Trustees and Participants
Community Trust Bancorp, Inc. Savings Plan
Pikeville, Kentucky

We have audited the accompanying statements of net assets available for benefits of the Community Trust Bancorp, Inc. Savings Plan (Plan) as of December 31, 2010 and 2009, and the related statements of changes in net assets available for benefits for the years then ended. These financial statements are the responsibility of the Plan's management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with auditing standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of the Plan as of December 31, 2010 and 2009, and the changes in its net assets available for benefits for the years then ended in conformity with accounting principles generally accepted in the United States of America.

The accompanying supplemental schedule of assets (held at year-end) and schedule of reportable transactions are presented for the purpose of additional analysis and are not a required part of the basic financial statements, but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. These supplemental schedules are the responsibility of the Plan's management. The supplemental schedules have been subjected to the auditing procedures applied in the audits of the basic financial statements and, in our opinion, are fairly stated, in all material respects, in relation to the basic financial statements taken as a whole.

Savings Plan

Notes to Financial Statements

As of December 31, 2010 and 2009
and For the Years Ended December 31, 2010 and 2009

1. Description of Plan

The following description of the Community Trust Bancorp, Inc. Savings Plan (the “Plan”) is provided for general information purposes only. Participants should refer to the Plan Document and Summary (401k) Plan Description for more complete information, which are available from the Plan Administrator.

General

The Plan is a defined contribution plan covering substantially all employees of Community Trust Bancorp, Inc. (“CTBI”) and all participating subsidiaries, which include Community Trust Bank, Inc. and Community Trust and Investment Company (“CTIC”). All amounts contributed to the Plan are held by the trustee, CTIC. The Plan is subject to certain provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Eligibility

An employee becomes eligible to participate in the Plan on the entry date following the attainment of age twenty-one and completion of twelve consecutive months of employment in which the employee has at least 1,000 hours service.

Contributions

A participant may elect to make voluntary contributions, through payroll deductions, to the Plan as deferred compensation contributions. For 2010 and 2009, the maximum amount of voluntary contributions was \$16,500. Participants over the age of 50 may also make a catch-up contribution of \$5,500 to the Plan. During 2010 and 2009, CTBI made matching contributions equal to 50% of the first 8% of each participant’s deferred compensation contributions for the plan year, up to a total of 4% of such participant’s compensation.

Participant Accounts

Each participant’s account is credited with employer discretionary contributions, employee deferred compensation contributions, and the related employer matching contribution. Earnings or losses on the investments are allocated in proportion to the participant’s interest therein.

Each participant is entitled to exercise voting rights attributable to the shares of CTBI common stock allocated to the participant’s account and is notified by the Retirement and Employee Benefits Committee prior to the time that such rights are to be exercised. The Retirement and Employee Benefits Committee is not permitted to vote any share for a participant. The trustee votes shares for which a participant has given no instructions.

Participant Investment Account Options

The Plan provides for the establishment of a variety of investment funds and a CTBI company stock fund. These investment funds are participant directed. Participants may transfer account balances between funds, subject to certain

limitations. CTBI has the sole discretion to determine or change the number and nature of investment funds.

Vesting

Vesting of an employee's interest is 100% in cases of normal retirement at age sixty-five, death or total disability. If a participant's employment ceases for any other reason, the full value of his account is payable to him if he has completed at least 1,000 hours or more of vesting service for three plan years. Otherwise, the participant is entitled to the full value of his deferral account less the value of the employer contributions. Forfeited employer contributions are allocated to the accounts of participants based on compensation.

Payment of Benefits

Distribution of funds as a result of retirement or termination from employment may be made either in a lump sum payment (including CTBI common stock if elected) or payments in cash or CTBI common stock made in equal annual installments over a period of 5 years.

Forfeited Accounts

At December 31, 2010 and 2009, forfeited non-vested accounts totaled \$7,347 and \$7,060, respectively. These accounts will be used to reallocate to participants in the same manner as employer contributions.

2. Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America.

Valuation of Investments and Income Recognition

Investments in securities traded on a national exchange are valued at the last reported sales price on the last business day of the period. Mutual funds are valued at the net asset value (NAV) of shares held by the Plan at year end. Dividend income is recorded on the ex-dividend date. Purchases and sales of securities are recognized on the trade date basis.

Market Risks and Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of net assets and changes in net assets and disclosure of contingent assets and liabilities at the dates of the financial statements. Actual results could differ from those estimates.

The Plan invests in various mutual funds and CTBI common stock. Investment securities, in general, are exposed to various risks, such as interest rates, credit, and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statement of net assets available for benefits.

Administrative Expenses

Administrative expenses of the Plan are paid by the Plan's Sponsor as provided in the Plan Document.

Payment of Benefits

Distributions to participants are recorded to the Plan when payments are made.

3. Investments

The fair values of individual investments that represent 5 percent or more of the Plan's net assets are as follows as of December 31, 2010 and 2009:

	2010	2009
CTBI common stock; 507,932 (2010) and 533,473 (2009) shares	\$14,709,711	\$13,043,415
Goldman Sachs FS Gov't MM FD #465; 3,799,970 (2010) and 3,995,068 (2009) shares	3,799,970	3,995,068
Vanguard Totl Bd Mkt ; 443,333 (2010) and 387,026 (2009) units	4,699,326	4,005,718
Vanguard Index Fund TR 500 Portfolio #40; 69,173 (2010) and 73,019 (2009) units	\$8,011,585	\$7,496,897

During 2010 and 2009 the Plan's investments (including gains and losses on investments bought and sold, as well as held during the year) appreciated (depreciated) in value by \$4,591,058 and (\$3,393,890) as follows:

