Eltek Announces 2003 Financial Results

Thursday June 17, 3:42 pm ET

PETACH-TIKVA, Israel--(BUSINESS WIRE)--June 17, 2004--Eltek LTD. (Nasdaq:ELTK - News), the leading Israeli manufacturer of advanced circuitry solutions, today announced its financial results for the fourth quarter of 2003 and the year ended December 31, 2003.

Revenues for the year 2003 were NIS 108.3 million (\$24.7 million) compared with NIS 108 million (\$24.7 million) for the year 2002. Net loss for the year 2003 was NIS 13 million (\$3 million), or NIS (3.61) (\$0.82) per share, compared with a net loss of NIS 15.7 million (\$3.6 million), or NIS (5.36) (\$1.22) per share for 2002 (all per share numbers are based on a par value per share of NIS 1).

Revenues for the fourth quarter of 2003 were NIS 27.6 million (\$6.3 million) compared with NIS 27.3 million (\$6.2 million) for the fourth quarter of 2002. Net loss for the fourth quarter of 2003 was NIS 3.7 million (\$836,000), or NIS (0.84) (\$0.19) per share, compared with a net loss of NIS 6.8 million (\$1.6 million), or NIS (2.28) (\$0.52) per share, for the fourth quarter of 2002.

"The results of 2003 are marked by continued improvements in revenues per employee, positive annual cash flow from operations and reduced balance sheet debt," commented Arie Reichart, President and Chief Executive Officer of Eltek. "Despite reducing our manpower by 50 positions, we managed to intensify our marketing efforts to position Eltek to realize its potential in the complex high-end of the PCB manufacturing markets."

"I am encouraged with the growing contribution of our international operations which accounted for approximately 30% of our overall annual revenues. Looking forward, we are planning to increase our presence in the flex-rigid PCB markets, by leveraging our expertise in this lucrative niche," added Mr. Reichart.

In March 2004, Eltek appointed Mr. Amnon Shemer as its Chief Financial Officer. Prior to joining Eltek, Mr. Shemer, 45, was managing director for Mea Control Transfer Ltd., a company that provides investment banking services, and, from June 1995 until August 2002 he served as vice president of finance for Mentergy Ltd., a publicly traded company.

"During 2003 Eltek has taken serious steps of cutting down its expenses, while maintaining its revenues, thus increasing its productivity. During 2004 we are planning to increase our international operations while closely monitoring our cost structure," said Mr. Shemer.

About the Company

Eltek is Israel's leading manufacturers of printed circuit boards, the core circuitry of most electronic devices. It specializes in the complex high-end of PCB manufacturing, i.e., HDI, multi-layered and flex-rigid boards. Eltek's technologically advanced circuitry solutions are used in today's increasingly sophisticated and compact electronic products. The Company has invested heavily in upgrading its production facilities over the past five years.
