- changes in consumer spending and economic conditions;

11

- the failure of third party sales representatives to adequately promote, market and sell the Company's products;
- the Company's inability to protect its intellectual property;
- the effects of competition;
- inability to distribute our products in a timely fashion, including as a result of labor disputes;
- changes in foreign laws and regulations and changes in the political and economic conditions in the foreign countries in which the Company operates;
- changes in accounting policies, rules and practices;
- limited access to financing or increased cost of financing;
- the effects of currency fluctuations between the U.S. Dollar and Chinese renminbi relative to the dollar and increases in costs of production in People's Republic of China; and
- the other factors listed under "Risk Factors" in the Company's Form 10-K, as amended, for the fiscal year ended March 31, 2015 and other filings with the Securities and Exchange Commission (the "SEC").

All forward-looking statements are expressly qualified in their entirety by this cautionary notice. The reader is cautioned not to place undue reliance on any forward-looking statements, which speak only as of the date of this report or the date of the document incorporated by reference into this report. The Company has no obligation, and expressly disclaims any obligation, to update, revise or correct any of the forward-looking statements, whether as a result of new information, future events or otherwise. Management has expressed its expectations, beliefs and projections in good faith and it believes it has a reasonable basis for them. However, management cannot assure the reader that its expectations, beliefs or projections will be achieved or accomplished.

Results of Operations

The following table summarizes certain financial information for the three and nine month periods ended December 31, 2015 (fiscal 2016) and December 31, 2014 (fiscal 2015) (in thousands):

	Three months ended		Nine months ended	
	December 31 2015	December 31 2014	December 31 2015	December 31 2014
Net product sales	\$7,989	\$19,596	\$34,056	\$57,300
Licensing revenue	1,164	3,302	3,552	5,788
Net revenues	9,153	22,898	37,608	63,088
Cost of sales	7,489	17,247	32,040	51,441
Other operating costs and expenses	60	116	301	560
Selling, general and administrative expenses	1,654	1,841	6,055	6,572
Operating (loss) income	(50)	3,694	(788)	4,515
Interest income, net	43	42	121	151
Income before income taxes	(7)	3,736	(667)	4,666
(Benefit) provision for income taxes	59	882	(12)	1,114
Net (loss) income	\$(66)	\$2,854	\$(655)	\$3,552

Net product sales — Net product sales for the third quarter of fiscal 2016 were \$8.0 million as compared to \$19.6 million for the third quarter of fiscal 2015, a decrease of \$11.6 million or 59.2%. For the nine month period of fiscal 2016, net product sales were \$34.1 million as compared to \$57.3 million for the nine month period of fiscal 2015, a decrease of \$23.2 million or 40.6%. The Company's sales during the nine month periods of fiscal 2016 and fiscal 2015 were highly

concentrated among the Company's two largest customers, as to which gross product sales comprised approximately 86.2% and 89.1%, respectively, of the Company's total gross product sales. Net product sales may be periodically impacted by adjustments made to the Company's sales allowance and marketing support accrual to record unanticipated customer deductions from accounts receivable or to reduce the accrual by any amounts which were accrued in the past but not taken by customers through deductions from accounts receivable within a certain time period. In the aggregate, these adjustments had the effect of increasing net product sales and operating income by approximately nil and \$0.1 million for the third quarters of fiscal 2016 and fiscal 2015, respectively, and approximately \$0.1 million and \$0.2 million for the nine month periods of fiscal 2016 and fiscal 2015, respectively.

Net product sales are comprised primarily of the sales of houseware and audio products which bear the Emerson ® brand name. The major elements which contributed to the overall decrease in net product sales were as follows:

i) Houseware product net sales decreased \$11.6 million, or 61.4%, to \$7.3 million in the third quarter of fiscal 2016 as compared to \$18.9 million in the third quarter of fiscal 2015, principally driven by a decrease in year-over-year sales of microwave ovens and compact refrigerators. For the nine month period of fiscal 2016, houseware products net sales were \$32.4 million, a decrease of \$22.5 million or 41.1%, from \$54.9 million for the nine month period of fiscal 2015, principally driven by a decrease in year-over-year sales of microwave ovens, compact refrigerators and wine products. The decreases for the third quarter were driven mainly by product discontinuations by the Company's key customers, lower year-over-year retail sell through on existing models and competitive activity. The decreases for the nine month period were driven mainly by product discontinuations by the Company's key customers, lower year-over-year retail sell through on existing models, competitive pricing activity and the effects of the 2014/2015 Los Angeles/Long Beach port strike. The Company expects its net product sales for the full year of fiscal 2016 to continue to decrease as compared to the full year of fiscal 2015.

