Item 2.05. Costs Associated with Exit or Disposal Activities.

As part of the Company's previously announced Project 30 cost reduction program, management of CoreLogic, Inc. (the "Company") implemented a plan to consolidate leased facility space in Westlake, Texas during the fourth quarter of 2011. In this regard, the Company exited and ceased use of two buildings on December 30, 2011.

On January 10, 2012, the Company's management determined that the consolidation of the facilities in Westlake would result in a pre-tax charge, which management currently estimates will be between approximately \$12 million and \$16 million for the year ended December 31, 2011. The charge is primarily comprised of the estimated fair value of the existing operating lease obligations for the vacated buildings, net of assumed sub-lease amounts or credits assumed to be received through the remainder of the lease terms, the last of which ends in 2017. The actual amounts of the facility-related charges are dependent upon the timing and terms we are able to negotiate on the sub-lease of these facilities. For purposes of our analysis, we have used our best estimate of the likely timing and terms of such sub-leases. These estimates are subject to change if the events and circumstances regarding our ability to sublease the facilities change. Further details of these actions will be provided in the Company's Annual Report on Form 10-K for the year ended December 31, 2011.

This Current Report on Form 8-K contains forward-looking statements within the meaning of federal securities law, including statements about our Westlake space consolidation, costs we expect to incur in connection with these actions and estimated charges. You should exercise caution in interpreting and relying on forward-looking statements because they involve known and unknown risks, uncertainties and other factors which are, in some cases, beyond our control. Such risks and uncertainties include, but are not limited to, accounting interpretations and analysis regarding the expected charges, our ability to sublease these vacated facilities, and other factors listed in Part I, Item 1A of our most recent Annual Report on Form 10-K for the year ended December 31, 2010, as updated by our Quarterly Reports on Form 10-Q. The forward-looking statements speak only as of the date they are made. The Company does not undertake to update forward-looking statements to reflect circumstances or events that occur after the date the forward-looking statements are made.
