SMITH MICRO SOFTWARE, INC.
PROXY STATEMENT
FOR ANNUAL MEETING OF STOCKHOLDERS
To Be Held August 14, 2008

General

This Proxy Statement and the enclosed proxy card are furnished in connection with the 2008 Annual Meeting of Stockholders (the Annual Meeting) of Smith Micro Software, Inc. (Smith Micro, the Company, we, our or us) will be held at the offices of Reed Smith LLP, located at 355 South Grand Avenue, 28th Floor, Los Angeles, California 90071, on Thursday, August 14, 2008, at 10:00 a.m., Pacific Time. Stockholders of record at the close of business on July 10, 2008, the record date, are entitled to notice of and to vote at the Annual Meeting and any adjournment thereof. This Proxy Statement, the enclosed proxy card and the Smith Micro Annual Report on Form 10-K for the fiscal year ended December 31, 2007 (the Annual Report) are being first mailed on or about July 20, 2008 to stockholders of record as of the record date.

Purpose of the Meeting

The specific proposals to be considered and acted upon at the Annual Meeting are summarized in the accompanying Notice and are described in more detail in this Proxy Statement. We are not aware of any matter to be presented other than those described in this Proxy Statement.

Voting

Our outstanding common stock, par value \$0.001 per share (the Common Stock) is the only class of securities entitled to vote at the Annual Meeting. Common stockholders of record on July 10, 2008, the record date, are entitled to notice of and to vote at the Annual Meeting. As of July 10, 2008, there were 31,267,687 shares of Common Stock outstanding and approximately 183 holders of record, according to information provided by our transfer agent. Each share of Common Stock is entitled to one vote. Stockholders may not cumulate votes in the election of directors. A majority of the outstanding shares of Common Stock entitled to vote at the Annual Meeting will constitute a quorum.

All votes will be tabulated by our inspector of elections for the Annual Meeting who will separately tabulate affirmative and negative votes, abstentions and broker non-votes (*i.e.*, shares held by a broker or other nominee having discretionary power to vote on some matters but not others). Abstentions and broker non-votes are counted as present for purposes of determining the presence or absence of a quorum for the transaction of business. Abstentions will be counted towards the tabulations of votes cast on proposals presented to the stockholders and will have the same effect as negative votes. In the election of directors, the nominee receiving the highest number of affirmative votes shall be elected; broker non-votes and votes marked withhold will not affect the outcome of the election. Proposal 2 requires the affirmative vote of a majority of shares present in person or represented by proxy at the Annual Meeting and entitled to vote. Broker non-votes will not be counted for purposes of determining whether such proposals have been approved.

Proxies

Properly executed proxies will be voted in the manner specified therein. If no direction is made on the proxies, such properly executed proxies will be voted **FOR** the election of the nominees named under the caption Election of Directors as our directors, and **FOR** the ratification of the selection of Singer Lewak Greenberg & Goldstein LLP as our independent registered public accounting firm for the 2008 fiscal year. You may revoke or change your proxy at anytime before the Annual Meeting by filing with the Corporate Secretary at our principal executive offices at 51 Columbia, Aliso Viejo, California 92656 a notice of revocation or another signed Proxy with a later date. You may also revoke your proxy by attending the Annual Meeting and voting in person. Your attendance at the Annual Meeting does not, by itself constitute a revocation of your proxy. Please note that if your shares are held of record by a broker, bank or other nominee, you will not be able to vote in person at the Annual Meeting unless you have obtained and present a proxy issued in your name from the record holder.

Table of Contents

Voting Electronically via the Internet

If your shares are registered in the name of a bank or brokerage firm, you may be eligible to vote your shares electronically over the Internet. A large number of banks and brokerage firms provide eligible stockholders who receive a paper copy of the Annual Report and Proxy Statement the opportunity to vote in this manner. If your bank or brokerage firm allows for this, your voting form will provide instructions for such alternative method of voting. If your voting form does not reference Internet information, please complete and return the paper Proxy in the self-addressed, postage prepaid envelope provided.

Solicitation

The enclosed proxy is being solicited by our Board of Directors, and Smith Micro will bear the entire cost of solicitation, including the preparation, assembly, printing and mailing of this Proxy Statement, the proxy card and any additional solicitation materials furnished to the stockholders. Copies of solicitation materials will be furnished to brokerage houses, fiduciaries and custodians holding shares in their names that are beneficially owned by others so that they may forward solicitation material to such beneficial owners. We may reimburse such persons for their costs in forwarding the solicitation materials to such beneficial owners. In addition, the original solicitation of proxies by mail may be supplemented by a solicitation by Internet or other means by our directors, officers or employees. No additional compensation will be paid to these individuals for any such services, although we may reimburse reasonable out-of-pocket expenses. Except as described above, we do not presently intend to solicit proxies other than by mail.

