MANAGEMENT INFORMATION CIRCULAR

Solicitation of Proxies

This management information circular is furnished in connection with the solicitation of proxies by the management of Yamana Gold Inc. (the Company) for use at the annual meeting of shareholders (the Meeting) of the Company to be held at the time and place and for the purposes set forth in the accompanying Notice of Meeting. References in this management information circular to the Meeting include any adjournment or adjournments thereof. It is expected that the solicitation will be primarily by mail, however, proxies may also be solicited personally by regular employees of the Company and the Company may use the services of an outside proxy solicitation agency to solicit proxies. The cost of solicitation will be borne by the Company.

The board of directors of the Company (the Board) has fixed the close of business on March 15, 2007 as the record date, being the date for the determination of the registered holders of securities entitled to receive notice of and to vote at the Meeting. Duly completed and executed proxies must be received by the Company's transfer agent at the address indicated on the enclosed envelope no later than 4:00 p.m. (Toronto time) on April 30, 2007, or no later than 48 hours (excluding Saturdays, Sundays and holidays) before the time of any adjourned Meeting.

Unless otherwise stated, the information contained in this management information circular is as of March 15, 2007. **This management information circular contains references to United States dollars and Canadian dollars. All dollar amounts referenced, unless otherwise indicated, are expressed in United States dollars and Canadian dollars are referred to as Canadian dollars or Cdn\$.**

Appointment and Revocation of Proxies

The persons named in the enclosed form of proxy are officers and/or directors of the Company. **A shareholder desiring to appoint some other person, who need not be a shareholder, to represent him at the Meeting, may do so by inserting such person's name in the blank space provided in the enclosed form of proxy or by completing another proper form of proxy and, in either case, depositing the completed and executed proxy at the office of the Company's transfer agent indicated on the enclosed envelope no later than 4:00 p.m. (Toronto time) on April 30, 2007, or no later than 48 hours (excluding Saturdays, Sundays and holidays) before the time of any adjourned Meeting.**

A shareholder forwarding the enclosed proxy may indicate the manner in which the appointee is to vote with respect to any specific item by checking the appropriate space. If the shareholder giving the proxy wishes to confer a discretionary authority with respect to any item of

SIGNATURE

Edgar Filing: YAMANA GOLD INC - Form 6-K

business, then the space opposite the item is to be left blank. The shares represented by the proxy submitted by a shareholder will be voted in accordance with the directions, if any, given in the proxy.

A proxy given pursuant to this solicitation may be revoked by an instrument in writing executed by a shareholder or by a shareholder's attorney authorized in writing (or, if the shareholder is a corporation, by a duly authorized officer or attorney) and deposited either at the registered office of the Company (40 King Street West, Suite 2100, Toronto, ON M5H 3C2; Attention: Mark T. Bennett, Corporate Secretary) at any time up to and including the last business day preceding the day of the Meeting or with the Chairman of the Meeting on the day of the Meeting or in any other manner permitted by law.

Exercise of Discretion by Proxies

The persons named in the enclosed form of proxy will vote the shares in respect of which they are appointed in accordance with the direction of the shareholders appointing them. **In the absence of such direction, such shares will be voted in favour of the passing of all the resolutions described below. The enclosed form of proxy confers discretionary authority upon the persons named therein with respect to amendments or variations to matters identified in the Notice of Meeting and with respect to other matters which may properly come before the Meeting.** At the time of printing of this management information circular, management knows of no such amendments, variations or

other matters to come before the Meeting. However, if any other matters which are not now known to management should properly come before the Meeting, the proxy will be voted on such matters in accordance with the best judgment of the named proxies.

