## BACKGROUND TO SOLICITATION

The following is a chronology of events leading up to this proxy solicitation:

- v In November 2012, a business contact of Jeffrey N. Quinn advised him that the Company had commenced a formal search for a new Chief Executive Officer. Having recently concluded the turnaround of Solutia Inc., a specialty chemicals company of which Mr. Quinn served as Chief Executive Officer and Chairman of the Board that was sold to Eastman Chemical in July 2012 for \$4.7 billion, Mr. Quinn recognized the similarities between the challenges facing the Company and those that had plagued Solutia. On November 14, 2012, Mr. Quinn's business contact introduced him to Richard Brown, a director of the Company. On or around November 26, 2012, Mr. Quinn had a telephone conversation with Mr. Brown to discuss the Company and its search for a Chief Executive Officer. Mr. Brown advised Mr. Quinn that he would be willing to forward his resume to the Company's executive search firm. On December 18, 2012, Mr. Quinn met in person with the executive search firm and discussed his views regarding the issues that needed to be addressed by the Company to unlock shareholder value. Mr. Quinn advised the executive search firm that he was interested in the opportunity to serve as Chief Executive Officer, however, he was not amenable to participating in a traditional executive search process involving multiple rounds of interviews as his credentials spoke for themselves. Mr. Quinn also advised the executive search firm that his firm, Quinpario, had a significant investment in the Company and that if he was appointed Chief Executive Officer and permitted to bring in his own team of management professionals, Quinpario would consider making an additional significant equity investment in the Company. On January 15, 2013, Mr. Quinn was advised by the executive search firm that the Company was focusing on other candidates who they thought were "better aligned" with what the Board was seeking in the next Chief Executive Officer. On or around January 15, 2013, Mr. Quinn, through an email exchange with Mr. Brown, expressed his disappointment with the direction the Board had elected to take and Mr. Brown responded that the Board was looking for an employee versus part owner to run the Company.
- v On January 23, 2013, the Master Fund delivered a letter to the Company nominating David A. Lorber, Jeffrey N. Quinn and Nadim Z. Qureshi for election to the Board at the Annual Meeting (the "Nomination").
- v On January 24, 2013, the Committee issued an open letter to shareholders announcing the Nomination and discussing its concerns with the Company's historic and current underperformance. Specifically, the Committee stated its belief that there should be a strategic review of all businesses beyond recent announcements and that management's articulated strategy and its lackluster execution on that strategy have consistently failed to deliver results. In addition, the Committee raised concerns regarding the Company's illogically structured portfolio of assets, the Company's trailing operating margins relative to its specialty chemical peers, the Company's history of investing in underperforming businesses and the Board's approval of budgets with excessive selling, general and administrative ("SG&A") levels. As opposed to actions taken by best in class specialty chemical firms, the Committee expressed its view that there has been a consistent lack of response to the Company's deteriorating performance. The Committee stated that 2013 is a pivotal year for the Company and with the right leadership and oversight, the Company can transform and emerge as a formidable specialty chemical company.
- v On February 7, 2013, the Committee issued an open letter to shareholders commenting on the sale of the Company's solar pastes assets and other cost savings initiatives announced by the Company in a press release dated February 6, 2013. The Committee expressed its view that while the sale of the solar pastes assets was the right decision, this action was taken only after significant wasting of Company resources and destruction of shareholder value. In addition, the Committee stated that the Company needs to formulate and execute a clear and comprehensive plan to effectively cut costs in light of the Company's chronically inflated cost structure. The Committee also stated that while the Company has several sound businesses with good prospects, its core businesses have failed to deliver meaningful growth. The Committee concluded that there is a significant value creation proposition for all shareholders of the Company but change is needed to unlock this value.

vOn February 12, 2013, David A. Lorber initiated a telephone conversation with Peter Thomas, Interim President and Chief Executive Officer of the Company, and John Bingle, Treasurer and Director of Investor Relations, following up on the Committee's prior shareholder communications.

vOn March 7, 2013, the Committee issued an open letter to shareholders commenting on the abrupt rejection by the Company of a proposal announced on March 4, 2013 by A. Schulman, a leading international supplier of high-performance plastic compounds and resins with product lines and business models similar to those of the Company, to acquire all the outstanding Shares of the Company for \$6.50 per Share (to be paid half in cash and half in shares of A. Schulman stock). The Committee stated that while it does not believe the offer fully values the Company, the manner in which the Board summarily rejected the offer without appearing to have engaged A. Schulman and attempting to negotiate a higher price speaks volumes. According to A. Schulman, it expressed its "strong intent" in pursuing the combination in a letter to the Company on February 13, 2013 and stated that, with greater visibility into the Company's business, its offer could be adjusted subject to customary due diligence. The Board subsequently rejected the offer and prior to that time never publicly disclosed A. Schulman's overtures, which appear to have commenced as early as November 2012. The Committee expressed its view that had the best interests of shareholders been a priority to the Board, it would have at the very least attempted to engage in meaningful discussions with A. Schulman in order to negotiate a higher price that would maximize shareholder value. The Committee stated that it supports the Company fully exploring a potential sale at a price that fully and fairly values the Company, whether to A. Schulman or any other potential acquirer. The Committee also expressed its disappointment with the Company's 2012 fourth quarter and full-year financial results announced on March 5, 2013 and was critical of the Board's decision to forego a Q&A session at the end of the earnings call announcing these financial results.

vOn March 23, 2013, A. Schulman issued a press release announcing that it has engaged Moelis & Company to serve as the financial advisor in A. Schulman's effort to acquire the Company.

