**PROXY STATEMENT
For the Annual Meeting of Stockholders
to be held on June 7, 2007**

This Proxy Statement is furnished in connection with the solicitation by the Board of Directors of the Federal Agricultural Mortgage Corporation (“Farmer Mac” or the “Corporation”) of proxies from the holders of the Corporation’s Class A Voting Common Stock and Class B Voting Common Stock (together, the “Voting Common Stock”). The Corporation is not soliciting proxies from the holders of its Class C Non-Voting Common Stock. The proxies will be voted at the 2007 Annual Meeting of Stockholders of the Corporation (the “Meeting”), to be held on Thursday, June 7, 2007, at 8:00 a.m. local time, at the Embassy Suites Hotel, 1250 Twenty-Second Street, N.W., Washington, D.C. 20037, and at any adjournments or postponements of the Meeting. The Notice of Annual Meeting, this Proxy Statement and the enclosed proxy card are being mailed to stockholders on or about April 27, 2007.

The Board of Directors of the Corporation (the “Board of Directors” or “Board”) will present for a vote at the Meeting the election of ten members to the Board and the ratification of the appointment of Deloitte & Touche LLP as independent auditors for the Corporation for fiscal year 2007. The Board is not aware of any other matter to be presented for a vote at the Meeting.

Voting Rights

One of the purposes of the Meeting is to elect ten members to the Board of Directors. Title VIII of the Farm Credit Act of 1971, as amended, (the “Act”) provides that the Corporation’s Class A Voting Common Stock may be held only by banks, insurance companies and other financial institutions or entities that are not Farm Credit System institutions. The Act also provides that the Corporation’s Class B Voting Common Stock may be held only by Farm Credit System institutions.¹ Holders of the Class A Voting Common Stock (the “Class A Holders”) and holders of the Class B Voting Common Stock (the “Class B Holders”) must each elect five members to the Board of Directors. The remaining five members of the Board are appointed by the President of the United States, with the advice and consent of the United States Senate. None of Farmer Mac’s directors is or has been an officer or employee of the Corporation, resulting in a Board of Directors composed entirely of non-management directors. Currently, fourteen of Farmer Mac’s fifteen directors are “independent,” as defined in Farmer Mac’s Corporate Governance Guidelines, Securities and Exchange Commission (“SEC”) rules and New

¹ Holders of Voting Common Stock who are not eligible holders of that stock should dispose of their ownership of such stock to eligible holders. Farmer Mac has the right, but not the obligation, to repurchase shares of Voting Common Stock from ineligible holders for book value.

York Stock Exchange (“NYSE”) listing standards. After the Meeting, assuming all of the nominees for director are elected, fourteen of Farmer Mac’s fifteen directors will be independent. See “Director Independence” for more information regarding the Board’s independence determinations.

Record Date

The Board of Directors has fixed April 18, 2007 as the record date for the determination of stockholders entitled to receive notice of and to vote at the Meeting. At the close of business on that date, there were issued and outstanding 1,030,780 shares of Class A Voting Common Stock and 500,301 shares of Class B Voting Common Stock, which constitute the only outstanding capital stock of the Corporation entitled to vote at the Meeting. See “Principal Holders of Voting Common Stock.”

Voting

The holders of Farmer Mac’s Voting Common Stock are entitled to one vote per share, with cumulative voting at all elections of directors. Under cumulative voting, each stockholder is entitled to cast the number of votes equal to the number of shares of the class of Voting Common Stock owned by that stockholder, multiplied by the number of directors to be elected by that class. All of a stockholder’s votes may be cast for a single candidate for director or may be distributed among any number of candidates. Class A Holders are entitled to vote only for the five directors to be elected by Class A Holders, and Class B Holders are entitled to vote only for the five directors to be elected by Class B Holders. Other than the election of directors, the Class A Holders and Class B Holders vote together as a single class on any matter submitted to a vote of the holders of Voting Common Stock.

The presence, in person or by proxy, of the holders of at least a majority of the Corporation’s outstanding Voting Common Stock is required to constitute a quorum at the Meeting. Thus, 765,541 shares of Voting Common Stock must be represented by stockholders present at the Meeting or by proxy to have a quorum.

Proxy Procedure

Although many of Farmer Mac’s stockholders are unable to attend the Meeting in person, they are afforded the right to vote by means of the proxy solicited by the Board of Directors. When a proxy is returned properly completed and signed, the shares it represents must be voted by the Proxy Committee (described below) as directed by the stockholder. Stockholders are urged to specify their choices by marking the appropriate boxes on the enclosed proxy card. A stockholder may withhold a vote from one or more nominees by writing the names of those nominees in the space provided on the proxy card. Under those circumstances, unless other instructions are given in writing, the stockholder’s votes will then be cast evenly among the remaining nominees for its class. The five nominees from each class who receive the greatest number of votes will be elected directors. If one or more of the nominees becomes unavailable for election, the Proxy Committee will cast votes under the authority granted by the enclosed proxy for such substitute or other nominee(s) as the Board of Directors may designate. If no instructions are indicated on the proxies, the proxies represented by the Class A Voting Common Stock will be voted in favor of the five nominees specified in this Proxy Statement as Class A nominees, with the votes being cast evenly among each of the Class A nominees, and the proxies represented by the Class B

Voting Common Stock will be voted in favor of the five nominees specified in this Proxy Statement as Class B nominees, with the votes being cast evenly among each of the Class B nominees.

Shares of Voting Common Stock represented by proxies marked "Abstain" for any proposal presented at the Meeting (other than the election of directors) will be counted for purposes of determining the presence of a quorum but will not be voted for or against such proposal. If a proposal involves a vote for which a broker (or its nominee) may only vote a customer's shares in accordance with the customer's instructions and the broker (or its nominee) does not vote those shares due to a lack of instructions, the votes represented by those shares and delivered to the Corporation ("broker non-votes") will be counted as shares present at the Meeting for purposes of determining whether a quorum is present but will not be voted for or against such proposal. Abstentions and broker non-votes (if applicable) will have the effect of a vote against such proposals (except with respect to the election of directors). Because only a plurality is required for the election of directors, abstentions and broker non-votes (if applicable) will have no effect on the election of directors.

Execution of a proxy will not prevent a stockholder from attending the Meeting, revoking a previously submitted proxy and voting in person.

Any stockholder who gives a proxy may revoke it at any time before it is voted by notifying the Corporate Secretary in writing on a date later than the date of the proxy, by submitting a later dated proxy, or by voting in person at the Meeting. Mere attendance at the Meeting, however, will not constitute revocation of a proxy. Written notices revoking a proxy should be sent to Jerome G. Oslick, Corporate Secretary, Federal Agricultural Mortgage Corporation, 1133 Twenty-First Street, N.W., Suite 600, Washington, D.C. 20036.

