TECHNE CORPORATION

PROXY STATEMENT
for
Annual Meeting of Shareholders
To Be Held October 25, 2007

Edgar Filing: TECHNE CORP /MN/ - Form DEF 14A

INTRODUCTION

Your Proxy is solicited by the Board of Directors of Techne Corporation (the "Company") for use at the Annual Meeting of Shareholders to be held on October 25, 2007 and at any adjournment thereof, for the purposes set forth in the attached Notice of Annual Meeting.

The cost of soliciting Proxies, including preparing, assembling and mailing the Proxies and soliciting material, will be borne by the Company. Directors, officers and regular employees of the Company may, without compensation other than their regular compensation, solicit Proxies personally or by telephone.

Proxies not revoked will be voted in accordance with the choice specified by shareholders by means of the ballot provided on the Proxy for that purpose. Proxies which are signed but which lack any such specification will, subject to the following, be voted in favor of the proposals set forth in the Notice of Meeting and in favor of the number and slate of directors proposed by the Nominations and Governance Committee of the Board of Directors and listed herein. If a shareholder abstains from voting as to any matter, then the shares held by such shareholder shall be deemed present at the meeting for purposes of determining a quorum and for purposes of calculating the vote with respect to such matter, but shall not be deemed to have been voted in favor of such matter. Abstentions, therefore, as to any proposal, other than election of directors, will have the same effect as votes against such proposal. If a broker returns a "non-vote" proxy, indicating a lack of voting instruction by the beneficial holder of the shares and a lack of discretionary authority on the part of the broker to vote on a particular matter, then the shares covered by such non-vote shall be deemed present at the meeting for purposes of determining a quorum but shall not be deemed to be represented at the meeting for purposes of calculating the vote required for approval of such matter. You may revoke your proxy by sending a written statement to that effect to the Corporate Secretary of the Company, submitting a properly signed proxy card with a later date, or filing a notice of termination of the proxy and voting in person at the Annual Meeting.

The mailing address of the Company's principal executive office is 614 McKinley Place N.E., Minneapolis, MN 55413. The Company expects that this Proxy Statement and the related Proxy and Notice of Annual Meeting will first be mailed to shareholders on or about September 25, 2007.

ELECTION OF DIRECTORS (Proposals #1 and #2)

General Information

The Bylaws of the Company provide that the number of directors shall be determined by the shareholders at each annual meeting. The Nominations and Governance Committee of the Board of Directors of the Company recommends that the number of directors to be set at eight and that the individuals named in the table below be elected. Under applicable Minnesota law and the Company's bylaws, approval of the proposal to set the number of directors at eight requires the affirmative vote of the holders of the greater of (1) a majority of the voting power of the shares represented in person or by proxy at the Annual Meeting with authority to vote on such matter or (2) a majority of the voting power of the minimum number of shares that would constitute a quorum for the transaction of business at the Annual Meeting. A plurality of votes cast is required for the election of directors.

In the election of directors, each Proxy will be voted for each of the nominees listed below unless the Proxy withholds a vote for one or more of the nominees. Each person elected as a director shall serve for a term of one year or until his successor is duly elected and qualified. All of the nominees are members of the present Board of Directors. All directors, except Dr. Holbrook, were elected to the Board of Directors by the shareholders. Dr. Holbrook was appointed to the Board by the Board of Directors in February 2007. If any of the nominees should be unable to serve as a director by reason of death, incapacity or other unexpected occurrence, the Proxies solicited by the Board of Directors shall be voted by the proxy representatives for such substitute nominee as is selected by the Nominations and Governance Committee, or, in the absence of such selection, for such fewer number of directors as results from such death, incapacity or other unexpected occurrence.

CORPORATE GOVERNANCE

Board Independence

The Board has determined that all of the Company's non-employee directors (Messrs. O'Connell, Herbert, and Baumgartner and Drs. Lucas, Steer, Dinarello and Holbrook) are "independent" as such term is defined in applicable law and regulations of the Securities and Exchange Commission and Nasdaq. Mr. Oland is not independent based on his service as our Chief Executive Officer and President. In making its independence determinations, the Board reviewed transactions and relationships between the director, or any member of his or her immediate family, and the Company and its subsidiaries based on information provided by the director, Company records and publicly available information.

During fiscal 2007, Mr. Oland's daughter, Paige Jensen, Ph.D., J.D., served as the Company's Associate General Counsel. Dr. Jensen's base salary for fiscal 2007 was \$128,000. The Company also provided medical and other benefits generally available to all Company employees. Dr. Jensen is not an executive officer of the Company.