Voting by Non-Registered Shareholders

Only registered shareholders of the Company or the persons they appoint as their proxies are permitted to vote at the Meeting. Most shareholders of the Company are non-registered shareholders (Non-Registered Shareholders) because the shares they own are not registered in their names but are instead registered in the name of the brokerage firm, bank or trust company through which they purchased the shares. Shares beneficially owned by a Non-Registered Shareholder are registered either: (i) in the name of an intermediary (an Intermediary) that the Non-Registered Shareholder deals with in respect of the shares of the Company (Intermediaries include, among others, banks, trust companies, securities dealers or brokers and trustees or administrators of self-administered RRSPs, RRIFs, RESPs and similar plans); or (ii) in the name of a clearing agency (such as The Canadian Depository for Securities Limited) of which the Intermediary is a participant. In accordance with applicable securities law requirements, the Company will have distributed copies of the Notice of Meeting, this management information circular, the form of proxy and the supplemental mailing list return card (collectively, the Meeting Materials) to the clearing agencies and Intermediaries for distribution to Non-Registered Shareholders.

Intermediaries are required to forward the Meeting Materials to Non-Registered Shareholders unless a Non-Registered Shareholder has waived the right to receive them. Intermediaries often use service companies to forward the Meeting Materials to Non-Registered Shareholders. Generally, Non-Registered Shareholders who have not waived the right to receive Meeting Materials will either:

- (i) be given a voting instruction form **which is not signed by the Intermediary** and which, when properly completed and signed by the Non-Registered Shareholder and **returned to the Intermediary or its service company**, will constitute voting instructions (often called a voting instruction form) which the Intermediary must follow. Typically, the voting instruction form will consist of a one page pre-printed form. Sometimes, instead of the one page pre-printed form, the voting instruction form will consist of a regular printed proxy form accompanied by a page of instructions which contains a removable label with a bar-code and other information. In order for the form of proxy to validly constitute a voting instruction form, the Non-Registered Shareholder must remove the label from the instructions and affix it to the form of proxy, properly complete and sign the form of proxy and submit it to the Intermediary or its service company in accordance with the instructions of the Intermediary or its service company; or

- (ii) be given a form of proxy **which has already been signed by the Intermediary** (typically by a facsimile, stamped signature), which is restricted as to the number of shares beneficially owned by the Non-Registered Shareholder but which is otherwise not completed by the Intermediary. Because the Intermediary has already signed the form of proxy, this form of proxy is not required to be signed by the Non-Registered Shareholder when submitting the proxy. In this case, the Non-Registered Shareholder who wishes to submit a proxy should properly complete the form of proxy and **deposit it with the Company, c/o CIBC Mellon Trust Company, 320 Bay Street, Toronto, Ontario, M5H 4A6.**

In either case, the purpose of these procedures is to permit Non-Registered Shareholders to direct the voting of the shares of the Company they beneficially own. Should a Non-Registered Shareholder who receives one of the above forms wish to vote at the Meeting in person (or have another person attend and vote on behalf of the Non-Registered Shareholder), the Non-Registered Shareholder should strike out the persons named in the form of proxy and insert the Non-Registered Shareholder or such other person's name in the blank space provided. **In either case, Non-Registered Shareholders should carefully follow the instructions of their Intermediary, including those regarding when and where the proxy or voting instruction form is to be delivered.**

Edgar Filing: YAMANA GOLD INC - Form 6-K

A Non-Registered Shareholder may revoke a voting instruction form or a waiver of the right to receive Meeting Materials and to vote which has been given to an Intermediary at any time by written notice to the Intermediary provided that an Intermediary is not required to act on a revocation of a voting instruction form or of a waiver of the right to receive Meeting Materials and to vote which is not received by the Intermediary at least seven (7) days prior to the Meeting.

Interest of Certain Persons in Matters to be Acted Upon

No (a) director or executive officer of the Company who has held such position at any time since January 1, 2006; (b) proposed nominee for election as a director of the Company; or (c) associate or affiliate of a person in (a) or (b) has any material interest, direct or indirect, by way of beneficial ownership of securities or otherwise, in any matter to be acted upon at the Meeting.

Voting Securities and Principal Holders Thereof

As of March 20, 2007, 353,662,266 common shares (the Common Shares) in the capital of the Company were issued and outstanding. Each Common Share entitles the holder thereof to one vote on all matters to be acted upon at the Meeting. The record date for the determination of shareholders entitled to receive notice of and to vote at the Meeting has been fixed at March 15, 2007. In accordance with the provisions of the *Canada Business Corporations Act* (the CBCA), the Company will prepare a list of holders of Common Shares as of such record date. Each holder of Common Shares named in the list will be entitled to vote the shares shown opposite his or her name on the list at the Meeting. All such holders of record of Common Shares are entitled either to attend and vote thereat in person the Common Shares held by them or, provided a completed and executed proxy shall have been delivered to the Company's transfer agent within the time specified in the attached Notice of Meeting, to attend and vote thereat by proxy the Common Shares held by them.