The Proxy Committee, composed of three officers of the Corporation, Henry D. Edelman, Timothy L. Buzby and Jerome G. Oslick, will vote all shares of Voting Common Stock represented by proxies signed and returned by stockholders in the manner specified. The Proxy Committee will also vote the shares represented thereby on any matters not known at the time this Proxy Statement was printed that may properly be presented for action at the Meeting in accordance with their judgment.

Stockholder Proposals

Each year, at the annual meeting, the Board of Directors submits to the stockholders its nominees for election as Class A and Class B directors. In addition, the Audit Committee's selection of independent auditors for the year is submitted for stockholder ratification at each annual meeting, pursuant to the Corporation's Amended and Restated By-Laws ("By-Laws"). The Board of Directors may, in its discretion and upon proper notice, also present other matters to the stockholders for action at the annual meeting. In addition to those matters presented by the Board of Directors, the stockholders may be asked to act at the annual meeting upon proposals timely submitted by eligible holders of Voting Common Stock.

Proposals of stockholders to be presented at the 2007 Annual Meeting of Stockholders were required to be received by the Corporate Secretary before December 19, 2006 for inclusion in this Proxy Statement and the accompanying proxy. Other than the election of ten members to the Board of

Directors and the ratification of the appointment of Deloitte & Touche LLP as independent auditors for the Corporation for fiscal year 2007, the Board of Directors knows of no other matters to be presented for action at the Meeting. If any other matters are properly brought before the Meeting or any adjournment or postponement of the Meeting, the Proxy Committee intends to vote proxies in accordance with its members' best judgment.

If any stockholder eligible to do so intends to present a proposal for consideration at the Corporation's 2008 Annual Meeting of Stockholders, the Corporate Secretary must receive the proposal before December 27, 2007 to be considered for inclusion in the 2008 Proxy Statement. Proposals should be sent to Jerome G. Oslick, Corporate Secretary, Federal Agricultural Mortgage Corporation, 1133 Twenty-First Street, N.W., Suite 600, Washington, D.C. 20036. In addition, if any stockholder notifies the Corporation after March 3, 2008 of an intent to present a proposal at the Corporation's 2008 Annual Meeting of Stockholders, the Corporation's proxy holders will have the right to exercise discretionary voting authority with respect to that proposal, if presented at the meeting, without the Corporation including information regarding the proposal in its proxy materials.

Communications with the Board

Stockholders and other interested parties may communicate directly with members of the Board of Directors by writing to them at Federal Agricultural Mortgage Corporation, 1133 Twenty-First Street, N.W., Suite 600, Washington, D.C. 20036.

Board of Directors Meetings and Committees

In 2006, the Board of Directors held a total of seven meetings. Each member of the Board attended 75 percent or more of the aggregate number of meetings of the Board of Directors and of the committees on which he or she served during 2006. As Chairman of the Board, Fred L. Dailey presides over all meetings of the Board of Directors, including regularly scheduled executive sessions of the Board in which members of management do not participate. All members of the Board of Directors are expected to attend the Annual Meeting of Stockholders, which is held in conjunction with a regularly scheduled meeting of the Board of Directors. All fifteen members of the Board of Directors attended the 2006 Annual Meeting of Stockholders.

The Board has established seven standing committees to assist it in the performance of its responsibilities. The committees currently consist of the following: Audit Committee, Compensation Committee, Corporate Governance Committee, Credit Committee, Finance Committee, Marketing Committee and Public Policy Committee. Each director serves on at least one committee. See "Class A Nominees," "Class B Nominees" and "Directors Appointed by the President of the United States" for information regarding the committees on which directors serve. The Audit Committee and the Compensation Committee met eleven times and nine times, respectively, during the fiscal year ended December 31, 2006. The Corporate Governance Committee, which selects nominees for election to the Board of Directors, approves corporate governance policies for the Corporation, sets agendas for the meetings of the Board of Directors and is able to exercise certain powers of the Board of Directors during the intervals between meetings of the Board, met ten times during the fiscal year ended December 31, 2006. The Credit Committee, which is responsible for reviewing and approving all policy

matters relating to changes to the Corporation's Seller/Service Guide and making recommendations to the Board of Directors on agricultural credit matters, met seven times during the fiscal year ended December 31, 2006. The Finance Committee, which is responsible for determining the financial policies of the Corporation and managing the Corporation's financial affairs, met eight times during the fiscal year ended December 31, 2006. The Marketing Committee, which is responsible for the development and monitoring of the Corporation's programs and marketing plan, met six times during the fiscal year ended December 31, 2006. The Public Policy Committee, which considers matters of public policy referred to it by the Board of Directors such as the Corporation's relationship with and policies regarding borrowers, Congress and governmental agencies and conflicts of interest, met six times during the fiscal year ended December 31, 2006. See "Item No. 1: Election of Directors," "Compensation of Directors and Executive Officers" and "Report of the Audit Committee" and "Item No. 2: Selection of Independent Auditors" for information concerning the Corporate Governance Committee, the Compensation Committee and the Audit Committee, respectively.

Code of Business Conduct and Ethics

Farmer Mac has adopted a code of business conduct and ethics (the "Code") that applies to all directors, officers, employees and agents of Farmer Mac, including the Corporation's principal executive officer, principal financial officer and principal accounting officer. A copy of the Code is available on Farmer Mac's website, www.farmermac.com, in the "Corporate Governance" portion of the "Investors" section. Farmer Mac will post any amendment to, or waiver from, a provision of the Code in that same location on its website. A print copy of the Code is available free of charge upon written request to Jerome G. Oslick, Corporate Secretary, Federal Agricultural Mortgage Corporation, 1133 Twenty-First Street, N.W., Suite 600, Washington, D.C. 20036.

Item No. 1: Election of Directors

At the Meeting, ten directors will be elected for one-year terms. The Act provides that five of the directors will be elected by a plurality of the votes of the Class A Holders, and five of the directors will be elected by a plurality of the votes of the Class B Holders. All of the Class A nominees and four of the Class B nominees currently are members of the Board of Directors. John G. Nelson, a current member of the Board elected by Class B holders, is not a nominee for election as a director at the Meeting. The directors elected by the Class A Holders and the Class B Holders will hold office until the Corporation's 2008 Annual Meeting of Stockholders, or until their respective successors have been duly elected and qualified.

The Act further provides that the President of the United States will appoint five members to the Board of Directors with the advice and consent of the United States Senate (the "Appointed Members"). The Appointed Members serve at the pleasure of the President of the United States. The Board of Directors, after the election at the Meeting, will consist of the Appointed Members named under "Directors Appointed by the President of the United States" below or such other Appointed Members as may be appointed by the President and confirmed by the Senate between April 18, 2007 and June 7, 2007 and the ten members who are elected by the holders of Farmer Mac's Voting Common Stock.