Directors' Meetings and Committees

The Board has scheduled meetings each quarter prior to the Company's quarterly earnings release and may from time-to-time hold additional meetings. During fiscal 2007, the Board held four meetings. Each director attended 75% or more of the total number of meetings of the Board and of Committees of which he or she was a member, with the exception of Dr. Holbrook. Dr. Holbrook was appointed to the Board in February 2007 and attended her first meeting in July 2007. Executive sessions of independent directors, meetings of outside directors without any member of management present, are held in conjunction with regularly scheduled meetings of the Board. It is the policy of the Company that all directors should attend the Company's annual meetings of shareholders. All then incumbent members did attend the annual meeting in 2006.

The Company's Board of Directors has three standing Committees, the Audit Committee, the Executive Compensation Committee and the Nominations and Governance Committee. All members of all Committees are "independent" as such term is defined in applicable law and regulations of the Securities and Exchange Commission and Nasdaq. In addition all members of the Audit Committee meet the additional independence standards applicable to its members.

The Audit Committee (whose members are Messrs. Baumgartner, Herbert and O'Connell and Dr. Steer) operates under a written charter established by the Company's Board of Directors. A copy of the charter is available for review

Edgar Filing: TECHNE CORP /MN/ - Form DEF 14A

at the Company's website, www.techne-corp.com. The Audit Committee is responsible for the appointment and supervision of the Company's independent registered public accounting firm and for reviewing the Company's

5

internal audit procedures, the quarterly and annual financial statements of the Company and the results of the annual audit. The Audit Committee also pre-approves all related party transactions, establishes and oversees the implementation of the Company's cash investment policy and monitors the Company's financial fraud hotline. The Board of Directors has determined that for fiscal 2007 all Audit Committee members are "audit committee financial experts" as such term is defined in Section 407 of the Sarbanes-Oxley Act. The Audit Committee met seven times during fiscal 2007. The Committee's report is included in this Proxy Statement.

The Executive Compensation Committee (whose members and Messrs. Herbert, O'Connell and Baumgartner and Dr. Steer) determines compensation for executive officers of the Company. The Committee operates under a written charter. A copy of the charter is available for review at the Company's website, www.techne-corp.com. The Executive Compensation Committee establishes both over-all policies for executive compensation and reviews the performance of the executive officers. The Committee works with Mr. Oland, the Chief Executive Officer of the Company, to establish performance goals for the other executive officers and, acting independently, establishes the performance goals for Mr. Oland. The Committee determines the annual base compensation of all officers and awards bonuses, both cash and equity, to all officers based on performance. The Committee met twice during fiscal 2007. The Committee's report is included in this Proxy Statement.

The Nominations and Governance Committee is composed of all "independent" directors, currently all directors except Mr. Oland. The Committee operates under a written charter. A copy of the charter is available for review at the Company's website, www.techne-corp.com. The Committee did not formally meet in fiscal 2007. Dr. Holbrook was appointed to the Board in February 2007 at a meeting of the full Board, which included all Nominations and Governance Committee members. The functions of the Committee are to recruit well-qualified candidates for the Board, select persons to be proposed in the Company's proxy statement for election as directors at annual meetings of shareholders, and establish governance standards and procedures to support and enhance the performance and accountability of management and the Board. The Nominations and Governance Committee assesses the appropriate size of the Board of Directors, and whether any vacancies on the Board are expected due to retirement or otherwise. In the event that vacancies are anticipated, or otherwise arise, the Nominations and Governance Committee considers various potential candidates for director. Candidates may come to the attention of the Committee through current members of the Board of Directors, professional search firms, stockholders or other persons and may be considered at any point during the year. The Nominations and Governance Committee utilizes a variety of methods for identifying and evaluating nominees for director. Candidates for the Board are considered and selected on the basis of outstanding achievement in their professional careers, experience, wisdom, personal and professional integrity, their ability to make independent, analytical inquiries, and their understanding of the business environment. Candidates must have the experience and skills necessary to understand the principal operational and functional objectives and plans of the Company, the results of operations and financial condition of the Company, and the position of the Company in its industry. Candidates must have a perspective that will enhance the Board's strategic discussions and be capable of and committed to devoting adequate time to Board duties. The Committee will consider all nominees for director recommended by shareholders of the

Edgar Filing: TECHNE CORP /MN/ - Form DEF 14A

Company. Recommendations may be sent to the Committee at the Company's address: 614 McKinley Place N.E., Minneapolis, MN 55413.

The Nominations and Governance Committee has determined to propose to shareholders at their 2007 annual meeting the re-election of the incumbent directors of the Company.