To the knowledge of the directors and executive officers of the Company, as of the date hereof, there are no persons, or companies who beneficially own, directly or indirectly, or exercise control or direction over voting securities of the Company carrying more than 10% of the voting rights attached to any class of voting securities of the Company.

entitled to a payment equal to nine (9) months of his base salary, plus accrued but unused vacation.

Any previously issued stock options granted to Mr. Kivari shall vest upon termination of his consulting services and shall remain exercisable for 12 months from such termination, notwithstanding the provisions of any agreement of plan.

Other than as described above, the Company and its subsidiaries have no compensatory plans or arrangements with respect to the Named Executive Officers that results or will result from the resignation, retirement or any other termination of employment of such officers employment with the Company and its subsidiaries, from a change of control of the Company and its subsidiaries or a change in the Named Executive Officers responsibilities following a change of control.

Report on Executive Compensation

Overall Compensation Philosophy

The following principles guide the Company's overall compensation philosophy:

- (a) compensation is determined on an individual basis by the need to attract and retain talented, high-achievers;
- (b) calculating total compensation is set with reference to the market for similar positions in comparable companies and with reference to the location of employment;
- (c) an appropriate portion of total compensation is variable and linked to achievements, both individual and corporate;
- (d) internal equity is maintained such that individuals in similar jobs and locations are treated fairly; and
- (e) the Company supports reasonable expenses in order that employees continuously maintain and enhance their skills.

Compensation Committee Mandate

The Compensation Committee is established by the Board to assist the Board in fulfilling its responsibilities relating to the compensation of certain executive officers (collectively, Executive Management). The Compensation Committee ensures that the Company has an executive compensation plan that is fair, motivational and competitive so that it will attract, retain and incent performance of Executive Management of a quality and nature that will enhance the profitability and growth of the Company.

The Compensation Committee reviews and recommends the compensation philosophy and guidelines for Executive Management to the Board for its consideration and approval, including recommendations concerning annual salary, bonus and incentive policies, and material new benefit

programs.

The Compensation Committee reviews on an annual basis the cash compensation, performance and overall compensation package for each executive officer. It then submits to the Board recommendations with respect to the basic salary, bonus and participation in share compensation arrangements for each executive officer. During January and March 2006, following the discussions with management of the Company, the Compensation Committee made recommendations to the Board for the grant of share bonuses and stock options to Executive Management. In January 2007, following the annual review of compensation undertaken in 2006 and discussions with management, the Compensation Committee made further recommendations to the Board on cash bonuses for 2006 and salaries of Executive Management in 2007. In conducting its review of management's recommendations, the Compensation Committee was satisfied that all recommendations complied with the Compensation Committee's philosophy and guidelines set forth above.

Advisor to the Compensation Committee

In March 2006, the Compensation Committee retained an executive consulting advisor (the External Advisor) to advise the Compensation Committee on the current executive compensation environment and practices in order to assist the Compensation Committee to review the Corporation's philosophy and practices for compensation of Executive Management. In particular, the External Advisor provided the Compensation Committee with an analysis of the Company's executive compensation and provided

comparative compensation data on the Company's peer group. The Compensation Committee will agree annually, and on as needed basis, with input from management and the External Advisor, on the specific work to be undertaken by the External Advisor for the Compensation Committee. All services provided by to the Company, beyond the External Advisor's role as advisor to the Compensation Committee will require written pre-approval of the Chairman of the Compensation Committee. The Compensation Committee will not approve any such work that, in its view, could compromise the External Advisor's independence as advisor to the Compensation Committee. The Compensation Committee will disclose annually in its management information circular the work done by and the fees paid to the External Advisor for all work done for the Compensation Committee and any work the Compensation Committee has approved.

