PROXY STATEMENT

General

This proxy statement and the accompanying 2001 Annual Report to Shareholders, the Notice of Annual Meeting and the proxy card are being furnished to the shareholders of Lithia Motors, Inc., an Oregon corporation, in connection with the solicitation of proxies by our Board of Directors for use at our 2002 Annual Meeting of Shareholders (the Annual Meeting). The Annual Meeting will be held at the Ashland Springs Hotel, 212 E. Main Street, Ashland, Oregon 97520 on Wednesday, May 8, 2002, at 4:00 p.m. Pacific Daylight Savings Time and any adjournment thereof. These proxy materials and our 2001 Annual Report to Shareholders are being mailed on or about April 5, 2002 to shareholders of record on March 20, 2002 of our common stock and Series M preferred stock.

Solicitation and Revocation of Proxies

The Board of Directors is soliciting proxies for use at the Annual Meeting. All expenses associated with this solicitation will be borne by us.

The two persons named as proxies on the enclosed proxy card, Sidney B. DeBoer and M. L. Dick Heimann, were designated by the Board of Directors. All properly executed proxies will be voted (except to the extent that authority to vote has been withheld) and where a choice has been specified by the shareholder as provided in the proxy card, it will be voted in accordance with any specification made. Proxies submitted without specification will be voted to elect the nominees for directors proposed by the Board of Directors and for each of the proposals listed on the Notice of Annual Meeting.

A proxy may be revoked by a shareholder prior to its exercise by written notice to the Secretary of Lithia Motors, by submission of another proxy bearing a later date or by voting in person at the Annual Meeting. Such notice or later dated proxy will not affect a vote on any matter taken prior to its receipt by us.

Our principal executive office and mailing address is at 360 E. Jackson Street, Medford, Oregon 97501.

Voting at the Meeting

The Class A common stock, Class B common stock and Series M preferred stock constitute the only classes of securities entitled to notice of and to vote at the meeting. As of the record date, there were 13,858,532 shares of Class A common stock, 3,918,231 shares of Class B common stock and 4,499 shares of Series M preferred stock outstanding and entitled to vote. All shares vote together as a single voting group on all matters submitted to a vote of the shareholders at this year's Annual Meeting.

At the annual meeting, each share of Class A common stock is entitled to one vote per share, each share of Class B common stock outstanding is entitled to ten votes per share and each share of Series M preferred stock is entitled to 54.30 votes per share. For a quorum to exist, there must be represented at the meeting in person or by proxy shares representing a majority of the votes entitled to vote at the meeting.

Proxies that expressly indicate an abstention as to a particular proposal and broker non-votes will be counted for purposes of determining whether a quorum exists at the Annual Meeting.

Directors are elected by a plurality of the votes cast and only votes cast in favor of a nominee will be counted. Therefore, abstention from voting or nonvoting by brokers will have no effect. Each of the three proposals will be approved if more votes are cast in favor of the proposal than cast against it. Therefore, abstention from voting and nonvoting by brokers will have no effect on the approval of these proposals.

Meetings and Committees of the Board of Directors

The Board of Directors held four regular meetings during the year ended December 31, 2001.

The Compensation Committee, consisting of Messrs. Becker (Chairman), Taylor and Young, all independent directors, reviews and approves salaries, grants of stock options and other incentive compensation for the executive officers. The Compensation Committee also administers our 2001 Stock Incentive Plan and our 1998 Employee Stock Purchase Plan. The Compensation Committee held three meetings during 2001.

The Audit Committee, consisting of Messrs. Becker (Chairman), Taylor and Young, is responsible for overseeing our accounting functions, our system of internal controls established by management, and the processes to assure compliance with applicable laws, regulations and internal policies. The Audit Committee held three meetings during 2001.

Each member of the Audit Committee is independent, as independence is defined under Rule 303.01 of the corporate governance standards of the New York Stock Exchange. The Board has adopted an Audit Committee Charter, which provides that employees of the Company are not eligible to serve on the Audit Committee. The charter further provides that at least one member shall have had past employment experience in finance or accounting, requisite professional certification in accounting, or any other comparable experience or background which results in the individual's financial sophistication, including service as a chief executive officer, chief financial officer or other senior officer with financial oversight responsibilities. The Board believes that each of the current members of the Audit Committee has employment experience that provides them with appropriate financial sophistication to serve on the Audit Committee.