## REASONS FOR THE SOLICITATION

We are soliciting your support to elect our Nominees at the Annual Meeting because we believe the Board has not acted in your best interests. As discussed in more detail below, we believe the Board has failed to provide a clear strategic direction for the Company, which has led to an illogical portfolio of businesses and a history of authorizing investments in underperforming businesses. The Board has continuously accepted the Company's inflated cost structure, which has negatively impacted the Company's ability to achieve consistent profitability. Additionally, under the Board's leadership, the core businesses continue to fail to deliver meaningful growth. We believe the Board's failure to effectively address these issues has resulted in poor financial, operating and Share price performance. We also question whether the interests of the Board are truly aligned with those of the shareholders given the Board's insignificant ownership in the Company.

We do not believe our concerns will be rectified unless the Board is reconstituted with newly appointed independent directors. Our Nominees are committed to exercising their independent judgment in all matters before the Board and, if elected, they will attempt to work constructively with the other members of the Board to address these concerns and to ensure that the interests of all shareholders are protected. There is no assurance that the Company's remaining directors will continue to serve as directors with our Nominees if our Nominees are elected.

We believe the Company's Share price performance reflects the failure of the Board to adequately address the serious issues facing the Company.

We believe the Company's poor financial and operating performance and inflated cost structure have contributed to the Company's poor Share price performance.

The following performance graph, reprinted from the Company's Form 10-K for the year ended December 31, 2012, compares the Company's cumulative total shareholder return for the five years ended December 31, 2012 to that of the Standard & Poor's 500 Index and the Standard & Poor's MidCap Specialty Chemicals Index. The information is presented on a dividend-reinvested basis and assumes investment of \$100.00 on December 31, 2007.

As illustrated in this graph, during the prior five fiscal years ended December 31, 2012, an investment in the Shares would have lost approximately 80% of its value while significantly underperforming the peer indexes selected by the Company.

Moreover, the table below further illustrates the destruction of shareholder value for the 1-year, 2-year, 3-year and 5-year periods prior to the Committee’s nomination of the Nominees on January 24, 2013.<sup>1</sup>

	1-Year	2-Year	3-Year	5-Year
S&P 500 Index	16.01%	17.04%	47.07%	22.24%
Chemical Exchange Index	14.67%	20.79%	52.50%	21.36%
Ferro Defined Peer Group <sup>2</sup>	29.81%	50.62%	95.86%	94.74%
Ferro	-23.31%	-68.07%	-38.28%	-69.50%

1. Total returns for all periods include dividends.

2. The peer group is based on the 2012 peer group that appears in the Company’s proxy statement for the Annual Meeting and consists of A. Schulman, Inc., Airgas, Inc., PolyOne Corporation, Albemarle Corporation, RPM International Inc., Rockwood Holdings, Inc., Cabot Microelectronics Corporation, Cytec Industries Inc., Sigma-Aldrich Corporation, FMC Corporation, H.B. Fuller Company, Georgia Gulf Corporation, Hexcel Corporation, International Flavors & Fragrances Inc., Solutia Inc., Westlake Chemical Corporation and W.R. Grace & Company (but excludes The Lubrizol Corporation as it is no longer a standalone public company) (collectively, the “Ferro Peer Group”).

By these measures, the Company has clearly underperformed in terms of Total Shareholder Returns.

We believe the Company must take immediate steps to formulate and execute a plan to cut costs and address its haphazardly structured portfolio of assets.

We believe the Company's unwieldy cost structure is a significant impediment to the Board's ability to maximize value for shareholders. The Company's cost structure has been persistently inflated and, as a result, margins and cash flows have suffered. We believe the Board's and management's efforts have been inadequate at optimizing the Company's cost structure and improving margins. Compared to the Ferro Peer Group, the Company's operating margins are significantly lower. Compounding the problem has been an illogical business and segment organizational structure that in our view fails to take advantage of end market, customer, technology, and functional overlap, further increasing operational and cost inefficiencies. Additionally, an ill-advised and protracted focus on the solar and pharmaceuticals businesses has consumed and distracted valuable resources, which could have been focused on growing the core businesses and leveraging the Company's core competencies.

While we are pleased with the Company's long-overdue sale of the solar pastes assets and the cost savings that will be associated with this transaction, we believe that this is too little and too late. In addition, we are not convinced that the cost savings initiatives announced by the Company on February 6, 2013 will be effectively executed or ultimately drive shareholder value. In the press release, the Company announced that in addition to the savings from the divestiture of the solar pastes assets, its costs savings initiatives are expected to generate annual savings of \$25 million to \$30 million in 2013, more than \$50 million in 2014 and even more in 2015. However, we question whether the Company will actually achieve these results and the Company has stated that certain of these cost savings are subject to consultations with employee representatives and other local requirements.

The Company must cease to invest in underperforming businesses and build a sustainable base for the future by refocusing on the core businesses.

