Independent Auditors' Report

The Board of Directors  
LabOne, Inc.:

We have audited the accompanying statements of net assets available for plan benefits of the 401(k) Plan of LabOne, Inc. (the Plan) as of December 31, 2001 and 2000, and the related statements of changes in net assets available for plan benefits for each of the years in the three-year period ended December 31, 2001. These financial statements are the responsibility of the Plan's management. Our responsibility is to express an opinion on these financial statements

based on our audits.

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for plan benefits of the 401(k) Plan of LabOne, Inc. at December 31, 2001 and 2000, and the changes in net assets available for plan benefits for each of the years in the three-year period ended December 31, 2001, in conformity with accounting principles generally accepted in the United States of America.

Our audits were performed for the purpose of forming an opinion on the basic financial statements taken as a whole. The supplemental schedules of assets held for investment purposes and reportable transactions are presented for the purpose of additional analysis and are not a required part of the basic financial statements, but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. These supplemental schedules are the responsibility of the Plan's management. The supplemental schedules have been subjected to the auditing procedures applied in the audits of the basic financial statements and, in our opinion, are fairly stated, in all material respects, in relation to the basic financial statements taken as a whole.

## 401(k) PLAN OF LABONE, INC.

Notes to Financial Statements

December 31, 2001, 2000, and 1999

(1) Summary of Significant Accounting Policies

(a) Organization

The following description of the 401(k) Plan of LabOne, Inc. (the Plan) provides only general information. Participants should refer to the Summary Plan Description text for a more complete description of the Plan's provisions.

The Plan was adopted by the Board of Directors of LabOne, Inc. (the Company) effective January 1, 1987. The Plan is administered by the Company. Employees of the Company are eligible for participation at the beginning of each calendar quarter following the date the employee completes five hundred hours of service, attains age 20 1/2, and completes six consecutive months of employment or one year of eligibility service, as defined.

The Plan allows participating employees to deduct their contributions from personal taxable income. Contributions made by the Company and participating employees will not be required to be included in the employees' taxable income until the year of withdrawal from the Plan.

(b) Basis of Presentation

The accompanying financial statements have been prepared on an accrual basis of accounting in conformity with accounting principles generally accepted in the United States of America.

(c) Expenses

Substantially all costs and expenses incurred in administering the Plan are paid by the Company.

(d) Investments

The Plan's investments are held in a bank trust account. Investments in securities are stated at fair value. The fair value of marketable securities is based upon quotations from national securities exchanges. Plan assets include investments in common stock of the Company. Purchases and sales of investments are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

(e) Forfeitures

Forfeitures are based on the nonvested portion of the employer contributions upon employee termination. Forfeited amounts are applied as a reduction of Company contributions.

(f) Use of Estimates in the Preparation of Financial Statements

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements, and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

(2) Investments

The Plan's investments are stated at fair value determined primarily by quoted market prices.

Effective for Plan years 1996 and thereafter, the Company amended the Plan during 1997 to redefine compensation for highly compensated employees. #### (6) Loans to Participants

Loans to participants may be authorized by the Plan's Administrative Committee. The loan period varies from one to five years.

#### (7) Federal Income Taxes

The Plan has received a determination letter from the IRS, dated December 17, 1997, stating that the Plan meets the requirements of Section 401(a) of the Internal Revenue Code (the Code), and the trust is exempt from federal income taxes under the provisions of Section 501(a) of the Code.

The Plan Administrator is not aware of any activity or transactions that may adversely affect the qualified status of the Plan.

Participants will not be taxed on Company contributions, their pretax contributions up to \$10,500 in 2001 and 2000, or income of the trust until they receive distributions from the Plan. Participants' pretax contributions are subject to Social Security taxes and federal unemployment taxes.