Deadline for Receipt of Stockholder Proposals

Stockholders may present proposals for action at a future meeting only if they comply with the requirements of the proxy rules established by the Securities and Exchange Commission (SEC) and our Bylaws. Stockholder proposals that are intended to be presented at our 2009 Annual Meeting of Stockholders (the 2009 Annual Meeting) and included in the proxy solicitation materials related to that meeting must be received by us no later than March 22, 2009, which is 120 calendar days prior to the anniversary date of the mailing of this Proxy Statement. Stockholders are also advised to review our Bylaws which contain additional advance notice requirements, including requirements with respect to advance notice of stockholder proposals and director nominations. Under our current Bylaws, the deadline for submitting a stockholder proposal is not less than 30 days and no more than 90 days prior to the date of the Annual Meeting and the deadline for submitting a nomination for a director is not less than 60 days prior to the date of the Annual Meeting. Stockholder proposals must be in writing and should be addressed to the Corporate Secretary at our principal executive offices located at 51 Columbia, Aliso Viejo, California 92656.

In addition, the proxy solicited by the Board of Directors for the 2009 Annual Meeting will confer discretionary authority to vote on any stockholder proposal presented at that meeting, unless we receive notice of such proposal not later than June 5, 2009, which is 45 calendar days prior to the anniversary date of the mailing of this Proxy Statement. It is recommended that stockholders submitting proposals direct them to our Corporate Secretary and utilize certified mail, return receipt requested in order to provide proof of timely receipt. The Chairman of the Annual Meeting reserves the right to reject, rule out of order, or take other appropriate action with respect to any proposal that does not comply with these and other applicable requirements, including conditions set forth in our Bylaws and conditions established by the Securities and Exchange Commission.

We have not been notified by any stockholder of his or her intent to present a stockholder proposal from the floor at this year's Annual Meeting. The enclosed proxy grants the proxy holders discretionary authority to vote on any matter properly brought before the Annual Meeting.

MATTERS TO BE CONSIDERED AT ANNUAL MEETING
PROPOSAL 1:
ELECTION OF DIRECTORS

Our Amended and Restated Certificate of Incorporation and Bylaws provide for our Board of Directors to be divided into three classes, as nearly equal in number as is reasonably possible, serving staggered terms that expire in different years. At each annual meeting of stockholders, the successors to the class of directors whose term expires are elected to hold office for a term of three years. The term of one class of directors expires at each annual meeting. The preceding notwithstanding, directors serve until their successors have been duly elected and qualified or until they earlier resign, become disqualified or disabled, or are otherwise removed.

Our Board currently has six directors: Thomas G. Campbell, Samuel Gulko, Ted Hoffman, William C. Keiper, William W. Smith, Jr. and Gregory J. Szabo. The class whose term expires at this Annual Meeting contains two directors. The Nominating Committee of the Board of Directors selected, and the Board of Directors approved, Mr. Smith and Mr. Keiper as nominees for election at the Annual Meeting to the class being elected at this meeting. The enclosed proxy will be voted, unless authority is withheld or the proxy is revoked, **FOR** the election of each nominee for election named below to hold office until the date of our 2011 Annual Meeting or until his successor has been duly elected and qualified or until he earlier resigns, becomes disqualified or disabled, or is otherwise removed. Each returned proxy cannot be voted for a greater number of persons than the nominees named on the proxy. In the unanticipated event that a nominee becomes unable or declines to serve at the time of the Annual Meeting, the proxies will be voted for a substitute person selected by the Nominating Committee of the Board of Directors and approved by the Board of Directors. Each nominee for election has agreed to serve if elected, and management has no reason to believe that such nominee will be unavailable to serve.

Stockholders may communicate with members of the Board of Directors by mail addressed to the full Board, a specific member of the Board or to a particular committee of the Board at our principal executive offices located at 51 Columbia, Aliso Viejo, California 92656.

Although we do not have a formal policy regarding attendance by members of the Board of Directors at our annual meeting of stockholders, directors are encouraged to attend our annual meetings. One of our current directors attended our annual meeting of stockholders in 2007.

Our board of directors has established four standing committees: an audit committee; a compensation committee; a governance and nominating committee; and a mergers and acquisitions committee. The Nominating Committee has not received any recommended nominations from any of our stockholders in connection with this Annual Meeting. Each of the current nominees for this Annual Meeting is standing for re-election.

**PROPOSAL 2:
RATIFICATION OF APPOINTMENT OF INDEPENDENT
REGISTERED PUBLIC ACCOUNTING FIRM**

On December 8, 2005, our Audit Committee engaged Singer Lewak Greenbaum & Goldstein LLP (Singer Lewak) as our independent registered public accounting firm to audit our financial statements for the year ending December 31, 2005. The Audit Committee has selected Singer Lewak as the Company s independent auditors for the fiscal year ending December 31, 2008 and has further directed that the selection of the independent auditors be submitted for ratification by the stockholders at the Annual Meeting. Representatives of Singer Lewak are expected to be present at the Annual Meeting, will have an opportunity to make a statement if they so desire and will be available to respond to appropriate questions.

