ITEM 3.02 UNREGISTERED SALES OF EQUITY SECURITIES

Between May 9, 2011 and June 3, 2011, Diversified Opportunities, Inc. (the **Company**) agreed to issue a total of 455,200 shares of common stock at \$1.25 per share, and two-year warrants to purchase up to 455,200 shares of common stock at \$1.50 per share, to 8 accredited investors in exchange for gross proceeds totaling \$569,000, pursuant to a subscription agreement, warrant and registration rights agreement with each investor. The issuance of shares and warrants to the investors was made in reliance on the exemption provided by Section 4(2) of the Securities Act of 1933, as amended (the **Securities Act**) for the offer and sale of securities not involving a public offering, and Regulation D promulgated under the Securities Act. The form of warrant and registration rights agreement are substantially similar to the form of warrant and registration rights agreement entered into with the investors in the previously announced financing in connection with the Share Exchange Agreement transaction described in the Company's Form 8-K filed with the Securities and Exchange Commission on May 13, 2011, copies of which are filed as exhibits with that report.

On May 26, 2011, the Company also approved the issuance of warrants to four Company employees and consultants to purchase up to a total of 189,000 shares of Company common stock at \$1.25 per share, in consideration for their services as employees or consultants to the Company. The warrants have vesting periods ranging between three months and three years and are subject to the Company entering into agreements with the individuals providing that the vesting and exercise of the warrants are conditioned upon their continued services to the Company or within a period of time thereafter. The issuance of warrants was made in reliance on the exemption provided by Section 4(2) of the Securities Act for the offer and sale of securities not involving a public offering, and Regulation D promulgated under the Securities Act.

The Company's reliance upon Section 4(2) of the Securities Act in issuing the securities was based upon the following factors: (a) the issuance of the securities was an isolated private transaction by us which did not involve a public offering; (b) there were only a limited number of investors; (c) there were no subsequent or contemporaneous public offerings of the securities by us; (d) the securities were not broken down into smaller denominations; and (e) the negotiations for the sale or issuance of the securities took place directly between the investor and the Company.

As of the date of this report the Company has 10,256,000 shares of common stock issued and outstanding.

SIGNATURE