We do not believe the Board has been prudent at utilizing shareholder investment dollars over the last 5 years. While the Company has spent hundreds of millions on capital expenditures, this capital investment has not translated into growth. Since 2008, the Company provided guidance to investors that it would achieve growth of 6-7% CAGR (Compounded Annual Growth Rate); however, its 5-year sales growth excluding solar has been flat, and with solar has declined. This misallocation of capital and resources is evident within the Company's core businesses. Performance coatings, which we estimate consumed one-third of the Company's total capital expenditure from 2008 to 2012, contracted by (1.5%) CAGR. The color and glass segment contracted by (5%) CAGR during the same timeframe. Inefficient investment without adequate growth has led to the Company's returns persistently lagging within the Ferro Peer Group.

During the last five years, the Company's management focused on growing its solar pastes business. Especially between 2010 and 2012, management placed a heavy emphasis on the solar business during its discussions with analysts. For 2012, the Company reported that its solar pastes business generated net sales of approximately \$90 million, value added sales of approximately \$22 million, gross profit of approximately \$2 million and SG&A attributable to the product line of approximately \$18 million. As management focused on the solar business over the last five years, performance in its core businesses suffered, as is evidenced by the fact that for 2012, net sales in each of the Company's six reporting business segments were down from 2011. We believe the Company's significant focus on its solar business prior to finally divesting it during the first quarter of 2013 was unwarranted and came at the expense of both performance within the Company's much larger core businesses and creation of sustainable shareholder value.

The Company's financial and operating performance has been extremely disappointing.

Based on the Company's public filings,

·The Company's financial performance has been at best stagnant during the past 5 fiscal years, with net sales of approximately \$1.768 billion for the year ended December 31, 2012, down (21.2%) compared to net sales of approximately \$2.245 billion for the year ended December 31, 2008;

7

---

· In 2009, the Board approved an equity offering of \$230 million, significantly diluting shareholders, with the intent to reduce debt levels and engage in strategic restructuring and growth initiatives. The results of those strategic growth initiatives in our view have not materialized;

· During the past 5 fiscal years, with revenues flat to declining, the Company's SG&A expenses have remained in the same magnitude, from approximately \$297 million for 2008 to approximately \$303 million for the year ended December 31, 2012, or a stunning \$1.49 billion in aggregate SG&A during this period;

· During the same period, the Company suffered an aggregate net loss of approximately \$(442 million), despite aggregate net sales of almost \$10.0 billion;

· Working capital as a percentage of sales has meaningfully increased over the last 5 years, while the Board approved a strategic plan that weakened financial results.

Moreover, we believe the Company's guidance has been unreliable over the last two years. Management made significant revisions to adjusted EPS guidance during 2012 and 2011 – in each instance the revision was downward.

We believe the Company's consistently poor financial and operating performance demonstrates the Board's failure to create value for its shareholders and lack of urgency to do anything about it. We believe the Board should be held accountable for this performance.

The Nominees have the experience and qualifications necessary to generate value for shareholders.

We believe the Nominees have the qualifications and experience necessary to assist the Board with addressing the challenges identified above and in taking the necessary steps to enhance shareholder value.

Jeffrey N. Quinn is the founder, Chairman and Chief Executive Officer of Quinpario Partners LLC, a privately owned investment and operating company focused on the specialty chemicals and performance materials sector. Mr. Quinn and his partners formed Quinpario after leaving Solutia Inc. in conjunction with its sale to Eastman Chemical Company. Mr. Quinn and his partners provided all of the equity investment in Quinpario, including all funds invested in the Company. Quinpario believes in sound analytics, strong execution, accountability and creation of shareholder value.

Mr. Quinn has over 25 years of experience with industrial companies in the areas of mining, refining and chemicals, including as President, Chief Executive Officer and Chairman of the Board of Solutia Inc., a global specialty chemical and performance materials company headquartered in St. Louis, MO. Mr. Quinn led the turnaround of Solutia during the same period of time the Ferro Board oversaw significant destruction of shareholder value at the Company. From May 2004 to July 2012, Mr. Quinn served as the President and Chief Executive Officer of Solutia and served as the Chairman of the Board from February 2006 to July 2012. Mr. Quinn became President and Chief Executive Officer of Solutia shortly after it had filed for bankruptcy. At that time, Solutia was besieged with legacy liabilities, a portfolio of disparate businesses, an unclear strategy and a loss of focus on technology and operational excellence. Over eight years, with the support of the board of directors, a globally-oriented management team and dedicated employees, the portfolio of businesses was revamped, the culture was transformed, operational excellence and safety record were improved, and Solutia became a company that had some of the highest margin profiles in the chemical industry. Solutia was sold to Eastman Chemical in July 2012 for \$4.7 billion. From the low point of its share price in March 2009, Solutia was able to achieve an over 1,800% increase in its share price. Mr. Quinn is qualified to serve as a member of the Board as a result of his senior level executive leadership experience in diverse industries and broad experience in a wide range of functional areas, including strategic planning, mergers and acquisitions, human

resources, legal and governmental affairs. Mr. Quinn is currently a member of the board of directors of Tronox Limited, one of the world's largest fully integrated producers and marketers of titanium ore and titanium dioxide pigment, MEMC Electronic Materials Inc., a global leader in semiconductor and solar technology, and W.R. Grace & Co., a leading global supplier of catalysts, engineered and packaging materials and specialty construction chemicals and building materials.