The Nominating Committee consists of Messrs. DeBoer, Heimann and Young. The Nominating Committee makes recommendations to the Board of Directors of persons to be nominated to serve on the Board. The Committee will also consider recommendations received from shareholders. The Nominating Committee held one meeting during 2001.

Compensation of Directors

Directors who are not employees were paid \$15,000 as an annual retainer in 2001. During 2001, each non-employee director also received options exercisable for 1,000 shares of our Class A common stock. The options were granted at the fair market value of our common stock on the date of grant and vest six months after the date of grant. Directors who are employees do not receive any additional compensation for serving as a director. All directors are reimbursed for out-of-pocket expenses incurred in connection with attending Board and committee meetings.

Starting May 1, 2002, directors who are not employees will receive cash compensation of \$18,000 per year, the 1,000 share option grant noted above and a grant of Class A common stock on June 1 following each years service of 200 shares plus an additional 100 shares for service on one or more committees and 50 shares for each committee chairmanship.

Proposal No. 2

**Approval of an Amendment to the Lithia Motors, Inc. 2001 Stock Option Plan
to Increase the Number of Shares Available for Grant Under the Plan.**

Our shareholders have previously approved the Lithia Motors, Inc. 2001 Stock Option Plan (the Plan). Stock options provide our management employees and directors with incentives to increase productivity and profitability, thereby enhancing shareholder value. We believe that an important component of total compensation is the long-term incentives a grant of stock options provides. Further, we believe such grants enable us to attract and retain the most highly qualified officers and managers. We have, in the past, provided, and plan to continue to provide, ownership opportunities to these individuals and non-employee directors in the form of stock options to purchase our Class A common stock. This allows us to provide total compensation at competitive levels without placing undue demands on our capital resources or reported earnings.

As of March 20, 2002, we had outstanding option grants for 1,401,451 shares, with existing authority to issue grants for an additional 257,600 more shares. Prior to our recently completed public offering, the outstanding options and remaining authority represented 13.1% of our outstanding shares.

Our Board of Directors, upon recommendation of our Compensation Committee, approves the grant of options each year. During 2001, options for a total of 312,400 shares were granted. As our group of management employees continues to grow, we anticipate that the need for future grants may increase. To provide an available pool to accommodate these anticipated grants, the Board of Directors has approved an amendment to the Plan to increase the total number of shares authorized to be issued under the Plan from 600,000 to 1.2 million. Assuming our shareholders approve this amendment, we would have 857,600 shares available for future grants under the Plan as of March 20, 2002, which together with the outstanding grants, would equal 12.7% of our current outstanding common shares. A summary of the significant terms of the Plan is attached as Appendix A to this proxy statement.

**The Board of Directors unanimously recommends that our shareholders vote in
favor of the adoption of the amendment to the 2001 Stock Option Plan.**

Proposal No. 3

Approval of an Amendment to the 1998 Employee Stock Purchase Plan to Increase the Number of Shares Issuable Under the Plan

Our shareholders have previously approved the 1998 Employee Stock Purchase Plan (the ESPP) which permits eligible employees to purchase our Class A common stock via payroll deductions at a price equal to the lower of 85% of the market price of such shares on the first day or the last day of each fiscal quarter.

We recommended the ESPP as a tool to encourage employee ownership of our stock in a belief that such ownership would heighten their commitment and efforts to the Company. We believe the ESPP is a success and is achieving its desired results. During 2001, 733 employees (approximately 20% of those eligible) participated in the program and purchased a total of 142,433 shares. Deductions are limited to 10% of a participant's base pay but no more than an amount sufficient to purchase shares having a fair market value of \$25,000 in any plan year.

Currently, the ESPP authorizes the sale of 500,000 shares. As of March 20, 2002, 385,408 shares have been sold under the ESPP, leaving 114,592 shares available for purchase. Upon recommendation of our Compensation Committee, the Board of Directors approved an amendment to the ESPP to increase the total shares available under the ESPP from 500,000 to 1.0 million. Assuming our shareholders approve the amendment, we would have 614,592 shares available for future purchases at March 20, 2002.