Stockholder ratification of the selection of Singer Lewak as the Company s independent auditors is not required by the Company s Bylaws or otherwise. However, the Board of Directors is submitting the selection of Singer Lewak to the stockholders for ratification as a matter of good corporate practice. If the stockholders fail to ratify the selection, the Audit Committee will reconsider whether or not to retain that firm. Even if the selection is ratified, the Audit Committee in its discretion may direct the appointment of different independent auditors at any time during the year if they determine that such a change would be in the best interests of the Company and its stockholders.

COMPENSATION DISCUSSION AND ANALYSIS

Overview

This compensation discussion and analysis explains the material elements of the compensation awarded to, earned by, or paid during our last completed fiscal year to each of William W. Smith, Jr., our President and Chief Executive Officer, Andrew C. Schmidt, our Vice President and Chief Financial Officer, David P. Sperling, our Vice President and Chief Technical Officer, Jonathan Kahn, our Executive Vice President – Business Operations, and Robert Elliott, our Vice President and Chief Marketing Officer. These individuals are also referred to herein as our named executive officers.

Compensation Program Objectives and Philosophy

The compensation committee of our board of directors currently oversees the design and administration of our executive compensation program. Our compensation committee's primary objectives in structuring and administering our executive officer compensation program are to:

1. attract, motivate and retain talented and dedicated executive officers;
2. tie annual and long-term cash and stock incentives to achievement of measurable corporate and individual performance objectives; and
3. reinforce business strategies and objectives for enhanced stockholder value.

To achieve these goals, our compensation committee maintains compensation plans that tie a portion of executives' overall compensation to key strategic goals such as financial and operational performance, as measured by metrics such as revenue and sales. Our compensation committee evaluates individual executive performance along with our Chief Executive Officer (other than with respect to his own performance) as part of the review process. The committee seeks to establish overall compensation (including cash and equity awards) at levels the committee believes are roughly comparable with average levels of compensation for executives at other fast-growing technology companies of similar size. The committee also seeks to maintain internal equity among executives based on their individual roles while setting compensation packages that are necessary to attract experienced executives who can manage a larger, more complex organization. Our compensation committee performs at least annually a review of our executive officers' compensation to determine whether we provide adequate incentives and motivation to our executive officers and whether we adequately compensate our executive officers relative to comparable officers in other similarly situated companies.

The principal elements of our executive compensation program are base salary, cash bonus awards, long-term equity incentives in the form of stock options and restricted stock, other benefits and perquisites, post-termination severance and acceleration of stock option and restricted stock vesting for certain named executive officers upon termination and/or a change in control. Our other benefits and perquisites consist of life and health insurance benefits and a qualified 401(k) savings plan.

We view these components of compensation as related but distinct. Although our compensation committee does review total compensation, we do not believe that significant compensation derived from one component of compensation should negate or offset compensation from other components. We determine the appropriate level for each compensation component based in part, but not exclusively, on competitive benchmarking consistent with our recruiting and retention goals, our view of internal equity and consistency, and other considerations we deem relevant, such as rewarding extraordinary performance.

When determining compensation for our Chief Executive Officer, our compensation committee gives significant consideration to Mr. Smith's role in founding our company over 25 years ago, the significant liquidity he has received since our initial public offering in 1995, and his continuing ownership of a significant portion of our stock.

Role of Executive Officers in Compensation Decisions

Our compensation committee reviews and approves the compensation paid to our Chief Executive Officer. With regard to the compensation paid to each executive officer other than the Chief Executive Officer, the Chief Executive Officer reviews, on an annual basis, the compensation paid to each such executive officer during the past year and submits to the compensation committee his recommendations regarding the compensation to be paid to such persons

during the next year. Following a review of such

Table of Contents

recommendations, the committee will take such action regarding such compensation as it deems appropriate, including approving compensation in an amount the compensation committee deems reasonable.

Management plays a significant role in the compensation-setting process for executive officers, other than the Chief Executive Officer, by:

evaluating employee performance;

recommending business performance targets and establishing objectives; and

recommending salary levels, bonuses and equity-based awards.

Management also prepares meeting information for most compensation committee meetings, and the Chief Executive Officer participates in committee meetings at the compensation committee's request to provide:

background information regarding our strategic objectives;

his evaluation of the performance of the executive officers; and

compensation recommendations as to executive officers (other than himself).

Benchmarking of Compensation

The compensation committee believes it is important when making its compensation-related decisions to be informed as to current practices of similarly situated companies. As part of establishing compensation levels for 2007, the compensation committee informally reviewed third-party surveys and other information collected from public sources relating to compensation levels of executive officers at peer companies. Such review was not used to establish compensation levels, but rather as a market check to ensure that our overall compensation levels (including cash and equity awards) are roughly comparable to average levels of compensation for executives at other fast-growing technology companies of similar size. Historically, the compensation committee has not engaged third party consultants to advise the compensation committee on compensation matters.