- (1) Amounts consist of the annual retainer and meeting fees for services as members of the Company's Board of Directors. For further information concerning such fees, see the below.
- (2) Amounts represent compensation expense recognized in fiscal 2007 related to stock option awards that vested in fiscal 2007 calculated in accordance with Statement of Financial Accounting Standard No. 123 (revised 2004) (SFAS No. 123R). Pursuant to the Company's 1998 Nonqualified Stock Option Plan, each of the above directors, with the exception of Dr. Holbrook, received an automatic option grant for 5,000 shares of Company Common Stock on the date of the 2006 Annual Shareholder Meeting. Dr. Holbrook received options to purchase 10,000 shares of the Company's Common Stock upon her appointment to the Board in fiscal 2007. As of June 30, 2007, the following non-employee directors held options to purchase the following number of shares of the Company's Common Stock: Dr. Lucas - 20,000; Mr. O'Connell - 55,000; Mr. Herbert - 40,000; Dr. Steer - 10,000; Mr. Baumgartner - 20,000; Dr. Dinarello - 15,000; Dr. Holbrook - 10,000.

Fees for non-employee directors include \$25,000 per year for service on the Board and Committees of the Board. Directors are paid an additional \$1,000 for each meeting of the Board other than its regularly scheduled quarterly meetings and for each meeting of a committee on which the director serves other than committee meetings held in conjunction with a meeting of the full Board. If appointed to the Board or retired during the fiscal year, the non-employee director receives a prorated annual fee.

Under the Company's 1998 Nonqualified Stock Option Plan, non-employee

Edgar Filing: TECHNE CORP /MN/ - Form DEF 14A

directors automatically receive options to purchase 5,000 shares of Company Common Stock upon each re-election to the Board. The options have a term of 10 years and vest immediately. Upon initial election or appointment to the Board, new non-employee directors receive options, which vest immediately, for 5,000 shares of the Company's Common Stock prorated based on the time remaining until the next annual meeting of shareholders. Dr. Dinarello and Dr. Holbrook, at the Compensation Committee's discretion, each received options to purchase 10,000 shares of the Company's Common Stock upon their appointment to the Board in fiscal 2006 and 2007, respectively. The additional shares were in recognition of their strong scientific backgrounds. Half of the options vested immediately upon their appointment to the Board and the remaining 5,000 options vested on the first anniversary date of their appointment, respectively. All non-employee directors elected at the Company's 2007 Annual Meeting of Shareholders will receive options to purchase 5,000 shares of Common Stock with an exercise price equal to the fair market value on the date of the 2007 Annual Meeting.

7

Shareholder Communications with Directors

Shareholders may communicate directly with the Board of Directors. All communications should be directed to the Company at 614 McKinley Place N.E., Minneapolis, MN 55413, and should prominently indicate on the outside of the envelope that it is intended for the Board of Directors, for non-management directors, or for a particular director. Unless other distribution is specified, the communication will be forwarded to the entire Board. The communication will not be opened before being forwarded to the intended recipient, but it will go through normal security procedures.

Code of Ethics and Business Conduct and Financial Fraud Hotline

The Company has adopted a Code of Ethics and Business Conduct, which is applicable to all directors, officers and employees of the Company. A copy is available for review at the Company's website, www.techne-corp.com. The Company sponsors a financial fraud hotline that is available to all employees, is operated on a confidential basis by a third party, and is supervised with full powers of investigation by the Audit Committee of the Board of Directors.

Compensation Committee Interlocks and Insider Participation

The Executive Compensation Committee of the Board of Directors of the Company is composed of directors G. Arthur Herbert, Howard V. O'Connell, Dr. Randolph C. Steer, and Robert V. Baumgartner. None of the members of the Executive Compensation Committee was an officer or employee of the Company during fiscal 2007, and no executive officer of the Company during fiscal 2007, served on the Compensation Committee or the board of any company that employed any member of the Company's Executive Compensation Committee or Board of Directors.

EXECUTIVE COMPENSATION DISCUSSION AND ANALYSIS

Overview

Edgar Filing: TECHNE CORP /MN/ - Form DEF 14A

The Executive Compensation Committee of the Board of Directors is responsible for establishing the compensation programs of the Company's Chief Executive Officer and other executive officers. The Committee participates in the consideration and employment of prospective executive officers of the Company. The Committee also administers the Company's stock option plans and has the authority to grant options to purchase shares of the Company's Common Stock, and to determine all terms and conditions of such options.