David A. Lorber is a Co-Founder of FrontFour Capital Group LLC, an investment adviser, and has served as a Portfolio Manager since January 2007. Mr. Lorber is currently a director of GenCorp Inc., a technology-based manufacturer of aerospace and defense products and systems with a real estate segment, and Huntingdon Capital Corp., a real estate company. Mr. Lorber's significant financial and investment industry background as well as his board experience and corporate governance awareness from his current and past service as a director would allow him to provide valuable advice and guidance to the Board.

Nadim Z. Qureshi has been a Partner of Quinpario Partners LLC, an investment and operating company focused on the specialty chemicals and performance materials sector, since September 2012. Mr. Qureshi served as Senior Vice President, Corporate Development - Emerging Markets, and President - Photovoltaics of Solutia Inc., a global leader in specialty chemicals that was sold to Eastman Chemical Company for \$4.7 billion, from August 2011 to August 2012. He served as Vice President of Corporate Strategy and Development of Solutia from March 2009 to July 2011. He served as General Manager – Nylon Resins and Industrial Fibers of Solutia from June 2005 to August 2008 and then served as Vice President and General Manager from August 2008 to March 2009. From 2000 to June 2005, Mr. Qureshi worked for Charles River Associates and Arthur D. Little as a consultant. Mr. Qureshi focused his time on portfolio and growth strategies as well as performance improvement initiatives for companies in the chemical sector. Mr. Qureshi's chemical and polymer science education, extensive background in strategy and corporate development and experience managing global multi-cultural teams make him well qualified to serve as a member of the Board.

The members of the Board do not have a significant ownership interest in the Company and, we believe, lack a meaningful economic interest in holding management accountable.

We are concerned that the lack of significant actual ownership of the Shares by the members of the Board may contribute to the Board's lack of commitment to maximizing shareholder value. Some members have served on this Board for over a decade.

The following table, which is based on disclosure in the Company's proxy statement in connection with the Annual Meeting, sets forth the ownership of Shares held outright as of March 26, 2013 by the current directors of the Company. The Shares owned outright refers to Shares owned directly by the directors as opposed to Shares issuable to the directors at a future date upon the exercise of stock options and deferred stock units subject to deferral to the Company's Director Deferred Compensation Plan or forfeiture at a future date.

Director	Shares Held Outright
Sandra Austin	72,193
Richard C. Brown	24,200
Richard J. Hipple	34,800
Jennie S. Hwang	36,925
Gregory E. Hyland	24,200
Peter T. Kong	0
William B. Lawrence	47,170
Timothy K. Pistell	32,200
Ronald P. Vargo	29,200
Total	300,888
Ownership Percentage	0.35%

As illustrated in the table above, the directors' ownership of Shares held outright constitute just 300,888 Shares, less than one-half of one percent of the outstanding Shares. More significantly, FrontFour Capital, Quinpario and their affiliates collectively own more than 12-times the number of Shares owned outright by the entire Board.

As the owner of an aggregate of 3,708,400 Shares, constituting approximately 4.3% of the outstanding Shares, the Committee has a significant investment in the Company. David A. Lorber is a principal owner of FrontFour Capital, which may be deemed to beneficially own an aggregate of 2,779,401 Shares (or approximately 3.2% of the outstanding Shares) owned outright by the Master Fund, the Separately Managed Accounts (as defined below) and the Event Driven Portfolio, and a principal owner of FrontFour Corp., which may be deemed to beneficially own an aggregate of 198,999 Shares (or approximately 0.23% of the outstanding Shares) owned outright by the Canadian Fund. Jeffrey N. Quinn is a principal owner of Quinpario, which owns outright an aggregate of 700,000 Shares (or approximately 0.8% of the outstanding Shares). Nadim Z. Qureshi owns outright an aggregate of 30,000 Shares (or approximately 0.03% of the outstanding Shares). The Committee therefore has a significant economic stake in the Company and the Nominees have a vested personal interest in maximizing shareholder value.

If elected at the Annual Meeting, our Nominees would seek to work with the other Board members to address the concerns discussed above.

If elected, our Nominees will not have the power by themselves to cause the Board to act in any particular way. In addition, if elected, our Nominees will represent a minority of the members of the Board and therefore it is not guaranteed that they will have the ability to enhance shareholder value. However, subject to their fiduciary duties to the Company and shareholders under applicable law, our Nominees will attempt to influence their fellow directors to act in a manner that we believe is in the best interests of all shareholders. The initiatives that our Nominees would seek to implement are as follows:

- Introduce a culture that is accountability and performance-driven;
- Evaluate all existing talent and ensure a world class management team is in place to lead the Company;
- Implement a robust plan to streamline the Company's overall cost structure with emphasis on execution and timeliness;
- Provide management with the strategic, operational and financial oversight necessary to refocus efforts on core businesses; and
- Implement a robust communications plan for all stakeholders, including shareholders, employees, customers and suppliers.

## PROPOSAL ONE

### ELECTION OF DIRECTORS

The Company has a classified Board, which is currently divided into three classes with each class having a minimum of three directors. The directors in each class are elected for terms of three years so that the term of office of one class of directors expires at each annual meeting of shareholders. We believe that the terms of three directors expire at the Annual Meeting. We are seeking your support at the Annual Meeting to elect our Nominees in opposition to the Company's three director nominees for terms ending in 2016. Your vote to elect our Nominees will have the legal effect of replacing the three incumbent directors with the Nominees. If elected, the Nominees will represent a minority of the members of the Board, and therefore it is not guaranteed that they can implement the actions that they believe are necessary to enhance shareholder value.

