release for the quarter ended September 30, 2003 is attached as Exhibit 99.1. On October 30, 2003, the Company held a conference call to discuss the third quarter results. The transcript of the conference call is attached as Exhibit 99.2. The Company is providing certain supplemental financial and operating information related to the third quarter, which is attached as Exhibit 99.3

The information in this Form 8-K and the Exhibits attached hereto shall not be deemed "filed" for purposes of Section 18 of the Securities Exchange Act of 1934, nor shall it be deemed incorporated by reference in any filing under the Securities Act of 1933, except as shall be expressly set forth by specific reference in such filing.

Funds from operations ("FFO") is a widely used measure of the operating performance of real estate companies that supplements net income determined in accordance with generally accepted accounting principles ("GAAP"). The Company computes FFO in accordance with the National Association of Real Estate Investment Trusts' definition of FFO, which is net income (computed in accordance with GAAP) excluding gains or losses on sales of operating properties, plus depreciation and amortization, and after adjustments for unconsolidated partnerships and joint ventures. The Company believes that FFO provides an additional indicator of the operating performance of the Company's properties without giving effect to real estate depreciation and amortization, which assumes the value of real estate assets declines predictably over time. Since values of well-maintained real estate assets have historically risen or fallen with market conditions, the Company believes that FFO provides investors with a better understanding of the Company's operating performance.

The Company presents its total share of consolidated and unconsolidated debt because the Company believes that this amount provides investors with a clear understanding of the Company's debt obligations.

The Company presents same-center net operating income because the Company believes that it provides investors with useful information regarding the operating performance of shopping centers that are comparable between periods. The Company determines net operating income for shopping center properties by subtracting property operating expenses from rental and tenant reimbursement revenues.

The Company determines each of the non-GAAP measures above by including its proportionate share from unconsolidated affiliates and excluding minority investors' proportionate shares in consolidated properties.

CBL REPORTS THIRD QUARTER RESULTS

X	Increases FFO per Share 12.6 % for the Quarter
X	Common Stock Dividend Increases 10.7%
X	Same Store Sales Increase 3.1% for the Quarter
X	Same Center NOI Increases 4.3% for the Nine Months

CHATTANOOGA, Tenn. (October 29, 2003) CBL & Associates Properties, Inc. (NYSE:CBL) announced results for the third quarter and the nine months ended September 30, 2003. Reconciliations of non-GAAP financial measures are included in the financial tables accompanying this press release. The third quarter results exclude the impact of SFAS No. 150, "Accounting for Certain Financial Instruments with Characteristics of Both Liabilities and Equity," since the Financial Accounting Standards Board indefinitely deferred SFAS No. 150's provisions related to noncontrolling interests in limited life subsidiaries on October 29, 2003.

Net income available to common shareholders increased 15.8% in the third quarter of 2003 to \$20,225,000 from \$17,465,000 in the prior-year period. On a diluted per share basis, net income available to common shareholders for the third quarter of 2003 increased 14.0% to \$0.65 compared with \$0.57 in the prior-year

Edgar Filing: CBL & ASSOCIATES PROPERTIES INC - Form 8-K

period. Net income available to common shareholders increased 19.1% in the nine months of 2003 to \$64,023,000 from \$53,763,000 in the nine months of 2002, or a 12.0% per share increase to \$2.06 from \$1.84.

Funds from operations (FFO) increased 15.4% to \$65,801,000 for the third quarter 2003, from \$57,011,000 for the third quarter of 2002. FFO per share on a diluted, fully converted basis increased 12.6% to \$1.16 for the third quarter of 2003 from \$1.03 in the prior-year period. FFO increased 16.7% to \$200,504,000 for the nine months of 2003 from \$171,876,000 in the nine months of 2002. FFO per share increased 11.3% on a diluted, fully converted basis in the nine months in 2003 to \$3.54 from \$3.18 per share in the prior-year period.

The Company began to include gains on sales of outparcels in FFO during the first quarter of 2003 to comply with the Securities and Exchange Commission's rules related to disclosure of non-GAAP financial measures since NAREIT's definition of FFO includes gains on sales of outparcels. FFO for the prior-year period has been restated to include gains on sales of outparcels. Gains on sales of outparcels for the third quarter of 2003 were \$0.01 per diluted, fully converted share versus \$0.01 for the third quarter one-year ago.

HIGHLIGHTS

[X] Effective with the fourth quarter of 2003 the regular quarterly cash dividend for the Company's common stock will be increased by 10.7% from \$0.655 to \$0.725 per share. This increase is a result of the Company's compound annual FFO growth of 11.8% per share since the Company's initial public offering in 1993. The Company currently expects to maintain an annualized dividend of at least \$2.90 per share throughout 2004.

