Cautionary Statement Relevant to Forward-Looking Information for the Purpose of the "Safe Harbor" Provisions of the Private Securities Litigation Reform Act of 1995

Certain statements made in this section or elsewhere in this report may be deemed "forward looking statements" within the meaning of the federal securities laws. Although we believe the expectations reflected in any forward-looking statements are based on reasonable assumptions, we cannot give assurance that these expectations will be attained, and it is possible that actual results may differ materially from those indicated by these forward-looking statements due to a variety of risks and uncertainties. In addition to the risk factors discussed below in Item 1A. of this report, such risks and uncertainties include, without limitation, general industry, economic and business conditions, interest rate fluctuations, costs of capital and capital requirements, availability of real estate properties, inability to consummate acquisition opportunities, competition from other companies and retail formats, changes in retail rental rates in our markets, shifts in customer demands, tenant bankruptcies or store closings, changes in vacancy rates at our properties, changes in operating expenses, changes in applicable laws, rules and regulations, the ability to obtain suitable equity and/or debt financing and the continued availability of financing in the amounts and on the terms necessary to support our future business. We disclaim any obligation to update or revise any forward-looking statements to reflect actual results or changes in the factors affecting the forward-looking information.

Part I.

ITEM 1. BUSINESS

Background

CBL & Associates Properties, Inc. (the "CBL") was organized on July 13, 1993, as a Delaware corporation, to acquire substantially all of the real estate properties owned by CBL & Associates, Inc., and its affiliates ("CBL's

Edgar Filing: CBL & ASSOCIATES PROPERTIES INC - Form 10-K

Predecessor"), which was formed by Charles B. Lebovitz in 1978. On November 3, 1993, CBL completed an initial public offering (the "Offering"). Simultaneous with the completion of the Offering, CBL's Predecessor transferred substantially all of its interests in its real estate properties to CBL & Associates Limited Partnership (the "Operating Partnership") in exchange for common units of limited partnership interest in the Operating Partnership. The interests in the Operating Partnership contain certain conversion rights that are more fully described in Note 9 to the consolidated financial statements. The terms "we", "us", "our" and the "Company" refer to CBL & Associates Properties, Inc. and its subsidiaries.

Recent Developments

In January 2005, we closed the third phase of our joint venture, Galileo America LLC ("Galileo America"), when we sold our interests in two power centers, one community center and one community center expansion to Galileo America for \$58.6 million.

We acquired the properties listed in the following table during 2005. Please see Note 3 to the consolidated financial statements for more information.

Property	Location
Laurel Park Place	Livonia, MI
The Mall of Acadiana	Lafayette, LA
Layton Hills Mall and Layton Hills Convenience Center	Layton Hills, UT
Oak Park Mall, Eastland Mall and Hickory Point Mall	Overland Park, KS; Bloomington, IL; Forsyth, NC

In February 2005, we amended one of our secured credit facilities to increase the total availability from \$80.0 million to \$100.0 million and to extend the maturity by one year to June 2007.

On May 9, 2005, our shareholders approved an increase in the authorized shares of the common stock under our amended and restated certificate of incorporation to 180,000,000 shares from 95,000,000 shares. On May 10, 2005, our board of directors approved a two-for-one stock split of our common stock, which was effected in the form of a stock dividend. The record date for the stock split was June 1, 2005, and the distribution date was June 15, 2005. The common units and special common units of limited partner interest in the Operating Partnership were also split on a two-for-one basis so that they continue to be exchangeable on a one-for-one basis into shares of our common stock.

In April 2005, we formed a joint venture with the Richard E. Jacobs Group ("Jacobs") to develop Gulf Coast Town Center in Lee County (Ft. Myers/Naples), Florida. See Note 5 to the consolidated financial statements for more information.

Edgar Filing: CBL & ASSOCIATES PROPERTIES INC - Form 10-K

In August 2005, we transferred our 8.4% ownership interest in Galileo America to Galileo America in exchange for Galileo America's interest in two community centers: Springdale Center in Mobile, AL, and Wilkes-Barre Township Marketplace in Wilkes-Barre Township, PA. We also sold our management and advisory contracts with Galileo America to New Plan Excel Realty Trust, Inc. ("New Plan").

In September 2005, we increased the availability under our unsecured credit facility from \$400.0 million to \$500.0 million.

In October 2005, our board of directors declared a special one-time cash dividend for our common stock of \$0.09 per share. The dividend was payable on January 16, 2006, to shareholders of record as of December 30, 2005. The special dividend was declared as a result of the taxable gains generated from the sale of our management and advisory contracts with Galileo America that is discussed in Note 5 to the consolidated financial statements.

In November 2005, our board of directors approved a plan to repurchase up to \$60.0 million of our common stock by December 31, 2006. The stock repurchase plan was adopted to provide us the opportunity to repurchase shares relatively equivalent to the Series K Special Common Units that were issued in connection with the acquisition of the three-mall portfolio that is discussed in Note 3 to the consolidated financial statements. We had repurchased 1,371,034 shares of our common stock as of December 31, 2005 for a total of \$55.0 million, or a weighted average cost of \$40.11 per share. We do not intend to repurchase any additional shares subsequent to December 31, 2005.

In November 2005, we formed a 50/50 joint venture with Jacobs to own Triangle Town Center and its associated and lifestyle centers, Triangle Town Place and Triangle Town Commons, in Raleigh, NC. We assumed management, leasing and any future development responsibilities of these properties.

The Company's Business

We are a self-managed, self-administered, fully integrated real estate investment trust ("REIT"). We own, develop, acquire, lease, manage, and operate regional malls, open-air and community shopping centers. Our shopping center properties are located in 27 states, but primarily in the southeastern and midwestern United States. We have elected to be taxed as a REIT for federal income tax purposes.

We conduct substantially all of our business through the Operating Partnership. We are the 100% owner of two qualified REIT subsidiaries, CBL Holdings I, Inc. and CBL Holdings II, Inc. CBL Holdings I, Inc. is the sole general partner of the Operating Partnership. At December 31, 2005, CBL Holdings

I, Inc. owned a 1.6% general partnership interest and CBL Holdings II, Inc. owned a 52.5% limited partnership interest in the Operating Partnership, for a combined interest held by us of 54.1%.

As of December 31, 2005, we owned:

[X] interests in a portfolio of operating properties including 77 enclosed regional malls and two open-air centers (the "Malls"), 30 associated centers (the "Associated Centers"), seven community centers (the "Community Centers") and our corporate office building (the "Office Building");

Edgar Filing: CBL & ASSOCIATES PROPERTIES INC - Form 10-K

[X] interests in two mall expansions, two open-air centers, one open-air shopping center expansion, two associated centers, one community center and one community center expansion that are currently under construction (the "Construction Properties"), as well as options to acquire certain shopping center development sites; and

[X] mortgages on eight properties that are secured by first mortgages or wrap-around mortgages on the underlying real estate and related improvements (the "Mortgages").

The Malls, Associated Centers, Community Centers, Construction Properties, Mortgages and Office Building are collectively referred to as the "Properties" and individually as a "Property."

We conduct our property management and development activities through CBL & Associates Management, Inc. (the "Management Company") to comply with certain technical requirements of the Internal Revenue Code of 1986, as amended.

The Management Company manages all but five of the Properties. Governor's Square and Governor's Plaza in Clarksville, TN, and Kentucky Oaks Mall, in Paducah, KY are all owned by joint ventures and are managed by a property manager that is affiliated with the third party managing general partner, which receives a fee for its services. The managing partner of each of these Properties controls the cash flow distributions, although our approval is required for certain major decisions. Springdale Center in Mobile, AL and Wilkes-Barre Township Marketplace in Wilkes-Barre Township, PA, are managed by a third party that receives a fee for its services.

The majority of our revenues are derived from leases with retail tenants and generally include minimum rents, percentage rents based on tenants' sales volumes and reimbursements from tenants for expenditures related to property operating expenses, real estate taxes, insurance and maintenance and repairs, as well as certain capital expenditures. We also generate revenues from sales of peripheral land at the properties and from sales of real estate assets when it is determined that we can realize a premium value for the assets. Proceeds from such sales are generally used to reduce borrowings on our credit facilities.

The following terms used in this annual report on Form 10-K will have the meanings described below:

[X] GLA - refers to gross leasable area of retail space in square feet, including anchors and mall tenants

[X] Anchor - refers to a department store or other large retail store

[X] Freestanding - property locations that are not attached to the primary complex of buildings that comprise the mall shopping center

[X] Outparcel - land used for freestanding developments, such as retail stores, banks and restaurants, on the periphery of the Properties

Our Growth Strategy

Our objective is to achieve growth in funds from operations by maximizing

Edgar Filing: CBL & ASSOCIATES PROPERTIES INC - Form 10-K

cash flows through a variety of methods that are discussed below.

Leasing, Management and Marketing

Our objective is to maximize cash flows from our existing Properties through:

- |X| aggressive leasing that seeks to increase occupancy,
- |X| originating and renewing leases at higher base rents per square foot compared to the previous lease,
- |X| merchandising, marketing, sponsorship and promotional activities and
- |X| aggressively controlling operating costs and resulting tenant occupancy costs.

Expansions and Renovations

We can generate additional revenue by expanding a Property through the addition of department stores, mall stores and large retail formats. An expansion also protects the Property's competitive position within its market. As shown below, we completed seven expansions during 2005 and expect to expand four Properties in 2006:

Renovations usually include renovating existing facades, uniform signage, new entrances and floor coverings, updating interior decor, resurfacing parking lots and improving the lighting of interiors and parking lots. Renovations can result in attracting new retailers, increased rental rates and occupancy levels and maintaining the Property's market dominance. As shown below, we renovated three Properties during 2005 and expect to renovate nine Properties during 2006.

Development of New Retail Properties

In general, we seek development opportunities in middle-market trade areas that we believe are under-served by existing retail operations. These middle-markets must also have sufficient demographics to provide the opportunity to effectively maintain a competitive position. The following shows the new developments we opened during 2005 and those under construction at December 31, 2005:

Our total investment in the Properties opened in 2005 was \$282.6 million and the total investment in the Properties we had under construction at December 31, 2005 is projected to be \$219.7 million.

Acquisitions

We believe there is opportunity for growth through acquisitions of regional malls and other associated properties. We selectively acquire regional mall properties where we believe we can increase the value of the property through our development, leasing and management expertise. We acquired the following Properties during 2005:

Insurance

We carry a comprehensive blanket policy for general liability, property casualty (including fire, earthquake and flood) and rental loss covering all of the Properties, with specifications and insured limits customarily carried for similar properties. The property and liability insurance policies on our Properties currently include loss resulting from acts of terrorism, whether foreign or domestic. We believe the Properties are adequately insured in accordance with industry standards.

Environmental Matters

Under various federal, state and local laws, ordinances and regulations, a current or previous owner or operator of real estate may be liable for the costs of removal or remediation of petroleum, certain hazardous or toxic substances on, under or in such real estate. Such laws typically impose such liability without regard to whether the owner or operator knew of, or was responsible for, the presence of such substances. The costs of remediation or removal of such substances may be substantial. The presence of such substances, or the failure to promptly remove or remediate such substances, may adversely affect the owner's or operator's ability to lease or sell such real estate or to borrow using such real estate as collateral. Persons who arrange for the disposal or treatment of hazardous or toxic substances may also be liable for the costs of removal or remediation of such substances at the disposal or treatment facility,

Edgar Filing: CBL & ASSOCIATES PROPERTIES INC - Form 10-K

regardless of whether such facility is owned or operated by such person. Certain laws also impose requirements on conditions and activities that may affect the environment or the impact of the environment on human health. Failure to comply with such requirements could result in the imposition of monetary penalties (in addition to the costs to achieve compliance) and potential liabilities to third parties. Among other things, certain laws require abatement or removal of friable and certain non-friable asbestos-containing materials in the event of demolition or certain renovations or remodeling. Certain laws regarding asbestos-containing materials require building owners and lessees, among other things, to notify and train certain employees working in areas known or presumed to contain asbestos-containing materials. Certain laws also impose liability for release of asbestos-containing materials into the air and third parties may seek recovery from owners or operators of real properties for personal injury or property damage associated with asbestos-containing materials. In connection with the ownership and operation of properties, we may be potentially liable for all or a portion of such costs or claims.

All of our properties (but not properties for which we hold an option to purchase but do not yet own) have been subject to Phase I environmental assessments or updates of existing Phase I environmental assessments within approximately the last ten years. Such assessments generally consisted of a visual inspection of the properties, review of federal and state environmental databases and certain information regarding historic uses of the property and adjacent areas and the preparation and issuance of written reports. Some of the properties contain, or contained, underground storage tanks used for storing petroleum products or wastes typically associated with automobile service or other operations conducted at the properties. Certain properties contain, or contained, dry-cleaning establishments utilizing solvents. Where believed to be warranted, samplings of building materials or subsurface investigations were undertaken. At certain properties, where warranted by the conditions, we have

10

developed and implemented an operations and maintenance program that establishes operating procedures with respect to asbestos-containing materials. The costs associated with the development and implementation of such programs were not material.

We believe that our properties are in compliance in all material respects with all federal, state and local ordinances and regulations regarding the handling, discharge and emission of hazardous or toxic substances. We have recorded in our financial statements a liability of \$2.4 million related to potential future asbestos abatement activities at our Properties which are not expected to have a material impact on our financial condition or results of operations. We have not been notified by any governmental authority, and are not otherwise aware, of any material noncompliance, liability or claim relating to hazardous or toxic substances in connection with any of our present or former properties. Nevertheless, it is possible that the environmental assessments available to us do not reveal all potential environmental liabilities. It is also possible that subsequent investigations will identify material contamination, that adverse environmental conditions have arisen subsequent to the performance of the environmental assessments, or that there are material environmental liabilities of which management is unaware. Moreover, no assurances can be given that (i) future laws, ordinances or regulations will not impose any material environmental liability or (ii) the current environmental condition of the properties has not been or will not be affected by tenants and occupants of the properties, by the condition of properties in the vicinity of the properties or by third parties unrelated to us, the Operating Partnership or the relevant property's partnership.

Edgar Filing: CBL & ASSOCIATES PROPERTIES INC - Form 10-K

Competition

The Properties compete with various shopping facilities in attracting retailers to lease space. In addition, retailers at our properties face competition from discount shopping centers, outlet malls, wholesale clubs, direct mail, television shopping networks, the internet and other retail shopping developments. The extent of the retail competition varies from market to market. We work aggressively to attract customers through marketing promotions and campaigns.

Seasonality

Our business is somewhat seasonal in nature with tenant sales achieving the highest levels during the fourth quarter because of the holiday season, which results in higher percentage rent income in the fourth quarter. The Malls earn most of their "temporary" rents (rents from short-term tenants) during the holiday period. Thus, occupancy levels and revenue production are generally the highest in the fourth quarter of each year. Results of operations realized in any one quarter may not be indicative of the results likely to be experienced over the course of the entire year.

ITEM 1A. RISK FACTORS

RISKS RELATED TO REAL ESTATE INVESTMENTS

Real property investments are subject to various risks, many of which are beyond our control, that could cause declines in the operating revenues and/or the underlying value of one or more of our Properties.

A number of factors may decrease the income generated by a retail shopping

Edgar Filing: CBL & ASSOCIATES PROPERTIES INC - Form 10-K

center property, including:

- |X| National, regional and local economic climates, which may be negatively impacted by plant closings, industry slowdowns, adverse weather conditions, natural disasters, and other factors which tend to reduce consumer spending on retail goods.
- |X| Local real estate conditions, such as an oversupply of, or reduction in demand for, retail space or retail goods, and the availability and creditworthiness of current and prospective tenants.
- |X| Increased operating costs, such as increases in real property taxes, utility rates and insurance premiums.
- |X| Perceptions by retailers or shoppers of the safety, convenience and attractiveness of the shopping center.
- |X| The willingness and ability of the shopping center's owner to provide capable management and maintenance services.
- |X| The convenience and quality of competing retail properties and other retailing options, such as the Internet.

In addition, other factors may adversely affect the value of our Properties without affecting their current revenues, including:

- |X| Adverse changes in governmental regulations, such as local zoning and land use laws, environmental regulations or local tax structures that could inhibit our ability to proceed with development, expansion, or renovation activities that otherwise would be beneficial to our Properties.
- |X| Potential environmental or other legal liabilities that reduce the amount of funds available to us for investment in our Properties.
- |X| Any inability to obtain sufficient financing (including both construction financing and permanent debt), or the inability to obtain such financing on commercially favorable terms, to fund new developments, acquisitions, and property expansions and renovations which otherwise would benefit our Properties.
- |X| An environment of rising interest rates, which could negatively impact both the value of commercial real estate such as retail shopping centers and the overall retail climate.

The loss of one or more significant tenants, due to bankruptcies or as a result of ongoing consolidations in the retail industry, could adversely affect both the operating revenues and value of our Properties.

Regional malls are typically anchored by well-known department stores and other significant tenants who generate shopping traffic at the mall. A decision by an anchor tenant or other significant tenant to cease operations at one or more Properties could have a material adverse effect on those Properties and, by extension, on our financial condition and results of operations. The closing of an anchor or other significant tenant may allow other anchors and/or tenants at an affected Property to terminate their leases, to seek rent relief and/or cease operating their stores or otherwise adversely affect occupancy at the Property. In addition, key tenants at one or more Properties might terminate their leases as a result of mergers, acquisitions, consolidations, dispositions or

Edgar Filing: CBL & ASSOCIATES PROPERTIES INC - Form 10-K

bankruptcies in the retail industry. The bankruptcy and/or closure of one or more significant tenants, if we are not able to successfully re-tenant the affected space, could have a material adverse effect on both the operating revenues and underlying value of the Properties involved.

We may incur significant costs related to compliance with environmental laws, which could have a material adverse effect on our results of operations, cash flow and the funds available to us to pay dividends.

Under various federal, state and local environmental laws, ordinances and regulations, a current or previous owner or operator of real property may be liable for the costs of removal or remediation of hazardous or toxic substances on, under or in that real property. These laws often impose liability whether or not the owner or operator knew of, or was responsible for, the presence of hazardous or toxic substances. The costs of investigation, removal or remediation of hazardous or toxic substances may be substantial. In addition, the presence of hazardous or toxic substances, or the failure to remedy environmental hazards properly, may adversely affect the owner's or operator's ability to sell or rent affected real property or to borrow money using affected real property as collateral.

Persons or entities that arrange for the disposal or treatment of hazardous or toxic substances may also be liable for the costs of removal or remediation of hazardous or toxic substances at the disposal or treatment facility, whether or not that facility is owned or operated by the person or entity arranging for the disposal or treatment of hazardous or toxic substances. Laws exist that impose liability for release of asbestos-containing materials into the air, and third parties may seek recovery from owners or operators of real property for personal injury associated with exposure to asbestos-containing materials. In connection with our ownership, operation, management, development and redevelopment of our Properties, or any other Properties we acquire in the future, we may be potentially liable under these laws and may incur costs in responding to these liabilities, which could have an adverse effect on our results of operations, cash flow and the funds available to us to pay dividends.

RISKS RELATED TO OUR BUSINESS AND THE MARKET FOR OUR STOCK

We may elect not to proceed with certain development projects once they have been undertaken, resulting in charges that could have a material adverse effect on our results of operations for the period in which the charge is taken.

We intend to pursue development and expansion activities as opportunities arise. In connection with any development or expansion, we will incur various risks including the risk that development or expansion opportunities explored by us may be abandoned and the risk that construction costs of a project may exceed original estimates, possibly making the project not profitable. Other risks include the risk that we may not be able to refinance construction loans which are generally with full recourse to us, the risk that occupancy rates and rents at a completed project will not meet projections and will be insufficient to make the project profitable, and the risk that we will not be able to obtain anchor, mortgage lender and property partner approvals for certain expansion activities. In the event of an unsuccessful development project, our loss could exceed our investment in the project.

We have in the past elected not to proceed with certain development projects and anticipate that we will do so again from time to time in the future. If we elect not to proceed with a development opportunity, the development costs ordinarily will be charged against income for the then-current period. Any such charge could have a material adverse effect on our results of

Edgar Filing: CBL & ASSOCIATES PROPERTIES INC - Form 10-K

operations for the period in which the charge is taken.

Competition from other retail formats could adversely affect the revenues generated by our properties, resulting in a reduction in funds available for distribution to our stockholders.

There are numerous shopping facilities that compete with our Properties in attracting retailers to lease space. In addition, retailers at our Properties face competition for customers from:

- ☒ Discount shopping centers
- ☒ Outlet malls
- ☒ Wholesale clubs
- ☒ Direct mail
- ☒ Telemarketing
- ☒ Television shopping networks
- ☒ Shopping via the Internet

Each of these competitive factors could adversely affect the amount of rents that we are able to collect from our tenants, thereby reducing our revenues and the funds available for distribution to our stockholders.