Emerson was informed in November 2015 by one of its key customers that, commencing with the Spring of 2016, this customer will discontinue retailing in its stores the Emerson-branded microwave oven and compact refrigeration products currently sold to this customer by the Company. During fiscal 2015, the nine month period of fiscal 2016 and the third quarter of fiscal 2016, net sales of these products by the Company to this customer were approximately \$39.5 million, \$19.2 million and \$2.7 million, respectively, comprising approximately 57.3%, 56.4% and 33.6% of the Company's total net product sales. The Company continued shipping these products to this customer only through December 2015. Emerson anticipates that net product sales for the remainder of fiscal 2016 will be negatively impacted by this event and that the first full year impact of this event will be realized by the Company in fiscal 2017, which begins on April 1, 2016. As previously disclosed by the Company, the complete loss of, or significant reduction in, business with either of the Company's key customers will have a material adverse effect on the Company's business and results of operations. Accordingly, the loss of the net sales will have a material adverse effect on the Company's business and results of operations. The Company is analyzing the impacts to its business of this event and is identifying strategic courses of action for consideration. There can be no assurance that the Company will be able to increase sales of such products at levels sufficient to offset the adverse impact of the loss of these products to this customer, if at all.

ii) Audio product net sales were \$0.7 million in both the third quarter of fiscal 2016 and in the third quarter of fiscal 2015. For the nine month period of fiscal 2016, audio product net sales were \$1.7 million, a decrease of \$0.7 million, or 28.9%, from \$2.4 million in the nine month period of fiscal 2015, resulting from decreased net sales of the Company's clock radio and portable audio product offerings, driven by competitive activity in the space.

Licensing revenue — Licensing revenue in the third quarter of fiscal 2016 was \$1.2 million compared to \$3.3 million in the third quarter of fiscal 2015, a decrease of \$2.1 million or 64.8%. Licensing revenue for the nine month period of fiscal 2016 was \$3.6 million as compared to \$5.8 million for the nine month period of fiscal 2015, a decrease of \$2.2 million or 38.6%. The decrease for both the third quarter and nine month periods of fiscal 2016 was due to lower sales by the Company's licensees of Emerson ® branded products. The Company expects its licensing revenue for the full year of fiscal 2016 to continue to decrease as compared to the full year of fiscal 2015.

The Company's largest license agreement is with Funai Corporation, Inc. ("Funai"), which accounted for approximately 80% and 79% of the Company's total licensing revenue for the third quarter and nine month period of fiscal 2016, respectively, and approximately 92% and 85% of the Company's total licensing revenue for the third quarter and nine month period of fiscal 2015. The license agreement was amended in November 2013 to extend the term until March 31, 2018. The agreement provides that Funai will manufacture, market, sell and distribute specified products bearing the Emerson ® trademark to customers in the U.S. and Canadian markets. Under the terms of the agreement, the Company receives non-refundable minimum annual royalty payments of \$3.75 million each calendar year and a license fee on sales of product subject to the agreement in excess of the minimum annual royalties. During the third

quarter of fiscal 2016 and fiscal 2015, licensing revenues of approximately \$0.9 million and \$3.0 million were earned under this agreement. During the nine month periods of fiscal 2016 and fiscal 2015, licensing revenues of approximately \$2.8 million and \$4.9 million were earned under this agreement.

As previously disclosed, on December 16, 2015, the Company received written notice from Funai stating its intention to terminate the agreement, with termination to be effective on December 31, 2016. As a result of such termination, unless the Company is successful in securing a new licensee to replace the licensing revenue which will be absent upon the Funai termination, the Company expects fiscal 2017, which begins April 1, 2016, licensing revenue will decline as compared to fiscal 2016 licensing revenue. As previously disclosed, since this licensing relationship contributes substantial product volume and market presence through Funai's manufacture and distribution of products bearing the Emerson® brand name in the United States, the loss of this relationship

and licensing agreement with Funai is expected to materially and adversely affect the Company's revenue, earnings and business. The Company is analyzing the impacts of the Funai termination to its business and is identifying strategic courses of action for consideration, including seeking new licensing relationships. There can be no assurance that the Company will be able to secure a new licensee or distribution relationship to replace the licensing revenue, product volume and market presence of Emerson-branded products in the United States, which had been provided through the license agreement with Funai.

Net revenues — As a result of the foregoing factors, the Company's net revenues were \$9.2 million in the third quarter of fiscal 2016 as compared to \$22.9 million in the third quarter of fiscal 2015, a decrease of \$13.7 million, or 60.0%, and \$37.6 million in the nine month period of fiscal 2016 as compared to \$63.1 million in the nine month period of fiscal 2015, a decrease of \$25.5 million, or 40.4%.

