**THE PL CAPITAL GROUP/BANCORP RHODE ISLAND, INC.
YOUR VOTE IS IMPORTANT Please vote the GREEN card today!**

Recently, you should have received PL Capital Group's proxy statement, along with our GREEN proxy card, in connection with the solicitation of proxies for the election of directors at Bancorp Rhode Island's (Bancorp RI) upcoming May 16, 2007 Annual Meeting. For the first time ever, you will have a real choice, rather than simply having to vote for Bancorp RI insiders.

WHY DOES PL CAPITAL THINK BANCORP RI NEEDS IMPROVEMENT?

Bancorp RI will tell you in their shareholder communications that everything is going well. What they won't tell you is that 2006 was **THE WORST YEAR SINCE BANCORP RI WAS FOUNDED IN 1996**, based on several key measures, as noted below:

LOWEST Return on Equity (ROE) since 1996:	7.2%
LOWEST Return on Assets (ROA) in its history:	0.53%
HIGHEST Operating Efficiency Ratio in its history:	76% (lower is better)
LOWEST Diluted Earnings Per Share (EPS) since 2000:	\$1.57

Bancorp RI's results have declined so much, Bancorp RI is now a below average performer compared to peers:

<u>2006 Annual Results:</u>	<u>Bancorp RI</u>	<u>Peer Group ⁽¹⁾ (Assets \$1-\$5 Billion)</u>	<u>All U.S. Banks ⁽²⁾</u>
Return on Equity	7.2%	12.3%	13.1%
Return on Assets	0.53%	1.14%	1.33%
Efficiency Ratio	76%	58%	56%

BANCORP RI S INABILITY TO CONTROL OVERHEAD EXPENSES

In the past five years, Bancorp RI s operating expenses have grown at a faster compounded annual growth rate (+11.5%) than the compounded annual growth rate in revenues (+7.5%), total assets (+9.9%) and total deposits (+7.5%). Unfortunately, Bancorp RI CEO Merrill W. Sherman told us that she does not share PL Capital s view that Bancorp RI can reduce its efficiency ratio from the current 76% to 55%-60%. In our view, if thousands of banks around the country can do it, then Bancorp RI should attempt to do it as well.

CEO S COMPENSATION IS PART OF THE EXPENSE PROBLEM

We can only wonder if CEO Merrill Sherman s inability to dramatically reduce Bancorp RI s expenses is because her compensation is part of the problem. Her total compensation has been growing significantly, almost tripling from 1997 to 2006, and almost doubling from 2003 to 2006, while key performance measures declined. This situation demonstrates the inability of management to control expenses, and calls into question the board s oversight over Bancorp RI s management.

BANCORP RI S ROE DECLINES WHILE CEO S TOTAL COMPENSATION SOARS

(for the years ended December 31,):

CEO S \$7 MILLION++ GOLDEN HANDSHAKE

In early 2007, shortly after PL Capital announced its intention to run for board seats, CEO Merrill Sherman received several enhancements to her employment agreement. Her total severance package would now pay her more than **\$7 MILLION** if she left after a change in control of Bancorp RI.

EXECUTIVE BONUSES WERE GRANTED DESPITE WEAK FINANCIAL PERFORMANCE WHAT IS THE BOARD DOING WITH SHAREHOLDER S MONEY (OUR MONEY AND YOUR MONEY!!)?

In 2006, the Compensation Committee conveniently decided to ignore certain expenses taken by Bancorp RI, thereby enabling management to qualify for their bonuses. This is **OUTRAGEOUS** in our view, given Bancorp RI s weak performance in 2006.

BANCORP RI SHOULD EXPLORE ALL POSSIBLE STRATEGIC ALTERNATIVES TO MAXIMIZE SHAREHOLDER VALUE

We don t believe Bancorp RI s existing board and management team have the intention or ability to reduce the Bancorp RI s efficiency ratio to 55% to 60% (and increase earnings by doing so). We therefore believe Bancorp RI should pursue all strategic alternatives, including a merger with a larger banking organization, which could unlock Bancorp RI s franchise value. Fortunately, despite management s performance shortfalls, Bancorp RI still has significant franchise value, as noted in Wall Street analysts comments included herein as Appendix A.

If we are elected to the board, we are also willing to realistically examine management s plans and projections to evaluate whether remaining independent, or deferring a sale until a more opportune time, may create more shareholder value over time. We are also willing to examine whether changes in the existing management team or business model would yield superior performance and shareholder value.

Appendix A

WALL STREET ANALYSTS WEIGH IN on Bancorp RI s problems, PL Capital and opportunities for maximizing shareholder value:

Jared Shaw, Keefe, Bruyette & Woods, Inc. (from p. 4 of an American Banker article dated February 5, 2007):

There is more value in a sale than the way that they re running the bank right now, said Jared Shaw, an analyst at Keefe Bruyette. The stock, based solely on the company s earnings, should be trading around \$28 a share but could fetch \$44 to \$48 a share in a sale , Mr. Shaw said.

Speaking about Bancorp RI s fourth quarter 2006 earnings, he said that *while the efficiency ratio improved to 75.8%, by our calculations, it still remains one of the highest of BARI s peer group.*

Laurie Hunsicker, Friedman, Billings, Ramsey & Co., Inc. (January 26, 2007):

We continue to believe that BARI has an attractive franchise in a fairly consolidated state and could be worth \$50-\$55 per share in an acquisition, should the board decide to pursue a sale. Additionally, if the board elects to sell to a mutual that was simultaneously converting to stock form and take IPO shares as currency . . . , our \$55 takeout target could, in fact be closer to \$75-plus per share.

Bret Ginesky, Ryan Beck & Co., Inc. (January 25, 2007):

Referring to PL Capital Group, he said: *Moreover, we believe the influence of outside investors could manifest into a productive relationship and lead to performance enhancements at the bank.*

Jared Shaw, Keefe, Bruyette & Woods, Inc. (June 23, 2006):

Bancorp Rhode Island remains challenged by higher expenses. The bank's efficiency ratio topped 80% this past quarter and has consistently been in the 70% area.

Scarcity value: Bancorp Rhode Island is one of two remaining independent banks headquartered in Rhode Island. Furthermore, by operating in a marketplace dominated by three large banks ([Bank America], [Sovereign], Citizens), Bancorp Rhode Island offers an acquirer immediate entrance into the market.