[X] Income from operations increased 13.2% in the third quarter of 2003 to \$77,800,000 from \$68,702,000 in the third quarter of 2002. Income from operations increased 12.6% in the first nine months of 2003 to \$233,744,000 from \$207,609,000 in the nine months of 2002.

5

[X] Revenues increased 13.0% in the third quarter to \$165,476,000 from \$146,443,000 in the prior-year period. Revenues increased 13.3% in the nine months to \$496,315,000 from \$438,181,000 in the comparable period a year ago. Revenues for the third quarter of 2003 include \$588,000 in lease termination fees received from tenants compared with \$989,000 during the same period one year ago.

[X] Year to date as of September 30, 2003, same center net operating income for the portfolio improved by 4.3% compared with an 8.1% increase for the same period one year ago. Same center net operating income for the portfolio improved in the third quarter by 2.0% compared with a 1.4% increase for the prior year period.

[X] Same store sales improved 3.1% for the third quarter of 2003. Same-store sales for mall tenants of 10,000 square feet or less for stabilized malls increased 0.4% for those tenants who have reported year to date sales compared with a decrease of 1.5% for the nine months ended one year ago.

CBL's chairman and chief executive officer, Charles B. Lebovitz, stated, "We are celebrating our tenth year as a publicly traded company with the announcement today that our Board has increased our dividend by 10.7% effective with the fourth quarter this year. During the past decade, our portfolio has grown from

Edgar Filing: CBL & ASSOCIATES PROPERTIES INC - Form 8-K

15 million square feet to 63 million square feet and we have posted a compound annual FFO growth per share of 11.8%. Our annual dividend has increased from \$1.50 ten years ago to \$2.90 per share, a compound annual increase of 6.9%. We have produced a total return to our IPO shareholders in excess of 274%.

"While past results are not indicative of future performance, they do reflect the success of a focus that has remained consistent. For 25 years, CBL's strategy has been to develop, acquire and aggressively manage well-located, dominant regional malls and shopping centers. As we look ahead, we expect that our strategy combined with new opportunities such as our Australian joint venture with Galileo America REIT will continue to provide CBL with opportunities to create additional shareholder value.

"New acquisitions continued during the third quarter as we closed on the first regional mall of a four-mall portfolio from Faison Enterprises and subsequently closed on the next two malls on October 1. Our development pipeline remains active with several projects under construction including one mall, one associated center and two community centers. We also remain committed to the redevelopment of our properties with renovations and expansions scheduled for completion later this year at four malls. We completed renovations at two regional malls earlier this year. In addition, we held the grand opening for a new community center, Waterford Commons in Waterford, Connecticut, subsequent to the end of the quarter."

Total variable-rate debt	443,440	2.33%	422,547	
Total	\$ 2,694,845	6.05%	\$2,303,144	

Debt-to-total-market capitalization ratio as of September 30, 2003, was 46.9% based on the common stock closing price of \$49.90 and a fully converted common stock share count of 55,433,565 as of the same date. The debt-to-total-market capitalization ratio as of September 30, 2002, was 50.3%, based on the common stock closing price of \$38.75.

In August the Company sold 4,600,000 depositary shares at \$25.00 per depositary share, raising \$115 million in gross offering proceeds. Subsequent to the end of the quarter, the Company announced the planned redemption of the 9% Series A Cumulative Redeemable Preferred Stock that was issued in 1998.

In September the Company closed \$196 million of long-term, non-recourse, fixed-rate mortgage loans secured by three of the Company's regional malls and one associated center. The loans have a blended rate of 4.85% and replaced short-term, variable rate debt on each property. The weighted average maturity is 6.5 years, with individual loan terms ranging from five to ten years.

During the third quarter the Company announced that it was forming a joint venture with Galileo America REIT ("Galileo"), the U.S. affiliate of Australia-based Galileo America Shopping Trust, to invest in power and community centers throughout the United States. CBL agreed to contribute to the joint venture 90% of its ownership interest in 51 power and community centers for gross consideration of approximately \$516 million and to retain a 10% interest in the joint venture. The joint venture closed on October 23, 2003 with the first phase generating cash proceeds to the Company of approximately \$255 million.

During the third quarter, the Company sold two community centers, Signal Hills

Edgar Filing: CBL & ASSOCIATES PROPERTIES INC - Form 8-K

Village and Chester Plaza for a combined gain of \$623,000.

