GeoGlobal Resources Inc., headquartered in Calgary, Alberta, Canada, is a US publicly traded oil and gas company, which through its subsidiaries, is engaged primarily in the pursuit of petroleum and natural gas through exploration and development in India. Since inception, the Company's efforts have been devoted to the pursuit of Production Sharing Contracts with the Government of India. Currently, the Company is focused on the development of high potential exploration targets in the Krishna Godavari, Cambay and the Deccan Syncline basin areas.

Forward Looking Statements

Some statements in this press release may contain forward looking information. These statements may address future events and conditions and, as such, could involve inherent risks and uncertainties. Our actual results of oil and gas exploration and development activities could be significantly different from any results anticipated. Our exploration and development activities involve highly speculative exploration opportunities that involve material risks. Additional important risk factors are described in the Company's periodic filings with the Securities and Exchange Commission, including the Company's annual report on Form 10-KSB and quarterly reports on Form 10-QSB. The filings may be viewed at <http://www.sec.gov>, and www.sedar.com.