Compensation Objectives

The Executive Compensation Committee has designed the compensation packages of the Company's executive officers to achieve the following objectives:

- to recruit and retain highly qualified executive officers by offering overall compensation that is competitive with that offered for comparable positions in the local market;
- to motivate executives to achieve important business and individual performance objectives and to reward them when such goals are met; and
- to align the interest of executive officers with the long-term interest of stockholders through participation in the Company's stock option plans.

The Executive Compensation Committee is responsible for assuring that compensation for the executive officers is consistent with our compensation philosophy. The Executive Compensation Committee reviews the compensation philosophy and trends in the local market to ensure that the executive compensation program is competitive and attracts and retains talented management, motivates the executives to achieve short term and long term corporate objectives, and aligns the motivation and interests of the executives with the interests of the Company's shareholders. The Executive Compensation Committee also administers the Company's equity-based compensation and performance-based bonus plan for the executive officers. The Executive Compensation Committee reviews and approves each executive's base pay, bonus, and equity incentives annually.

8

The Committee views the various components of its compensation program as related, but distinct. Although the Executive Compensation Committee does review and consider total compensation for each executive officer as a whole, it does not believe that significant compensation derived from one component should necessarily negate or reduce compensation from other components. The Committee determines the appropriate level for each compensation component based on overall compensation objectives. The Executive Compensation Committee has not adopted any policies or guidelines for allocating compensation among the different elements of the compensation program.

Role of the Chief Executive Officer in Compensation Decisions

During meetings with the Executive Compensation Committee held each year, the Company's President and Chief Executive Officer presents to the Committee recommendations regarding compensation for the executive officers (other than himself). The Committee discusses the recommendations and accepts or adjusts

Edgar Filing: TECHNE CORP /MN/ - Form DEF 14A

them, in whole or in part. The executive officers are not present during the Committee's final discussion and determination of their compensation.

Elements of the Compensation Program

The Company's executive compensation program is comprised of base salaries, annual performance bonuses comprised of both a cash and stock option component, and various benefits, including the Company's profit sharing and savings plan and stock bonus plan in which all qualified employees of the Company participate. In addition, the Executive Compensation Committee from time to time may award special cash bonuses or stock options related to non-recurring, extraordinary performance. The Executive Compensation Committee typically also awards stock options upon retention of a new executive officer.

Base salary. The Executive Compensation Committee has followed a policy of paying annual base salaries which are on the moderate side of being competitive in its industry. A competitive base salary is provided to each executive officer recognizing the skills and experience each individual brings to the Company, the length of time with the Company and the performance contributions each makes. Salaries are reviewed on an annual basis and are made in connection with annual performance reviews. In July 2007, the Executive Compensation Committee approved the base salary for the executive officers for fiscal 2008 as follows: Mr. Melsen - \$260,000 and Mr. Veronneau - \$160,000. Mr. Oland again waived an increase, leaving his base salary at \$254,100 for fiscal 2008.

Performance-based bonus plan. Under the Company's Executive Officers Incentive Bonus Plan, each executive officer may earn a potential bonus of up to 40% of his or her annual salary. The Plan provides that 70% of the eligible bonus is based upon achieving the Company's budgeted revenues and earnings for the fiscal year. Bonuses are awarded on a prorated basis if between 85% and 100% of budgeted revenues and earnings are achieved. The remaining 30% of the eligible bonus is based upon achievement of personal goals set for each officer. The personal goals are established annually as recommended by the Chief Executive Officer of the Company and approved by the Executive Compensation Committee, taking into account each executive's responsibilities at the Company. The annual bonus is paid 50% in cash and 50% in stock options. The officer may elect to exchange his or her cash portion of the bonus for additional stock options and if so, such officer is entitled to 1.7 times the cash value of the cash bonus in options. The number of options each executive officer is entitled to are calculated based on the closing share price at the date of grant. Options granted under the Plan vest immediately and the exercise price of the options is the closing price of the Company's stock on the date of grant. The stock option grant date is the date of the Committee's first meeting subsequent to fiscal year-end, which coincides with the Company's scheduled quarterly Board meeting. For fiscal 2007, the Executive Compensation Committee has determined that the Company's revenues and earnings were an average of 99.79% of budget. Therefore each executive officer earned 99.79% of the 70% of his or her overall bonus. The Compensation Committee also determined that Mr. Melsen, Dr. Tsang and Mr. Veronneau earned 70%, 100% and 79% of the remaining 30% bonus respectively.

