On December 30, 2015, as part of the previously announced program to reduce our existing cost base by \$850 million annually, and consistent with prior restructuring actions to keep pace with changes in the industry, EMC Corporation management approved a restructuring plan. The plan consists of a reduction in force which will be substantially completed by the end of the first quarter of 2016 and fully completed by the end of 2016. The total charge resulting from this plan is expected to be approximately \$250 million, with total cash payments associated with the plan expected to be \$220 million.