Because employees who control 5% or more of the total voting power of all classes of our stock are not eligible, Messrs. Sidney DeBoer, Heimann and Gray are not currently eligible to participate in the ESPP. Messrs. Jeffrey DeBoer, Bryan DeBoer and Mark DeBoer are not able to participate because of their family relationship with Sidney DeBoer.

A more complete summary of the ESPP is set forth in Appendix B, attached.

The Board of Directors unanimously recommends that the shareholders vote in favor of the amendment to the 1998 Employee Stock Purchase Plan.

Proposal No. 4

To Ratify and Approve the Previous Issuance of 514,238 Shares of Class A Common Stock upon Conversion of 10,360 shares of Series M Preferred Shares Issued as Partial Consideration for the May 1999 Purchase of Certain Dealerships from the Moreland Group

In May 1999, we entered into a series of agreements with W. Douglas Moreland purchasing seven dealerships, primarily in Colorado, from his group of stores. As part of the purchase price, we issued 1,576,461 shares of Class A common stock and 14,859 shares of Series M Preferred Stock.

The Series M Preferred Stock votes with Class A common stock on an as if converted basis. The Series M Preferred Stock is convertible into Class A common stock at our option at any time and at the option of the holder under limited circumstances. The Series M Preferred Stock is also redeemable at our option. The Series M Preferred Stock converts into Class A common stock based on a formula that divides the average Class A common stock price for a 15-day period into one thousand and then multiplies such amount by the number of Series M Preferred Shares being converted. The Series M Preferred Stock does not have a dividend preference, but participates in any dividends on an as if converted basis. The Series M Preferred Stock has a \$1,000 per share liquidation preference. In June 2001 and January 2002, we converted a total of 10,360 shares of Series M Preferred Stock into 514,238 shares of Class A common stock.

Our Class A common stock is listed on the New York Stock Exchange. Rules of the NYSE require prior shareholder approval of the issuance of Class A common stock in any transaction or series of transactions if the number of shares to be issued exceeds 20% of the number of share previously outstanding.

The Class A common stock initially issued to the Moreland Group was within the 20% limit and did not require shareholder approval. However, the additional Class A common stock issued upon conversion by the Company of the 10,360 shares of Series M Preferred Stock moderately exceeded the 20% threshold. A resolution was submitted and approved by the shareholders at last years annual shareholders meeting to approve this conversion but since the item had not been included in the notice of the meeting or in our proxy statement, the NYSE has asked that the action be resubmitted this year and included in our proxy materials.

The Board of Directors unanimously recommends that the shareholders vote in favor of the proposal to ratify and approve the previous issuance of the 514,238 shares of Class A common stock upon conversion of 10,360 shares of Series M Preferred Stock.

- (A) Includes a years of service bonus for each of the Named Executive Officers of \$3,500 in 1999, \$1,000 in 2000 and \$3,500 in 2001. All full-time employees are entitled to an annual years of service bonus for each year of employment (maximum of ten years) in an amount determined by management in its discretion at year-end.

The remainder of the bonus amounts for 2001 were awarded by the Compensation Committee based upon a discretionary plan approved by the Board of Directors. The award amounts were determined on the basis of achieving or exceeding both Company specific and individual performance goals. For 2002, the Compensation Committee has approved a discretionary Executive Bonus Program that provides for a base salary match of up to 150% for each of the executive officers if the Company performs at or above specific targets in six areas: achieving manufacturer determined minimum sales levels; customer satisfaction levels; earnings per share; same store sales and profit growth; operating margins and return on average equity. If target levels are not achieved in any of these areas, the amount of the salary match would be reduced or eliminated.

- (B) Includes an automobile allowance and Company contributions to employees 401(k) account.

Stock Options

The following table contains information concerning the grant of stock options under the Company's 2001 Stock Incentive Plan to the Named Executive Officers in 2001.

	Number of Securities Underlying Options Granted	% of Total Options Granted to Employees in Fiscal Year	Exercise Price (\$/Sh.)	Expiration Date	At Assumed Annual Rates of Stock Price Appreciation for Option Term (B)

Bryan DeBoer	8,000	2.6%	\$ 19.24	12/26/11	\$ 96,930	\$ 245,516

(A) All options granted to the Named Executive Officers during 2001 vest 100% on the fifth anniversary of the grant date and expire on the tenth anniversary of the grant date. Options for 5,197 shares awarded to each of Messrs. Gray and Jones were incentive stock options. The balance of those awards and all awards to the other Named Executive Officers were non-qualified stock option grants.