Since our shopping center properties are located principally in the Southeastern and Midwestern United States, our financial position, results of operations and funds available for distribution to shareholders are subject generally to economic conditions in these regions.

Our properties are located principally in the southeastern and midwestern United States. Our properties located in the southeastern United States accounted for approximately 52.6% of our total revenues from all properties for the year ended December 31, 2005 and currently include 40 Malls, 20 Associated Centers, five Community Centers and one Office Building. Our properties located in the midwestern United States accounted for approximately 25.9% of our total revenues from all properties for the year ended December 31, 2005 and currently include 21 Malls and three Associated Centers. Our results of operations and funds available for distribution to shareholders therefore will be subject generally to economic conditions in the southeastern and midwestern United States. We will continue to look for opportunities to geographically diversify our portfolio in order to minimize dependency on any particular region; however, the expansion of the portfolio through both acquisitions and developments is contingent on many factors including consumer demand, competition and economic conditions.

Certain of our shopping center properties are subject to ownership interests held by third parties, whose interests may conflict with ours and thereby constrain us from taking actions concerning these properties which otherwise would be in the best interests of the Company and our stockholders.

We own partial interests in eight malls, six associated centers, three community centers and one office building. We manage all of these properties except for Governor's Square, Governor's Plaza and Kentucky Oaks. A property manager affiliated with the managing general partner performs the property management services for these properties and receives a fee for its services. The managing partner of each of these three Properties controls the cash flow distributions, although our approval is required for certain major decisions. Springdale Center in Mobile, AL and Wilkes-Barre Township Marketplace in Wilkes-Barre Township, PA, are managed by a third party that receives a fee for its services.

Edgar Filing: CBL & ASSOCIATES PROPERTIES INC - Form 10-K

Where we serve as managing general partner of the partnerships that own our properties, we may have certain fiduciary responsibilities to the other partners in those partnerships. In certain cases, the approval or consent of the other partners is required before we may sell, finance, expand or make other significant changes in the operations of such properties. To the extent such approvals or consents are required, we may experience difficulty in, or may be prevented from, implementing our plans with respect to expansion, development, financing or other similar transactions with respect to such properties.

With respect to Governor's Square, Governor's Plaza and Kentucky Oaks we do not have day-to-day operational control or control over certain major decisions, including the timing and amount of distributions, which could result in decisions by the managing general partner that do not fully reflect our interests. This includes decisions relating to the requirements that we must satisfy in order to maintain our status as a REIT for tax purposes. However, decisions relating to sales, expansion and disposition of all or substantially all of the assets and financings are subject to approval by the Operating Partnership.

Certain agreements with prior owners of Properties that we have acquired may inhibit our ability to enter into future sale or refinancing transactions affecting such Properties, which otherwise would be in the best interests of the Company and our stockholders.

Certain Properties that we originally acquired from third parties had unrealized gain attributable to the difference between the fair market value of such Properties and the third parties' adjusted tax basis in the Properties immediately prior to their contribution of such Properties to the Operating Partnership pursuant to our acquisition. For this reason, a taxable sale by us of any of such Properties, or a significant reduction in the debt encumbering such Properties, could result in adverse tax consequences to the third parties who contributed these properties in exchange for interests in the Operating Partnership. Under the terms of these transactions, we have generally agreed that we either will not sell or refinance such an acquired Property for a number of years in any transaction that would trigger adverse tax consequences for the parties from whom we acquired such Property, or else we will reimburse such parties for all or a portion of the additional taxes they are required to pay as a result of the transaction. Accordingly, these agreements may cause us not to engage in future sale or refinancing transactions affecting such Properties which otherwise would be in the best interests of the Company and our stockholders, or may increase the costs to us of engaging in such transactions.

The loss or bankruptcy of a major tenant could negatively affect our financial position and results of operations.

In the year ended December 31, 2005, no tenant accounted for 5% or more of revenues except for The Limited Stores Inc. (including Intimate Brands, Inc.), which accounted for approximately 5.6% of our total revenues. The loss or bankruptcy of this key tenant could negatively affect our financial position and results of operations.

Our financial position, results of operations and funds available for distribution to shareholders could be adversely affected by any economic downturn affecting the operating results at our properties in the Nashville, Tennessee area, which is our single largest market.

Our properties located in Nashville, TN accounted for 6.2% of our revenues for the year ended December 31, 2005. No other market accounted for more than 3.5% of our revenues for the year ended December 31, 2005. Our financial position and results of operations will therefore be affected by the results experienced at properties located in the Nashville, TN area.

Edgar Filing: CBL & ASSOCIATES PROPERTIES INC - Form 10-K

Rising interest rates could both increase our borrowing costs, thereby adversely affecting our cash flow and the amounts available for distributions to our stockholders, and decrease our stock price, if investors seek higher yields through other investments.

15

An environment of rising interest rates could lead holders of our securities to seek higher yields through other investments, which could adversely affect the market price of our stock. One of the factors that may influence the price of our stock in public markets is the annual distribution rate we pay as compared with the yields on alternative investments. Numerous other factors, such as governmental regulatory action and tax laws, could have a significant impact on the future market price of our stock. In addition, increases in market interest rates could result in increased borrowing costs for us, which may adversely affect our cash flow and the amounts available for distributions to our stockholders.

Recent changes in the U.S. federal income tax treatment of corporate dividends may make our stock less attractive to investors, thereby lowering our stock price.

In May 2003, the maximum U.S. federal income tax rate for dividends received by individual taxpayers was reduced generally from 38.6% to 15% (from January 1, 2003 through 2008). However, dividends payable by REITs are generally not eligible for such treatment. Although this legislation did not have a directly adverse effect on the taxation of REITs or dividends paid by REITs, the more favorable treatment for non-REIT dividends could cause individual investors to consider investments in non-REIT corporations as more attractive relative to an investment in a REIT, which could have an adverse impact on the market price of our stock.

Certain of our credit facilities, the loss of which could have a material, adverse impact on our financial condition and results of operations, are conditioned upon the Operating Partnership continuing to be managed by certain members of its current senior management and by such members of senior management continuing to own a significant direct or indirect equity interest in the Operating Partnership.

Certain of the Operating Partnership's lines of credit are conditioned upon the Operating Partnership continuing to be managed by certain members of its current senior management and by such members of senior management continuing to own a significant direct or indirect equity interest in the Operating Partnership (including any shares of our common stock owned by such members of senior management may hold in us). If the failure of one or more of these conditions resulted in the loss of these credit facilities and we were unable to obtain suitable replacement financing, such loss could have a material, adverse impact on our financial position and results of operations.

Our insurance coverage may change in the future, and may not include coverage for acts of terrorism.

The general liability and property casualty insurance policies on our Properties currently include loss resulting from acts of terrorism, whether foreign or domestic. The cost of general liability and property casualty insurance policies that include coverage for acts of terrorism has risen significantly post-September 11, 2001. The cost of coverage for acts of terrorism is currently mitigated by the Terrorism Risk Insurance Act ("TRIA"). If TRIA is not extended beyond 2006, we may incur higher insurance costs and greater difficulty in obtaining insurance that covers terrorist-related damages. Our tenants may also experience similar difficulties. We are unable at this time

Edgar Filing: CBL & ASSOCIATES PROPERTIES INC - Form 10-K

to predict whether we will continue our policy coverage as currently structured when our policies are up for renewal on December 31, 2006.

RISKS RELATED TO FEDERAL INCOME TAX LAWS

If we fail to qualify as a REIT in any taxable year, our funds available for distribution to stockholders will be reduced.

We intend to continue to operate so as to qualify as a REIT under the Internal Revenue Code. Although we believe that we are organized and operate in such a manner, no assurance can be given that we currently qualify and in the future will continue to qualify as a REIT. Such qualification involves the application of highly technical and complex Internal Revenue Code provisions for

16

which there are only limited judicial or administrative interpretations. The determination of various factual matters and circumstances not entirely within our control may affect our ability to qualify. In addition, no assurance can be given that legislation, new regulations, administrative interpretations or court decisions will not significantly change the tax laws with respect to qualification or its corresponding federal income tax consequences.

If in any taxable year we were to fail to qualify as a REIT, we would not be allowed a deduction for distributions to stockholders in computing our taxable income and we would be subject to federal income tax on our taxable income at regular corporate rates. Unless entitled to relief under certain statutory provisions, we also would be disqualified from treatment as a REIT for the four taxable years following the year during which qualification was lost. As a result, the funds available for distribution to our stockholders would be reduced for each of the years involved. We currently intend to operate in a manner designed to qualify as a REIT. However, it is possible that future economic, market, legal, tax or other considerations may cause our board of directors, with the consent of a majority of our stockholders, to revoke the REIT election.

Any issuance or transfer of our capital stock to any person in excess of the applicable limits on ownership necessary to maintain our status as a REIT would be deemed void ab initio, and those shares would automatically be transferred to a non-affiliated charitable trust.

To maintain our status as a REIT under the Internal Revenue Code, not more than 50% in value of our outstanding capital stock may be owned, directly or indirectly, by five or fewer individuals (as defined in the Internal Revenue Code to include certain entities) during the last half of a taxable year. Our certificate of incorporation generally prohibits ownership of more than 6% of the outstanding shares of our capital stock by any single stockholder determined by vote, value or number of shares (other than Charles Lebovitz, our Chief Executive Officer, David Jacobs, Richard Jacobs and their affiliates under the Internal Revenue Code's attribution rules). The affirmative vote of 66 (2)/3% of our outstanding voting stock is required to amend this provision.

Our board of directors may, subject to certain conditions, waive the applicable ownership limit upon receipt of a ruling from the IRS or an opinion of counsel to the effect that such ownership will not jeopardize our status as a REIT. Absent any such waiver, however, any issuance or transfer of our capital stock to any person in excess of the applicable ownership limit or any issuance or transfer of shares of such stock which would cause us to be beneficially owned by fewer than 100 persons, will be null and void and the intended

Edgar Filing: CBL & ASSOCIATES PROPERTIES INC - Form 10-K

transferee will acquire no rights to the stock. Instead, such issuance or transfer with respect to that number of shares that would be owned by the transferee in excess of the ownership limit provision would be deemed void ab initio and those shares would automatically be transferred to a trust for the exclusive benefit of a charitable beneficiary to be designated by us, with a trustee designated by us, but who would not be affiliated with us or with the prohibited owner. Any acquisition of our capital stock and continued holding or ownership of our capital stock constitutes, under our certificate of incorporation, a continuous representation of compliance with the applicable ownership limit.

In order to maintain our status as a REIT avoid the imposition of certain additional taxes under the Internal Revenue Code, we must satisfy minimum requirements for distributions to shareholders, which may limit the amount of cash we might otherwise have been able to retain for use in growing our business.

To maintain our status as a REIT under the Internal Revenue Code, we generally will be required each year to distribute to our stockholders at least 90% of our taxable income after certain adjustments. However, to the extent that we do not distribute all of our net capital gain or distribute at least 90% but less than 100% of our REIT taxable income, as adjusted, we will be subject to tax on the undistributed amount at ordinary and capital gains corporate tax rates, as the case may be. In addition, we will be subject to a 4% nondeductible excise tax on the amount, if any, by which certain distributions paid by us during each calendar year are less than the sum of 85% of our ordinary income

17

for such calendar year, 95% of our capital gain net income for the calendar year and any amount of such income that was not distributed in prior years. In the case of property acquisitions, including our initial formation, where individual properties are contributed to our Operating Partnership for Operating Partnership units, we have assumed the tax basis and depreciation schedules of the entities' contributing properties. The relatively low tax basis of such contributed properties may have the effect of increasing the cash amounts we are required to distribute as dividends, thereby potentially limiting the amount of cash we might otherwise have been able to retain for use in growing our business. This low tax basis may also have the effect of reducing or eliminating the portion of distributions made by us that are treated as a non-taxable return of capital.

RISKS RELATED TO OUR ORGANIZATIONAL STRUCTURE

The ownership limit described above, as well as certain provisions in our amended and restated certificate of incorporation and bylaws, our stockholder rights plan, and certain provisions of Delaware law may hinder any attempt to acquire us.

Certain provisions of Delaware law, as well as of our amended and restated certificate of incorporation and bylaws, and agreements to which we are a party, may have the effect of delaying, deferring or preventing a third party from making an acquisition proposal for us and may inhibit a change in control that some, or a majority, of our stockholders might believe to be in their best interest or that could give our stockholders the opportunity to realize a premium over the then-prevailing market prices for their shares. These provisions and agreements may be summarized as follows:

Edgar Filing: CBL & ASSOCIATES PROPERTIES INC - Form 10-K

- [X] THE OWNERSHIP LIMIT - As described above, to maintain our status as a REIT under the Internal Revenue Code, not more than 50% in value of our outstanding capital stock may be owned, directly or indirectly, by five or fewer individuals (as defined in the Internal Revenue Code to include certain entities) during the last half of a taxable year. Our certificate of incorporation generally prohibits ownership of more than 6% of the outstanding shares of our capital stock by any single stockholder determined by value (other than Charles Lebovitz, David Jacobs, Richard Jacobs and their affiliates under the Internal Revenue Code's attribution rules). In addition to preserving our status as a REIT, the ownership limit may have the effect of precluding an acquisition of control of us without the approval of our board of directors.
- [X] CLASSIFIED BOARD OF DIRECTORS; REMOVAL FOR CAUSE - Our certificate of incorporation provides for a board of directors divided into three classes, with one class elected each year to serve for a three-year term. As a result, at least two annual meetings of stockholders may be required for the stockholders to change a majority of our board of directors. In addition, our stockholders can only remove directors for cause and only by a vote of 75% of the outstanding voting stock. Collectively, these provisions make it more difficult to change the composition of our board of directors and may have the effect of encouraging persons considering unsolicited tender offers or other unilateral takeover proposals to negotiate with our board of directors rather than pursue non-negotiated takeover attempts.
- [X] ADVANCE NOTICE REQUIREMENTS FOR STOCKHOLDER PROPOSALS - Our bylaws establish advance notice procedures with regard to stockholder proposals relating to the nomination of candidates for election as directors or new business to be brought before meetings of our stockholders. These procedures generally require advance written notice of any such proposals, containing prescribed information, to be given to our Secretary at our principal executive offices not less than 60 days nor more than 90 days prior to the meeting.
- [X] VOTE REQUIRED TO AMEND BYLAWS - A vote of 66 (2)/3% of the outstanding voting stock is necessary to amend our bylaws.

18

- [X] STOCKHOLDER RIGHTS PLAN - We have a stockholder rights plan, which may delay, deter or prevent a change in control unless the acquirer negotiates with our board of directors and the board of directors approves the transaction. The rights plan generally would be triggered if an entity, group or person acquires (or announces a plan to acquire) 15% or more of our common stock. If such transaction is not approved by our board of directors, the effect of the stockholder rights plan would be to allow our stockholders to purchase shares of our common stock, or the common stock or other merger consideration paid by the acquiring entity, at an effective 50% discount.
- [X] DELAWARE ANTI-TAKEOVER STATUTE - We are a Delaware corporation and are subject to Section 203 of the Delaware General Corporation Law. In general, Section 203 prevents an "interested stockholder" (defined generally as a person owning 15% or more of a company's outstanding voting stock) from engaging in a "business combination" (as defined in Section 203) with us for three years following the date that person becomes an interested stockholder unless:

(a) before that person became an interested holder, our board of

Edgar Filing: CBL & ASSOCIATES PROPERTIES INC - Form 10-K

directors approved the transaction in which the interested holder became an interested stockholder or approved the business combination;

(b) upon completion of the transaction that resulted in the interested stockholder becoming an interested stockholder, the interested stockholder owns 85% of our voting stock outstanding at the time the transaction commenced (excluding stock held by directors who are also officers and by employee stock plans that do not provide employees with the right to determine confidentially whether shares held subject to the plan will be tendered in a tender or exchange offer); or

(c) following the transaction in which that person became an interested stockholder, the business combination is approved by our board of directors and authorized at a meeting of stockholders by the affirmative vote of the holders of at least two-thirds of our outstanding voting stock not owned by the interested stockholder.

Under Section 203, these restrictions also do not apply to certain business combinations proposed by an interested stockholder following the announcement or notification of certain extraordinary transactions involving us and a person who was not an interested stockholder during the previous three years or who became an interested stockholder with the approval of a majority of our directors, if that extraordinary transaction is approved or not opposed by a majority of the directors who were directors before any person became an interested stockholder in the previous three years or who were recommended for election or elected to succeed such directors by a majority of directors then in office.

Certain ownership interests held by members of our senior management may tend to create conflicts of interest between such individuals and the interests of the Company and our Operating Partnership.

- |X| RETAINED PROPERTY INTERESTS - Members of our senior management own interests in certain real estate properties that were retained by them at the time of our initial public offering. These consist primarily of outparcels at certain of our properties, which are being offered for sale through our management company. As a result, these members of our senior management have interests that could conflict with the interests of the Company, our shareholders and the Operating Partnership with respect to any transaction involving these properties.
- |X| TAX CONSEQUENCES OF THE SALE OR REFINANCING OF CERTAIN PROPERTIES - Since certain of our properties had unrealized gain attributable to the difference between the fair market value and adjusted tax basis in such properties immediately prior to their contribution to the Operating Partnership, a taxable sale of any such properties, or a

significant reduction in the debt encumbering such properties, could cause adverse tax consequences to the members of our senior management who owned interests in our predecessor entities. As a result, members of our senior management might not favor a sale of a property or a significant reduction in debt even though such a sale or reduction could be beneficial to us and the Operating Partnership. Our bylaws

Edgar Filing: CBL & ASSOCIATES PROPERTIES INC - Form 10-K

provide that any decision relating to the potential sale of any property that would result in a disproportionately higher taxable income for members of our senior management than for us and our stockholders, or that would result in a significant reduction in such property's debt, must be made by a majority of the independent directors of the board of directors. The Operating Partnership is required, in the case of such a sale, to distribute to its partners, at a minimum, all of the net cash proceeds from such sale up to an amount reasonably believed necessary to enable members of our senior management to pay any income tax liability arising from such sale.

- [X] INTERESTS IN OTHER ENTITIES; POLICIES OF THE BOARD OF DIRECTORS - Certain entities owned in whole or in part by members of our senior management, including the construction company that built or renovated most of our properties, may continue to perform services for, or transact business with, us and the Operating Partnership. Furthermore, certain property tenants are affiliated with members of our senior management. Accordingly, although our bylaws provide that any contract or transaction between us or the Operating Partnership and one or more of our directors or officers, or between us or the Operating Partnership and any other entity in which one or more of our directors or officers are directors or officers or have a financial interest, must be approved by our disinterested directors or stockholders after the material facts of the relationship or interest of the contract or transaction are disclosed or are known to them, these affiliations could nevertheless create conflicts between the interests of these members of senior management and the interests of the Company, our shareholders and the Operating Partnership in relation to any transactions between us and any of these entities.

Malls

We own a controlling interest in 72 Malls and non-controlling interests in seven Malls. We also own a controlling interest in three Malls and two Mall expansions that are currently under construction. The Malls are primarily located in middle markets and have strong competitive positions because they are the only, or dominant, regional mall in their respective trade areas.

The Malls are generally anchored by two or more department stores and a wide variety of mall stores. Anchor tenants own or lease their stores and non-anchor stores (20,000 square feet or less) lease their locations. Additional freestanding stores and restaurants that either own or lease their stores are typically located along the perimeter of the Malls' parking areas.

We classify our regional malls into two categories - malls that have completed their initial lease-up are referred to as stabilized malls and malls that are in their initial lease-up phase and have not been open for three calendar years are referred to as non-stabilized malls. The non-stabilized malls currently include Parkway Place in Huntsville, AL, which opened in October 2002; Coastal Grand-Myrtle Beach in Myrtle Beach, SC, which opened in March 2004; Imperial Valley Mall in El Centro, CA, which opened in March 2005; Southaven

Towne Center in Southaven, MS, which opened in October 2005; and Gulf Coast Town Center (Phase I) in Ft. Myers, FL, which opened in November 2005.

We own the land underlying each Mall in fee simple interest, except for Walnut Square, Westgate Mall, St. Clair Square, Bonita Lakes Mall, Meridian Mall, Stroud Mall, Wausau Center, Chapel Hill Mall, Eastgate Mall, Eastland Mall and Mall of Acadiana. We lease all or a portion of the land at each of these Malls subject to long-term ground leases.

The following table sets forth certain information for each of the Malls as of December 31, 2005.

Anchors

Anchors are an important factor in a Mall's successful performance. The public's identification with a mall property typically focuses on the anchor tenants. Mall anchors are generally a department store whose merchandise appeals to a broad range of shoppers and plays a significant role in generating customer traffic and creating a desirable location for the mall store tenants.

