Item 1.01. Entry into a Material Definitive Agreement.

On August 10, 2018, SunStrong Capital Acquisition, LLC (“Borrower”), a wholly-owned subsidiary of SunPower Corporation (the “Company”), and SunStrong Capital Lender LLC, an indirect subsidiary of Hannon Armstrong Sustainable Infrastructure Capital, Inc. (the “Lender”), entered into a Loan Agreement (the “Loan Agreement”) under which the Borrower borrowed a subordinated, mezzanine loan of \$110.5 million (the “Loan”). Amounts borrowed under the Loan Agreement will be used to fund reserve accounts or otherwise reserved until the satisfaction of certain conditions precedent, retire certain preferred equity, and used to pay fees, expenses and transaction costs. The remaining amounts will be distributed by the Borrower to the Company.

The Loan may not be prepaid except for certain mandatory prepayments and, during the period after December 31, 2018 and prior to June 30, 2019, prepayment of an amount equal to the sum of all the outstanding principal and accrued and unpaid interest, 5.0% of the outstanding principal of the loan, and the Lender’s reasonable documented costs and expenses in connection with negotiation and documentation of the Loan Agreement. The obligations under the Loan Agreement are secured by the assets of, and equity in, the Borrower. The Company has agreed to further indemnify Lender for losses incurred by Lender related to breaches of certain representations and warranties, the modification, termination or delinquency of certain residential solar project leases, and reassessments of property taxes related to the leased property.

Borrowings under the Loan Agreement will bear interest at a rate of 12% per annum, payable on the last business day of each March, June, September and December during the term, on the date of any prepayment with respect to the principal amount of the Loan being prepaid, and on the maturity date of August 10, 2043. The subordinated Loan will be repaid with revenue from the residential lease portfolio that is distributed to Borrower following distributions to tax equity partners and the repayment of senior debt. The Loan Agreement includes representations and warranties, covenants, and events of default customary for financing transactions of this type.

The foregoing description of the Loan Agreement is not a complete description of all terms and is qualified in its entirety by reference to the full text of the Loan Agreement, a copy of which is filed as an exhibit hereto and incorporated by reference herein.
