Item 5.02 Departure of Directors or Certain Officers; Election of Directors; Appointment of Certain Officers; Compensatory Arrangements of Certain Officers.

On December 1, 2016, the Compensation Committee (the “Committee”) of the Board of Directors of Helix Energy Solutions Group, Inc. (the “Company”) approved an amendment to the Company’s 2005 Long-Term Incentive Plan, as amended (the “LTIP”), to allow, at the discretion of the Committee, share netting for taxes up to the maximum statutory tax rate. This amendment will be effective January 1, 2017. The LTIP as amended is attached as Exhibit 10.1.

The Committee on December 1, 2016 also approved a long-term incentive program for the Company’s executive officers for 2017, consisting of the same elements as prior years’ programs (half in time vesting restricted stock and half in cliff vesting performance share units (“PSUs”)), and also determined and approved a structural change to the PSU component of the long-term incentive program for the Company’s executive officers. The program has been changed from prior years to eliminate the quintile total shareholder return (“TSR”) performance concept for payout (if any) of PSU awards issued under the LTIP and to include the following: (i) zero payout if the Company’s TSR ranks below the 30th percentile, (ii) payout at 50% of target if the Company’s TSR is at the 30th percentile, (iii) payout at 100% of target if the Company’s TSR is at the 50th percentile, (iv) payout at 200% of target if the Company’s TSR is at or above the 90th percentile, and (v) payout is interpolated on a linear basis if the Company’s TSR is between the 30th and 90th percentiles.

In addition to abandoning the quartile concept in favor of linear interpolation, for 2017 the threshold required for any payout of PSUs was raised from the 20th percentile to the 30th percentile, and the threshold for a 200% payout was raised from the 80th percentile to the 90th percentile. Any payout of PSUs granted in 2017 is to be made solely in stock.

To reflect the above modifications, on December 1, 2016, the Committee also adopted a revised form of award agreement for the PSU grants to be issued under the LTIP. That form of award agreement will be utilized until the Committee determines otherwise and is attached as Exhibit 10.2.

Information related to the other elements of total compensation for the Company’s named executive officers will be disclosed in the Company’s 2017 Proxy Statement to the extent required by the rules related to proxy statements and the disclosure of executive compensation.
