Magal Security Systems Ltd. Announces Second Quarter  
and Six Months Financial Results

Monday August 2, 8:00 am ET

-Revenues Increases 7% Compared With the Second Quarter of 2003 and 9% for the First Six Months Ended June 30, 2004 Compared to the Same Period in 2003- YAHUD, Israel, August 2 /PRNewswire-FirstCall/ -- Magal Security Systems Ltd. (Nasdaq NM:MAGS; TASE:MAGS) today announced its consolidated financial results for the second quarter and six-month period ended June 30, 2004.

Revenues for the second quarter of 2004 reached US\$14.5 million, an increase of 7.1 percent compared with the second quarter of 2003 and an increase of 2.0 percent over the first quarter of 2004.

Gross profit for the second quarter of 2004 reached US\$6.5 million (44.9% of revenues), an increase of 2.8% over the second quarter of 2003 and an increase of 3.8% compared with first quarter of 2004.

Operating and net income in the second quarter of 2004, excluding a US\$1.2 million award granted to employees by the Company's two principal shareholders out of their personal funds, reached US\$855,000 and US\$461,000, respectively, a decrease of 37.6 percent and 45.1 percent respectively compared with the second quarter of 2003. For financial reporting purposes, according to the generally accepted accounting principles in the United States, such a grant was recorded in Magal's second quarter statement of income as an expense, although it has not effected the total shareholders' equity nor the statement of cash- flows.

Operating and net loss in the second quarter of 2004, including the award, reached US\$(345,000) and US\$(739,000), respectively, compared with operating and net income of US\$1.4 million, and US\$840,000, respectively, for the second quarter of 2003.

The increase in operating expenses in the second quarter of 2004 is principally attributable to higher selling and marketing expenses, which increased by 25.8 percent compared with the second quarter of 2003 and by 17.4 percent compared with the first quarter of 2004. The increase in selling and marketing expenses reflects the company's considerable investment in the release of its two new products, DreamBox and PipeGuard. Revenues for these new products are not expected until the fourth quarter of 2004 and in 2005.

Diluted loss per share, including the award expenses, for the second quarter was US\$(0.09), compared with diluted earnings per share of US\$0.11 in the same period last year.

Revenues for the first six months of 2004 reached US\$28.7 million, an increase of 9.0 percent compared with the same period in 2003. Operating income and net

income for the six-months period, excluding the US\$1.2 million award granted to employees by the Company's two principal shareholders out of their personal funds, reached US\$2.1 million and US\$1.1 million, respectively, a decrease of 15.0 percent and 16.3 percent, respectively compared with the first six months of 2003.

Operating income and net loss for the six-month period, including the award, reached US\$872,000 and US\$(52,000), respectively.

Diluted loss per share, including the award expenses, for the six-month period was US\$(0.01), compared with US\$0.17 in the same period of last year.

Commenting on the results, Mr. Jacob Even-Ezra, Chairman of Magal, said: "Even though there was a slow down in one of our major projects - the seam line project in Israel, the growth in the rest of our business more than compensated for this and we were still able to show a small increase in revenues."

Mr. Jacob Even-Ezra concluded, "Based on the traction and interest for both our existing and new products that we are seeing, we have every reason to believe that the second half of the year will be better than the first half on both the top and bottom lines."

The Company will be hosting its quarterly conference call at 11:00am EST. today. Mr. Jacob Even-Ezra, Chairman of the Board & CEO, and Ms. Raya Asher, V.P. Finance & CFO, will review and discuss the second quarter 2004 results. They will then be available to answer questions.