Cost of Sales — In absolute terms, cost of sales decreased \$9.8 million, or 56.6%, to \$7.5 million in the third quarter of fiscal 2016 as compared to \$17.2 million in the third quarter of fiscal 2015. Cost of sales, as a percentage of net product sales was 93.7% in the third quarter of fiscal 2016 as compared to 88.0% in the third quarter of fiscal 2015. The decrease in absolute terms for the third quarter of fiscal 2016 as compared to the third quarter of fiscal 2015 was primarily related to the reduced net product sales and lower year-over-year gross cost of sales as a percentage of gross sales. Additionally, the third quarter of fiscal 2015 included a \$0.1 million reversal of reserves no longer required.

In absolute terms, cost of sales decreased \$19.4 million, or 37.7%, to \$32.0 million in the nine month period of fiscal 2016 as compared to \$51.4 million in the nine month period of fiscal 2015. Cost of sales, as a percentage of net product sales was 94.1% in the nine month period of fiscal 2016 as compared to 89.8% in the nine month period of fiscal 2015. The decrease in absolute terms for the nine month period of fiscal 2016 as compared to the nine month period of fiscal 2015 was primarily related to the reduced net product sales partially offset by higher year-over-year gross cost of sales as a percentage of gross sales. Additionally, the nine month period of fiscal 2015 included a \$0.7 million reversal of reserves no longer required.

The Company purchases the products it sells from a limited number of factory suppliers. For the third quarter of fiscal 2016 and fiscal 2015, the Company purchased 87% and 88%, respectively, from its two largest suppliers. For the nine month period of fiscal 2016 and fiscal 2015, the Company purchased 94% and 89%, respectively, from its two largest suppliers.

Other Operating Costs and Expenses — Other operating costs and expenses as a percentage of net product sales were 0.8% for the third quarter of fiscal 2016 as compared to 0.6% for the third quarter of fiscal 2015. In absolute terms, other operating costs and expenses remained the same at \$0.1 million for the third quarter of fiscal 2016 and the third quarter of fiscal 2015. For the nine month period of fiscal 2016, other operating costs were 0.9% of net revenues as compared to 1.0% of net revenues for the nine month period of fiscal 2015. In absolute terms, other operating costs and expenses decreased \$0.3 million, or 46.3%, to \$0.3 million for the nine month period of fiscal 2016 as compared to \$0.6 million for the nine month period of fiscal 2015 resulting from lower returns processing costs.

Selling, General and Administrative Expenses ("S,G&A") — S,G&A, as a percentage of net revenues, was 18.1% in the third quarter of fiscal 2016 as compared to 8.0% in the third quarter of fiscal 2015. S,G&A, in absolute terms, was \$1.6 million in the third quarter of fiscal 2016 as compared to \$1.8 million in the third quarter of fiscal 2015, a decrease of \$0.2 million or 10.2%. For the nine month period of fiscal 2016, S,G&A was 16.1% of net revenues as compared to 10.4% for the nine month period of fiscal 2015. In absolute terms, S,G&A decreased \$0.5 million, or 7.9%, to \$6.1 million for the nine month period of fiscal 2016 as compared to \$6.6 million in the nine month period of fiscal 2015.

Analysis of S,G&A

Edgar Filing: EMERSON RADIO CORP - Form 10-Q

The third quarter of fiscal 2016 S,G&A included approximately \$0.1 million in legal and advisory fees pertaining to work performed for the Special Committee of the Company's Board of Directors.

The third quarter of fiscal 2015 S,G&A included approximately \$0.2 million in legal and advisory fees pertaining to work performed for the Special Committee of the Company's Board of Directors.

Excluding the aforementioned items, third quarter fiscal 2016 and third quarter fiscal 2015 S,G&A was \$1.6 million.

The nine month period of fiscal 2016 S,G&A included approximately \$0.2 million in legal and advisory fees pertaining to work performed for the Special Committee of the Company's Board of Directors and approximately \$0.5 million in tax advisory fees related to the audit of the Company's tax returns by the IRS, as mentioned elsewhere within this Quarterly Report on Form 10-Q.

The nine month period of fiscal 2015 S,G&A included approximately \$1.4 million in legal and advisory fees pertaining to work performed for the Special Committee of the Company's Board of Directors and approximately \$0.1 million in tax advisory fees related to the audit of the Company's tax returns by the IRS, as mentioned elsewhere within this Quarterly Report on Form 10-Q.