In order to facilitate the selection of director nominees, the Board of Directors utilizes a Corporate Governance Committee that consists of the Chairman of the Board, the Vice Chairman of the Board and two additional members each from the Class A directors and Class B directors, resulting in a committee composed of two directors from each of the Board's three constituent groups. The current members of the Corporate Governance Committee are: Appointed Members Messrs. Dailey and Junkins; Class A directors Messrs. Kenny and Kruse; and Class B directors Messrs. DeBriyn and Raines. As described in more detail in "Director Independence," the Board has determined that all members of the Corporate Governance Committee are "independent," as defined in Farmer Mac's Corporate Governance Guidelines, SEC rules and NYSE listing standards. The Corporate Governance Committee Charter and Farmer Mac's Corporate Governance Guidelines are available on Farmer Mac's website, www.farmermac.com, in the "Corporate Governance" portion of the "Investors" section. Print copies of the Corporate Governance Committee Charter and Farmer Mac's Corporate Governance Guidelines are available free of charge upon written request to Jerome G. Oslick, Corporate Secretary, Federal Agricultural Mortgage Corporation, 1133 Twenty-First Street, N.W., Suite 600, Washington, D.C. 20036.

The Board has adopted a policy statement on directors that expresses the general principles that should govern director selection and conduct, which the Corporate Governance Committee uses in identifying and evaluating potential candidates for director. The Corporate Governance Committee reviews, on an annual basis, the appropriate skills and characteristics required of Board members in the context of the perceived needs of the Board at that point in time. The Committee strives to identify and retain as members of the Board individuals who have the qualities, business background and experience that will enable them to contribute significantly to the development of Farmer Mac's business and its future success. The Board has determined that its elected members should be comprised of individuals with a variety of business backgrounds and experiences who are deemed to have a broad perspective and good record of accomplishment either as senior members of agricultural business management, as agricultural or commercial lenders, as accountants or auditors, or as entrepreneurs. The Board has also determined that it is desirable to have qualified women and minority representation on the Board. In selecting a nominee for director, the Corporate Governance Committee also considers an individual's character, judgment, fairness and overall ability to serve Farmer Mac. Thus, in addition to considering the current needs of the Board and the quality of an individual's professional background and experience, the Corporate Governance Committee seeks individuals who:

- have integrity, independence, and an inquiring mind; an ability to work with others; good judgment; intellectual competence; and motivation;
- have the willingness and ability to represent all stockholders' interests, and not just the particular constituency that elected the director to serve on the Board;
- have an awareness of and a sensitivity to the public purpose of Farmer Mac and a sense of responsibility to Farmer Mac's intended beneficiaries;
- are willing to commit the necessary time and energy to prepare for and attend Board and committee meetings; and
- are willing and have the ability to advance their views and opinions in a forthright manner, but, upon the conclusion of deliberations, to act in the best interests of Farmer Mac, and, once a decision is reached by a majority, to support the decision.

The Committee recommended five individuals to be considered for election as Class A nominees and five individuals to be considered for election as Class B nominees and the Board of Directors has approved these recommendations. The individuals recommended by the Corporate Governance Committee are referred to collectively as the "Nominees." The Nominees will stand for election to serve for terms of one year each, or until their respective successors are duly elected and qualified. One of the ten Nominees, Michael A. Gerber, is not a current member of the Board standing for re-election. Mr. Gerber was recommended to the Corporate Governance Committee by CoBank, ACB, the holder of approximately 12.6 percent of the Class B Voting Common Stock. No fees were paid to any director search firms or other third parties to assist in identifying and evaluating the Nominees.

In identifying potential candidates for the Board, the Corporate Governance Committee considers suggestions from Board members, management, stockholders and others. From time to time, the Committee may retain a search firm to assist in identifying potential candidates and gathering information about the background and experience of such candidates. The Committee will consider all proposed nominees, including stockholder nominees, in light of the qualifications discussed above and the assessed needs of the Board at the time. For the 2008 Annual Meeting of Stockholders, the Corporate Governance Committee will consider nominees recommended by holders of Farmer Mac's Voting Common Stock, who may submit recommendations by letter to Jerome G. Oslick, Corporate Secretary, Federal Agricultural Mortgage Corporation, 1133 Twenty-First Street, N.W., Suite 600, Washington, D.C. 20036, by January 31, 2008.

If any of the ten Nominees named below is unable or unwilling to stand as a candidate for the office of director on the date of the Meeting or at any adjournment(s) or postponement(s) thereof, the proxies received on behalf of such Nominee will be voted for such substitute or other Nominee(s) as the Board of Directors may designate. The Board of Directors has no reason to believe that any of the Nominees will be unable or unwilling to serve if elected.

Director Independence

The Board of Directors has adopted a formal set of categorical standards to form the basis for determinations of director independence required by NYSE rules. To be considered “independent” for purposes of these standards, the Board must affirmatively determine that a director does not have a material relationship with Farmer Mac other than as a director of Farmer Mac. The Board broadly considers all relevant facts and circumstances in making an independence determination, including the following criteria, among others, in determining whether a director lacks a material relationship and therefore is “independent”:

- (a) the director is not and has not been employed by the Corporation within the past three years;
- (b) the director has not received more than \$100,000 per year in direct compensation from the Corporation, other than director and committee fees, within the past three years;
- (c) the director is not and has not been for the past three years a significant advisor or consultant to the Corporation, and is not affiliated with a Corporation or a firm that is (revenue of the greater of 2% of the other Corporation’s consolidated gross revenues or \$1 million is considered significant);
- (d) the director is not and has not been for the past three years a significant customer or supplier of the Corporation nor affiliated with a Corporation or firm that is (revenue of the greater of 2% of the other Corporation’s consolidated gross revenues or \$1 million is considered significant);
- (e) the director is not and has not been for the past three years employed by or affiliated with an internal or external auditor of the Corporation that provided services to the Corporation within the past three years;
- (f) the director is not and has not been for the past three years employed by another Corporation where any of the Corporation’s present executives serve on that Corporation’s compensation committee;
- (g) the director is not a spouse, parent, sibling, child, mother- or father-in-law, son- or daughter-in-law or brother- or sister-in-law or any person who shares a residence with any person described by (a) through (f);
- (h) the director is not and has not been for the past three years affiliated with a tax-exempt entity that received significant contributions from the Corporation (revenue of the greater of 2% of the entity’s consolidated gross revenues or \$1 million is considered significant); and
- (i) the director does not have any other relationships with the Corporation or the members of management of the Corporation that the Board has determined to be material not described in (a) through (h).

The criteria, which are included in Farmer Mac’s Corporate Governance Guidelines available on the Corporation’s website, www.farmermac.com, in the “Corporate Governance” portion of the “Investors” section, meet all requirements for director independence contained in SEC and NYSE rules.