	2010	2009
CTBI common stock	\$2,357,893	\$(6,230,849)
Mutual funds	2,233,165	2,836,959
Net appreciation (depreciation) in fair value of investments	\$4,591,058	\$(3,393,890)

4. Federal Income Tax Status

The Internal Revenue Service ruled on July 17, 2002 that the Plan qualifies under Section 401(a) of the Internal Revenue Code ("IRC") and, therefore, the related trust is exempt from taxation. Once qualified, the Plan is required to operate in conformity with the IRC to maintain its tax-exempt qualification. The Plan has been amended since receiving the initial Internal Revenue Service ruling. The most recent document was submitted and the IRS issued a favorable determination letter dated September 1, 2010. Accordingly, no provision for income taxes has been included in the Plan's financial statements. With a few exceptions, the Plan is no longer subject to U.S. federal, state and local or non-U.S. income tax examination by tax authorities for years before 2007.

5. Plan Termination

Although it has not expressed any intent to do so, CTBI has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of termination, participants will become fully vested in their accounts.

6. Exempt Party-In-Interest Transactions

Parties-in-interest are defined under Department of Labor regulations as any fiduciary of the Plan, any party rendering service to the Plan, the employer, and certain others. All amounts contributed to the Plan are held by the trustee, CTIC. Professional fees for the administration and audit of the Plan, investment of assets, and trustee services are paid by CTBI.

The Plan held the following party-in-interest investments (at fair value) at December 31:

	2010	2009
CTBI common stock	\$14,709,711	\$13,043,415

7. Terminated Participants

Included in net assets available for benefits are amounts allocated to individuals who have withdrawn from the Plan. Amounts allocated to these participants were approximately \$123,692 and \$93,320 at December 31, 2010 and 2009 respectively.

8. Fair Value of Plan Assets and Liabilities

ASC Topic 820, Fair Value Measurements, defines fair value, establishes a framework for measuring fair value in generally accepted accounting principles and expands disclosures about fair value measurements. ASC Topic 820 applies whenever other standards require (or permit) assets or liabilities to be measured at fair value but does not expand the use of fair value in any new circumstances. In this standard, the FASB clarifies the principle that fair value should be based on the assumptions market participants would use when pricing the asset or liability. In support of this principle, ASC Topic 820 specifies a fair value hierarchy that prioritizes the information used to develop those assumptions. The fair value hierarchy is as follows:

Level 1 Inputs – Quoted prices in active markets for identical assets or liabilities that the entity has the ability to access at the measurement date.

Level 2 Inputs - Inputs other than quoted prices included in Level 1 that are observable for the asset or liability, either directly or indirectly. These might include quoted prices for similar assets and liabilities in active markets, quoted prices in inactive markets, and inputs other than quoted prices that are observable for the asset or liability, such as interest rates and yield curves that are observable at commonly quoted intervals.

Level 3 Inputs - Unobservable inputs for determining the fair values of assets or liabilities that reflect an entity's own assumptions about the assumptions that market participants would use in pricing the assets or liabilities.

Following are descriptions of the valuations methodologies and inputs used for assets measured at fair value on a recurring basis and recognized in the accompanying statements of net assets available for benefits, as well as the general classification of such assets pursuant to the valuation hierarchy.

Investments

Where quoted market prices are available in an active market, securities are classified within Level 1 of the valuation hierarchy. Level 1 securities include Community Trust Bancorp, Inc. common stock, mutual funds, and money market mutual funds.

The following tables present the fair value measurements of assets recognized in the accompanying statements of net assets available for benefits measured at fair value on a recurring basis and the level within the ASC Topic 820, fair value hierarchy in which the fair value measurements fall at December 31, 2010 and December 31, 2009:

	Fair Value Measurements as of December 31, 2010 Using			
	Fair Value	Quoted Prices in Active	Significant Other Observable	Significant Unobservable Inputs

		Markets for Identical Assets (Level 1)	Inputs (Level 2)	(Level 3)
CTBI common stock	\$14,709,711	\$14,709,711	\$0	\$ 0
Fixed income bonds	5,498,581	5,498,581	0	0
Equity – Small Cap	1,053,611	1,053,611	0	0
Equity – Mid Cap	3,092,669	3,092,669	0	0
Equity – Large Cap	10,277,489	10,277,489	0	0
Equity – International	1,965,723	1,965,723	0	0
Money market funds	3,800,005	3,800,005	0	0
	\$40,397,789	\$40,397,789	\$0	\$ 0

	Fair Value Measurements as of December 31, 2009 Using			
	Fair Value	Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)
CTBI common stock	\$13,043,415	\$13,043,415	\$0	\$ 0
Fixed income bonds	4,614,170	4,614,170	0	0
Equity – Small Cap	756,650	756,650	0	0
Equity – Mid Cap	2,121,016	2,121,016	0	0
Equity – Large Cap	8,856,617	8,856,617	0	0
Equity – International	1,618,542	1,618,542	0	0
Money market funds	3,995,094	3,995,094	0	0
	\$35,005,504	\$35,005,504	\$0	\$ 0

For the years ended December 31, 2010 and 2009, realized and unrealized gains and losses included in net increase in net assets available for benefits for the period from January 1, 2009, through December 31, 2010, are reported in net appreciation (depreciation) in fair value of investments in the statements of changes in net assets available for benefits.

9. Significant Estimates and Concentrations

Current Economic Conditions

The current protracted economic decline continues to present employee benefit plans with difficult circumstances and challenges, which in some cases have resulted in large and unanticipated declines in the fair value of investments. The financial statements have been prepared using values and information currently available to the Plan.

Given the volatility of current economic conditions, the values of assets recorded in the financial statements could change rapidly, resulting in material future adjustments in investment values that could negatively impact the Plan.