Anchors may own their stores and the land underneath, as well as the adjacent parking areas, or may enter into long-term leases with respect to their stores. Rental rates for anchor tenants are significantly lower than the rents charged to mall store tenants. Anchors account for 5.8% of the total revenues from our Properties. Each anchor that owns its store has entered into an operating and reciprocal easement agreement with us covering items such as operating covenants, reciprocal easements, property operations, initial construction and future expansion.

During 2005, we added the following anchors and junior anchor boxes (i.e., non-traditional anchors) to the following Malls:

The Malls have approximately 10,376 mall stores. National and regional retail chains (excluding local franchises) lease approximately 76.1% of the occupied mall store GLA. Although mall stores occupy only 28.7% of the total mall GLA, the Malls received 90.7% of their revenues from mall stores for the year ended December 31, 2005.

Associated Centers

We own a controlling interest in 27 Associated Centers and a non-controlling interest in three Associated Centers. We also own a controlling

Edgar Filing: CBL & ASSOCIATES PROPERTIES INC - Form 10-K

interest in two Associated Centers that were under construction at December 31, 2005.

Associated Centers are retail properties that are adjacent to a regional mall complex and include one or more anchors, or big box retailers, along with smaller tenants. Anchor tenants typically include tenants such as TJ Maxx, Target, Toys R Us and Goody's. Associated Centers are managed by the staff at the Mall it is adjacent to and usually benefit from the customers drawn to the Mall.

28

We own the land underlying the Associated Centers in fee simple interest, except for Bonita Lakes Crossing, which is subject to a long-term ground lease.

The following table sets forth certain information for each of the Associated Centers as of December 31, 2005:

Community Centers

We own a controlling interest in seven Community Centers. We also own a non-controlling interest in one Community Center and a controlling interest in one community center expansion that are currently under construction.

Community Centers typically have less development risk because of shorter development periods and lower costs. While Community Centers generally maintain

Edgar Filing: CBL & ASSOCIATES PROPERTIES INC - Form 10-K

higher occupancy levels and are more stable, they typically have slower rent growth because the anchor stores' rents are typically fixed and are for longer terms.

Community Centers are designed to attract local and regional area customers and are typically anchored by a combination of supermarkets, or value-priced stores that attract shoppers to each center's small shops. The tenants at our Community Centers typically offer necessities, value-oriented and convenience merchandise.

We own the land underlying the Community Centers in fee simple interest, except for Massard Crossing and Wilkes-Barre Township Marketplace, which are subject to long-term ground leases for all or a portion of the land underlying these properties.

The following tables sets forth certain information for each of our Community Centers at December 31, 2005:

Item 7: Management's Discussion and Analysis of Financial Condition and Results of Operations

The following discussion and analysis of financial condition and results of operations should be read in conjunction with the consolidated financial statements and accompanying notes that are included in this annual report. Capitalized terms used, but not defined, in this Management's Discussion and Analysis of Financial Condition and Results of Operations have the same meanings as defined in the notes to the consolidated financial statements. In this discussion, the terms "we", "us", "our" and the "Company" refer to CBL & Associates Properties, Inc. and its subsidiaries.

Certain statements made in this section or elsewhere in this report may be deemed "forward looking statements" within the meaning of the federal securities laws. Although we believe the expectations reflected in any forward-looking statements are based on reasonable assumptions, we can give no assurance that these expectations will be attained, and it is possible that actual results may differ materially from those indicated by these forward-looking statements due to a variety of risks and uncertainties. In addition to the risk factors discussed in Item 1A of our annual report on Form 10-K for the year ending December 31, 2005, such risks and uncertainties include, without limitation, general industry, economic and business conditions, interest rate fluctuations, costs of capital and capital requirements, availability of real estate properties, inability to consummate acquisition opportunities, competition from other companies and retail formats, changes in retail rental rates in our markets, shifts in customer demands, tenant bankruptcies or store closings, changes in vacancy rates at our properties, changes in operating expenses, changes in applicable laws, rules and regulations, the ability to obtain suitable equity and/or debt financing and the continued availability of financing in the amounts and on the terms necessary to support our future business. We disclaim any obligation to update or revise any forward-looking statements to reflect actual results or changes in the factors affecting the forward-looking information.

Executive Overview

We are a self-managed, self-administered, fully integrated real estate investment trust ("REIT") that is engaged in the ownership, development, acquisition, leasing, management and operation of regional shopping malls and community centers. Our shopping centers are located in 27 states, but primarily in the southeastern and midwestern United States.

As of December 31, 2005, we owned controlling interests in 72 regional malls (we include large open-air centers in malls), 27 associated centers (each adjacent to a regional mall), seven community centers, and three office buildings, including our corporate office building. We consolidate the financial

Edgar Filing: CBL & ASSOCIATES PROPERTIES INC - Form 10-K

statements of all entities in which we have a controlling financial interest or where we are the primary beneficiary of a variable interest entity. As of December 31, 2005, we owned non-controlling interests in seven regional malls and three associated centers. Because major decisions such as the acquisition, sale or refinancing of principal partnership or joint venture assets must be approved by one or more of the other partners, we do not control these partnerships and joint ventures and, accordingly, account for these investments using the equity method. We had two mall expansions, two open-air shopping centers, one open-air shopping center expansion, two associated centers, one community center, which is owned in a joint venture, and one community center expansion under construction as of December 31, 2005.

The majority of our revenues are derived from leases with retail tenants and generally include minimum rents, percentage rents based on tenants' sales volumes and reimbursements from tenants for expenditures related to property operating expenses, real estate taxes and maintenance and repairs, as well as certain capital expenditures. We also generate revenues from sales of peripheral land at the properties and from sales of real estate assets when it is determined that we can realize a premium value for the assets. Proceeds from such sales are generally used to reduce borrowings on our credit facilities.

38

We expanded our portfolio in 2005 with the acquisition of six malls and one associated center, representing a total investment of \$884.7 million. We also formed a 50/50 joint venture to own one mall and its associated center, which was valued at \$283.5 million. We opened seven new developments and seven property expansions totaling 2.4 million square feet, including the 754,000 square foot regional mall Imperial Valley Mall in El Centro, CA, which we own in a joint venture. We have approximately 1.7 million square feet of new developments, which represent \$191.1 million of net investment, that are scheduled to open during 2006. We also added a total of 14 big box tenants and an anchor retailer to our malls, which have made positive contributions by strengthening the tenant mix of these properties.

Results of Operations

Comparison of the Year Ended December 31, 2005 to the Year Ended December 31, 2004

The following significant transactions impacted the consolidated results of operations for the year ended December 31, 2005, compared to the year ended December 31, 2004:

[X] Since January 1, 2004, we have acquired or opened 17 malls, two open-air centers, five associated centers and three community centers (collectively referred to as the "2005 New Properties"). The 2005 New Properties are as follows:

- [X] In January 2005, two power centers, one community center and one community center expansion were sold to Galileo America LLC ("Galileo America"). Since we had a continuing involvement with these properties

39

through our ownership interest in Galileo America and the agreement under which we were the exclusive manager of the properties, the results of operations of these properties were not reflected in discontinued operations. Therefore, the year ended December 31, 2005, does not include a significant amount of revenues and expenses related to these properties, whereas the year ended December 31, 2004 includes a full period of revenues and expenses related to these properties.

- [X] In August 2005, Galileo America redeemed our 8.4% ownership interest by distributing two community centers to us: Springdale Center in Mobile, AL, and Wilkes-Barre Township Marketplace in Wilkes-Barre Township, PA. We also sold our management and advisory contracts with Galileo America to New Plan Excel Realty Trust, Inc. ("New Plan"). See Note 5 to the consolidated financial statements for a more thorough discussion of these transactions.

Properties that were in operation for the entire period during 2005 and 2004 are referred to as the "2005 Comparable Properties" in this section.

Revenues

The \$127.3 million increase in revenues was primarily attributable to increases of \$93.2 million from the 2005 New Properties and \$30.4 million from the 2005 Comparable Properties. These increases were offset by a reduction in revenues of \$7.0 million related to the community centers that were sold to Galileo America in January 2005.

Edgar Filing: CBL & ASSOCIATES PROPERTIES INC - Form 10-K

The increase in revenues of the 2005 Comparable Properties was driven by our ability to maintain high occupancy levels while achieving a weighted average increase of 6.5% in rents from both new leases and lease renewals for comparable small shop spaces, as well as an increase in percentage rents.

The increase in management, development and leasing fees of \$10.7 million was primarily attributable to management and leasing fees received from Galileo America prior to the redemption of our interest in Galileo America, plus an \$8.0 million acquisition fee received from Galileo America that was related to Galileo America's acquisition of an approximately \$1.0 billion portfolio of shopping center properties from New Plan.

Operating Expenses

Property operating expenses including real estate taxes and maintenance and repairs, increased as a result of increases of \$30.0 million from the 2005 New Properties and \$1.6 million from the 2005 Comparable Properties. This was offset by a decrease of \$2.6 million related to the community centers that were sold to Galileo America in January 2005.

The increase in depreciation and amortization expense resulted from increases of \$28.7 million from the 2005 New Properties and \$8.9 million from the 2005 Comparable Properties. The increase attributable to the 2005 Comparable Properties is due to ongoing capital expenditures for renovations, expansions, tenant allowances and deferred maintenance.

General and administrative expenses increased \$3.9 million during 2005. Severance packages for individuals affected by the sale of our management and advisory contracts with Galileo America contributed \$1.3 million to the increase. The remainder of the increase is related to additional salaries and benefits for the personnel added to manage the properties acquired during 2005 and 2004 combined with annual compensation increases for existing personnel. As a percentage of revenues, general and administrative expenses decreased to 4.3% in 2005 compared with 4.5% in 2004.

We recognized a loss on impairment of real estate assets of \$1.3 million during 2005, which was related to a \$1.0 million reduction in the carrying value

40

of assets identified as held for sale at December 31, 2005, and an additional loss of \$0.3 million related to the properties that were sold to Galileo America in January 2005. The additional impairment loss of \$0.3 million was related to the adjustment of certain estimated amounts when the actual amounts became known in 2005. We recognized a loss on impairment of real estate assets of \$3.1 million during 2004 when we reduced the carrying value of ten community centers to their respective estimated fair values. The ten community centers included four community centers that were sold to Galileo America in January 2005, five community centers that were sold to a third party during March 2005 and one community center that was sold for a loss during the fourth quarter of 2004.

Other Income and Expenses

Interest expense increased \$31.0 million primarily due to the debt on the 2005 New Properties, the refinancings that were completed on the 2005 Comparable Properties and an increase in variable interest rates.

Gain on sales of real estate assets of \$53.6 million in 2005 includes \$44.2 million of gains related to the redemption of our ownership interest in Galileo America, \$1.0 million from the recognition of deferred gain on properties that

Edgar Filing: CBL & ASSOCIATES PROPERTIES INC - Form 10-K

were previously sold to Galileo America and \$8.4 million of gains on the sales of eleven outparcels. The gain on sales of real estate assets of \$29.3 million in 2004 included \$26.8 million of gain related to the second phase of the Galileo America joint venture and \$2.5 million of gain on sales of seven outparcels at various properties.

The gain on sales of management contracts of \$21.6 million represents the gain on the sale of our management and advisory contracts with Galileo America to New Plan in August 2005.

Equity in earnings of unconsolidated affiliates decreased by \$1.8 million in 2005 as a result the redemption of our interest in Galileo America in August 2005. Additionally, although Coastal Grand-Myrtle Beach and Imperial Valley Mall opened in March 2004 and March 2005, respectively, our equity in the earnings of these two properties was flat compared to the prior year. This was due to the mortgage loan that was placed on Coastal Grand-Myrtle Beach in September 2004, which is at a fixed interest rate that is higher than the previous variable rate loan.

Discontinued operations for 2005 represent the operations of the six community centers we sold during 2005 as well as the operations of the two community centers that were classified as held for sale as of December 31, 2005. Discontinued operations during 2004 reflect the results of two community centers that we sold during 2004, as well as the results of the properties described in the previous sentence.

Comparison of the Year Ended December 31, 2004 to the Year Ended December 31, 2003

The following significant transactions impacted the consolidated results of operations for the year ended December 31, 2004, compared to the year ended December 31, 2003:

[X] Since January 1, 2003, we have acquired or opened 15 malls, six associated centers and four community centers (collectively referred to as the "2004 New Properties"). The 2004 New Properties are as follows:

[X] In October 2003, we sold 41 community centers to Galileo America. We sold six additional community centers to Galileo America in January 2004. Since we had continuing involvement with these properties through our ownership interest in Galileo America and our role as manager of the properties, the results of operations of these properties were not reflected in discontinued operations. Therefore, the year ended December 31, 2003 includes results of operations for these properties through the dates they were sold.

[X] Effective January 1, 2004, we began to consolidate the results of operations of PPG Venture I Limited Partnership, which owns two community centers and one associated center (the "PPG Properties"), as a result of the adoption of a new accounting pronouncement. The PPG Properties were accounted for as unconsolidated affiliates using the equity method of accounting prior to January 1, 2004.

Properties that were in operation for the entire period during 2004 and 2003 are referred to as the "2004 Comparable Properties" in this section.

Revenues

The \$87.6 million increase in revenues was primarily attributable to increases of \$116.2 million from the 2004 New Properties, \$7.5 million related to the PPG Properties and \$2.1 million from the 2004 Comparable Properties. These increases were offset by a reduction in revenues of \$42.5 million related to the community centers that were sold to Galileo America in October 2003 and January 2004.

The increase in revenues of the 2004 Comparable Properties was driven by our ability to maintain high occupancy levels, while achieving an increase of 3.3% in rents from both new leases and lease renewals for comparable small shop spaces.

An increase in management and leasing fees of \$2.8 million received from Galileo America was the primary contributor to the \$4.3 million increase in

management, development and leasing fees. The \$2.8 million increase in other revenues is primarily attributable to a growth in revenues that we receive from providing security and maintenance services to third parties.

Operating Expenses

Property operating expenses including real estate taxes and maintenance and

Edgar Filing: CBL & ASSOCIATES PROPERTIES INC - Form 10-K

repairs, increased as a result of increases of \$39.9 million from the 2004 New Properties and \$2.2 million from the PPG Properties, offset by decreases of \$9.4 million related to the community centers that were sold to Galileo America and \$15.1 million in operating expenses of the 2004 Comparable Properties.

The increase in depreciation and amortization expense resulted from increases of \$29.0 million from the 2004 New Properties, \$1.0 million related to the PPG Properties and \$6.6 million from the 2004 Comparable Properties. These increases were offset by a decrease of \$7.4 million related to the community centers that we sold to Galileo America in October 2003 and January 2004. The increase attributable to the 2004 Comparable Properties is due to ongoing capital expenditures for renovations, expansions, tenant allowances and deferred maintenance.

General and administrative expenses increased \$4.9 million during 2004. As a percentage of revenues, this was only a 0.1% increase over the comparable 2003 amount. General and administrative expenses were significantly impacted by an additional \$1.1 million of expenses in 2004 related to compliance with Section 404 of the Sarbanes-Oxley Act of 2002. State tax expenses also increased \$1.8 million as a result of our continued growth. The remainder of the increase is attributable to additional salaries and benefits for the personnel added to manage the properties acquired during 2004 and 2003 combined with annual compensation increases for existing personnel.

We identified ten community centers and recorded a loss on impairment of real estate assets of \$3.1 million to reduce the carrying value of these properties to their respective estimated fair values based on estimates of the selling prices to be received from the sales of nine centers in 2005. One community center was sold for a loss during the fourth quarter of 2004.

Other Income and Expenses

Interest expense increased \$23.9 million primarily due to the debt on the 2004 New Properties and the PPG Properties, as well as the additional financings that were obtained on the 2004 Comparable Properties. The increase was offset by a reduction in interest expense related to the Galileo Transaction as well as normal principal amortization.

The gain on sales of real estate assets of \$29.3 million in 2004 included \$26.8 million of gain related to the Galileo Transaction and \$2.5 million of gain on sales of seven outparcels at various properties.

Equity in earnings of unconsolidated affiliates increased by \$5.4 million in 2004 as a result of our interest in Galileo America and the opening of Coastal Grand-Myrtle Beach in March 2004.

We sold two community centers during 2004 for a gain on discontinued operations of \$0.9 million. We sold one community center for a loss of \$0.1 million, which was included in loss on impairment of real estate assets. Operating income from discontinued operations decreased in 2004 because the properties were owned for a shorter period of time in 2004 than in 2003, and because 2003 includes the operations of properties that were sold during 2003.

Operational Review

The shopping center business is, to some extent, seasonal in nature with tenants achieving the highest levels of sales during the fourth quarter because

Edgar Filing: CBL & ASSOCIATES PROPERTIES INC - Form 10-K

of the holiday season, which results in higher percentage rent income in the fourth quarter. Additionally, the malls earn most of their short-term rents during the holiday period. Thus, occupancy levels and revenue production are generally the highest in the fourth quarter of each year. Results of operations realized in any one quarter may not be indicative of the results likely to be experienced over the course of the fiscal year.

We classify our regional malls into two categories - malls that have completed their initial lease-up are referred to as stabilized malls and malls that are in their initial lease-up phase and have not been open for three calendar years are referred to as non-stabilized malls. The non-stabilized malls currently include Parkway Place in Huntsville, AL, which opened in October 2002; Coastal Grand-Myrtle Beach in Myrtle Beach, SC, which opened in March 2004; Imperial Valley Mall in El Centro, CA, which opened in March 2005; Southaven Towne Center in Southaven, MS, which opened in October 2005; and Gulf Coast Town Center (Phase I) in Ft. Myers, FL, which opened in November 2005.

We derive a significant amount of our revenues from the mall properties. The sources of our revenues by property type were as follows:

	Year Ended December 31,	
	2005	2004
Malls	91.1%	90.2%
Associated centers	3.8%	4.1%
Community centers	1.0%	2.3%
Mortgages, office building and other	4.1%	3.4%

Sales and Occupancy Costs

Mall store sales (for those tenants who occupy 10,000 square feet or less and have reported sales) in the stabilized malls increased 4.1% on a comparable per square foot basis to \$330 per square foot for 2005 compared with \$317 per square foot for 2004.

Occupancy costs as a percentage of sales for the stabilized malls were 11.8% and 12.0% for 2005 and 2004, respectively.

Occupancy

Our portfolio occupancy is summarized in the following table:

	December 31,	
	2005	2004
Total portfolio	94.5%	94.0%
Total mall portfolio	94.4%	94.3%
Stabilized malls	94.7%	94.4%
Non-stabilized malls	89.4%	92.8%
Associated centers	94.1%	91.8%
Community centers (1)	95.3%	94.0%

Leasing

Average annual base rents per square foot were as follows for each property type:

	December 31,	
	2005	2004
Stabilized malls	\$26.87	\$25.60
Non-stabilized malls	27.41	26.33
Associated centers	10.55	9.77
Community centers (1)	9.61	8.12
Other	19.33	19.10

During 2005, we achieved positive results from new and renewal leasing of comparable small shop space for spaces that were previously occupied as summarized in the following table:

	Square Feet	Base Rent Per Square Foot Prior Lease	Initial Base Rent Per Square Foot New Lease	% Change Initial	Average Base Rent Per Square Foot New Lease
Year-To-Date:					
Stabilized Malls	2,235,715	\$25.18	\$26.10	3.7%	\$26.72
Associated centers	101,624	13.54	16.91	24.9%	17.26
Community centers (1)	54,469	16.56	16.67	0.7%	16.69
Other	8,364	15.69	17.66	12.5%	17.89
	2,400,172	\$24.46	\$25.47	4.1%	\$26.06

Liquidity and Capital Resources

There was \$28.8 million of unrestricted cash and cash equivalents as of December 31, 2005, an increase of \$3.1 million from December 31, 2004. Cash flows from operations are used to fund short-term liquidity and capital needs such as tenant construction allowances, capital expenditures and payments of dividends and distributions. For longer-term liquidity needs such as acquisitions, new developments, renovations and expansions, we typically rely on property specific mortgages (which are generally non-recourse), construction and term loans, revolving lines of credit, common stock, preferred stock, joint venture investments and a minority interest in the Operating Partnership.

Cash provided by operating activities increased \$50.4 million to \$389.6 million for the year ended December 31, 2005. The increase was primarily attributable to the operations of the 2005 New Properties plus the acquisition fee earned in connection with Galileo America's transaction with New Plan.

Edgar Filing: CBL & ASSOCIATES PROPERTIES INC - Form 10-K

Debt

During 2005, we borrowed \$946.8 million under mortgage and other notes payable and paid \$353.8 million to reduce outstanding borrowings. We also assumed \$385.8 million in debt and recorded a debt premium of \$10.6 million in connection with the acquisitions of six malls and two associated centers. We paid \$6.5 million in connection with the extinguishment of certain mortgage notes payable during 2005 and paid \$3.4 million in financing costs in connection with the new borrowings.

