Our authorized capital stock consists of 57,142,857 shares of common stock, par value \$0.007 per share and 25,000,000 shares of preferred stock, par value \$0.001 per share. #### Common Stock

**Dividend Rights.** Holders of outstanding shares of our common stock are entitled to receive dividends out of assets legally available at the times and in the amounts that our board of directors may determine from time to time.

**Voting Rights.** Each holder of common stock is entitled to one vote for each share of common stock held on all matters submitted to a vote of stockholders. We have not provided for cumulative voting for the election of directors in our certificate of incorporation. This means that the holders of a majority of the shares voted can elect all of the directors then standing for election.

**No Preemptive, Conversion or Redemption Rights.** Our common stock is not entitled to preemptive rights and is not subject to conversion or redemption.

**Right to Receive Liquidation Distributions.** Upon our liquidation, dissolution or winding-up, the holders of our common stock are entitled to share in all assets remaining after payment of all liabilities and the liquidation preferences of any outstanding preferred stock. Each outstanding share of common stock is fully paid and nonassessable.

#### Anti-Takeover Effects of the Certificate of Incorporation and Bylaws of NextWave Wireless Inc.

The provisions of our certificate of incorporation and bylaws described below may have the effect of delaying, deferring or discouraging another party from acquiring control of our company.

Our certificate of incorporation and bylaws provide that:

our directors serve staggered, three-year terms and accordingly, pursuant to Delaware law, can only be removed with cause;

- no action can be taken by stockholders except at an annual or special meeting of the stockholders called in accordance with our bylaws, and stockholders may not act by written consent;
- our board of directors will be expressly authorized to make, alter or repeal our bylaws, and our stockholders will be able to make, alter or repeal our bylaws by a vote of 66-2/3% of the issued and outstanding voting shares;
- any vacancies on the board of directors would be filled by a majority vote of the board;
- our board of directors will be authorized to issue preferred stock without stockholder approval; and
- we will indemnify officers and directors against losses that they may incur in investigations and legal proceedings resulting from their services to us, which may include services in connection with takeover defense measures.

As a result of our delisting from The NASDAQ Global Market (“Nasdaq”) as of July 23, 2010, we are currently not subject to the provisions of Section 203 of the Delaware General Corporation Law regulating corporate takeovers.

#### Over-the-Counter Trading

Our common stock is quoted under the symbol “WAVE” on the OTCQB, an over-the-counter electronic quotation service operated by the Pink OTC Markets Inc.

As a result of our delisting from Nasdaq as of July 23, 2010, we are not currently subject to its corporate governance requirements and our stockholders may not have the same protections as are afforded to stockholders of companies listed on the Nasdaq. For example, we are no longer required to maintain a majority of independent directors on our Board of Directors. Delisting from the Nasdaq may also result in increased obligations under state securities laws and decreased coverage by security analysts.

Markets operated by the Pink OTC Markets are generally regarded as less efficient and liquid than Nasdaq. The ability to trade our common stock on the OTCQB depends on the presence and investment decisions of willing buyers and sellers. Accordingly, if an active and liquid trading market price for our common stock does not develop or, if developed, does not continue, the market price of our common stock will be adversely affected. In addition, because we are no longer listed on Nasdaq, sales of our common stock by brokers in certain states may be limited or prohibited pending completion of registration filings required under state securities laws.

Trading in our common stock may be subject to the requirements of certain rules promulgated by the SEC under the Securities Exchange Act of 1934, which require additional disclosure by broker-dealers in connections with any trade involving a stock defined as a “penny stock”. A “penny stock” is any equity security that has a market price per share of less than \$5.00, subject to certain exceptions, such as any securities listed on a national securities exchange. Additional disclosure burdens relating to penny stocks imposed upon broker-dealers by the SEC requirements could discourage broker-dealers from facilitating trades in our common stock, which could limit the market liquidity of the stock and the ability of investors to trade our common stock.
