Item 5. Other Events

The information included in this Form 8-K affects only disclosures related to segment results, and does not in any way restate or revise the financial position, results of operations or cash flows in any reported Statement of Financial Position, Statement of Earnings, Statement of Changes in Shareowner's Equity or Statement of Cash Flows of General Electric Capital Corporation (GECC) and consolidated affiliates.

As described in our Annual Report on Form 10-K for the year ended December 31, 2003, filed with the SEC on March 2, 2004 and amended by Amendment No. 1 on Form 10-K/A, which was filed with the SEC on March 5, 2004 (as amended, the "2003 Form 10-K"), we reorganized our businesses on January 1, 2004. As a result of reorganizing our businesses around markets and customers, we reduced our number of reporting segments from 5 to 4. We believe this simplified organization will help us achieve lower costs of operations in platforms that will accommodate our future growth. Our 4 reporting segments as of January 1, 2004 were as follows:

Commercial Finance	the combination of Commercial Finance and the Fleet Services business that was previously part of Equipment Management
Consumer Finance	remains unchanged
Equipment & Other Services	the combination of the Equipment Management (excluding Fleet Services) and the All Other GECS segments
Insurance	remains unchanged

More detailed business descriptions are presented in the exhibits referred to below.

As required by Statement of Financial Accounting Standards No. 131, consolidated financial statements issued by GECC in the future will reflect modifications to our reportable segments resulting from these organizational changes, including reclassification of all comparative prior period segment information. Accordingly, in this Form 8-K, we are providing the required reclassified information about this reorganization as it relates to prior periods.

The attached exhibits provide two views of the reclassifications resulting from the organizational changes. Exhibits 99(a) reclassified and 99(b) set out the portions of the 2003 Form 10-K that are most affected by these changes, while exhibit 99(c) sets out 2003 and 2002 unaudited segment data by quarter. Exhibit 99(d) contains the complete Management's Discussion and Analysis and consolidated financial statements from the 2003 Form 10-K for which the segment information has been reclassified to conform to the new segment presentation. These financial statements, conformed for the changes, are our historical financial statements.