The following tables summarize debt based on our pro rata ownership share, including our pro rata share of unconsolidated affiliates and excluding minority investors' share of consolidated properties, because we believe this provides investors and lenders a clearer understanding of our total debt obligations and liquidity (in thousands):

In February 2005, we amended one of our secured credit facilities to increase the total availability from \$80.0 million to \$100.0 million and to extend the maturity by one year to June 2007. The interest rate remained at LIBOR plus 1.00% until it was reduced to LIBOR plus 0.9% in December 2005.

Edgar Filing: CBL & ASSOCIATES PROPERTIES INC - Form 10-K

As of December 31, 2005, we had four secured lines of credit with total availability of \$503.0 million that are used for construction, acquisition and working capital purposes. Each of these lines is secured by mortgages on certain of our operating properties. There were total borrowings of \$412.3 million outstanding at a weighted average interest rate of 5.29% as of December 31, 2005. In February 2006, we amended one of our secured credit facilities to increase the maximum availability from \$373.0 million to \$476.0 million, extend the maturity date from February 28, 2006 to February 28, 2009 plus a one-year extension option, increase the minimum tangible net worth requirement, as defined, from \$1.0 billion to \$1.37 billion and increase the limit on the maximum availability that the Company may request from \$500.0 million to \$650.0 million.

In March 2005, we retired a mortgage note payable of \$11.1 million and recognized a loss on extinguishment of \$0.9 million, which consisted of a prepayment fee of \$0.8 million and the write-off of unamortized deferred financing costs of \$0.1 million.

In September 2005, we obtained a ten-year, non-recourse mortgage note payable of \$60.0 million on Imperial Valley Mall, one of our unconsolidated affiliates, that has a fixed interest rate of 4.985% and matures in September 2015. The proceeds of the loan were used to retire the outstanding borrowings of \$58.3 million under the construction loan that was incurred to develop Imperial Valley Mall.

Also in September 2005, we retired two mortgage notes payable totaling \$52.6 million, including unamortized debt premiums of \$1.3 million. We recognized a loss on extinguishment of debt in the amount of less than \$0.1 million, which consisted of a prepayment fee of \$1.1 million and the write-off of unamortized deferred financing costs of \$0.2 million, offset by the write-off of the unamortized debt premium of \$1.3 million.

In October 2005, we obtained four new mortgage notes payable totaling \$392.0 million, which are ten-year, non-recourse loans having a weighted average interest rate of 5.02%. In connection with obtaining these new loans, we retired four loans totaling \$179.5 million. As a result of the retirement of these four loans, we recognized a loss on extinguishment of debt of \$5.2 million in October

46

2005, which includes prepayment fees of \$4.6 million and the write-off of unamortized deferred financings costs of \$0.8 million.

The secured and unsecured credit facilities contain, among other restrictions, certain financial covenants including the maintenance of certain coverage ratios, minimum net worth requirements, and limitations on cash flow distributions. We were in compliance with all financial covenants and restrictions under our credit facilities at December 31, 2005. Additionally, certain property-specific mortgage notes payable require the maintenance of debt service coverage ratios on their respective properties. At December 31, 2005, the properties subject to these mortgage notes payable were in compliance with the applicable ratios.

We expect to refinance the majority of mortgage and other notes payable maturing over the next four years with replacement loans. Based on our pro rata share of total debt, there is \$978.7 million of debt that is scheduled to mature in 2006. In January 2006, we extended the maturity of \$358.2 million of this debt to 2009. There are extension options in place to extend the maturity of \$509.1 million of this debt to 2007. We expect to repay or refinance the

Edgar Filing: CBL & ASSOCIATES PROPERTIES INC - Form 10-K

remaining \$111.4 million of maturing loans.

Equity

At our Annual Meeting of Shareholders on May 9, 2005, our shareholders approved an increase in the authorized shares of the common stock under our amended and restated certificate of incorporation to 180,000,000 shares from 95,000,000 shares. On May 10, 2005, our board of directors approved a two-for-one stock split of our common stock, which was effected in the form of a stock dividend. The record date for the stock split was June 1, 2005, and the distribution date was June 15, 2005. We retained the current par value of \$0.01 per share for all shares of common stock. The Operating Partnership currently has common units and special common units of limited partner interest outstanding that may be exchanged by their holders, under certain circumstances, for shares of common stock on a one-for-one basis. These common units and special common units were also split on a two-for-one basis so that they continue to be exchangeable on a one-for-one basis into shares of our common stock. All references to numbers of common shares and per share data in the accompanying consolidated financial statements, the notes thereto and this annual report have been adjusted to reflect the stock split on a retroactive basis. Shareholders' equity reflects the stock split through a reclassification of \$0.3 million from Additional Paid-In Capital to Common Stock, which represents the par value of the additional shares resulting from the split.

In October 2005, our board of directors declared a special one-time cash dividend for our common stock of \$0.09 per share. The dividend was payable on January 16, 2006, to shareholders of record as of December 30, 2005. The special dividend was declared as a result of the taxable gains generated from the sale of our management and advisory contracts with Galileo America that is discussed in Note 5 to the consolidated financial statements.

In November 2005, our board of directors approved a plan to repurchase up to \$60.0 million of our common stock by December 31, 2006. The stock repurchase plan was adopted to provide us the opportunity to repurchase shares relatively equivalent to the Series K Special Common Units that were issued in connection with the acquisition of the three-mall portfolio that is discussed in Note 3 to the consolidated financial statements. We had repurchased 1,371,034 shares of our common stock as of December 31, 2005 for a total of \$55.0 million, or a weighted average cost of \$40.11 per share. As of December 31, 2005, we had paid \$48.3 million of this amount and had a payable of \$6.7 million for the remainder. We do not intend to repurchase any additional shares subsequent to December 31, 2005.

In October 2005, we issued 174,403 shares of common stock to one of our officers when the officer's deferred compensation agreement was terminated. We had accrued all compensation expense related to the agreement as it was earned during the term of the agreement.

47

We received \$10.2 million in proceeds from issuances of common stock during 2005 from exercises of employee stock options and our dividend reinvestment plan.

During 2005 we paid dividends of \$133.7 million to holders of our common stock and our preferred stock, as well as \$89.5 million in distributions to the minority interest investors in our Operating Partnership and certain shopping center properties.

Subsequent to December 31, 2005, holders of 1,507,649 units of limited partnership interest in the Operating Partnership exercised their conversion

rights, which are described in Note 9 to the consolidated financial statements. We have elected to issue 1,480,067 shares of common stock and \$1,112 in cash in exchange for these units.

As a publicly traded company, we have access to capital through both the public equity and debt markets. In January 2006, we filed a shelf registration statement with the Securities and Exchange Commission authorizing us to publicly issue shares of preferred stock, common stock and warrants to purchase shares of common stock. There is no limit to the offering price or number of shares that we may issue under this shelf registration statement.

We anticipate that the combination of equity and debt sources will, for the foreseeable future, provide adequate liquidity to continue our capital programs substantially as in the past and make distributions to our shareholders in accordance with the requirements applicable to real estate investment trusts.

Our strategy is to maintain a conservative debt-to-total-market capitalization ratio in order to enhance our access to the broadest range of capital markets, both public and private. Based on our share of total consolidated and unconsolidated debt and the market value of our equity, our debt-to-total-market capitalization (debt plus market-value equity) ratio was as follows at December 31, 2005 (in thousands, except stock prices):

Capital Expenditures

We expect to continue to have access to the capital resources necessary to expand and develop our business. Future development and acquisition activities will be undertaken as suitable opportunities arise. We do not expect to pursue these activities unless adequate sources of financing are available and we can achieve satisfactory returns on our investments.

An annual capital expenditures budget is prepared for each property that is intended to provide for all necessary recurring and non-recurring capital expenditures. We believe that property operating cash flows, which include reimbursements from tenants for certain expenses, will provide the necessary funding for these expenditures.

		=====	=====	=====

There are construction loans in place for the costs of Gulf Coast Town Center and Lakeview Pointe. We have commitments for construction loans that will cover the costs of The Plaza at Fayette and the Shoppes at St. Clair. The remaining costs will be funded with operating cash flows and the credit facilities.

We have entered into a number of option agreements for the development of future regional malls and community centers. Except for the projects listed in the above table, we do not have any other material capital commitments.

Acquisitions

We acquired six malls and one associated center during 2005 for an aggregate purchase price of \$884.7 million, including transaction costs. We paid \$426.1 million in cash, assumed \$385.8 million of debt and issued limited partnership interests in the Operating Partnership valued at \$72.9 million to fund these acquisitions. The total cash paid was funded with borrowings under our credit facilities and two new loans totaling \$136.0 million. These acquisitions are expected to generate an initial weighted-average, unleveraged return of 6.2%.

We acquired a 50/50 joint venture interest in an open-air center that was under development. We initially contributed \$40.3 million for our 50% interest, which was used to refund the aggregate acquisition and development costs incurred with respect to the project that were previously paid by our joint venture partner.

We acquired a 50/50 joint venture interest in a mall and its associated center, which were valued at \$283.5 million. Our initial capital contribution to this joint venture was \$1.6 million of cash.

50

Dispositions

We received a total of \$64.4 million in net cash proceeds from the sales of real estate assets during 2005. The third phase of the joint venture transaction with Galileo America, which is discussed in Note 5 to the consolidated financial statements, closed in January 2005 and generated net cash proceeds of \$42.5 million. We received \$8.3 million in cash proceeds and took a note receivable for \$2.6 million from the sale of six community centers. We also received \$13.6 million in cash proceeds from the sales of eleven outparcels.

We received \$21.6 million in net cash proceeds from the sale of our management and advisory contracts with Galileo America. We also received an acquisition fee of \$8.0 million as a result of Galileo America's purchase of a portfolio of properties from New Plan Excel Realty Trust, Inc. See Note 5 to the accompanying consolidated financial statements for a more detailed description of these transactions.

Edgar Filing: CBL & ASSOCIATES PROPERTIES INC - Form 10-K

Other Capital Expenditures

Including our share of unconsolidated affiliates' capital expenditures, we spent \$52.8 million in 2005 for tenant allowances, which generate increased rents from tenants over the terms of their leases. Deferred maintenance expenditures were \$31.5 million for 2005 and included \$12.4 million for resurfacing and improved lighting of parking lots, \$11.7 million for roof repairs and replacements and \$7.4 million for various other expenditures. Renovation expenditures were \$27.5 million in 2005.

Deferred maintenance expenditures are billed to tenants as common area maintenance expense, and most are recovered over a 5- to 15-year period. Renovation expenditures are primarily for remodeling and upgrades of malls, of which approximately 30% is recovered from tenants over a 5- to 15-year period.

We expect to renovate seven malls during 2006 at a total estimated cost of \$53.6 million, which will be funded from operating cash flows and availability under our credit facilities.

Off-Balance Sheet Arrangements

Unconsolidated Affiliates

We have ownership interests in eleven unconsolidated affiliates that are described in Note 5 to the consolidated financial statements. The unconsolidated affiliates are accounted for using the equity method of accounting and are reflected in the consolidated balance sheets as "Investments in Unconsolidated Affiliates." The following are circumstances when we may consider entering into a joint venture with a third party:

- [X] Third parties may approach us with opportunities where they have obtained land and performed some pre-development activities, but they may not have sufficient access to the capital resources or the development and leasing expertise to bring the project to fruition. We enter into such arrangements when we determine such a project is viable and we can achieve a satisfactory return on our investment. We typically earn development fees from the joint venture and provide management and leasing services to the property for a fee once the property is placed in operation.
- [X] We determine that we may have the opportunity to capitalize on the value we have created in a property by selling an interest in the property to a third party. This provides us with an additional source of capital that can be used to develop or acquire additional real estate assets that we believe will provide greater potential for growth. When we retain an interest in an asset rather than selling a 100% interest, it is typically because this allows us to continue to manage the property, which provides us the ability to earn fees for management, leasing, development, financing and acquisition services provided to the joint venture.

Guarantees

We may issue guarantees on the debt of a joint venture primarily because it allows the joint venture to obtain funding at a lower cost than could be obtained otherwise. This results in a higher return for the joint venture on its investment, and in a higher return on our investment in the joint venture. We may receive a fee from the joint venture for providing the guaranty.

Edgar Filing: CBL & ASSOCIATES PROPERTIES INC - Form 10-K

Additionally, when we issue a guaranty, the terms of the joint venture agreement typically provide that we may receive indemnification from the joint venture.

As of December 31, 2005, we have guaranteed 50% of the debt of Parkway Place L.P. The total amount outstanding at December 31, 2005, was \$53.2 million, of which we have guaranteed \$26.6 million. The guaranty will expire when the related debt matures in June 2008.

The Company's guarantees and the related accounting are more fully described in Note 17 to the consolidated financial statements.

Critical Accounting Policies

Our significant accounting policies are disclosed in Note 2 to the consolidated financial statements. The following discussion describes our most critical accounting policies, which are those that are both important to the presentation of our financial condition and results of operations and that require significant judgment or use of complex estimates.

Revenue Recognition

Minimum rental revenue from operating leases is recognized on a straight-line basis over the initial terms of the related leases. Certain tenants are required to pay percentage rent if their sales volumes exceed thresholds specified in their lease agreements. Percentage rent is recognized as revenue when the thresholds are achieved and the amounts become determinable.

We receive reimbursements from tenants for real estate taxes, insurance, common area maintenance, and other recoverable operating expenses as provided in the lease agreements. Tenant reimbursements are recognized as revenue in the period the related operating expenses are incurred. Tenant reimbursements related to certain capital expenditures are billed to tenants over periods of 5 to 15 years and are recognized as revenue when billed.

We receive management, leasing and development fees from third parties and unconsolidated affiliates. Management fees are charged as a percentage of revenues (as defined in the management agreement) and are recognized as revenue when earned. Development fees are recognized as revenue on a pro rata basis over the development period. Leasing fees are charged for newly executed leases and lease renewals and are recognized as revenue when earned. Development and leasing fees received from unconsolidated affiliates during the development period are recognized as revenue to the extent of the third-party partners' ownership interest. Fees to the extent of our ownership interest are recorded as a reduction to our investment in the unconsolidated affiliate.

Gains on sales of real estate assets are recognized when it is determined that the sale has been consummated, the buyer's initial and continuing investment is adequate, our receivable, if any, is not subject to future subordination, and the buyer has assumed the usual risks and rewards of ownership of the asset. When we have an ownership interest in the buyer, gain is recognized to the extent of the third party partner's ownership interest and the portion of the gain attributable to our ownership interest is deferred.

Real Estate Assets

We capitalize predevelopment project costs paid to third parties. All previously capitalized predevelopment costs are expensed when it is no longer

Edgar Filing: CBL & ASSOCIATES PROPERTIES INC - Form 10-K

probable that the project will be completed. Once development of a project commences, all direct costs incurred to construct the project, including interest and real estate taxes, are capitalized. Additionally, certain general and administrative expenses are allocated to the projects and capitalized based on the amount of time applicable personnel work on the development project. Ordinary repairs and maintenance are expensed as incurred. Major replacements and improvements are capitalized and depreciated over their estimated useful lives.

All acquired real estate assets are accounted for using the purchase method of accounting and accordingly, the results of operations are included in the consolidated statements of operations from the respective dates of acquisition. The purchase price is allocated to (i) tangible assets, consisting of land, buildings and improvements, as if vacant, and tenant improvements and (ii) identifiable intangible assets and liabilities generally consisting of above- and below-market leases and in-place leases. We use estimates of fair value based on estimated cash flows, using appropriate discount rates, and other valuation methods to allocate the purchase price to the acquired tangible and intangible assets. Liabilities assumed generally consist of mortgage debt on the real estate assets acquired. Assumed debt with a stated interest rate that is significantly different from market interest rates is recorded at its fair value based on estimated market interest rates at the date of acquisition.

Depreciation is computed on a straight-line basis over estimated lives of 40 years for buildings, 10 to 20 years for certain improvements and 7 to 10 years for equipment and fixtures. Tenant improvements are capitalized and depreciated on a straight-line basis over the term of the related lease. Lease-related intangibles from acquisitions of real estate assets are amortized over the remaining terms of the related leases. The amortization of above- and below-market leases is recorded as an adjustment to minimum rental revenue, while the amortization of all other lease-related intangibles is recorded as amortization expense. Any difference between the face value of the debt assumed and its fair value is amortized to interest expense over the remaining term of the debt using the effective interest method.

Carrying Value of Long-Lived Assets

We periodically evaluate long-lived assets to determine if there has been any impairment in their carrying values and record impairment losses if the undiscounted cash flows estimated to be generated by those assets are less than their carrying amounts or if there are other indicators of impairment. If it is determined that an impairment has occurred, the excess of the asset's carrying value over its estimated fair value is charged to operations. We recorded losses on the impairment of real estate assets of \$1.3 million and \$3.1 million in 2005 and 2004, respectively, which are discussed in Note 2 to the consolidated financial statements. There were no impairment charges in 2003.

Recent Accounting Pronouncements

In December 2004, the FASB issued Statement of Financial Accounting Standards ("SFAS") No. 153, "Exchanges of Nonmonetary Assets, an amendment of APB No. 29, Accounting for Nonmonetary Transactions." SFAS No. 153 requires exchanges of productive assets to be accounted for at fair value, rather than at carryover basis, unless (1) neither the asset received nor the asset surrendered has a fair value that is determinable within reasonable limits or (2) the transactions lack commercial substance. SFAS No. 153 became effective for nonmonetary asset exchanges occurring in fiscal periods that began after June 15, 2005.

In December 2004, the FASB released its final revised standard, SFAS No. 123 (Revised 2004), "Share-Based Payment." SFAS No. 123(R) requires that a public entity measure the cost of equity based service awards based on the

grant-date fair value of the award. That cost will be recognized over the period during which an employee is required to provide service in exchange for the award or the vesting period. No compensation cost is recognized for equity instruments for which employees do not render the requisite service. In April 2005, the Securities and Exchange Commission issued a Staff Accounting Bulletin to modify the effective date so that SFAS No. 123(R) can be adopted beginning with the first interim reporting period of the next fiscal year beginning after June 15, 2005, instead of the first interim period beginning after June 15, 2005. We previously adopted the fair value provisions of SFAS No. 123, "Accounting for Stock Based Compensation," as amended by SFAS No. 148, "Accounting for Stock-Based Compensation - Transition and Disclosure - An Amendment of FASB Statement No. 123" effective January 1, 2003. We will adopt SFAS No. 123(R) on January 1, 2006, using a modified prospective application. We estimate that this will result in the recognition of additional compensation expense of approximately \$0.3 million and \$0.1 million during the years ending December 31, 2006 and 2007, which represents the unamortized deferred compensation expense associated with all remaining stock options that were not vested as of December 31, 2005.

In May 2005, the FASB issued Statement No. 154 entitled, "Accounting Changes and Error Corrections," which will be effective in the first quarter of fiscal year 2006. This statement addresses the retrospective application of such changes and corrections and we will follow the provision of this standard in the event of any future accounting changes.

In June 2005, the FASB issued Emerging Issues Task Force ("EITF") Issue No. 04-05, "Determining Whether a General Partner, or the General Partners as a Group, Controls a Limited Partnership or Similar Entity When the Limited Partners Have Certain Rights." EITF Issue No. 04-05 provides a framework for determining whether a general partner controls, and should consolidate, a limited partnership or a similar entity. EITF Issue No. 04-05 is effective after June 29, 2005, for all newly formed limited partnerships and for any pre-existing limited partnerships that modify their partnership agreements after that date. General partners of all other limited partnerships are required to apply the consensus no later than the beginning of the first reporting period in fiscal years beginning after December 15, 2005. We do not expect that the adoption of EITF Issue No. 04-05 will have a material impact on our financial position, results of operations or cash flows.

In June 2005, the FASB issued FASB Staff Position ("FSP") 78-9-1, "Interaction of AICPA Statement of Position 78-9 and EITF Issue No. 04-05." The EITF acknowledged that the consensus in EITF Issue No. 04-05 conflicts with certain aspects of Statement of Position ("SOP") 78-9, "Accounting for Investments in Real Estate Ventures." The EITF agreed that the assessment of whether a general partner, or the general partners as a group, controls a limited partnership should be consistent for all limited partnerships, irrespective of the industry within which the limited partnership operates. Accordingly, the guidance in SOP 78-9 was amended in FSP 78-9-1 to be consistent with the guidance in EITF Issue No. 04-05. The effective dates for this FSP are the same as those for EITF Issue No. 04-05 described above. We do not expect that the adoption of FSP 78-9-1 will have a material impact on our financial position, results of operations or cash flows.