In 2008, following the completion of a number of important acquisitions in fiscal 2007 and early 2008, the compensation committee engaged a third party consultant to prepare a compensation study to assist the committee as it seeks to ensure that we are appropriately compensating our executives, given the increased size and complexity of the company. The compensation study peer group included 19 wireless/communications companies (software and hardware) with revenues of between \$80 million and \$200 million, similar market capitalization and employee size ranges. The study focused on three primary aspects of executive compensation; base salary, total target cash compensation, and equity awards. The compensation committee's target pay positioning for our executives, as compared with our peer group, is the 50th percentile for base pay and total cash compensation and greater than 50th percentile for equity awards. Our philosophy is to provide an overall competitive executive compensation package with a bias towards equity rather than cash compensation in order to align our executives goals with that of our shareholders.

The results of the 2008 benchmark study show that our executives base salaries fall between the 25th and 50th percentiles as compared to our peers, while total cash compensation, including cash bonuses generally fall below the 25th percentile, and that our executive equity compensation is above the 75th percentile as compared with our peer group.

Base Compensation

We provide our named executive officers and other executives with base salaries that we believe enable us to hire and retain individuals in a competitive environment and to reward individual performance and contribution to our overall business goals, while taking into account the unique circumstances of our company. We review base salaries for our named executive officers annually and increases are generally based on our performance and individual performance. We also take into account the base compensation that is payable by companies that we believe to be our competitors and by other public companies with which we believe we generally compete for executives.

The following table identifies actions taken during fiscal year 2007 with respect to annual base salaries of the named executive officers:

Table of Contents

The annual base salaries of Mr. Schmidt, Sperling and Elliott were increased based on the Board's decision to make their salaries more competitive with other technology companies and to recognize the value of their overall services to the company. The Board took into account each of their job responsibilities, historical salary levels, the performance of the company, individual contributions, competitive conditions in the marketplace and the relationship of their compensation levels to other officers of Smith Micro Software, and determined that the increases were appropriate to reward performance, ensure retention and maintain appropriate compensation differentials among officers of Smith Micro Software. With respect to Mr. Smith, the board believed his base salary to be fair and adequate and as a result did not provide for an increase in 2007. Mr. Kahn's base salary was consistent with his employment agreement and therefore not increased.

Cash Bonus Awards

As part of our compensation program and in order to maintain appropriate financial incentives, our executive officers are eligible for cash bonus compensation pursuant to an annual cash bonus plan. Under the plan, cash bonuses are determined and paid each fiscal year on a quarterly basis based upon the achievement of certain performance objectives. Our cash bonus plan is designed to focus our management on achieving key corporate financial objectives, to motivate certain desirable behaviors and to reward achievement of our key corporate financial objectives and individual goals. Under the terms of the bonus plan, the compensation committee establishes performance objectives and annual target bonus amounts for each named executive officer. In determining the appropriate level of target bonus for each officer the compensation committee considers information provided through independent, third-party surveys and other information collected from public sources for similar positions at peer companies, relative base salary and bonus amounts for each individual and the recommendations of our Chief Executive Officer.

2007 Bonus Plan

In the first quarter of 2007, the compensation committee worked with senior management to establish the annual target bonus amounts and performance objectives under the bonus plan. For each performance objective the committee assigned a relative weighting to provide guidelines for setting actual cash payouts for each executive officer based on a percentage of the individual's target bonus.

The compensation committee retained wide discretion to interpret the terms of the bonus plan, including interpreting and determining whether the performance objectives had been met and the amount of cash bonus that may be paid pursuant to the bonus plan.

Our bonus plan contains between one and two performance objectives with a dollar value ascribed to each objective so that the sum total equals the approved cash bonus potential for each executive officer. In 2007 the objective(s) (i) for Messrs. Smith and Schmidt were: (1) revenue achievement, and (2) profitability achievement; (ii) for Messrs. Sperling, Kahn and Elliot was revenue achievement. The revenue and profitability targets for each of these individuals was set at the consensus estimates of analysts for each quarter, and was updated quarterly. Bonuses were awarded based on the percentage by which the goal was attained. We believe that the performance objectives are moderately difficult to achieve and that performance at a high level while devoting full time and attention to their responsibilities is required for our executive officers to earn their respective cash bonuses. We believe that the performance objectives are moderately difficult to achieve and that performance at a high level while devoting full time and attention to their responsibilities is required for our executive officers to earn their respective cash bonuses.

For 2007, based on the achievement of the objectives for our executive officers under our bonus plan, we paid bonuses of \$54,095 to Mr. Smith, \$43,276 to Mr. Schmidt, \$43,105 to Mr. Sperling, \$65,708 to Mr. Kahn, and \$37,091 to Mr. Elliott. The cash bonuses paid to our chief executive officer accounted for approximately 1.6% of his total compensation in 2007. For our other named executive officers in 2007, their cash bonuses, on average, accounted for 2.2% to 4.4% of their total compensation.

2007 Discretionary Bonuses

The compensation committee may also award discretionary bonuses based on our achievements and the individual's contributions to those achievements. For 2007, Mr. Smith and Mr. Schmidt received a \$25,000 discretionary bonus for their efforts in helping the company achieve a successful common stock offering in December 2006.