If the election of directors is by cumulative voting (see the section entitled "Cumulative Voting" below), unless otherwise instructed, Shares represented by properly executed GREEN proxy cards will be voted cumulatively at the Annual Meeting in favor of our Nominees, at our sole discretion, in order to elect as many of our Nominees as possible.

#### THE NOMINEES

The following information sets forth the name, age, present principal occupation, and employment and material occupations, positions, offices, or employments for the past five years of each of the Nominees. Mr. Lorber has served as a director of GenCorp Inc., a technology-based manufacturer of aerospace and defense products and systems with a real estate segment, since April 2006. Mr. Qureshi played a key role in the restructuring of Solutia through the bankruptcy process and helped transform the company into a premier specialty chemical company. He was a Management Consultant with Charles River Associates and Arthur D. Little, global consulting firms that merged, from 2000 to 2005.

Each Nominee, if elected as a director of the Company, would be an “independent director” within the meaning of (i) the New York Stock Exchange (“NYSE”) listing standards applicable to board composition, including NYSE 303A.01 and NYSE 303A.02 and (ii) Section 301 of the Sarbanes-Oxley Act of 2002.

Nadim Z. Qureshi directly owns 30,000 Shares. Neither David A. Lorber nor Jeffrey N. Quinn directly owns any securities of the Company. Each of the Nominees, as members of a group with the other members of the Committee for the purposes of Section 13(d)(3) of the Securities Exchange Act of 1934, as amended (the "Exchange Act"), may be deemed to beneficially own the securities of the Company beneficially owned in the aggregate by all the members of the Committee. Each member of the Committee disclaims beneficial ownership of any such securities it/he does not directly own.

On January 23, 2013, the members of the Committee entered into a Solicitation Agreement pursuant to which, among other things, they agreed to solicit proxies or written consents for the election of the Nominees to the Board at the Annual Meeting (the "Solicitation"). They also agreed that all expenses incurred in connection with the Solicitation must be pre-approved in writing by David A. Lorber and Jeffrey N. Quinn and that each of FrontFour Capital, FrontFour Corp. and Quinpario will pay directly all such pre-approved expenses on a pro rata basis based on the number of Shares directly or indirectly owned by each of them and their affiliates as of the date thereof.

Other than as stated herein, there are no arrangements or understandings between the Nominees and any other member of the Committee or any other person or persons pursuant to which the nomination described herein is to be made, other than the consent by each of the Nominees to be named in this Proxy Statement and to serve as a director of the Company if elected as such at the Annual Meeting. Each of the Nominees has represented to the Company that (i) he does not and will not have any undisclosed voting commitments or other arrangements with respect to his actions as a director and (ii) he will comply with the Code and all applicable publicly disclosed corporate governance, conflict of interest, confidentiality and stock ownership and trading policies, principles and guidelines of the Company if elected at the Annual Meeting. None of the Nominees are a party adverse to the Company or any of its subsidiaries or has a material interest adverse to the Company or any of its subsidiaries in any material pending legal proceedings.

We reserve the right to nominate additional person(s), to the extent this is not prohibited under the Code and applicable law, if the Company increases the size of the Board above its existing size or increases the number of directors whose terms expire at the Annual Meeting. Additional nominations made pursuant to the preceding sentence are without prejudice to the position of the Committee that any attempt to increase the size of the current Board or to reconstitute or reconfigure the classes on which the current directors serve constitutes an unlawful manipulation of the Company's corporate machinery.

**YOU ARE URGED TO VOTE FOR THE ELECTION OF THE NOMINEES ON THE ENCLOSED GREEN PROXY CARD.**

PROPOSAL TWO

APPROVAL OF THE 2013 OMNIBUS INCENTIVE PLAN

As discussed in further detail in the Company's proxy statement, the Board adopted the Plan on February 22, 2013, subject to approval by the Company's shareholders. According to the Company, the Plan will authorize equity and performance-based compensation arrangements that the Company needs to remain competitive with its peers, adapt compensation awards to changes in corporate objectives and the marketplace, effectively attract, motivate, and retain the caliber of employees essential to the Company's success, and preserve the tax deductibility of performance-based compensation paid to certain executive officers under Section 162(m) of the Internal Revenue Code of 1986, as amended. The Board is seeking shareholder approval of the Plan so that the Shares reserved for issuance under the Plan may be listed on the New York Stock Exchange.

A summary of the Plan and the complete text of the Plan are set forth in the Company's proxy statement.

**WE MAKE NO RECOMMENDATION WITH RESPECT TO THIS PROPOSAL AND INTEND TO VOTE OUR SHARES CONSISTENT WITH THE RECOMMENDATION OF ISS WITH RESPECT TO THIS PROPOSAL.**

PROPOSAL THREE

RATIFICATION OF THE APPOINTMENT OF DELOITTE & TOUCHE LLP AS THE COMPANY'S  
INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM FOR 2013

As discussed in further detail in the Company's proxy statement, Deloitte & Touche LLP served as independent registered public accounting firm to the Company in 2012 and is expected to be retained to serve in such capacity in 2013. The Board has directed that management submit the selection of the independent registered public accounting firm for ratification by the shareholders at the Annual Meeting.