In March 2005, the FASB issued Interpretation No. 47 ("FIN 47"), "Accounting for Conditional Asset Retirement Obligations," which clarifies the accounting for conditional asset retirement obligations as used in SFAS No. 143, "Accounting for Asset Retirement Obligations." A conditional asset retirement

Edgar Filing: CBL & ASSOCIATES PROPERTIES INC - Form 10-K

obligation is an unconditional legal obligation to perform an asset retirement activity in which the timing and (or) method of settlement are conditional on a future event that may or may not be within the control of the entity. Therefore, an entity is required to recognize a liability for the fair value of a conditional asset retirement obligation under SFAS No. 143 if the fair value of the liability can be reasonably estimated. FIN 47 permits, but does not require, restatement of interim financial information. The provisions of FIN 47 are effective for reporting periods ending after December 15, 2005. In accordance with the transition provisions of FIN 47, we recorded an asset of \$1.9 million and a liability of \$2.4 million related to conditional asset retirement obligations as of December 31, 2005. The difference between the amounts of the asset and liability of \$0.5 million was recognized as maintenance and repairs expense in our consolidated statement of operations for the year ended December 31, 2005.

54

Impact of Inflation

In the last three years, inflation has not had a significant impact on our operations because of the relatively low inflation rate. Substantially all tenant leases do, however, contain provisions designed to protect us from the impact of inflation. These provisions include clauses enabling us to receive percentage rent based on tenants' gross sales, which generally increase as prices rise, and/or escalation clauses, which generally increase rental rates during the terms of the leases. In addition, many of the leases are for terms of less than 10 years which may provide us the opportunity to replace existing leases with new leases at higher base and/or percentage rent if rents of the existing leases are below the then existing market rate. Most of the leases require the tenants to pay their share of operating expenses, including common area maintenance, real estate taxes and insurance, which reduces our exposure to increases in costs and operating expenses resulting from inflation.

Funds From Operations

Funds From Operations ("FFO") is a widely used measure of the operating performance of real estate companies that supplements net income determined in accordance with generally accepted accounting principles ("GAAP"). The National Association of Real Estate Investment Trusts ("NAREIT") defines FFO as net income (computed in accordance with GAAP) excluding gains or losses on sales of operating properties, plus depreciation and amortization of real estate assets, and after adjustments for unconsolidated partnerships and joint ventures. Adjustments for unconsolidated partnerships and joint ventures are calculated on the same basis. We compute FFO as defined above by NAREIT less dividends on preferred stock. Our method of calculating FFO may be different from methods used by other REITs and, accordingly, may not be comparable to such other REITs.

We believe that FFO provides an additional indicator of the operating performance of our properties without giving effect to real estate depreciation and amortization, which assumes the value of real estate assets declines predictably over time. Since values of well-maintained real estate assets have historically risen with market conditions, we believe that FFO enhances investors' understanding of our operating performance. The use of FFO as an indicator of financial performance is influenced not only by the operations of our properties and interest rates, but also by our capital structure.

FFO does not represent cash flows from operations as defined by accounting principles generally accepted in the United States, is not necessarily indicative of cash available to fund all cash flow needs and should not be considered as an alternative to net income for purposes of evaluating our operating performance or to cash flow as a measure of liquidity.

Edgar Filing: CBL & ASSOCIATES PROPERTIES INC - Form 10-K

FFO increased 25.6% in 2005 to \$390.0 million compared to \$310.4 million in 2004. The 2005 New Properties generated 59% of the growth in FFO, while consistently high portfolio occupancy, increases in rental rates from new and renewal leasing and increased recoveries of operating expenses at the 2005 Comparable Properties accounted for 25% of the growth in FFO. The remaining 16% of growth is primarily attributable to the gain from the sale of the Galileo America management contracts to New Plan and the acquisition fee related to Galileo America's acquisition of New Plan's portfolio.

55

The reconciliation of FFO to net income available to common shareholders is as follows (in thousands):

	Year Ended Dec	
	2005	2004
Net income available to common shareholders	\$ 131,907	\$ 102,8

(Gain) loss on discontinued operations	82	(8
Depreciation and amortization of non-real estate assets	(861)	(5

FFO applicable to our shareholders	\$ 213,596	\$ 169,7

ITEM 7A. QUANTITATIVE AND QUALITATIVE DISCLOSURES ABOUT MARKET RISK

We are exposed to interest rate risk on our debt obligations. Our interest rate risk management policy requires that we use derivative financial instruments for hedging purposes only and that, if we do enter into a derivative financial instrument, the derivative financial instrument be entered into with only major financial institutions based on their credit ratings and other factors. We did not have any derivative financial instruments at December 31, 2005 and 2004.

Based on our proportionate share of consolidated and unconsolidated variable-rate debt at December 31, 2005, a 0.5% increase or decrease in interest rates on variable rate debt would increase or decrease annual cash flows by approximately \$5.4 million and, after the effect of capitalized interest, annual earnings by approximately \$4.8 million.

Based on our proportionate share of total consolidated and unconsolidated debt at December 31, 2005, a 0.5% increase in interest rates would decrease the fair value of debt by approximately \$76.4 million, while a 0.5% decrease in interest rates would increase the fair value of debt by approximately \$78.9 million.

ITEM 9A. CONTROLS AND PROCEDURES

Because of its inherent limitations, internal control over financial reporting may not prevent or detect misstatements. Also, projections of any evaluation of its effectiveness to future periods are subject to the risk that

56

controls may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

As of the end of the period covered by this annual report, an evaluation was performed under the supervision of our Chief Executive Officer and Chief Financial Officer and with the participation of our management, of the effectiveness of the design and operation of our disclosure controls and procedures pursuant to Exchange Act Rule 13a-15(e). Based upon that evaluation, the Chief Executive Officer and Chief Financial Officer concluded that our disclosure controls and procedures are effective. No change in our internal control over financial reporting occurred during the fourth fiscal quarter of the period covered by this annual report that materially affected, or is reasonably likely to materially affect, our internal control over financial reporting.

Report Of Management On Internal Control Over Financial Reporting

Management of CBL & Associates Properties, Inc. and its consolidated subsidiaries (the "Company"), is responsible for establishing and maintaining adequate internal control over financial reporting. The Company's internal control over financial reporting is a process designed under the supervision of the Company's chief executive officer and chief financial officer to provide reasonable assurance regarding the reliability of financial reporting and the preparation of the Company's financial statements for external reporting purposes in accordance with U.S. generally accepted accounting principles.

As of December 31, 2005, management conducted an assessment of the effectiveness of the Company's internal control over financial reporting based on the framework established in Internal Control -- Integrated Framework issued by the Committee of Sponsoring Organizations of the Treadway Commission. Based on this assessment, management has determined that the Company's internal control over financial reporting as of December 31, 2005 is effective.

The Company's internal control over financial reporting includes policies and procedures that pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect transactions and dispositions of assets; provide reasonable assurances that transactions are recorded as necessary to permit preparation of financial statements in accordance with U.S. generally accepted accounting principles, and that receipts and expenditures are being made only in accordance with authorizations of management and the directors of

Edgar Filing: CBL & ASSOCIATES PROPERTIES INC - Form 10-K

the Company; and provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use or disposition of the Company's assets that could have a material effect on its financial statements.

Management's assessment of the effectiveness of the Company's internal control over financial reporting as of December 31, 2005 has been audited by Deloitte & Touche LLP, an independent registered public accounting firm, as stated in their report appearing herein, which expresses an unqualified opinion on management's assessment of the effectiveness of the Company's internal control over financial reporting and an unqualified opinion on the effectiveness of the Company's internal control over financial reporting as of December 31, 2005.

Report Of Independent Registered Public Accounting Firm

To the Board of Directors and Shareholders of
CBL & Associates Properties, Inc.:

57

We have audited management's assessment, included in the accompanying Report of Management on Internal Control over Financial Reporting, that CBL & Associates Properties, Inc. and subsidiaries (the "Company") maintained effective internal control over financial reporting as of December 31, 2005, based on criteria established in Internal Control--Integrated Framework issued by the Committee of Sponsoring Organizations of the Treadway Commission. The Company's management is responsible for maintaining effective internal control over financial reporting and for its assessment of the effectiveness of internal control over financial reporting. Our responsibility is to express an opinion on management's assessment and an opinion on the effectiveness of the Company's internal control over financial reporting based on our audit.

We conducted our audit in accordance with the standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether effective internal control over financial reporting was maintained in all material respects. Our audit included obtaining an understanding of internal control over financial reporting, evaluating management's assessment, testing and evaluating the design and operating effectiveness of internal control, and performing such other procedures as we considered necessary in the circumstances. We believe that our audit provides a reasonable basis for our opinions.

A company's internal control over financial reporting is a process designed by, or under the supervision of, the company's principal executive and principal financial officers, or persons performing similar functions, and effected by the company's board of directors, management, and other personnel to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorizations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Edgar Filing: CBL & ASSOCIATES PROPERTIES INC - Form 10-K

Because of the inherent limitations of internal control over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may not be prevented or detected on a timely basis. Also, projections of any evaluation of the effectiveness of the internal control over financial reporting to future periods are subject to the risk that the controls may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

In our opinion, management's assessment that the Company maintained effective internal control over financial reporting as of December 31, 2005, is fairly stated, in all material respects, based on the criteria established in Internal Control--Integrated Framework issued by the Committee of Sponsoring Organizations of the Treadway Commission. Also in our opinion, the Company maintained, in all material respects, effective internal control over financial reporting as of December 31, 2005, based on the criteria established in Internal Control--Integrated Framework issued by the Committee of Sponsoring Organizations of the Treadway Commission.

We have also audited, in accordance with the standards of the Public Company Accounting Oversight Board (United States), the consolidated financial statements and financial statement schedules as of and for the year ended December 31, 2005 of the Company and our report dated March 10, 2006 expressed an unqualified opinion on those financial statements and financial statement schedules.

ITEM 9B. OTHER INFORMATION

At a meeting held on October 26, 2005, the Compensation Committee of the Company's board of directors approved the following actions affecting the compensation of our executive officers:

2005 Base Salaries for Named Executive Officers

The Compensation Committee approved 2006 Base Salary levels for the Company's officers and members of senior management, including setting the following 2006 Base Salary levels for those individuals who qualify as "named executive officers" (pursuant to Item 402(a)(3) of Securities and Exchange Commission Regulation S-K):

Name:	Title:	2006 Base Sal
-----	-----	-----
Charles B. Lebovitz	Chairman of the Board and Chief Executive Officer	\$558,802
John N. Foy	Vice Chairman of the Board, Chief Financial Officer and Treasurer	\$486,320

Edgar Filing: CBL & ASSOCIATES PROPERTIES INC - Form 10-K

Stephen D. Lebovitz	Director, President and Secretary	\$475,000
Eric P. Snyder	Senior Vice President and Director of Corporate Leasing	\$446,000
Augustus N. Stephas	Senior Vice President - Accounting and Controller	\$456,600

In the case of Charles B. Lebovitz, John N. Foy and Stephen D. Lebovitz, these base salaries were approved to take effect as of January 1, 2006. In the case of Mr. Stephas, the effective date is February 28, 2006, and in the case of Mr. Snyder, the effective date is September 15, 2006.

Each of Charles B. Lebovitz, John N. Foy and Stephen D. Lebovitz are parties to deferred compensation agreements issued under the Amended and Restated Stock Incentive Plan, as amended (the "Stock Incentive Plan"), pursuant to which the amounts representing annual increases over their base salaries since 1995 are paid in quarterly installments in the form of the Company's Common Stock rather than cash.

Revisions to 2005 Executive Bonus Opportunities

The Compensation Committee also approved certain adjustments to the criteria or matters pursuant to which designated Company executives are eligible to earn bonuses during the 2005 fiscal year based upon the successful continuation and/or completion of development, financing, leasing and re-leasing, temporary leasing, sponsorships, management, accounting, marketing, remodelings, expansions, peripheral property sales, acquisitions and joint ventures with respect to the Company and its properties identified by the Compensation Committee as being within each such executive's areas of responsibility. These adjustments affected the maximum potential bonuses that could be earned by two of the three executives covered by these bonus criteria who are named executive officers of the Company as follows: the maximum potential bonus payments that could be earned by John N. Foy and Stephen D. Lebovitz for specified projects completed during 2005 was increased from \$575,000 to \$675,000 for each of such named executive officers. The actual amount of any bonus payouts will be dependent on the successful continuation or completion of the projects or matters upon which each such officer's bonus is based, as well as the officer's continued employment with the Company at such time.

In addition to the adjustments to the potential bonus levels approved as described above for certain officers, the Compensation Committee also approved an increase from \$1,000,000 to \$1,075,000 in the amount of a separate allocation of funds to be available as bonus compensation for payment to three designated

senior executives, in conjunction with the Compensation Committee's decision concerning the actual bonuses to be paid to such officers based upon the Committee's evaluation of their performance during 2005. Two of the officers who participated in such bonus pool for fiscal 2005 are named executive officers, and the Compensation Committee approved the following 2005 bonus amounts for such officers: Charles B. Lebovitz - \$675,000 and Augustus N. Stephas - \$225,000.

In the case of both of the bonus mechanisms described above for 2005, each

Edgar Filing: CBL & ASSOCIATES PROPERTIES INC - Form 10-K

officer who receives a bonus has the option of electing whether to have his or her bonus paid in cash or in shares of the Company's Common Stock pursuant to the terms of the Stock Incentive Plan. The number of shares issued with respect to any bonus that an officer elects to receive in the Company's Common Stock will be determined based on the market value of the Common Stock on the date when such bonus becomes payable.

Approval of 2006 Executive Bonus Opportunities

The Compensation Committee also approved the criteria or matters pursuant to which designated Company executives will be eligible to earn bonuses for the 2006 fiscal year. The amount of the bonus paid to each executive will be based upon the successful continuation and/or completion of development, financing, leasing and re-leasing, temporary leasing, sponsorships, management, accounting, marketing, remodelings, expansions, peripheral property sales, acquisitions and joint ventures with respect to the Company and its properties identified by the Compensation Committee as being within each such executive's areas of responsibility. Three of the executives covered by these bonus criteria are named executive officers of the Company. The potential bonuses that the Compensation Committee provided that such named executive officers could earn pursuant to the above-stated criteria or matters are as follows: John N. Foy - \$725,000; Stephen D. Lebovitz - \$725,000; and Eric P. Snyder - \$325,000. The actual amount of any bonus payouts will be dependent on the successful continuation or completion of the projects or matters upon which each such officer's bonus is based, as well as the officer's continued employment with the Company at such time.

In addition to the potential bonus levels approved as described above for certain officers, the Compensation Committee also approved a separate allocation of up to an aggregate of \$1,325,000 to be available as bonus compensation for payment to three designated senior executives, consisting of specified maximum bonuses that could be earned by each of the three executives totaling \$1,175,000 plus the opportunity to share in an unallocated discretionary bonus pool of up to \$150,000. The actual bonus payments to such officers, including the amount (if any) to be paid out of the \$150,000 unallocated pool, will be determined during the fourth quarter of 2006 by the Compensation Committee, based upon its evaluation of such officers' performance during the year. Two of the officers for whom any fiscal 2006 bonuses will be determined pursuant to this method are named executive officers, and the potential bonus payouts set by the Compensation Committee for each of these officers is as follows: Charles B. Lebovitz - \$725,000 plus any additional participation in the unallocated \$150,000 pool, and Augustus N. Stephas - \$250,000 plus any additional participation in the unallocated \$150,000 pool.

As with the 2005 bonuses, in the case of both of the bonus mechanisms described above for 2006, each officer who receives a bonus will have the option of electing whether to have his or her bonus paid in cash or in shares of the Company's Common Stock pursuant to the terms of the Stock Incentive Plan. The number of shares issued with respect to any bonus that an officer elects to receive in the Company's Common Stock will be determined based on the market value of the Common Stock on the date when such bonus becomes payable.

REPORT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

To the Board of Directors and Shareholders of
CBL & Associates Properties, Inc.:

We have audited the accompanying consolidated balance sheets of CBL & Associates Properties, Inc. and subsidiaries (the "Company") as of December 31, 2005 and 2004, and the related consolidated statements of operations, shareholders' equity, and cash flows for each of the three years in the period ended December 31, 2005. Our audits also included the financial statement schedules listed in the Index at Item 15. These financial statements and financial statement schedules are the responsibility of the Company's management. Our responsibility is to express an opinion on the financial statements and financial statement schedules based on our audits.

We conducted our audits in accordance with the standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, such consolidated financial statements present fairly, in all material respects, the financial position of CBL and Associates Properties, Inc. and subsidiaries as of December 31, 2005 and 2004, and the results of their operations and their cash flows for each of the three years in the period ended December 31, 2005, in conformity with accounting principles generally accepted in the United States of America. Also, in our opinion, such financial statement schedules, when considered in relation to the basic consolidated financial statements taken as a whole, present fairly, in all material respects, the information set forth therein.

We have also audited, in accordance with the standards of the Public Company Accounting Oversight Board (United States), the effectiveness of the Company's internal control over financial reporting as of December 31, 2005, based on the criteria established in Internal Control--Integrated Framework issued by the Committee of Sponsoring Organizations of the Treadway Commission and our report dated March 10, 2006 expressed an unqualified opinion on management's assessment of the effectiveness of the Company's internal control over financial reporting and an unqualified opinion on the effectiveness of the Company's internal control over financial reporting.

NOTE 1. ORGANIZATION

CBL & Associates Properties, Inc. ("CBL"), a Delaware corporation, is a self-managed, self-administered, fully-integrated real estate investment trust ("REIT") that is engaged in the ownership, development, acquisition, leasing, management and operation of regional shopping malls and community shopping centers. CBL's shopping center properties are located in 27 states, but are primarily in the southeastern and midwestern United States.

CBL conducts substantially all of its business through CBL & Associates

Edgar Filing: CBL & ASSOCIATES PROPERTIES INC - Form 10-K

Limited Partnership (the "Operating Partnership"). As of December 31, 2005, the Operating Partnership owned controlling interests in 72 regional malls, 27 associated centers (each located adjacent to a regional mall), seven community centers and CBL's corporate office building. The Operating Partnership consolidates the financial statements of all entities in which it has a controlling financial interest or where it is the primary beneficiary of a variable interest entity. The Operating Partnership owned non-controlling interests in seven regional malls and three associated centers. Because major decisions such as the acquisition, sale or refinancing of principal partnership or joint venture assets must be approved by one or more of the other partners, the Operating Partnership does not control these partnerships and joint ventures and, accordingly, accounts for these investments using the equity method. The Operating Partnership had two mall expansions, two open-air shopping centers, one open-air shopping center expansion, two associated centers, one community center, which is owned in a joint venture, and one community center expansion under construction at December 31, 2005. The Operating Partnership also holds options to acquire certain development properties owned by third parties.

CBL is the 100% owner of two qualified REIT subsidiaries, CBL Holdings I, Inc. and CBL Holdings II, Inc. At December 31, 2005, CBL Holdings I, Inc., the sole general partner of the Operating Partnership, owned a 1.6% general partnership interest in the Operating Partnership and CBL Holdings II, Inc. owned a 52.6% limited partnership interest for a combined interest held by CBL of 54.2%.

The minority interest in the Operating Partnership is held primarily by CBL & Associates, Inc. and its affiliates (collectively "CBL's Predecessor") and by affiliates of The Richard E. Jacobs Group, Inc. ("Jacobs"). CBL's Predecessor contributed their interests in certain real estate properties and joint ventures to the Operating Partnership in exchange for a limited partnership interest when the Operating Partnership was formed in November 1993. Jacobs contributed their interests in certain real estate properties and joint ventures to the Operating Partnership in exchange for a limited partnership interest when the Operating Partnership acquired the majority of Jacobs' interests in 23 properties in January 2001 and the balance of such interests in February 2002. At December 31, 2005, CBL's Predecessor owned a 15.2% limited partnership interest, Jacobs owned a 20.6% limited partnership interest and third parties owned a 10.0% limited partnership interest in the Operating Partnership. CBL's Predecessor also owned 5.6 million shares of CBL's common stock at December 31, 2005, for a combined total interest of 20.1% in the Operating Partnership.

The Operating Partnership conducts CBL's property management and development activities through CBL & Associates Management, Inc. (the "Management Company") to comply with certain requirements of the Internal Revenue Code of 1986, as amended (the "Code"). The Operating Partnership owns 100% of both of the Management Company's preferred stock and its common stock.

CBL, the Operating Partnership and the Management Company are collectively referred to herein as "the Company." All significant intercompany balances and transactions have been eliminated in the consolidated presentation.

At the Company's annual meeting of shareholders on May 9, 2005, the Company's shareholders approved an increase in the authorized shares of the common stock under the Company's amended and restated certificate of

incorporation to 180,000,000 shares from 95,000,000 shares. On May 10, 2005, the Company's board of directors approved a two-for-one stock split of the Company's common stock, which was effected in the form of a stock dividend. The record

Edgar Filing: CBL & ASSOCIATES PROPERTIES INC - Form 10-K

date for the stock split was June 1, 2005, and the distribution date was June 15, 2005. The Company retained the current par value of \$0.01 per share for all shares of common stock. All references to numbers of common shares and per share data in the accompanying consolidated financial statements and notes thereto have been adjusted to reflect the stock split on a retroactive basis. Shareholders' equity reflects the stock split through a reclassification of \$313 from Additional Paid-In Capital to Common Stock, which represents the par value of the additional shares resulting from the stock split.