Other compensation. The Company provided medical and insurance benefits to its executive officers, which are the same as those generally available to all Company employees. The Company has a Profit Sharing and Savings Plan and a Stock Bonus Plan in which all qualified employees, including executive officers, participate subject to statutory limitations on contributions for highly compensated individuals. In fiscal 2007, the Company contributed to the plan an amount equal to approximately 9.7% of gross wages. One half of

Edgar Filing: TECHNE CORP /MN/ - Form DEF 14A

the contribution to the plan is in the form of Company common stock. The Company does not provide any other significant perquisites or executive benefits to its Named Executive Officers.

9

Accounting and Tax Treatment

The Company accounts for equity-based compensation paid to employees under SFAS No. 123R promulgated by the Financial Accounting Standards Board, which requires the Company to estimate and record an expense over the service period of an option award. Thus, the Company may record an expense in one year for awards granted in earlier years. The Company adopted SFAS No. 123R on July 1, 2005 and, therefore, fiscal 2006 was the first year in which expense was recorded related to employee stock options. Accounting rules also requires the recording of cash compensation as an expense at the time the obligation is accrued.

Section 162(m) of the Internal Revenue Code of 1986 generally disallows a tax deduction to public companies for compensation in excess of \$1 million paid to the company's chief executive officer and four other most highly-paid executive officers. Qualifying performance-based compensation will not be subject to the deduction limitation if certain requirements are met. Because the potential amount of base salary and non-equity-based incentive compensation that the executive officers can earn is less than \$1 million, Section 162(m) has not been material to the Executive Compensation Committee decisions.

Compensation Committee Report

The Compensation Committee of the Board of Directors is responsible for reviewing and approving total compensation programs and levels for the Company's Chief Executive Officer and its executive officer group, which includes the Named Executive Officers shown in the Summary Compensation Table above. The Committee's responsibilities are specified in the Compensation Committee Charter.

The Committee reviewed and discussed the Executive Compensation Discussion and Analysis above with management. Based on the Committee's review and its discussions with management, the Committee recommends to the Board of Directors that the Executive Compensation Discussion and Analysis be included in the Company's Proxy Statement for the 2007 Annual Meeting.

Employment Contracts and Change in Control Arrangements

The Company had formal employment agreements effective through June 30, 2007 with Dr. Tsang and Mr. Veronneau. Dr. Tsang retired from the Company on June 30, 2007. Subsequent to June 30, 2007, Mr. Veronneau's employment agreement was extended through June 30, 2010. Mr. Melsen's employment agreement is effective through June 30, 2008 and Mr. Oland serves pursuant to an oral understanding. The agreements provide for base salaries subject to annual review, bonuses as described above, benefits as provided to all employees and severance compensation under certain circumstances. The severance payment is triggered if an executive's employment with the Company is terminated in connection with a merger, sale, or change in control of the Company. A "change in control" means the acquisition in one or more transactions by a single party, or any number of parties acting in concert, of a majority of the outstanding shares of voting stock of the Company.

AUDIT MATTERS

Audit Committee Report

The Audit Committee assists the Board of Directors with fulfilling its oversight responsibility regarding the quality and integrity of the accounting, auditing and financial reporting practices of the Company. In discharging its oversight responsibilities regarding the audit process, the Audit Committee:

- (2) discussed with the Company's independent registered public accounting firm the material required to be discussed by Statement on Auditing Standards No. 61; and
- (3) reviewed the written disclosures and the letter from the Company's independent registered public accounting firm required by the Independence Standards Board's Standard No.1, and discussed with the independent registered public accounting firm any relationships that may impact their objectivity and independence.

Based upon the review and discussions referred to above, the Audit Committee recommended to the Board of Directors that the audited consolidated financial statements be included in the Company's Annual Report on Form 10-K for the fiscal year ended June 30, 2007 as filed with the Securities and Exchange Commission.

Pre-Approval Policies and Procedures

Pursuant to its written charter, the Audit Committee of the Company's Board of Directors is required to pre-approve the audit and non-audit services performed by the Company's independent registered public accounting firm in order to assure that the provision of such services does not impair the firm's independence. In 2005, the Audit Committee approved a resolution authorizing Company officers to engage KPMG in permitted non-audit services that involve less than \$25,000 in fees in the aggregate. Such services are

Edgar Filing: TECHNE CORP /MN/ - Form DEF 14A

approved by the Audit Committee Chairman prior to commencing the services and approved quarterly by the Audit Committee. Tax services are reviewed and approved by the Audit Committee prior to the commencement of such services. All of the services rendered by KPMG were pre-approved by the Audit Committee. The Audit Committee has considered whether provision of the above non-audit services is compatible with maintaining KPMG's independence and has determined that such services have not adversely affected KPMG's independence.
