REPORT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

Plan Administrator
The Taubman Company and
Related Entities Employee
Retirement Savings Plan
Bloomfield Hills, Michigan

We have audited the accompanying statements of net assets available for benefits of The Taubman Company and Related Entities Employee Retirement Savings Plan (the Plan) as of December 31, 2004 and 2003, and the related statement of changes in net assets available for benefits for the year ended December 31, 2004. These financial statements are the responsibility of the Plan s management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with the standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of the Plan as of December 31, 2004 and 2003, and the changes in net assets available for benefits for the year ended December 31, 2004 in conformity with accounting principles generally accepted in the United States of America. Our audits were performed for the purpose of forming an opinion on the basic financial statements taken as a whole. The supplemental schedules, listed in the Table of Contents, are presented for the purpose of additional analysis and are not a required part of the basic financial statements, but are supplementary information required by the Department of Labor s Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. The supplemental schedules are the responsibility of the Plan s management and have been subjected to the auditing procedures applied in the audit of the basic financial statements and, in our opinion, are fairly stated in all material respects in relation to the basic financial statements taken as a whole.

THE TAUBMAN COMPANY AND RELATED ENTITIES EMPLOYEE RETIREMENT SAVINGS PLAN

**NOTES TO FINANCIAL STATEMENTS
YEARS ENDED DECEMBER 31, 2004 AND 2003**

1. THE PLAN

The Taubman Company (Company) and Related Entities Employee Retirement Savings Plan (Plan) is designed to enable certain employees of the participating companies to systematically save funds to supplement their retirement incomes

Edgar Filing: TAUBMAN CENTERS INC - Form 11-K

through salary reduction agreements. The Plan has been amended and restated several times, the latest amendment and restatement being January 1, 2001, to comply with tax regulations and enhance benefits.

Related Entities These are affiliated companies, which have approved the Plan and have been accepted for participation by the Company.

Participants Employees of the Company and Related Entities become participants if they are not covered by a collective bargaining agreement, are 21 years old, and have completed their probationary period. Entry is permitted monthly on the first day of the month following 90 consecutive days of employment. An individual who is employed as an on-call or temporary employee shall be eligible to participate in the Plan if the individual completes 1,000 hours of service in a Plan year. As of December 31, 2004 and 2003, there were 1,033 and 1,187 participants, respectively, in the Plan.

Basic Employee Contributions A participant who elects to contribute to the Plan may make basic contributions from 3% to 25% of compensation, subject to the limitations specified in the Plan and by tax regulations. The maximum contribution of 25% is subject to the results of the actual deferral percentage test as defined in the Plan and, therefore, can vary from year to year. Effective October 1, 2002, all employees who are eligible to make employee contributions under the Plan and who have attained age 50 before the close of the Plan year are eligible to make catch-up contributions in accordance with and subject to the limitations of Section 414(v) of the IRS Code. In addition, contributions may be rolled over from other qualified pension or profit-sharing plans. No after-tax contributions are permitted except to recharacterize employee contributions in order to satisfy the nondiscrimination tests.

Employer Matching and Supplemental Contributions A participant is eligible to receive Employer Matching Contributions and Employer Supplemental Contributions on the first day of the month after the employee completes one year of service. A monthly employer matching contribution and supplemental contribution, subject to the limitations specified in the Plan and by tax regulations, is made by the applicable participating company. The amount contributed is based on the employee contribution percentage according to the following schedule:

Employee Contribution Percentage	Employer Contribution Percentage
0%	2%
3	3
4	4
5	5
6	6
7 or more	7

The Company also makes an employer contribution for participants whose base salary exceeds the Social Security wage base (up to a maximum 2% of such excess compensation) subject to limitations specified in the Plan by tax regulations.

THE TAUBMAN COMPANY AND RELATED ENTITIES EMPLOYEE RETIREMENT SAVINGS PLAN

Vesting Other than employer contributions, participant account balances are 100% vested. Employer contributions are vested as follows:

Full Years of Service	Vesting Percentage
1	10%
2	30
3	50
4	70
5 or more	100

Edgar Filing: TAUBMAN CENTERS INC - Form 11-K

Participants receive a year of vesting service as of each anniversary of their hire date. The employee becomes fully vested at retirement age, defined by the Plan as 65, or upon death or disability or a change of control of the Company (as defined in the Plan and amended May 11, 2003) while employed.

