Item 1.01 Entry into a Material Definitive Agreement.

On April 21, 2015, CoreLogic, Inc. (the “Company”), CoreLogic Australia Pty Limited (the “Australian Borrower” and, together with the Company, the “Borrowers”) entered into an amended and restated credit agreement (the “Credit Agreement”) among the Company, the Australian Borrower, the lenders party thereto (the “Lenders”), the other parties thereto and Bank of America, N.A. (the “Administrative Agent”). The Credit Agreement provides for a \$850.0 million five-year term loan facility (the “Term Facility”) and a \$550.0 million five-year revolving credit facility (which includes a \$100.0 million multicurrency revolving sub-facility and a \$50.0 million letter of credit sub-facility) (the “Revolving Facility” and, together with the Term Facility, the “Facilities”). The Credit Agreement also provides for the ability to increase the Term Facility and/or Revolving Facility by up to \$750.0 million in the aggregate.

Loans under the Credit Agreement will bear interest, at the election of the Company, at (i) the Alternate Base Rate (defined as the greatest of (a) Bank of America’s “prime rate”, (b) the Federal Funds effective rate plus 1/2% and (c) the reserve adjusted London interbank offering rate for a one month Eurocurrency borrowing plus 1%) plus the Applicable Rate (as defined in the Credit Agreement) or (ii) the London interbank offering rate for Eurocurrency borrowings, adjusted for statutory reserves (the “Adjusted Eurocurrency Rate”) plus the Applicable Rate. The initial Applicable Rate for Alternate Base Rate borrowings is 0.75% and for Adjusted Eurocurrency Rate borrowings is 1.75%. Starting with the next full fiscal quarter, the Applicable Rate will vary depending upon the Company’s leverage ratio. The minimum Applicable Rate for Alternate Base Rate borrowings will be 0.25% and the maximum will be 1.00%. The minimum Applicable Rate for Adjusted Eurocurrency Rate borrowings will be 1.25% and the maximum will be 2.00%. The Credit Agreement also requires the Company to pay a commitment fee for the unused portion of the Revolving Facility, which will be a minimum of 0.25% and a maximum of 0.40%, depending on the Company’s leverage ratio.

The Credit Agreement provides that loans under the Term Facility shall be repaid in equal quarterly installments, commencing on the last day of the next full fiscal quarter and continuing on each three-month anniversary thereafter in an amount equal to \$10.625 million for the first eight quarterly payments, in an amount equal to \$21.250 million for the next four quarterly payments and in an amount equal to \$31.875 million for each quarterly payment thereafter. The outstanding balance of the term loan will be due on April 21, 2020. The Term Facility is also subject to prepayment from (i) the Net Cash Proceeds (as defined in the Credit Agreement) of certain debt incurred or issued by the Borrowers and the Guarantors and (ii) the Net Cash Proceeds received by the Borrowers or the Guarantors from certain asset sales and recovery events, subject to certain reinvestment rights.

The Credit Agreement contains the following financial maintenance covenants: (i) a maximum total leverage ratio as of the last date of any fiscal quarter not to exceed 4.50:1.00; provided that such total leverage ratio shall step down to (x) 4.25:1.00 starting with the fiscal quarter ending on June 30, 2016, (y) 4.00:1.00 starting with the fiscal quarter ending on June 30, 2017 and (z) 3.50:1.00 starting with the fiscal quarter ending on June 30, 2018; and provided further that if the Company completes a Qualified Transaction (as defined in the Credit Agreement), the total leverage ratio will step up by 0.25 basis points commencing in the fiscal quarter in which such Qualified Acquisition occurs and thereafter the total leverage ratio will step down by 0.25 basis points starting with the fiscal quarter ending June 30, 2019; and (ii) a minimum interest coverage ratio for the four-fiscal quarter period ending on the last day of any fiscal quarter of at least 3.00:1.00.

The obligations under the Credit Agreement are senior secured obligations of the Company and certain of the Company’s existing and future direct and indirect subsidiaries (the “Guarantors”), secured by a lien over substantially all of the personal property assets of the Company and the Guarantors and mortgages or deeds of trust over real property of the Company and the Guarantors with a fair market value of \$10.0 million or more (collectively, the “Collateral”) and rank effectively senior in right of payment to any unsecured indebtedness of the Company and the Guarantors to the

extent of the value of the Collateral.

The Credit Agreement also contains restrictive covenants that limit, among other things, the ability of the Company and its subsidiaries to incur additional indebtedness or issue certain preferred equity, pay dividends or make other distributions or other restricted payments, make certain investments, create restrictions on distributions from subsidiaries, enter into sale leaseback transactions, amend the terms of certain other indebtedness, create liens on certain assets to secure debt, sell certain assets, consolidate, merge, sell or otherwise dispose of all or substantially all of its assets and enter into certain transactions with affiliates. The Credit Agreement also contains customary events of default, including upon the failure to make timely payments under the Facilities or other material indebtedness, the failure to satisfy certain covenants, the occurrence of a change of control and specified events of bankruptcy and insolvency.

Item 2.03 Creation of a Direct Financial Obligation or an Obligation under an Off-Balance Sheet Arrangement of a Registrant.