The Operating Partnership has common units and special common units of limited partner interest outstanding that may be exchanged by their holders, under certain circumstances, for shares of common stock on a one-for-one basis. These common units and special common units were also split on a two-for-one basis so that they continue to be exchangeable on a one-for-one basis into shares of the Company's common stock.

NOTE 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Real Estate Assets

The Company capitalizes predevelopment project costs paid to third parties. All previously capitalized predevelopment costs are expensed when it is no longer probable that the project will be completed. Once development of a project commences, all direct costs incurred to construct the project, including interest and real estate taxes, are capitalized. Additionally, certain general and administrative expenses are allocated to the projects and capitalized based on the amount of time applicable personnel work on the development project. Ordinary repairs and maintenance are expensed as incurred. Major replacements and improvements are capitalized and depreciated over their estimated useful lives.

All acquired real estate assets have been accounted for using the purchase method of accounting and accordingly, the results of operations are included in the consolidated statements of operations from the respective dates of acquisition. The Company allocates the purchase price to (i) tangible assets, consisting of land, buildings and improvements, as if vacant, and tenant improvements, and (ii) identifiable intangible assets and liabilities, generally consisting of above-market leases, in-place leases and tenant relationships, which are included in other assets, and below-market leases, which are included in accounts payable and accrued liabilities. The Company uses estimates of fair value based on estimated cash flows, using appropriate discount rates, and other valuation techniques to allocate the purchase price to the acquired tangible and intangible assets. Liabilities assumed generally consist of mortgage debt on the real estate assets acquired. Assumed debt is recorded at its fair value based on estimated market interest rates at the date of acquisition.

Depreciation is computed on a straight-line basis over estimated lives of 40 years for buildings, 10 to 20 years for certain improvements and 7 to 10 years for equipment and fixtures. Tenant improvements are capitalized and depreciated on a straight-line basis over the term of the related lease. Lease-related intangibles from acquisitions of real estate assets are amortized over the remaining terms of the related leases. The amortization of above- and below-market leases is recorded as an adjustment to minimum rental revenue, while the amortization of all other lease-related intangibles is recorded as amortization expense. Any difference between the face value of the debt assumed and its fair value is amortized to interest expense over the remaining term of the debt using the effective interest method.

Edgar Filing: CBL & ASSOCIATES PROPERTIES INC - Form 10-K

as of December 31, 2005 and 2004, are summarized as follows:

	December 31, 2005		December
	Cost	Accumulated Amortization	Cost
Other assets:			
Above-market leases	\$42,026	\$ (4,921)	\$12,250
In-place leases	72,584	(14,992)	53,850
Tenant relationships	49,796	(53)	--
Accounts payable and accrued liabilities:			
Below-market leases	91,148	(14,816)	38,967

The total net amortization expense of the above acquired intangibles for the next five succeeding years will be \$3,420 in 2006, \$3,236 in 2007, \$3,334 in 2008, \$2,148 in 2009 and \$1,021 in 2010.

Total interest expense capitalized was \$8,385, \$4,517 and \$5,974 in 2005, 2004 and 2003, respectively.

Carrying Value of Long-Lived Assets

The Company evaluates the carrying value of long-lived assets to be held and used when events or changes in circumstances warrant such a review. The carrying value of a long-lived asset is considered impaired when its estimated future undiscounted cash flows are less than its carrying value. If it is determined that an impairment has occurred, the excess of the asset's carrying value over its estimated fair value is charged to operations.

The Company determined that two community centers met the criteria to be reflected as held for sale as of December 31, 2005 and recognized a loss on impairment of \$1,029.

During 2004, the Company recognized a loss of \$114 on the sale of one community center as a loss on impairment of real estate assets.

During 2004, the Company determined that the carrying value of a vacant community center exceeded the community center's estimated fair value by \$402. The Company recorded the reduction in the carrying value of the related real estate assets to their estimated fair value as a loss on impairment of real estate assets. The Company sold this community center in October 2005 and recognized an additional impairment of \$43.

In January 2005, the Company made the decision to sell five community centers and, as a result, recognized an aggregate loss on impairment of real estate assets of \$617 on these community centers in 2004 to reduce the carrying values of these centers to their estimated fair values based on their selling prices.

In January 2005, the Company completed the third phase of the Galileo America joint venture transaction discussed in Note 5. The Company recognized a loss of \$1,947 on this transaction as an impairment of real estate assets in 2004 and reduced the carrying value of the related assets, which were classified as real estate assets held for sale as of December 31, 2004. The Company recognized an additional impairment loss of \$262 in the first quarter of 2005 related to these centers when certain estimated amounts were adjusted when the actual amounts became known.

Edgar Filing: CBL & ASSOCIATES PROPERTIES INC - Form 10-K

There were no impairment charges in 2003.

72

Cash and Cash Equivalents

The Company considers all highly liquid investments with original maturities of three months or less as cash equivalents.

Restricted Cash

Restricted cash of \$34,448 and \$29,337 was included in other assets at December 31, 2005 and 2004, respectively. Restricted cash consists primarily of cash held in escrow accounts for debt service, insurance, real estate taxes, capital improvements and deferred maintenance as required by the terms of certain mortgage notes payable, as well as contributions from tenants to be used for future marketing activities.

Joint Ventures

Initial investments in joint ventures that are in economic substance a capital contribution to the joint venture are recorded in an amount equal to the Company's historical carryover basis in the real estate contributed. Initial investments in joint ventures that are in economic substance the sale of a portion of the Company's interest in the real estate are accounted for as a contribution of real estate recorded in an amount equal to the Company's historical carryover basis in the ownership percentage retained and as a sale of real estate with profit recognized to the extent of the other joint venturers' interests in the joint venture. Profit recognition assumes the Company has no commitment to reinvest with respect to the percentage of the real estate sold and the accounting requirements of the full accrual method under SFAS No. 66 are met.

The Company accounts for its investment in joint ventures where it owns a non-controlling interest using the equity method of accounting. Under the equity method, the Company's cost of investment is adjusted for its share of equity in the earnings of the unconsolidated affiliate and reduced by distributions received. Generally, distributions of cash flows from operations and capital events are first made to partners to pay cumulative unpaid preferences on unreturned capital balances and then to the partners in accordance with the terms of the joint venture agreements.

Any differences between the cost of the Company's investment in an unconsolidated affiliate and its underlying equity as reflected in the unconsolidated affiliate's financial statements generally result from costs of the Company's investment that are not reflected on the unconsolidated affiliate's financial statements, capitalized interest on its investment and the Company's share of development and leasing fees that are paid by the unconsolidated affiliate to the Company for development and leasing services provided to the unconsolidated affiliate during any development periods. At December 31, 2005 and 2004, the difference between the Company's investment in unconsolidated affiliates and the underlying equity of unconsolidated affiliates was \$4,323 and \$18,730, respectively, which is generally amortized over a period of 40 years.

Deferred Financing Costs

Net deferred financing costs of \$10,849 and \$13,509 were included in other

Edgar Filing: CBL & ASSOCIATES PROPERTIES INC - Form 10-K

assets at December 31, 2005 and 2004, respectively. Deferred financing costs include fees and costs incurred to obtain financing and are amortized to interest expense over the terms of the related notes payable. Amortization expense was \$5,031, \$4,390, and \$3,268 in 2005, 2004 and 2003, respectively. Accumulated amortization was \$11,532 and \$7,815 as of December 31, 2005 and 2004, respectively.

73

Revenue Recognition

Minimum rental revenue from operating leases is recognized on a straight-line basis over the initial terms of the related leases. Certain tenants are required to pay percentage rent if their sales volumes exceed thresholds specified in their lease agreements. Percentage rent is recognized as revenue when the thresholds are achieved and the amounts become determinable.

The Company receives reimbursements from tenants for real estate taxes, insurance, common area maintenance, and other recoverable operating expenses as provided in the lease agreements. Tenant reimbursements are recognized as revenue in the period the related operating expenses are incurred. Tenant reimbursements related to certain capital expenditures are billed to tenants over periods of 5 to 15 years and are recognized as revenue when billed.

The Company receives management, leasing and development fees from third parties and unconsolidated affiliates. Management fees are charged as a percentage of revenues (as defined in the management agreement) and are recognized as revenue when earned. Development fees are recognized as revenue on a pro rata basis over the development period. Leasing fees are charged for newly executed leases and lease renewals and are recognized as revenue when earned. Development and leasing fees received from unconsolidated affiliates during the development period are recognized as revenue only to the extent of the third-party partners' ownership interest. Development and leasing fees during the development period to the extent of the Company's ownership interest are recorded as a reduction to the Company's investment in the unconsolidated affiliate.

Gain on Sales of Real Estate Assets

Gains on sales of real estate assets are recognized when it is determined that the sale has been consummated, the buyer's initial and continuing investment is adequate, the Company's receivable, if any, is not subject to future subordination, and the buyer has assumed the usual risks and rewards of ownership of the asset. When the Company has an ownership interest in the buyer, gain is recognized to the extent of the third party partner's ownership interest and the portion of the gain attributable to the Company's ownership interest is deferred.

Income Taxes

The Company is qualified as a REIT under the provisions of the Code. To maintain qualification as a REIT, the Company is required to distribute at least 90% of its taxable income to shareholders and meet certain other requirements.

As a REIT, the Company is generally not liable for federal corporate income taxes. If the Company fails to qualify as a REIT in any taxable year, the Company will be subject to federal and state income taxes on its taxable income at regular corporate tax rates. Even if the Company maintains its qualification as a REIT, the Company may be subject to certain state and local taxes on its income and property, and to federal income and excise taxes on its undistributed

Edgar Filing: CBL & ASSOCIATES PROPERTIES INC - Form 10-K

income. State income taxes were not material in 2005, 2004 and 2003.

The Company has also elected taxable REIT subsidiary status for some of its subsidiaries. This enables the Company to receive income and provide services that would otherwise be impermissible for REITs. For these entities, deferred tax assets and liabilities are established for temporary differences between the financial reporting basis and the tax basis of assets and liabilities at the enacted tax rates expected to be in effect when the temporary differences reverse. A valuation allowance for deferred tax assets is provided if the Company believes all or some portion of the deferred tax asset may not be realized. An increase or decrease in the valuation allowance that results from the change in circumstances that causes a change in our judgment about the realizability of the related deferred tax asset is included in income. The Company had a net deferred tax asset of \$1,541 and \$16,636 at December 31, 2005 and 2004, respectively, which consisted primarily of net operating loss

74

carryforwards, that were reduced to zero by a valuation allowance because of uncertainty about the realization of the net deferred tax asset considering all available evidence.

Derivative Financial Instruments

The Company records derivative financial instruments as either an asset or liability measured at the instrument's fair value. Any fair value adjustments affect either shareholders' equity or net income depending on whether the derivative instrument qualifies as a hedge for accounting purposes and, if so, the nature of the hedging activity. See Note 15 for more information.

Concentration of Credit Risk

The Company's tenants include national, regional and local retailers. Financial instruments that subject the Company to concentrations of credit risk consist primarily of tenant receivables. The Company generally does not obtain collateral or other security to support financial instruments subject to credit risk, but monitors the credit standing of tenants.

The Company derives a substantial portion of its rental income from various national and regional retail companies; however, no single tenant collectively accounted for more than 10.0% of the Company's total revenues in 2005, 2004 and 2003.

Earnings Per Share

Basic earnings per share ("EPS") is computed by dividing net income available to common shareholders by the weighted average number of unrestricted common shares outstanding for the period. Diluted EPS assumes the issuance of common stock for all potential dilutive common shares outstanding. The limited partners' rights to convert their minority interest in the Operating Partnership into shares of common stock are not dilutive (Note 9). The following summarizes the impact of potential dilutive common shares on the denominator used to compute earnings per share:

Year Ended December 31,	
2005	2004

Edgar Filing: CBL & ASSOCIATES PROPERTIES INC - Form 10-K

Weighted average shares	63,004	61,878
Effect of nonvested stock awards	(283)	(276)
Denominator - basic earnings per share	62,721	61,602

Nonvested stock awards	223	232
Deemed shares related to deferred compensation arrangements	195	200
Denominator - diluted earnings per share	64,880	64,004

Stock-Based Compensation

Historically, the Company accounted for its stock-based compensation plans, which are described in Note 19, under the recognition and measurement principles of Accounting Principles Board Opinion No. 25 "Accounting for Stock Issued to Employees" ("APB No. 25") and related interpretations. Effective January 1, 2003, the Company elected to begin recording the expense associated with stock options granted after January 1, 2003, on a prospective basis in accordance with the fair value and transition provisions of SFAS No. 123, "Accounting for Stock-Based Compensation", as amended by SFAS No. 148, "Accounting for Stock-Based Compensation - Transition and Disclosure - An Amendment of FASB Statement No. 123." There were no stock options granted during 2005, 2004 and 2003.

No stock-based compensation expense related to stock options granted prior to January 1, 2003, has been reflected in net income since all options granted had an exercise price equal to the fair value of the Company's common stock on the date of grant. Therefore, stock-based compensation expense included in net

75

income available to common shareholders in 2005, 2004 and 2003 is less than that which would have been recognized if the fair value method had been applied to all stock-based awards since the effective date of SFAS No. 123. The following table illustrates the effect on net income and earnings per share if the Company had applied the fair value recognition provisions of SFAS No. 123 to all outstanding and unvested awards in each period:

	Year Ended December 31,	
	2005	2004

Comprehensive Income

Comprehensive income includes all changes in shareholders' equity during the period, except those resulting from investments by shareholders and distributions to shareholders.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements, and the reported amounts of revenues and expenses during the reported period. Actual results could differ from those estimates.

Recent Accounting Pronouncements

In December 2004, the FASB issued Statement of Financial Accounting Standards ("SFAS") No. 153, "Exchanges of Nonmonetary Assets, an amendment of APB No. 29, Accounting for Nonmonetary Transactions." SFAS No. 153 requires exchanges of productive assets to be accounted for at fair value, rather than at carryover basis, unless (1) neither the asset received nor the asset surrendered has a fair value that is determinable within reasonable limits or (2) the transactions lack commercial substance. SFAS No. 153 became effective for nonmonetary asset exchanges occurring in fiscal periods that began after June 15, 2005. See Note 5.

In December 2004, the FASB released its final revised standard, SFAS No. 123 (Revised 2004), "Share-Based Payment." SFAS No. 123(R) requires that a public entity measure the cost of equity-based service awards based on the grant-date fair value of the award. That cost will be recognized over the period during which an employee is required to provide service in exchange for the award or the vesting period. No compensation cost is recognized for equity instruments for which employees do not render the requisite service. In April 2005, the Securities and Exchange Commission issued a Staff Accounting Bulletin to modify the effective date so that SFAS No. 123(R) can be adopted beginning with the first interim reporting period of the next fiscal year beginning after June 15, 2005, instead of the first interim period beginning after June 15, 2005. The Company previously adopted the fair value provisions of SFAS No. 123 as amended by SFAS No. 148 effective January 1, 2003. The Company will adopt SFAS No. 123(R) on January 1, 2006, using a modified prospective application. The Company estimates that this will result in the recognition of additional

compensation expense of approximately \$310 and \$91 during the years ending December 31, 2006 and 2007, respectively, which represents the unamortized deferred compensation expense associated with all remaining stock options that were not vested as of December 31, 2005.

Edgar Filing: CBL & ASSOCIATES PROPERTIES INC - Form 10-K

In May 2005, the FASB issued SFAS No. 154 entitled, "Accounting Changes and Error Corrections," which will be effective in the first quarter of fiscal year 2006. This statement addresses the retrospective application of such changes and corrections and the Company will follow the provision of this standard in the event of any future accounting changes.

In June 2005, the FASB issued Emerging Issues Task Force ("EITF") Issue No. 04-05, "Determining Whether a General Partner, or the General Partners as a Group, Controls a Limited Partnership or Similar Entity When the Limited Partners Have Certain Rights." EITF Issue No. 04-05 provides a framework for determining whether a general partner controls, and should consolidate, a limited partnership or a similar entity. EITF Issue No. 04-05 is effective after June 29, 2005, for all newly formed limited partnerships and for any pre-existing limited partnerships that modify their partnership agreements after that date. General partners of all other limited partnerships are required to apply the consensus no later than the beginning of the first reporting period in fiscal years beginning after December 15, 2005. The Company does not expect that the adoption of EITF Issue No. 04-05 will have a material impact on its financial position, results of operations or cash flows.

In June 2005, the FASB issued FASB Staff Position ("FSP") 78-9-1, "Interaction of AICPA Statement of Position 78-9 and EITF Issue No. 04-05." The EITF acknowledged that the consensus in EITF Issue No. 04-05 conflicts with certain aspects of Statement of Position ("SOP") 78-9, "Accounting for Investments in Real Estate Ventures." The EITF agreed that the assessment of whether a general partner, or the general partners as a group, controls a limited partnership should be consistent for all limited partnerships, irrespective of the industry within which the limited partnership operates. Accordingly, the guidance in SOP 78-9 was amended in FSP 78-9-1 to be consistent with the guidance in EITF Issue No. 04-05. The effective dates for this FSP are the same as those for EITF Issue No. 04-05 described above. The Company does not expect that the adoption of FSP 78-9-1 will have a material impact on its financial position, results of operations or cash flows.

In March 2005, the FASB issued Interpretation No. 47 ("FIN 47"), "Accounting for Conditional Asset Retirement Obligations," which clarifies the accounting for conditional asset retirement obligations as used in SFAS No. 143, "Accounting for Asset Retirement Obligations." A conditional asset retirement obligation is an unconditional legal obligation to perform an asset retirement activity in which the timing and (or) method of settlement are conditional on a future event that may or may not be within the control of the entity. Therefore, an entity is required to recognize a liability for the fair value of a conditional asset retirement obligation under SFAS No. 143 if the fair value of the liability can be reasonably estimated. FIN 47 permits, but does not require, restatement of interim financial information. The provisions of FIN 47 are effective for reporting periods ending after December 15, 2005. In accordance with the transition provisions of FIN 47, the Company recorded an asset of \$1,906 and a liability of \$2,358 related to conditional asset retirement obligations as of December 31, 2005. The difference between the amounts of the asset and liability of \$452 was recognized as maintenance and repairs expense in the accompanying consolidated statement of operations for the year ended December 31, 2005. Had the Company applied the provisions of FIN 47 retroactively, the liability for conditional asset retirement obligations would have been \$2,254, \$2,153 and \$2,057 at December 31, 2004, 2003 and January 1, 2003, respectively.

Reclassifications

Certain prior period amounts in the consolidated statements of operations have been reclassified to present marketing fund revenues and expenses on a gross basis in accordance with Emerging Issues Task Force Issue No. 99-19, "Reporting Revenue Gross as a Principal versus Net as an Agent." As a result,

Edgar Filing: CBL & ASSOCIATES PROPERTIES INC - Form 10-K

the following amounts in the consolidated statements of operations have changed from the previously reported amounts for the years ended December 31, 2004 and 2003: tenant reimbursements have increased by \$27,281 and \$25,884, respectively,

77

other revenues have decreased by \$3,093 and \$0, respectively, and property operating expenses have increased by \$24,188 and \$25,884, respectively. This reclassification did not change previously reported amounts of net income available to common shareholders.

NOTE 3. ACQUISITIONS

The Company includes the results of operations of real estate assets acquired in the consolidated statement of operations from the date of the related acquisition.

2005 Acquisitions

Effective June 1, 2005, the Company acquired a 70% joint venture interest in Laurel Park Place, a regional mall in Livonia, MI, for a purchase price of \$80,363. The purchase price consisted of \$2,828 in cash, the assumption of \$50,654 of non-recourse debt that bears interest at a stated rate of 8.50% and matures in December 2012 and the issuance of 571,700 Series L special common units (the "L-SCUs") in the Operating Partnership with a fair value of \$26,881. The Company recorded a debt premium of \$10,552, computed using an estimated market interest rate of 5.00%, since the debt assumed was at an above-market interest rate compared to similar debt instruments at the date of acquisition. The terms of the L-SCUs are described in Note 9.

The Company may elect to acquire the remaining 30% ownership interest in the joint venture, or a portion thereof, at any time following the acquisition date for a purchase price of \$14,000, which will be paid either through the issuance of common units of limited partner interest in the Operating Partnership or with cash, at the Company's election. If the Company exercises its right to acquire the remaining 30% joint venture interest, or a portion thereof, prior to December 2012 through the issuance of common units, the common units issued will not be entitled to receive distributions until after December 2012. If the Company does not exercise its right to acquire the remaining 30% joint venture interest by December 2012, then the joint venture partner owning that interest will thereafter receive a preferred return equal to the greater of 12% or the 10-year treasury rate plus 800 basis points on the portion of its joint venture interest that has not yet been acquired by the Company. The Company receives all of the profits and losses of this joint venture and is responsible for all of its debt. The \$14,000 value of the minority partner's interest has been recorded in Accounts Payable and Accrued Liabilities.