(B) These calculations are based on certain assumed annual rates of appreciation as prescribed by rules adopted by the Securities and Exchange Commission requiring additional disclosure regarding executive compensation. Under these rules, an assumption is made that the shares underlying the stock options shown in this table could appreciate at rates of 5%

and 10% per annum on a compounded basis over the term of the stock options. Actual gains, if any, on stock option exercises are dependent on the future performance of our Class A common stock and overall stock market conditions. There can be no assurance that amounts reflected in this table will be achieved, or may not be exceeded.

Option Exercises and Holdings

The following table provides information concerning the exercise of options during 2001 and unexercised options held as of the end of the fiscal year, with respect to the Named Executive Officers.

Employment Agreements

We entered into an employment agreement with Mr. Moreland dated May 14, 1999. The agreement is for a term of three years and provides for an initial annual base salary of \$180,000, plus an incentive bonus based on the annual increase in profits of the dealerships under his direction. The agreement is not being renewed.

REPORT OF COMPENSATION COMMITTEE ON EXECUTIVE COMPENSATION

The Compensation Committee of the Board of Directors consists of Messrs. Becker (Chairman), Taylor and Young. The members are non-employee, outside directors and are responsible for establishing compensation of officers who also serve on the Board of Directors and proposing other compensation and incentive plans for the executive officers including the Named Executive Officers.

Compensation Philosophy and Policies

Our goal is to structure executive officer compensation to attract, motivate and retain senior management by providing an opportunity for competitive compensation based on performance. Executive officer compensation includes competitive base salaries, performance based bonuses and long-term stock-based incentive opportunities in the form of options exercisable to purchase our Class A common stock.

It is the policy of the Committee to structure, to the extent possible, compensation that meets the performance-based criteria as defined by Section 162(m) of the Internal Revenue Code of 1986, as amended, and therefore is not subject to federal income tax deduction limitations.

Base Salaries

Base salaries for the Named Executive Officers were determined on factors including, but not limited to, the responsibilities assigned to such persons and the salaries for comparable positions within the industry.

Annual Bonuses

For 2001, we proposed, and the Board approved, a discretionary bonus plan and at year-end made bonus awards to the Chief Executive Officer and other executive officers. Award amounts were determined on the basis of achieving and, in certain cases, exceeding Company specific and individual performance goals.

For 2002, the Compensation Committee has approved a revised Executive Bonus Program, which anticipates discretionary bonuses of up to 150% of base salary for each executive officer, if each of the six Company specific performance targets are achieved. Awards would be reduced or eliminated if some or all of the levels are not met in full.

Stock Incentive Plan

The Company's 2001 Stock Incentive Plan provides for the issuance of incentive and/or nonqualified stock options to officers and other key employees to purchase shares of our Class A common stock. See "Option Grants in Last Fiscal Year" table for a summary of options granted to the Named Executive Officers during 2001.

Employee Stock Purchase Plan

The Company maintains an Employee Stock Purchase Plan, which covers substantially all eligible full-time employees. Messrs. Sidney B. DeBoer, Heimann and Gray are not eligible to participate in the Employee Stock Purchase Plan since employees who control 5% or more of the total voting power of all classes of the Company's stock are not eligible. Messrs. Jeffrey DeBoer, Bryan DeBoer and Mark DeBoer are not able to participate because of their family relationship with Sidney DeBoer.

STOCK PERFORMANCE GRAPH

The following line-graph shows the annual percentage change in the cumulative total returns for the past five years on an assumed \$100 initial investment and reinvestment of dividends, on (a) Lithia Motors, Inc.'s Class A common stock; (b) the Russell 2000; and (c) a peer group index composed of United Auto Group, Inc., Auto Nation (formerly Republic Industries, Inc.), Sonic Automotive, Inc. and Group 1 Automotive, Inc., the only other comparable publicly traded automobile dealerships in the United States as of December 31, 2001. The peer group index utilizes the same methods of presentation and assumptions for the total return calculation as does Lithia Motors and the Russell 2000. All companies in the peer group index are weighted in accordance with their market capitalizations.

CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS

During 2001, Jeffrey B. DeBoer, our Senior Vice President and Chief Financial Officer, earned compensation of \$577,343, including an annual performance based bonus of \$297,000. In addition, Jeff DeBoer was granted a non-qualified stock option for 8,000 shares of Class A common stock at an exercise price of \$19.24 per share, the fair market value of the Class A common stock on the date of grant. This option does not vest until December 2006 and will expire in December 2011. Jeff DeBoer is the son of Sidney B. DeBoer, our Chairman and Chief Executive Officer. We believe that the compensation paid to Jeff DeBoer is appropriate for his responsibilities and performance during the year.

During 2001, we paid Mark DeBoer Construction, Inc. \$7.9 million for constructing or remodeling certain of our stores. These amounts included approximately \$7.1 million for subcontractors and materials, permits, licenses, travel and various miscellaneous fees and approximately \$800,000 for construction management fees to cover the company's operating expenses and compensation of its employees. Mark DeBoer, the President and owner of Mark DeBoer Construction, is the son of Sidney B. DeBoer, our Chairman and Chief Executive Officer. We believe the amount paid is fair in comparison with fees negotiated with independent third parties.

In May 1999, we purchased certain dealerships owned by W. Douglas Moreland for a total consideration of approximately \$66.0 million, at which time Mr. Moreland became a member of our Board of Directors. During the normal course of business, these dealerships paid \$2.5 million in 2001 to other companies owned by Mr. Moreland for vehicle purchases, recourse paid to a financial lender and management fees. We also made lease payments of \$3.0 million in 2001 to other companies owned by Mr. Moreland pursuant to the lease agreements entered into at the time of the dealership purchases in 1999. At the time the lease agreements were negotiated, Mr. Moreland was not affiliated with our Company.

INDEPENDENT ACCOUNTANTS

KPMG LLP was our independent accountant for the year ended December 31, 2001. A representative of KPMG LLP is expected to be present at the Annual Meeting. The representative will be given the opportunity to make a statement on behalf of the firm if such representative so desires, and will be available to respond to appropriate shareholder questions.

REPORT OF THE AUDIT COMMITTEE

The Audit Committee of the Board of Directors reports to the Board and is responsible for overseeing the Company's accounting functions, its system of internal controls established by management, and the processes to assure compliance with applicable laws, regulations and internal policies. Our activities are governed by a written charter, which was adopted by the Board on February 21, 2000 and re-approved February 9, 2001.

In discharging our responsibilities, we have met with the Company's management and its independent auditors, KPMG LLP, to review the Company's accounting functions and the audit process. We discussed and reviewed with the independent auditors all matters that the independent auditors were required to communicate and discuss with the Audit Committee under applicable auditing standards, including those described in Statement on Auditing Standards No. 61, as amended, regarding communications with audit committees. We also discussed and reviewed the results of the independent auditors' examination of the Company's financial statements, the quality and adequacy of the Company's internal controls, and issues relating to auditor independence. We also obtained a formal written statement relating to independence consistent with Independence Standards Board Standard No. 1, Independence Discussions with Audit Committee, and discussed with the auditors any relationships that may impact their objectivity and independence.

Based on our review and discussions with the Company's management and independent auditors, we found nothing that gave us concern and we recommended to the Board that the audited financial statements be included in the Company's Annual Report on Form 10-K for the fiscal year ended December 31, 2001, for filing with the Securities and Exchange Commission.

We also have met with the Company's internal audit manager to review the scope of the internal controls, review procedures and the frequency and results of such reviews. We note that a follow-up procedure is in place to monitor any corrective actions that have been recommended.

SECTION 16(a) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE

Section 16(a) of the Securities Exchange Act of 1934 requires our executive officers and directors and all persons who own more than ten percent of the outstanding shares of our common stock (referred to as the ten percent shareholders) to file with the Securities and Exchange Commission and the New York Stock Exchange initial reports of beneficial ownership and all subsequent changes in beneficial ownership of our common stock and other equity securities. Based solely on review of the copies of the forms provided to us and the representations by the executive officers, directors and ten percent shareholders, we believe, to the best of our knowledge, that all Section 16(a) filing requirements were met for the year ending December 31, 2001.