In April 2007, the Board considered all direct and indirect transactions and relationships between each director (either directly or as a partner, stockholder, officer or director of an entity that has a business relationship with Farmer Mac) and the Corporation and its management to determine whether any such transactions or relationships were inconsistent with a determination that the director is independent. As a result of its review, the Board affirmatively determined that each of the following current directors meets the criteria for director independence set forth above and, therefore, is independent: Julia Bartling, Dennis L. Brack, Ralph W. Cortese, Fred L. Dailey, Grace T. Daniel, Paul A. DeBriyn, Dennis A. Everson, Mitchell A. Johnson, Lowell L. Junkins, Timothy F. Kenny, Glen O. Klippenstein, Charles E. Kruse, John G. Nelson and John Dan Raines. The Board has also determined that Michael A. Gerber, the only Nominee who is not a current member of the Board, meets the criteria for director independence.

In applying the criteria for director independence set forth above, Mr. Hodges was determined to have a material relationship with Farmer Mac, and therefore not to be independent, by virtue of Farmer Mac's receipt of approximately \$829,785 in commitment fees in 2004 from Sacramento Valley Farm Credit, ACA ("SVFC"), of which Mr. Hodges is the President. That amount was approximately 2.7 percent of SVFC's consolidated gross revenues for 2004 (approximately \$31.0 million), which exceeded the 2 percent threshold used to determine whether an entity affiliated with a director is a significant customer of the Corporation. During 2005, Farmer Mac received approximately \$736,000 in commitment fees from SVFC, which was approximately 1.8 percent of SVFC's consolidated gross revenues for 2005 (approximately \$40.0 million). During 2006, Farmer Mac received approximately \$684,000 in guarantee and commitment fees from SVFC, which was approximately 1.4 percent of SVFC's consolidated gross revenues for 2006 (approximately 50.2 million).

In determining that Mr. Gerber and each of the other current directors besides Mr. Hodges is independent, the Board considered that because financial institutions are required to own Voting Common Stock to participate in the Farmer Mac I program, transactions often occur in the ordinary course of business between the Corporation and companies or other entities at which some of Farmer Mac's directors are or have been officers or directors. In particular, with respect to each of the most recent three completed fiscal years, the Board evaluated for each of Messrs. Brack, Cortese, DeBriyn, Gerber, Everson and Raines all transactions between Farmer Mac and the company where he serves as an executive officer or director, including sales of qualified loans and USDA-guaranteed portions and LTSPC and swap transactions and the annual amount of guarantee and commitment fees paid to Farmer Mac by that company and any servicing or other fees received by that company from Farmer Mac. In each case, the transactions had terms and conditions comparable to those applicable to entities unaffiliated with Farmer Mac, and the amount paid to or received from each of these companies in each of the last three years did not exceed the 2 percent of total revenue threshold in the director independence criteria used to determine whether an entity affiliated with a director is a significant customer of the Corporation. The Board determined that none of these relationships it considered impaired the independence of the named individuals. For additional information about transactions between Farmer Mac and entities affiliated with directors, see Note 3 to Farmer Mac's Annual Report on Form 10-K for the year ended December 31, 2006.

The following report of the Audit Committee shall not be deemed to be “soliciting material,” or to be “filed” with the SEC, and will not be deemed to be incorporated by reference into any filing by the Corporation under the Securities Act of 1933 or the Securities Exchange Act of 1934, except to the extent that the Corporation specifically requests that such information be treated as soliciting material or specifically incorporates the report by reference into a document.

The Audit Committee reviewed and recommended reaffirmation of the Audit Committee Charter, which reaffirmation was approved by the full Board on February 1, 2007. The complete text of the charter, which reflects standards set forth in SEC regulations and NYSE listing standards, is available on the Corporation’s website, www.farmermac.com, in the “Corporate Governance” portion of the “Investors” section. The Audit Committee and the Board reviews and approves changes to the Audit Committee Charter annually. The Board of Directors has determined that: (1) all the directors who serve on the Audit Committee are “independent,” as defined in Farmer Mac’s Corporate Governance Guidelines, SEC rules and NYSE listing standards; and (2) Timothy F. Kenny, a member of the Audit Committee, is an “audit committee financial expert,” as defined in SEC rules.

Audit Committee Report for the Year Ended December 31, 2006

To Our Stockholders:

Management is primarily responsible for establishing and maintaining the financial public reporting process, including the system of internal accounting controls, and for the preparation of Farmer Mac’s consolidated financial statements in accordance with accounting principles generally accepted in the United States. The Audit Committee, on behalf of the Board, monitors Farmer Mac’s financial reporting processes and systems of internal accounting control, the independence and performance of the independent auditors and the performance of the internal audit function. The Corporation’s independent auditors are responsible for auditing those consolidated financial statements and expressing an opinion as to their conformity with generally accepted accounting principles and on management’s assessment of the effectiveness of the Corporation’s internal control over financial reporting. In addition, the independent auditors will express their own opinion on the effectiveness of Farmer Mac’s internal control over financial reporting.

Management has represented to the Audit Committee that Farmer Mac’s audited consolidated financial statements were prepared in accordance with accounting principles generally accepted in the United States. The Audit Committee reviewed and discussed Farmer Mac’s audited consolidated financial statements with both management and the Corporation’s independent auditors prior to their issuance. The Audit Committee has discussed with the independent auditors their evaluation of the accounting principles, practices and judgments applied by management, and the Audit Committee has discussed any items required to be communicated to it by the independent auditors pursuant to rules and regulations promulgated by the Securities and Exchange Commission and the Public Company

Oversight Board and the standards established by the American Institute of Certified Public Accountants, including matters required to be discussed pursuant to Statement on Auditing Standards No. 61 (Communication With Audit Committees).

With respect to the Corporation's independent auditors, the Audit Committee, among other things, received from Deloitte & Touche LLP the written disclosures as required by the Independence Standards Board Standard No. 1 (Independence Discussions with Audit Committees) and discussed with them their independence from the Corporation and its management. The Audit Committee has reviewed and pre-approved the audit fees of the independent auditors. It also has approved non-audit services and reviewed fees for such services to assure compliance with applicable provisions of the Securities Exchange Act of 1934, as amended, and applicable rules and regulations to assure compliance with the auditor independence requirements that prohibit independent auditors from performing specified services that might impair their independence as well as compliance with Farmer Mac's and the Audit Committee's policies.

The Audit Committee discussed with Farmer Mac's independent auditors the overall scope of and plans for its audit. Finally, the Audit Committee continued to monitor the scope and adequacy of the Corporation's internal auditing program, including proposals for adequate staffing and to strengthen internal procedures and controls where appropriate.

