PRESIDENT'S MESSAGE

DEAR SHAREHOLDER:

The US bond market continued to reward investors with solid returns for the period covered by this report. As key economic indicators sent mixed signals, the US economy continued to struggle and interest rates declined. In November, the Federal Reserve Board lowered a key short-term interest rate--the federal funds rate--to 1.25%, a new low.¹ The yield on the 10-year US Treasury bond fell to a 45-year low of 3.3% near the end of the period. Although the environment was favorable to bonds, declining interest rates and relatively low inflation raised the fear that deflation, which hasn't been seen since the 1930s, would return.

Bonds reported gains across all sectors. Leadership rotated from higher quality bonds, which were the top performers in the previous period, to lower quality bonds. However, in the municipal sector, higher quality bonds outperformed high-yield issues. Taxable corporate and high-yield bonds also rebounded as investors became more willing to take on risk.

The following report will provide you with more detailed information about the trust's performance and the investment strategies used by portfolio manager Maureen Newman. For more information, please contact your financial advisor.

CONSOLIDATION AND A NEW NAME: COLUMBIA

On April 1, 2003, six of the asset management firms brought together when Columbia Management Group, Inc. was formed were consolidated and renamed Columbia Management Advisors, Inc. (Columbia Management). This consolidation does not affect the management or investment objectives of your trust and is the next step in our efforts to create a consistent identity and to streamline our organization. Although the name of the asset manager familiar to you has changed, what hasn't changed is the commitment of our specialized investment teams to a multi-disciplined approach to investing, focused on our goal of offering shareholders the best products and services.

As always, we thank you for choosing Colonial Investment Grade Municipal Trust and for giving us the opportunity to help you build a strong financial future.

/s/ Joseph R. Palombo

Joseph R. Palombo
President

MEET THE NEW PRESIDENT

Joseph R. Palombo is president of the Trust. He is also president and chairman of the Board of Trustees for Liberty Funds and chief operating officer and executive vice president of Columbia Management Advisors, Inc. (Columbia Management). Mr. Palombo has over 19 years of experience in the financial services industry. Prior to joining Columbia Management, he was chief operating officer and chief compliance officer for Putnam Mutual Funds. Prior to that, he was a partner at Coopers & Lybrand. Mr. Palombo received his degree in economics/accounting from the College of the Holy Cross, where he was a member of Phi Beta Kappa. He earned his master's degree in taxation from Bentley College and participated in the Executive Program at the Amos B. Tuck School at Dartmouth College.

PORTFOLIO MANAGER'S REPORT

For the six-month period ended May 31, 2003, Colonial Investment Grade Municipal Trust returned 10.14%, based on net asset value. The trust did better than its peer group, the Lipper General Municipal Debt Funds (Leveraged) Category, which averaged a return of 9.31% for the same period.¹

Municipal bonds, especially high-grade insured issues, rose in value as disappointing economic news and rising jobless claims drove interest rates lower. The trust benefited from its stake in zero coupon municipal bonds, which did especially well. Zero coupon bonds pay no interest and are purchased at a steep discount. These bonds appreciate to face value at maturity. They tend to outperform when interest rates are falling. The trust's preferred shares, which represent about one-third of total assets, also helped performance. The trust used the leverage provided by its preferred shares to invest in longer-term bonds that earned higher income than the short-term variable rate that the preferred shares paid out. US Airways bonds posted strong gains, while United Airlines (0.4% and 0.1% of net assets, respectively) and tobacco bonds faltered.² Detering performance to some extent were short positions in US Treasury futures contracts, which are employed to reduce the overall duration of the trust.

About 90% of the trust's assets remained in investment grade issues. New additions included utilities such as Portland General, Pacificorp, and North Carolina Eastern Municipal Power (0.1%, 0.3% and 0.2% of net assets,

Edgar Filing: COLONIAL INVESTMENT GRADE MUNICIPAL TRUST - Form N-CSR

respectively). These bonds offered attractive yields and relatively short maturities. We slowed our buying in health care, where cutbacks in Medicaid reimbursements have hurt nursing home and hospital bonds. To keep the trust's yield strong, we also added small positions in various high-yield, non-investment grade bonds.

We expect bonds to do well as the economy slowly recovers and inflation remains tame. Demand will most likely remain strong for municipal bonds, which ended the period looking attractively priced compared to US Treasuries. We plan to remain focused on essential services bonds, which are backed by revenues from user fees. We also expect to continue to add small stakes in high-yield issues.

/s/ Maureen G. Newman

Maureen G. Newman is the portfolio manager of Colonial Investment Grade Municipal Trust and a senior vice president of Columbia Management Advisors, Inc. Ms. Newman received her BA in economics from Boston College and her MBA from Babson College. She is a Chartered Financial Analyst, a member of the Boston Security Analysts Society and former chairman of the National Federation of Municipal Analysts.