Table of Contents**Equity Compensation**

We believe that for growth companies in the technology sector, equity awards are a significant compensation-related motivator in attracting and retaining executive-level employees. Accordingly, we have provided our named executive officers and other executives with long-term equity incentive awards that incentivize those individuals to stay with us for long periods of time, which in turn should provide us with greater stability over such periods than we would experience without such awards. While the majority of our long-term equity compensation awards historically have also been in the form of stock options, we provided grants of restricted stock to each of our executive officers in 2007. We felt that granting restricted stock in 2007 provided additional incentive to our executives by providing them with immediate stock ownership, which helped align their interests with those of our stockholders.

We grant equity compensation to our executive officers and other employees under the 2005 Plan. We account for equity compensation paid to our employees under the rules of SFAS No. 123R, which requires us to estimate and record compensation expense over the vesting period of the award. All equity awards to our employees, including executive officers, and to our directors have been granted and reflected in our consolidated financial statements, based upon the applicable accounting guidance, at fair market value on the grant date.

Generally, we grant long-term equity awards to our named executive officers upon commencement of their employment, and the terms of those awards typically vest over four years. Additionally, from time to time, we grant subsequent long-term equity awards to our named executive officers based upon a number of factors, including: rewarding executives for superior performance, maintaining a sufficient number of unvested long-term equity awards as a means to retain the services of such executives, providing increased motivation to such executives and ensuring that the total long-term equity awards are competitive with those of other companies competing for our named executive officers. We typically grant equity awards at scheduled meetings of the compensation committee, and option awards typically carry an exercise price equal the closing price of our common stock on the day of grant. We do not have a program, plan or practice to time the grant of stock options in coordination with the release of material non-public information.

In February, 2007 we granted shares of Restricted Stock and stock options to each of our named executive officers as follows:

	Shares of Restricted Stock	Stock Options
William W. Smith, Jr.	100,000	200,000
Andrew C. Schmidt	50,000	100,000
David P. Sperling	30,000	100,000
Jonathan Kahn	30,000	100,000
Robert Elliott	30,000	100,000

In 2007, the committee approved grants of restricted stock and options as a retention tool and due to the committee's sense that our total cash compensation paid to our named executive officers was at the lower end of the market for technology companies of similar size. Differing levels of restricted stock awards were made to executives based on the individuals' relative duties and responsibilities. In addition, the company awarded new stock options to the named executive officers during 2007. The primary reason for these new stock option grants was to maintain internal equity of our existing executives with new executives that were hired through our acquisitions of Ecutel Systems and Insignia Solutions in early 2007. The stock options were granted at a regularly scheduled compensation committee meeting. The exercise price of these option awards is the closing price of our common stock on the Nasdaq Global Market on the date of grant.

Our stock options have a 10-year contractual term. In general, the option grants are also subject to post-termination and change in control provisions. These terms are more fully described below in *Employment Agreements* and *Potential Payments upon Termination or Change in Control*.

Executive Benefits and Perquisites

We provide the opportunity for our named executive officers and other executives to receive certain perquisites and general health and welfare benefits. We also offer participation in our defined contribution 401(k) plan. We provide a 20% match on all eligible employee contributions to our 401(k) plan. We provide these benefits to create additional incentives for our executives and to remain competitive in the general marketplace for executive talent.

Change in Control and Severance Benefits

We provide the opportunity for certain of our named executive officers to receive additional compensation or benefits under the severance and change in control provisions contained in their employment agreements. We provide this opportunity to attract and retain

Table of Contents

an appropriate caliber of talent in key positions. Our severance and change in control provisions for certain of our named executive officers are summarized below in Employment Agreements and Potential Payments Upon Termination or Change in Control.

Code Section 162(m)

It is our policy generally to qualify compensation paid to executive officers for deductibility under Section 162(m) of the Internal Revenue Code. Section 162(m) generally prohibits us from deducting the compensation of officers that exceeds \$1,000,000 unless that compensation is based on the achievement of objective performance goals. We believe our 2005 Plan is structured to qualify stock options, restricted share and stock unit awards under such plan as performance-based compensation and to maximize the tax deductibility of such awards. However, we reserve the discretion to pay compensation to our officers that may not be deductible.

2008 Compensation Decisions

For 2008, we have made changes to our named executive s compensation consistent with the findings of our benchmarking study discussed above, while taking into account the individual performance and relative responsibility of our named executives.

