Restructuring at Tata Motors (Thailand) Limited (TMTL)

Mumbai, July 31, 2018:As part of the Turnaround 2.0 strategy, Tata Motors had called out its 6-cylinder strategy for delivering consistent, competitive and cash accretive growth. One of the six pillars is Net Debt and Subsidiaries.

As part of this ongoing review, we have undertaken a reassessment of our business model in Thailand to ensure it is sustainable over the long term. The business as it stands today is sub-scale and not sustainable. We have hence decided to cease the current manufacturing operations in this financial year. Going forward, the Company shall continue to address the Thailand market with a revamped product portfolio, suitable to local market needs, delivered through a CBU distribution model.

Tata Motors is committed to the ASEAN region wherein Thailand is an important market and we endeavor to continue serving our customers as we transition to the new operating model.