1 Lipper Inc., a widely respected data provider in the industry, calculates an average total return for mutual funds with similar investment objectives as those of the trust.

2 Holdings are disclosed as of May 31, 2003, and are subject to change.

Past performance is no guarantee of future investment results. The principal value and investment returns will fluctuate, resulting in a gain or loss on sale.

Tax-exempt investing offers current tax-free income, but it also involves certain risks. The value of the trust shares will be affected by interest rate changes and the creditworthiness of issues held in the trust. Investing in high yield securities offers the potential for high current income and attractive total return, but involves certain risks. Lower-rated bond risks include default of the issuer and rising interest rates. Interest income from certain tax-exempt bonds may be subject to the federal alternative minimum tax for individuals and corporations.

NOTES TO FINANCIAL STATEMENTS

May 31, 2003 (Unaudited)

NOTE 1. ACCOUNTING POLICIES

ORGANIZATION:

Colonial Investment Grade Municipal Trust (the "Trust") is a Massachusetts business trust registered under the Investment Company Act of 1940 (the "Act"), as amended, as a diversified, closed-end management investment company. The Trust's investment goal is to seek as high a level of after-tax total return as is consistent with prudent risk, by pursuing current income generally exempt from ordinary federal income tax and opportunities for long-term appreciation from a portfolio primarily invested in investment grade municipal bonds. The Trust is authorized to issue an unlimited number of common shares of beneficial interest and 2,400 Auction Preferred Shares ("APS").

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenue and expenses during the reporting period. Actual results could differ from those estimates. The following is a summary of significant accounting policies consistently followed by the Trust in the preparation of its financial statements.

SECURITY VALUATION AND TRANSACTIONS:

Debt securities generally are valued by a pricing service based upon market

Edgar Filing: COLONIAL INVESTMENT GRADE MUNICIPAL TRUST - Form N-CSR

transactions for normal, institutional-size trading units of similar securities. Such services may use various pricing techniques which take into account appropriate factors such as yield, quality, coupon rate, maturity, type of issue, trading characteristics and other data, as well as broker quotes. When management deems it appropriate, an over-the-counter or exchange bid quotation is used.

Options are valued at the last sale price, or in the absence of a sale, the mean between the last quoted bid and asking price.

Futures contracts are valued at the settlement price established each day by the board of trade or exchange on which they are traded.

Short-term obligations with a maturity of 60 days or less are valued at amortized cost.

Investments for which market quotations are not readily available, or quotations which management believes are not appropriate, are valued at fair value under procedures approved by the Board of Trustees.

Security transactions are accounted for on the date the securities are purchased, sold or mature.

Cost is determined and gains (losses) are based upon the specific identification method for both financial statement and federal income tax purposes.

The Trust may trade securities on other than normal settlement terms. This may increase the risk if the other party to the transaction fails to deliver and causes the Trust to subsequently invest at less advantageous prices.

FEDERAL INCOME TAXES:

Consistent with the Trust's policy to qualify as a regulated investment company and to distribute all of its taxable and tax-exempt income, no federal income tax has been accrued.

INTEREST INCOME, DEBT DISCOUNT AND PREMIUM:

Interest income is recorded on the accrual basis. Premium and discount are being amortized and accreted, respectively, for all debt securities.

DISTRIBUTIONS TO SHAREHOLDERS:

Distributions to common shareholders are recorded on the ex-date.

Distributions to preferred shareholders are recorded daily and are payable at the end of each dividend period. Each dividend payment period for the APS is generally seven days. The applicable dividend rate for the APS on May 31, 2003 was 1.19%. For the six months ended May 31, 2003, the Trust declared dividends to Auction Preferred shareholders amounting to \$337,005 representing an average APS dividend rate of 1.13%.

NOTE 2. FEDERAL TAX INFORMATION

Income and capital gain distributions are determined in accordance with income tax regulations, which may differ from accounting principles generally accepted in the United States of America.

The following capital loss carryforwards, determined as of November 30, 2002, are available to reduce taxable income arising from future net realized gains on investments, if any, to the extent permitted by the Internal Revenue Code:

3. FEE AND COMPENSATION PAID TO AFFILIATES

MANAGEMENT FEE:

On April 1, 2003, Colonial Management Associates, Inc. ("Colonial"), the previous investment advisor to the Trust merged into Columbia Management Advisors, Inc. ("Columbia"), formerly known as Columbia Management Co., an indirect, wholly-owned subsidiary of FleetBoston Financial Corporation. At the time of the merger, Columbia assumed the obligations of Colonial with respect to the Trust. The merger did not change the way the Trust is managed, the investment personnel assigned to manage the Trust or the fees paid by the Trust to Columbia.

