On March 24, 2009, Plantronics, Inc. (the “Company”) entered into a Second Amended and Restated Development and Manufacturing Agreement (the “Agreement”) with GoerTek, Inc. (“GoerTek”). Under the Agreement, the Company has given GoerTek the exclusive right to manufacture all of its current and future Bluetooth products for a one year period and the right to purchase certain manufacturing equipment from the Company’s manufacturing facility located in Suzhou, China. After the one year exclusivity period terminates, GoerTek will become the primary supplier to the Company for a two year period. In addition, GoerTek has the right to hire certain of the Company’s employees who are located in China. The Agreement contains standard representations, warranties, indemnities and other provisions that are normal and customary for agreements of its kind.

Item 2.05 Costs Associated with Exit or Disposal Activities

As a result of the plan, the Company’s expects to incur approximately \$6.0 to \$7.0 million in non-cash charges related to accelerated depreciation costs and asset impairments, \$3.5 to \$4.0 million in employee termination costs, and \$1.5 to \$2.0 million in other associated costs.