Excluding the aforementioned items, the nine month period of fiscal 2016 S,G&A was \$5.4 million and the nine month period of fiscal 2015 S,G&A was \$5.1 million, an increase of \$0.3 million, or 5.9%, primarily due to higher year-over-year personnel and corporate costs.

Interest income (expense), net — Interest income, net, was \$43,000 in the third quarter of fiscal 2016 as compared to \$42,000 in the third quarter of fiscal 2015, an increase of \$1,000. Interest income, net, was \$121,000 in the nine month period of fiscal 2016 as compared to \$151,000 in the nine month period of fiscal 2015, a decrease of \$30,000. The decrease in interest income for the nine month period was due to a reduction of investments in Certificates of Deposit.

Provision (benefit) for Income Taxes — In the third quarter and nine month period of fiscal 2016, the Company recorded income tax expense of \$59,000 and an income tax benefit of \$12,000, respectively, as compared to income tax expense of \$882,000 and \$1.1 million, respectively, in the third quarter and nine month period of fiscal 2015.

Net (loss) income — As a result of the foregoing factors, the Company realized a net loss of \$0.1 million in the third quarter of fiscal 2016 as compared to net income of \$2.9 million in the third quarter of fiscal 2015. For the nine month period of fiscal 2016, the Company realized a net loss of \$0.7 million as compared to net income of \$3.6 million in the nine month period of fiscal 2015.

Liquidity and Capital Resources

General

As of December 31, 2015, the Company had cash and cash equivalents of approximately \$27.6 million, as compared to approximately \$24.2 million at December 31, 2014. Working capital decreased to \$57.2 million at December 31, 2015 as compared to \$58.9 million at December 31, 2014. The increase in cash and cash equivalents of approximately \$3.4 million was due to a decrease in accounts receivable of \$6.5 million, a decrease in royalty receivables of \$1.9 million, a decrease in prepaid purchases of \$1.4 million, a decrease in prepaid expenses of \$1.2 million, an increase in income taxes payable of \$0.6 million, a decrease in deferred tax assets of \$0.5 million partially offset by an increase in short term investments of \$5.1 million, a net loss generated during the prior 12 months of \$2.3 million, a decrease in accounts payable and other current liabilities of \$1.2 million and an increase in inventory of \$0.2 million.

Cash flow provided by operating activities was \$4.2 million for the nine months ended December 31, 2015, resulting from a decrease in royalty receivable, a decrease in accounts receivable, a decrease in prepaid purchases, a decrease in deferred tax assets and a decrease in prepaid expenses and other current assets partially offset by a decrease in asset allowances, reserves and other, the net loss generated during the period, a decrease in accounts payable and other current liabilities and a decrease in income taxes payable.

Net cash used by investing activities was \$20.1 million for the nine months ended December 31, 2015, due to investments made in short term certificates of deposit.

Net cash used by financing activities was nil for the nine months ended December 31, 2015.

Other Events and Circumstances Pertaining to Liquidity

Income Tax Issues Concerning Overseas Income

On April 15, 2013 and June 5, 2013, the Company received correspondence from the Internal Revenue Service (“IRS”) pertaining to the Company’s fiscal 2010 and fiscal 2011 periods, including a (i) Form 5701 and Form 886-A regarding Adjusted Sales Income (collectively referred to as “NOPA 1”) and (ii) Form 5701 and Form 886-A regarding Adjusted Subpart F-Foreign Base Company Sales Income (“FBCSI”) (collectively referred to as “NOPA 2”), which challenged certain tax positions of the Company with respect to the Company’s controlled foreign corporation in Macao (the “Macao CFC”).

Although the Company continues to dispute the assessments made by the IRS as set forth in each of NOPA 1 and NOPA 2, in June 2015, following a formal IRS Appeal, the Company and the IRS agreed to settle on the following terms: (1) that the IRS would not pursue the aforementioned NOPA 1 and NOPA 2 income assessments pertaining to fiscal 2010 and fiscal 2011 provided that the Company agreed to treat 30% of the Macao CFC’s income as taxable Subpart F income in the U.S. for fiscal 2010 and fiscal 2011, and (2) that the IRS would impose no penalties for fiscal 2010 and fiscal 2011 (collectively, the “Settlement Agreement”). Based on discussions between the Company, its advisors and the IRS, the Company believes that the IRS intends to apply the Settlement

Agreement's calculation reached for the Company's fiscal 2010 and fiscal 2011 periods to the Company's fiscal 2012 and fiscal 2013 periods.