OTHER BUSINESS AND SHAREHOLDER PROPOSALS

We know of no other business to be conducted at the Annual Meeting. Proposals intended to be presented by any shareholder at next year's Annual Meeting must be received by us at our principal office no later than December 6, 2002 and must satisfy the conditions established by the Securities and Exchange Commission for shareholder proposals to be included in our proxy statement for that meeting.

FORM 10-K

We will provide, without charge, a copy of our Annual Report on Form 10-K as filed with the Securities and Exchange Commission. Written requests should be mailed to the attention of Investor Relations, Lithia Motors, Inc., 360 E. Jackson Street, Medford, Oregon 97501.

**Lithia Motors, Inc.
2001 Stock Option Plan Summary**

General

The Lithia Motors, Inc. 2001 Stock Option Plan (the Plan) became effective April 9, 2001 and will terminate 10 years thereafter. Termination of the Plan will not affect outstanding options at the time of termination.

Shares Covered

The Plan provides for the issuance of 600,000 shares of Lithia Motors, Inc. Class A common stock. Upon approval of the proposed amendment, a total of 1.2 million shares will be issuable under the Plan. See Proposal No. 2.

Eligibility

All employees, non-employee directors and consultants are eligible to participate in the Plan.

Options Outstanding

As of March 20, 2002, options covering 1,401,451 shares of Class A common stock were outstanding under the Plan and previous stock option plans of the Company at a weighted average exercise price of \$14.23 per share. As of March 20, 2002, 257,600 remained available for future grant under the Plan. In the event any option granted under the Plan expires without being exercised, the unexercised shares previously subject to the expired option would again become available for future grants.

Administration

The Plan is administered by the Compensation Committee of the Board of Directors.

Amendment

The Board of Directors may, at any time and from time to time, modify or amend this Plan as it deems advisable except that any amendment increasing the number of shares of common stock reserved under this Plan or expanding the eligible persons under the Plan shall only become effective if and when such amendment is approved by the shareholders.

Grant of Options

Options granted under the Plan are designated as either Incentive Stock Options as defined in Section 422 of the Internal Revenue Code, or Non-Qualified Stock Options. Each person receiving an option must execute a written option agreement setting forth the specific terms of that particular option. The Compensation Committee has full discretion, subject to the terms and conditions of the Plan, to determine the specific terms of each grant.

The Incentive Stock Options may be granted only to employees and are exercisable at 100% of the fair market value of the shares on the date of grant, unless the person receiving the option grant beneficially owns 10% or more of the outstanding shares, in which case the exercise price must be at least 110% of the fair market value. The term of the options may not exceed 10 years from the date of the grant and may be subject to a vesting schedule as determined by the Compensation Committee; and in the case of a 10% owner, the term may not exceed 5 years. Incentive Stock Options are not transferable, except by will or laws of descent and distribution upon death of the option holder.

The Non-Qualified Stock Options may be granted to employees, directors and other individuals determined by the Compensation Committee to have performed services of importance in the management, operation or development of our business or any of our subsidiaries at any price determined in the sole discretion of the Compensation Committee. The Compensation Committee also has sole discretion in determining the term, not to exceed 10 years, and the vesting schedule. Under certain circumstances, if permitted by the Compensation Committee, Non-Qualified Stock Options may be transferable by gift in addition to a will or the laws of descent and distribution upon death.

Exercise of Options

Options may be exercised while the recipient is employed or is serving as a director and within three months after termination of service. If termination of service is because of death or disability, the option holder may exercise the options within 12 months of the date of death or disability. If the service is terminated for cause, the Compensation Committee may terminate any unexercised options. In the event of a transaction involving a change of control, such as a merger or acquisition, option holders would be immediately entitled to exercise all of their options, notwithstanding any vesting schedule, unless adequate provisions were made for the continuation of the options.

At the discretion of the Compensation Committee, the Plan permits the option holder to pay the exercise price of any options with cash, Lithia Motors, Inc. common stock held by the option holder for at least six months, by delivery of a full recourse promissory note, or by broker-assisted cashless exercises of stock options.

