Item 5. Other Events

Edgar Filing: NORFOLK SOUTHERN CORP - Form 8-K

On May 13, 2004, Norfolk Southern Corporation entered into an agreement to purchase, effective June 1, 2004, a 40.5 percent membership interest in a limited liability company ("LLC") that owns and operates facilities that produce synthetic fuel from coal. The investment will be funded from cash generated from operations. The members of the LLC will be entitled to tax credits under the Internal Revenue Code for synthetic fuel produced at the facilities through 2007. The LLC has received a private letter ruling from the Internal Revenue Service confirming that the owners of the facilities may claim tax credits on synthetic fuel produced at the facilities.

The investment will be reported in the income statement as an expense in "Other income - net." Income taxes will be reduced to reflect the credits allowable under Section 29 of the Internal Revenue Code, and it is projected that the effective tax rate will be reduced below 30 percent for the year 2004. As a net result of the reductions in Other income - net and Income taxes, the Corporation expects that the investment will increase net income by approximately \$10 million in 2004.

Pursuant to the requirements of the Securities and Exchange Act of 1934, the Registrant has caused this report to be signed on its behalf by the undersigned thereunto duly authorized.