DIVIDENDS

CBL's regular quarterly cash dividend of \$0.655 per share for the third quarter was paid on October 17, 2003, to shareholders of record as of September 30, 2003. The third quarter cash dividend of \$0.5625 per share for the Company's 9% Series A Cumulative Redeemable Preferred Stock, the third quarter cash dividend of \$1.0938 per share for the Company's 8.75% Series B Cumulative Redeemable Preferred Stock and the third quarter cash dividend of \$0.215278 per depositary share for the Company's 7.75% Series C Cumulative Redeemable Preferred Stock were all paid on September 30, 2003, to shareholders of record as of September 18, 2003.

OUTLOOK AND GUIDANCE

Based on today's outlook and the Company's third quarter results, management is comfortable with the Thomson/First Call consensus estimate for 2003 as of October 29, 2003. In connection with the recently completed Galileo transaction, the FFO loss due to the sale of the community centers in Phase I and Phase II is \$0.42 per share based on the results for the nine months of 2003. Considering the impact of this loss of FFO, the Company expects FFO to be in the range of \$4.85 to \$5.00 per share for 2004.

CBL & ASSOCIATES PROPERTIES, INC.
 Conference Call, Third quarter 2003
 October 30, 2003 @ 10:00 EDT

Thank you and good morning. We appreciate your participation in today's conference call to discuss our results for the third quarter of 2003. With me today are John Foy, the Company's Vice Chairman and Chief Financial Officer, and Kelly Sargent, Director of Investor Relations who will first read our Safe Harbor disclosure.

Edgar Filing: CBL & ASSOCIATES PROPERTIES INC - Form 8-K

This conference call contains "forward-looking" statements within the meaning of the federal securities laws. Such statements are inherently subject to risks and uncertainties, many of which cannot be predicted with accuracy and some of which might not even be anticipated. Future events and actual results, financial and otherwise, may differ materially from the events and results discussed in the forward-looking statements. During our discussion today, references made to per share are based upon a fully diluted converted share. We direct you to the Company's various filings with the Securities and Exchange Commission including, without limitation, the Company's Annual Report on Form 10-K and the "Management's Discussion and Analysis of Financial Condition and Results of Operations" incorporated by reference therein, for a discussion of such risks and uncertainties.

I would like to note that a transcript of today's comments including the preliminary balance sheet and additional schedules, along with the earnings release will be furnished to the SEC as a Form 8-K and will be available on our website. This call is also available for replay on the Internet through a link on our website at cblproperties.com. This conference call is the property of CBL & Associates Properties, Inc. Any redistribution, retransmission or rebroadcast of this call without the express written consent of CBL is strictly prohibited.

During this conference call, the Company may discuss non-GAAP financial measures as defined by SEC Regulation G. An explanation of each non-GAAP financial measure discussed and a reconciliation of each non-GAAP financial measure to the comparable GAAP financial measure will be included in the Form 8-K.

Thank you, Kelly.

The third quarter was another successful one for CBL in many ways. Highlights include:

1. FFO for the quarter increased 12.6% to \$1.16 per share.
2. Same center NOI for the quarter for the portfolio increased 2.0% and for the nine months of the year increased 4.3%.
3. We acquired one mall from Faison Enterprises and another two on October 1. We also began managing the fourth mall that will be acquired in December.
4. On October 23, we closed on Phase I of the sale of the community centers to the JV formed with Galileo America REIT.
5. In August we issued Series C Preferred shares raising \$115 million in gross offering proceeds.
6. We announced yesterday a 10.7% increase in the dividend on our common shares to \$2.90 per share.

DEVELOPMENTS

The construction of Coastal Grand in Myrtle Beach, SC is well underway and scheduled for its Grand Opening on March 17, 2004. We currently are 78% leased and committed. Anchors for Coastal Grand are Belk, Dillard's, Sears, Dick's Sporting Goods, Bed Bath & Beyond and Cinemark theaters. Some of the retailers new to the market that are opening in March include Abercrombie & Fitch, Hollister, Ann Taylor Loft, Cache and Charlotte Russe. We are looking forward to opening this new regional mall next spring with its unique architectural

Edgar Filing: CBL & ASSOCIATES PROPERTIES INC - Form 8-K

features and exciting design.

During the third quarter we broke ground on the 312,000 square foot Charter Oak Market Place in Hartford, CT that will be anchored by a 203,000 square foot Wal-Mart and a 30,000 square foot Marshalls and will open in November 2004. Also during the quarter, we began construction of a 26,500 square foot expansion at Garden City Plaza in Garden City, KS. This community center expansion is more than 50% pre-leased. Both of these construction projects will be contributed to the Galileo joint venture in the third phase of the transaction that will close in January 2005. In addition, we have one community center and one associated center under construction.