The following table identifies actions taken during the second quarter of 2008 with respect to annual base salaries of the named executive officers:

<i>Named Executive Officer</i>	<i>Changes in Annual Base Salary</i>
William W. Smith, Jr.	Increased from \$350,000 to \$400,000, effective May 2008
Andrew C. Schmidt	Increased from \$260,000 to \$300,000, effective May 2008
David P. Sperling	Increased from \$210,000 to \$225,000, effective May 2008
Jonathan Kahn	Increased from \$200,000 to \$240,000, effective May 2008
Robert Elliott	Increased from \$160,000 to \$180,000, effective May 2008

The annual base salaries of Mr. Smith, Schmidt, Sperling, Kahn and Elliott were increased based on the findings of the compensation study referenced above and to recognize the value of their overall services to the company. The Board took into account each of their job responsibilities, historical salary levels, the performance of the company, individual contributions, competitive conditions in the marketplace and the relationship of their compensation levels to other officers of Smith Micro Software, and determined that the increases were appropriate to reward performance, ensure retention and maintain appropriate compensation differentials among officers of Smith Micro Software. The following table identifies actions taken during the second quarter of 2008 with respect to annual cash based bonus eligibility of the named executive officers:

<i>Named Executive Officer</i>	<i>Changes in Cash Based bonus eligibility</i>
William W. Smith, Jr.	Increased from \$50,000 to \$75,000, effective May 2008
Andrew C. Schmidt	Increased from \$40,000 to \$50,000, effective May 2008
David P. Sperling	Increased from \$46,000 to \$60,000, effective May 2008
Jonathan Kahn	No change, remains at \$60,000 for 2008
Robert Elliott	Increased from \$40,000 to \$50,000, effective May 2008

The changes noted above were made consistent with the findings of our compensation study which determined that our total cash based compensation for our executives fell below the 50th percentile compared with our peer group, and that our cash based bonus pool compensation fell below the 25th percentile. While the changes above represent increases, the net resulting cash bonus pool for each named executive officer remains at or below the 25th percentile as compared with our peer group.

Consistent with the Board s compensation philosophy, the changes to the 2008 total cash compensation of our executives remains below the 50th percentile as compared to our peer group. Taking this into account, the Board approved the issuance of a restricted stock grant for our named executive officers. Mr. Smith received a grant of 150,000 shares, Mr. Schmidt 75,000 shares, and Mr. Sperling, Kahn, and Elliot each received grants of 50,000 shares. However, based on our benchmarking study, the Board increased the vesting period of this restricted stock offering from a 2 year vesting to a 4 year vesting. The grants were also effective May of 2008.

Employment Agreements*Letter Agreement with Andrew C. Schmidt*

Effective on June 14, 2005 we entered into a letter agreement with Andrew C. Schmidt, our Chief Financial Officer. The agreement provides for an initial base salary of \$220,000 per annum and eligibility to receive bonus awards at the discretion of the compensation committee of the board of directors. Mr. Schmidt is also eligible to participate in any and all plans providing general benefits to our employees, subject to the provisions, rules and regulations applicable to each such plan. Mr. Schmidt's base salary is currently set at \$260,000.

Mr. Schmidt's employment letter agreement also provides that he is eligible to participate in our 2005 Plan. In 2006 Mr. Schmidt received grants of 55,000 shares of restricted stock, which vest ratably over 24 months. In 2007, Mr. Schmidt was granted options to purchase 100,000 shares of stock at an exercise price of \$12.55. These options vest over four years. Mr. Schmidt was also granted 50,000 shares of restricted stock in 2007.

Mr. Schmidt's employment may be terminated at any time, with or without cause and with or without notice, by Mr. Schmidt or by us. If Mr. Schmidt's employment is terminated by us without cause within twelve months following a Corporate Transaction (as defined in the agreement), we will provide Mr. Schmidt payment of salary for the six months following the termination of employment.

The letter agreement states that Mr. Schmidt's employment is of no set duration.

Employment Agreement with Jonathan Kahn

We entered into an employment agreement on July 1, 2005 with Jonathan Kahn in connection with our purchase of Allume Systems, Inc., where Mr. Kahn was President. The employment agreement provides for an initial base salary of \$200,000 per annum, plus an annual bonus based on the attainment of certain targets. Mr. Kahn is also eligible to participate in any and all plans providing general benefits to our employees, subject to the provisions, rules and regulations applicable to each such plan. The Board approved changes to his commission schedule, effective on April 1, 2007, in lieu of making any changes to his base compensation. The employment agreement is for a term of three years.

Mr. Kahn's employment may be terminated at any time, with or without cause and with or without notice, by Mr. Kahn or by us. If Mr. Kahn's employment is terminated by us other than for cause (as defined in the agreement) or if Mr. Kahn terminates his employment for good reason following a Change of Control (as defined in the agreement), we will provide Mr. Kahn a severance payment equal to eighteen months at his then-current base salary. Such amount shall be payable in equal monthly increments over the period following termination. In addition, if we terminate Mr. Kahn without cause or if he terminates his employment for good reason following a Change of Control: (i) we will provide Mr. Kahn with continuation of medical, health and life insurance benefits, at the same benefit level at which he was participating on the date of termination, for such eighteen month period, and (ii) all of Mr. Kahn's unvested stock options will immediately vest and be exercisable in full within two years of termination.

Agreement with William W. Smith, Jr.