During the financial year ended December 31, 2006, the External Advisor's fees as the Compensation Committee's advisor total approximately \$3,739.00. No fees were paid to the External Advisor for other services in 2006.

Base Salary

In determining the base salary of an executive officer, the Compensation Committee places equal weight on the following factors:

- (a) the particular responsibilities related to the position;
- (b) salaries paid by comparable businesses;
- (c) the experience level of the executive officer; and
- (d) his or her overall performance.

In connection with the annual review of the Company's compensation philosophy and programs undertaken during 2006, the Compensation Committee determined that, given the development of the Company into an intermediate gold producer, it was appropriate to increase the proportion of total compensation represented by base salary for 2007 with a corresponding decrease in emphasis on long-term incentives such as stock options.

Bonus Payments

Executive officers are eligible for annual bonuses, payable in cash or through stock-based compensation, after taking into account and giving equal weight to, financial performance, attainment of certain corporate objectives and individual performance.

Edgar Filing: YAMANA GOLD INC - Form 6-K

In taking into account the financial performance aspect, it is recognized that executive officers cannot control certain factors, such as currency exchange rates, commodity prices and interest rates. When applying the financial performance criteria, the Compensation Committee considers factors over which the executive officers can exercise control, such as meeting budget targets established by the Board at the beginning of each year, controlling costs, taking successful advantage of business opportunities and enhancing the competitive and business prospects of the Company. There are no pre-established payout ranges.

During the financial year ended December 31, 2006, the Board, on the recommendation of the Compensation Committee, approved the payment of an aggregate of 300,000 common shares, to members of Executive Management in recognition of their contribution to the Company in 2005 and early 2006. The determination was made to have the bonus payable in common shares based on a number of factors including to minimize the use of cash resources of the Company so that such resources could be deployed to advance the Company's mineral projects and to align the interests of Executive Management with interests of the Company's shareholders.

The issue of the 300,000 common shares was approved by shareholders at the annual and special meeting of shareholders held on May 2, 2007. Pursuant to the recommendation of the Compensation Committee, the recipients of the share bonus have agreed not to sell the Common Shares for a period of one year, except in certain circumstances.

In January 2007, the Board, on the recommendation of the Compensation Committee, approved the payment of cash bonuses to certain members of Executive Management in recognition of their contribution to the growth of the Company in the later part of 2006.

During the financial year ended December 31, 2006, bonuses were awarded in cash and Common Shares to the following Named Executive Officers of the Company: Peter Marrone, President and Chief Executive Officer, received 75,000 Common Shares valued at Cdn\$739,500; Charles Main, Vice President, Finance and Chief Financial Officer, received Cdn\$100,000 in cash and 40,000 Common Shares valued at Cdn\$394,400; Antenor Silva, Chief Operations Officer, received \$135,658 in cash and 50,000 Common Shares valued at Cdn\$493,000; Greg McKnight, Vice President, Business Development, received Cdn\$100,000 in cash and 40,000 Common Shares valued at Cdn\$394,000; and Daniel Kivari, Vice President, Operations, received Cdn\$97,540 in cash and 20,000 Common Shares valued at Cdn\$197,200.

Long-Term Incentives

Base salaries and bonuses have been at the relatively low end of the scale compared to industry peers with a greater emphasis placed on options.

During the financial year ended December 31, 2006, the Board, on the recommendation of the Compensation Committee, granted stock options to Named Executive Officers of the Company as follows:

<u>Name of Officer</u>	<u>Title of Officer</u>	<u>Number of Options</u>
Peter Marrone	President and Chief Executive Officer	2,000,000
Charles Main	Vice President, Finance and Chief Financial Officer	500,000
Antenor Silva	Chief Operations Officer	700,000
Greg McKnight	Vice President, Business Development	500,000
Daniel Kivari	Vice President, Operations	350,000

All of these options were granted at an exercise price of Cdn\$9.65 for a term of five years, and vested immediately upon grant. The exercise price of the options was determined based on the closing price of the Common Shares on the TSX on March 22, 2006, the date before the date of the grant, and following the expiry of the black-out period relating to the release of the Company's 2006 financial results in accordance with the terms of the Share Incentive Plan.