Certain Tax Consequences

Non-qualified stock options do not result in income to the grantee under federal income tax law currently in effect until the option is exercised. At the time of exercise of a non-qualified stock option, the recipient of the option will realize ordinary income, and the Company will be entitled to a deduction for tax purposes, in the amount by which the market value of the shares issued on exercise of the option exceeds the exercise price.

Incentive stock options have no tax consequences for the option recipient or the Company upon grant or exercise, except for possible application of the alternative minimum tax under certain circumstances to the option recipient. Upon sale of the shares received from the exercise of incentive stock options, any gain realized is treated as capital gain if two years have elapsed from the date of the grant and one year has elapsed from the date of exercise. If these holding periods are not satisfied, the sale is deemed a disqualifying disposition, and that portion of any gain realized, which is represented by the difference between the exercise price and the fair market value of the shares as of the date of exercise of the option, is treated as ordinary income and the Company will be entitled to a corresponding compensation expense deduction for income tax purposes.

(A) Options covering a total of 40,000 shares of the Company's Class A common stock were granted between January 1, 2002 and March 20, 2002 under the Plan at an average exercise price of \$20.52 per share. The exercise price is equal to the fair market value of the Company's Class A common stock on the date of grant.

Since the granting of options is at the discretion of the Compensation Committee, future grants cannot be determined.

1998 Employee Stock Purchase Plan Summary

The Board approved the 1998 Employee Stock Purchase Plan (the ESPP) and, as amended, has reserved a total of 500,000 shares of Class A common stock for issuance there under, 114,592 of which remain available for future issuance at March 20, 2002. In March 2002, subject to shareholder approval, the Board approved an amendment to the ESPP to increase the total shares issuable there under to 1.0 million. See Proposal No. 3.

Administration

The ESPP is intended to qualify as an Employee Stock Purchase Plan under Section 423 of the Internal Revenue Code of 1986, as amended, and is administered by the Compensation Committee.

Eligibility

Employees of Lithia Motors, Inc. and its subsidiaries are eligible to participate in the ESPP after they have completed at least 90 days of continuous employment and work at least 20 hours per week. Messrs. Sidney DeBoer, Heimann and Gray are not currently eligible to participate in the ESPP since employees who control 5% or more of the total voting power of all classes of our stock are not eligible. Messrs. Jeffrey DeBoer, Bryan DeBoer and Mark DeBoer are not able to participate because of their family relationship with Sidney DeBoer. Employees may end their participation in the ESPP at any time during the calendar quarter and their participation ends automatically on the termination of their employment.

Purchase Price

The ESPP allows eligible employees to purchase shares of the Company's Class A common stock through payroll deductions, which may not exceed 10% of their base pay (but in no event shares with a fair market value of more than \$25,000 annually). The price of shares purchased under the ESPP will be 85% of the lower of the fair market value of the Class A common stock at the beginning or at the end of each calendar quarter.

Amendment of the Purchase Plan

The Board may amend or terminate the ESPP at any time but may not increase the number of shares covered by the ESPP, amend the eligibility requirements or permit members of the Compensation Committee to participate in the ESPP, without subsequent shareholder approval.

Term of ESPP

The ESPP will terminate on December 31, 2007.

Federal Tax Effects

A participant acquiring stock pursuant to a qualified employee stock purchase plan receives favorable tax treatment in that the participant does not recognize any taxable income at the time of the grant of the option to purchase or upon exercise of such option to purchase. The tax treatment of the disposition of the stock depends upon whether the stock is disposed of within the holding period, which is two years from the date of grant. If the participant disposes of the stock after completion of the holding period, the lesser of (a) the sales price less the purchase price, or (b) 15 percent of the market value of the shares on the first day of the offering period, is taxable as ordinary income, and any further profit is taxable as long-term capital gain. Any loss is treated as a capital loss. If the participant disposes of the stock before the holding period expires (disqualifying disposition), the difference between the price paid by the employee and the market value of the shares at the date of purchase is taxable as ordinary income, and the difference between the amount received by the employee on the disposition of the shares and the market value of the shares at the date of purchase is treated as a capital gain or loss. Upon a disqualifying disposition of the stock, the Company may deduct from taxable income in the year of the disqualifying disposition an amount equal to the difference between the price paid by the employee and the market value of the shares at the date of purchase.