In reliance upon these reviews and discussions, the Audit Committee recommended to the Board of Directors that the Board approve the inclusion of the Corporation's audited consolidated financial statements in the Corporation's Annual Report on Form 10-K for the fiscal year ended December 31, 2006 for filing with the Securities and Exchange Commission, as filed on March 16, 2007.

— Compensation Discussion and Analysis

General Compensation Philosophy and Pay Elements

Farmer Mac's general compensation and benefits philosophy is to operate a program that will attract and retain talented and dedicated employees and motivate them to act in the best interests of the Corporation. To accomplish those goals, the compensation program is designed to reward the execution of strategies to:

- accomplish the Corporation's Congressional mission as measured by increases in business volume and net income (adjusted for non-economic accounting conventions);
- maintain and enhance effective internal controls;
- increase net income (adjusted for non-economic accounting conventions); and
- enlarge stockholder value.

Executive compensation at Farmer Mac is designed to provide further that the levels and proportions of salary, annual cash incentive awards and long-term incentive award values are consistent with the value and effectiveness of the named executive officers' execution of Board-approved strategies, with due consideration given to the competitive market.

The total compensation package for named executive officers consists of the following, provided with a view to offering a balanced compensation package:

base salary;
annual cash incentive pay;
long-term non-cash incentive pay; and

retirement and other benefits, most of which are similarly provided to all other full-time employees.

Benchmarking and Peer Groups

Farmer Mac was created by Congress to establish a secondary market for agricultural and rural housing mortgages that would increase the availability of credit for agricultural producers, provide greater liquidity and lending capacity for agricultural lenders and facilitate intermediate- and long-term agricultural funding. Farmer Mac's charter, particularly as revised in 1996, casts it in the mold of the other mortgage loan secondary market government-sponsored enterprises ("GSEs"), Federal National Mortgage Association ("Fannie Mae") and the Federal Home Loan Mortgage Corporation ("Freddie Mac"), which have established a mature secondary market for housing mortgages. A third reference point has been SLM Corporation ("Sallie Mae"), a company that began as a government-sponsored enterprise. These three GSEs constitute the peer group for pay purposes.

From the outset, Farmer Mac's Board of Directors and its Compensation Committee recognized that the accomplishment of Farmer Mac's mission would require that it attract, retain and motivate highly qualified personnel capable of addressing the formidable tasks necessary to develop and operate a secondary market for agricultural mortgage loans where none had previously existed, and to persevere in their efforts through what would likely be a number of difficult and uncertain years. The Corporation believes that this approach continues to be sound, inasmuch as the Corporation must compete in the general market for the services of individuals with the education, experience and prior achievements necessary to enhance the financial results and safety and soundness of Farmer Mac's expanding and increasingly complex operations. (In this CD&A, references to the "Board" are to the Board of Directors, and references to the "Committee" are to the Compensation Committee of the Board of Directors.)

Accordingly, the Board and the Committee have undertaken to compensate those employees in a reasonable manner consistent with compensation for executives in other comparable businesses that involve similar duties and responsibilities.

The outcome intended by the Board and the Committee is that pay opportunities for named executive officers should be comparable to those received by persons with similar qualifications and experience (but not necessarily the same position and title) at the peer group companies. Due to the large size of the peer group companies relative to Farmer Mac, the positions considered comparable to them are one level lower than the Farmer Mac position. Farmer Mac's chief executive officer position is considered comparable to a Business Unit Chief Executive or corporate Chief Financial Officer at the peer group companies. These are positions from which Farmer Mac would most likely draw a chief executive officer in the future.

To provide context for the market data drawn from the peer group, the Committee also asks its consultant, Hewitt Associates LLC, to provide data on the pay of the chief executive officers at various cooperative primary lender organizations and monoline bond insurance companies. These figures are for reference only.

This methodology ensures that the Corporation's compensation structure is sufficiently competitive to attract and retain highly qualified executives.

Governance

The Committee makes recommendations to the Board of Directors as to the actual levels of compensation to be awarded. In measuring performance against defined levels based upon business plan objectives and results, the Committee makes comparisons to performance criteria established by the Board and management in the business plan.

The chief executive officer is not present, nor is any other named executive officer, during deliberations on his or her compensation by the Committee or the Board. The compensation of all other named executive officers is based primarily upon the evaluation of their performance during the business plan year by the chief executive officer, as revised in consultation with the Committee.

Market Posture and How Amounts Were Determined: Change in Approach for 2006-2007

The Committee changed its approach to executive compensation, effective July 1, 2006, as described below. The revised compensation program targets pay at the 50th percentile of compensation for all components of comparable pay. This provides management with lesser baseline expectations and greater potential compensation for performance significantly above defined levels.

Compensation Elements

Each element of the pay program is discussed in more detail below.

Base Salary. Base salary is paid to provide current and prospective executives with a predictable core amount of compensation, regardless of the Corporation's financial results, so long as they perform their duties in a competent, professional manner. This element is set at a level that, by itself, would provide executives with a level of financial security slightly less than commensurate with the competitive market, but not at a level expected to be adequate alone to retain executives or motivate outstanding performance.

Base salary is reviewed annually by the Committee in June, at the end of the July-through-June business plan year, as well as at the time of executive promotions or other changes in responsibilities. Increases in salary normally take effect on July 1.

The Committee determines the base salary for the chief executive officer and recommends to the Board the base salary for each of the other named executive officers based on an evaluation of each executive's performance, experience, level of responsibilities, level of base salary and peer group market data provided by the Committee's consultant. For each named executive officer other than the president and chief executive officer, the Committee bases its determinations on recommendations of the chief executive officer in addition to the factors listed in the previous sentence.

Annual Cash Incentive Pay. Annual cash incentive pay is provided as a means of motivating and rewarding outstanding performance by an executive of his or her shorter-term goals, typically those slated for accomplishment in the current year of the business plan. An executive's annual cash incentive pay target is set at a level that, when added to salary, would be expected to produce total cash compensation adequate to retain executives and motivate outstanding performance.

For the 2005-06 year, earned Annual Cash Incentive Pay was based 70% on a qualitative assessment of each executive's performance. A rating of from 0% to 100% was developed for each executive, and multiplied by target bonus to calculate actual bonus.