The options granted to the Named Executive Officers were approved by shareholders at the annual and special meeting of shareholders held on May 2, 2007.

Subsequent to the option grant and in connection with its annual review of the Company's compensation philosophy and practices, the Compensation Committee determined that base salary should be in the mid to high range of the Company's peer group and a decreased emphasis should be placed on option grants.

Chief Executive Officer Compensation

The components of the Chief Executive Officer's compensation are the same as those which apply to the other senior executive officers of the Company, namely base salary, bonus and long-term incentives in the form of stock options. The Chairman of the Compensation Committee presents recommendations of the Compensation Committee to the Board with respect to the Chief Executive Officer's compensation. In setting the Chief Executive Officer's salary, the Compensation Committee reviews salaries paid to other senior officers in the Company, salaries paid to other chief executive officers of comparable or peer group companies in the mining industry and the Chief Executive Officer's impact on the achievement of the Company's objectives for the previous financial year, as measured against his key performance indicators. During the financial year ended December 31, 2006, Mr. Marrone's base salary was Cdn\$552,156 and he was issued 75,000 Common Shares valued at Cdn\$739,500 as a bonus in recognition of his contribution to the development of the Company. During the financial year ended December 31, 2006, Mr. Marrone was also granted options to purchase 2,000,000 Common Shares under the Share Incentive Plan (see Option Grants During the Financial Year Ended December 31, 2006 table above for further details).

Security Based Compensation Arrangements*Share Incentive Plan*

The Company's share incentive plan (the Share Incentive Plan) dated June 24, 2004, as amended, is designed to advance the interests of the Company by encouraging eligible participants, being employees, officers, directors and consultants, to have equity participation in the Company through the acquisition of Common Shares. The current aggregate maximum number of Common Shares that may be reserved for issuance under stock options granted pursuant to the Share Incentive Plan is 24,900,000, representing approximately 7% of Company's issued and outstanding Common Shares as at March 20, 2007. A copy of the Share Incentive Plan is available under the Company's profile on SEDAR at www.sedar.com.

Options to purchase an aggregate of 12,553,042 Common Shares, representing approximately 3.5% of the Company's issued and outstanding Common Shares as at March 20, 2007, are currently outstanding and exercisable under the Share Incentive Plan.

In connection with the acquisition of RNC Gold Inc., the Company assumed options (the RNC Options) outstanding under the RNC Gold Inc. stock option plan, of which there were 155,800 RNC Options outstanding as at December 31, 2006, exercisable to acquire an aggregate of 155,800 Common Shares. In connection with the acquisition of Desert Sun Mining Corp., the Company assumed options (the DSM Options) outstanding under the Desert Sun Mining Corp. stock option plan, of which there were 585,000 DSM Options outstanding as at December 31, 2006, exercisable to acquire an aggregate of 585,000 Common Shares. The RNC Options and the DSM Options are not governed by or outstanding under the Share Incentive Plan. However, for the purposes of calculating the number of Common Shares available to be issued upon the exercise of options granted under the Share Incentive Plan, any Common Shares reserved for issuance upon the exercise of outstanding RNC Options and DSM Options shall be deducted from the number of Common Shares otherwise issuable under the Share Incentive Plan.

The Share Incentive Plan provides for an aggregate maximum reserve of 5% of the Company's issued and outstanding Common Shares for issuance to any one person. The Share Incentive Plan includes a limit on the number of Common Shares issuable to insiders under all security based compensation arrangements. Options granted under the Share Incentive Plan have an exercise price of not less than the closing price of the Common Shares on the TSX on the trading day immediately preceding the date on which the option is granted and are exercisable for a period not to exceed ten years. The vesting of stock options is at the discretion of the Board of the Company, and there are currently no vesting provisions governing any of the outstanding stock options. On December 10, 2006, the Compensation Committee of the Board recommended that there be a vesting period of three years for all future stock options granted under the Share Incentive Plan, on the basis of ¼ vesting immediately and ¼ vesting on each of the dates that is 12, 24 and 36 months following the date of grant. Options granted under the stock option

component are not transferable or assignable and terminate: (i) within a period of 60 days following the termination of an optionee's employment, subject to any agreement with a director or officer of the Company with respect to the rights of such director or officer upon termination or a change of control of the Company; and (ii) within a period of six months following the death of an optionee.