In June 2005, we entered into an agreement with William W. Smith, Jr., Chief Executive Officer, pursuant to which we agreed to a lifetime payment of \$6,000 annually, subject to annual increases of 5%, in connection with his future retirement or resignation from

Table of Contents

employment. The agreement provides that we may, at our option, discharge our obligations under the agreement by purchasing a single premium annuity for the benefit of Mr. Smith, the estimated cost of which was approximately \$150,000.

Other than as disclosed above, none of the named executive officers has an employment agreement with us, and the employment of each of the named executive officers may accordingly be terminated at any time at the discretion of the Board of Directors.

Potential Payments Upon Termination or Change in Control

The compensation committee believes that change in control agreements are appropriate and serve an important business purpose for the company. The committee believes that these benefits aid in recruiting and retaining talent in a competitive market. Also, benefits are provided in the event of termination of employment following a change in control, which are intended to motivate executive officers to remain with the company despite the uncertainty and dislocation that arises in the context of change in control situations. The change in control agreements are an important part of our overall compensation objectives, particularly our goal of retaining the best qualified executive officers, and do not affect the decisions made with respect to other compensation elements.

Mr. Schmidt

Pursuant to the employment letter agreement with Mr. Schmidt, if his employment is terminated without cause within twelve months following a Corporate Transaction he is entitled to a severance benefit equal to six months base salary, subject to required withholding and payable in accordance with our regular and customary payroll practices. In addition, pursuant to his stock option and restricted stock agreements, he is entitled to accelerated vesting of options and restricted stock in the event of a Corporate Transaction. Assuming the employment of Mr. Schmidt were to be terminated without cause within twelve months following a Corporate Transaction as of December 31, 2007, he would be entitled to an aggregate of \$445,863 in change in control benefits, consisting of (i) \$130,000 to be paid over the six month period following such termination, subject to required withholding and in accordance with our regular and customary payroll practices, (ii) accelerated vesting of 100,000 outstanding stock options with a value of \$0 (based on the number of shares times the December 31, 2007 closing market price for our stock, less the exercise price of the options), and (iii) accelerated vesting of 37,292 shares of restricted stock with a value of \$315,863 (based on the number of shares times the December 31, 2007 closing market price for our stock). We are not required to make any cash payments to Mr. Schmidt if his employment is terminated by us for cause or on account of death or disability or by Mr. Schmidt.

For purposes of Mr. Schmidt's employment letter agreement, (i) Corporate Transaction is defined as any of the following stockholder approved transactions to which we are a party: (a) a merger or consolidation in which securities possessing more than fifty percent (50%) of the total combined voting power of our outstanding securities are transferred to a person or persons different from the persons holding those securities immediate prior to such transaction, or (b) the sale, transfer or other disposition of all or substantially all of our assets in complete liquidation or dissolution of Smith Micro; and (ii) cause is not defined. We gave these benefits to Mr. Schmidt in order to retain his services.

Mr. Schmidt is bound by the terms of a Proprietary Information and Inventions Agreement which survives the termination of his employment. This agreement provides in part that he will not disclose our confidential information to any third party.

Mr. Kahn

Pursuant to the employment agreement with Mr. Kahn, if we terminate him without cause or if he terminates his employment for good reason upon a change of control, we are obligated to provide Mr. Kahn a severance payment equal to eighteen months at his then-current base salary. Such amount shall be payable in equal monthly increments over the period following termination. In addition, if we terminate Mr. Kahn without cause or if he terminates his employment for good reason upon a Change of Control, we will provide Mr. Kahn with continuation of medical, health and life insurance benefits, at the same benefit level at which he was participating on the date of termination, for such eighteen month period. In addition, the employment agreement provides that all of Mr. Kahn's unvested stock options will immediately vest and be exercisable in full within two years of the date we terminate him without cause or he terminates his employment for good reason upon a Change of Control.

Assuming either a Change of Control occurred on December 31, 2007 and Mr. Kahn terminated his employment as a result thereof, Mr. Kahn would be entitled to an aggregate of \$490,575 of change in control benefits, consisting of (i) \$300,000 to be paid over the eighteen month period following such termination in accordance with our regular payroll practices, (ii) approximately \$26,000 in

Table of Contents

continuance of medical, health and life insurance benefits for the eighteen month period following termination, and (iii) accelerated vesting of 100,000 outstanding stock options with a value of \$0 (based on the number of shares times the December 31, 2007 closing market price for our stock, less the exercise price of the options), and (iii) accelerated vesting of 22,500 shares of restricted stock with a value of \$190,575 (based on the number of shares times the December 31, 2007 closing market price for our stock).

For purposes of Mr. Kahn's employment agreement, (i) **Change of Control** means a change in a majority of the membership of our board of directors, the sale of all or substantially all of our assets or the merger or consolidation of our company as a result of which Mr. Kahn does not remain at least a Senior Vice President, and (ii) **cause** means Mr. Kahn's conviction of, or plea of guilty or no contest to, a felony involving turpitude, persistent dishonesty or fraud, persistent willful breaches of the material terms of the agreement, or willful neglect of the duties which he is required to perform under his agreement.