For the 2006-07 year, each individual whose individual performance is rated 60% or higher will earn varying percentages of his or her targeted bonus, determined formulaically pursuant to the following table:

Measure	Weight	Threshold (Pays 50%)	Target (Pays 100%)	Maximum (Pays 200%)
Earnings before FAS 133, FAS 123R, loan losses and yield maintenance	28%	75% of Business Plan	100% of Business Plan	115% of Business Plan
New total mission volume	28%	80% of Business Plan	100% of Business Plan	180% of Business Plan
Delinquency rate and net charge-offs	14%	<1.5% 90-day delinquencies Chargeoffs = 200% of Business Plan	<1% 90-day delinquencies Chargeoffs = 100% of Business Plan	<0.6% 90-day delinquencies Chargeoffs = 50% of Business Plan
Individual rating	30%	Rating of 60%	Rating of 80%	Rating of 100%
Total	100%			

Long-Term Non-Cash Incentive Pay. Long-term non-cash incentive pay, in the form of at-the-market stock options, is provided as a means of motivating and rewarding outstanding performance by executives as a group that lead to the creation of stockholder value creation over a term typically spanning several business plan years, and retaining them in the Corporation's employ over the longer term.

Option awards are made at the Board meeting held in conjunction with the annual meeting of stockholders and the exercise price is the closing price on the date of award. The number of options granted in 2006 was a function of the market data, the executive's individual rating, the 90-day average stock price preceding the date of grant, and the calculated Black-Scholes value of a single option as a percent of stock price. Options vest one-third per year commencing one year from the grant date.

Retirement Plans. Farmer Mac provides retirement benefits through a Money Purchase Plan, pursuant to which the Corporation annually contributes between 13.2 percent and 18.9 percent of each employee's base compensation. Farmer Mac also offers a 401(k) plan to which employees may make retirement contributions, but to which the Corporation makes no contributions. Farmer Mac does not maintain any supplemental retirement plan for executives.

Other Benefits. The Corporation provides a term life insurance policy with a face amount approximately equal to two years' base compensation for the chief executive officer and one year's base compensation for each of the other named executive officers, as well as long-term disability insurance. Named executive officers also participate in Farmer Mac's other benefit plans on the same

terms as other employees. These plans include medical and dental insurance and a \$50,000 group term life insurance policy.

Mix of Pay. In addition to determining the base salary, cash incentive pay and non-cash incentive pay on the distinct bases described above, the Committee further compares total cash compensation (the sum of base salary and cash incentive pay) of the named executive officers to that of officers at comparator companies, and does likewise for total direct compensation (the sum of base salary, cash incentive pay and non-cash incentive pay). This ensures that the proportional relationships among the compensation elements at Farmer Mac is consistent with those at comparator companies.

Payments in Connection with Any Change-in-Control

Farmer Mac's Congressional charter is written in a way that substantially precludes any change-in-control through voting rights associated with its Class A and B voting common stock. Accordingly, no provision is made for payments to named executive officers in connection with any change-in-control.

Post-Employment Compensation

Mr. Edelman and Ms. Corsiglia have employment contracts that provide severance pay should they be terminated involuntarily not for cause, die or become disabled. Such provisions recognize the regulatory and political environment in which Farmer Mac operates, with consequent job insecurity.

The amount is the lesser of (a) two times base salary or (b) base salary paid through the contract termination date (July 1, 2011 in the case of Mr. Edelman, July 1, 2010 in the case of Ms. Corsiglia). Upon disability, severance would be reduced by any disability payments already received. Noncompete and nonsolicitation provisions apply.

Impact of Accounting and Tax Treatments on Compensation Awards

Farmer Mac does not take into consideration the impact of accounting and tax treatments of compensation to named executive officers in determining their compensation. Farmer Mac's compensation program does, however, discount the impact of FAS 133 and FAS 123R in the determination of income for compensation purposes.

Section 162(m) of the Internal Revenue Code of 1986, as amended, has had no impact because, through 2006, no employee of Farmer Mac has received annual remuneration (as defined in that section) in excess of \$1 million.

Farmer Mac's Policies Regarding Stock Ownership and Trading

Farmer Mac has no policies that require a particular level of stock ownership by named executive officers. Farmer Mac has a policy on insider trading by all employees, including named executive officers, that requires compliance with securities laws and Farmer Mac policies on insider trading (including “windows” for sale of stock and the adoption of Rule 10b5-1 plans) and prohibits trading in options on Farmer Mac securities.

Fred L. Dailey
Ralph W. Cortese

Dennis L. Brack, Chairman
Mitchell A. Johnson
Paul A. DeBriyn

— **Compensation Committee Interlocks and Insider Participation**

Directors Brack, Cortese, Dailey, DeBriyn, and Johnson comprise the Corporation's Compensation Committee. None of these directors is, or has been, an officer or employee of the Corporation, and none had any relationship requiring disclosure by Farmer Mac as a “related person transaction” under SEC rules. None of Farmer Mac's executive officers serve, or have served, as a member of the Board or the Compensation Committee or as a director of another entity.

— **Compensation of Directors**

The directors are required to spend a considerable amount of time preparing for, as well as participating in, Board and Committee meetings. In addition, they are often called upon for their counsel between meeting dates. For those services, each director receives the following compensation: (a) an annual retainer of \$14,000 (\$19,000 for the chairman of the Audit Committee and \$21,500 for the Chairman of the Board); (b) \$1,000 per day, plus expenses, for each meeting of the Board and each Committee meeting (if on a day other than that of the Board meeting) attended; and (c) with the prior

approval of the President of the Corporation, \$1,000 per day, plus expenses, for certain other meetings and conferences with borrowers, lenders or other groups interested in the Farmer Mac program in which they participate. The total cash compensation received by all members of the Board of Directors in 2006 was approximately \$462,000. Since June 13, 1997, each director has been granted options annually to purchase shares of Class C Non-Voting Common Stock under the Corporation's 1997 Incentive Plan, with each such grant occurring on the date of each Annual Meeting of Stockholders and with the option price being determined as of such date. The 6,000 options granted to each member of the Board of Directors in 2006 had a fair value of \$50,187³ at the grant date. The total compensation, cash and options received by all members of the Board of Directors in 2006 was approximately \$1,214,592.

³ The fair value at grant date of options granted during 2006 has been estimated using the Black-Scholes option pricing model with the following assumptions: a dividend yield of 1.6%; an expected volatility of 36.9%; a risk-free interest rate of 5.0%; and an expected life of 4 years.

The following table sets forth the compensation received by each Farmer Mac director in 2006:

⁵For Mr. Hodges, the amount is the sum of the values of the portions of the 2005 and 2006 option grants that vested in 2006 for compensation expense accrual purposes. For all other directors, the amount is the sum of the values of the portions of the 2004, 2005, and 2006 option grants that vested in 2006 for compensation expense accrual purposes. Although a portion of the 2006 option grants are treated as vested for compensation expense accrual purposes, these grants vest one-third on May 31, 2007, 2008 and 2009.

⁶ As of December 31, 2006, Ms. Bartling and Messrs Everson and Hodges (through options he assigned to his employer) each had outstanding options to purchase an aggregate of 12,000 shares of Farmer Mac Class C Non-Voting Common Stock; Mr. Raines had outstanding options to purchase an aggregate of 17,000 shares of Farmer Mac Class C Non-Voting Common Stock; Messrs. Brack, DeBriyn, Johnson, Junkins, Kruse and Nelson each had outstanding options to purchase an aggregate of 29,000 shares of Farmer Mac Class C Non-Voting Common Stock.

