Item 2.05 Costs Associated with Exit or Disposal Activities

On June 11, 2013, CTS Corporation, an Indiana Corporation (the “Company”), issued a press release announcing a restructuring to improve capacity utilization and operating profit. The Company will simplify its global footprint by consolidating manufacturing facilities into existing locations. A copy of the press release is attached as Exhibit 99.1 hereto and is incorporated herein by reference.

Item 8.01 Other Events.

On June 11, 2013, the Board of Directors of the Company authorized a program for the repurchase of up to one million of the Company’s outstanding common shares, in the open market or in privately negotiated transactions. The one million shares represent approximately three percent of the Company’s 33.6 million outstanding common shares. This repurchase authorization will replace the Company’s current stock buyback authorization after the remaining 318,100 shares available under the current program are repurchased. The purchases will be made from generally available funds of the Company. The amount, timing and price of purchases will depend on market conditions and other factors.