WE MAKE NO RECOMMENDATION WITH RESPECT TO THIS PROPOSAL AND INTEND TO VOTE OUR  
SHARES "FOR" THIS PROPOSAL.

PROPOSAL FOUR

ADVISORY VOTE ON EXECUTIVE COMPENSATION

As discussed in further detail in the Company's proxy statement, the Company is conducting an annual, non-binding advisory vote on the compensation of the named executive officers of the Company as disclosed in the Company's proxy statement. This proposal, commonly known as a "say on pay" vote, will be presented at the Annual Meeting as a resolution in the following form:

"RESOLVED, that the Company's shareholders approve, on an advisory basis, the compensation of the named executive officers, as disclosed in the Company's Proxy Statement for the 2013 Annual Meeting of Shareholders, including the Compensation Discussion & Analysis, the Summary Compensation Table and the other related tables and disclosure."

As an advisory vote, this proposal is not binding upon the Company.

WE MAKE NO RECOMMENDATION WITH RESPECT TO THIS PROPOSAL AND INTEND TO VOTE OUR SHARES CONSISTENT WITH THE RECOMMENDATION OF ISS WITH RESPECT TO THIS PROPOSAL.

PROPOSAL FIVE

APPROVAL OF AN AMENDMENT TO THE COMPANY'S AMENDED AND RESTATED CODE OF REGULATIONS SO THAT SECTION 1701.831 OF THE OHIO REVISED CODE WILL NOT APPLY TO THE COMPANY

As discussed in further detail in the Company's proxy statement, the Company is proposing an amendment to the Code such that Section 1701.831 of the Ohio Revised Code, which is commonly referred to as the Ohio Control Share Acquisition Act, will not apply to the Company. According to the Company, Section 1701.831 generally requires that any "control share acquisition" of an Ohio public corporation can only be made with the prior authorization of shareholders, unless the articles of incorporation or code of regulations indicate that the statute does not apply. "Control share acquisitions" are defined to be acquisitions of shares entitling a person to exercise or direct the voting power in the election of directors within any of three separate ranges: (1) one-fifth or more but less than one-third of such voting power, (2) one-third or more but less than a majority of such voting power, or (3) a majority or more of such voting power. A person desiring to make a control share acquisition must first deliver notice to the corporation and provide certain information about the acquirer and the proposed acquisition, and the corporation's board of directors must call a special meeting of shareholders to vote on the proposed acquisition.

The complete text of the proposed amendment to the Code that would make Section 1701.831 inapplicable to the Company is set forth in Schedule I attached to this Proxy Statement.

The Committee intends to vote in support of this proposal.

YOU ARE URGED TO VOTE "FOR" THE AMENDMENT TO THE CODE TO OPT OUT OF THE OHIO CONTROL SHARE ACQUISITION ACT ON THE ENCLOSED GREEN PROXY CARD.

PROPOSAL SIX

SHAREHOLDER PROPOSAL

As discussed in further detail in the Company's proxy statement, Kenneth Steiner, a shareholder of the Company, has advised the Company that he intends to submit a proposal requesting that the Board take the steps necessary so that each shareholder voting requirement in the Eleventh Amended Articles of Incorporation, as amended, of the Company and the Code that calls for a greater than simple majority vote be changed to a majority of votes cast standard, insofar as permitted by applicable laws. The complete text of the shareholder's proposal and the shareholder's supporting statement is set forth below:

“RESOLVED, Shareholders request that our board take the steps necessary so that each voting requirement in our charter and bylaws that calls for a greater than simple majority vote be eliminated, and replaced by a requirement for a majority of the votes cast for and against applicable proposals, or a simple majority in compliance with applicable laws. If necessary this means the closest standard to a majority of the votes cast for and against such proposals consistent with applicable state laws.

Shareowners are willing to pay a premium for shares of corporations that have excellent corporate governance. Supermajority requirements have been found to be one of six entrenching mechanisms that are negatively related to company performance according to “What Matters in Corporate Governance” by Lucien Bebchuk, Alma Cohen and Allen Ferrell of the Harvard Law School.

This proposal topic won 74% to 88% support at Weyerhaeuser, Alcoa, Waste Management, Goldman Sachs, FirstEnergy, McGraw-Hill and Macy's. The proponents of these proposals included James McRitchie and Ray T. Chevedden. Currently a 1%-minority can frustrate the will of our 66%-shareholder majority. Supermajority requirements are arguably most often used to block initiatives supported by most shareowners but opposed by management.

This proposal should also be evaluated in the context of our Company's overall corporate governance as reported in 2012:

GMI/The Corporate Library, an independent investment research firm, rated our company “D” with “High Governance Risk” and “High Concern” for Executive Pay.

Directors Richard Hipple, William Lawrence, Jennie Hwang and Sandra Austin each received 49% to 56% negative votes at our 2012 annual meeting. And these directors controlled 40% to 75% of the seats on our 3 board committees. William Lawrence, Jennie Hwang and Sandra Austin each had 11 to 18 years long-tenure which can seriously erode an independent perspective so valued for a board of directors. Peter Kong, a new director in 2012, had no director experience at a major company according to GMI. Mr. Kong received 15% negative votes at our 2012 annual meeting. By comparison two of our directors each received only 2% in negative votes.