⁷Immediately upon grant of any options to him, Mr. Hodges assigns those options to his employer, Sacramento Valley Farm Credit, ACA, of which he is President and Chief Executive Officer.

General. The purpose of Farmer Mac's stock option plans is to encourage stock ownership by directors, officers and other key employees, to provide an incentive for such individuals to expand and improve the business of Farmer Mac and to assist Farmer Mac in attracting and retaining key personnel. The use of stock options is an attempt to align more closely the long-term interests of employees and directors with those of Farmer Mac's stockholders by providing those individuals with the opportunity to acquire an equity interest in Farmer Mac. Farmer Mac's stock option plans are administered by the Compensation Committee of the Board. Because individuals are prohibited by law from owning shares of Farmer Mac's Voting Common Stock, the Corporation uses unrestricted Class C Non-Voting Common Stock for the purpose of granting options under its stock option plans. Under the plans, the option price is required to be paid in cash, and no option holder has any rights as a stockholder with respect to shares subject to an option until the option price has been paid and the shares are issued upon exercise of the option.

1997 Plan. In 1997, the Board adopted the 1997 Incentive Plan (the "1997 Plan"), a broad-based option plan for directors, officers and non-officer employees. The 1997 Plan, as amended, provides for the issuance of a maximum of 3,750,000 nonqualified stock options on Class C Non-Voting Common Stock at an option price determined as of the grant date, with a term of not more than 10 years from such date. The plan provides for the automatic annual grant to directors of 5-year options to purchase 6,000 (split-adjusted) shares of Class C Non-Voting Common Stock, with each grant to occur on the day of the annual meeting (including the Meeting), with the option price to be determined as of such day. Through 2003, options granted under the 1997 Plan vested one-third on the date of grant, one-third the following year and one-third the second following year. Beginning in 2004, options granted under the 1997 Plan vest one-third in each of the first three years following the date of option grant. The Board and management have determined that granting options to qualified non-officer employees would promote a sense of corporate ownership in the best interest of the Corporation. Accordingly, the 1997 Plan permits the grant of options to all employees (not just officers) based on their annual evaluations and to newly-hired employees.

Prior to 2004, the Board approved the issuance of shares authorized under the 1997 Plan to employees and officers, on an individual basis, as annual incentive compensation in connection with their annual evaluations. For officers, the stock vested immediately upon grant, but could not be transferred for one year; for other employees, the stock vested 50 percent after one year and 50 percent after two years. Between 1997 and 2003, the Board approved the issuance of 220,855 shares of Class C Non-Voting Common Stock as annual incentive compensation. Farmer Mac has not issued shares of stock as incentive compensation since June 2003.

If an option holder's employment with Farmer Mac terminates for any reason, including by reason of retirement, the option holder's rights to exercise any option under the 1997 Plan terminate on the earlier of the option expiration date or 90 days after termination (one year in the case of death or disability). Upon a termination for "cause," the options expire immediately. Following the termination of a director's service, vested options will remain exercisable until the earlier of the option expiration date or two years following termination. The 1997 Plan also provides for accelerated vesting of unvested options in the event of an option holder's death or disability.

As of December 31, 2006, options covering 3,295,909 shares (net of cancellations) have been granted under the 1997 Plan, of which 2,145,705 remain outstanding. As of December 31, 2006, 454,091 shares of Class C Non-Voting Common Stock remained available for future issuance of option grants under the 1997 Plan, excluding the shares underlying outstanding options. Options granted under the 1997 Plan during 2006 have exercise prices ranging from \$24.98 to \$26.65 per share.

Employment Agreements with Officers

The Corporation has entered into employment agreements (the “Agreements”) with the members of senior management (for purposes of this section, the “officers”), including the named executive officers, in order to provide them with a reasonable level of job security, while limiting the Corporation’s ultimate financial exposure. Significant terms of the Agreements address each officer’s scope of authority and employment, base salary and incentive compensation (shown as “bonus” in the Summary Compensation Table), benefits, conditions of employment, termination of employment and the term of employment. Although the Agreements generally expire on dates approximately three to four years from the present,¹⁶ the Corporation’s exposure to severance pay and other costs of termination are capped on the basis of the lesser of two years (eighteen months in the case of dissolution) or the remaining term of each Agreement.

Under the Agreements, the officers are entitled to a base salary and discretionary incentive compensation. Base compensation for all officers is paid bi-weekly over the course of each year. The current base salaries for the named executive officers who, as of April 18, 2007, remain executive officers, are: Mr. Edelman, \$538,247; Mr. Buzby, \$237,888; Ms. Corsiglia, \$345,290; Mr. Oslick, \$261,305; and Mr. Stenson, \$282,691. Awards of incentive compensation are considered annually at the end of the business planning year and are determined and payable under the circumstances discussed above in “Compensation Discussion and Analysis.”

The Agreements provide that each officer is entitled to certain benefits, such as disability insurance, health insurance, dental insurance and life insurance, which are, in some cases, above the levels provided to employees generally. See the Summary Compensation Table for information on other benefits extended to the named executive officers.

The Agreements also provide that an officer’s employment may be terminated “without cause” upon payment of severance pay consisting of all base salary scheduled to be paid over the lesser of the remaining term of the Agreement or two years. If the Board of Directors adopts a resolution authorizing a dissolution of the Corporation, the Agreements also may be terminated upon payment of severance pay consisting of all base salary scheduled to be paid until the later of the final date of dissolution or one and one-half years following the effective date of the dissolution. Upon termination of employment due to an officer’s death or disability, the officer will generally be entitled to benefits on the same basis as “without cause”; however, the Corporation’s obligations in such instances are substantially covered by insurance. The Agreements may be terminated by Farmer Mac

¹⁶ The Agreements with the named executive officers expire on July 1 of the following years: Henry D. Edelman, 2011; Timothy L. Buzby, Nancy E. Corsiglia and Tom D. Stenson, 2010; and Jerome G. Oslick, 2007.

for cause, in which event the officer will be paid only accrued compensation to the date of termination.