On July 14, 2005, the Company acquired The Mall of Acadiana, a super-regional mall in Lafayette, LA, for a cash purchase price, including transaction costs, of \$175,204. The Company also entered into 10-year lease agreements for 13.4 acres of land adjacent to The Mall of Acadiana, which provide the Company the right to purchase the land for a cash purchase price of \$3,327 during the first year of the lease term, \$3,510 during the second year and amounts increasing by 10% per year for each year of the lease term thereafter. After the first year, the seller may put the land to the Company for a price equal to the amounts set forth in the previous sentence. The Company also obtained a ten-year option to acquire another adjacent 14.9 acre tract of land for a cash purchase price of \$3,245 during the first six months of the option, which increases to \$3,407 during the second six months of the option and to \$3,570 during the remaining nine years of the option.

Edgar Filing: CBL & ASSOCIATES PROPERTIES INC - Form 10-K

On November 7, 2005, the Company acquired Layton Hills Mall in Salt Lake City, UT, for a cash purchase price, including transaction costs, of \$120,926. The Company funded a portion of the purchase price with a new, short-term loan of \$102,850 that bears interest at the London Interbank Offered Rate ("LIBOR") plus 95 basis points and has a maturity of March 2006 plus a 60-day extension option. The Company intends to retire or refinance this short-term loan.

On November 16, 2005, the Company acquired Oak Park Mall in Overland, KS, Hickory Point Mall in Forsyth, IL, and Eastland Mall in Bloomington, IL, for a purchase price, including transaction costs, of \$508,180, which consisted of \$127,111 in cash, the assumption of \$335,100 of interest-only, non-recourse loans that bear interest at a stated rate of 5.85% and mature in November 2015 and the issuance of 1,144,924 Series K special common units (the "K-SCUs") of

78

limited partner interest in the Operating Partnership with a fair value of \$45,969. The Company funded part of the cash portion of the purchase price with a new, non-recourse loan of \$33,150 that bears interest at 5.85% and matures in November 2015. The terms of the K-SCUs are described in Note 9.

The results of operations of the acquired properties have been included in the consolidated financial statements since their respective dates of acquisition. In September 2004, Mall of South Carolina L.P. obtained a long-term, non-recourse, fixed-rate mortgage loan totaling \$118,000. The loan is comprised of a \$100,000 A-note to a financial institution that bears interest at 5.09%, which matures in September 2014, and two 10-year B-notes of \$9,000 each that bear interest at 7.75% and mature in September 2014. The Company and its third party partner in Mall of South Carolina L.P. each hold one of the B-notes. The total net proceeds from these loans were used to retire \$80,493 of outstanding borrowings under the construction loan that partially financed the development of Coastal Grand-Myrtle Beach.

In September 2005, Imperial Valley Mall L.P. obtained a ten-year, non-recourse mortgage note payable of \$60,000 that has a fixed interest rate of 4.985% and matures in September 2015. The proceeds of the loan were used to retire the outstanding borrowings of \$58,265 under the construction loan that was incurred to develop Imperial Valley Mall.

On November 16, 2005, the Company formed a 50/50 joint venture with Jacobs to own Triangle Town Center and its associated and lifestyle centers, Triangle Town Place and Triangle Town Commons, in Raleigh, NC. The Company assumed management, leasing and any future development responsibilities of the properties.

84

Jacobs' initial contribution consisted of the three shopping centers and the Company made an initial cash contribution of \$1,560. Concurrent with its formation, the joint venture entered into a new ten-year, fixed rate non-recourse loan of \$200,000, secured by the collective centers. The proceeds from the loan were used to retire an existing construction loan totaling \$121,828 and the balance was paid to Jacobs as a partial return of Jacobs' equity. The joint venture equity will be equalized between Jacobs and the Company through future contributions by the Company and through property cash flow distributions.

Under the terms of the joint venture agreement, the Company is required to fund any additional equity necessary for capital expenditures, including future development or expansion of the property, and any operating deficits of the joint venture. The Company has guaranteed funding of such items up to a maximum of \$50,000. The joint venture's profits are allocated 50/50 to Jacobs and the Company. The Company receives a preferred return on its invested capital in the joint venture and will, after payment of such preferred return and repayment of the Company's invested capital, and repayment of the balance of Jacobs' equity, share equally with Jacobs in the joint venture's cash flows.

Galileo America Joint Venture

On September 24, 2003, the Company formed Galileo America LLC ("Galileo America"), a joint venture with Galileo America, Inc., the U.S. affiliate of Australia-based Galileo America Shopping Trust, to invest in community centers throughout the United States. The arrangement provided for the Company to sell, in three phases, its interests in 51 community centers for a total price of \$516,000 plus a 10% interest in Galileo America.

The first phase of the transaction closed on October 23, 2003, when the Company sold its interests in 41 community centers to Galileo America for \$393,925, which consisted of \$250,705 in cash, the retirement of \$24,922 of debt on one of the community centers, a note receivable of \$4,813, Galileo America's assumption of \$93,037 in debt and \$20,448 representing the Company's 10% interest in Galileo America. The Company used the net proceeds to fund escrow amounts used in like-kind exchange acquisitions and to reduce outstanding

Edgar Filing: CBL & ASSOCIATES PROPERTIES INC - Form 10-K

borrowings under the Company's credit facilities. The Company recognized a gain of \$71,886 from the first phase and recorded its investment in Galileo America at the carryover basis of the real estate assets contributed for its 10% interest. The note receivable was paid subsequent to December 31, 2003.

The second phase of the Galileo America transaction closed on January 5, 2004, when the Company sold its interest in six community centers for \$92,375, which consisted of \$62,687 in cash, the retirement of \$25,953 of debt on one of the community centers, the joint venture's assumption of \$2,816 of debt and closing costs of \$919. The real estate assets and related mortgage notes payable of the properties in the second phase were reflected as held for sale from October 23, 2003, the date that it was determined these assets met the criteria to be reflected as held for sale. There was no depreciation expense recorded on these assets subsequent to October 23, 2003.

The Company sold a community center expansion to Galileo America during September 2004 for \$3,447 in cash. The Company recognized gain of \$1,316 to the extent of the third party partner's ownership interest and recorded an investment of \$147 in Galileo America at the carryover basis of the real estate assets contributed for its 10% interest.

In October 2004, the Company sold its interests in one community center to Galileo America for a purchase price of \$17,900, which consisted of \$2,900 in cash, Galileo America's assumption of \$10,500 of debt and a limited partnership interest in Galileo America, Inc. The community center was originally scheduled to be included in the third phase of the transaction that closed in January 2005. The Company recognized a gain of \$2,840 on the sale of this property and recorded an investment of \$3,820 in Galileo America at the carryover basis of the real estate assets contributed for its 10% interest in this property.

85

The third phase of the joint venture closed on January 5, 2005, when the Company sold its interests in two power centers, one community center and one community center expansion to Galileo America for \$58,600, which consisted of \$42,529 in cash, the joint venture's assumption of \$12,141 of debt, \$3,596 representing the Company's interest in Galileo America and closing costs of \$334. The real estate assets and related mortgage notes payable of the properties in the third phase were reflected as held for sale as of January 1, 2004, the date that it was determined these assets met the criteria to be reflected as held for sale. The Company did not record any depreciation expense on these assets during 2004. The Company recognized a loss on impairment of real estate assets of \$1,947 in December 2004 and an additional loss on impairment of real estate assets of \$262 during the year ended December 31, 2005 related to the properties included in the third phase.

The Company, as tenant, entered into separate master lease agreements with Galileo America, as landlord, covering certain spaces in certain of the properties sold to the joint venture. Under each master lease agreement, the Company was obligated to pay Galileo America an agreed-upon minimum annual rent, plus a pro rata share of common area maintenance expenses and real estate taxes, for each designated space for a term of five years from the applicable property's closing date. Two properties in the first phase and one in the second phase were subject to master lease agreements. The Company had a liability of \$3,789 at December 31, 2004 for the amounts to be paid over the remaining terms of the master lease obligations. During 2005, 2004 and 2003, the Company recognized gain of \$2,505, \$7,206 and \$0, respectively, as a result of being relieved of its obligation under the master lease arrangements as spaces were leased to third parties.

The Company also received \$8,000 of additional contingent consideration

Edgar Filing: CBL & ASSOCIATES PROPERTIES INC - Form 10-K

since, as the exclusive manager of the properties, it achieved certain leasing objectives related to spaces that were vacant, or projected to soon be vacant, at the time the first phase closed. The Company earned \$4,167 in 2004 for leasing objectives that were met during 2004, of which \$3,750 was recognized as gain on sales of real estate assets and \$417, representing the portion attributable to the Company's ownership interest, was recorded as a reduction of the Company's investment in Galileo America. In 2003, the Company earned \$3,833 for leasing objectives that were met as of December 31, 2003, of which \$3,450 was recognized as gain on sales of real estate assets and \$383, representing the portion attributable to the Company's 10% ownership interest, was recorded as a reduction of the Company's investment in Galileo America.

On August 10, 2005, the Company transferred all of its 8.4% ownership interest in Galileo America to Galileo America in exchange for Galileo America's interest in two community centers: Springdale Center in Mobile, AL, and Wilkes-Barre Township Marketplace in Wilkes-Barre Township, PA. The two properties had a fair value of \$60,000. The Company recognized a gain of \$42,022, in accordance with SFAS No. 153, on the redemption of its interest in Galileo America, which represents the excess of the fair value of the two properties over the carrying amount of the Company's investment in Galileo America of \$17,978. The Company has the right to put the two properties to Galileo America for \$60,000 in cash at any time for one year following the redemption, as well as additional property at Springdale Center that the Company currently holds in a ground lease for \$3,000 in cash. The Company also entered into an agreement to provide advisory services to Galileo America for a period of three years in exchange for \$1,000 per year. The Company recorded a loss on impairment during 2005 related to these properties, which is discussed in Note 4.

The Company sold its management and advisory contracts with Galileo America to New Plan Excel Realty Trust, Inc. ("New Plan") for \$22,000 in cash and, after reductions for closing costs, recognized a gain of \$21,619 during 2005. The Company also transferred its remaining obligations of \$3,818 under the master lease agreement to New Plan by paying New Plan a cash payment of \$1,925. The Company recognized a gain of \$1,893 during 2005 as a result of the settlement of the remaining master lease liability.

New Plan retained the Company to manage nine properties that Galileo America had recently acquired from a third party for a term of 17 years beginning on the third anniversary of the closing and will pay the Company a management fee of \$1,000 per year. At any time after November 22, 2007, New Plan

may terminate the agreement by paying the Company a termination fee of \$7,000. The Company will recognize management fee income beginning on the third anniversary of the closing as it provides services under the management contract. If and when New Plan should terminate the management agreement with the Company, the Company will recognize the \$7,000 termination fee as gain.

Separately, Galileo America entered into an agreement to acquire New Plan's interest in a portfolio of properties. Under the terms of its agreement with Galileo America, the Company received an acquisition fee of \$8,000 related to that transaction, which was recognized as management fee revenues during 2005.

As a result of the disposition of its ownership interest in Galileo America and the sale of the related management and advisory contracts, the Company recorded additional compensation expense of \$1,301 in 2005 related to the severance of affected personnel, including \$736 related to the accelerated vesting of stock-based compensation awards for certain affected personnel.

Consolidated Joint Ventures

In April 2005, the Company formed a joint venture with Jacobs to develop Gulf Coast Town Center in Lee County (Ft. Myers/Naples), Florida. Under the terms of the joint venture agreement, the Company initially contributed \$40,335 for a 50% interest in the joint venture, the proceeds of which were used to refund the aggregate acquisition and development costs incurred with respect to the project that were previously paid by Jacobs. The Company must also provide any additional equity necessary to fund the development of the property, as well as to fund up to an aggregate of \$30,000 of operating deficits of the joint venture. The Company receives a preferred return of 11% on its invested capital in the joint venture and will, after payment of such preferred return and repayment of the Company's invested capital, share equally with Jacobs in the joint venture's profits.

The joint venture arrangement provides the Company with the right to put its 50% ownership interest to Jacobs if certain approvals of tenants and government entities that are required for the continued development of the project are not obtained by the second anniversary of the joint venture agreement. The put right provides that Jacobs will acquire the Company's 50% ownership interest for an amount equal to the total unreturned equity funded by the Company plus any accrued and unpaid preferred return on that equity.

The Company determined that the joint venture is a variable interest entity in which it is the primary beneficiary in accordance with FASB Interpretation No. 46(R), "Consolidation of Variable Interest Entities." At December 31, 2005, this joint venture had total assets of \$73,885 and a recourse term loan of \$42,020.

Non-recourse and recourse term loans include loans that are secured by properties owned by the Company that have a net carrying value of \$4,709,032 at

Edgar Filing: CBL & ASSOCIATES PROPERTIES INC - Form 10-K

December 31, 2005.

Fixed-Rate Debt

At December 31, 2005, fixed-rate loans bear interest at stated rates ranging from 4.52% to 10.125%. Outstanding borrowings under fixed-rate loans include unamortized debt premiums of \$42,187 that were recorded when the Company assumed debt to acquire real estate assets that was at an above-market interest rate compared to similar debt instruments at the date of acquisition. Fixed-rate loans generally provide for monthly payments of principal and/or interest and mature at various dates from March 2007 through April 2016, with a weighted average maturity of 6.1 years.

Variable-Rate Debt

Recourse term loans bear interest at variable interest rates indexed to the prime lending rate or LIBOR. At December 31, 2005, interest rates on recourse loans varied from 5.29% to 5.375%. These loans mature at various dates from March 2006 to June 2006, with a weighted average maturity of 0.5 years.

Unsecured Line of Credit

In September 2005, the Company increased the availability under its unsecured credit facility from \$400,000 to \$500,000. This credit facility bears interest at LIBOR plus a margin of 90 to 145 basis points based on the Company's leverage, as defined in the agreement. The credit facility matures in August 2006 and has three one-year extension options, which are at the Company's election. At December 31, 2005, the outstanding borrowings of \$278,000 under the credit facility had a weighted average interest rate of 5.29%.

Secured Lines of Credit

The Company has four secured lines of credit that are used for construction, acquisition, and working capital purposes. The following summarizes certain information about the secured lines of credit as of December 31, 2005:

Total Available	Total Outstanding	Maturity Date
\$ 373,000	\$ 358,150	February 2006
100,000	52,135	June 2007
20,000	1,000	March 2007
10,000	1,000	April 2007
\$ 503,000	\$ 412,285	

The secured lines of credit are secured by 21 of the Company's properties, which had an aggregate net carrying value of \$476,839 at December 31, 2005. Borrowings under the secured lines of credit had a weighted average interest rate of 5.29% at December 31, 2005.

Letters of Credit

At December 31, 2005, the Company had additional secured lines of credit with a total commitment of \$27,123 that can only be used for issuing letters of credit. The total amount outstanding under these lines of credit was \$22,143 at

Edgar Filing: CBL & ASSOCIATES PROPERTIES INC - Form 10-K

December 31, 2005.

Covenants and Restrictions

The secured and unsecured line of credit agreements contain, among other restrictions, certain financial covenants including the maintenance of certain financial coverage ratios, minimum net worth requirements, and limitations on cash flow distributions. Additionally, certain property-specific mortgage notes

88

payable require the maintenance of debt service coverage ratios on their respective properties. The Company was in compliance with all covenants and restrictions at December 31, 2005.

Twenty-three malls, five associated centers, two community centers and the corporate office building are owned by special purpose entities that are included in the Company's consolidated financial statements. The sole business purpose of the special purpose entities is to own and operate these properties, each of which is encumbered by a commercial-mortgage-backed-securities loan. The real estate and other assets owned by these special purpose entities are restricted under the loan agreements in that they are not available to settle other debts of the Company. However, so long as the loans are not under an event of default, as defined in the loan agreements, the cash flows from these properties, after payments of debt service, operating expenses and reserves, are available for distribution to the Company.

Debt Maturities

As of December 31, 2005, the scheduled principal payments on all mortgage and other notes payable, including construction loans and lines of credit, are as follows:

2006	\$1,033,398
2007	231,223
2008	430,520
2009	387,013

Thereafter	1,765,379

	4,298,868
Net unamortized premiums	42,187

	\$4,341,055
	=====

Of the \$1,033,398 of scheduled principal payments in 2006, \$978,720 is related to loans that are scheduled to mature in 2006. In January 2006, the Company extended the maturity of \$358,150 of this debt to 2009. The Company has extension options in place for \$509,170 of these loans that will extend their scheduled maturities to 2007. The Company intends to retire or refinance the remaining loans of \$111,400.

NOTE 7. LOSS ON EXTINGUISHMENT OF DEBT

NOTE 8. SHAREHOLDERS' EQUITY

Common Stock Repurchase Plan

In November 2005, the Company's board of directors approved a plan to repurchase up to \$60,000 of the Company's common stock by December 31, 2006. The Company had repurchased 1,371,034 shares of its common stock as of December 31, 2005 for a total of \$54,998, or a weighted average cost of \$40.11 per share. The Company does not intend to repurchase any additional shares subsequent to December 31, 2005. The Company had a payable of \$6,706 at December 31, 2005, related to repurchased common stock.

Preferred Stock

In June 1998, the Company issued 2,875,000 shares of 9.0% Series A Cumulative Redeemable Preferred Stock (the "Series A Preferred Stock") with a liquidation preference of \$25.00 per share in a public offering. In June 2002, the Company purchased 200,000 shares of the Series A Preferred Stock for \$5,093. On November 28, 2003, the Company redeemed the remaining 2,675,000 outstanding shares of the Series A Preferred Stock at its liquidation preference of \$25.00 per share plus accrued and unpaid dividends. In connection with the redemption of the Series A Preferred Stock, the Company recorded a charge of \$2,181 to write-off direct issuance costs that were recorded as a reduction of additional paid-in capital when the Series A Preferred Stock was issued. The charge is included in preferred dividends in the accompanying consolidated statement of operations.

In June 2002, the Company completed an offering of 2,000,000 shares of 8.75% Series B Cumulative Redeemable Preferred Stock (the "Series B Preferred Stock"), having a par value of \$.01 per share, at its liquidation preference of \$50.00 per share. The net proceeds of \$96,370 were used to reduce outstanding balances under the Company's credit facilities and to retire term loans on several properties. The dividends on the Series B Preferred Stock are cumulative and accrue from the date of issue and are payable quarterly in arrears at a rate of \$4.375 per share per annum. The Series B Preferred Stock has no stated maturity, is not subject to any sinking fund or mandatory redemption, and is not convertible into any other securities of the Company. The Series B Preferred Stock cannot be redeemed by the Company prior to June 14, 2007. After that date, the Company may redeem shares, in whole or in part, at any time for a cash redemption price of \$50.00 per share plus accrued and unpaid dividends.

Edgar Filing: CBL & ASSOCIATES PROPERTIES INC - Form 10-K

On August 22, 2003, the Company issued 4,600,000 depository shares in a public offering, each representing one-tenth of a share of 7.75% Series C Cumulative Redeemable Preferred Stock (the "Series C Preferred Stock") with a par value of \$0.01 per share. The Series C Preferred Stock has a liquidation preference of \$250.00 per share (\$25.00 per depository share). The dividends on the Series C Preferred Stock are cumulative, accrue from the date of issuance and are payable quarterly in arrears at a rate of \$19.375 per share (\$1.9375 per depository share) per annum. The Series C Preferred Stock has no stated maturity, is not subject to any sinking fund or mandatory redemption, and is not convertible into any other securities of the Company. The Series C Preferred Stock cannot be redeemed by the Company prior to August 22, 2008. After that date, the Company may redeem shares, in whole or in part, at any time for a cash redemption price of \$250.00 per share (\$25.00 per depository share) plus accrued and unpaid dividends. The net proceeds of \$111,227 were used to partially fund certain acquisitions discussed in Note 3 and to reduce outstanding borrowings on the Company's credit facilities.

On December 13, 2004, the Company issued 7,000,000 depository shares in a public offering, each representing one-tenth of a share of 7.375% Series D Cumulative Redeemable Preferred Stock (the "Series D Preferred Stock") with a par value of \$0.01 per share. The Series D Preferred Stock has a liquidation preference of \$250.00 per share (\$25.00 per depository share). The dividends on the Series D Preferred Stock are cumulative, accrue from the date of issuance and are payable quarterly in arrears at a rate of \$18.4375 per share (\$1.84375 per depository share) per annum. The Series D Preferred Stock has no stated maturity, is not subject to any sinking fund or mandatory redemption, and is not convertible into any other securities of the Company. The Series D Preferred

90

Stock cannot be redeemed by the Company prior to December 13, 2009. After that date, the Company may redeem shares, in whole or in part, at any time for a cash redemption price of \$250.00 per share (\$25.00 per depository share) plus accrued and unpaid dividends. The net proceeds of \$169,333 were used to reduce outstanding borrowings on the Company's credit facilities.