In 2010 we voted 66% in support of a proposal for the Code of Regulations of Ferro Corporation to be amended to provide that our Company opt out of the Ohio Control Share Acquisition Act, and to provide that the amended Code provision thereafter may only be amended or repealed by a majority vote of the Company's shareholders. This 66%-support even translated into 55% of all our shares outstanding. Our corporate governance committee has been out to lunch on this topic since this vote came in. Meanwhile our one-year rate of return was an off-the-cliff minus 64% compared to positive returns for our industry peers.

Please encourage our board to respond positive to this proposal to protect shareholder value.”

The Committee accepts no responsibility for the content of this proposal or supporting statement.

The Committee intends to vote in support of this proposal, if properly presented at the Annual Meeting. The Committee is not affiliated with Mr. Steiner and is acting alone and not in concert with Mr. Steiner in the solicitation of votes with respect to this proposal. Shareholders may refer to the Company's proxy statement for the Company's position regarding this proposal.

**YOU ARE URGED TO VOTE “FOR” THE SHAREHOLDER PROPOSAL ON THE ENCLOSED GREEN PROXY CARD.**

## VOTING AND PROXY PROCEDURES

Only shareholders of record on the Record Date will be entitled to notice of and to vote at the Annual Meeting. Shareholders who sell Shares before the Record Date (or acquire them without voting rights after the Record Date) may not vote such Shares. Shareholders of record on the Record Date will retain their voting rights in connection with the Annual Meeting even if they sell such Shares after the Record Date. Based on publicly available information, we believe that the only outstanding classes of securities of the Company entitled to vote at the Annual Meeting are the Shares.

Shares represented by properly executed GREEN proxy cards will be voted at the Annual Meeting as marked and, in the absence of specific instructions, will be voted FOR the election of the Nominees to the Board, ABSTAIN with respect to the approval of the Plan (which will have no effect on the outcome of the vote on this proposal), FOR the ratification of the appointment of Deloitte & Touche LLP as the Company's independent registered public accounting firm for the fiscal year ending December 31, 2013, ABSTAIN on the advisory vote on executive compensation (which will have no effect on the outcome of the vote on this proposal), FOR the amendment to the Code to opt out of the Ohio Control Share Acquisition Act, FOR the shareholder proposal, if properly presented at the Annual Meeting, and in the discretion of the persons named as proxies on all other matters as may properly come before the Annual Meeting.

You are being asked to elect the Nominees. This Proxy Statement is soliciting proxies to elect only our Nominees. Accordingly, the enclosed GREEN proxy card may only be voted for the Nominees and does not confer voting power with respect to the Company's nominees. You can only vote for the Company's nominees by signing and returning a proxy card provided by the Company. The participants in this solicitation intend to vote all of their Shares in favor of the Nominees as set forth herein.

### QUORUM

Under the Code, holders of Shares entitling them to exercise a majority of the voting power of the Company shall constitute a quorum to hold the Annual Meeting.

### DISCRETIONARY VOTING

Shares held in "street name" and held of record by banks, brokers or nominees may not be voted by such banks, brokers or nominees unless the beneficial owners of such Shares provide them with instructions on how to vote.

### CUMULATIVE VOTING

Under the Ohio General Corporation Law, if a shareholder desires cumulative voting for the election of directors, then the shareholder must provide written notice to the President, a Vice President or the Secretary of the Company at least 48 hours before the Annual Meeting (the "Cumulative Voting Notice Deadline"). Upon announcement of such notice at the Annual Meeting, each shareholder will have cumulative voting rights. Cumulative voting means that each shareholder is entitled to that number of votes equal to the number of shares that he or she owns multiplied by the number of directors to be elected. Each shareholder may cast all of his or her votes for a single nominee or may distribute his or her votes among as many nominees as he or she sees fit.

On February 25, 2013, GAMCO Asset Management Inc. ("GAMCO") and its affiliates filed a Schedule 13D amendment with the Securities and Exchange Commission stating that GAMCO, on behalf of its investment advisory clients, intends to send written notice to the Secretary of the Company that it desires that the voting for the election of directors be cumulative at the Annual Meeting. According to the Company's proxy statement, the Company has

received a notice from a shareholder that it desires cumulative voting for election of directors at the Annual Meeting. Other shareholders may also deliver such a notice at any time at least 48 hours before the Annual Meeting.

According to the Company's proxy statement, for voting at the election of directors to be cumulative, an announcement of the Company's receipt of the shareholder's intent to exercise cumulative voting rights must be made when the Annual Meeting is convened by the Chairman of the Board, the Secretary or by or on behalf of a shareholder giving proper notice. Each shareholder that has delivered proper notice will be eligible to make the requisite announcement at the Annual Meeting and trigger cumulative voting. The Committee cannot predict whether any eligible shareholder will make such an announcement. In some instances, an eligible shareholder will elect not to make such an announcement (even after having earlier given proper notice) for reasons of the shareholder's own choosing.

According to the Company's proxy statement, even if no eligible shareholder elects to make an announcement and trigger cumulative voting, the chairperson or secretary of the Company may make such an announcement at the Annual Meeting if the Company chooses. In the event any eligible shareholder of the Company or the Company announces at the Annual Meeting that it desires cumulative voting in the election of directors and cumulative voting is triggered, the Committee intends to vote its Shares cumulatively FOR the Nominees, at its sole discretion, in order to elect as many of the Nominees as possible.