Forfeitures Nonvested contributions become forfeitures at the point the participant terminates employment. Forfeitures reduce the cash required by the participating companies to fund their contributions. Forfeitures arising from the termination of participants who are not fully vested at the time of their termination are allocated pro-rata share on matching contributions for the plan year. The forfeitures amount is \$61,063 as of December 31, 2004.

Allocations Participants' accounts are valued daily.

Participant Loans A participant may have a maximum of two loans, one obtained during any 12 month period, at rates so stipulated by the Plan's administrative committee. The sum of all loans to a participant cannot exceed the lesser of 50 percent of the total vested accrued benefits of the participant or \$50,000 reduced by the highest outstanding balance of loans during the one-year period ending on the day before the loan is granted. Plan earnings are not allocated to the portion of the participant's account balance borrowed. However, interest paid by the participant is credited to the individual participant's account balances.

Withdrawals A participant may withdraw at any time an amount from his voluntary after-tax contribution balance, rollover, or prior Trust balance. A participant who has attained age 65 may also withdraw amounts credited to his Elective Deferral Account, Employer Matching Contribution Account, and Supplemental Employer Contribution Account.

Once during any 12 month period, a participant may request a hardship withdrawal from his employee contribution account or, if fully vested, his employer contribution accounts as defined in the Plan. The hardship withdrawal must be approved by the administrative committee and, once permitted, the participant cannot contribute to the plan during the following 6 months.

Benefit Payments A participant's account becomes payable following termination of employment as soon as the paperwork is submitted to the record keeper. Benefit payments generally are made in lump-sum distributions. Benefits are payable in a lump sum, fixed periodic payments, or annuity, as selected by the participant if the participant is disabled or has attained age 59 ½. All vested benefits transfer to beneficiaries upon death of the participant.

For a complete description of vesting and benefit provisions, reference should be made to the Plan document, which is available to all participants.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting The accompanying financial statements have been prepared on the accrual basis of accounting.

Investments The investments of the Plan are stated at fair value, as determined by quoted market prices.

Net Appreciation/Depreciation on Investments includes net unrealized gains and losses in accordance with the policy of stating investments at fair values.

Payment of Benefits Benefits are recorded when paid.

Security Transactions Purchases and sales are accounted for on the trade date. Interest and dividend income are reported as earned on an accrual basis. Net gains and losses are computed using the average cost.

Administrative Expenses All administrative expenses of the Plan are currently being paid by the participating companies.

Use of Estimates The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of net

Edgar Filing: TAUBMAN CENTERS INC - Form 11-K

assets available for benefits and changes therein. Actual results could differ from those estimates. The Plan utilizes various investment instruments. Investment securities, in general, are exposed to various risks, such as interest rate, credit, and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such change could materially affect the amounts reported in the financial statements.

4. TERMINATION OF THE PLAN

Although it has not expressed any intent to do so, the Company has the right to terminate the Plan subject to the provisions of ERISA. In accordance with the Plan, if a participating company withdraws from or terminates the Plan as to its employees, all employees of such company will become fully vested in their contribution account balances. In the event of termination, the administrative committee, in its sole discretion, may direct payment of such amounts in cash, in assets of the Plan, or in the form of immediate or deferred payment annuity contracts.

5. TAX STATUS

The Internal Revenue Service has determined and informed the Company by letter dated September 20, 2002, that the Plan, as amended and restated on January 1, 2001, meets the requirements of Sections 401(a) and 401(k) of the Internal Revenue Code and is exempt from federal income tax under Section 501(a) of the Code.

6. RELATED-PARTY TRANSACTIONS

Certain Plan investments are shares of mutual funds managed by Vanguard Fiduciary Trust. Vanguard Fiduciary Trust is the trustee as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions. These transactions are, however, exempt from ERISA's prohibited transaction rules by virtue of a Class Exemption issued by the Department of Labor.