Columbia is the investment advisor of the Trust and furnishes accounting and other services and office facilities for a fee to be paid monthly at the annual rate of 0.65% of the Trust's average weekly net assets, including assets applicable to the APS.

PRICING AND BOOKKEEPING FEES:

Columbia is responsible for providing pricing and bookkeeping services to the Trust under a Pricing and Bookkeeping Agreement. Under a separate agreement (the "Outsourcing Agreement"), Columbia has delegated those functions to State Street Bank and Trust Company ("State Street"). Columbia pays fees to State Street under the Outsourcing Agreement.

Under its pricing and bookkeeping agreement with the Trust, Columbia receives from the Trust an annual flat fee of \$10,000, paid monthly, and in any month that the Trust's average weekly net assets, including assets applicable to the APS, are more than \$50 million, a monthly fee equal to the average weekly net assets, including assets applicable to the APS, of the Trust for that month multiplied by a fee rate that is calculated by taking into account the fees payable to State Street under the Outsourcing Agreement. For the six months ended May 31, 2003, the annualized net asset based fee rate was 0.033%. The Trust also pays out-of-pocket costs for pricing services.

OTHER:

The Trust pays no compensation to its officers, all of whom are employees of Columbia or its affiliates.

The Trust's Independent Trustees may participate in a deferred compensation plan which may be terminated at any time. Obligations of the plan will be paid solely out of the Trust's assets.

Edgar Filing: COLONIAL INVESTMENT GRADE MUNICIPAL TRUST - Form N-CSR

The Trust has an agreement with its custodian bank under which \$158 of custody fees were reduced by balance credits for the six months ended May 31, 2003. The Trust could have invested a portion of the assets utilized in connection with the expense offset arrangement in an income-producing asset if it had not entered into such an agreement.

NOTE 4. PREFERRED SHARES

The Trust currently has outstanding 2,400 APS. The APS are redeemable at the option of the Trust on any dividend payment date at the redemption price of \$25,000 per share, plus an amount equal to any dividends accumulated on a daily basis unpaid through the redemption date (whether or not such dividends have been declared).

Under the Act, the Trust is required to maintain asset coverage of at least 200% with respect to the APS as of the last business day of each month in which any APS are outstanding. Additionally, the Trust is required to meet more stringent asset coverage requirements under the terms of the APS Agreement and in accordance with the guidelines prescribed by the APS' rating agencies. Should these requirements not be met, or should dividends accrued on the APS not be paid, the Trust may be restricted in its ability to declare dividends to common shareholders or may be required to redeem certain of the APS. At May 31, 2003, there were no such restrictions on the Trust.

NOTE 5. PORTFOLIO INFORMATION

INVESTMENT ACTIVITY:

For the six months ended May 31, 2003, purchases and sales of investments, other than short-term obligations, were \$13,930,136 and \$18,180,098, respectively.

Unrealized appreciation (depreciation) at May 31, 2003, based on cost of investments for federal income tax purposes, was:

Gross unrealized appreciation	\$22,989,528
Gross unrealized depreciation	(4,824,719)

Net unrealized appreciation	\$18,164,809
	=====

FUTURES CONTRACTS AND OPTIONS:

The Trust may invest in municipal and U.S. Treasury futures contracts. The Trust will invest in these instruments to hedge against the effects of changes in the value of portfolio securities due to anticipated changes in interest rates and/or market conditions, for duration management, or when the transactions are economically appropriate to the reduction of risk inherent in the management of the Trust and not for trading purposes. The use of futures contracts involves certain risks, which include: (1) imperfect correlation between the price movement of the instruments and the underlying securities, (2) inability to close out positions due to different trading hours, or the temporary absence of a liquid market, for either the instrument or the underlying securities, or (3) an inaccurate prediction by Columbia of the future direction of interest rates. Any of these risks may involve amounts exceeding the variation margin recorded in the Trust's Statement of Assets and Liabilities at any given time.

Edgar Filing: COLONIAL INVESTMENT GRADE MUNICIPAL TRUST - Form N-CSR

May 31, 2003 (Unaudited)

Upon entering into a futures contract, the Trust deposits cash or securities with its custodian in an amount sufficient to meet the initial margin requirement. Subsequent payments are made or received by the Trust equal to the daily change in the contract value and are recorded as variation margin payable or receivable and offset in unrealized gains or losses. The Trust recognizes a realized gain or loss when the contract is closed or expires.