Mr. Smith

We have an agreement with Mr. Smith pursuant to which we agreed to a lifetime payment of \$6,000 annually, subject to annual increases of 5%, in connection with his future retirement or resignation from employment; provided that we may, at our option, discharge our obligations under the agreement by purchasing a single premium annuity for the benefit of Mr. Smith, the estimated cost of which was approximately \$150,000. Assuming Mr. Smith's employment was terminated as of December 31, 2007, and further assuming that we determined to satisfy our obligations under his agreement by purchasing a single premium annuity for the benefit of Mr. Smith, we would have been obligated to expend \$150,000 to purchase the annuity.

Stock Options and Restricted Stock

Each of our named executive officers holds options and shares of restricted stock that would vest, subject to the satisfaction of certain other conditions included in the option agreements and restricted stock agreements, upon a Corporate Transaction. For purposes of these agreements, **Corporate Transaction** is defined as either of the following stockholder-approved transactions to which we are a party: (i) a merger or consolidation in which securities possessing more than fifty percent (50%) of the total combined voting power of our outstanding securities are transferred to a person or persons different from the persons holding those securities immediately prior to such transaction, or (ii) the sale, transfer or other disposition of all or substantially all of our assets in our complete liquidation or dissolution. We provide this benefit in order to properly incent our executives to support a Corporate Transaction that would be deemed beneficial to our shareholders.

Assuming a Corporate Transaction occurred as of December 31, 2007 and the other conditions included in the options agreements were satisfied, the following individuals would be entitled to accelerated vesting of their outstanding stock options as described in the table below:

Name	Value of accelerated option awards following Change in Control
William W. Smith, Jr.	Immediate vesting of 93,750 options with a value of \$374,332 (1).
Andrew C. Schmidt	Immediate vesting of 100,000 options with a value of \$0 (1).
David P. Sperling	Immediate vesting of 54,166 options with a value of \$234,996 (1).
Jonathan Kahn	Immediate vesting of 100,000 options with a value of \$0 (1).
Robert Elliott	Immediate vesting of 50,520 options with a value of \$211,079 (1).

(1) Based on the number of shares times the December 31, 2007 closing market price, less the exercise price of the options.

Assuming a Corporate Transaction occurred as of December 31, 2007 and the other conditions included in the restricted stock agreements were satisfied, the following individuals would be entitled to accelerated vesting of the following shares of restricted stock:

Name	Value of accelerated stock awards following Change in Control
William W. Smith, Jr.	Immediate vesting of 69,583 shares with a value of \$589,368 (1).
Andrew C. Schmidt	Immediate vesting of 37,292 shares with a value of \$315,863 (1).
David P. Sperling	Immediate vesting of 22,500 shares with a value of \$190,575 (1).
Jonathan Kahn	Immediate vesting of 22,500 shares with a value of \$190,575 (1).
Robert Elliott	Immediate vesting of 22,500 shares with a value of \$190,575 (1).

(1) Based on the December 31, 2007 closing market price of \$8.47.

Summary of Director Compensation

Non-employee members of the Board of Directors receive fees of \$2,500 quarterly for Board and committee service, and are reimbursed for their out-of-pocket expenses in connection with service on the Board of Directors. Non-employee members of the Board of Directors are eligible to receive periodic option grants pursuant to the Automatic Option Grant Program in effect under our 2005 Plan and are eligible to receive discretionary awards under the Plan's Discretionary Option Grant and Stock Issuance Programs.

Each non-employee director will receive an option grant for 10,000 shares in connection with his or her initial appointment to the Board of Directors. Each such option will have an exercise price per share equal to the closing sale price per share of common stock on the grant date and a maximum term of 10 years measured from the grant date. Each option will be immediately exercisable for all the option shares, but any shares purchased under the option will be subject to repurchase by us, at the option exercise price paid per share, in the event the optionee ceases to serve as a member of the Board of Directors prior to vesting in the option shares. The option shares will vest in a series of four successive equal annual installments over the optionee's period of service on the Board of Directors, with the first installment to vest upon his or her completion of one year of serving as a member of the Board of Directors measured from the grant date. The option shares will immediately vest in full upon certain changes in control or ownership or

upon the optionee's death or disability while still serving as a member of the Board of Directors.

At each Annual Meeting of Stockholders, each individual who will continue to serve as a non-employee member of the Board of Directors will receive an additional option grant for 5,000 shares, provided such individual has served on the Board of Directors for at least six months. Each option will have an exercise price per share equal to the closing sale price per share of common stock on the date of the Annual Meeting and a maximum term of 10 years measured from such date, subject to earlier termination upon the optionee's

cessation of service on the Board of Directors. The option will be immediately exercisable for all the option shares, but any shares purchased under the option will be subject to repurchase by us, at the option exercise paid per share, should the optionee stop serving as a member of the Board of Directors prior to the completion of one year of service measured from the grant date. On February 19, 2007, each director received a special discretionary grant of 10,000 shares of Restricted Stock valued at \$12.55 per share and vesting in equal installments over the next 12 months.