— **Certain Relationships and Related Person Transactions**

Review of Related Person Transactions

The Board of Directors has adopted a written Related Person Transactions Approval Policy that is administered by the Corporate Governance Committee. This policy applies to any transaction or series of transactions in which Farmer Mac is a participant, the amount involved exceeds \$120,000 and a “related person” has a direct or indirect material interest. The policy requires each director or executive officer involved in such a transaction to notify the General Counsel of each such transaction. Farmer Mac reviews all relationships and transactions in which the Corporation and its directors and executive officers or their immediate family members are participants to determine whether such persons have a direct or indirect material interest. The Corporation’s legal staff is primarily responsible for the development and implementation of processes and controls to obtain information from the directors and executive officers with respect to related person transactions. Under the policy, the General Counsel will determine whether a transaction meets the requirements of a “related person transaction” requiring review by the Corporate Governance Committee. Transactions that fall within this definition will be referred to the Committee for approval, ratification or other action. Based on its consideration of all of the relevant facts and circumstances, the Corporate Governance Committee will decide whether or not to approve the transaction and will approve only those transactions that are in the best interests of the Corporation. If the Corporation becomes aware of an existing related persons transaction that has not been approved under this policy, the matter will be referred to the Corporate Governance Committee, which will then evaluate all options available, including ratification, revision or termination of the transaction. A related person transaction entered into without the Committee’s pre-approval will not violate this policy, or be invalid or unenforceable, so long as the transaction is brought to the Committee as promptly as reasonably practical after it is entered into or after it becomes reasonably apparent that the transaction is covered by this policy. Transactions that are determined to be directly or indirectly material to Farmer Mac or a related person are disclosed in the Corporation’s proxy statement as required under SEC rules.

Transactions with Related Persons in 2006

From time to time, Farmer Mac purchases or commits to purchase qualified loans and USDA-guaranteed portions from, or enters into other business relationships with, institutions that own five percent or more of a class of Farmer Mac’s Voting Common Stock or that have an officer or director who is also a member of Farmer Mac’s Board of Directors. These transactions are conducted in the ordinary course of business, with terms and conditions comparable to those applicable to entities unaffiliated with Farmer Mac. Although Farmer Mac entered into transactions with related persons in 2006, it was determined that none of those transactions resulted in a related person having a direct or indirect material interest that would require disclosure as a “related person transaction” under SEC rules. For additional information about transactions between Farmer Mac and related persons, see Note 3 to Farmer Mac’s Annual Report on Form 10-K for the year ended December 31, 2006.

Item No. 2: Selection of Independent Auditors

The By-Laws of the Corporation provide that the Audit Committee shall select the Corporation's independent auditors "annually in advance of the Annual Meeting of Stockholders and [that selection] shall be submitted for ratification or rejection at such meeting." In addition, the Audit Committee reviews the scope and results of the audits, the accounting principles being applied, and the effectiveness of internal controls. The Audit Committee also ensures that management fulfills its responsibilities in the preparation of the Corporation's financial statements. During the fiscal year ended December 31, 2006, the Audit Committee, which is composed of Messrs. DeBriyn (Chairman), Kenny and Raines and Ms. Bartling, met eleven times.

In accordance with the By-Laws, the Audit Committee has unanimously selected and recommended to the stockholders Deloitte & Touche LLP as the Corporation's independent auditors for the fiscal year ending December 31, 2007. This proposal is put before the stockholders as provided in the By-Laws and in conformity with the current practice of seeking stockholder approval of the selection of independent auditors. The ratification of the appointment of Deloitte & Touche LLP as the Corporation's independent public accountants requires the affirmative vote of a majority of the shares represented in person or by proxy at the Meeting and entitled to be voted.

Representatives of Deloitte & Touche LLP are expected to attend the Meeting. They will have the opportunity to make a statement if they desire to do so and will be available to answer appropriate questions from stockholders present at the Meeting.

The Board of Directors recommends a vote FOR the proposal to ratify the selection of Deloitte & Touche LLP as independent auditors for the Federal Agricultural Mortgage Corporation for 2006. Proxies solicited by the Board of Directors will be so voted unless holders of the Corporation's Voting Common Stock specify to the contrary on their proxies, or unless authority to vote is withheld.

Audit Fees

Deloitte & Touche LLP billed Farmer Mac an aggregate \$1,363,215 and \$1,293,078 for professional services rendered for the audit of Farmer Mac's annual financial statements, the audit of management's assessment of the effectiveness of internal control over financial reporting under Section 404 of the Sarbanes-Oxley Act of 2002, and the reviews of the financial statements included in Farmer Mac's quarterly reports on Form 10-Q for 2006 and 2005, respectively.

Audit-Related Fees

Deloitte & Touche LLP billed Farmer Mac an aggregate \$595,224 and \$84,447 for assurance and related services that were reasonably related to the performance of the audit of Farmer Mac's annual financial statements and the reviews of the financial statements included in Farmer Mac's quarterly reports on Form 10-Q in 2006 and 2005, respectively, and are not reported in "Audit Fees." Of the billed fees for 2006, \$512,967 were fees related to Farmer Mac's restatement of its financial

statements on Form 10-K/A as of December 31, 2005, Form 10-Q/A as of March 31, 2006 and Form 10-Q/A as of June 30, 2006. The remaining billed fees for 2006 were for the issuance of comfort letters, various accounting consultations and other technical issues.

Tax Fees

Deloitte & Touche LLP billed Farmer Mac an aggregate \$38,500 and \$28,250 for professional services rendered for tax compliance, tax advice and tax planning for 2006 and 2005, respectively. These services were for the preparation of Farmer Mac's federal tax returns.

All Other Fees

Deloitte & Touche LLP did not bill Farmer Mac for any other fees in 2006 or 2005 other than the audit and review fees, audit-related fees and tax fees referred to above.

Audit Committee Pre-Approval Policies

Pursuant to the Audit Committee Charter and consistent with SEC policies regarding auditor independence, the Audit Committee considers and pre-approves, as appropriate, all auditing and permissible non-auditing services provided Farmer Mac's independent auditor prior to the engagement of the independent auditors with respect to such services. One hundred percent of the services provided by Deloitte & Touche LLP in 2005 and 2006 were pre-approved by the Audit Committee.

Section 16(a) Beneficial Ownership Reporting Compliance

Section 16(a) of the Securities Exchange Act of 1934 requires Farmer Mac's officers and directors, and persons who beneficially own more than ten percent of a registered class of Farmer Mac's equity securities, to file reports of ownership and changes in ownership on Forms 3, 4 and 5 with the SEC. Officers, directors and greater than ten percent stockholders are required by SEC regulation to furnish Farmer Mac with copies of all Forms 3, 4 and 5 filed.

Based solely on Farmer Mac's review of its corporate records, which include copies of forms it has received, and written representations from certain reporting persons that they were not required to file a Form 5 for specified fiscal years, Farmer Mac believes that all of its officers, directors and beneficial owners of greater than ten percent of any class of equity securities complied with all Section 16(a) filing requirements and timely filed all reports applicable to them for transactions during 2006, except that a Form 4 reporting a transaction involving the exercise of stock options and the sale of the acquired Farmer Mac Class C Non-Voting Common Stock in June 2006 by Dennis A. Everson, a director, was not timely filed.
