## Section 5 Corporate Governance and Management

### Item 5.02.

#### Departure of Directors or Certain Principal Officers; Election of Directors; Appointment of Certain Principal Officers; Compensatory Arrangements of Certain Principal Officers

The company appointed Mr. Willie Gault and Dr. Robert Koblin to the company's board of directors on July 28, 2008 and July 11, 2008, respectively. The board of directors notified Dr. Robert E. Windom that it had resolved not to include him in the slate of directors to be nominated for election at the upcoming annual shareholders meeting.

Subsequently, on July 28, 2008, Dr. Windom notified the board of directors of his resignation as a director.

Dr. Koblin previously served as a director from February 2003 until March 2005. In addition to serving as a director, Dr. Koblin will supervise the company's Board of Scientific Advisors, and will also conduct comparative treadmill tests for the company's technologies and prepare reports on these tests. Dr. Koblin, a cardiologist, has more than 30 years of medical experience beginning during the time he served in the United States Army as a medic and continuing most recently as a staff physician and instructor at the Cedars-Sinai Medical Center in Los Angeles since 1966. He has also served as the Managing Director of the Robertson Diagnostic Center in Beverly Hills, California since April 2002, and as an assistant clinical professor of medicine at the University of California, Los Angeles (UCLA), since 1982. Dr. Koblin received his undergraduate degree from New York University, and his medical degree from Stanford University.

Mr. Gault is a well-known businessman, celebrity and retired professional athlete. Since August 2006, Mr. Gault has been President and principal spokesman of Athletes For Life Foundation, Inc., a 501(c)(3) non-profit foundation which Mr. Gault co-founded for the dual purpose of developing protocols to test professional and amateur athletes for cardiovascular disease and abnormalities as part of their regular training regime, and also promoting testing for impoverished communities where early detection of cardiovascular disease simply does not exist. Athletes For Life Foundation conducts free mobile screening tests using its 48-foot trailer and Signalife's *Fidelity 100 Heart Monitor*. Since 2004, Mr. Gault has also been President of IBS Capital Management, a private investment management company he owns which has over \$260 million under management. Prior to that, Mr. Gault was involved in numerous capacities in numerous businesses over a twenty year period both as a principal, officer and agent, with his efforts principally focused on sales, marketing and financing functions. Mr. Gault has also been involved in numerous charitable activities.

During the course of his athletic career, Mr. Gault was an All-American sprinter and hurdler and football wide receiver at the University of Tennessee, an All-Pro wide receiver during a twelve-year career in the National Football League, a member of the United States 4X100 meter relay team which would have participated in the 1980 Summer Olympic Games in Moscow had the United States not boycotted that event, and an alternate member of the United States Bobsled Team which participated in the 1988 Winter Olympic Games. At the 1983 World Track and Field Championships, Mr. Gault won a bronze medal in the 110 meter hurdles, and a gold medal on the world record setting 4x100 meter relay team. Mr. Gault continues to compete in track and field on the senior level, having set world records in the 100 meters, 200 meters and 4X100 meter relay in the masters division for athletes aged 45 to 49.

Mr. Gault holds a joint degree in Marketing from the University of Tennessee and Americas University. Mr. Gault has also won numerous awards, including the Jim Thorpe Award as the Greatest Athlete in the World in 1991, and the city of Hope Man of the Year Award in 1992.