Based on the foregoing, the Company estimates that it is subject to additional federal and state income taxes for fiscal 2010 through fiscal 2013 of approximately \$3.0 million. Of this amount, approximately \$1.6 million was recorded as income tax expense in the fourth quarter of fiscal 2015, \$0.5 million was recorded as income tax expense in the fourth quarter of fiscal 2014 and \$0.9 million was recorded as income tax expense in the fourth quarter of fiscal 2013.

With respect to fiscal 2014, fiscal 2015 and the first nine months of fiscal 2016, there is some uncertainty as to what the ultimate tax treatment will be of a service fee regularly paid by the Company to the Macao CFC (the "Service Fee"). Therefore, an uncertain tax position under the requirements of ASC 740-10 "Income Tax Accounting" exists, and the Company has recorded an income tax liability of approximately \$0.6 million to its December 31, 2015 financial statements, approximately \$0.1 million of which was recorded as income tax expense during the first nine months of fiscal 2016, approximately \$0.1 million of which was recorded as income tax expense in the fourth quarter of fiscal 2015 and approximately \$0.4 million of which was recorded income tax expense in the third quarter of fiscal 2015, representing the maximum amount of income taxes, penalties and interest that the Company estimates it could owe for fiscal 2014, fiscal 2015 and the first nine months of fiscal 2016 if the Service Fee is determined to be taxable to the Company as FBCSI under the Internal Revenue Code.

Potential Income Tax Issues Concerning the Extraordinary Dividend Paid by the Company in March 2010

On March 2, 2010, the Board declared an extraordinary dividend of \$1.10 per common share which was paid on March 24, 2010. In connection with the Company's determination as to the taxability of the dividend, the Board relied upon information and research provided to it by the Company's tax advisors and, in reliance on the "stock-for-debt" exception in the Internal Revenue Code Sections 108(e)(8) and (e)(10), concluded that 4.9% of such dividend paid was taxable to the recipients.

In August 2012, the Company received a Form 886-A from the IRS which challenges the Company's conclusions and determines that the Company does not qualify for the above-referenced exception. Accordingly, the IRS has concluded that 100% of the dividend paid was taxable to the recipients. The Company is defending its position and calculations and is contesting the position asserted by the IRS. The Company prepared and, on October 25, 2012, delivered its rebuttal to the IRS contesting the IRS determination. There can be no assurance that the Company will be successful in defending its position.

In the event that the Company is not successful in establishing with the IRS that the Company's calculations were correct, then the shareholders who received the dividend likely will be subject to and liable for an assessment of additional taxes due. Moreover, the Company may be contingently liable for taxes due by certain of its shareholders resulting from the dividend paid by the Company.

Initially, the Company withheld from the dividend paid to foreign shareholders an amount equal to the tax liability associated with such dividend. On April 7, 2010, upon a request made to the Company by its foreign controlling shareholder, S&T, the Company entered into an agreement with S&T (the "Agreement"), whereby the Company returned to S&T on April 7, 2010 that portion of the funds withheld for taxes from the dividend paid on March 24, 2010 to S&T, which the Company believed was not subject to U.S. tax based on the Company's good-faith estimate of its accumulated earnings and profits at that time. The Agreement includes provisions pursuant to which S&T agreed to indemnify the Company for any liability imposed on it as a result of the Company's agreement not to withhold such funds for S&T's possible tax liability and a pledge of stock as collateral. The Company continues to assert that such dividend is largely not subject to U.S. tax based on the Company's good-faith estimate of its accumulated earnings and profits. In addition, the Company also continues to assert that this transaction results in an off-balance sheet

arrangement and a possible contingent tax liability of the Company, which, if recognized, would be offset by the calling by the Company on S&T of the indemnification provisions of the Agreement.

In February 2011, upon the request of S&T to the Company, the Company and S&T agreed that the collateral pledged as a part of the Agreement would no longer be required and such collateral was returned by the Company to S&T in March 2011 and the Agreement was amended and restated to remove the collateral requirement but retain the indemnification provisions. The Agreement, as amended (the "Amended Agreement"), remains in effect as of today.