Holders of each series of preferred stock will have limited voting rights if dividends are not paid for six or more quarterly periods and in certain other events.

NOTE 9. MINORITY INTERESTS

Minority interests represent (i) the aggregate partnership interest in the Operating Partnership that is not owned by the Company and (ii) the aggregate ownership interest in 18 of the Company's shopping center properties that is held by third parties.

Minority Interest in Operating Partnership

The minority interest in the Operating Partnership is represented by common units and special common units of limited partnership interest in the Operating Partnership (the "Operating Partnership Units") that the Company does not own.

The assets and liabilities allocated to the Operating Partnership's minority interests are based on their ownership percentage of the Operating Partnership at December 31, 2005 and 2004. The ownership percentage is determined by dividing the number of Operating Partnership Units held by the minority interests at December 31, 2005 and 2004 by the total Operating Partnership Units outstanding at December 31, 2005 and 2004, respectively. The minority interest ownership percentage in assets and liabilities of the

Edgar Filing: CBL & ASSOCIATES PROPERTIES INC - Form 10-K

Operating Partnership was 45.8% and 45.0% at December 31, 2005 and 2004, respectively.

Income is allocated to the Operating Partnership's minority interests based on their weighted average ownership during the year. The ownership percentage is determined by dividing the weighted average number of Operating Partnership Units held by the minority interests by the total weighted average number of Operating Partnership Units outstanding during the year.

A change in the number of shares of common stock or Operating Partnership Units changes the percentage ownership of all partners of the Operating Partnership. An Operating Partnership Unit is considered to be equivalent to a share of common stock since it generally is redeemable for cash or shares of the Company's common stock. As a result, an allocation is made between shareholders' equity and minority interest in the Operating Partnership in the accompanying balance sheet to reflect the change in ownership of the Operating Partnership's underlying equity when there is a change in the number of shares and/or Operating Partnership Units outstanding. During 2005 and 2004, the Company allocated \$37,157 and \$12,661, respectively, from minority interest to shareholders' equity. In 2003, the Company allocated \$11,759 from shareholders' equity to minority interest.

The total minority interest in the Operating Partnership was \$596,803 and \$554,629 at December 31, 2005 and 2004, respectively.

Minority Interest in Operating Partnership-Conversion Rights

Under the terms of the Operating Partnership's limited partnership agreement, each of the limited partners has the right to exchange all or a portion of its partnership interests for shares of CBL's common stock or, at CBL's election, their cash equivalent. When an exchange occurs, CBL assumes the limited partner's ownership interests in the Operating Partnership. The number of shares of common stock received by a limited partner of the Operating Partnership upon exercise of its exchange rights will be equal, on a one-for-one basis, to the number of Operating Partnership Units exchanged by the limited

91

partner. The amount of cash received by the limited partner, if CBL elects to pay cash, will be based on the five-day trailing average of the trading price at the time of exercise of the shares of common stock that would otherwise have been received by the limited partner in the exchange. Neither the limited partnership interests in the Operating Partnership nor the shares of common stock of CBL are subject to any right of mandatory redemption.

As of January 31, 2004, holders of 26,318,804 Series J special common units ("J-SCUs") may exchange them for shares of common stock or cash. The J-SCUs received a minimum distribution of \$1.45125 per unit per year until the distribution on the common units exceeded \$1.45125 per unit per year during 2004. The J-SCUs now receive a distribution equal to that paid on the common units.

In July 2004, the Company issued 1,560,940 S-SCUs in connection with the acquisition of Monroeville Mall, which is discussed in Note 3. The S-SCUs receive a minimum distribution of \$2.53825 per unit per year for the first three years, and a minimum distribution of \$2.92875 per unit per year thereafter.

In June 2005, the Company issued 571,700 L-SCUs in connection with the acquisition of Laurel Park Place, which is discussed in Note 3. The L-SCUs receive a minimum distribution of \$0.7575 per unit per quarter (\$3.03 per unit

Edgar Filing: CBL & ASSOCIATES PROPERTIES INC - Form 10-K

per year). Upon the earlier to occur of June 1, 2020, or when the distribution on the common units exceeds \$0.7575 per unit for four consecutive calendar quarters, the L-SCUs will thereafter receive a distribution equal to the amount paid on the common units.

In November 2005, the Company issued 1,144,924 K-SCUs in connection with the acquisition of Oak Park Mall, Eastland Mall and Hickory Point Mall, which is discussed in Note 3. The K-SCUs receive a dividend at a rate of 6.0%, or \$2.85 per K-SCU, for the first year following the close of the transaction and 6.25%, or \$2.96875 per K-SCU, thereafter. When the quarterly distribution on the Operating Partnership's common units exceeds the quarterly K-SCU distribution for four consecutive quarters, the K-SCUs will receive distributions at the rate equal to that paid on the Operating Partnership's common units. At any time following the first anniversary of the closing date, the holders of the K-SCUs may exchange them, on a one-for-one basis, for shares of the Company's common stock or, at the Company's election, their cash equivalent.

The Company issued 237,390 common units in connection with the acquisition of Panama City Mall in 2002. These common units receive a minimum annual dividend of \$1.6875 per unit until May 2012. When the distribution on the common units exceeds \$1.6875 per unit, these common units will receive a distribution equal to that paid on the common units. Additionally, if the annual distribution on the common units should ever be less than \$1.11 per unit, the \$1.6875 per unit dividend will be reduced by the amount the per unit distribution is less than \$1.11 per unit. The annual distribution on the common units exceeded \$1.6875 per unit during 2005.

During 2005, holders elected to exchange 48,618 special common units and 3,518 common units and the Company elected to exchange \$2,172 of cash for these units. During 2004, holders elected to exchange 62,392 special common units and 683,250 common units and the Company elected to exchange \$5,949 of cash and 525,636 shares of common stock for these units. The Company purchased 920,166 common units from a former executive of the Company who retired in 1997 for \$21,013 during 2003.

Outstanding rights to convert minority interests in the Operating Partnership to common stock were held by the following parties at December 31, 2005 and 2004:

	December 31,	
	2005	2004
The Company	62,512,816	62,667,104
Jacobs	23,796,796	23,845,414
CBL's Predecessor	17,511,224	17,511,224
Third parties	11,617,592	9,904,486
Total Operating Partnership Units	115,438,428	113,928,228

Minority Interest in Shopping Center Properties

The Company's consolidated financial statements include the assets, liabilities and results of operations of 18 properties that the Company does not

Edgar Filing: CBL & ASSOCIATES PROPERTIES INC - Form 10-K

wholly own. The minority interests in shopping center properties represents the aggregate ownership interest of third parties in these properties. The total minority interests in shopping center properties was \$12,672 and \$11,977 at December 31, 2005 and 2004, respectively.

The assets and liabilities allocated to the minority interests in shopping center properties are based on the third parties' ownership percentages in each shopping center property at December 31, 2005 and 2004. Income is allocated to the minority interests in shopping center properties based on the third parties' weighted average ownership in each shopping center property during the year.

NOTE 10. MINIMUM RENTS

The Company receives rental income by leasing retail shopping center space under operating leases. Future minimum rents are scheduled to be received under noncancellable tenant leases at December 31, 2005, as follows:

2006	\$501,560
2007	426,930
2008	371,773
2009	320,679
2010	264,937
Thereafter	806,409

Future minimum rents do not include percentage rents or tenant reimbursements that may become due.

NOTE 11. MORTGAGE NOTES RECEIVABLE

Mortgage notes receivable are collateralized by first mortgages, wrap-around mortgages on the underlying real estate and related improvements or by assignment of 100% of the partnership interests that own the real estate assets. Interest rates on notes receivable range from 3.63% to 9.50%, with a weighted average interest rate of 6.68%, at December 31, 2005. Maturities of notes receivable range from December 2006 to June 2019.

NOTE 12. SEGMENT INFORMATION

The Company measures performance and allocates resources according to property type, which is determined based on differences such as nature of tenants, capital requirements, economic risks and leasing terms. Rental income and tenant reimbursements from tenant leases provide the majority of revenues from all segments. The accounting policies of the reportable segments are the same as those described in Note 2. Information on the Company's reportable segments is presented as follows:

NOTE 15. DERIVATIVE FINANCIAL INSTRUMENTS

The Company uses derivative financial instruments to manage its exposure to changes in interest rates. The Company does not use derivative financial instruments for speculative purposes. The Company's interest rate risk management policy requires that derivative instruments be used for hedging purposes only and that they be entered into only with major financial institutions based upon their credit ratings and other factors.

The Company's objective in using derivatives is to manage its exposure to

Edgar Filing: CBL & ASSOCIATES PROPERTIES INC - Form 10-K

changes in interest rates. To accomplish this objective, the Company primarily uses interest rate swap and cap agreements as part of its cash flow hedging strategy.

Interest rate swap agreements designated as cash flow hedges involve the receipt of variable-rate amounts in exchange for fixed-rate payments over the life of the agreements without the exchange of the underlying principal amount. The change in net unrealized gains on cash flow hedges in 2003 reflects a reclassification of net unrealized gains from accumulated other comprehensive loss to interest expense in the amount of \$2,397 related to an interest rate swap agreement that was in place during 2003.

There were no other derivative financial instruments outstanding during 2005, 2004 and 2003.

NOTE 16. RELATED PARTY TRANSACTIONS

CBL's Predecessor and certain officers of the Company have a significant minority interest in the construction company that the Company engaged to build substantially all of the Company's development properties. The Company paid approximately \$96,246, \$81,153 and \$163,617 to the construction company in 2005, 2004 and 2003, respectively, for construction and development activities. The Company had accounts payable to the construction company of \$8,097 and \$7,774 at December 31, 2005 and 2004, respectively.

The Management Company provides management, development and leasing services to the Company's unconsolidated affiliates and other affiliated partnerships. Revenues recognized for these services amounted to \$14,290, \$5,970 and \$3,030 in 2005, 2004 and 2003, respectively.

NOTE 17. CONTINGENCIES

The Company is currently involved in certain litigation that arises in the ordinary course of business. It is management's opinion that the pending litigation will not materially affect the financial position or results of operations of the Company. Additionally, management believes that, based on environmental studies completed to date, any exposure to environmental cleanup will not materially affect the financial position and results of operations of the Company.

The Company has guaranteed 50% of the debt of Parkway Place L.P., an unconsolidated affiliate in which the Company owns a 45% interest. The total amount outstanding at December 31, 2005 and 2004, was \$53,200 and \$53,323, respectively, of which the Company had guaranteed \$26,600 and \$26,662, respectively. The guaranty will expire when the related debt matures in June 2008. The Company did not receive a fee for this guaranty.

Under the terms of the partnership agreement of Mall of South Carolina L.P., an unconsolidated affiliate in which the Company owns a 50% interest, the Company had guaranteed 100% of the construction debt incurred to develop Coastal Grand - Myrtle Beach in Myrtle Beach, SC. The Company received a fee of \$1,572 for this guaranty when it was issued during 2003. The Company recognized one-half of this fee as revenue pro rata over the term of the guaranty until its expiration in May 2006, which represents the portion of the fee attributable to the third-party partner's ownership interest. As discussed in Note 5, Mall of South Carolina L.P. refinanced the construction loan with new mortgage loans in

September 2004. As a result, the Company was release from the guaranty and

Edgar Filing: CBL & ASSOCIATES PROPERTIES INC - Form 10-K

recognized one-half of the unamortized balance of the guaranty fee, or \$328, as revenue when the construction loan was retired. The remaining \$328 attributable to the Company's ownership interest was recorded as a reduction to the Company's investment in the partnership. The Company recognized total revenue of \$568 and \$218 related to this guaranty during 2004 and 2003, respectively.

The Company had guaranteed 100% of the debt of Imperial Valley Mall L.P., an unconsolidated affiliate in which the Company owns a 60% interest, as of December 31, 2004. As discussed in Note 5, Imperial Valley Mall L.P. refinanced the construction loan with a new mortgage loan in September 2005 and the Company was released from its guaranty.

The Company has issued various bonds that it would have to satisfy in the event of non-performance. The total amount outstanding on these bonds was \$24,100 and \$11,789 at December 31, 2005 and 2004, respectively.

NOTE 18. FAIR VALUE OF FINANCIAL INSTRUMENTS

The carrying values of cash and cash equivalents, receivables, accounts payable and accrued liabilities are reasonable estimates of their fair values because of the short maturity of these financial instruments. Based on the interest rates for similar financial instruments, the carrying value of mortgage notes receivable is a reasonable estimate of fair value. The fair value of mortgage and other notes payable was \$4,336,474 and \$3,667,151 at December 31, 2005 and 2004, respectively. The fair value was calculated by discounting future cash flows for the notes payable using estimated rates at which similar loans would be made currently.

NOTE 19. STOCK INCENTIVE PLAN

The Company maintains the CBL & Associates Properties, Inc. Amended and Restated Stock Incentive Plan, as amended, which permits the Company to issue stock options and common stock to selected officers, employees and directors of the Company. The shares available under the plan were increased from 8,000,000 to 10,400,000 during 2002. The compensation committee of the board of directors (the "Committee") administers the plan.

Stock Options

Stock options issued under the plan allow for the purchase of common stock at the fair market value of the stock on the date of grant. Stock options granted to officers and employees vest and become exercisable in installments on each of the first five anniversaries of the date of grant and expire 10 years after the date of grant. Stock options granted to independent directors are fully vested upon grant. However, the independent directors may not sell, pledge or otherwise transfer their stock options during their board term or for one year thereafter.

97

The Company's stock option activity for the years ended December 31, 2005, 2004 and 2003 is summarized as follows:

	2005	2004
	-----	-----
	Weighted Average	Weighted Average

Stock Awards

Under the plan, common stock may be awarded either alone, in addition to, or in tandem with other stock awards granted under the plan. The Committee has the authority to determine eligible persons to whom common stock will be awarded, the number of shares to be awarded and the duration of the vesting period, as defined. The Committee may also provide for the issuance of common stock under the plan on a deferred basis pursuant to deferred compensation arrangements, as described in Note 20.

The Company had issued awards of stock totaling 1,091,776 shares under the plan as of December 31, 2005. Compensation expense related to these awards is determined based on the market value of the Company's common stock on the grant date and is amortized over the vesting period on a straight-line basis when the award is related to future services. Awards related to past services are expensed when granted, regardless of the vesting period, if any.

The Company granted awards for 208,200, 93,600 and 86,450 shares of the Company's common stock to employees in May 2005, 2004 and 2003, respectively. The terms of the awards allow for a recipient to vest and receive shares of common stock in equal installments on each of the first five anniversaries of the date of grant. Under the terms of the awards, the Company pays the recipient additional compensation, in an amount equal to the dividends paid on the Company's common stock, on the unvested portion of the award.

The Company recorded deferred compensation of \$8,162, \$2,206 and \$1,870 when the awards were granted in May 2005, 2004 and 2003, respectively, based on the market value of the Company's common stock on the grant dates, which was \$39.24, \$23.57 and \$21.53 per share, respectively. The deferred compensation is

Edgar Filing: CBL & ASSOCIATES PROPERTIES INC - Form 10-K

amortized on a straight-line basis as compensation expense over the five-year vesting period.

During 2005, 2004 and 2003, the Company issued an additional 37,299, 63,314 and 87,212 shares of common stock, respectively, to employees and nonemployee directors with a weighted-average grant date fair value of \$37.99, \$30.56 and \$21.51, respectively.

98

NOTE 20. EMPLOYEE BENEFIT PLANS

401(k) Plan

The Management Company maintains a 401(k) profit sharing plan, which is qualified under Section 401(a) and Section 401(k) of the Code to cover employees of the Management Company. All employees who have attained the age of 21 and have completed at least 90 days of service are eligible to participate in the plan. The plan provides for employer matching contributions on behalf of each participant equal to 50% of the portion of such participant's contribution that does not exceed 2.5% of such participant's compensation for the plan year. Additionally, the Management Company has the discretion to make additional profit-sharing-type contributions not related to participant elective contributions. Total contributions by the Management Company were \$727, \$657 and \$518 in 2005, 2004 and 2003, respectively.

Employee Stock Purchase Plan

The Company maintains an employee stock purchase plan that allows eligible employees to acquire shares of the Company's common stock in the open market without incurring brokerage or transaction fees. Under the plan, eligible employees make payroll deductions that are used to purchase shares of the Company's common stock. The shares are purchased by the fifth business day of the month following the month when the deductions were withheld. The shares are purchased at the prevailing market price of the stock at the time of purchase.

Deferred Compensation Arrangements

The Company has entered into agreements with certain of its officers that allow the officers to defer receipt of selected salary increases and/or bonus compensation for periods ranging from 5 to 10 years.

For certain officers, the deferred compensation arrangements provide that when the salary increase or bonus compensation is earned and deferred, shares of the Company's common stock issuable under the Amended and Restated Stock Incentive Plan are deemed set aside for the amount deferred. The number of shares deemed set aside is determined by dividing the amount of compensation deferred by the fair value of the Company's common stock on the deferral date, as defined in the arrangements. The shares set aside are deemed to receive dividends equivalent to those paid on the Company's common stock, which are then deemed to be reinvested in the Company's common stock in accordance with the Company's dividend reinvestment plan. When an arrangement terminates, the Company will issue shares of the Company's common stock to the officer equivalent to the number of shares deemed to have accumulated under the officer's arrangement.

In October 2005, the Company issued 174,403 shares of common stock to one officer as a result of the termination of that officer's deferred compensation agreement. The Company had accrued all compensation expense related to the agreement as it was earned during the term of the agreement.

Edgar Filing: CBL & ASSOCIATES PROPERTIES INC - Form 10-K

At December 31, 2005 and 2004, respectively, there were 63,882 and 214,196 shares that were deemed set aside in accordance with these arrangements.

For other officers, the deferred compensation arrangements provide that their bonus compensation is deferred in the form of a note payable to the officer. Interest accumulates on these notes at 7.0%. When an arrangement terminates, the note payable plus accrued interest is paid to the officer in cash. At December 31, 2005 and 2004, respectively, the Company had notes payable, including accrued interest, of \$107 and \$52 related to these arrangements.

99

NOTE 21. DIVIDENDS

On October 5, 2005, the Company declared a special one-time cash dividend of \$0.09 per share of common stock as a result of the taxable gains generated from the sale of the Company's management contracts with Galileo America as discussed in Note 5. On October 27, 2005, the Company declared a cash dividend of \$0.4575 per share of common stock for the quarter ended December 31, 2005. Both dividends were paid on January 16, 2006, to shareholders of record as of December 30, 2005. The total dividend of \$34,228 is included in accounts payable and accrued liabilities at December 31, 2005.

On October 27, 2005, the Operating Partnership declared a distribution of \$29,014 to the Operating Partnership's limited partners. The distribution was paid on January 16, 2006. This distribution represented a distribution of \$0.5475 per unit for each common unit and \$0.6346 to \$.7125 per unit for certain special common units in the Operating Partnership. The total distribution is included in accounts payable and accrued liabilities at December 31, 2005.

On November 4, 2004, the Company declared a cash dividend of \$0.40625 per share of common stock for the quarter ended December 31, 2004. The dividend was paid on January 14, 2005, to shareholders of record as of December 31, 2004. The total dividend of \$25,459 is included in accounts payable and accrued liabilities at December 31, 2004.

On November 4, 2004, the Operating Partnership declared a distribution of \$21,185 to the Operating Partnership's limited partners. The distribution was paid on January 14, 2005. This distribution represented a distribution of \$0.40625 per unit for each common unit and \$0.40625 to \$0.6480 per unit for the special common units in the Operating Partnership. The total distribution is included in accounts payable and accrued liabilities at December 31, 2004.

The allocations of dividends declared and paid for income tax purposes are as follows:

NOTE 23. QUARTERLY INFORMATION (UNAUDITED)

The following quarterly information differs from previously reported results since the results of operations of long-lived assets disposed of subsequent to each quarter end in 2004 have been reclassified to discontinued operations for all periods presented. Additionally, certain prior period amounts have been reclassified to present marketing fund revenues and expenses on a gross basis in accordance with Emerging Issues Task Force Issue No. 99-19, Reporting Revenue Gross as a Principal versus Net as an Agent. This reclassification did not change previously reported amounts of net income available to common shareholders. As a result, total revenues increased from the previously reported amounts for the first, second and third quarters of the year ended December 31, 2005 by \$3,973, \$4,189 and \$4,938, respectively. Total revenues increased from the previously reported amounts for the first, second, third and fourth quarters of the year ended December 31, 2004 by \$5,129, \$5,557, \$4,757 and \$8,744, respectively. The increase in total revenues was offset by a corresponding increase in property operation expenses; therefore, there were no changes to previously reported amounts of any other line items presented below.