The Share Incentive Plan also provides for the granting of stock appreciation rights to optionees. An optionee is entitled to elect to terminate his or her option, in whole or part, and, in lieu of receiving the Common Shares to which the terminated option relates, to receive that number of Common Shares, disregarding fractions, which, when multiplied by the fair value of the Common Shares (which is the average closing price of the Common Shares on the TSX for the five trading days prior to the date of termination of the option) to which the terminated option relates, has a total value equal to the product of the number of such Common Shares times the difference between the fair value and the option price per share of such Common Shares, less any amount required to be withheld on account of income taxes. During the year ended December 31, 2006, there were no Common Shares issued upon the exercise of outstanding stock appreciation rights.

The Board and/or the Compensation Committee of the Board, may modify or terminate the Share Incentive Plan at any time. Subject to receipt of requisite shareholder and regulatory approval, the Board may make amendments to the Share Incentive Plan to (i) amend the number of securities issuable under the plan; (ii) change to the definition of Participants which would have the potential of narrowing or broadening or increasing insider participation; (iii) add any form of financial assistance under the plan; (iv) amend a financial assistance provision which is more favourable to Participants; (v) add a cashless exercise feature, payable in cash or securities which does not provide for a full deduction in the number of underlying securities from the plan; (vi) add deferred or restricted share units or any other provision which results in Participants receiving securities while no cash consideration is received by the Company; and (vii) make amendments that may lead to significant or unreasonable dilution in the Company's outstanding securities or may provide additional benefits to Participants, especially to insiders of the Company, at the expense of the Company and its existing shareholders. The Board may, subject to receipt of requisite regulatory approval, where required, in its sole discretion make all other amendments to the Share Incentive Plan that are not of the type contemplated above, including, without limitation: (i) amendments of a housekeeping nature; (ii) the addition of or a change to vesting provisions of a security or the plan; (iii) a change to the termination provisions of a security or the plan which does not entail an extension beyond the original expiry date; and (iv) the addition of a cashless exercise feature, payable in cash or securities, which provides for a full deduction of the number of underlying securities from the plan reserve.

The Company does not provide any financial assistance to Participants under the Share Incentive Plan to facilitate the purchase of securities under the Share Incentive Plan.

At the Company's Annual and Special Meeting of Shareholders held on May 2, 2006, shareholders approved the following amendments to the Share Incentive Plan, each of which was adopted in fiscal 2006: (i) an increase in the maximum of Common Shares that may be reserved for issuance upon exercise of options granted under the Share Incentive Plan to 24,900,000 Common Shares; (ii) add a limitation on the percentage of securities issuable to insiders under all security based compensation arrangements; and (iii) amending the provisions concerning amendments and modifications to the Share Incentive Plan.

Corporate Governance Practices

National Policy 58-201 entitled Corporate Governance Guidelines (NP 58-201) sets out guidelines for effective corporate governance. These guidelines deal with matters such as the constitution and independence of corporate boards, their functions, the effectiveness and education of board members and other items dealing with sound corporate governance. National Instrument 58-101 entitled Disclosure of Corporate

Edgar Filing: YAMANA GOLD INC - Form 6-K

Governance Practices (NI 58-101) requires that if management of an issuer solicits proxies from its securityholders for the purpose of electing directors, specified disclosure of the corporate governance practices must be included in its management information circular.

The Company and the Board recognize the importance of corporate governance to the effective management of the Company and to the protection of its employees and shareholders. The Company's approach to significant issues of corporate governance is designed with a view to ensuring that the

business and affairs of the Company are effectively managed so as to enhance shareholder value. The Board fulfills its mandate directly and through its committees at regularly scheduled meetings or as required. Frequency of meetings may be increased and the nature of the agenda items may be changed depending upon the state of the Company's affairs and in light of opportunities or risks which the Company faces. The directors are kept informed of the Company's operations at these meetings as well as through reports and discussions with management on matters within their particular areas of expertise.