In September 2014, the Company, with S&T's consent, withheld \$0.5 million in cash, to be pledged as collateral against the Amended Agreement, from the dividend paid to S&T on September 30, 2014 along with such dividend paid on that date to all common stockholders. The Company holds, as of December 31, 2015, \$0.5 million in cash collateral from S&T against the Amended Agreement. In the event that (i) the Company is not successful in establishing with the IRS that the Company's calculations were correct and (ii) S&T is unable or unwilling to pay the additional taxes due or indemnify the Company under the terms of the Amended Agreement, the Company may be liable to pay such additional taxes, which, together with penalties and interest, are currently estimated by the Company to be approximately \$4.9 million as of December 31, 2015, \$0.5 million of which is collateralized in cash held by the Company as of December 31, 2015 as described above and which is classified by the Company as restricted cash on its balance sheet. Any such liability, should it be required to be recognized by the Company, would likely have a material adverse effect on the Company's results of operations in the period recognized. S&T is a subsidiary of Grande, which is currently in liquidation (as described above under "Controlling Shareholder"). Therefore, the ability of the Company to enforce its rights to indemnification under the Amended Agreement and to collect from S&T any additional taxes, interest and penalties due may be severely impaired.

Credit Arrangements

Letters of Credit – The Company has used Hang Seng Bank in the past to issue letters of credit on behalf of the Company, as needed, on a 100% cash collateralized basis, although no letter of credit agreement is in place between the Company and Hang Seng Bank or any financial institution. The last letter of credit placed with Hang Seng Bank on this basis was in May 2014. At December 31, 2015, the Company had no outstanding letters of credit. In the event that the Company does have outstanding letters of credit with Hang Seng Bank, a like amount of cash is posted by the Company as collateral against such outstanding letters of credit and is classified as Restricted Cash on the balance sheet.

Liquidity

For the three and nine months ended December 31, 2015, products representing approximately 40% and 55%, respectively, of net sales were imported directly to the Company's customers. The direct importation of product by the Company to its customers significantly benefits the Company's liquidity because this inventory does not need to be financed by the Company.

The Company's principal existing sources of cash are generated from operations. The Company believes that its existing cash balance and sources of cash will be sufficient to support existing operations over the next 12 months.

As described above, Emerson was informed in November 2015 by one of its key customers that, commencing with the Spring of 2016, this customer will discontinue retailing in its stores the Emerson-branded microwave oven and compact refrigeration products currently sold to this customer by the Company, and the Company continued shipping these products to this customer only through December 2016. In addition, as described above, the Company's license agreement with Funai was terminated by Funai effective on December 31, 2016. Both of these events will have a material impact on the Company's business, financial condition, results of operations and cash position. The Company is analyzing the impacts to its business of these events and is identifying strategic courses of action for consideration.

Recently Issued Accounting Pronouncements

There were no Accounting Standards Updates ("ASUs") issued by the Financial Accounting Standards Board during the three months ended December 31, 2015 which relate to or could relate to the Company as concerns the Company's normal ongoing operations or the industry in which the Company operates:

Accounting Standards Update 2015-17, Income Taxes (Topic 740) Balance Sheet Classification of Deferred Taxes
(Issued November 2015)

To simplify the presentation of deferred income taxes, the amendments in this Update require that deferred tax liabilities and assets be classified as noncurrent in a classified statement of financial position. The amendments in this Update apply to all entities that present a classified statement of financial position. The current requirement that deferred tax liabilities and assets of a tax-paying component of an entity be offset and presented as a single amount is not affected by the amendments in this Update. For public business entities, the amendments in this Update are effective for financial statements issued for annual periods beginning after December 15, 2016, and interim periods within those annual periods. Earlier application is permitted for all entities as of the beginning of an interim or annual reporting period. The amendments in this Update may be applied either prospectively to all deferred tax liabilities and assets or retrospectively to all periods presented. If an entity applies the guidance prospectively, the entity should disclose in the first interim and first annual period of change, the nature of and reason for the change in accounting principle and a statement that prior periods were not retrospectively adjusted. If an entity applies the guidance retrospectively, the entity should disclose in the first interim and first annual period of change the nature of and reason for the change in accounting principle and

quantitative information about the effects of the accounting change on prior periods. The Company intends to adopt these amendments retrospectively beginning with its March 31, 2016 financial statements.

Accounting Standards Update 2016-01, Financial Instruments – Overall (Subtopic 825-10) Recognition and Measurement of Financial Assets and Liabilities (Issued January 2016)

The amendments in this Update make targeted improvements to generally accepted accounting principles (GAAP) as follows:

1. Require equity investments (except those accounted for under the equity method of accounting or those that result in consolidation of the investee) to be measured at fair value with changes in fair value recognized in net income. However, an entity may choose to measure equity investments that do not have readily determinable fair values at cost minus impairment, if any, plus or minus changes resulting from observable price changes in orderly transactions for the identical or a similar investment of the same issuer.
2. Simplify the impairment assessment of equity investments without readily determinable fair values by requiring a qualitative assessment to identify impairment. When a qualitative assessment indicates that impairment exists, an entity is required to measure the investment at fair value.
3. Eliminate the requirement to disclose the fair value of financial instruments measured at amortized cost for entities that are not public business entities.
4. Eliminate the requirement for public business entities to disclose the method(s) and significant assumptions used to estimate the fair value that is required to be disclosed for financial instruments measured at amortized cost on the balance sheet.
5. Require public business entities to use the exit price notion when measuring the fair value of financial instruments for disclosure purposes.
6. Require an entity to present separately in other comprehensive income the portion of the total change in the fair value of a liability resulting from a change in the instrument-specific credit risk when the entity has elected to measure the liability at fair value in accordance with the fair value option for financial instruments.
7. Require separate presentation of financial assets and financial liabilities by measurement category and form of financial asset (that is, securities or loans and receivables) on the balance sheet or the accompanying notes to the financial statements.
8. Clarify that an entity should evaluate the need for a valuation allowance on a deferred tax asset related to available-for-sale securities in combination with the entity's other deferred tax assets.

For public business entities, the amendments in this Update are effective for fiscal years beginning after December 15, 2017, including interim periods within those fiscal years. The Company does not expect these amendments to have a material effect on its financial statements.

Inflation, Foreign Currency, and Interest Rates

The Company's exposure to currency fluctuations has been minimized by the use of U.S. dollar denominated purchase orders. The Company purchases virtually all of its products from manufacturers located in China.

Item 3. Quantitative and Qualitative Disclosures About Market Risk.

Not applicable.

Item 4. Controls and Procedures.

(a) Disclosure controls and procedures

The Company maintains disclosure controls and procedures (as such term is defined in Rules 13a-15(e) and 15d — 15(e) under the Securities Exchange Act of 1934, as amended (the “Exchange Act”)) that are designed to ensure that information required to be disclosed in its Exchange Act reports is recorded, processed, summarized and reported within the time periods specified in the Securities and Exchange Commission’s rules and forms, and that such information is accumulated and communicated to management, including the Company’s principal executive officer and principal financial officer, as appropriate, to allow timely decisions regarding required disclosure. Due to the inherent limitations of control systems, not all misstatements may be detected. These inherent limitations include the realities that judgments in decision-making can be faulty and that breakdowns can occur because of a simple error or mistake. Additionally, controls can be circumvented by the individual acts of some persons; by collusion of two or more people, or by management override of the control. Our controls and procedures can only provide reasonable, not absolute, assurance that the above objectives have been met.

The Company’s management concluded that disclosure controls and procedures (as such term is defined in Rules 13a-15(e) and 15d-15(e) under the Exchange Act), as of December 31, 2015, are effective to provide reasonable assurance that information required to be disclosed in the reports that the Company files or submits under the Exchange Act is recorded, processed, summarized and reported, within the time periods specified in the Securities and Exchange Commission’s rules and forms and that such information is accumulated and communicated to management, including the Company’s principal executive officer and principal financial officer, as appropriate, to allow timely decisions regarding required disclosure.

(b) Changes in Internal Controls Over Financial Reporting

There have been no changes in the Company’s internal control over financial reporting that occurred during the fiscal quarter ended December 31, 2015 that have materially affected, or are reasonably likely to materially affect, the Company’s internal control over financial reporting.

PART II — OTHER INFORMATION

Item 1. Legal Proceedings.

The Company is not currently a party to any legal proceedings other than litigation matters, in most cases involving ordinary and routine claims incidental to its business. Management cannot estimate with certainty the Company's ultimate legal and financial liability with respect to such pending litigation matters. However, management believes, based on its examination of such matters, that the Company's ultimate liability will not have a material adverse effect on the Company's financial position, results of operations or cash flows.

Item 1A. Risk Factors.

Except as set forth below, there were no material changes in any risk factors previously disclosed in the Company's Annual Report on Form 10-K filed with the Securities and Exchange Commission on July 14, 2015.

The failure to obtain new licensees or distribution relationships to replace the Funai license agreement could materially and adversely affect the Company's revenues, earnings and business.

The Company's key licensee, Funai, provided written notice to terminate its license agreement with the Company effective December 31, 2016. For the nine month period of fiscal 2016, Funai accounted for approximately 80% of the Company's total licensing revenue. Funai also contributes substantial product volume and market presence through Funai's manufacture and distribution of products utilizing the Emerson® brand name in the United States. The failure to obtain new licensees to replace Funai on satisfactory terms, or at all, would materially and adversely affect the Company's licensing revenues and earnings. In addition, since the Funai license provides a substantial contribution to and enhancement of the Emerson® brand name in the U.S. marketplace, the failure by the Company to find a new licensee to replace Funai on terms satisfactory to the Company, or at all, would also materially and adversely affect the value of the Emerson brand and Company's ability to sell its housewares and audio products.

