Item 1.01. Entry into a Material Definitive Agreement.

License Agreement

On July 27, 2017, CytRx Corporation ("CytRx," "we," "us," "our" or the "company") entered into a global strategic license agreement (the "License Agreement") with NantCell, Inc. ("NantCell"), for providing NantCell the exclusive rights to develop and commercialize aldoxorubicin for all indications. Under the terms of the License Agreement, CytRx is entitled to receive up to \$343 million in milestone payments related to regulatory approvals and commercial milestones for aldoxorubicin. In addition, CytRx will receive increasing double-digit royalties for sales of aldoxorubicin for the treatment of soft tissue sarcomas and mid to high single-digit royalties for all other indications.

Stock Purchase Agreement

In connection with the License Agreement, on July 27, 2017, CytRx entered into a stock purchase agreement (the "Stock Purchase Agreement") with NantCell in which NantCell purchased \$13 million of CytRx common stock at \$1.10 per share (the "Shares"), representing approximately a 92% premium to the closing market price of CytRx common stock on July 27, 2017. The Stock Purchase Agreement contains customary representations, warranties and agreements of us and NantCell, and provides customary registration rights to NantCell. We and NantCell also agree to indemnify each other against certain liabilities. NantCell is subject to customary standstill provisions and a lock-up period from July 27, 2017 until the earlier of (i) the one year anniversary of the date of the Stock Purchase Agreement and (ii) the time of acceptance by the United States Food and Drug Administration for filing by NantCell or its sublicensee under the License Agreement of a new drug application on a Licensed Product (as such term is defined under the License Agreement) filed pursuant to Section 505(b)(1) or 505(b)(2) of the Food Drug and Cosmetic Act. The issuance of shares of the Company's common stock to NantCell under the Stock Purchase Agreement is exempt from registration under the Securities Act of 1933, pursuant to the exemption for transactions by an issuer not involving any public offering under Section 4(a)(2) of the Securities Act. We are relying on the Investment Representations made by NantCell in Section 4.7 of the Stock Purchase Agreement in connection with this exemption. No underwriting discounts or commissions were provided in connection with the Stock Purchase Agreement.

Warrant

In connection with the License Agreement and the Stock Purchase Agreement, on July 27, 2017, CytRx issued NantCell a warrant to purchase up to 3 million shares of common stock at \$1.10, expiring on January 27, 2019 (the "Warrant," and collectively with the Stock Purchase Agreement and the License Agreement, the "License Transaction"). NantCell may exercise the Warrant in whole, or in part, but not for less than 500,000 Shares. NantCell, at its option, may exercise the Warrant, in whole or in part, by means of a "cashless exercise." All Shares issued upon exercise of the Warrant are subject to Section 5.1, "Lock-Up Period," of the Stock Purchase Agreement. The issuance of any shares of the Company's common stock to NantCell under the Warrant is exempt from registration under the Securities Act of 1933, pursuant to the exemption for transactions by an issuer not involving any public offering under Section 4(a)(2) of the Securities Act. We are relying on the Investment Representations made by NantCell in Section 4.7 of the Stock Purchase Agreement in connection with this exemption. No underwriting discounts or commissions were provided in connection with the Warrant.

Amendment of Loan and Security Agreement

On July 28, 2017, we entered into a First Amendment to Loan and Security Agreement (the "Amendment") with Hercules Capital, Inc. (formerly known as Hercules Technology Growth Capital, Inc.), as administrative agent and collateral agent for itself and the lenders named therein, amending our existing long-term loan facility (the "Loan Agreement") originally entered into on February 5, 2016. The Amendment provides for our payment, on July 28, 2017, of \$5.0 million in outstanding principal and unpaid interest due under the Loan Agreement, and for our potential

repayment, on or prior to September 30, 2017, of an additional \$5.0 million outstanding principal under the Loan Agreement. We made the First Repayment on July 28, 2017.

Pursuant to the Amendment, the lenders consented to the License Transaction and agreed that the License Transaction is deemed a "Permitted Transfer" under the Loan Agreement, and confirmed that the sale of our common stock to NantCell is not an "Equity Event" under the Loan Agreement.

In connection with the Loan Agreement, we restructured the existing lender warrants to purchase an aggregate of up to approximately 630,000 shares of our common stock at an exercise price of \$2.05 per share. Pursuant to the Amendment, a portion of the warrants (representing 80% of the total number of shares issuable upon exercise of the warrants) was amended to change the exercise price of such portion of the warrants from \$2.05 per share to the 30-day volume-weighted average price of our common stock over the 30-day period beginning 15 days before the July 28, 2017 announcement of the License Transaction (the "Warrant Amendments").

The foregoing are only brief descriptions of the material terms of the License Agreement, Stock Purchase Agreement, Warrant, Amendment and Warrant Amendments, which are attached hereto as Exhibits 10.1, 10.2, 10.3, 10.4, 10.5 and 10.6 (collectively, the "Material Contracts") and are incorporated herein by reference. Investors should not rely on the representations, warranties and covenants or any descriptions thereof as characterizations of the actual state of facts or condition of CytRx or NantCell or any of their respective subsidiaries or affiliates. Moreover, information concerning the subject matter of the representations, warranties and covenants may change after the respective dates of the Material Contracts, which subsequent information may or may not be fully reflected in CytRx's public disclosures.