In September we began the demolition of the former Boston stores at East Towne and West Towne malls in Madison, WI. The redevelopment at East Towne includes a 66,000 square foot Dick's Sporting Goods and 25,500 square feet of small shops. The West Towne redevelopment and expansion will include a 66,000 square foot Dick's Sporting Goods and an additional 28,000 square feet of small shops. Both of these redevelopments and expansions are scheduled to open in November 2004. In addition to the projects under construction we have several in our development pipeline. The most recent we have announced is Imperial Valley Mall in El Centro, California with an opening date planned for the spring of 2005.

The centers currently under construction represent a total investment of \$227.2 million, of which \$154.7 million is our share. Construction loans or credit facilities are in place to fund the costs of these projects. Initial unleveraged yields on these developments are expected to range from 9% to 10%, after management and development fees, with stabilized yields ranging from 9% to 11%. We also have other projects in various phases of pre-development.

Expanding and updating anchor stores continues to be a priority for us. Dillard's at Northwoods Mall in Charleston, SC, started their 30,000 square-foot expansion this month. The newly expanded and fully remodeled 130,000-square-foot store will open along with the overall renovation of the mall, scheduled for completion in late 2004. At Arbor Place Mall in Atlanta, Georgia, JC Penney has opened in the former Dekor store and we have begun the site work for the addition of a 140,000 square foot Rich's Macy's scheduled to open in late 2004.

Upgrading and renovating our malls is a key component to their continued dominance within their markets. Year to date we have completed three renovations - Jefferson Mall, Parkdale Mall and St. Clair Square. The remaining renovations underway, East Towne Mall, West Towne Mall and Eastgate Mall, will be completed within the next thirty days. These six renovations represent a total investment of approximately \$61 million, excluding deferred maintenance costs of \$19.8 million.

LEASING & OCCUPANCY

During the quarter, we entered into approximately 620,000 square feet of leases, including 325,000 square feet of new leases and 295,000 square feet of renewals

14

of existing tenants. Even with the fallout of six cafeteria locations during the quarter totaling more than 55,000 square feet, occupancy for the stabilized mall portfolio held steady year over year at 92.1%.

At the end of the third quarter, total portfolio occupancy was 92.4%. In the former Jacobs malls, occupancy improved by 180 basis points to 91.9% from 90.1% one year ago.

Edgar Filing: CBL & ASSOCIATES PROPERTIES INC - Form 8-K

Occupancy for the associated centers was 90.6% at the end of the third quarter. This number is negatively impacted by the vacancy of a 68,000 square foot former Ames store at Westmoreland Crossing and the loss of a 36,000 square foot Just For Feet store at the Village at Rivergate in Nashville, TN. Excluding Westmoreland Crossing, which was acquired late in the fourth quarter of 2002, the associated center occupancy would have been 94.8%.

For the quarter, leasing spreads over rent and percentage rent in our stabilized mall portfolio increased 16.3% based on initial rents and increased 18.6% based on average or straight-line rents. [Note This is a correction from the previously disclosed increases of 9.4% and 12.8% for the initial and average rent increases, respectively. See the supplemental information exhibit for this information] In the associated centers, leasing spreads decreased 2.7% on initial rents and decreased 0.3% on the average. In the community centers, rents decreased 9.0% on the initial rent and decreased 7.0% on the average rent. For the nine months average rents increased 12.7% for stabilized malls, decreased 0.4% for associated centers and increased 3.3% for community centers. Leasing results have always varied from quarter to quarter and we do not feel that conclusions should be drawn from the results of any single quarter. A detailed schedule of these rents will be included in the Form 8-K filing later this afternoon.

RETAIL SALES

Experts anticipate an improved Christmas season, and we are cautiously optimistic as well. As we enter this holiday season we see a number of encouraging indicators including an improving economy that should give consumers increased confidence. For mall stores of 10,000 square feet and less, same store sales year to date increased 0.4% for those tenants that have reported. We are very encouraged that sales for the quarter improved 3.1% led by a 6% increase in September.

Occupancy costs as a percentage of sales at our malls was 13.9% for the nine months of 2003 compared to 13.8% for the same period one year ago.

I will now turn the call over to John Foy to discuss our financial results.

DISPOSITIONS/ACQUISITIONS

In July we announced plans to acquire four regional malls from partnerships managed by Faison Enterprises. The total consideration is \$340 million, including cash and the assumption of non-recourse fixed-rate debt of \$170 million with an average interest rate of 7.71%. The acquisition of these four regional malls is expected to generate an initial yield of 8.56% based upon current income after management fees. We have closed on three of the four malls and plan to close on the fourth mall, Southpark in Colonial Heights, Virginia this December. In early December we will hold a property tour of the three malls located in Virginia and hope that you will join us for this event.