The loss or significant reduction in business with either of the Company's key customers, Target and Wal-Mart, would materially and adversely affect the Company's revenues and earnings.

The Company is highly dependent upon sales of its products to Target and Wal-Mart. For the fiscal years ended March 31, 2015 and 2014, Target accounted for approximately 51% and 58%, respectively, of the Company's net revenues, and Wal-Mart accounted for approximately 28% and 22% of the Company's net revenues, respectively. No other customer accounted for more than 10% of the Company's net revenues during these periods. All customer purchases are made through purchase orders and the Company does not have any long-term contracts with its customers. The complete loss of, or significant reduction in business from, or a material adverse change in the

financial condition of, Target or Wal-Mart would cause a material and adverse change in the Company's revenues and operating results.

For example, one of these two key customers informed Emerson in November 2015 that, commencing with the Spring of 2016, this customer will discontinue retailing in its stores the Emerson-branded microwave oven and compact refrigeration products currently sold to this customer by the Company and the Company continued shipping these products to this customer only through December 2016. During fiscal 2015, the nine month period of fiscal 2016 and the third quarter of fiscal 2016, net sales of these products by the Company to this customer were approximately \$39.5 million, \$19.2 million and \$2.7 million, respectively, comprising approximately 57.3%, 56.4% and 33.6% of the Company's total net product sales. The Company anticipates that net product sales for the remainder of fiscal 2016 will be negatively impacted by this event and that the first full year impact of this event will be realized by the Company in fiscal 2017, which begins on April 1, 2016. The loss of the net sales will have a material adverse effect on the Company's business and results of operations. There can be no assurance that the Company will be able to increase sales to other customers at levels sufficient to offset the adverse impact of the loss of these products to this customer, if at all.

The Company is dependent on a limited number of products for its sales.

The Company derives a substantial portion of its product sales from a limited number of products, and expects these products to continue to account for a large percentage of the Company's sales in the near term. For the nine month period of fiscal 2016, the Company's gross product sales were comprised of four product types within two categories — housewares products and audio products, and two of these product types, namely microwave ovens and compact refrigerators — both within the housewares category — generated approximately 93% of the Company's gross product sales, with microwave ovens generating approximately 52% of the total and compact refrigerators generating approximately 41% of the total. Because the market for these product types and categories

is characterized by periodic new product introductions, the Company's future financial performance will depend, in part, on the successful and timely development and customer acceptance of new and enhanced versions of these product types and other products distributed by the Company. There can be no assurance that the Company will continue to be successful in marketing these products types within these categories or any other new or enhanced products. As a result of this dependence, a significant decline in pricing of, or market acceptance of these product types and categories, either in general or specifically as marketed by the Company, would have a material adverse effect on the Company's business, financial condition and results of operation.

The loss or reduction of business of one or a combination of the Company's microwave oven and compact refrigerator products could materially adversely affect the Company's revenues, financial condition and results of operations.

If the Company's third party sales representatives fail to adequately promote, market and sell the Company's products, the Company's revenues could significantly decrease.

A significant portion of the Company's product sales are made through third party sales representative organizations, whose members are not employees of the Company. The Company's level of sales depends on the effectiveness of these organizations, as well as the effectiveness of its own employees. Some of these third party representatives may sell (and do sell), with the Company's permission, competitive products of third parties as well as the Company's products. During the nine month period of fiscal 2016, the fiscal year ended March 31, 2015 and the fiscal year ended March 31, 2014, these organizations were responsible for approximately 62%, 61% and 64%, respectively, of the Company's net revenues during such periods. In addition, one of these representative organizations was responsible for a significant portion of these revenues. If any of the Company's third party sales representative organizations engaged by the Company, especially the Company's largest, fails to adequately promote, market and sell its products, the Company's revenues could be significantly decreased until a replacement organization or distributor could be retained by the Company. For example, despite the efforts of the Company's third party sales representative organization, one of the Company's key customers decided that, commencing with the Spring of 2016, this customer will discontinue retailing in its stores the Emerson-branded microwave oven and compact refrigeration products currently sold to this customer by the Company and the Company continued shipping these products to this customer only through December 2016. The loss of these product sales will have a material adverse effect on the Company's business and results of operations. Finding replacement organizations and distributors could be a time consuming process during which the Company's revenues could be negatively impacted.

Item 2. Unregistered Sales of Equity Securities and Use of Proceeds.

None

Item 3. Defaults Upon Senior Securities.