As of the date hereof, the Committee has not made a determination as to whether it will notify the Company that it desires cumulative voting in the election of directors at the Annual Meeting. The Committee's determination as to whether it will desire to cumulate votes or not to cumulate votes will depend on which method of voting it believes will result in the election of the greatest number of Nominees based on the proxies it receives prior to the Cumulative Voting Notice Deadline.

## VOTES REQUIRED FOR APPROVAL; ABSTENTIONS

**Election of Directors** According to the Company's proxy statement, the three nominees who receive the greatest number of votes cast by the Shares present, in person or by proxy, and entitled to vote will be elected directors. Abstentions will not be considered as Shares voted for or against the election of any nominee.

**Approval of the Plan** According to the Company's proxy statement, the affirmative vote of a majority of the votes cast, provided the total number of votes cast represents a majority of the outstanding Shares, is required for the approval of the Plan. The Company has indicated that abstentions will not be considered votes cast on this proposal and will not have a positive or negative effect on the outcome of this proposal.

**Ratification of the Appointment of Accounting Firm** According to the Company's proxy statement, the affirmative vote of a majority of the Shares present in person or by proxy and entitled to vote is required for approval of the ratification of the appointment of Deloitte & Touche LLP as the Company's independent registered public accounting firm for the fiscal year ending December 31, 2013. The Company has indicated that abstentions will have the same effect as votes against this proposal.

**Advisory Vote on Executive Compensation** According to the Company's proxy statement, although the vote is non-binding, the Company will consider the affirmative vote of a majority of the votes cast on the proposal as approval of the compensation of the Company's named executive officers. The Company has indicated that abstentions will not be considered votes cast on this proposal and will not have a positive or negative effect on the outcome of this proposal.

**Approval of the Amendment to the Code to Opt Out of the Ohio Control Share Acquisition Act** According to the Company's proxy statement, approval by the affirmative vote of the holders of record of Shares entitling them to exercise a majority of the voting power of the Company will be required to adopt the amendment to the Code so that Section 1701.831 will not apply to the Company.

**Approval of the Shareholder Proposal** According to the Company's proxy statement, the affirmative vote of a majority of the Shares present in person or by proxy is required for approval of the shareholder proposal. The Company has indicated that abstentions will have the same effect as votes against this proposal.

## REVOCAION OF PROXIES

Shareholders of the Company may revoke their proxies at any time prior to exercise by attending the Annual Meeting and voting in person (although attendance at the Annual Meeting will not in and of itself constitute revocation of a proxy) or by delivering a written notice of revocation. The delivery of a subsequently dated proxy which is properly completed will constitute a revocation of any earlier proxy. The revocation may be delivered either to the Committee in care of Okapi Partners at the address set forth on the back cover of this Proxy Statement or to the Company at 6060 Parkland Boulevard, Mayfield Heights, Ohio 44124, or any other address provided by the Company. Although a revocation is effective if delivered to the Company, the Committee requests that either the original or photostatic copies of all revocations be mailed to the Committee in care of Okapi Partners at the address set forth on the back cover of this Proxy Statement so that the Committee will be aware of all revocations and can more accurately determine if and when proxies have been received from the holders of record on the Record Date of a majority of the outstanding Shares. Additionally, Okapi Partners may use this information to contact shareholders who have revoked their proxies in order to solicit later dated proxies for the election of the Nominees.

**IF YOU WISH TO VOTE FOR THE ELECTION OF THE NOMINEES TO THE BOARD, PLEASE SIGN, DATE AND RETURN PROMPTLY THE ENCLOSED GREEN PROXY CARD IN THE POSTAGE-PAID ENVELOPE**

PROVIDED.

## SOLICITATION OF PROXIES

The solicitation of proxies pursuant to this Proxy Statement is being made by the Committee. Proxies may be solicited by mail, facsimile, telephone, telegraph, Internet, in person and by advertisements.

The Committee has entered into an agreement with Okapi Partners for solicitation and advisory services in connection with this solicitation, for which Okapi Partners will receive a fee not to exceed \$125,000, together with reimbursement for its reasonable out-of-pocket expenses, and will be indemnified against certain liabilities and expenses, including certain liabilities under the federal securities laws. Okapi Partners will solicit proxies from individuals, brokers, banks, bank nominees and other institutional holders. The Committee has requested banks, brokerage houses and other custodians, nominees and fiduciaries to forward all solicitation materials to the beneficial owners of the Shares they hold of record. The Committee will reimburse these record holders for their reasonable out-of-pocket expenses in so doing. It is anticipated that Okapi Partners will employ approximately 25 persons to solicit the Company's shareholders for the Annual Meeting.

Each of FrontFour Capital, FrontFour Corp. and Quinpario have agreed to pay a specified proportional share of all expenses incurred in connection with the solicitation of proxies pursuant to the terms of a Solicitation Agreement (as described above). Costs of this solicitation of proxies are currently estimated to be approximately \$500,000. The Committee estimates that through the date hereof, its expenses in connection with this solicitation are approximately \$125,000. The Committee intends to seek reimbursement from the Company of all expenses it incurs in connection with the solicitation of proxies for the election of the Nominees to the Board at the Annual Meeting. The Committee does not intend to submit the question of such reimbursement to a vote of security holders of the Company.