The Company's corporate governance practices have been and continue to be in compliance with applicable Canadian and United States requirements. The Company continues to monitor developments in Canada and the United States with a view to further revising its governance policies and practices, as appropriate.

The Board has considered the guidelines set out in NP 58-201 and believes that its approach to corporate governance is appropriate and works effectively for the Company and its shareholders.

The New York Stock Exchange (the "NYSE") rules require the Company to disclose any significant ways in which its corporate governance practices differ from those followed by United States domestic issuers under the NYSE listing standards. The Company believes that there are no significant differences between its corporate governance practices and those required to be followed by United States domestic issuers under the NYSE listing standards.

The following is a description of the Company's corporate governance practices which has been prepared by the Corporate Governance and Nominating Committee of the Board and has been approved by the Board.

The Board of Directors

The Board is currently comprised of Victory Bradley (Chair), Peter Marrone, Nigel Lees, Patrick Mars, Juvenal Mesquita, Antenor Silva, Dino Titaro and Bruce Humphrey. The majority of the members of the Company's Board of Directors, including the Chair of the Board, are independent within the meaning of NI 58-101 and hold regularly scheduled meetings. Messrs. Marrone and Silva are not independent as they are the President and Chief Executive Officer of the Company and the Chief Operating Officer of the Company, respectively. Mr. Mesquita is also not independent as he is a consultant to the Company. Although Mr. Bradley acted as President and Chief Executive Officer of the Company until July 31, 2003, the Board does not consider Mr. Bradley to have a material relationship with the Company which could be reasonably expected to interfere with the exercise of his independent judgement as a non-executive director of the Company, and considers Mr. Bradley to be independent. Each of Messrs. Lees, Mars, Titaro and Humphrey is independent.

The role of the Company's Chairman of the Board is to chair all meetings of the Board in a manner that promotes meaningful discussion, and to provide leadership to the Board to enhance the Board's effectiveness in meeting its responsibilities. The Chairman's responsibilities include, without limitation, ensuring that the Board works together as a cohesive team with open communication; working together with the Corporate Governance and Nominating Committee to ensure that a process is in place by which the effectiveness of the Board, its committees and its individual directors can be evaluated on at least an annual basis. The Chairman also acts as a liaison between the Board and management to ensure that the relationship between the Board and management is professional and constructive and ensures that the allocation of responsibilities and the boundaries between Board and management are clearly understood.

The independent directors meet regularly without management to review the business operations, corporate governance and financial results of the Company. During the fiscal 2006, Mr. James Askew resigned as a director of the Company effective March 31, 2006, and each of Messrs. Humphrey and Bharti were appointed as directors of the Company effective April 5, 2006 upon the completion of the Company's acquisition of DSM. The measures that the Board takes in connection with orienting new Board members regarding the role of the Board, its directors, the committees of the Board and the nature and operation of the Company's business include providing each new member with information concerning the role and responsibilities of a public company director, providing new members with a complete set of the Company's charters, policies and procedures and discussing with new members the Company's operations including possible site visits to the Company's properties.

With respect to providing continuing education for its directors, the Board ensures that all directors are kept apprised of changes in the Company's operations and business, changes in the regulatory environment affecting the Company's day to day business both within Canada and within the foreign jurisdictions in which the Company maintains properties and changes in their roles as directors of a public company.

The Corporate Governance and Nominating Committee also considers orientation and continuing education for Board members and makes recommendations to the Board from time to time regarding same.

Code of Business Conduct and Ethics

The Board has adopted a Code of Business Conduct and Ethics for its directors, officers and employees. The Code includes provisions that require directors, officers and employees to inform the Company's Chief Executive Officer or other appropriate person of any non-compliance with the Code.

The Board encourages and promotes an overall culture of ethical business conduct by promoting compliance with applicable laws, rules and regulations; providing guidance to employees, officers and directors to help them recognize and deal with ethical issues; promoting a culture of open communication, honesty and accountability; and ensuring awareness of disciplinary action for violations of ethical business conduct.