In September we announced the formation of a joint venture with Galileo America Shopping Trust, wherein CBL would contribute 90% of its ownership interest in 51 power and community centers and retain a 10% interest. Last week we closed on the joint venture and the first phase of the funding with Galileo. Galileo's and CBL's objective is to continue to invest in quality power and community centers in the United States that are competitive and well located in their respective markets.

During the third quarter, we sold two community centers, Signal Hills Village and Chester Plaza for a combined gain of \$623,000. The remaining community

Edgar Filing: CBL & ASSOCIATES PROPERTIES INC - Form 8-K

centers properties will be sold if the opportunity to create value occurs.

As we said in yesterday's announcement, with the completion of Phase I of the Galileo transaction we were able to raise \$255 million in cash proceeds and expect to receive an additional \$56 million in January 2004 and \$76 million in January 2005. This gives us the ability to acquire additional assets where we can add value through management, leasing, redevelopment and expansions. The acquisitions market today is competitive, but we will continue to apply our disciplined and conservative approach to opportunities in order to enhance shareholder value.

FINANCIAL REVIEW

During the third quarter, operating performance improved, resulting in FFO per share growth of 12.6%. Of this increase, 76.6% was represented by external growth. The external growth resulted from one new mall opening, the acquisition of the remaining partnership interests in four properties and the acquisition of five regional malls. Of the FFO increase, 23.4% was from internal growth attributable to stable occupancy levels, increases in rental revenue and tenant reimbursements.

Our cost recovery ratio was 100% for the nine months compared to 92.5% for the same period a year ago. Our cost recovery ratio improved in the third quarter partially due to the renovations and remodelings of our malls and maintaining relatively high occupancy levels. We expect that our cost recovery will be in the mid 90's for the full year 2003 and in the range of 93% to 96% in 2004.

As we stated in our earnings release, same-center NOI growth was 2.0% for the total portfolio, driven by maintaining high occupancy levels, tenant reimbursements and specialty leasing. The breakdown by property type is as follows:

1. Same-Center mall NOI increased 2.5%.
2. Associated centers experienced a 2.7% decrease, which amounts to only \$96,000 and was attributable to some vacancies and baddebt expense.
3. Community center NOI decreased 2.9%.

Our debt to equity capitalization at the end of the quarter was 46.90% giving us tremendous flexibility on our balance sheet. In addition our floating rate debt accounts for only 16.4% of our total debt. The variable rate debt includes construction loans, lines of credit and short-term loans on operating properties. The perpetual preferred Series C is trading well at under 7.5% yield. Yesterday we announced a 10.7% dividend increase - and even with this increase our dividend payout ratio remains at a conservative 56.7%. These measures reflect our conservative approach to the business and position us to take advantage of opportunities that may arise.

CAPITAL EXPENDITURES

During the third quarter, the Company spent \$10.5 million for tenant allowances, which will generate increased rents from tenants over the term of their leases. Renovation expenditures, which includes some deferred maintenance items, were \$28.8 million for the quarter, a portion of which is recovered from tenants. Deferred maintenance expenditures, the vast majority of which is recovered over a five to fifteen-year period, were \$6.6 million during the third quarter. This year we project to spend a total of \$30 million on tenant allowances, \$25 million in deferred maintenance and \$61 million on renovation expenditures.

Edgar Filing: CBL & ASSOCIATES PROPERTIES INC - Form 8-K

16

Deferred maintenance capital expenditures are billed to the tenants as common area maintenance expense. Renovation capital expenditures are for remodeling and upgrading of our malls of which we estimate approximately 30% is recoverable from tenants.

CONCLUSION

Also, before we open the call for Q&A, I would like to share our thoughts and our outlook:

- |X| While the Galileo transaction will result in dilution of \$0.42 per share short term, we feel the transaction will position us for even greater growth over the long term by allowing us to redeploy that capital.

- |X| Our balance sheet has never been stronger in our ten years as a public company. This is consistent with our conservative philosophy in managing risk and providing us with the financial flexibility to take advantage of opportunities that present themselves.

- |X| We are extremely proud of our 10 year track record as a public company. Over the ten years, we have delivered compound annual growth in FFO per share of 12.4% and a total return to our shareholders of 274%. We look forward to another ten years of such tremendous success.

We appreciate your confidence and support. Thank you again for joining us today and we welcome the opportunity to show you any of our newly renovated properties. Stephen and I will now answer your questions.