The Trust may write call and put options on futures it owns or in which it may invest. Writing put options tends to increase the Trust's exposure to the underlying instrument. Writing call options tends to decrease the Trust's exposure to the underlying instrument. When the Trust writes a call or put option, an amount equal to the premium received is recorded as a liability and subsequently marked-to-market to reflect the current value of the option written. Premiums received from writing options which expire are treated as realized gains. Premiums received from writing options which are exercised or closed are added to the proceeds or offset against the amounts paid on the underlying future transaction to determine the realized gain or loss. The Trust as a writer of an option has no control over whether the underlying future may be sold (call) or purchased (put) and as a result bears the market risk of an unfavorable change in the price of the future underlying the written option. There is the risk the Trust may not be able to enter into a closing transaction because of an illiquid market.

The Trust may also purchase put and call options. Purchasing call options tends to increase the Trust's exposure to the underlying instrument. Purchasing put options tends to decrease the Trust's exposure to the underlying instrument. The Trust pays a premium which is included in the Trust's Statement of Assets and Liabilities as an investment and subsequently marked-to-market to reflect the current value of the option. Premiums paid for purchasing options which expire are treated as realized losses. The risk associated with purchasing put and call options is limited to the premium paid. Premiums paid for purchasing options which are exercised or closed are added to the amounts paid or offset against the proceeds on the underlying future transaction to determine the realized gain or loss.

Refer to the Trust's Investment Portfolio for a summary of open futures contacts at May 31, 2003.

OTHER:

The Trust had greater than 10% of its net assets, at May 31, 2003, invested in issuers located in New York and Texas.

There are certain risks arising from geographic concentration in any state. Certain revenue or tax related events in a state may impair the ability of certain issuers of municipal securities to pay principal and interest on their obligations.

The Trust may focus its investments in certain industries, subjecting it to greater risk than a trust that is more diversified.

DIVIDEND REINVESTMENT PLAN

COLONIAL INVESTMENT GRADE MUNICIPAL TRUST

Pursuant to the Trust's Dividend Reinvestment Plan (the "Plan"), all shareholders whose shares are registered in their own names will have all distributions reinvested automatically in additional shares of the Trust by EquiServe Trust Company, N.A. (the "Plan Agent") unless a shareholder elects to receive cash. Shareholders whose shares are held in the name of a broker or nominee will have distributions reinvested automatically by the broker or nominee in additional shares under the Plan, unless the service is not provided by the broker or the nominee or the shareholder elects to receive distributions in cash. If the service is not available, such distributions will be paid in cash. Shareholders whose shares are held in the name of a broker or nominee should contact the broker or nominee for details. All distributions to shareholders who elect not to participate in the Plan will be paid by check mailed directly to the shareholder of record on the record date therefore by the Plan Agent as the dividend disbursing agent.

Non-participants in the Plan will receive distributions in cash. Distributions payable to participants in the Plan will be applied by the Plan Agent, acting as agent for Plan participants, to the purchase of shares of the Trust. Such shares will be purchased by the Plan Agent at the then current market price of such shares in the open market, on the New York Stock Exchange or elsewhere, for the participants' accounts.

Participants in the Plan may withdraw from the Plan upon written notice to the Plan Agent. When a participant withdraws from the Plan or upon termination of the Plan as provided below, certificates for whole shares credited to his account under the Plan will be issued and a cash payment will be made for any fraction of a share credited to such account. A shareholder's notice of election to withdraw from the Plan must be received by the Plan Agent before the record date for a dividend in order to be given effect with respect to that dividend.

In the case of shareholders such as banks, brokers or nominees holding shares for others who are the beneficial owners of those shares, the Plan Agent will administer the Plan on the basis of the number of shares certified from time to time by the shareholder of record as representing the total amount registered in such shareholder's name and held for the account of beneficial owners who are to participate in the Plan.

There is no charge to Plan participants for reinvesting distributions. The Plan Agent's fees for the handling of the reinvestment of distributions will be paid by the Trust. Each participant in the Plan will pay a pro rata share of

Edgar Filing: COLONIAL INVESTMENT GRADE MUNICIPAL TRUST - Form N-CSR

brokerage commissions incurred with respect to the Plan Agent's open market purchases in connection with the reinvestment of distributions. Purchase orders from the participants in the Plan may be combined with those of other participants and the price paid by any particular participant may be the average of the price paid on various orders executed on behalf of groups of participants in the Plan.

The automatic reinvestment of distributions will not relieve participants of any income tax that may be payable on such dividends or distributions.

The Plan may be amended or terminated on 30 days' written notice to Plan participants. All correspondence concerning the Plan should be directed to EquiServe Trust Company, N.A., by mail at P.O. Box 43010, Providence, RI 02940-3010, or by phone at 1-800-730-6001.
